

A Reincarnation Chapter 51-60

Chapter 51

The flute was twenty centimeters long, a little bigger than the little finger, and of a beautiful greenish green color, like Hua Lingwei's, it was a beautiful work of art.

Chen HaoXuan knew that Zhou Kexin liked music, so he made a flute and prepared to give it to Zhou Kexin. Chen HaoXuan smiled and walked up to Zhou Kexin, handed the flute over and said, "This is for you."

Zhou Kexin was stunned at first, then she was overjoyed and quickly took the flute from Chen Haoxuan, saying excitedly, "Thank you, I like it very much." She now completely forgot about the jealousy she had just felt, she was addicted to Chen Haoxuan's hanging on to her, and the fact that Chen Haoxuan gave her a gift meant that she still had a place in Chen Haoxuan's heart.

"It's good that you like it." Chen Hao Xuan smiled, then took out a good thing from his satchel and gave it to everyone present.

Everyone had a gift, except Chen Yina, whose eyes were red. She was jealous of Zhou Kexin and the others, and at the same time she couldn't understand why brother Xuan, who loved her the most, didn't give him a gift.

Chen Hao Xuan saw Chen Yina's jealousy, he mysteriously said to Chen Yina: "Nana, your gift is being given to you in the evening, when you know what your gift is, I'm sure you will cry with joy." In fact, the gift Chen Hao Xuan prepared for Chen Yina began to prepare a long time ago, it can be said that he began to prepare on the first day he came to this century, I'm sure everyone has already guessed, yes it is a beauty product that can heal Chen Yina's face.

"Thank you, brother Xuan, I knew brother Xuan would not forget me." Chen Yina was happy.

Chen Hao Xuan left the satchel on the sofa and then at the bar in the warehouse, which he bought second-hand, he took a bottle of red wine and drank it. The bar is a place where Chen HaoXuan talks business with others, and he likes to drink while talking business with others. Chen HaoXuan, Yang Lin, and Zhang Qing were sitting on the bar, chatting.

He told Chen HaoXuan that when Chen HaoXuan was away, business was getting worse day by day, and it was obvious that most of the people who bought things** were coming for Chen HaoXuan. Now Chen HaoXuan doesn't care much about his online store, because he already has a more profitable business.

"Zhang Qing, you do it well, and when you become skilled, I'll give you this online store. Although this online store won't make much money, you can still make a few thousand dollars a month." Chen Hao Xuan patted Zhang Qing's shoulder and smiled.

When he heard Chen Haoxuan say that he was going to give him his online store, Zhang Qing was very excited.

Zhang Qing held Chen Haoxuan's hand tightly in excitement and said, "Little Xuan, is what you said true? Are you really willing to give me your online store?"

Chen HaoXuan pulled out his hand, he does not like to pull with a grown man, he said indifferently: "Yes! I told you when I pulled you into the fire that if you were dedicated to doing business with me, I would make you rich. Don't be so excited, it's just a small business."

At this time Yang Lin spoke out to Chen Hao Xuan, "Little Xuan, I heard Nana say that you have done a big business in the countryside, how much money have you made during this time?"

"It's not a lot, it's just over 200,000." Chen HaoXuan faintly said, this amount of money is indeed nothing in him, who was once a billionaire.

"Damn, you're not going to rob a *bank*, are you? Making that much money in one month, it's more profitable than selling flour (drugs)." Yang Lin was surprised, if Chen Haoxuan could make that much money in the city, he might believe it, but Chen Haoxuan made more than 200,000 yuan a month in the countryside, and he couldn't even think of what he could do to make that much money.

"It's nothing, in my eyes everything can make money, it just depends on how you run the business. For example, the 50,000 fish fry I'm raising in the countryside right now, I can make hundreds of thousands of RMB in a year just by relying on them. If I sell all of them, I will earn several hundred thousand RMB. With my other businesses, I calculate that if I keep looking for various businesses like this, I will earn several million RMB by the end of the year, or even more," Chen explained. Chen Haoxuan explained.

"Damn, I can earn a few million in half a year, still in the countryside, Little Xuan, are we still buddies? If so, bring me along to do business with you." Yang Lin was excited, and when he heard what Chen Haoxuan said, he didn't believe it either. He liked to hang out, either going to nightclubs or bars were very expensive places, which made him have to help people watch casinos to earn some pocket money.

"Tell me what you know," Chen Haoxuan smiled at Yang Lin.

Yang Lin scratched the back of his head and said awkwardly, "I don't seem to know anything else but to mix."

"I just said, in my eyes, everything can make money. You only know how to mix, so you should be familiar with the beauty spots. How about this! When I grow to a certain level, I'll open a few bars for you to manage." Chen Hao Xuan Dao.

"Damn, worthy of Hua Tianyu's prophecy of business genius, in the countryside in a period of time to earn hundreds of thousands of dollars, in the school can also do business, even the people think useless bum, you can let him play his advantage, honestly, I began to admire you. To be honest, I'm starting to admire you. That, Xiao Xuan, why don't you find me something to do too." Liu Junfeng also wanted to follow Chen Hao Xuan to get rich, he is already a senior student, he graduated in July this year, after graduation he will need to find a job.

He saw that Chen Hao Xuan's business is now booming, day by day, better and better, Zhang Qing, who just started to follow him, now got an online store as a gift from Chen Hao Xuan, where to find such a good boss! So he decided to hang out with Chen HaoXuan.

The first time I saw him was when I was a kid. Chen Hao Xuan spoke out, "Then are my good friends, I will get rich of course I will take with me, but need then can try to cooperate with me, otherwise we will break up in one shot."

"I also want to do business with you." Hua Lingwei also wanted to join in the fun, she could not use up her monthly allowance, money is just a number in her eyes, what she wanted was to have fun in the process of making money.

"I also want to do business with you, if you say yes, I can get my dad to support you strongly, so you can avoid a lot of detours." Zhou Kexin said in a delicate voice.

Chapter 52

"You two should just stop messing around, you have plenty of money at home. Besides, I need to find someone who has the desire to make money so that he will work hard for the sake of wanting to make more money." Chen Hao Xuan laughed and cried.

"Who says I don't want to make money? My dad is so stingy, he only gives me 10,000 RMB as pocket money every month, making me ask my aunt for money every time." Hua Lingwei was unhappy.

"Me too, Dad also limits my allowance, saying it's for our own good, just the last time I paid for you to accompany me to that businessman's party, I still borrowed that money from Weiwei, and I haven't even paid it back yet!" Zhou Kexin exhaled.

"I don't like to rely too much on others, I can only say sorry for your request, but if you really want to do business with me, then wait for a few years, when my business to be able to rival your family's group, I will work with you." He was the future, he had the most advanced knowledge in the world, and if he wanted to become a millionaire at once, it would be easy for him. But he would not do so, because he likes to pursue after everything he does.

"Hmph, you just don't want to take me with you to do business, that's why you deliberately made the excuse, hmph, hate you." Zhou Kexin snapped, Zhou Kexin didn't actually want to do business with Chen Haoxuan, he wanted to have more time together with Chen Haoxuan.

Zhou Kexin and Hua Lingwei were both very unhappy, and they took a bottle of Chen Haoxuan's most expensive red wine and drank it to ease their worries.

Chen HaoXuan returned to XinShan City again today, he was in a good mood, so he personally cooked a table of good food. After lunch, Zhou Kexin and Hua Lingwei were both drunk, and Chen was the only one who knew them well enough to send them home.

Chen HaoXuan drove Zhou KeXin's Ferrari to send them back, Chen HaoXuan drove Zhou KeXin and Hua LingWei to Zhou KeXin's home, hard Zhou KeXin and they are not so drunk that they can't stand up, otherwise Chen HaoXuan will need to carry them home.

Chen HaoXuan called out the nanny of Zhou Kexin's house and asked her to hold Zhou Kexin while he held Hua LingWei, but he didn't expect Zhou Kexin to be jealous when she was drunk. It's not just a matter of time, it's also a matter of time before you have a chance to get to know each other.

"Chen Hao Xuan, I - I like you, do you like me?" Zhou Kexin hugged Chen Haoxuan's neck tightly, her face red, her eyes very confused, obviously not pretending to be drunk.

The nanny on the side of the side of the nanny looked at their lady in amazement, their lady has always been very cold to men, 20 years old never heard of her liking any boy, even her boss is anxious about this, not for fear that Zhou can not marry out, but for fear that Zhou Kexin is a lesbian. But now she was surprised to see their noble lady jumping into the arms of a boy and confessing her love to him.

"You're drunk." Chen Haoxuan said to Zhou Kexin.

"I'm not drunk, I'm telling the truth, from the day I pretended to say I liked you, I've liked you since that day, I wasn't that deep at first, but when you almost died in the river to save me that time, I fell in love with you, Chen Haoxuan, I like you, I love you, promise me! Be my boyfriend!" Zhou Kexin said to Chen Haoxuan with great emotion.

Chen Hao Xuan deliberately distracted the topic, he shouted to Zhou Kexin's nanny, "Auntie, help her back to her room, I can't help them both." Zhou Kexin and Hua Lingwei can now be said to be

completely hung up on Chen Haoxuan, don't look at them as girls, but the two together are more than two hundred pounds, can't they be tired?

Zhou Kexin's nanny heard Chen Haoxuan's words and felt like going up to help Zhou Kexin, but Zhou Kexin just wouldn't let go, she just hugged Chen Haoxuan tightly and refused to let go. "I want Chen HaoXuan, don't pull me away" Zhou Kexin's voice took away the plea, it seems that she loves Chen Haoxuan already very deeply.

Hua Lingwei was most comfortable as she leaned into Chen Haohuan's arms and fell asleep, smiling from time to time, not knowing what beautiful dreams she had.

At that time, Zhang Ruolan, who was walking in the garden, just happened to pass by the gate and saw her daughter hugging Chen Haoxuan, and she smiled, because her daughter finally liked boys and no longer had to worry about her being a lesbian. As she approached, she realized that her daughter's face was as red as a ripe apple, and she quickly walked over and asked anxiously, "What's going on? Why are Kosin and Vivian's faces so red?"

"Auntie, they've been drinking too much, can you help take them back to Kosin's room?" Chen Haoxuan awkwardly said to Zhou Kexin's mother, Zhang Ruolan.

"Wang Ma, let's help Weiwei to go to Zhou Kexin's room." Zhang Ruolan said to Wang Ma, and then to Chen Hao Xuan: "Xiao Xuan ah! You help Xin back to her room by yourself!" It is obvious that Zhang Ruolan is trying to set up Chen Haoxuan and Zhou Kexin, and she has heard his husband tell her about Chen Haoxuan, she feels that Chen Haoxuan is a very motivated person, and she can judge Chen Haoxuan's ability from his recent business tactics in the countryside.

Zhang Ruolan and Wang Ma helped Hua Lingwei to Zhou Kexin's room, leaving Zhou Kexin and Chen Hao Xuan at the front door. Chen Hao Xuan turned his head helplessly to Zhou Kexin and said, "Let me help you back to your room."

"I don't, you haven't promised me - to be my boyfriend!" Zhou Kexin reluctantly, as if she must get Chen Haoxuan's approval of her today.

"Although I've known you for two months, we've only been together for a week or two at most, and in such a short time - you've fallen in love with me, aren't you afraid that I'll think you're a very casual girl?" Chen Haoxuan helplessly told Zhou Kexin.

"I know my time to fall in love with you is too short, but I can't help it! I'm just so hopelessly in love with you, I miss you every day, I look forward to seeing you every day, and every time I think about how cold you are to me, I'm sad, woo, and I don't know why I love you so much, I can't help it, woo" Zhou Kexin actually cried as she spoke, tears are not deceiving, she is really in love with Chen Haoxuan.

"I also know that you like me, but the problem is that I don't know you very well." It's not that Chen Hao Xuan doesn't like beautiful women, he doesn't want to find those girls he doesn't love, he wants to find the ones he likes, so that he can be happy together.

Chapter 53

"Then let me stay by your side so you can get to know me soon, okay?" Zhou Kexin was excited, her eyes were all different when she said this, especially God.

"You deliberately stay by my side every day, I can't see the real you even more, I think it's better to let nature take its course, if we are destined to be together, maybe I will really like you." Chen Haoxuan joked.

"Really? Is it really possible that you could fall in love with me? Great, Chen Hao Xuan, I love you." Zhou Kexin was delighted, and she thought that Chen's words implied that there was hope for her, because Chen didn't reject her. Zhou Kexin suddenly kissed Chen Haohuan on the lips after she finished speaking, she could not help herself.

Chen Haohuan covered his mouth and pretended to be very sad: "Ooh, you took advantage of me again."

"You're so annoying." Zhou Kexin petulantly patted Chen Haohuan's chest and said coquettishly.

"Alright, alright! Let me help you back to your room." Chen Haoxuan to Zhou Kexin.

"No, I want you to carry me back to my room, or I won't go back." Zhou Kexin said petulantly, probably because she drank wine, making her very bold today, if it was like this in the past, it would be difficult for her to say anything, unlike now she seemed to be very natural.

"Alright! My aunt." Chen Hao Xuan said with both hands and picked up Zhou Kexin and walked towards the house.

Zhou Kexin hugged Chen Haoxuan's neck and leaned her head on Chen Haoxuan's bosom, she closed her eyes, she was listening to Chen Haoxuan's heartbeat, she felt Chen Haoxuan's tenderness, she felt so happy at this moment, she thought if time could stay at this moment, no matter what she had to give she would be willing.

The villa of Zhou Kexin's family is very big, after all, her father is the richest man in Xinshan City, of course, will not live in a small villa. Chen HaoXuan walked for five minutes before sending Zhou Kexin to her room, Zhou Kexin's mother and Wang Ma are still in Zhou Kexin's room, they saw Chen HaoXuan warmly carrying Zhou Kexin in, and Zhou Kexin's expression is those happy, can't help but think that Chen HaoXuan is not with Zhou Kexin.

"Xiao Xuan! Just put Kexin on the bed." Zhang Ruolan smiled at Chen Haohuan.

"Oh." Chen HaoXuan gently put Zhou KeXin on the bed, but when he let go, he found that Zhou KeXin was still hugging his neck and didn't let go, and when he looked up at Zhou KeXin, he found that she closed her eyes and seemed to be asleep.

Zhang Ruolan, who was next to him, joked: "Look, my daughter can't bear to leave you! I think you should let her cuddle with you and sleep with you."

"I talked with her today, I drank with her, and now you're asking me to sleep with her, so I'm not a triple companion?" Chen Hao Xuan also joked, he gently separated Zhou Kexin's fingers one by one slowly, after separating, Chen Hao Xuan gently helped Zhou Kexin cover up the blanket.

The company's main business is to provide a wide range of products and services, and to provide a wide range of products and services to the public.

"Little Xuan, come, have a nice chat with your aunt in the living room." Zhang Ruolan waved to Chen Hao Xuan and whispered.

Chen Hao Xuan walked out of Zhou Kexin's room, Zhou Kexin's family had a nanny, so he didn't need to stay and take care of her. Zhang Ruolan pulled Chen Hao Xuan to the living room, Wang Ma made two cups of coffee for Chen Hao Xuan and Zhang Ruolan, and went to the kitchen, saying that she was going to make ginger soup for Zhou Kexin and the others.

After Zhang Ruolan took a sip of coffee, she smiled at Chen HaoXuan and said, "Little Xuan! I'm sure you can tell that our family Kexin likes you very much, and her father and I are very happy with you, and if you can really be with Kexin, we will be very happy, I don't know if you like our family Kexin?"

Chen Haoxuan is speechless, no wonder Zhou Kexin always speaks straightforwardly, so it is genetic.

"Auntie, I believe you also hope that your daughter will have a happy future, right! I've only known your daughter for two short months, and you haven't known me for very long, and I haven't known you for very long either. You are so anxious to marry your daughter to me, aren't you afraid that I am a bad person? Even if I'm not a bad person, I want to find a partner I love as much as your daughter does. Your daughter loves me, but the problem is that I am not in love with your daughter yet. If we are forced together, do you think we will be happy? So for the sake of your daughter's happiness, let's just let nature take its course." Chen Haoxuan spoke out.

"All right! I won't push you any further, but you really have to consider our KeXin well. Our KeXin is smart and beautiful, and she is also a daughter of a thousand gold, equivalent to an ancient princess. Zhang Ruolan still wanted to say more good words for her daughter.

Chen Hao Xuan and Zhang Ruolan chatted for an hour or two before Chen Hao Xuan left. Chen Hao Xuan now couldn't wait to go back, because he had a very important thing to do, and that was to give the beauty products he had made to Chen Yina, so that Chen Yina could restore her supposedly handsome face.

Chen Hao Xuan stopped a cab to go back, and when Chen Hao Xuan got back to his place, Yang Lin and the others had already left, and Chen Yina was washing the dishes.

Chen Hao Xuan lay comfortably on the sofa, and said loudly to Chen Yina who was washing the chopsticks, "Nana, you wash quickly, I have something good to give you."

"What is it?" Chen Yina who was washing the chopsticks asked curiously, her hand could not help but speed up, she was eager to see the gift Chen Hao Xuan gave her soon.

"I won't show it to you until I finish washing the chopsticks, hehe" Chen Hao Xuan joked.

After Chen Yina washed the chopsticks, Chen Yina ran to Chen Hao Xuan and sat down next to Chen Hao Xuan, looking at Chen Hao Xuan with expectant eyes and said, "What is it? Take it out, come on!"

Chen pointed to a small bottle on the tea table and smiled, "Look, what's that?"

Chen Yina took the small bottle that was placed on the table, it was a very ordinary small bottle, Chen Yina had thought that Chen Haoxuan would give her something nice! I didn't expect it to be an ordinary little bottle. Chen Yina whispered, "So it's a small bottle!"

From Chen Yina's voice, Chen Hao Xuan heard the loss, Chen Hao Xuan proudly explained: "You can't look at this ordinary vial, he is something that money can't even buy. All right! You look so anxious, I'll tell you if I'm afraid you'll get anxious! In fact, this is a bottle of beauty products, he contains the life essence of the factor of new energy efficiency, can act directly on the core of the cell, start cell activity, can lock the skin moisture, can improve the skin cell texture, refreshing, not greasy can quickly moisturize the skin.

It can lock the moisture of the skin, improve the skin cell texture, refreshing and non-greasy, and quickly moisturize the skin. It makes the skin more elastic and lustrous, effectively reduces wrinkles, promotes the natural cell metabolism, and restores the skin's elasticity, vitality, smoothness, and youthfulness. You use him, I'm sure it won't be long before you become a stunning beauty."

Chapter 54

"Really? Can this stuff really get rid of my zits and scars on my face?" Chen Yina was ecstatic, she never dreamed that the pimples and scars on her face could be removed, if what Chen Haoxuan said was true, then she would have the courage to love Chen Haoxuan, because she was no longer an ugly girl.

"Of course, when have I ever lied to you, I've studied this stuff for a long time and checked a lot of information before making it, and it's absolutely not a bit dangerous, so use it if you believe me. To be honest, I'm looking forward to seeing how you look when you return to your looks." Chen Hao Xuan smiled.

"Brother Xuan, you are so good to me." Chen Yina hugged Chen Hao Xuan in a moment of excitement.

The first thing you need to do is to take a look at the product and make sure that you have a good understanding of the product. What's going on in your head, sister! Be calm, be calm." In his mind, he said calm, but his hands were uncontrollably slowly hugging Chen Yina's small waist.

Chen Yina's body first stiffened, then her whole body relaxed, her heart was sweet and she felt so happy, it was the first time she was hugging Chen Haoxuan like this, she liked this strange feeling. Chen Hao Xuan took the initiative to hug her small waist, which made Chen Yina more confident, she made up her mind, after the pimples and scars on her face disappeared, she will confess to Chen Hao Xuan.

The first time he hugged her, Chen HaoXuan hugged and kissed her, and Chen HaoXuan also hugged and grabbed her shuangfeng, Chen Yina is now the first time to hug her, Chen HaoXuan hugged Chen Yina's feeling is completely different from the feeling of hugging Zhou KeXin and the others.

He was afraid that he might do something he shouldn't do, because he had the urge to possess Chen Yina. Chen Hao Xuan gently pushed away Chen Yina, smiling and joking: "Look at you excited, if I give you one more thing, you will not derp in return."

Chen Yina blushed, lowered her head, and said shyly, "If you like me, I'll marry you, too." Unlike Chen Yina, who was joking, what Chen Haoxuan said was true.

"No more joking with you, let me tell you how to use this beauty product! This is similar to ordinary beauty products, all with touch, you use the best time to touch before going to bed at night, remember to touch evenly, until the next morning when you get up, rinse with water, slowly wipe off with your hands can be, never use a towel, that will hurt your skin.". Chen Haoxuan carefully reminded.

"Well, I remember, but can you help me touch it tonight! So that I can know roughly how much to touch." Chen Yina looked at Chen Hao Xuan with expectant eyes.

Of course Chen Haohuan wouldn't refuse this little thing, so he agreed without even thinking about it. "Well, no problem." Chen Hao Xuan should say.

The matter of the online store was temporarily handed over to Zhang Qing, and those businesses in the Chen Village didn't need to be managed by Chen Hao Xuan for the time being, but because Chen Hao Xuan was back today, Chen Yina deliberately took a day off. The two of them had nothing to do, so they watched TV.

Chen Hao Xuan was watching TV, but Chen Yina couldn't watch it at all, she kept thinking about her and Chen Hao Xuan, she was wondering if Chen Hao Xuan would like her after she became beautiful. The more she thought about it, the more she was torn, and she simply spoke up and asked Chen Haohuan, "Brother Xuan, do you like Zhou Kexin and Hua Lingwei?"

Chen Hao Xuan's eyes looked at the TV, his mouth replied: "They are all beautiful women, how can they not like it, your brother Xuan I am not sexually impotent."

Chen Yina's heart was tight, Chen Haoxuan actually liked Zhou Kexin and Hua Lingwei, then what should she do? Did she give up? She has been secretly in love with Chen Haoxuan for so many years, and just let her give up like this, can she be willing?

"Will you marry them?" Chen Yina asked nervously.

"There are many kinds of people who like them, and everyone likes good-looking things. Chen Hao Xuan said while watching TV.

When I heard this answer from Chen Hao Xuan, Chen Yina's mood was suddenly sunny, and Chen Yina asked: "Brother Xuan, what kind of wife do you want to marry in the future? Can you tell me?" This is the answer Chen Yina wants the most.

"Just the way our Nana is, I like her the most, kind and lovely, whoever marries you our Nana is the happiest man in the world." Chen Haoxuan joked.

Excited Chen Yina grabbed Chen Haoxuan's hand at once, she was too excited, she did not expect Chen Haoxuan to like her so much, she was overjoyed, "Brother Xuan, if I marry you, will you marry me?" Chen Yina finished leaning on Chen Haoxuan's shoulder, she didn't dare to look at him, she was very shy now, her face was very red, the temperature was higher than a fever.

The first time I saw her, she was so shy that she could not even look at him. Chen Hao Xuan was shocked in his heart, and secretly said, "Is Nana in love with me? What to do? I've always treated her as my sister, and her family also thinks that my relationship with Nana is brother and sister, if Nana's family knows about it, then I won't be scolded to death by her family for being an overseer."

After not seeing an answer from Chen Haohuan for so long, Chen Yina could not help but push Chen Haohuan, urging, "Brother Xuan, you say it! I am very curious to know."

Chen Haoxuan pretended not to be aware of Chen Yina's hint, he reached out and touched Chen Yina's head and gently said, "You are my sister, how could you possibly marry me!"

Chen Yina got angry, she turned around and whispered, "I'm not your real sister, why is it impossible?"

Chen HaoXuan pretended not to hear and continued to watch TV, but how could he still be in the mood to watch TV at this time! Chen Yina is in love with him, how should he deal with it? After the pimples and scars on her face disappeared, he vouched for her, saying that she is a beautiful woman, and that she is gentle and kind.

The problem is that he has always thought of Chen Yina as a sister, and he also thought that Chen Yina has always thought of him as a brother, but Chen Yina has fallen in love with him? What to do?

Chen Haoxuan pretended to watch TV, and Chen Yina kept her head down because of what Chen Haoxuan had just said, which caused her to be silent.

Chapter 55

By 8:00 p.m., Chen Yina was eager to have Chen Hao Xuan teach her how to use the beauty products Chen Hao Xuan had made. The first thing he did was to rub the cream onto her face little by little, and then he massaged her face with his hands while helping her to spread the cream evenly.

"Well, thank you brother Xuan." Chen Yina sweetly said.

"That's fine I'll leave, if you need anything, call out to me." Chen Hao Xuan Dao.

"Wait, Brother Xuan, can you stay with me for a while longer, you have nothing to do anyway." Chen Yina's pleading tone.

"I still need to look up some information on the internet, so listen to a song if you're bored." Chen Hao Xuan said he stood up and turned around to leave. Today, Chen Yina hinted to him that he liked her, and he was worried that she loved him more and more, and for the sake of unnecessary trouble, he didn't want to be too intimate with her for fear of causing him misunderstanding.

Chen Hao Xuan left, Chen Yina stared at the light in the room, her expression couldn't see that she was lost, because her face was smeared with black ointment, but her eyes could see that she was lost and sad inside. She was lost because Chen Hao Xuan deliberately found excuses not to accompany her, and she was sad because Chen Hao Xuan always treated her like a sister.

She didn't want to be a sister, she just wanted to be Chen Hao Xuan's wife, so that she could stay with him forever.

The place where Chen Hao Xuan lives is a converted warehouse, which feels good when there are many people, but lonely when there are few people. Chen Hao Xuan is now staring at the ceiling, looking at the high ceiling, Chen Hao Xuan reminds him of his days in the future century, he is a little homesick.

The next day, when the day dawned, Chen Yina couldn't wait to get up, wash her face with water, and after washing her face and brushing her teeth, she went to the bathroom to look in the mirror.

Chen Yina happily bounced to Chen Haohuan's room and shouted loudly, "Brother Xuan, it's great, the scars and zits on my face have faded a lot, I want to use the beauty products you gave me a few more times, and I'll be, a beautiful woman."

"Ahhh-." Chen Hao Xuan hit a few ahhs, he was woken up by Chen Yina, confused, "Nana, what's the matter! What a fuss."

"Brother Hen, look, look at my face, the pimples and the scars from the zits on my face - are they much darker?" Chen Yina stuck her head in front of Chen Hao Xuan and was happy.

It is a very important part of your life that you have a good understanding of what you are doing and how you are doing it. The first thing you need to do is to take a look at the clothes you're wearing, and you'll be able to see what's going on.

Chen Hao Xuan was already just waking up, and his sleepiness hadn't disappeared yet! So he is still confused, plus seeing the inside of Chen Yina's collar, he couldn't help but exclaim, "Wow-, it's so big."

Chen Yina was first stunned, she was wondering why Chen Haoxuan suddenly said it was so big, did she have a big pimple on her face? She suddenly noticed that Chen Haoxuan seemed to be staring at her neckline, she looked down and a piercing scream escaped her throat: "Ah-." Chen Yina covered her chest and ran out with a red face.

Chen Yina had just looked down at her neckline when she suddenly found that her shuangfeng was completely displayed in front of Chen Haoxuan's eyes, and she herself could see it clearly, not to mention that Chen Haoxuan, who had such a good angle, must have seen it more clearly than she did.

Looking at Chen Yina's departing back, listening to the screams that were still echoing in the room, Chen Hao Xuan forcefully slapped his forehead and said, "Damn, did I fall again."

"I didn't expect Nana's breasts to be that beautiful." Then Chen Hao Xuan sighed, look at all, his memory is so strong want to forget such a momentary picture, it is very, very difficult for him. It's not even possible to forget, then simply admire it, anyway, he did not see it on purpose.

At this moment, Chen Yina is hiding in her room, she is hot, she is not feverish, she is too shy. It's not a big deal to hug or kiss Chen Hao Xuan, but it's a big deal to show your body to him. She was worried that he would suspect that she was showing it to him on purpose, so she was worried that he would think she was a bad woman.

Waking up all awake and dawn, Chen Haoxuan simply got up, he washed his face and brushed his teeth and came out, he hadn't seen Chen Yina, if it was before, at the moment Chen Yina must be making breakfast. "Is she still shy? Or are you mad at me?" Chen said to himself.

"Nana, are you there?" Chan shouted loudly.

"Well, I'm here! You make your own breakfast! I'm a little uncomfortable, and I want to sleep some more." Chen Yina said in a delicate voice.

Chen didn't bother to ask why Chen Yina was uncomfortable, he knew that girls would have a few days of uncomfortable periods every month. When the noodles were cooked, he called out to Chen Yina: "Nana, breakfast is ready, come out and eat, we still have to go to school later."

This time, Chen Yina had to come out, her face was as red as it was just now, she sat across from Chen HaoXuan to eat breakfast, she kept her head down, not daring to look at Chen HaoXuan.

He said, "I don't see anything clearly, because I just woke up and my eyes were confused. Did you see a cockroach?" Chen Hao Xuan is playing dumb, only then Chen Yina will not be embarrassed.

Now there are steps, of course, Chen Yina will cooperate with Chen Hao Xuan, she also acted silly, embarrassed smile: "Oh, I've been afraid of cockroaches since I was a child, this is you know."

"It's not a problem, some day your brother Xuan will buy a fly swatter, see one and swat it to death, humph, dare to scare my Nana, I'll beat him to hell." Chen Hao Xuan joked.

Chapter 56

If Chen Yina had a choice, she would rather live in the old humble tiled house, because if she lived there, Chen would get up on his bike and give her a ride, and she would be able to hug Chen HaoXuan tightly and lean on his strong back.

When he arrived at the school, he walked into Class 8 of the Business Administration Department, and as soon as Chen entered, he saw Zhou Kexin arguing with one of the female students in his class.

"Chen HaoXuan said he doesn't like you, and you still pester him all day long, and don't let others like Chen HaoXuan, you are so domineering! I tell you, don't think you can do whatever you want just because you're a thousand-year-old lady. An obese girl, pointing at Zhou Kexin, scolded in exasperation.

After hearing the fat girl's words, Chen HaoXuan, who had wanted to enter the faculty, turned around and left. The fat girl he knew, called Sun Yan, was a tough girl, and when she launched her temper, even Yang Lin did not dare to provoke her. As for her looks, it wasn't that Chen Hao Xuan was demanding, but that she was too bad looking! Big head, small eyes, big nostrils, thick lips This kind of girl, even if you take off your clothes and lie down to let Chen Hao Xuan have sex with her, Chen Hao Xuan can't do it, it's unbearable!

When she came in, Chen Yina was behind Chen Hao Xuan, so she didn't hear the voices in the classroom. When she saw Chen Hao Xuan turn around and walk out of the classroom, she couldn't help crying out, "Brother Xuan, where are you going?"

Chen Haoxuan quickly stretched out a finger in front of his lips and whispered, "Void, don't be so loud."

Pity! The students of Class 8 all saw Chen Hao Xuan, and when Chen Yina saw Chen Hao Xuan, she immediately revealed a sweet smile, she quickly walked toward Chen Hao Xuan, smiling and shouting, "Chen Hao Xuan, you finally came to class!"

Having been discovered, it would be rude to hide, Chen Hao Xuan turned around and smiled, "Well well, it's been so long since I've been to class, I'm here to tutor today."

When Sun Yan saw Chen Hao Xuan coming, she directly and loudly said to Chen Hao Xuan: "Chen Hao Xuan, I like you."

Chen Hao Xuan cryptically said, "Oh, thank you."

Hahaha, the students in the class were laughing, if it was a beautiful woman confessing to Chen Hao Xuan, it was normal, they would only envy not laugh, but a girl like Sun Yan was so kind to confess to Chen Hao Xuan, this made them couldn't help but laugh.

When she saw that everyone in the class was laughing at her, Sun Yan was very angry, she put her hands in her waist and roared: "What are you laughing at? Huh."

"See! I told you that Chan Ho Hin won't like you, you! It's better to go back and look at yourself in the mirror and reflect on why Chen Haoxuan won't like you." Zhou Kexin proudly said to Sun Yan.

"It's useless for you to be pretty, why don't you see Chen Hao Xuan likes you! Humph, just a vase." Sun Yan bullishly yelled at Zhou Kexin.

He Haoming, who had been chasing He Haoming in order to get Zhou Kexin's approval, stood out, and he yelled at Sun Yan, "Sun Yan, if you yell at Kexin again, do you believe I'll find someone to kill you, you mother."

"If you have the ability, come on! I'm afraid of you! It's great to have money"! Sun Yan's talent for cursing was inferior to that of all the students in class eight.

Chen HaoXuan doesn't like to see others quarreling, and he was annoyed when he saw him, so he took Chen Yina's hand and left the classroom, and Zhou KeXin also followed him.

He Haoming was fighting with the female bully for her, but now, Zhou Kexin didn't even look at him, and followed another man. He Haoming's heart was so angry! If Zhou Kexin were not the daughter of the Zhou Group, if Zhou Kexin were not a beautiful woman, he would absolutely destroy Zhou Kexin, the flower.

"Hey-, Chen Haoxuan, where are you going?" Zhou Kexin, who was following Chen HaoXuan, shouted out.

Without turning back, Chen Hao Xuan responded, "Library." With Chen Hao Xuan's intelligence, he could learn it all by himself if he was given the materials, without being taught.

"Brother Xuan, it's better if you go by yourself! I won't go, I'm worried that the teacher will take names." Chen Yina stopped in her tracks. She was a third-good student, and she wasn't like Chen Haoxuan, who had basically not seen him since he lost his memory.

"Then you go! Call my cell phone if you need anything, yo." Chen Hao Xuan waved his hand to Chen Yina.

Chen Yina walked away and was most happy with Zhou Kexin so she could be alone with Chen Hao Xuan. Zhou Kexin quickened her pace and walked side by side with Chen Haohuan. She said to Chen Hao Xuan in a delicate voice, "Chen Hao Xuan, I heard Wang Ma say that you and my mother talked for a long time yesterday, what did you talk about?"

"It's nothing, we just talked about some business matters." Chen Haoxuan faintly said.

"I don't believe it, you must have chatted with my mom about other things, that thing must not be business." Zhou Kexin exhaled, in fact, she was pretending, she knew what her mother and Chen Hao Xuan talked about yesterday, because her mother told her, she now just wanted to see Chen Hao Xuan's reaction, did not expect Chen Hao Xuan to be so disrespectful to her.

"If you don't believe me, forget it, by the way, you're a class president, why are you running out? I'm not afraid that the teacher will give you a big demerit!" Chen Hao Xuan Dao.

"No way! Don't tell me that the teachers don't dare to remember my faults, even the principal doesn't dare, because my dad knows a lot of people in the bureaucracy, so they don't have the guts." Zhou Kexin proudly said, "What's the meaning of bullying people, this is.

To the library, Chen Hao Xuan stored his satchel in the cabinet at the door, and then walked into the library, Chen Hao Xuan went directly to the place about technology, he wanted to understand this modern electronic software, to see if we can rely on modern electronic software to create some high-tech products out.

Zhou Kexin didn't come to read at all, she was like a follower, she followed wherever Chen Haoxuan went. The first thing I noticed is that there are a lot of people who have a crush on her, and there are a lot of guys who come to her to look for books on purpose.

The first time I saw a book I needed, I held it in my arms and added it one by one, and before I knew it, Chen HaoXuan was holding more than thirty books.

"Chen Haoxuan, you're holding so many books - can you finish reading them?" Zhou Kexin asked curiously.

"You'll know if I can finish reading it later." Chen HaoXuan smiled mysteriously.

Chen Haohuan felt that enough was enough, so he carried the book to a table and began to sit down to read. The reason he was able to read so fast was because there were many things in the book that he understood, and with his super brain's rapid absorption, it was hard not to be fast.

Chapter 57

Zhou Kexin sat next to Chen Hao Xuan, lying on the table, tilting his head to look at Chen Hao Xuan, she felt that Chen Hao Xuan serious look very handsome, very attractive.

The people who are pursuing Zhou Kexin's business, when they saw that Zhou Kexin was so infatuated with Chen Hao Xuan, they felt pity for Zhou Kexin. If Zhou Kexin can treat them like Chen Haoxuan, they will be willing to go to the eighteenth level of hell.

In fact, if Zhou Kexin had not been so selfish in the beginning, Chen Haoxuan might have fallen in love with her. Zhou Kexin wanted to use Chen Haoxuan as a shield, which made Chen Haoxuan's first impression of her to be a nuisance, thinking that Zhou Kexin was too selfish and disregarded the safety of others for his own sake. It was only when she was forced by He Haoming to say something like that that she said it in a rush. Perhaps it was fate that tricked her into saying something that was not true and she really fell in love with Chen Haoxuan.

Chen HaoXuan is like a machine, running non-stop, always doing the same action, and when it's time to eat, Chen HaoXuan doesn't even know it. The most beautiful thing to look at for a long time will also be annoying, Zhou Kexin did not eat breakfast today, the stomach was hungry early, she wanted to wait until Chen Hao Xuan read out, and then invited Chen Hao Xuan to eat a couple of meals, did not think that Chen Hao Xuan look endless, noon more than 1 o'clock, he is still watching, her readers are hungry and began to scream.

Zhou Kexin finally couldn't help but speak out to Chen Hao Xuan: "Chen Hao Xuan, it's noon, let's go to eat, shall we?"

"Ah-, it's noon so soon! Time flies, and I still have a few books to finish, so go eat yourself! Don't mind me." Chen Haoxuan said and went back to reading the book.

"Hmph, just know to read a book, book nerd, starving you." Zhou Kexin muttered quietly, she didn't know how long it would take for Chen HaoXuan to finish the book, her stomach couldn't wait any longer, so she simply left Chen HaoXuan alone and went to the cafeteria to eat by herself.

He had already learned a lot about the technology of this era, and if he wanted to rely on modern technology to make high-tech products, he had to make many electronic parts separately.

He also has a factory that produces cell phones, and with his help, Chen HaoXuan can avoid a lot of trouble. Now the only function of the most advanced cell phone is MP3 function, color screen phone.

In the past few years, there have been a number of cases in which the company's employees have been forced to take advantage of the company's ability to provide services. The first is to take it to Zhang Tianqi's cell phone city to sell, and then the world's most advanced cell phones will be ruthlessly eliminated by him. What color screen phone, flip phone, all no technical content. The all-around cell phone is the king of cell phones.

When Chen Hao Xuan got up, he found that there was a notebook on the table opposite him. Curious, Chen HaoXuan took the notebook, opened it, the first page written a name "Zhang Bening" Chen HaoXuan did not know the girl, he flipped the notebook found that it is written about life, what human nature, human desire, There are a lot of them.

Chen HaoXuan feels quite interesting, because this notebook contains Zhang Bening's own life views, some of Zhang Bening's life views are very simple, some are very complex, When Chen HaoXuan turned to the middle, there was no more, and the last page of Zhang Bening's record said, "What is the purpose of living?"

Chen HaoXuan smiled, took out the pen he had with him, and wrote a few words in Zhang Bening's notebook, "Live to enjoy life."

Chen HaoXuan put all the books he had just finished reading back on the original shelf before he left. When Chen Hao Xuan arrived at the cafeteria, there were very few people eating anywhere, so Chen Hao Xuan ordered a rich lunch and sat down to eat in the cafeteria.

At this time, Yang Lin came running, and when he saw Chen Hao Xuan eating in the cafeteria, he shouted happily, "Little Xuan, I finally found you."

Chen Hao Xuan raised his head and said to Yang Lin, "What do you want from me?"

Yang Lin sat across from Chen Hao Xuan and excitedly said to Chen Hao Xuan, "Little Xuan, I'm going to the casino tonight, are you going?"

"I advise you to gamble a little less," Chen Haohuan advised.

"I know! It's not like I gamble a lot, I just gamble once in a while, and I tell you yo, I had a good hand yesterday and won over \$20,000, hehe, awesome!" Yang Lin smiled proudly.

Chen HaoXuan thought about it, and felt that it was a good idea to win some money. Anyway, he was a man from the future, and he didn't know much about the backward gambling techniques of the 21st century, but he was sure that he could see through all the gambling tools of the 21st century. He now wants to open a cell phone factory, need a lot of capital, go to win some money to increase the investment, seems to be a good choice, anyway, the winnings are those who opened the casino black-hearted money.

"Okay, I'll go with you in the evening." Chen Haoxuan smiled.

"Yea, great, you bet with me tonight and I guarantee you will win big because I have had very good luck these past few days." Yang Lin excitedly said.

Chen HaoXuan didn't say anything, just a faint smile, luck is optional, Chen HaoXuan didn't dare to bet with Yang Lin.

In the afternoon, Yang Lin and Liu Junfeng both followed Chen HaoXuan to class 8 of the School of Business Administration. The students of class 8 looked at Chen HaoXuan in a different light.

He was also a member of the Board of Trustees of the University of New Jersey.

Chen HaoXuan still sat in the last row of the classroom, with Chen Yina on her left and Zhou Kexin on her right. "If we don't like it, let those we do like sit." He wisely chose to give way so that no one would suspect him of being gay.

"Chen Haoxuan, will you go shopping with me tonight?" Zhou Kexin looked at Chen Haoxuan with expectant eyes.

Chapter 58

"I'm sorry, I promised Yang Lin to go out with him tonight." Chen Haoxuan apologized to Zhou Kexin.

"Then I'll go too." Zhou Kexin said expectantly.

"Little Xuan and I are going to the casino, it's dangerous for you to go to those places alone as a girl, you'd better not go." Yang Lin explained.

"You all can go, why can't I go, I don't care - I want to go too." Zhou KeXin was spoiled.

Don't tell me that you won't take Zhou Canxin, even if Chen Yina wanted to go, Chen Haoxuan wouldn't agree, because those places are very chaotic, and there are often fights and robberies going on.

After discovering that she had left her notebook in the library, Zhang Bening rushed back to the library, but fortunately her notebook was still there, she opened her notebook and found that the last page read: "To live is to enjoy life. She opened her notebook and found that the last page read: "Live to enjoy life". It seems to make sense! It's better than what I've heard before about living to experience life." Zhang Bening said to herself.

On a whim, asking this mysterious person to help her solve the questions in her heart, Zhang Bening ran to the store in her university, bought a notebook, and then wrote down all the questions she couldn't figure out on her own. Zhang Bening then returned to the library and put the notebook on the table inside the library. She was familiar with the librarian, and she told him not to take away the notebook she had put on the table.

In the afternoon, after school, Yang Lin and Liu Junfeng both ate at Chen Haohuan's residence, finished their meals, chatted for a while, and then went out together. Yang Lin took Chen Haohuan and Liu Zhifeng to a luxurious nightclub. At the entrance, Yang Lin said to Chen Haohuan: "The basement of this nightclub is the casino, and their casino only deals with acquaintances. Don't worry, I'm familiar with them, I'll bring you here and you'll be able to go in."

"Is this casino legit? I've heard that there are a lot of casinos that are so unregulated that if you win too much money, they'll come after you!" Chen Haoxuan asked Yang Lin worriedly.

"The owner of this casino is a big man, and unless you win tens of millions of dollars, he won't even bother you if you want him to." Yang Lin proudly said to Chen Haoxuan.

"That's good, let's go! Let's go in." Chen Hao Xuan.

After Yang Lin took Chen Haoxuan and Liu Junfeng into the nightclub, he walked up the stairs, only to be greeted by Yang Lin waving to the wall, "Hey, it's me Yang Lin, these two behind me are my friends and want to play a few games!"

Just as Chen Haoxuan wondered if Yang Lin was stupid, a wall at the top of the stairs actually opened, and inside was a long corridor.

"Let's go!" Yang Lin proudly led Chen Hao Xuan and the others into the casino.

After a long corridor and several turns, they finally arrived at the casino Yang Lin said, but it wasn't as smoky as Chen Hao Xuan thought, the air was very clear, and there were many people gambling in it, Chen Hao Xuan estimated that there were at least several hundred people.

"This casino is luxurious, isn't it! Let me tell you yo, all the other casinos in Xinshan City are smoky, but this is the only one with the best air, because this is where the rich come, and if you're worth less than 100,000 RMB, you're not even qualified to come in." Yang Lin introduced.

"Then why are you able to come in?" Liu Junfeng asked curiously.

Yang Lin held his head high and said proudly, "Of course I can come in! Because my former big brother is here to watch the scene."

Then Yang Lin advised Chen Hao Xuan and the others to go gambling, Chen Hao Xuan came prepared today, he brought 10,000 RMB in cash.

Yang Lin took Chen Hao Xuan and the others to the gambling place, Yang Lin is very big money, he took out a money and hit the small position on the table. "I'll buy small."

Yang Lin turned his head to Chen HaoXuan and Liu JunFeng and said, "You guys play with me too! I'm really looking at my luck these days, so play with me to guarantee your winnings." It seemed that Yang Lin had a lot of potential as a gambler.

"Let's wait a while!" Chen Hao Xuan spoke out, he didn't believe in Yang Lin's luck! If Yang Lin's luck was really that good, he wouldn't have been chased by a group of people all over the street that day, and Chen needed some time to understand the gambling methods of this century.

"Buy set to leave hand." The lottery official shouted, and then began to roll the dice. "Open, three, five, six, fourteen, big."

"Damn, what kind of luck is it today that I lost on the first hand." Yang Lin exhaled, the way he looked knew his gambling character was not good, and he was getting impatient after losing so little money.

"Two thousand, buy small." Yang Lin put 2,000 RMB back on small.

"Four forty-five, thirteen points, big." The lottery officer again collected the two thousand RMB that Yang Lin had thrown down.

"Sh*t, I'll be damned today." Yang Lin was exhilarated, he did not believe in evil, this time he directly deposit 5,000 RMB into the small position. He brought more money than Chen Haoxuan today, he brought all his possessions, more than 30,000 RMB.

"One forty-six, eleven, big." The lottery official ruthlessly took away the money Yang Lin had thrown out again.

Yang Lin slapped his forehead in frustration and said, "Mom, what the hell, why am I so unlucky today?"

"Sir, are you still down?" The Dutchman MM was very polite to Yang Lin.

"Bet, I'll also bet small, 10,000 RMB." Yang Lin was angry, he thought to himself, if he didn't win this time, then he would bet on something else.

In the end, God still didn't bless Yang Lin, his money still lost, this time Yang Lin didn't want to gamble, he turned to Chen Haoxuan and the others: "Today my luck is not good, let's go! Wait a few days."

"Just because you have a bad hand doesn't mean I have a bad hand, so watch out for me, I'll show you what it means to be a gambling god." Chen Hao Xuan joked.

After the lottery official shook the dice, Chen HaoXuan pulled out the ten thousand cash he brought today and hit the buy small position all at once. "Open, one three four, eight points, small." The lottery officer MM shouted in a delicate voice.

"Motherf*cker, this is so unfair, right? I've bought so many small ones, and they never came out, and now when I don't buy them, he does, so am I really that unlucky today?" Yang Lin envied it.

"My hand is good, or you can play with me." Chen HaoXuan smiled to Yang Lin, in fact, Chen HaoXuan which is a good hand, he was able to see how many points before placing the bet. The first thing you need to know is how to get the right amount of money for the job.

Chapter 59

The sound of the sound to calculate the size of the dice, this is not an ordinary person can do. Chen Hao Xuan did not put away the money on the table, it is clear that he wanted to raise the bet, the capital of 10,000 plus the just won 10,000, 20,000 yuan.

Liu Junfeng, who was watching Chen Haoxuan's gambling from behind, envied Chen Haoxuan and the others, and he was not able to do so with tens of thousands of yuan. Even if he had tens of thousands of RMB, he wouldn't dare to gamble with it at once, unlike Chen Haoxuan, who threw out 10,000 RMB without blinking an eye.

"Small."

Chen Hao Xuan won again, in order not to be too ostentatious, Chen Hao Xuan put away the two 10,000 yuan chips given to him by the lottery official, which can be taken to the counter and exchanged for cash, or transferred, for cash.

Chen Hao Xuan won two hands in a row, Yang Lin couldn't sit still, he was jealous, this time Chen Hao Xuan where to play, he will play!

It was the right choice for him to follow Chen Hao Xuan and win the first hand. Liu Junfeng also couldn't help but take out a hundred yuan to follow Chen Hao Xuan to bet, Chen Hao Xuan in order to not let others know that he can hear the size of the dice, so he often deliberately lose, he is losing small wins big, slowly accumulate into more.

Yang Lin didn't know what to do, he was happy and angry, he played a lot, which made him lose all his money unconsciously.

Yang Lin turned his head to Chen Hao Xuan, embarrassed, "Xiao Xuan, can you lend me some money?".

"You have a bad hand today, so don't gamble." Chen Haohuan told Yang Lin, not that Chen Haohuan is stingy, but the current Yang Lin, how much he lends to him, he will take all of it to gamble. Chen Haoxuan would rather go back and give him tens of thousands directly, than to lend him money now.

"Just a thousand, just a thousand, okay? I promise to pay you back tomorrow." Yang Lin pleaded.

Seeing Yang Lin's gambling demeanor, Chen Hao Xuan thought to himself, "It seems like we should help him with his lessons when we get back, otherwise he will become a gambling demon sooner or later if he continues like this. In order to keep Yang Lin's mouth shut for the time being, Chen Hao Xuan gave him one thousand yuan.

After more than an hour of gambling, he left to play something else. Baccarat, blackjack, roulette, poker, win three cards, landlord, slots Chen HaoXuan has played almost all of the items in the casino.

The first time I saw him, I was in the middle of the night, and I was in the middle of the night. How much did you win?"

"Not much, more than half a million." Chen Haoxuan smiled.

"Holy crap, this person is infuriating! Not only have I lost all my money, but I also owe you 1,000 RMB." Yang Lin was sad.

"Don't be depressed, I've helped you win back everything you lost, and I'll transfer it to you tomorrow." Chen Hao Xuan patted Yang Lin's shoulder and comforted him.

Hearing Chen Haoxuan's words, Yang Lin even waved his hand and said, "No, no, no, I lost the money myself, how can I let you pay for it?"

After Chen Hao Xuan explained, Yang Lin reluctantly accepted Chen Hao Xuan's kindness. He was surprised by Chen Hao Xuan's hearing and brains, relying on sound to calculate the size, how much brain power is needed! At the same time Yang Lin also learned that the dealer often tampered with those who would have won, and turned them into losers. After listening to Chen Hao Xuan's words, Yang Lin vowed never to gamble again.

He followed Chen Hao Xuan's lead and quickly saw what Chen Hao Xuan was up to, so he followed Chen Hao Xuan's example and lost a small amount to win a large amount. As a result, he took out \$100 and won over \$10,000.

He was the one who placed the bets with Chen Hao Xuan, and Liu Junfeng won, but he lost, which made him feel very ashamed.

It was three o'clock when he returned to his apartment, and he fell asleep from fatigue.

The next day, Chen Yina got up to make breakfast and went to call Chen Hao Xuan, but Chen Hao Xuan stayed in his room and said he was not going to class today. She wanted to tell him the good news about the fading acne and scars on her face.

Chen HaoXuan slept until the afternoon, in the afternoon he got up to wash his face and brush his teeth, then he went out to eat, after eating he went back to the University of XinShan City, he also wanted to look up some more information about electronics.

When he put the book down, he found that the notebook he took to read yesterday was still there. "Hey, it seems like this one is newer than yesterday's?" He took it over, looked at it separately, and found that it was full of questions and answers.

The first page of the notebook, "Mysterious good man, I hope you can help me answer these questions." Chen Hao Xuan laughed, "Okay! I'll help you!" Chen HaoXuan gave his views on life and answered Zhang Bening's questions.

It took Chen HaoXuan ten minutes to answer all of Zhang Bening's questions. When he was done, Chen Hao Xuan started to read his book.

After two hours, Chen left the library, he called Chen Yina, and took a bus back to the Chen Village. If he sells the stones he left at home and the dolls he started making a long time ago, he'll have one million RMB, and he'll have no problem opening a small factory and having Zhang Tianqi sell them for him while he produces them.

She had already come here four or five times today to see if the mysterious man had answered her questions for her. When she opened her notebook, she found that all of her questions had been answered. Zhang Bening read them carefully, and when she saw the last one, she couldn't help but read out, "If you want to be happy, don't think too much, because the more you know, the more hypocritical your life will be."

Zhang Bening took her notebook and went to the librarian, who asked who had been sitting where she kept her notebook before. She was not very satisfied with the administrator's answer, because the administrator told him that many people had sat in that place before, and one of them she remembered most was Chen Haoxuan, who sat there for more than two hours, but she didn't see Chen take Zhang Bening's notebook.

When Zhang Bening left the library, she frowned and said to herself: "Chen Haoxuan, that's impossible! He's not as timid as he used to be, but he definitely doesn't have such profound knowledge." How would Zhang Bening know, Chen Haoxuan is from the future, it can be said that Chen Haoxuan is a person who has lived two lifetimes, of course, have some knowledge of life.

Chen HaoXuan but XinShan City University grass ranking of the first person, all ZhangBenning know him is normal, not to mention ZhangBenning himself is also a school flower.

Chapter 60

Chen Haoxuan had called Chen Yina on his way back to the Chen Village, telling her that he might not return for a few days.

When Chen returned to the Chen Village, he asked Chen Yubin to inform all the households in the village that the villagers would bring the strange stones they had recently collected to his home tomorrow to sell. In addition, Chen Hao Xuan also informed the rich people who liked to collect rare and strange stones to come to his house the day after tomorrow, and he would hold an auction.

He transported all the dolls made by the women to the place where he used to sell wholesale goods, and sold them to the wholesaler at a very low price. After deducting the money for the materials, the money for the workers, and the transportation costs, Chen made a total of more than two thousand yuan, after all, it was only a few days.

In fact, Chen HaoXuan invited these women to make cloth dolls, there is a purpose, he is now equivalent to training these women, when they are skilled in making cloth dolls, Chen HaoXuan let them make popular clothes, then he can sell the clothes to Jiang XiangHan, through Jiang XiangHan slowly promote his brand out.

In the morning, Chen HaoXuan sold those good dolls to wholesalers, when he came back he bought a car of things, chairs, food, tea, a whole lot of seventy-eight things, these things Chen HaoXuan is used to prepare for tomorrow to greet those like to collect stone rich people. His home is so shabby, he would be embarrassed to let those rich people into his home if he doesn't buy something to dress it up a bit.

She and a group of women said bad things about Chen Hao Xuan, saying that Chen Hao Xuan did not have a decent house, no matter how good the furniture was, it was all in vain, and he was just as poor.

Rural women just love to gossip because they have a lot of time after farm work. In order to pass the time, they often take something out to gossip, but they prefer to gossip, because it is more interesting. As they are doing now, they chatted about how Chen Haohuan was being maintained by a rich woman, and that's why he had money to do business. Sometimes the imagination of rural women is not to be underestimated, they do have their talent in this aspect of gossip.

The Chen Village is just a little bit bigger, and the news that Li Xin said bad things about Chen Haoxuan soon reached Li Ping's ears, and Li Ping is now a celebrity in the Chen Village. Li Ping treats Chen Haoxuan as a family member, which is obvious to many villagers. When someone speaks ill of Chen Haoxuan, they report it to Li Ping, which can help them get closer to Chen Haoxuan, and they may also be able to get Chen Haoxuan's approval to help them make dolls.

When Li Ping told Chen Hao Xuan this news, Chen Hao Xuan just laughed helplessly and said, "Let her say what she wants to say."

The next day, a large number of villagers came to the entrance of Chen HaoXuan's house, all of them had stones in their hands, and one of them was even more exaggerated, pushing one with a cart.

There were two guards standing guard at the gate of Chen Hao Xuan's house, and they would only let one person in at a time. After many rejections, the villagers brought in much better stones to sell than before, and basically one stone was sold for every ten villagers. This is not that Chen HaoXuan's requirements are too high, but that no one wants the unattractive stones, and he is forced to do so.

The little girl who impressed Chen HaoXuan the most a while ago, Chen Xiumin, came again, this time she brought her mother directly, she found a frog-like stone in the creek. The last time Chen Xiumin sold a stone, she sold it for five thousand dollars because it was a beautiful pattern.

Chen Hao Xuan acquired so many stones, today is the highest bidder for Chen Xiumin's stone. The first thing you need to do is to make sure that you have a good idea of what you are looking for and what you are looking for.

When Chen Xiumin's mother tightly guarded her pocket, pulling her daughter out of Chen Hao Xuan's house, many villagers immediately raised their voices to Chen Xiumin's mother and asked: "Just now, your daughter was carrying the stone in, when she came out the stone is gone, is it sold to Chen Hao Xuan? I envy you. Can you tell me how much you sold it for? It's not another \$5,000 high, is it?"

Chen Xiumin's mother was so happy to hear that so many villagers wanted to know how much her daughter's stone was sold for.

Chen Xiumin's mother finally couldn't help but say the price of her daughter's stone, now lined up at the door of the villagers stirred, before Chen Xiumin's stone sold for five thousand yuan let them surprised, did not expect this Chen Xiumin even sold for fifteen thousand yuan, ten thousand more than before. This fifteen thousand dollars was nothing to merchants like Chen HaoXuan and the others, but to villagers who earned income only from farming, this was already a lot of money, at least more than their annual income.

It wasn't troublesome to look at the stones, the good-looking stones could be distinguished at a glance, the only troublesome thing was to value the stones, but the stones that could be sold were few and far between. So what! Basically, every villager who goes in will come out within a few minutes, some will come out overjoyed, some will come out with a bitter face, and all kinds of emotions will come out.

There was a notice posted at the door of Chen HaoXuan's house, saying that there would be no purchases on June 1. It's also a good idea to have a good time with your family and friends, as well as your family and friends.

He thought that if all the stones were not sold, he would make at least one or two million yuan, and then he would have money to do a bigger business.

At the evening meal, Li Ping said to Chen HaoXuan with a worried look on her face: "XiaoXuan, is tomorrow's food really free? Aren't you afraid those big bosses will get mad?"
