

A Reincarnation Chapter 61-70

Chapter 61

"Auntie, I think you don't understand the hearts of those rich people at all. They are in a prosperous city, eating big fish and meat every day, just like you feel that green vegetables are not good at all now. Chen Haoxuan smiled.

"That's good, my biggest worry is that they will think that the food I prepared is not good." Li Ping smiled awkwardly.

"An-la, just don't put anything but oil and salt in the dishes you cook tomorrow. Okay, now eat at ease!" Chen Hao Xuan Dao.

This night, Li Ping lost sleep. Although Chen Hao Xuan has said to just make whatever you want, she is still worried that she will mess up Chen Hao Xuan's business because her cooking is not good. She vowed that she would make sure to cook a good meal tomorrow, and would not cause any trouble to Chen Hao Xuan.

The next morning, Li Ping got up and went out to buy food. She bought a lot of food and then went out again.

Chen HaoXuan was woken up in the morning by Li Ping and the others, and when he got up, he found that Li Ping's house was very crowded, with several women cleaning up vegetables in his yard, and two men chopping pork, and one of them chopping ribs, chopping ribs so loudly that Chen HaoXuan was woken up by the sound.

At that time, Li Ping came out from the kitchen, and when she saw Chen HaoXuan, she knew that Chen HaoXuan should be very curious about why there were so many people in her house, seeing Chen HaoXuan's questioning expression. Li Ping took the initiative to explain to Chen Hao Xuan, "Xiao Xuan, they are all people I hired to help, don't worry the food they cook is absolutely delicious, and that's without MSG, five spice powder and other things."

"That's the best, so you let them make more, and if there is more let them bring it back to eat, and if you don't have enough money, you'll come back to me for it." Chen Hao Xuan was happy, getting along with those rich people was the same as paving the way for his future.

Chen Hao Xuan turned around and walked out of Li Ping's house, he also needed to go and get ready, in front of his house, Lin Hao and the others were playing a set of military body punches, they would play a set of military body punches every morning so that they would always be as good as before.

Chen Haoxuan shouted loudly to Lin Hao and the others, "Lin Hao, Mao Yipeng, all of you come here." After Lin Hao and the others gathered in front of Chen Hao Xuan, Chen Hao Xuan then said: "Today I have a lot of friends coming to my house, which I told you yesterday, they are all rich people, I may work with them for a long time in the future, all I hope you will give me face, all stand up straight and walk out of the momentum. "

"Boss Chen, don't worry, we won't embarrass you." Lin Hao was very confident and spoke loudly to Chen Haohuan.

"That's good, by the way, you guys not only have to give me face but also protect the safety of those friends of mine, I'll arrange it! Li Jun and Li Boshi, you two are responsible for taking care of my friends' cars. You can't let the villagers touch their cars, because some of them have millions of dollars worth of cars, and I can't even pay for them if they get damaged.

Meng Jing and Jiang Dong are responsible for standing guard at the main gate, so you can't let anyone in. Lin Hao and Mao Yipeng stay with me and protect my friends' safety." Chen Haoxuan instructed.

"Promise to complete the task." Lin Hao and the others roared in unison, a roar that made them feel as if they were back in the army.

"Alright, you guys go have breakfast!" Chen HaoXuan waved his hand and said, "It just so happens that today is Saturday and Children's Day was yesterday.

It just so happens that today is a Saturday, and Children's Day was yesterday, so many rich people took their children away and drove to Chen's village in cars. Most of them are friends of the owner of the villa hotel, because he is one of those who like to collect stones, and the other collectors are those he introduced to Chen HaoXuan. But this day not only like to collect stone people, not like to collect stone people also came quite a lot, the founder of the Zhou group Zhou Xiang, Hua group's president Hua Tianyu, there are many with the rich people to see the fun.

In order to let Zhou Xiang and the others know his home, Chen HaoXuan made several road signs to indicate it. At 10 o'clock, the first rich man came, he was the owner of the villa hotel Su Yihan, he was very interested in the stone auction held by Chen HaoXuan, so he rushed to come very early.

Su Yihan drove a white BMW, he wore an expensive suit, and his chubby, or more appropriately, lucky face, made others think he was rich at a glance. Su Yihan got out of the car, and when he saw Chen Hao Xuan walking towards him, he smiled and greeted Chen Hao Xuan: "Little Xuan, how are you? All of them are having an auction."

Chen Haoxuan and Su Yihan shook hands and smiled, "Thanks to your help, if it wasn't for your help, how would I have been able to meet so many rich people who like to collect stones."

"Introductions are a small matter, with your skills even if I don't help you introduce them, you will still have a way to find them, maybe even more! And you were able to get them to want to do business with you, which means you have something in you that they need." Su Yihan smiled at Chen Haohuan.

"Boss Su, you're overpraised. I'm not as good as you say, I'm just lucky." Chen Hao Xuan was modest.

After a while, those rich people arrived at Chen Hao Xuan's house one after another, and as soon as they got off the bus, they greeted Chen Hao Xuan first and then went to chat with those rich people they knew.

They heard that many rich people would come to Chen Hao Xuan's house today, so they wanted to see how many rich people would come to Chen Hao Xuan's house and how rich they would be. A BMW, a car, a Ferrari, a, more and more high-class cars parked in front of Chen Hao Xuan's house, and thanks to the land in front of Chen Hao Xuan's house is wide enough, otherwise the rich people's love cars don't know where to park!

Today, Zhou Kexin and the others came to Chen HaoXuan's house because it was Saturday, and they didn't have to study, so they came to Chen HaoXuan's house to play together. He was invited by Chen HaoXuan, who doesn't like to collect stones, and he's not a big businessman. Chen HaoXuan invited him to meet more influential people, which will be very useful for his business.

Huang Weicheng was very grateful to Chen HaoXuan for helping him in this way, and in return, he also went to his friends who like to collect stones, and he asked them if they know anyone who likes to collect stones. His friend went on to ask other people, thus exaggerating the scope of his search, and ended up finding more than thirty people interested in collecting stones.

Chapter 62

Slowly, there were too many cars in front of Chen HaoXuan's house, and they could only park on the side of the road. Now Li Jun and Li Boshi were too busy to see the cars in front of them, so they had to keep patrolling and warn the villagers not to touch the cars.

The Chen Family Village is now full of people except for Chen Hao Xuan, because all the villagers have come to Chen Hao Xuan to see the fun. They were very surprised to see so many rich people coming to Chen Hao Xuan's house. They thought Chen Hao Xuan was taken care of by a rich woman at first, but now they know that they were very wrong and Chen Hao Xuan earned his money by himself.

In the eyes of the villagers, the cars are very expensive, and they may not be able to afford a car even after a lifetime of farming.

At this time, Zhou Xiang drove his car to the Chen Village, he saw the car could not drive into, had to stop at the side of the road. The car in front of Zhou Xiang was Li Jun, who can be said to be engaged in real estate, because he built industrial parks and then rented to those who opened factories, he and Zhou Xiang came to join the fun.

When Zhou Xiang got out of the car, he shouted loudly to Li Jun in front of him: "Li Jun, we can't drive in front, so if you don't come out, let's walk over."

It just so happened that Li Jun patrolled to Zhou Xiang near, he heard Zhou Xiang's words could not help but be stunned, he was walking and not driving? With a face full of questions, he walked up to Zhou Xiang and asked, "This gentleman, were you just calling out to me?"

Zhou Xiang was stunned, then explained, "I'm not shouting at you, I'm shouting at Li Jun."

Li Jun pointed to his nose, a tangled expression, and said, "I am Li Jun ah? Is there someone else with the same name as me?"

"Oh, it's really unfortunate, there really is someone with the same name as you, and he's a big man, he's the car in front of you." Zhou Xiang burst out laughing.

Li Jun's car door had already been opened, he was forgetting to take something, he was looking for something he heard Zhou Xiang and a person with the same name as him in conversation. He did not look for his things, got out of the car, and then spoke out: "Who is the same name as me?"

Zhou Xiang pointed at security guard Li Jun and laughed: "That's him, look how handsome he is! Stately and tall, which is like you, a fat, bad old man."

Li Jun didn't pay any attention to Zhou Xiang, he and Zhou Xiang were used to such jokes, he walked up to the security guard Li Jun, extended his right hand and smiled: "Hello, I am Li Jun who has the same name as you."

"Hello hello, I didn't think our names would be the same, it might be a kind of fate ah!" Security guard Li Jun joked.

"I think so, I see that you are wearing camouflage uniform, and you are so tall and strapping, and your body emits the characteristic temperament of a soldier, you should have been a soldier, right?" Li Jun smiled and asked.

"You guessed right, I used to be a soldier." The security guard Li Jun was happy, probably because Li Jun's name is exactly the same as his, all he has a good feeling for Li Jun, this chat is half an hour, and when Li Jun finished chatting wanted to go to find Zhou Xiang, Zhou Xiang already do not know where to go.

Zhou Kexin and Hua Lingwei two people, now hanging out in the Chen Village, they are their own car, they came to Chen HaoXuan this as a vacation. "The first thing I noticed is that there are a lot of people in the village who are very quiet, so quiet that I can't hear any noise or see anyone. Is there anything dirty in this village? (which means there are ghosts)" Zhou Kexin was afraid.

"Kosin, let's go back! I'm afraid of everything." Hua Lingwei fidgeted, originally she was not afraid, but just now she accidentally saw a coffin on top of a room where firewood was stacked, and with Zhou Kexin's suspicions, she was worried that a ghost might run out.

"Then why drive away!" Zhou Kexin pulled Hua Lingwei's walk, quickly walked in the direction of Chen Hao Xuan's home, Zhou Kexin is not seen the coffin, if she saw it do not know whether to appear more exaggerated than Hua Lingwei's expression, maybe even faint.

When they got back to Chen HaoXuan's house, they felt safe. There were really too many people, and Chen HaoXuan's house was not big, so he had no choice but to let Chen YueBin go to the village to borrow tables and chairs, and then let the rich people who drove their cars in, drive their cars to other places to park.

Chen HaoXuan set up more than twenty tables to get the job done, because it was noon, Chen HaoXuan simply let the rich people who came today eat first, business will wait until after the meal.

Today's dish was cooked by Li Ping and the Chen Village villagers who were the best cooks, and it was cooked in a big pot. Zhou Xiang inhaled hard, then exhaled again, and couldn't help himself: "It's so fragrant, I don't know what kind of dish it is, but it has such a charming aroma."

When the dish was served, Zhou Xiang realized that the dishes were very simple, with stewed lotus roots with pig's feet, small fish, fried peppers, and light green vegetables. Zhou Xiang picked up a vegetable and tasted it, and then made a surprised sound: "Wow-, this dish is really well done, light and refreshing, very delicious. Mmm, this stewed lotus root with pig's feet is also good, this is also good" Zhou Xiang was excited every time he tasted a dish, because when he ate it, it reminded him of the days when he used to struggle, he was even more pitiful than Chen Haoxuan, he could have the success he has now which is inseparable from his hard work.

"Well, it's good, it's the first time I've eaten such sweet food, delicious, worthy of being grown in the countryside." Li Jun also spoke out.

These rich people are rich cook, they are tired of eating mountains and seafood, now suddenly eat farmhouse food, a taste to know that the original farmhouse food is much more delicious than those mountains and seafood, but also not afraid to worry about eating bad stomach.

I'm not afraid to worry about eating badly. Chen HaoXuan held a glass of white wine and raised it up, saying loudly: "Thank you all for giving me Chen HaoXuan's face today. If you like it, please come to the house and auction it off later. The highest bidder will get it. Cheers." Chen Hao Xuan finished his drink.

The other rich people also raised their wine glasses, indicating that they had toasted with Chen Haoxuan.

In a corner, Zhou Kexin waved to Chen HaoXuan and said happily, "Chen HaoXuan, come over here, there is still room." This seat was occupied by Zhou Kexin, and she didn't give it to anyone who came, unless it was Chen Hao Xuan.

"No, I still need to accompany the guest! There is no time to sit down and eat." Chen HaoXuan smiled and refused Zhou Kexin's good intentions.

Chapter 63

The rural environment, full of farmhouse food, a group of people eating out of a unique feeling, very fresh and interesting, Zhou Xiang, they are still very satisfied with Chen HaoXuan's hospitality.

After the meal, Chen HaoXuan invited those who want to buy stone into the house, Chen HaoXuan in his home living room put a lot of chairs, all bought yesterday. His living room is quite large, and can put down hundreds of chairs, one next to the other, otherwise it would not be possible to put so many.

Chen HaoXuan played a soft music, he does not want the atmosphere is too bad, do not want to buy stone can listen to soft music! Then Chen HaoXuan said loudly, "I am honored that you have given me Chen HaoXuan's face by patronizing my auction, and I would like to thank you all here." Chen HaoXuan finished with a slight curtsy, expressing his gratitude.

"We are all here to scrounge up food, all you don't need to thank." Zhou Xiang joked out, his words made the others laugh as well.

"I can't afford to invite you to come here, but I can still afford to invite you for a light meal. I can't afford to buy a mountain treasure, but I can afford to buy a light meal. This is my personal auction, and please bear with me if it is not held well. The rule of the auction is that if no one raises the price even after I shout three times, the highest bidder gets the item.

Chen HaoXuan took out a box from a large box behind him, and opened it to reveal an egg-shaped stone. There is a small button on the side of the box, Chen Hao Xuan pressed the bottom of the box appeared a faint light, this is Chen Hao Xuan made his own small gadget, there is light to make the egg-shaped stone like a holy relic. Chen gave the box with the stone in it to Lin Hao, who was next to him, and asked him to take the stone and give it to all the rich people who came today for a closer look.

Chen Hao Xuan dictated: "This is an egg-shaped stone, and its size is about the same as that of an egg. Its characteristics are crystal clear, white as jade, and smooth on the outside, with no other color

inside or outside. You may say that it is not as beautiful as jade, but don't forget that jade is beautiful because it has been polished by human beings many times.

The stone in front of you, except for the liquid paraffin wax, is pure and natural, and what is most precious is not something made by man, but something born of heaven and earth. The low price of this white water stone is 1,000 RMB, very cheap! Then call the bids quickly!"

The first to call out the price was Zhou Xiang, and big money is big money, and the low price was one thousand, and he directly called out ten times the price. "I'll pay ten thousand." Zhou Xiang is not a stone lover, but he likes this white jade stone, feel very nice, all he wants to buy to put on his desk as a decorative item.

"Big money is big money, the first bid shocked the audience." Chen Hao Xuan joked.

"I will pay 20,000 yuan, although I am not as rich as Lao Zhou, but also not as stingy as Lao Zhou, the hall of a new city of the city of the richest man, actually only pay such a little money, not afraid of losing face." Li Jun joked.

"Old Li, why do I feel as if you are scolding me!" Zhou Xiang was unable to laugh or cry.

"I didn't scold you, I was just telling the truth." Li Jun laughed.

The price has been out to 20,000 yuan, the other people no price, love to collect stone people know that the value of this egg-shaped stone is at most a few thousand, definitely not tens of thousands, all of them have chosen to be silent.

"I'm not sure if I'm going to be able to do that. Twenty thousand once, twenty thousand twice, twenty thousand three times, Sold. Congratulations Boss Li on the high price of the egg-shaped stone, and when the auction is over, please come to my place to collect your items." Chen HaoXuan smiled, a small water stone could be bought for a high price of twenty thousand yuan, this was definitely a profit, because Chen HaoXuan acquired this stone for only one hundred yuan.

Chen HaoXuan didn't put them up for auction in order from bad to good, he just took any one he could get and auctioned it off first. Every time he took out a stone, he would describe the stone as unparalleled and a world's treasure. More than fifty stones were sold in two hours, and the total

revenue reached one and a half million RMB, and with the previous money, Chen now had more than 1.6 million RMB.

After the auction, the rich people who had already ordered stones went to Chen HaoXuan, wrote their checks and handed them to Chen HaoXuan, and then collected their purchased stones.

After the auction, it was still a long time before dark, so Chen HaoXuan took Zhou Xiang and the others to play, to climb the mountain, to fish in the river, to support the boat in the river, to climb trees Zhou Xiang and the others had a great time, and when they left, they all said they would come back again next time when they had time.

Around 5:00 p.m., when Zhou Xiang and the others left, many villagers were chatting in front of Chen Hao Xuan's house, they were discussing how Chen Hao Xuan knew so many rich people, hundreds of famous cars, a county may not be able to find so many cars.

As early as yesterday, many villagers already knew that there would be many rich people coming to Chen Hao Xuan's house today. He saw so many rich people going to Chen Hao Xuan's house, he was incomparably jealous, he knew people who drove cars at the most, but Chen Hao Xuan knew people who drove cars at the lowest level that cost more than a million RMB.

Now he realized that the difference between him and Chen HaoXuan is so big, even if Chen HaoXuan doesn't have millions of dollars now, his connections are worth millions of dollars. This day, Chen Haorong went back to drink to ease his worries, alas - he is self-inflicted, no one wants to compare with him, but he insisted to compare with others, now well, he is just a small mall owner, but Chen Haoxuan! The reason why he has become a celebrity, a rich man in the eight villages of the ten li, is because Chen Haoxuan is generous, because Chen Haoxuan knows a lot of people, because Chen Haoxuan can speak well and is handsome.

She was constantly hitting Chen Hao Xuan yesterday, but today Chen Hao Xuan not only got the approval of many rich people, but also called him a brother to so many rich people.

Li Ping and a few women were helping to clean up the mess, and Chen Hao Xuan! He's counting the money at the moment! "With this 1.6 million RMB, there shouldn't be any problem to open a smaller factory", Chen HaoXuan said happily.

Chapter 64

"Brother Xuan, Brother Xuan" Chen Yina ran into Chen Haoxuan's house and shouted loudly.

"Here it is!" Chen Hao Xuan, who was counting the bills in his room, responded loudly.

Chen Yina ran into Chen Hao Xuan's room and saw a thick stack of bills in Chen Hao Xuan's hand, and joked, "Brother Xuan, did you do some big business today?" Chen Yina came home very early this morning, because Chen Haoxuan was very busy, so she didn't go to look for Chen Haoxuan, but went to the kitchen to give her mother a hand, and silently supported Chen Haoxuan in the rear. It wasn't until Zhou Xiang and the others had all left that she ran to find Chen Hao Xuan.

"Well, I sold all the stones I collected during this period of time, and made a total of over 1.6 million yuan, which is equivalent to about a million yuan after deducting the money I invested into it." Chen Hao Xuan was happy.

"Wha-, Brother Xuan you are really great, you made so much money so quickly. Brother Xuan, let's go find your brother and the others, shall we, and let them see what you can do." Chen Yina Dao, she really wanted to take out this bad breath for Chen Haoxuan, she had never seen such a family, even their own family members abandoned, and often bully him.

"Don't care about them, when I slowly develop, even if I don't go to them, they will know how much I am capable of, hmmm, open a small shopping mall and dare to see no one, when one day I open a big supermarket next to your small shopping mall, see if you still dare to be so arrogant." Chen Haoxuan coldly.

"Well, brother Xuan, I believe you will be able to do it, cheer up." Chen Yina was firm, she liked Chen Hao Xuan, she had a blind trust in Chen Hao Xuan since she was a child, she knew that Chen Hao Xuan was actually very smart, just because it was his family had been treating him badly, beating him and scolding him, which was what made the previous Chen Hao Xuan so dull and stupid.

"Nana, I'm going to open a cell phone factory in the city of Xinshan, what do you think?" Chen Hao Xuan proudly said to Chen Yina.

"Open a cell phone factory? Brother Xuan, it's not that I'm nosy, but a cell phone factory is exactly the same as acquiring something. To open a cell phone factory, you must first understand how to make cell phones, and you also need to know how to manage You don't have any experience in this, so I think it's better to go to the cell phone factory that your Zhang Tianqi family opened and work there for a period of time, then open your own cell phone factory." Chen Yina suggested.

Chen Hao Xuan stood up, walked to Chen Yina, reached out and kissed Chen Yina's nose, smiling: "Oh, Nana you underestimate me, I was low-key does not mean that I can not do anything, but I have self-study all the courses of electronics, not to mention the production of cell phones, if you give me the resources! --I can make even the main root server."

"You just blow it! Bragging is not even a draft, there are only 13 main root servers in the world, and it took countless people's efforts to make them, if you can make them by yourself, then you're a god." Chen Yina covered her small mouth and laughed, not that she didn't believe in Chen Haoxuan, but the main root server was so advanced that ordinary people couldn't even touch it, let alone make it.

"You'll know later if I can do it or not." Chen Haoxuan said with a mysterious smile, he is the future chief professor, not to mention the 21st century's main root server, even in the future century's main root server he can manufacture.

Then Chen Haoxuan said, "Nana, I'll be very busy for a while, I won't go to class, I won't be there during dinner, so you don't have to be my - got it?" Chen Haoxuan gently to Chen Yina, Chen Yina often wait for him to come back before eating, which makes him very touched at the same time also complains that Chen Yina too will not take care of himself, if he does not come back, then Chen Yina will not der starve faint.

"Well, I know." Chen Yina's voice was laced with loss, he felt that after Chen Haoxuan became wiser, he had less and less time with her, and now she only knew what the pros and cons were. But if she had to choose, she would choose the current Chen Hao Xuan, at least the current Chen Hao Xuan is not someone who can bully anyone.

In the evening, Chen Hao Xuan ate dinner at Chen Yina's house, during the meal Chen Hao Xuan explained the business, he asked Chen Yue Bin and Li Ping to assist Miao Yuxiang to do a good job in the countryside business, as for the Xinshan City University's online store, Chen Hao Xuan did not mention a word, because he has planned to give away the online store, now temporarily by Chen Yina and Zhang Qing to take care of.

The next morning, Chen Haoxuan left the Chen Village, he took a bus back to the city of Xinshan, to earn a lot of money or in the city to earn fast, because there are many rich people in the city. When Chen returned to the city, he called Zhang Tianqi and asked him to pick him up at the station.

Twenty minutes later, Zhang Tianqi drove a BMW to stop in front of Chen HaoXuan.

Chen Haoxuan got into the car and said to Zhang Tianqi, "Go to the villa hotel, I'll buy you a drink."

Zhang Tianqi turned back to Chen Haoxuan and joked, "Is it because you made too much money yesterday and want me to share it with you?"

"I don't earn as much as you do! I'm buying you a drink because I have business to discuss with you. Let's drive! I'll talk to you when I get to the villa hotel." Chen Hao Xuan was laughing and crying, Zhang Tian Qi is a rich second generation, he does not like to study, so he came out to do business very early, his family's cell phone city in many places, but he is only responsible for the city of Xinshan. Perhaps because he was too young, his family didn't dare to hand over all the business to him.

Zhang Tianqi drove along in his car, and after ten minutes or so, they arrived at the villa hotel. In a private room of the villa hotel, Chen HaoXuan ordered a large pair of mountain delicacies and a bottle of red wine worth more than 10,000 yuan, to do big things can't be too economical, Chen HaoXuan thinks so.

This is what Chen HaoXuan thought. "HaoXuan, why are you so generous today? Is there anything important you want me to help you with?" Zhang Tianqi pursued the question.

"Yes, but not to help - but to collaborate, I recently developed a cell phone called Omnipotent, he has an MP4 function, a screen touch function, or a smart phone. I'm sure once this phone is released, people all over the world who love to play with their phones will go crazy because of him, and I forgot to mention that the phone's camera has 12 million pixels, which is clearer than a camera," Chen Hao Xuan explained.

Hearing Chen Haoxuan's words, Zhang Tianqi was surprised: "Damn, you're screwed! Is there really such a thing as an awesome phone? You know the MP4 is still in the research and development period, others have not been made, you alone have developed it, but also touch screen phones, smart phones, whether this is true or not?" Zhang Tianqi's family relies on cell phones to make money, he knows the cell phone business better than anyone else, their family not only sells cell phones, production of cell phones, but also research and development of cell phones, although the research and development are miscellaneous cell phones, when the research and development of cell phones also need a strong strength. But Chen Haoxuan - he actually said that he had developed an all-around cell phone, how could he believe it.

Chapter 65

"It's normal that you don't believe it, but when I make it, you'll believe it." Chen Haoxuan was confident.

"It's really not a joke?" Zhang Tianqi was still a little unconvinced.

"If you don't mind, I'll go with you to your family's cell phone factory after dinner and I'll make it for you." Chen Hao Xuan Dao.

"Of course I won't mind, then let's make a deal, if you can't make it, just treat me to a week's worth of meals, every day as rich as now, I'm a very casual person." Zhang Tianqi joked.

Chen HaoXuan, while drinking, chatted with Zhang Tianqi, who had never had a good chat before, and today he found out that Zhang Tianqi's eloquence was so good. He said, "I'm not sure if I'll be able to do that, but I'm sure I'll be able to do that."

Chen HaoXuan's body is poor, the wine capacity is not good, he does not dare to drink too much wine, so basically are persuading Zhang Tianqi to drink wine, while he has a drink pour a glass, although this action is very unethical, but who let Zhang Tianqi said he would not leave until he finished drinking the bottle of red wine. Chen Haoxuan had no choice but to cheat.

It is also thanks to Zhang Tianqi's strong drinking capacity, otherwise how can Zhang Tianqi go to his family's cell phone factory when he is drunk. Chen Hao Xuan drove for safety, and Zhang Tianqi gave him directions. In the past fifteen minutes, Chen HaoXuan drove to a small industrial area and heard from Zhang Tianqi that this was his family's cell phone factory with thousands of employees, which is also a big factory in this neighborhood.

Zhang Tianqi took Chen HaoXuan into the factory and came to a quiet place where many people were working quietly. Zhang Tianqi introduced to Chen HaoXuan, "This is where my family's cell phone factory develops cell phones, many machines are available, you go now to make an all-purpose cell phone to show me!"

"OK, you wait." Chen Hao Xuan was confident.

Chen Hao Xuan first looked around, and if he didn't know, he asked Zhang Tian Qi who was behind him, and after Chen Hao Xuan roughly knew the various materials for making cell phones, he started to do it. He took a lot of cell phone parts and put them together, and then Chen HaoXuan went to make the circuit board for the cell phone. This century's machinery still has a lot of Chen HaoXuan will not use, no way to use the habit of high-grade goods.

The company is also half a bucket of water, Zhang Tianqi called a technician and asked him to teach Chen Hao Xuan. Zhang Tianqi stood behind Chen Haoxuan, and he felt more and more that Chen Haoxuan was joking with him, because Chen Haoxuan didn't even know how to make cell phone machinery - then how could he make a cell phone? The technician only needed to teach him once, or explain it to him, and he could do it immediately.

If he had this kind of ability, he would have inherited the family business long ago.

He was too bored to be entertained in the factory, so he simply pulled up an office chair and lay down halfway to sleep.

He was so serious about what he was doing that he would forget to eat, and Zhang Tianqi had just called him to eat, but Chen didn't eat.

The next day, at 3:00 a.m., Chen HaoXuan finally made a cell phone, and only when it was done did he feel sleepy and physically tired. "I'm not sure if I'm going to be able to do that, but I'm not sure if I'm going to be able to do that. Chen Hao Xuan said to himself.

Chen HaoXuan felt really too sleepy, so he also like Zhang TianQi, pulled the office chair to sleep, but he is smarter than Zhang TianQi, he pulled two office chairs, so that can be used as a bed to sleep, do not want Zhang TianQi, half lying down to sleep, two words "hard work."

The day dawned slowly, and since Zhang Tianqi had gone to bed early yesterday, he woke up at first light. He opened his eyes, rubbed his eyes with his hands, and turned his head to see where Chen Haoxuan, who had been making cell phones, was now sleeping in his office chair.

Zhang Tianqi stood up, walked to the side of Chen Haoxuan, reached out and pushed Chen Haoxuan, and shouted: "Haoxuan, you are lazy, don't you say that you will definitely finish your all-round cell phone at night? What about cell phones? Show it to me?"

Chen Hao Xuan's eyes are not even bothered to open, he took out his all-round cell phone from his pocket last night, he did not give it directly to Zhang Tianqi, just held it in his hand, it is obvious that he wanted Zhang Tianqi to take it himself. He was really sleepy, he went to bed only at three o'clock, and now it's only 5:30, just two and a half hours of sleep, is sleeping comfortably when suddenly woke up by someone, is anyone upset.

"It can't be this phone, right?" Zhang Tianqi with doubts reached out to take the phone from Chen Haoxuan hands, the phone is still on, Zhang Tianqi pressed the confirmation key, the phone screen appeared many pictures, each picture below the text explanation.

"Message, photo, MP4, this is the legendary MP4!" Curious, Zhang Tianqi opened the MP4, he really saw a video inside the phone, and below the video there was a directory, he clicked on a movie. The phone was just like a TV, it really had images and sound.

"Damn, I didn't think that what he said was true, he really can make an all-powerful phone." He thought that if he could buy Chen Haoxuan's technology, then his position in the cell phone industry would be higher than anyone else's, because he was the leading cell phone figure.

Zhang Tianqi couldn't wait to wake up Chen Haoxuan and said excitedly, "Haoxuan, how about selling this technology to me?"

Chen HaoXuan was full of sleepy face, he was confused: "Not for sale, I also want to open him to get rich!" Said he lay down again and whirled to sleep.

"Hey, lazy pig, wake up" Zhang Tianqi kept calling out to Chen Haoxuan, but Chen Haoxuan just wouldn't get up.

Zhang Tianqi thought about it, he felt that he should tell his dad about this and ask how much his dad would pay to get the technology in Chen Haoxuan's hands. When Zhang Tianqi made the call, he told his dad that Chen Haoxuan had made an all-powerful cell phone, but what made him laugh was that his dad, like him, didn't believe it was true at first, so Zhang Tianqi explained it again and again and his dad believed it.

Chapter 66

Zhang Tianqi's father was very excited after he believed in it, and the most important thing they do in the cell phone business is the high-tech brand. He told his son Zhang Tianqi to get the most out of Chen Hao Xuan no matter what, such as buying Chen Hao Xuan's all-round cell phone technology, or cooperating with Chen Hao Xuan, Chen Hao Xuan will provide the technology and they will contribute the money and effort.

Zhang Tianqi's father, who was trying to encourage Zhang Tianqi, boasted so much that Zhang Tianqi's tail was about to rise, and Zhang Tianqi was very happy after receiving his father's support. He has known Chen Haoxuan for some time, and he knows that Chen is a person who thinks about his friends. He is sure that even if Chen does not sell him the technology of the all-powerful cell phone, he will still choose to work with him.

The reason is very simple: it is the safest choice to cooperate with an acquaintance, and his family is in the cell phone business, which is quite big, so it is obviously the best to cooperate with him.

The reason for this is that the company is not only a major player in the industry, but also a major player in the industry. He found that the omnipotent cell phone made by Chen Hao Xuan is very easy to read and understand, no matter what it is, there will be a prompt text or image, he tried to take a picture and found that it is very clear, in the cell phone can not see the effect, he transferred the picture taken on the cell phone to the computer, look, wow, damn, clearer than the camera shot.

He took a picture on the phone and transferred it to the computer, and when he looked at it, he saw that it was clearer than a camera. He thought that Chen Hao Xuan was so smart that he could get so many programs in one night. He thought that with Chen Hao Xuan as a monster, other people who were researching cell phones could go home to farm, because Chen Hao Xuan alone could top ten thousand people who were researching cell phones.

This all-around cell phone made by Chen HaoXuan has many more functions! Zhang Tianqi he hasn't discovered just yet, such as Bluetooth, video transmission, games

Chen HaoXuan sleep until noon to wake up, he opened his eyes to see a big head in front of his eyes, Chen HaoXuan thought it was some kind of monster, without saying a word a punch over. The bang sounded, and Zhang Tianqi covered his forehead and took a few steps back. "Ouch, good you Chen Hao Xuan, even I hit, aren't you afraid of being struck by lightning!" The company's main business is to provide a wide range of products and services, including a full range of products and services, and a wide range of products and services.

When he saw that he was the one who had just hit Zhang Tianqi, he cried and laughed: "Who made you go crazy and stick your head out so close to me, I thought it was a monster, so I gave you a punch when I was nervous.

Zhang Tianqi pointed to her nose and said seriously, "What - monster, have you ever seen such a handsome monster? Hmph." Zhang Tianqi was bitterly disappointed, who made himself so anxious.

"All right, all right, count me out! Do you want me to wake up early because there's something major you're looking for me for?" Chen Hao Xuan asked out loud.

Hearing Chen Haoxuan's words, Zhang Tianqi suddenly remembered what he wanted to discuss with Chen Haoxuan, Chen Haoxuan just punched him blinded, thanks to Chen Haoxuan reminded him, otherwise he really forgot. "I've seen the all-around cell phone you made, and I'll give you a one-word evaluation. "

"Well, don't flatter yourself, if I'm right, you're going to want to buy the technology for my all-in-one phone, right?" The company has been in the process of developing the new product for the past two years, and has been working on the development of the new product.

"It's good to talk business with smart people, and it's clear before you say it. I want to buy your technology, can you think about it, we can discuss the price." Zhang Tianqi was serious.

"I definitely won't sell the technology, but if you're willing to cooperate with me to run the Omniphone together, I might consider it." Chen Hao Xuan smiled, Chen Hao Xuan also wanted to eat alone, but if he only relied on himself step by step, then the development would be too slow, but if he could use Zhang Tian Qi's family's influence, then he could soar to the sky.

Hearing Chen Haoxuan take the initiative to say that he will cooperate with him, Zhang Tianqi excitedly took a few steps forward, grasped Chen Haoxuan's cell phone, and said excitedly, "Haoxuan, how do you say to cooperate?"

"I'll contribute the technology, you contribute the money and the effort, I'll take fifty-five percent of the shares, and you can sign a contract with me now if you want. I forgot to tell you, I don't have just this cell phone technology in my hand, I also have and multi cell phone technology, but I won't take it out for the time being, until the all-powerful cell phone is almost obsolete." Chen Hao Xuan Dao.

"Okay, I'll be able to sign this contract with you, let's go, buddy, after we sign the contract, I'll take you out to dinner." Zhang Tianqi was excited, he did not expect to talk business with Chen Haoxuan so cool, a few minutes to get a big business.

In fact, Zhang Tianqi earned a lot of money, his family already has a cell phone factory, cell phone city, many small branch, they do not need to invest any money, only need to produce all-round cell phone and then get their own cell phone city to sell it, small investment, earn big, is definitely a profitable business.

After Chen Haoxuan and Zhang Tianqi signed the contract, they went to the villa hotel to celebrate, when they celebrated Zhang Tianqi's father also came, he admired Chen Haoxuan's talent, as soon as he came, he began to praise Chen Haoxuan, until the end of the banquet.

In order to make all-purpose cell phones appear in the market more quickly, Chen went to Zhang Tianqi's cell phone factory after lunch, and he needed to teach the technicians how to make all-purpose cell phones. Zhang Tianqi also cooperated with Chen Haoxuan and gave him the title of technical director, so Chen had the right to mobilize the people inside the factory.

He taught the technicians in the factory how to make omnipotent cell phones, and he mobilized the people in the factory to produce omnipotent cell phones, his arrangement was very different from Zhang Tianqi's. The difference was in the procedure of making cell phone parts. The production line arranged by Chen Haoxuan produced cell phone parts more than twice as fast as the production line previously arranged by Zhang Tianqi.

Chapter 67

Five days later, the production of the Omniphone was on track. Chen Haoxuan had taught the technicians how to produce and sell the phone, and now he didn't need his help, so he could rest. He borrowed 10 million RMB from Zhang Tianqi, and he wanted to return home in good clothes. He wanted to buy a BMW and build a high-class villa to show those who looked down on him before whether he was a loser or not.

The company has been in the process of developing the new product for the past few years, and the company has been working hard to develop the new product.

Chen HaoXuan bought a one million BMW, driving license and other things are Zhang Tianqi help him get, because Zhang Tianqi in the road, otherwise Chen HaoXuan will need to go to the driving test.

When Chen HaoXuan drove the BMW back, the whole Chen family village knew that Chen HaoXuan was rich, otherwise he could afford to drive a million BMW. So many villagers began to laugh at Chen Haorong, when Chen Haorong counted Chen Hao Xuan in the field, there were many villagers present, so it was spread.

It's not just a matter of time, it's also a matter of time before you have a chance to get to know each other, and it's also a matter of time before you can get to know each other. In fact, this is how Chen Haorong consoled himself, but the day after Chen Haoxuan returned to the Chen Village, there was a rumor that Chen Haoxuan was going to build a villa. The blow, the heavy blow, there is really nothing to compare with Chen Hao Xuan.

He asked Wang Long to help him build a luxurious villa, the design of which was designed by Chen HaoXuan himself, combining the excellent architectural styles of many ethnic groups.

The Chen Village, which had been very quiet, became lively, thanks to the construction team Chen Hao Xuan had hired to toss out the sounds. Chen Hao Xuan was trying to build a perfect home on his own, and his demands were so high that he had to direct the construction workers himself.

Chen Hao Xuan was a little curious that Chen Yina didn't even come home on Saturday and Sunday, but in the past she would have. Chen Hao Xuan made a phone call to Chen Yina, and she told him - she has a lot of homework this time so she won't go home for a while.

After using the cream that Chen Hao Xuan personally gave her, the pimples on her face are getting less and less day by day, and the pimple scars on her face are getting fainter and fainter, so she is no longer so unattractive. Many people at school now know about her change, and there are many rumors that she went for cosmetic surgery. She wanted to show the most beautiful side of herself to Chen Hao Xuan, so she forced herself not to go to Chen Hao Xuan.

Zhou Kexin, her life has changed a lot. She used to love to read, but now she has no interest in reading and all she can think about is Chen Hao Xuan. Sometimes when she thinks of Chen Hao Xuan, her heart is sweet, but sometimes it is sour.

Yang Lin and Liu Junfeng are now learning management every day, and Chen HaoXuan told them to learn, Chen HaoXuan intends to develop them into elite white collar workers. Chen HaoXuan felt that he helped them solve their worries, so they could concentrate on learning management.

Time was slipping away, and the days seemed to pass quickly, or in the blink of an eye. Chen HaoXuan's villa had taken shape and would be completed in two to three weeks. Now it was already half a month later, Chen didn't see Chen Yina for a long time, he missed her, so he drove his BMW to the city of Xinshan.

When he got back to his rented place in Xinshan City, Chen Yina was not at home, she must have gone to school. Chen HaoXuan's place was as clean and tidy as ever, and Chen HaoXuan was bored, leaning on the sofa, eating fruit and watching TV.

When it was almost noon, the door of Chen HaoXuan's apartment was opened and a young girl in a white dress walked in. When he heard the sound of the door being opened, Chen turned his head and shouted, "Nana, you're back."

In the meantime, his eyes are so bright and shiny that they seem to be imprinted on your heart and cannot be forgotten. In the meantime, your lips are so thick and thin, so red and moist, that all men want to suck on them and kiss them. The neck is as white as jade with an attractive luster, the breasts are quite straight, with waves obviously very appropriate. The waist was slim and soft, and naturally went down to form a perfect hip line

"Oh my God! How can a girl be so beautiful?" Chen Hao Xuan was secretly surprised, and suddenly he felt that this girl looked familiar: "How does this girl look so much like Nana?"

"This lady, who are you looking for?" Chen Hao Xuan spoke out and asked.

Hearing Chen Haohuan's words, Chen Yina couldn't help but cover her small mouth and laugh as she chuckled, "Guess who I am?" Chen Yina had wanted to go back a few times to let Chen Hao Xuan see her as a beautiful woman, but she didn't expect that Chen Hao Xuan would come without going back. I'm not sure if I'll be able to recognize Chen Hao Xuan when he sees her, but she guessed right, Chen Hao

Xuan really didn't recognize her, also, she picked up her old photo and compared it to her current photo, she also didn't recognize her.

"I feel like you look familiar! The voice is also, oh, right, you must be Nana, right? Wow, I didn't think you would look so beautiful after the acne and scars on your face disappeared." Chen Hao Xuan stood up, surprised.

Chen Yina tugged at the corner of her skirt with both hands, then spun around and happily said to Chen Hao Xuan, "Do you like what I've become?"

"I like it, of course I like it, I've always liked our lovely Nana, come over here and let your brother Xuan hug you, honestly I've never hugged such a beautiful girl before!" Chen Hao Xuan opened his hands and motioned for Chen Yina to jump into his arms.

The first thing you need to do is to take a look at the newest addition to your own website.

The first thing you need to do is to take a look at the newest addition to your own personalized website.

When she heard Chen Haoxuan's words, two blushes appeared on Chen Yina's face, and she smiled from the bottom of her heart, she finally didn't have to feel inferior, she could finally love her brother Xuan.

Chapter 68

The first time I saw her was when I saw her in the mirror, and I was so happy that I was able to see her face.

Chen Yina saw Chen Hao Xuan staring at her, which made her even more shy, and she said coquettishly, "Brother Xuan, how can you stare at someone like that."

"My previous assessment of you was really not wrong, your features are very good, and now that the skin of your face has become better, it completely shows off your perfect features. You can't blame me for staring at you, if you want to blame it on the fact that you're just too perfect now." Chen Hao Xuan joked.

"Brother Xuan, thank you, it's you who gave me my current beauty, if it wasn't for you - I might have an inferiority complex for the rest of my life." Chen Yina was moved to Chen Hao Xuan, if at this moment Chen Hao Xuan said, if moved you will marry me, I believe Chen Yina will agree without even thinking about it.

Chen Hao Xuan reached out his hand, gently stroked Chen Yina's hair, smiling: "You are my sister, and I thank what, brother to help sister is justifiable."

Chen Yina thought for a moment, she felt she should strike while the iron was hot, she lowered her head, a pair of small hands rubbed the corner of her skirt, and whispered: "Brother Xuan, if there is a girl like me who loves you, will you accept her?" Chen Yina is hinting, and this hint, although obviously talking about her, is better than her confessing directly to Chen Haoxuan! She felt it was less awkward to say so, so she chose to confess to Chen Haoxuan in this way.

Does Ina Chen have a twin sister or sisters? Chen Hao Xuan and Chen Yina grew up together, Chen Hao Xuan must know whether Chen Yina has other sisters or not, Chen Hao Xuan already knows what Chen Yina means, and Chen Yina is hinting to him that she loves him. Chen Hao Xuan deliberately played dumb and smiled, "If there really is a girl like Nana, I'll treat her like a sister, just like I treat Nana." Chen Hao Xuan's words also implied that he would only treat her as a sister.

When Chen Yina heard Chen Haohuan's words, she was sad that Chen Haohuan really only treated her as a sister and never loved her, neither the ugly her before nor the beautiful her now. Chen Yina turned around, and after taking a few steps, she was still unwilling, she turned back to Chen Hao Xuan, "Brother Xuan, do you really not love me at all?"

"Nana, don't joke about it, if Li Ping hears about it she will skin me." Chen Haoxuan joked.

"Are you afraid that my parents will refuse? If it is I can go and tell them that they like you so much, they will definitely promise me to be with you." Chen Yina was serious, sometimes love can make people stupid, like Chen Yina now, as long as there is a slight chance, she will go for it, even if it will fail.

Chen Haoxuan really didn't expect Chen Yina to love him to this extent, Chen Haoxuan explained, "Nana, listen to me, I've always treated you as a sister, you know?"

I want to be your girlfriend, I want to be your wife, I want to live with you for the rest of my life," she said. I want to be your wife, and I want to live with you for the rest of my life. Brother Xuan, please don't reject me, okay? If you don't like me the way I am now, I can change, really"

Chen Haoxuan gently stroked Chen Yina's back and tenderly said, "Nana, when did you fall in love with me? Didn't you always think I was your brother?"

Chen Haoxuan hugged Chen Yina tightly, "I fell in love with you when I was in junior high school because I was ugly - so I had a silent crush on you until now that I've become a beautiful woman, I had the courage to say to you what I've wanted to say to you for years; I love you. "

Now Chen Hao Xuan realized that Chen Yina had loved him silently for so many years, Chen Hao Xuan now really does not know how to answer Chen Yina's words, he is a normal man, men like beautiful women. The problem is that he treated her as his own sister from the beginning, so he has never had the love between a man and a woman for Chen Yina, only the love between brother and sister.

"Nana, isn't it good for us to be brother and sister for the rest of our lives? If you don't want to leave me, don't marry too far away, so you can see me more often." Chen Hao Xuan Dao.

"No, I don't want to be brother and sister with you, and I don't want to marry anyone else, I just want to marry you." Chen Yina buried her head in Chen Hao Xuan's arms and cried.

Chen Hao Xuan could feel the clothes on his chest was wet by Chen Yina's tears, he was struggling with Chen Yina's feelings for him, Chen Hao Xuan thought about it, he thought it was better to delay for a period of time to say, said that in time Chen Yina will meet her prince charming.

Chen Hao Xuan held Chen Yina and gently said, "Nana, can you give me some time?" Chen Hao Xuan was smart, he didn't say how long he would give so he would have an excuse to delay.

Chen Yina looked at Chen Hao Xuan tearfully and said seriously, "Brother Xuan, I will wait for you."

Chen Hao Xuan took Chen Yina's hand and said, "You come with me, I have a gift for you."

Chen Hao Xuan pulled Chen Yina's hand and came to the outside of the residence, next to Chen Hao Xuan's BMW there is a pink electric car, this electric car looks very cute, it seems to be made for the current Chen Yina.

When she saw such a lovely and beautiful electric car, she immediately forgot the sadness she just felt. She exclaimed in astonishment and happiness: "Wow-, brother Xuan, is this really for me?"

"It's not for you, it's for someone else! I made it with my own hands, and it's unique in this world. Try it on." Chen Hao Xuan smiled to Chen Yina.

The electric car is not a high-tech thing, you don't need to teach it, not to mention that Chen Hao Xuan had taught Chen Yina how to ride a motorcycle before, so Chen Hao Xuan would not worry that Chen Yina would not be able to ride it.

"Mmhmm." Chen Yina rode on the electric bike and started.

Chen Yina's hair flowed with the wind, her clothes were the same, the smile on her face, the tears still remaining on her face, and the unique electric bike made for a very nice picture. Chen Hao Xuan

couldn't help but quickly pull out his cell phone, click click click, and took many pictures of Chen Yina.

Chen Yina saw that Chen Hao Xuan was taking pictures for him, so she drove the electric car to Chen Hao Xuan and happily said to him, "Brother Xuan, let's take a picture together, okay?".

"OK! Wait a minute, I'll adjust the camera settings of my phone." Chen Hao Xuan Dao, he adjusted his phone and put it on the roof of his car.

Chen Hao Xuan ran to the side of Chen Yina, he sat behind the electric car, his hands also hugged Chen Yina's small waist, it is a little strange, this should be Chen Yina hugged Chen Hao Xuan's waist, a grown man can do girls posture is not strange?

Chapter 69

Chen Yina turned her head and curiously said to Chen Hao Xuan, "Brother Xuan, is this okay? Don't you need someone to hold the phone for the photo shoot?" Chen Yina didn't know that Chen Haoxuan had already partnered with Zhang Tianqi to run the Omniphone, and she didn't know about such an advanced phone.

"This is the most advanced cell phone, you can take photos without using a person, come you do a good pose, he will automatically take a photo every five seconds." Chen Haoxuan explained.

Click click click click, Chen Hao Xuan and Chen Yina continuously took more than a dozen photos of various actions, after the shooting, Chen Yina snatched Chen Hao Xuan's phone, asking after: "Brother Xuan, where did you buy this phone ah! So advanced yo."

Chen took out his electronic car key, pressed it, then opened the BMW's door and took out a pink cell phone in a small box inside. Chen Hao Xuan handed the phone to Chen Yina and smiled: "This is also a gift for you."

Chen Yina did not take the phone, she pointed to the BMW next to her and said to Chen Hao Xuan, "Brother Xuan, this BMW is not yours, is it?" The reason for this is because she wants to give him a surprise, so she rarely calls back.

Chen Hao Xuan handed the phone to Chen Yina, took Chen Yina's small hand and walked into the house, explaining as he walked: "Actually, I haven't been back for a while because I'm busy doing a big business. I have developed an all-purpose cell phone, which is the one you are holding. It is the most advanced cell phone in the world, and it is still in production, and no one else out there has this advanced cell phone except for you and me, and Zhang Tianqi's family.

I use my technology to cooperate with Zhang Tianqi, and I get 55% of the shares, so I'm rich! Not only have I now bought a million dollar BMW, I've also built a villa at home. I'm now a millionaire yo, hehe"

Chen Yina covered her small mouth in surprise when she heard Chen Haoxuan's explanation, she never expected Chen Haoxuan's development to be so fast, it's only been a few months! Chen HaoXuan started his business in April, and now it is only June, and in just two and a half months he has become a millionaire. Such a speed is really unbelievable. "Brother Xuan, you're really amazing, I haven't seen you for half a month - you've made so much money."

Chen Haoxuan proudly said, "That's right, you don't even see who I am."

"Brother Xuan, you're not leaving again this time back, are you?" With expectant eyes, Chen Yina looked at Chen Haoxuan Dao, she didn't want to be separated from Chen Haoxuan.

"Not for now." Chen Hao Xuan Dao.

"Oh also, then you will accompany me to school in the afternoon, just drive me in my electric car." Chen Yina was happy.

"Why? Isn't it awesome to drive a BMW?" Chen Hao Xuan Dao.

"Oops! Brother Hen, just listen to me for once!" In the living room, Chen Yina is constantly spoiling.

Chen Hao Xuan felt that the beautiful woman Chen Yina became much more cheerful than before, but this is good, he is now more full of smiles Chen Yina.

Chen took a laptop and put it on the tea table, then he took a data cable and connected it to his computer and cell phone, and put the photos on his cell phone on the computer. When Chen Yina saw the photo of her and Chen Hao Xuan, she couldn't help but blurt out, "Brother Xuan, look, we really look like a couple."

The photo of him and Chen Yina really looks like a couple, and also like a couple taking a wedding photo, because they both wear white clothes, Chen Haoxuan is wearing a white suit, and Chen Yina's is a white dress.

In the afternoon, Chen Hao Xuan rode Chen Yina's electric bike and drove her to school. Chen Yina hugged Chen Hao Xuan's waist and leaned her head against his back hand, reliving the feeling of Chen Hao Xuan riding his bike to drive her to school.

One of them was a girl, who should be confused by Chen Hao Xuan, and the other two were boys, who should be so fascinated by Chen Yina's beauty that they forgot the direction and hit the pole.

The first thing that every student and teacher felt when they saw Chen Haoxuan and Chen Yina was that they were really compatible. The boys want to replace Chen Hao Xuan and the girls want to replace Chen Yina.

Chen Hao Xuan parked his electric car in the school's parking lot, and then he and Chen Yina went to class together. When Chen Hao Xuan and Chen Yina appeared together in class eight, all the students in class eight gave a gasp of unison. Their first thought was that Chen Haoxuan and Chen Yina were a couple, otherwise why would they be wearing couple outfits, all in white.

"Welcome back to our school grass and our school flower, everyone applaud." One of the more joking students, loudly.

Some people really applauded, and the popping applause was non-stop, Chen Haoxuan didn't expect him to come back again, but he was so popular, he remembered that every time he used to come back someone would laugh at him, but he also knew why it was like that, it was all because of desire. When you're down, people look down on you, when you're capable, people respect you.

"Oh, hello everyone." Chen Haoxuan waved his hand in greeting to the class.

Zhou Kexin, who was sitting at the end of the classroom, pursed her lips, and yes she was jealous, she felt that her current situation was becoming more and more dangerous. The first thing you need to do is to make sure that you're not going to be able to get a good deal of money for your own money.

"Zhou Kexin, long time no see." Chen Hao Xuan walked to the end of the classroom, greeted Zhou Kexin and sat down not far from Zhou Kexin.

Zhou Kexin saw where Chen Hao Xuan was sitting, so she quickly gathered her things and sat next to Chen Hao Xuan, if she didn't take the initiative at this time, Chen Hao Xuan would be snatched by Chen Yina.

Chen Yina sat to the left of Chen Haoxuan, she sat down with a small snort, it seems that she is angry with Zhou Kexin, angry with Zhou Kexin to seduce her brother Xuan.

"Chen Hao Xuan, I heard that you made a big deal with Zhang Tianqi, what is it? Can you tell me?" Zhou Kexin was curious, she was very concerned about all the things Chen Haoxuan, so she couldn't help but investigate him.

"It's not a big deal, it's just that I've researched a cell phone to swing with him." Chen Hao Xuan was modest.

Chapter 70

"Did you develop it? Awesome, I told you you wouldn't be able to live your life as quietly as you did before! Look at what I'm wearing now, it's more expensive than my clothes." Zhou Kexin joked.

"I learned that from you!" Chen Hao Xuan also joked.

"Learn from me, fake it! You have a BMW and a villa now, not like me! I use, I spend, I use all my father's money. Compared to you, I'm nothing but a loser girl." Zhou Kexin was self-critical.

"Don't talk about yourself like that, you are the reason why you use your family's money for everything now, because you are still studying. Chen HaoXuan comforted Zhou KeXin.

Zhou Kexin got an inch, hugged Chen Haoxuan's arm, and said happily: "You really know how to comfort people, no wonder I like you so much."

Chen HaoXuan shook his head with a bitter smile, he felt that sometimes it was not a good thing to have too many sexual encounters. Zhou Kexin used Chen Haoxuan as a shield, so that Chen Haoxuan did not know what kind of girl she really is, and now Zhou Kexin is in love with him, he is torn. Chen Yina, who grew up with Chen Hao Xuan, knows her very well, and Chen Hao Xuan treats her as his sister, but Chen Yina has fallen in love with him as her brother, and he is torn.

If Chen Yina and Zhou Kexin push Chen Hao Xuan too hard, maybe Chen Hao Xuan will use Hua Lingwei as a shield, because Hua Lingwei is arguably the most suitable for Chen Hao Xuan, and Chen Hao Xuan has a crush on her.

Chen Yina doesn't like other girls to be too close to Chen Haoxuan, so she spoke out to Zhou Kexin: "I say you're a big girl, hugging a big man in broad daylight, aren't you afraid that others will laugh at you?".

"What's there to be afraid of, as long as I like it." Zhou Kexin was indifferent, she was no longer as shy as she used to be, probably because she was used to it!

"You - shameless, huh." Chen Yina exhaled in exasperation.

"You're still the same, you even like your own brother, hmph." Zhou Kexin was also not willing to lag behind, Chen Yina was so dependent on Chen Haoxuan, how could she not see that, especially now.

"He's not my own brother, why can't he like it." Chen Yina now hates when people say that Chen Haoxuan is her brother, because if Chen Haoxuan really is her brother, she can't be with Chen Haoxuan.

"You guys just stop arguing, this is a classroom, it's a place to study." Chen Hao Xuan persuaded, to be honest, Zhou Kexin hugged his arm, he really can't let go of Zhou Kexin, even if other people say he ** he admitted it. The fact that Zhou Kexin's plump shuangfeng squeezed his arm made him feel very comfortable.

Chen Haoxuan suddenly stood up and said to Zhou Kexin and the others, "You guys stay here first, I'll go to the library to borrow some books, and I'll be right back."

After Chen HaoXuan left, Chen Yina and Zhou CanXin fought again. "Zhou Kexin, let me tell you, Brother Xuan and I grew up together, he doesn't accept me now because he's worried that my parents will object, and when I go back and get my parents' approval, Brother Xuan will definitely be with me. Don't even think about it, I advise you to find another boy!" Chen Yina snapped at Zhou Kexin.

"You just blow it! Who doesn't know that Chen Hao Xuan treats you as his sister in the University of Xinshan City, even the people in your Chen Village think so, not to mention Chen Hao Xuan, if he loved you, he would have confessed to you long ago. If he loves you, he would have confessed to you long ago. So my chances are better than yours, and I advise you to give up chasing Chen Haoxuan. Don't make it impossible for brother and sister." Zhou Kexin said proudly.

"Who said that, brother Xuan only treats me as a sister? I'm telling you, I confessed to Brother Hen today and he said he'd let him think about it for a while, huh, see! He will accept me after a while, and when he hurts you, please don't blame me, yo." Chen Yina was proud of herself.

Zhou Kexin heard Chen Yina's words and exhaled, "This dead Chen Haoxuan, saying this to me, saying this to you, I don't know if I've ever said anything like this to Wei Wei."

"Ah-, brother Xuan also said the same thing to you?" Chen Yina had a look of disbelief on her face. She didn't expect her brother Xuan to reject someone like this.

"It seems that both of us have little chance." Zhou Kexin was dejected, she suspected that Chen Hao Xuan liked Hua Lingwei.

Chen Haoxuan went to the library, and while finding out, he was stopped by a beautiful girl, who was like a catkin, with skin like gelatin, collar like a gourd, teeth like a gourd, and a forehead like a moth-brow, smiling ingenuously, and beautiful eyes. "What do you want from me?" Chen HaoXuan asked curiously, as if he didn't know this girl in his memory.

In fact, this girl is none other than the person who asked Chen HaoXuan to help her answer her questions about life, Zhang Bening. "Chen Hao Xuan, is the promise on top of my notebook written by you?" Zhang Bening said to Chen HaoXuan.

"Oh, so you're Zhang Bening! Um, yes the answer on the top of your notebook is what I wrote, any questions?" Chen Haoxuan smiled, Zhang Bening's name was the one he saw in his notebook.

"There's no problem, I just want to make sure. I'm a little curious about you, why were you such a loser before, and why have you suddenly become so smart now? Can you tell me yes?" Zhang Bening asked curiously.

"Oh, I used to just choose to keep a low profile, but then I realized that it's even worse to keep a low profile, so I just chose to be myself. Are you still satisfied with this promise?" Chen Haohuan smiled.

"Satisfied, but why did you want to live a low-key life before?" Zhang Bening was curious about the question, she likes to surf the Internet, punch Lang, listen to music, but also likes to study life, she is more curious about Chen Haohuan such life.

"This belongs to personal privacy, I'm sorry I can't tell you." Chen Hao Xuan apologized, the previous Chen Hao Xuan, and not him, of course, will not be smart!

"All right then! I'm not going to ask you about the lowdown. I'd like to ask you again why you read so many books every time you come to the library, and why you read them so fast, and can you tell me - do you remember everything that's in those books? Do you have the ability to see everything at once?" Zhang Bening pursued the question.

"You're not a fan of mine, are you? Why else would you pay so much attention to me?" Chen Haoxuan joked.

Zhang Bening covered his mouth and laughed with a gentle smile, "Sort of! But not the kind of powder that likes you, but the kind of powder that is curious about you."
