

A Billionaire's Reincarnation Chapter 421-430

Chapter 421

Fang Zhiyu sat down on the sofa with a buttock and said in a good-natured manner, "Then what do you say? What should we do from now on? Should we go to work or go into business?" She could still make sofas, but if she lost another hundred thousand dollars, she would go back to the days of bedpans a few months ago, and she was really afraid of that.

"Why don't we rent a building to run a rental! Didn't a lot of places run out of rooms when we rented them before? This shows that there are many people in Pingyuan County who rent houses. If we rent a building to be a second-hand landlord, the money we make is not as much as a business, but it's safe and basically risk-free, so we can just take a few days at the end of each month to collect the rent. Chen Haorong suggested.

"That sounds great! Then let's become second-hand landlords! But this time it might be like the old days again, we have to do it honestly, otherwise we'll have to go back to work after we've spent the hundred thousand or so, and if that's the case, I'd rather go jump off a building." Fang Zhiyu urged, they have done business so many times, each time lost all their money, this time if it fails again, she may really can not stand the blow to jump off the building.

On the fifth day of January, Yang Lin took more than a hundred of his minions and a few designers to the furniture city to buy furniture for the entertainment venue. Yang Lin's minions all came in a large wind turbine, the few designers were better off as vans, while Yang Lin as a big brother level figure, he of course drove a BMW, they stopped at the entrance of the largest furniture city in Pingyuan County.

As soon as the car stopped, Yang Lin got out and stood at the side of the highway. His little brothers had the good sense to get out of the car and run to stand in front of him, waiting for his order.

When all the minions had lined up more, Yang Lin couldn't help but say secretly in his heart, "It feels good to be the boss."

"Today I am asking you all to help move the furniture, later on these designers next to me they say they want those pieces of furniture, you will move them on the car for me, be careful when you move them, do you all understand?" Yang Lin said loudly to his junior brothers.

"Understood." The roar of a hundred men was not small! It made the ears of the people in the furniture city perk up.

Chen Hao Rong, who happened to be across the highway, had come to look for a house. He heard a roar coming from across the road and, curious, he turned his head to look over and saw a group of people dressed in various ways gathered in front of a furniture city, and he wondered, was it a gang that wanted to smash the scene?

A female designer beside Yang Lin suddenly pointed across the road and said loudly to Yang Lin, "Boss, that man across the street in a suit and tie is the one who smashed your business the other day." This female designer hated Chen Haorong because when those punks came to cause trouble a few days ago, Chen Haorong took advantage of the chaos to take advantage of her, and it could be said that her body had been touched by Chen Haorong, but it was good that Chen Haorong did not violate further. Now that Yang Lin and the others were there, and they happened to see Chen Haorong, when would there be a better time to take revenge if not now?

As the female designer shouted so loudly that even Chen Hao Rong across the road could hear her clearly, he first froze and then suddenly remembered that wasn't that the woman he had taken advantage of the other day? It was over, he must have been talking about me. Even if he was an expert, he could not be a match for a hundred people.

Yang Lin waved his hand and roared in a very imposing manner, "Give chase, don't let him run away!"

The hundred men chased after Chen Haorong with great vigour, and Chen Haorong was so frightened that he started to sweat before he could run very far.

Although it was five or six years ago, Yang Lin and the others might not have been able to catch up with Chen Haorong, but now Chen Haorong could not, because since he started his business he seldom exercised, he drove everywhere and the only thing he liked to do was to roll in bed. Yang Lin and the others, who were now half black and half white, were arranged to train when they could, so their bodies were even stronger than when they were gangsters, and it was only a matter of time before they caught up with Chen Haorong, a fat man.

After running continuously for ten minutes, Chen Haorong was caught up by Yang Lin and his men, who surrounded Chen Haorong in a group,, so scared that Chen Haorong's feet started to shake. This is not an exaggeration, if you don't believe me, find your enemy and have your enemy surround you with a hundred men, you will know what it is like.

Yang Lin's minions made way for Yang Lin to walk in. Yang Lin came to Chen Haorong and said, a little breathlessly, "Can you just smash my business and let it go like that? I'm telling you - no way." Yang Lin wanted to blackmail Chen Haorong. He didn't dare to blackmail an ordinary person, but not Chen Haorong, a gangster, and blackmailing someone like Chen Haorong was a way to get rid of harm for the people.

The female designer who had just recognized Chen Haorong as a designer came running slowly with a pair of high heels and bare feet, she ran to Yang Lin and said to him, "Boss, you have to help me take revenge, when this punk smashed your business a few days ago, he took advantage of the chaos to take advantage of me, oooooooooo" "

Originally, when Yang Lin saw Chen Hao Rong wearing a designer suit, he listed him as the head punk, thinking of beating him up and then extorting tens of thousands of RMB to add to his minions' meals. But when he heard the female designer's words, he got angry and decided that someone as shameless as Chen Haorong should not be pitied, so he set the amount of extortion at 100,000 RMB.

Yang Lin he pointed at the female designer and said to Chen Haorong, "Do you know who she is? He is my sister, how dare you take advantage of me, you - you're a bully, tell me how this is going to be resolved?" Even blackmail needs a good reason! So Yang Lin temporarily recognized the female designer as his sister.

Chen Haorong's voice was trembling: "Big brother, you... you say what to do."

Yang Lin waved his hand and yelled to his minions, "Brothers, give him a good beating, but don't kill him, because I still have a use for him."

Boom, a hundred men covered Chen Haorong at once, and a scream came out of the crowd, one weaker than the other. Five minutes later, Chen Haorong heard a heavenly voice: "Alright, all stop fighting." Yang Lin stopped his youngsters from continuing to beat Chen Haorong in a group; if the fight continued, Chen Haorong might die with a black eye and a stomp of his foot.

Yang Lin walked up to Chen Haorong again, looked at Chen Haorong who was lying on the ground in a miserable state and said, "Now it's time for us to talk about compensation, you smashed my business and caused me to lose a lot of money, this is actually a small matter, but you taking advantage of my sister is a big matter. Because of you, my sister has been having demons every night for some time now, I heard from the doctor that she has got depression, you can say that you have harmed her for life. Compensation for sure, I see you are not a rich man either, just 100,000 RMB! When you give me the money, I'll let you go back."

Chapter 422

"One hundred thousand?" Chen Haorong wanted to cry, he had just about 100,000 left in his money now, if he gave Yang Lin 100,000, he would be back to the life he had a few months ago again. "No, I absolutely can't give him that much, 10,000 at most, I just don't believe they dare to beat me to death." Chen Haorong said darkly in his heart.

"What, is 100,000 too little?" Yang Lin stared at Chen Haorong with a stern face and said coldly.

Chen Haorong looked bitterly pleading and cried, "Big brother, I don't have that, only ten thousand, do you think it's okay?"

"Ten thousand? You want to die, don't you?" Yang Lin roared, if he had 10,000 yuan back then when he was studying, he would have been happy, but now he was a big brother, helping billionaire Chen Hao Xuan manage his entertainment business, a few million was nothing in his eyes, so he thought Chen Hao Rong was humiliating him by giving him 10,000. Chen Haorong was wearing a designer brand, so Yang Lin did not believe that Chen Haorong was only worth 10,000.

"Big brother, I really don't have 100,000, now all I have is 10,000, if I give this 10,000 to big brother, I will have to go to my relatives' house to live on." Chen Haorong said with a pitiful look.

"Motherfucker, brothers, teach him a lesson." Yang Lin roared loudly, he felt that Chen Haorong was challenging his majesty, a little punk dared to challenge his majesty, an act of humiliation.

Chen Haorong's whole body was now in pain, and if he was beaten up again, he might become disabled. Suddenly he thought of an idea, wasn't Chen Hao Xuan very famous? If he told these people that he was Chen Hao Xuan's brother, they might not dare to touch him again, and they wouldn't have to pay any more money. I told you, I am Chen Hao Rong, the brother of Chen Hao Xuan. I thought I was in the wrong first, so I would pay 10,000 yuan and forget about it.

I tell you, if you dare to hit me again, I will let my brother come over. You all should know very well who Chen Hao Xuan is, right? He is the richest man in China, his businesses are all over the world, even the number one man in the country needs to treat him with courtesy when he meets him." Chen Haorong said this with unparalleled glory, as if he was Chen Haoxuan.

"Chen Hao Xuan's brother Chen Hao Rong? Hahahahaha" Yang Lin laughed, Chen Haorong he knew, was Chen Haoxuan's own brother yes, but they had long since separated from each other. Moreover, Yang Lin would have heard that Chen Haorong used to be very bad to Chen Haoxuan, often beating Chen Haoxuan, and eventually drove Chen Haoxuan out of the house, while Chen Haoxuan also hated his brother and his family. Yang Lin he didn't expect Chen Haorong to be so shameless as to use Chen Haoxuan to threaten him, so he laughed.

"You... what are you laughing at?" Chen Haorong had a questionable face, he didn't understand why Yang Lin was suddenly laughing so happily, wasn't he afraid of Chen Haoxuan?

Yang Lin pointed at his nose and laughed, "Do you know who I am?"

Chen Haorong shook his head and said, "I don't know."

"Let me tell you, my name is Yang Lin, I am the leading gangster in the city of Hsinshan, all the gangsters in Hsinshan work for me and ninety percent of all the entertainment venues in Hsinshan are owned by me. Also let me tell you again, I know Chen Hao Xuan and I know him very well, I met him at the University of Johor Bahru City, I hung out with him at the University, and now he is my boss." Yang Lin smiled and said to Chen Haorong.

"Ah" Chen Haorong felt a bolt from the blue, he never expected Yang Lin to be Chen Haoxuan's henchman, a big brother who could casually send out 400 minions was actually Chen Haoxuan's henchman, Chen Haorong seriously received an incomparably heavy blow, he originally thought that Chen Haoxuan was only rich and, with only a few dozens of Jiang Dong and his fighters, he did not expect that he had raised so many minions outside, it was not too much to say that he was the godfather of the underworld.

Seeing Chen Haorong defeated, Yang Lin was very happy and felt very funny at the same time. Chen Haorong was not saying that he was Chen Haoxuan's brother, but Chen Haorong said that he was Chen Haoxuan's brother, and that was different. Yang Lin was just as angry as the others when he first heard about Chen Haoxuan's previous encounters, and he wanted to tear Chen Haorong apart.

"Chen Haorong, I'm telling you, if you don't take out 100,000 yuan to give my brothers tea today, I guarantee you won't see the sun tomorrow." Yang Lin pointed at Chen Haorong's nose and coldly threatened.

"I'll give I'll give" Chen Haorong gave in, he regretted saying that his Chen Haoxuan's brother, he had heard people say that a very powerful gang had appeared in Xinshan City, this gang did not do bad things, they specialized in punks, half black and half white, and their boss was Yang Lin. People with such strength don't just talk and kill you when they say they will, so Chen Haorong was scared, although money was important, but life was more valuable.

"You two follow him to the bank to get the money, and come back to move the furniture once you have it." Yang Lin pointed out the two little brothers and said. The two young brothers he called were not simple, the number one fighters in Xinshan City, having experienced hundreds of firefights.

As he was leaving, Yang Lin deliberately brushed past the two junior brothers he had sent out, and he instructed them in a very small voice, "After you get the money, find a place where no one is around to break one of his hands."

Sadly, Chen Haorong did not know that his more painful days were coming, that he had been so unlucky in the past few years, and that perhaps God was really punishing him.

Chen Haorong is hospitalised, his hand was broken and he is now in hospital for surgery, the treatment is fine, but the few tens of thousands of dollars he still has left, I'm afraid he won't be able to keep it. Fang Zhiyu, who is now in hospital looking after her husband, is crying and sad, but she is not sad because of her husband's injury, but because of the loss of the hundred thousand yuan. The house is all sold, the state does not allow the sale of such things as fields, so they now have nothing more to sell, and when Chen Haorong's injuries heal, their only option is to work part-time.

Chen Haoxuan he did not know what was happening in Pingyuan County, he had been staying on the roof all this time, even sleeping on the roof, and he did not need to go down for meals, someone would bring them up to him. After a few days of hard work, he had carved out the stone roughly, but maybe he hadn't finished carving it, so it looked odd to people.

Chen Yina, who is now studying at the University of Beijing in the capital of China, is particularly happy these days, and the people she hangs out with look at her with envy every day. Because she is getting married, she can never forget the promise Chen Hao Xuan made to her before, that when we graduate, we will get married.

Chapter 423

It is now January and in six months, in July, Chen Yina will have graduated and she will be able to marry Chen Hao Xuan. Although it was still six months away, Chen Yina was still very happy and believed that she would be in a happy state of anticipation for the next six months, if nothing else.

To be honest, Chen Hao Xuan had forgotten about his previous engagement with Chen Yina because he was too busy and Chen Yina had never mentioned it to him, so he forgot about it over time. Unlike Chen Yina, she often thought of Chen Hao Xuan's words to make her dream come true when she had nothing else to do.

On the 18th of January, the city of Xinsan was very busy because a world class singer was going to give a concert in Xinsan. The singer who was going to give a concert in Xinsan was Song Fangfang, who has been on fire ever since she started singing the songs written for her by Chen Haoxuan.

Xinshan City is the most populous and prosperous place in China, so Song Fangfang chose to do her concert in Xinshan City, and she will also do a concert in the capital of China when the New Year's Eve comes around.

Song Fangfang came to the city early, and as soon as she arrived in the city, she was clamouring to go to the Chen family village, where she had seen the temple on television. She couldn't wait to fly over and see the majestic building, no, it should be the largest carving in the world.

Song Fangfang said hello to her agent and drove off in disguise to Chenjia Village. She arrived at Chenjia Village, parked her car in a huge car park and then went up the hill, what she wanted to see most was the Chenjia Village temple.

"Wow, what a big mountain, how did they carve it? And carved so well." Song Fangfang said in awe at the entrance to the temple, looking up and seeing the majestic temple.

A villager who was sweeping the floor saw Song Fangfang's astonished expression and couldn't help but introduce herself proudly, "This young lady, you probably don't know yet, do you? We villagers were responsible for transporting the stones, and Chen Haoxuan's bodyguards were also responsible for transporting and carving them, while Chen Haoxuan was responsible for the details of the carving, this temple was also designed by Chen Haoxuan, so it can be said that the carving of this temple was all thanks to Chen Haoxuan alone."

"Chen Haoxuan? Are you talking about that billionaire Chen Haoxuan, the richest man in China?" Song Fangfang asked in surprise.

"Yes, it's that Chen Haoxuan, he's at home right now." The villager smiled and said.

"It's unbelievable that a billionaire in the hall isn't afraid of hard work, spending half a year to carve out a temple. With a talent like Chen Haoxuan's, I believe he could have made even more money if he had gone into business during those six months." Song Fangfang said in admiration, she felt that Chen Hao Xuan and that Hao Xuan who had protected her back then had very similar personalities, both belonged to a very mysterious person.

"Miss, you don't know this! Chen Haoxuan he went out of his way to carve out a majestic temple for the sake of the villagers of our Chen Family Village to live a good life. Have you seen the reservoirs

nearby? Those were all built by Chen Haoxuan leading us, those things planted at the foot of the mountain were also planted by Chen Haoxuan, those animals raised on the mountain were all raised by Chen Haoxuan, when the animals are big, when the things planted are ripe, Chen Haoxuan will pay a high price for them, and we will be able to live a good life " The villagers were very vocal about how good Chen Hao Xuan was, and they were ready to go on him for a few days and months.

At first Song Fangfang she also listened with great interest, but after listening for half an hour, she was impatient, she gave the villager a hundred yuan, as a reward for his efforts to introduce her to the Chen family village.

Song Fangfang she walked into the temple, the temple inside that is a sea of people, she squeezed a long time to squeeze in, go in, she was wondering to see the temple inside the many Buddha statues, she was shocked again. Song Fangfang she did not believe in Buddha, but she this time she knelt and kowtowed before the Buddha, not that she believed in Buddha, but in front of the multitude of Buddha statues and the huge Buddha, she felt a huge pressure, which made her dare not disrespect the multitude of Buddha.

After leaving the temple, Song Fangfang went to other places to visit, and when it was almost noon she walked into the Chen family village, which now had many restaurants inside, and Song Fangfang had come to eat.

Song Fangfang walked into a farmhouse, she ordered many farmhouse dishes, when the dishes were all served, she tasted them one by one, every time she tasted a dish, she would comment on it, when she tasted a spicy red roast pork, she shouted: "Ah, so spicy, so spicy! Boss, quickly bring me a bottle of ice water." Because it was so spicy, Song Fangfang slapped the table hard a few times in order to ease her pain.

Chen Hao Xuan was also eating at this time, he felt his ring vibrate a few times in a row, he immediately thought of Song Fangfang, he had given Song Fangfang a ring, that ring would vibrate with just one hard tap. Chen Haoxuan opened an emerald jade on top of the ring, only to see that inside was a very small display with two dots, one red and one green, the red one was where Chen Haoxuan was and the green one was where Song Fangfang was.

Chen Haoxuan saw that Song Fangfang's location was very close to him, and needless to say, such a distance must be in the Chen family village. Chen Haoxuan he suspected that Song Fangfang was in trouble and that was why he wanted to ask for his help? Thinking of this, Chen Hao Xuan returned to his

room as fast as he could and came out in a few seconds, wearing a trench coat and sunglasses in an imposing manner. Chen Haoxuan quickly ran to where Song Fangfang was, and when he saw Song Fangfang running around shouting inside a farmhouse, Chen Haoxuan secretly said, "I'm still late, I should have known to come over without changing clothes, in which case, Song Fangfang might have been fine."

Chen Haoxuan ran to Song Fangfang's side and grabbed Song Fangfang, who was still running around and shouting, and asked worriedly, "Miss Song, what's wrong with you?"

When Song Fangfang was suddenly grabbed, she was about to scream for help, but when she saw Chen Haoxuan's familiar face, she couldn't help but be dumbfounded, then she quickly remembered the person who had protected her in the first place, "Haoxuan, you are Haoxuan, great, I finally see you again." Song Fangfang hugged Chen Haoxuan tightly in excitement, at this moment, Song Fangfang had even forgotten that she had just eaten chillies to produce spicy, it seemed that she did not miss Chen Haoxuan in general.

"What happened to you just now? Did someone drug you?" Chen Haoxuan didn't have time to catch up with Song Fangfang, saving people was important.

Chapter 424

Song Fangfang didn't recognize Chen Haoxuan, but the owner of the farmhouse did. Chen Haoxuan often wears sunglasses in the village, and when he heard Chen Haoxuan's words, he went next to Chen Haoxuan and explained to him, "Haoxuan, she's like this because she ate chili peppers and couldn't stand the spicy taste. I took a bottle of ice water and drank it and she'll be fine."

As soon as Song Fangfang heard the word spicy, she immediately remembered that she had eaten chili peppers, and the hot and spicy feeling came from her mouth again, "So hot and spicy, quickly give me the water."

The owner of the farmhouse gave the iced water to Song Fangfang, who twisted open the lid and drank it with her head held high, gurgling, It is not to mention that the look of a girl drinking water with bravado is quite beautiful.

After Song Fangfang finished drinking, she sighed, "Finally, it's better, it just spicy me to death." Then she said to the owner of the farmhouse, "Boss, how do you know him?"

Chen Hao Xuan regretted, had he known that Song Fangfang was fine he should not have come to her rescue in this outfit, now it seems that revealing his identity would have been a sure thing, so Chen Hao Xuan did not bother to stop the owner of the nongjiajia from revealing his identity.

The owner of the farmhouse laughed, he kind of mocked Song Fangfang's tone, to Song Fangfang, said: "Miss, do you news and newspapers? Even billionaire Chen Hao Xuan doesn't know you, you're too nerdy, aren't you?"

"Chen Hao Xuan, you said he is Chen Hao Xuan? No way?" Song Fangfang pointed at Chen Haoxuan and said in surprise.

"You come with me, we'll talk elsewhere." Chen Haoxuan said to Song Fangfang.

Seeing Chen Haoxuan leave after he finished, Song Fangfang hurriedly said to Chen Haoxuan, "Hey, wait for me, I haven't settled the bill yet!"

The owner of the farmhouse already knew that the stylishly dressed girl was Chen Haoxuan's friend, and Chen Haoxuan was their god of wealth, so they were embarrassed to take money from Chen Haoxuan's friend. With a pleasing smile, the owner of the farmhouse said to Song Fangfang, "This young lady, you are Hao Xuan's friend, no more, it's my treat, you'd better hurry up and go after Hao Xuan! If you can't catch up, there's no need to rush, because the most luxurious villa in Chenjia Village is where Hao Xuan lives."

The owner of the nongjiajia said she didn't have to give, but Song Fangfang did anyway, she took out a stack of hundred yuan bills directly from her handbag, she didn't care how much money was in that stack, she slapped it in the nongjiajia owner's hand herself and trotted off to chase Chen Haoxuan.

The owner of the farmhouse smiled with a twitch of his mouth, he counted the money given by Song Fangfang and it was five thousand dollars, he couldn't help but laugh, "The friends of rich people are different, any one of them is a family with a lot of money."

Chen Haoxuan took Song Fangfang to his villa, and in the living room of the second floor of the villa, Chen Haoxuan sat on the sofa, took off his sunglasses, made an inviting gesture to Song Fangfang, and said, "Sit down!"

Song Fangfang sat opposite Chen Haoxuan, her glasses kept staring at Chen Haoxuan as she said in awe, "Are you really Chen Haoxuan?"

"Yes, I am Chen Haoxuan, and this is my home, so you don't need to suspect that I am a fake." Chen Haoxuan said.

"Then - then why did you go to protect me before?" This question was nagging in Song Fangfang's mind, to think that a richest man in China, went to protect her, a singer, if she said it out loud, she believed no one would believe it, because even she herself did not believe it, but the truth was in front of her eyes and she had to believe it.

"These are not things you should know, so don't ask. By the way, you remember well, don't say anything about me having protected you, if you do, even if I want to protect you, it won't work, got it?" Chen Haoxuan said to Song Fangfang in a very serious manner.

"Mm-hmm, I know, I promise not to say anything." Song Fangfang nodded her head desperately.

"That, why don't you take off the ring and return it to me!" Chen Haoxuan said to Song Fangfang, last time he left in a hurry and forgot to take back the ring on Song Fangfang's finger, now that he saw Song Fangfang again, of course he had to take back the ring. Because this is a high technology, with the current technology it is impossible to make it, so if this technology spreads out, it will be a problem.

When Song Fangfang heard that Chen Hao Xuan wanted to take back the ring, Song Fangfang felt like protecting her hand in front of her chest, don't get me wrong, she was not protecting her chest, but

the ring on her finger. This ring meant a lot to her, so she didn't want to give it. She didn't want to give it before, and now that she knew that the person who protected her in the first place was Chen Haoxuan, she didn't want to give it even more. Song Fangfang looked aggrieved and said, "You gave this to me in the first place and now you want to take it back, that's the way it is, no, I won't give it."

"Miss Song, when did I say that I gave you the ring? Besides, it's not a ring, it's a tracker, what do you need it for? Might as well give it to me, our organisation uses it to be useful." Chen Haoxuan said.

"You didn't say you'd give it to me, but you didn't say you'd take it back later either! Anyway, I don't care, I won't give it." Song Fangfang beamed, like a small child.

"You wait for me." Chen Haoxuan stood up and walked into his room, he had quite a lot of gold and silver jewellery in his room, most of it belonged to Chen Yina, he took a very fine white gold ring with a large brick stone on top of the white gold ring, he was trying to trade this ring with Song Fangfang.

Chen Hao Xuan walked out of the room, went to Song Fangfang, handed the ring to Song Fangfang and said, "This ring costs several hundred thousand at least, I will exchange it with you."

Song Fangfang she was now considered a rich woman, she could earn several million or so for every concert she gave, this several hundred thousand dollars certainly did not care too much. "No, just don't give it." Song Fangfang beamed her little mouth and said stubbornly.

"Big sister ah! The ring you're wearing now is not a ring, it's a tracker, you don't want to be in danger now, you don't need it at all, you'd better give it back to me! I want him to be useful." Chen Haoxuan was begging in a low voice this time.

"Don't give it."

"If you don't give it to me, I'll rob it?"

"Go ahead and grab it! I'll shout molestation if you grab it."

Song Fangfang only saw Chen Haoxuan's hand shake, her mouth automatically opened and a handkerchief was stuffed in her mouth. At this moment, Song Fangfang was still in a daze! Chen Haoxuan's movements were so fast that she didn't even know how Chen Haoxuan had gagged her. Chen Haoxuan quickly pulled up Song Fangfang's hand, he saw that the ring was a little tight in Song Fangfang's hand, then he quickly took it off, it would hurt Song Fangfang. In order not to hurt Song Fangfang and at the same time to get the ring off quickly, Chen Haoxuan spat directly at Song Fangfang's finger. The spit had a lubricating effect and with Chen Haoxuan's skill, the ring was quickly taken off by Chen Haoxuan.

After the ring was removed, Chen Haoxuan quickly removed the handkerchief from Song Fangfang's mouth and then helped Song Fangfang wipe the saliva off her hands. It only took Chen Haoxuan a mere few seconds from the time he grabbed the ring to the time he snatched it into his hand, which showed how fast Chen Haoxuan was.

Chapter 425

Chen Hao Xuan took off the ring with the tracking function, and also handed over the diamond ring he wanted to exchange with Song Fangfang to put on Song Fangfang.

Chen Hao Xuan pretended not to see it and sat down to drink coffee.

When Song Fangfang saw that Chen Haoxuan was not going to comfort her, she felt very aggrieved and said to Chen Haoxuan, "I don't want the ring, I want you to sing with me on stage when I have a concert in Xinshan City in a few days."

When Chen Haoxuan heard Song Fangfang's words, he was stunned, he was a billionaire, the richest man in China, someone who could be on the world's richest list whenever he wanted to be, Song Fangfang actually wanted someone of his status to perform and sing, and Song Fangfang had the nerve to propose it.

"No, I'm not a singer, no go no go." Chen Hao Xuan shook his head and clapped his hands again.

Song Fangfang's small mouth was deflated and her eyes were tearing up, if Chen Haoxuan said one more word no, her tears would flow out as if she had been ordered to do so.

Chen Haoxuan he could not see girls cry the most, no, Song Fangfang's tears were rolling, Chen Haoxuan's heart softened. "Alright, alright! I promise."

"Then you write a song now, let me work out first so that I can work with you then." Song Fangfang said what she really wanted, and yes, she wanted the song written by Chen Haoxuan.

"Okay, but I have one condition, I don't need any other dubbing for this song I'm writing, I just need someone who plays the piano, I've already chosen the person who plays the piano, it's the girl I was on the show with before, I taught her piano, her level definitely won't be bad, if you promise to let her take care of the piano, I'll promise you to write a song for two people to sing. " Chen Hao Xuan said, Chen Hao Xuan is for the good of Huang Meilin, in addition to teaching Huang Meilin to play the piano is his first part-time job to earn money to improve his life, the significance of this only Chen Hao Xuan understands.

He also thought of the last time Huang Meilin went on a TV show and thought that Huang Meilin must want to be a star. Being a star is not that easy, some are based on strength and some on opportunity, some have strength but never had the chance to show it, so Chen Hao Xuan wanted Huang Meilin to go to Song Fangfang's concert to play the piano.

Chen Haoxuan's disciple went to play the piano, Song Fangfang couldn't wait, she said happily, "Yes!"

"Wait for me, I'll write the song now, later I'll take you to my apprentice's house, she's a fan of yours! You have to sign it for her then." Chen Haoxuan said with a smile.

"Wow, I'm so happy that the apprentice of the richest man in China is also my fan, I'm so excited." Song Fangfang said with a smile.

Chen Haoxuan he said to Song Fangfang, "You play alone, I'll find you when I'm done writing." After saying that he went into his room, he had a computer and a printer inside his room, he needed to write the song down on the computer and then print a few copies on the printer so that he didn't have to copy it by hand.

Song Fangfang, she was also someone who had seen the big city, so she wouldn't care too much about etiquette as she began to admire Chen Haoxuan's villa all by herself. Chen Haoxuan's villa gave her a very innovative feeling and she thought it must have been designed by Chen Haoxuan himself, only someone as talented as Chen Haoxuan could have designed such a perfect villa.

A song is just a song, Chen Hao Xuan didn't need to think about it because he came from the future century, just fire a song out directly and it would be OK, no way, as a person reborn into the 21st century, it would be too sorry for him not to engage in piracy.

Chen Hao Xuan wrote a famous love song in the future century, which is very emotional and dubbed with a very pleasant piano voice. The song is sung by a couple, because it is only when a couple sings a love song that the essence of the song can be brought out. But Chen Hao Xuan couldn't care less, he thought that in the 21st century, this song he was writing now, humming casually, people would say it would be said to be a divine song, there was no way, the gap between the music of the future century and the 21st century was too big.

After Chen Hao Xuan finished writing, he changed his clothes and put on his trademark white tight-fitting suit before he walked out of the room with two copies of the song sheet and found that Song Fangfang was missing, Chen Hao Xuan shouted a few times, "Miss Song? Song Fangfang?"

No one responded? Chen Hao Xuan walked towards the roof, he knew that when people visit a villa, they usually want to go to the roof because they can see the scenery from the roof, whether the villa is good or not, half of it is the design and the other half is the scenery nearby.

On the roof, Chen Hao Xuan really found Song Fangfang, who was studying his unfinished carving work. "The song is written, let's go!" Chen Haoxuan shouted out loud to Song Fangfang.

When she saw Chen Haoxuan coming, Song Fangfang jumped and ran to Chen Haoxuan. Chen Haoxuan was sweating! Song Fangfang's pair of shuangfeng were rolling up and down due to her running. Chen Haoxuan couldn't help but exclaim in his heart, "What a fierce weapon!"

Song Fangfang didn't notice, she ran to Chen Haoxuan and admired his clothes, Chen Haoxuan was the most famous businessman in China, more famous than her superstar, so it was impossible for her not to know about Chen Haoxuan. When she saw the clothes Chen Hao Xuan was wearing, she remembered what the news had said, that the white suit Chen Hao Xuan was wearing was his signature outfit, which she had seen on TV and in the newspapers before, and it was a very nice outfit. Now that she could see this iconic Chen Haoxuan suit up close with her own eyes, of course she had to admire it properly.

Song Fangfang turned around Chen Haoxuan several times as she said admiringly, "This is a really nice outfit of yours, no wonder you said that this is your iconic outfit and you are the only one in the world who has it, everyone else's is a pirated version."

In the past, Chen Hao Xuan said this because he didn't want others to wear the same clothes as him, so he said so. Not to mention, a few rich kids had hired someone to copy Chen Hao Xuan's clothes because they were handsome, and when they were excited to wear them to show off, they were pointed at like monkeys, constantly saying things like pirating Chen Hao Xuan's signature clothes, shameless, stupid, etc. Those few rich kids were scolded so much that they were embarrassed to go out for a few months, and no one dared to wear the same clothes as Chen Hao Xuan after that, so it was clear that how effective that one word from Chen Haoxuan was.

"I have ladies' clothing here, so if you want it, I can give you one." Chen Haoxuan said graciously.

"No need, I've bought a dozen of those ladies' outfits you designed. You'd better tell me about this stone! Is this the stone that you said could be sold for at least one billion RMB when carved?" Song Fangfang pointed at the already carved and shaped stone in the middle of the rooftop and said.

Chapter 426

Chen Haoxuan took Song Fangfang's car to Huang Meilin's house, he wanted to give Huang Meilin a surprise, so he didn't inform Huang Meilin when he came. When he arrived at the flat where Huang Meilin lived, Chen Hao Xuan took Song Fangfang upstairs in the lift, while riding the lift, Chen Hao Xuan

said to Huang Meilin, "When we arrive later, you follow me, I want to give that apprentice of mine a surprise, she will be very happy to see you."

"Oh, I didn't expect you to be as fond of fooling around as children, but I promised to accompany you, a billionaire, to fool around for once!" Song Fangfang said sweetly, if people saw her and Chen Hao Xuan together, and then heard their conversation, they might even suspect that they were lovers. The reason why Song Fangfang was so passionate about Chen Haoxuan was not because she loved Chen Haoxuan, but because she worshipped Chen Haoxuan. She was a singer, she knew the difficulty of creating a song, other people created a song fast for a month, slow for a few years, some people could not even make a song in their lifetime.

But Chen Haoxuan, who protected her for just a few days, handed her quite a few songs before he left, which Song Fangfang suspected Chen Haoxuan had written a long time ago. But today she saw Chen Hao Xuan walk into the room and come out not long after, in a very short time, but made a classic song, better than the one he had written for her before. To be able to make such a classic song in a short time is either a genius or a demon. That's why she worships Chen Haoxuan. It's a great honour to have a world-class superstar to worship, but unfortunately Song Fangfang didn't say so and Chen Haoxuan didn't know.

When she arrived at Huang Meilin's door, Chen Hao Xuan rang the doorbell twice in succession, and the door was opened by Huang Meilin, who was now a high school student now, and it was summer vacation, so she was at home. When Huang Meilin saw that it was Chen Hao Xuan, whom she had always missed, she hugged Chen Hao Xuan's waist and said happily, "Brother Xuan, you've finally come to see me, I'm so happy!"

"Let go of me and close your eyes, I have a gift for you, I guarantee you'll be so excited you'll want to go crazy when you see it." Chen Haoxuan joked.

Li Yuzhen also she was watching TV in the house, she heard the sound outside and hurriedly stood up to go to the door, that is Chen Hao Xuan ah! She couldn't afford to be neglected. When Li Yuzhen saw Chen Haoxuan and her daughter joking around, she couldn't help but say to Chen Haoxuan, "Haoxuan, ignore that girl, come in and sit down, I'll make you coffee."

"I'm not joking with Xiao Lin, what I said is true." Chen Hao Xuan smiled and said to Li Yu Zhen, for Li Yu Zhen, Chen Hao Xuan has a good feeling towards her, although at first Li Yu Zhen hired him to be a

tutor because of his handsomeness, he didn't mind, because everyone has a love for beauty, men like pretty girls and women like handsome boys, it's normal!

"Xiao Lin, why don't you close your eyes quickly, if you don't close your eyes, I'll have to take back the gift!" Chen Haoxuan mysteriously said to Huang Meilin.

When Huang Meilin closed her eyes, Chen Haoxuan quietly walked to the side, while Song Fangfang took off her sunglasses and walked to the seat where Chen Haoxuan had just stood. Li Yu Zhen she didn't close her eyes, when she saw Song Fang Fang she was so surprised that she wanted to shout out, but she knew she couldn't, Chen Hao Xuan had just said he was going to give her daughter a surprise, if she shouted it would affect her daughter's mood when she saw Song Fang Fang, she quickly covered her mouth in order to keep herself from exclaiming.

Chen Hao Xuan stood by the wall as he spoke out, "Alright, you can open your eyes now."

"Brother Xuan, what kind of gift is it! It's mysterious" Huang Meilin opened her eyes and said, suddenly she found that the picture in front of her was not right, Chen Hao Xuan was wearing a white suit, while she now saw a black shirt and a pair of shufeng that made her envious, this was definitely not Chen Hao Xuan, first of all, not this clothes were not right, this shufeng was even less, even if Chen Hao Xuan's pectoral muscles were even stronger, they were not strong enough to this extent.

Huang Meilin looked up, it was a woman's face, take a closer look: "Wow, you - you are Song Fangfang, sister Song?"

"Hello little Lin, I am Song Fangfang, I heard that you like me a lot, so I followed Hao Xuan here." Song Fangfang said with a kind smile.

"Ah, I'm so excited yo! Sister Song actually came to my house to see me, woo woo, hugs" Huang Meilin shed tears of joy, she didn't care if Song Fangfang replied or not, she hugged Song Fangfang's waist, she was not very tall, her head was just aligned with Song Fangfang's shufeng, she didn't know if she was too excited or deliberately taking advantage of Song Fangfang, there was her head rubbing around in Song Fangfang's shufeng.

Chen Hao Xuan saw Huang Meilin using her head to squeeze Song Fangfang's shuangfeng in constant deformation next to him, he envied, hated to push Huang Meilin away and then go himself. (No expression, you understand.) Song Fangfang she did not care, because she and Huang Meilin are both girls, she smilingly said to Huang Meilin: "Xiao Lin, you do not invite us in to sit?"

It was only when Song Fangfang said this that Huang Meilin snapped out of her excitement that she had allowed Song Fangfang, whom she admired, and Chen Hao Xuan, whom she had been pining for, to stand at the door all this time, and she herself felt that she had gone too far. Huang Meilin hurriedly pulled Song Fangfang into the room and joked to Chen Hao Xuan, who was still outside, "Brother Xuan, don't be shy! Come in quickly!"

Chen Haoxuan cried and laughed as he went inside, and Li Yuzhen hurriedly went to make coffee for Chen Haoxuan and Song Fangfang.

Sitting in the living room, Chen Hao Xuan said to Huang Meilin, who was sitting next to Song Fangfang, "Little Lin, I have another surprise for you, you'll be even more excited than just now when you see it."

Huang Meilin smilingly ran next to Chen Hao Xuan and sat beside him, hugging his arms with both hands and leaning her head on Chen Hao Xuan's shoulder, pouting, "Brother Xuan, what is the surprise! Don't whet my appetite anymore, tell me quickly."

Chen Haoxuan took out a chapter of paper from his pocket, opened it and put it on the table, and said out loud, "This is a new song I wrote, it's for Miss Song's concert, and I'll sing it with her then. The point is not that, it's that this song needs someone to play the piano, so I thought of you, how about that? Do you want to try?"

Huang Meilin gave Chen Haoxuan a quick kiss on the cheek and said with immense joy, "Of course I like it, it's such an honour to play the piano at Sister Song's concert."

"Little Lin, look - Brother Xuan has given you two gifts today, how are you going to repay Brother Xuan!" Chen Haoxuan joked with a smile.

"I'm going to give my body to you, just in case Brother Xuan doesn't dare to marry me." Huang Meilin said without even thinking, she had confessed her love to Chen Haoxuan a long time ago, only that Chen Haoxuan had refused. If Chen Haoxuan said yes, she would really dare to marry Chen Haoxuan.

Chapter 427

Honestly, Chen Haoxuan really didn't dare to take Huang Meilin, although Huang Meilin was already 16, she was still a little girl in Chen Haoxuan's eyes. "Little Lin, isn't there anything else besides giving your body to someone else?" Chen Haoxuan said awkwardly.

Huang Meilin cocked her head and thought for a moment, then happily said to Chen Haoxuan, "Brother Xuan, I'll roll with you in bed!"

When Song Fangfang and Li Yuzhen, who were drinking coffee, heard Huang Meilin's words, they spat out the coffee they hadn't swallowed yet, Huang Meilin was too thunderous, she just said that she would give her body to him, after all, who wouldn't like a guy like Chen Hao Xuan, but now she was saying that she wanted to have sex with Chen Hao Xuan, she was only 16!

The fact that she said that she wanted to have sex with him in front of her mother is not necessarily a man's courage.

"Ahem, Xiao Lin ah! This kind of joke is not to be taken lightly, no more of this. You take this song and watch it well, try to learn him in the next few days, if you can't learn it, I won't dare let you play the piano at the concert." Chen Haoxuan said seriously to Huang Meilin.

"Oh." Huang Meilin said disappointedly, she was disappointed that Chen Hao Xuan didn't promise to let her roll with him.

At this moment, a banging sound rang outside the door, and Chen Haoxuan said in a strange voice, "Is the doorbell broken? Instead of ringing the doorbell, you are knocking on the door?"

Li Yu Zhen laughed and said, "It's not that she didn't ring the doorbell, it's because she couldn't reach it." Then to Huang Meilin, she said, "Xiao Lin, go and open the door, your little disciple is here."

As soon as she opened the door, Chen Hao Xuan heard, "Master, what took you so long to open the door for Xiaobao?" It was Li Xiaobao who spoke, she was Huang Mei Lin's neighbour who lived next door, and she was also Huang Mei Lin's disciple.

Huang Mei Lin bent down and gave Li Xiaobao a good pinch on the cheek! Laughing, she said, "Xiaobao, your master is here today."

Li Xiaobao jumped up happily, clapped his little hands and cheered, "Master, are you talking about the master who is so handsome that he makes people go crazy?"

Chen Hao Xuan, who was in the living room, sweated furiously, thinking to himself, "Why is this Huang Meilin the same as before?"

Huang Meilin took Li Xiaobao's little hand and walked over to Chen Haoxuan, pointing at him and saying to Li Xiaobao, "Xiaobao, this is your master, how is it? Handsome, right?"

Li Xiaobao was nodding desperately and said happily, "Mmmmm, Shifu is so good looking, no wonder Master says all day long that Shifu is the most handsome person in the world."

Chen Hao Xuan cried and laughed at Huang Meilin, saying, "You're so young to start taking disciples, when you grow up to, you might have already set up a sect."

"Huh, Brother Xuan, how do you know I have this dream?" Huang Meilin questioned.

Chen Haoxuan sweated furiously once again, in his heart this girl was too crazy to be messed with! So Chen Haoxuan no longer cared about Huang Meilin, he stretched out his hands to pick up the lovely Li Xiaobao, he smiled benevolently and said to Li Xiaobao, "Xiaobao, how old are you, why do you want to learn to play piano with your sister?"

Li Xiaobao whispered in reply to the words and said, "Master, Xiaobao is five years old this year, Xiaobao does not want to learn to play the piano, Xiaobao likes wa over the house, Master said if Xiaobao learns to play the piano with her, Master will give fruit to Xiaobao to eat and also take Xiaobao out to play."

Song Fangfang had tears in her eyes, she felt that Chen Haoxuan and these people were too funny, she hadn't been this happy for a long time.

Hearing Li Xiaobao's words, Chen Haoxuan was a bit angry that Li Xiaobao was only five years old when she was tempted to learn to play the piano, and Huang Meilin might affect Li Xiaobao's childhood by doing this. So Chen Hao Xuan once again spoke seriously to Huang Meilin, saying, "Xiao Lin, from now on, don't force Xiaobao to do anything she doesn't like to do, got it? If I know you force her again, I will never ignore you again."

Huang Meilin bowed her head in resignation, pouting, and said, "Got it."

"Take me to your room and I'll play it a few times for you to hear, so you'll learn faster." Chen Haoxuan said.

Chen Haoxuan went to Huang Meilin's room, and Song Fangfang and Little Bit Li Xiaobao followed him in. After Chen Haoxuan played through the song he had written, Song Fangfang was all enchanted and could not help but say, "There is love on earth."

Song Fangfang, who loved playing at Huang Meilin's house, played until the evening, and she sent Chen Hao Xuan back to Chen's village before driving back to the city of Xinsan.

For the next few days, Song Fangfang and Huang Meilin practised the songs written by Chen Hao Xuan, while Chen Hao Xuan carved stones on the roof of his villa.

A few days passed unnoticed, and on January 22, the city of Hsinshan was very busy, as Song Fangfang's concert was about to start today.

In the evening, the stadium at the University of Johor Bahru was packed with people. Song Fangfang sang songs that Chen Hao Xuan had written for her, songs she hadn't sung before for a long time because she felt that the songs she used to sing were really too hard to listen to.

At ten o'clock in the evening, after Song Fangfang finished one song, she said loudly to the audience below the stage, "For this next song, I'm going to sing with a special person, how special is this special person? Let me tell you, this person is so special that you will go crazy because of him, he is Chen Hao Xuan, the richest billionaire in China, let's welcome Chen Hao Xuan to the stage with the loudest applause."

Pops of applause and cheers rang out, showing how popular Chen Haoxuan was with the audience.

Chen Haoxuan walked onto the stage from backstage, and as soon as he appeared, the audience doors gave excitement, one by one, they were all cheering loudly: "Yes yes, he is Chen Haoxuan, I know him." A girl shouted very excitedly.

A boy next to that girl said to the girl in a contemptuous tone, "We know if you don't say so, his iconic clothes, he's the only one in the world who has them, so who else would there be but him."

"Wow oh, Chen Hao Xuan is really handsome yo! I like him so much"

Chen Haoxuan he was wearing a headset, he said loudly to the audience on stage, smiling, "Hello everyone, I'm Chen Haoxuan, I've been invited by Miss Song to sing a song with her today, if I don't sing well, don't throw your shoes on the stage."

Huang Meilin she was different from Chen Hao Xuan, she was sitting at the piano slowly reaching up from below, once she appeared, she started to play the piano, the pleasant sound reached the audience's ears, it was refreshing for the audience on stage, it was the first time they heard such a tone of voice.

Chen Hao Xuan he sang first, he sang a very loud song, and also very imposing, after he sang a few lines, Song Fangfang took over, she sang in the opposite voice of Chen Hao Xuan, very soft, soft to the point of being like a small woman

Chapter 428

One sang with the vigour of a man and the other with the tenderness of a woman, which would have been a world apart, but for some reason, it sounded more perfect. Huang Meilin played the piano in the middle of the stage, while Chen Hao Xuan stood next to the piano, making Huang Meilin very conspicuous.

And Huang Meilin was very giving, playing the piano beautifully, closing her eyes and tossing her head when she reached the climax, very much like a pianist.

It was a very sing-along song, requiring half an hour of singing, which was a feature of the song.

After half an hour, when Chen Haoxuan and the others finished their performance, there was a burst of applause and shouting from the stage, and the audience was up in arms asking Chen Haoxuan and Song Fangfang to sing one more song. Chen Hao Xuan did not accede to the audience's request, as he and Song Fangfang were singing famous songs from the future century, each of which would have mesmerised the 21st century audience, so if he had acceded, the audience would have been asking for another song without end.

In the middle of Huang Mei Lin's stage, Chen Hao Xuan and Song Fang Fang stood on either side of Huang Mei Lin, taking her hand and bowing to the audience below the stage in acknowledgement of the curtain call. "Thank you all for coming from so far to support Fangfang, thank you all, this concludes the concert today, thank you all" Song Fangfang said many thanks in a row.

The whole of China was in an uproar, Chen Hao Xuan could actually sing and sing so well, it was incredible, simply an all-round genius.

Huang Meilin was also famous for this. She had become a little obvious before because of Chen Hao Xuan's relationship with other people, but now she was playing piano in a concert with hundreds of thousands of people because of Chen Hao Xuan and Song Fangfang, it was hard not to be famous! Because both Chen Haoxuan and Song Fangfang's fame is of the world-class kind.

After the concert, Chen Hao Xuan drove back to the Chen family village. Song Fangfang wanted to follow her to the Chen family village for a few days, but her schedule was too busy and she had no choice but to leave the city of Xinsan.

Chen Hao Xuan was busy carving his future car, Yang Lin was busy with his entertainment street, because Yang Lin hired a lot of workers, so the renovation speed is very fast, the smaller bars are done, the Internet cafe, the stage is also done, now only the nightclub is missing, the nightclub is a high-level entertainment place, so he wants to decorate it to the best, decorated and not lose money, because a good nightclub can charge customers more money well!

Yang Lin's entertainment street was so big that the four hundred youngsters he brought with him were not enough, and there was also a shortage of waitresses, as he started recruiting a lot of workers in Pingyuan County, where the wages were much lower than in Xinsan City, so many people went for interviews. In just a few days, Yang Lin had recruited 500 waitresses and 100 male waiters, making enough for a thousand people. When these newcomers were trained, his entertainment street could be opened, and Chen Hao Xuan would be very happy by then.

On the 25th of January, the entertainment street in Pingyuan County was opened. The two sides of the street were filled with waiters, standing in two neat rows, which looked very grand from a distance. Yang Lin called Chen Hao Xuan only last night, asking him to come to his opening ceremony.

Chen Haoxuan was surprised when he received Yang Lin's call! Yang Lin had made such a big fuss in Pingyuan County that he didn't even know about it. Early the next morning, Chen Haoxuan took Jiang Dong and the others with him. Jiang Dong and the others were all on good terms with Yang Lin, so Chen Haoxuan took them with him to sort of congratulate Yang Lin, although the business was his, it was worth congratulating Yang Lin for having this ability.

Yang Lin he in order to give Chen Haoxuan a moment of a lifetime, he had all the waiters stand on both sides of the street, a little more in the middle, each separated by a distance of about one metre, so that Chen Haoxuan could not drive in and needed to get out and walk on foot, so that Chen Haoxuan could feel her Yang Lin's achievement.

Yang Lin made a big enough show, but Chen Haoxuan's was even bigger. Chen Haoxuan and the others all came in motorbike racing bikes, with Chen Haoxuan leading the way at the front. When Chen Haoxuan arrived at the entertainment street run by Yang Lin, he saw that there were waiters standing on both sides of the road, their motorbikes could drive in, but it didn't seem polite to do so, so Chen Haoxuan led Jiang Dong and the others to walk in on foot.

Behind Chen Haoxuan, Jiang Dong and the others, all tall and large, the aura emitted by the sixty or so of them made the waiters standing on both sides of the road not dare to breathe until Chen Haoxuan and the others had walked past. This was the aura, the invisible aura, the aura that only the strong can emit.

Yang Lin was waiting for Chen Haoxuan at the end of the entertainment street, and standing with him were important figures such as the governor and the director of Pingyuan County. When Yang Lin saw Chen Hao Xuan coming, he walked up quickly and respectfully said to Chen Hao Xuan, "Hao Xuan, you're here, the entertainment street I made is not bad, right?"

"Now it seems that you have improved and know how to innovate, getting all the entertainment together so that the guests don't have to run here and there to play, as long as they come here, they can play whatever they want, very good, I appreciate this idea. I'm very satisfied, but don't be too proud, keep working hard, you know? Otherwise you'll be compared to Liu Junfeng, how humiliating! Right!" Chen Haoxuan said half-jokingly.

"Yes, yes, I'll keep working hard, that kid Liu Junfeng, he must not be doing as well as me." Yang Lin said confidently.

"Mm." Chen Hao Xuan nodded in response.

"Hao Xuan, go and sit inside first, I'll receive the guests first, I'll go and drink with you later." Yang Lin said happily, could he not be happy to get Chen Haoxuan's appreciation? Maybe when Chen Haoxuan was happy, he would invest a few hundred million RMB in him, and he would be able to develop rapidly.

Chen Hao Xuan followed a waitress inside the nightclub, and after he left, Jiang Dong and the others congratulated Yang Lin for hitting another peak. "Yang Lin, you kid, now you're not worse than us at all!" Jiang Dong slapped Yang Lin's shoulder with hatred and said in a proud voice.

"Jiang Dong, you guys are not doing badly, not only have you learnt great skills from Hao Xuan, you also get a salary several times higher than mine, if I could, I would rather switch with you guys." Yang Lin said to Jiang Dong and the others with envy, he was serious, he knew a bit about Jiang Dong and the others' strength, in his eyes, they were already superhuman, he also wanted to have the same strength as Jiang Dong and the others, then he could do whatever he wanted! Whoever messes with him, he will beat him up until he begs for mercy.

"That's not easy, you go and talk to the boss, if you're really martial arts material, the boss will say yes to you." Jiang Dong evil laugh, Yang Lin envied them, but they also envied Yang Lin, they were forced out of such strength by Chen Hao Xuan! If they told Yang Lin, I believe Yang Lin would never dare to mention joining Jiang Dong and the others again.

Chapter 429

Today's entertainment street opening, Yang Lin he did not invite a lot of people, only invited some strong people in Pingyuan County and his friends in.

Seeing that Yang Lin is now doing better and better, Chen Haoxuan is very pleased, but also feels that his original choice is right. Genius, Chen Haoxuan likes, you see, Yang Lin, Liu Junfeng, Su Shiyin, Zhou Ta, they all earn a lot of money for Chen Haoxuan now, this is the benefit of talent, give them the task, they can do the dump.

Talents like them, if you give them a chance, they can soar and can help you achieve your supreme hegemony.

Yang Lin and the others developed so quickly because they had the talent themselves, and also without the support of Chen Hao Xuan, if it wasn't for Chen Hao Xuan who invested a lot of money in them and also helped them get all kinds of relationships, which allowed them to develop rapidly.

Chen Hao Xuan then thought, when there is time he will make a talent recruitment, recruit all the talents in China, if this talent are accepted, ordinary people will go to other companies to apply for jobs! Only talents are accepted here. When he receives these talents, he will send them to the companies he owns to experience first, and when he needs to develop again, these talents can be used.

Chen Haoxuan he came back from the entertainment street, he gave Jiang Dong and the others a holiday to go back for the New Year, Jiang Dong and the others had not been back for more than two years, Jiang Dong and the others did not say, Chen Haoxuan also knew they were homesick. With Chen Hao Xuan's current personal strength, as long as he did not fight hard with others, no one would be able to keep him.

When Jiang Dong and the others returned home, Chen Haoxuan gave each of them one million RMB, which was not a salary, but just a red packet for the New Year.

In a few days' time, everyone in the village was buying things for the New Year, but Chen Hao Xuan was the only one in the village who did not buy anything for the New Year, because he was alone and did not have any relatives.

Soon, a few days passed and it was New Year's Day. The Chen family village was decorated with lights and the sound of firecrackers was very lively. On New Year's Eve, Chen Hao Xuan spent the day at Chen Yina's house. After New Year's Eve, Chen Hao Xuan stopped going to Chen Yina's house to play because they had many guests every day and he, an outsider, was too embarrassed.

Chen Hao Xuan's house also had many people go there, but none of them were relatives, they were all businessmen or officials, which was also considered an alternative in China.

After the New Year, Chen Hao Xuan's carving work was completed, a car of the future century was carved out by him bit by bit, in order to make it more perfect, Chen Hao Xuan also carved many art paintings on the outside of the car, so that people will feel that the car is not only creative but also with art.

Chen Hao Xuan chose to open an exhibition in the city of Hsinshan and wanted to put it up for auction after the exhibition. At the time of the exhibition, Chen Hao Xuan shamelessly charged a thousand RMB for each person who entered. Chen Hao Xuan's carvings have fetched over \$1.1 billion, so it's not a bad deal to spend a thousand RMB to see such a work.

This is probably what most people thought, making the exhibition so crowded that so many people only wanted to see Chen Hao Xuan's carvings a little closer.

There were so many people that many of them could not even see them when they entered, so Chen Haoxuan simply exhibited them for a few more days.

To Chen Haoxuan's surprise, Ahmansi Kibin came in person, saying that he wanted to buy Chen Haoxuan's carvings.

Ahmansi Qibin went straight to Chen's village, Chen Haoxuan's home. Ah Mansi Qibin is now Chen Hao Xuan's partner, he invested in the all-powerful mobile phone, made a lot of money, more than two years to earn more than a billion dollars is certainly there, after all, the world's population is so large, and everyone uses mobile phones, he invested in the all-powerful mobile phone is not expensive there is very advanced, the general public will now buy, so many people buy, can not make money?

Ah Mansi Chibin he now regrets, then he invested more money at first, he may earn more now.

At Chen Hao Xuan's home, Chen Hao Xuan was entertaining ahmansi Qibin: "Mr. ahmansi, I'm glad you could come to see me in China." Chen Hao Xuan said politely to Ahmansi Qibin, before he wanted to develop his business to foreign countries, Ahmansi Qibin had helped him a lot, many rich people were introduced to him by Ahmansi Qibin, otherwise would the average person not dare to do such a big business with you at once.

"Mr Chen, I'll cut the crap with you, I'm here today to buy your new carving, make a price!" Ahmansi Kibin said very directly.

"Mr Ahmansi, you are in business - you should know that you will make more money by taking your work to auction, because the fame of my work has already been made, I am not afraid that no one will buy it." Chen Haoxuan smiled at ahmansi Qibin, and said.

"Mr Chen, don't you think this is troublesome? You can sell it to me directly, and as long as the price is reasonable, I will accept it. We are friends! Isn't there a saying in your country of China that you don't let the fertiliser flow to others? We are friends, give me priority, okay?" Ah Mansi Qibin pleaded, no one knew better than him the value of Chen Hao Xuan's carvings, he bought Chen Hao Xuan's carvings now, and when Chen Hao Xuan became a real big shot, he would auction off the works Chen Hao Xuan once carved, how much money he could make - he didn't know, but it would definitely not be less.

"Two billion RMB, I wonder if Mr. Ahmansi can accept it?" Chen Haoxuan said.

"Two billion RMB, that's too high, isn't it?" Ahmansi Qibin was a bit reluctant, he had expected more than a billion RMB, but he did not expect Chen Hao Xuan to ask for two billion RMB.

"Mr. Ahmansi, I am lowering the price here, I am trying to sell this work for around two and a half billion RMB, if Mr. Ahmansi cannot accept this price, why don't you go and auction it off when I auction it off, maybe a billion RMB or so." Chen Haoxuan said apologetically.

Ah Mansi Qibin thought for a moment before saying to Chen Haoxuan, "Can you let me go and take a look at that car you carved? I'll give you an answer after I've seen it."

"No problem, then we'll go and see it at night! There are too many people going to visit during the day." Chen Haoxuan said happily, two billion RMB! With this two billion RMB he could go to Su Shi Yin, go to a foreign country with her to speculate on stocks, and return the money to the group leader when he had earned five billion RMB.

The evening didn't arrive so soon, so Chen Hao Xuan took Ahmansi Qibin for a tour. Ahmansi Qibin, like the others, was amazed to see the temple in Chen's village, the carvings were so majestic and magnificent.

Chapter 430

In the evening, Chen Haoxuan took Ahmansi Kibin to see his carving in the city of Johor Bahru. When Ahmansi Kibin saw the carving Chen Hao Xuan had made, his first thought was not to buy the carving, but to make a car exactly like it.

"Mr. Chen, do you want to produce a car like this?" Ah Mansi Chibin said excitedly to Chen Haoxuan, if Chen Haoxuan said yes, he would definitely ask for a stake.

Chen Haoxuan shook his head and laughed helplessly, "I definitely want to, but I can't make this car with the current technology."

"Too bad, too bad, if we could make a car like this, how awesome it would be to drive it out! It would certainly make no less money than an all-powerful phone." Ah Mansi Kibin sighed in disappointment.

"Making such a car is impossible for the time being, Mr. Ahmansi you'd better take a closer look at the carving first to see if it's worth two billion RMB." Chen Haoxuan smiled and said to Ahmansi Qibin.

Ahmansi Qibin he carefully looked at Chen Hao Xuan's carving, and every now and then he even took out a magnifying glass so that he could see if it was really a perfect piece of work. Half an hour later, ahmansi Qibin patted Chen Haoxuan's shoulder and said boldly, "Two billion RMB, I ahmansi Qibin take it."

Honestly, Chen Haoxuan was not sure if this car carved in stone could sell for a premium of two billion RMB, but he did not expect that Ahmansi Qibin would really be willing to buy it.

"Then I have to congratulate Mr. Ahmansi on another treasure." Chen Haoxuan arched his hand to ahmansi Qibin and smiled.

"I'll go back in a few days, and I'll give you the money on the day I return, alright! As for your work, just leave it here for now!" Ahmansi Qibin said happily, he was happy to have managed to buy Chen Hao Xuan's works, he would go back in a few days for a purpose, he wanted to get more of Chen Hao Xuan's works, that way when he opened an exhibition later he wouldn't have just one or two of Chen Hao Xuan's works, but a room full of them, it was exciting to think about, what a dignified thing that would be!

"No problem, let's go, Mr. Ahmansi, today I'll treat you to the entertainment street in Pingyuan County, you'll have a great time." Chen Hao Xuan said happily, having earned two billion RMB, Chen Hao Xuan was too calm to be happy like this, if it was anyone else who had earned two billion RMB, it would be normal to roll on the ground with joy.

Entertainment street like Pingyuan County, ah Mansi Qibin is also the first time to come, he played very crazy, a night did not sleep, a moment to go to the game hall a moment to go to the bar a moment to go dancing, ice skating and other entertainment. The next morning, he pestered Chen Hao Xuan, asking him to carve some more things for him, small ones are best.

Chen Hao Xuan had no choice but to take some good coloured water stones and carve some beautifully designed dolls in the future, because he took all the fist-sized stones, so the carving was very fast, basically one an hour.

Ah Mansi Qibin he had a hard time to beg Chen Hao Xuan to help him carve some more stones, now that Chen Hao Xuan had agreed, he had to seize this opportunity to let Chen Hao Xuan carve some more, the more the better, so that he could dedicate an exhibition with all Chen Hao Xuan's works, then, fame, money, fame, everything would be there.

Mansi Qibin was so cheeky that he first asked Chen Haoxuan to carve some stones and sell them to him, but after Chen Haoxuan had sold him all the pieces he had carved all day, he said it was not enough and insisted that Chen Haoxuan carve some more, and he was even willing to pay double the price. The pieces Chen Hao Xuan carved for him were the size of a fist, how much could they be sold for? Even if it was double, it would only be a couple of million.

Chen Hao Xuan consoled himself in his heart that it was better to carve more and earn more money, as he had nothing to do for the time being anyway. But as he carved, a week had passed. But Chen Hao Xuan was unwilling to continue carving, because he could not make much money from carving

small stones. But to his relief, he hadn't spent the week carving for nothing, and Ahmansi Qibin had given him 100 million RMB.

Ahmansi Qibin he hadn't made the trip for nothing, he had gotten so many of Chen Hao Xuan's works that he could say that in this world he was the one who had the most of Chen Hao Xuan's works, even Chen Hao Xuan himself didn't have that many.

The first thing he did when he returned to Rice was to open an exhibition of Chen Haoxuan's works, and he took the initiative to invite many wealthy people and even asked several newspapers to help him advertise. Ah Mansi Kibin he was showing off, everyone could see that, despise is despise, but have to admit that he has the strength to show off this.

Chen Hao Xuan he relied on his computer to investigate the stock market today, after a few days of investigation he went to the capital of China, now Su Shi Yin was there, Chen Hao Xuan was going to find her and then take her to speculate on stocks in Rice. In Chen Hao Xuan's eyes, making money from his own countrymen is not a good skill, making money from foreigners is a good skill, and there is no need to feel guilty about it.

When Su Shiyin knew that Chen Hao Xuan said he would take her to speculate in the stock market in Rice, Su Shiyin was very happy that she could finally go out into the world. But what surprised her was that she didn't expect Chen Hao Xuan to bring 2.1 billion RMB to speculate on stocks, this seemed like a bit too much money, right? Did Chen Hao Xuan want to make all the foreigners' money before he would give up?

A week later, Chen Haoxuan brought Su Shiyin and Su Shiyin's men to Rice. After Chen Haoxuan arrived in Rice, he did not immediately go to speculate in stocks, but played in the stock market all day, he wanted to meet more people who speculated in stocks. At the same time, he also let Su Shiyin be responsible for recruiting his men, the job of those recruited men is very simple, they told them to buy whatever stocks, they just buy.

After another week, Chen Hao Xuan had already met quite a few people in the stock market in Rice, and at the same time learned a lot about stock speculation. Chen Hao Xuan thinks he can act now, he started to speculate in stocks, he bought several herbal companies at the same time, because he heard that a country in Europe is going to be at war, the war will definitely need a lot of medicine, he bought the stocks of those herbal companies in advance now, when they are at war, then Chen Hao Xuan will make a fortune.

A lot of this information that Chen Haoxuan knew was reasoned out by his own wisdom. Because of Chen Hao Xuan's participation, the stock market in Rice has caught fire, and the stocks Chen Hao Xuan bought have been rising. Chen Hao Xuan bought them at a low price, while others bought them later, so no matter how much they bought, they didn't make as much as Chen Hao Xuan.

The stock market is full of talented people who also know how to speculate in stocks, and quite a few of them have found out why the shares of the herbal company have suddenly risen so high, so they have offered money to buy them.
