

A Billionaire's Reincarnation Chapter 91-100

Chapter 91

"Then come with me quickly." Chen Hao Xuan walked next to Huang Meilin, took Huang Meilin's hand and left quickly, now those students were all up in arms, he was worried that if he continued like this there would be unnecessary trouble, so he decided to leave quickly with Huang Meilin.

Seeing Chen Hao Xuan and Huang Mei Lin leave, many students are shouting: "Hey-, don't go! You haven't given the little girl an answer yet! Hey-, aren't you cheating on a little girl's feelings?" A girl who was only 14 years old confessing her love to a boy in his 20s, this thing was really fascinating.

Chen Hao Xuan put the jade flute in Ma Yichen's arms and ran away with Huang Meilin. If Chen HaoXuan and the others were wearing masks, the students at the University of XinShan City would have been shocked if they knew the boy she confessed to was Chen HaoXuan.

As the two of them left, Ma Yichen was very unhappy with the way they looked at each other, and she shouted: "Chen Haoxuan, you are the one I invited to help me, not to steal my limelight,, I am the main character! You guys should care about me, not Chen Haoxuan and the others as supporting characters."

Zhou Kexin, Hua Lingwei, and Chen Yina have been downstairs in the girls' dormitory, and they saw the whole process of Ma Yichen's confession, and they envied Zhang Bening, and they also wished that their beloved could create a Lang Man scene to confess to them like Ma Yichen did.

Chen Hao Xuan drove his car to send Huang Meilin home, and on the way Chen Hao Xuan said to Huang Meilin: "Linlin, you are so disgraceful today, do you know what you have done today? Do you know how little you are? Do you know what your parents would do if they found out? I think they're going to try to kill me. Lynn yah! It's not that Brother Hen is mad at you, just think about it! You're 14 years old! Both haven't even started to develop yet, and I'm ten years older than you, so if I were in ancient times, I could have been your father."

When Huang Meilin heard that Chen Hao Xuan actually said she hadn't developed, she exhaled and explained: "Who - who said people haven't developed, look."

In the event that you're not a good driver, you're not a good driver, you're not a good driver, you're not a good driver. The first thing you need to do is to take a look at the car, and then you'll be able to see the car. Chen Hao Xuan said indifferently, "When you grow up to be as big as Nana and the others, you are considered to be grown up."

"Our teacher told us - we'll grow up quickly in a few years, Brother Xuan, will you wait for me for a few years? I'll marry you when I'm 18." Huang Meilin looked at Chen Haohuan expectantly.

"Are you really not sick today? I'm already in my twenties, you make me wait a few more years, I'm almost thirty, if I don't start a family, do I want to go to a nursing home when I'm old?" Chen Hao Xuan replied as he drove.

"I'm not sure how many years you have to wait. People are 14 now, and in four years they will be 18 and can get married. And brother Xuan, you are only 20 years old now, only six years older than others, and when they are 18, you will be only 24, you are still very young." Huang Meilin said to Chen Haoxuan in a delicate voice.

"Do you want to marry someone that badly?" Chen Hao Xuan was laughing and crying.

"No it isn't! I just want to marry you, the others - I don't want to marry them." Huang Meilin was shy.

"Then let's talk about it 4 years from now!" Chen Hao Xuan Dao, after 4 years, maybe Huang Meilin doesn't even remember his name Chen Hao Xuan, or in these 4 years she found the boy she really likes, Chen Hao Xuan thought so.

Chen Hao Xuan sent Huang Meilin to the downstairs of the luxury apartment and left. Huang Meilin stood at the entrance of the apartment and watched Chen Hao Xuan drive away in the rear of the car, she firmly said: "Brother Xuan, I will make you fall in love with me, I promise, you will."

Chen Hao Xuan drove back to his residence, he stayed in his room, he was using his laptop to look up information, he only looked up things about Buddhism. Did Chen Hao Xuan want to become a monk? Or have you converted to Buddhism? The reason why Chen looked up Buddhism was because he wanted to carve a statue of Buddha on top of the boulder he came from the Chen Village.

Even those who don't believe in Buddhism like to have some Buddha statues in their homes, such as Guanyin, Rudraksha, God of Wealth, etc. Many of them know that this is a fake, but even they know that it is not. In fact, many of them know it's fake, but even if they know it's fake, they still choose to believe in it because they all want to have a happy life.

The general public is very interested in Buddhism, and Chen HaoXuan grasped this point of human nature, and that's why he wanted to sculpt a Buddha statue. He wanted to carve all the Buddhist figures into a huge water stone, and he estimated that if he succeeded in doing so, the water stone would likely sell for hundreds of millions of dollars.

That night, Chen HaoXuan looked up information all night, and he collected a large number of photos of the Buddha statues.

The next morning, Chen HaoXuan started working, pushing the water stone outside to carve it.

The water stone was placed on a thick wooden board with eight wheels underneath. The water stone was too big for Chen HaoXuan to move alone, so he thought of this way so that he could move the huge water stone. The carving was a bit noisy and dusty, so Chen HaoXuan would push the water stone outside while carving.

Chen HaoXuan is very elegant, he also played a very loud DJ while he was carving, Chen HaoXuan wanted to carve a lot of Buddha statues on top of the water stone, in order to carve more Buddha statues, so Chen HaoXuan took a magnifying glass and looked at it while carving. To carve a small Buddha statue into a two-meter high water stone, the project was not a big one. It would take at least several years for an ordinary sculptor to carve so many Buddha statues into such a large water stone. Chen Hao Xuan was confident that he could do it within a week, because his remarkable skill lies in his manual dexterity, his brain's strong calculation ability, and the strength of the carving, which he could grasp very well, and he could remember the carving at a glance.

The current Chen HaoXuan in Chen Yina's eyes more and more unlike a student, she felt that the current Chen HaoXuan does not like to study at all, do not go to class, there are several exams he dared not go. Today, she went to school alone again, and she really wanted not to go, but she didn't have Chen HaoXuan's brilliant brain, and she could learn all the things the teacher taught her by studying on her own.

In the following days, Chen was busy carving every day, he usually woke up at six in the morning to carve and worked until midnight at night before going to bed. It was carved by Chen HaoXuan into a lifelike style. In addition, he also carved a huge water stone into a pagoda, and now the semi-finished product is already very good.

On the morning of July 8, Chen HaoXuan went out to buy vegetables, and he drove his BMW to the market. The familiar voice seemed to be cursing, and he was curious to find the owner of the voice. When he found the owner of the voice, his eyebrows were furrowed.

Why did Chen HaoXuan have such an expression? This kind of expression should only appear when you hate someone very much. It turned out that the person Chen Haoxuan saw was Li Xin, who had abandoned him a few years ago, and he saw Li Xin fighting with Zhu Tian's fight, and they didn't know what had happened, and the fight was very bad.

"You hurry up and give me back my wallet, or I'll call the police." Li Xin loudly snapped at Zhu Tian.

"You dead b*tch, which eye did you see me steal your wallet? Damn it, if you do that again I'll be rude to you, let go of your hand." Zhu Tian yelled at Li Xin, who tugged at his clothes, which made it impossible for him to escape, and if Li Xin hadn't been a woman, he would have lashed out at her.

"Someone help me! Someone is stealing! Someone come quickly" Li Xin grabbed Zhu Tian's clothes to death and kept shouting, looking like a madman. Li Xin deserved the theft of her wallet, holding it in her hand, and always showing the hundred-dollar bills in her wallet when she was shopping, as if she was afraid that others would not see it.

Zhu Tian was attracted by Li Xin's display. Zhu Tian saw a lot of money in Li Xin's wallet, so he started to act maliciously, and he asked his little brother to cooperate with him. But Zhu Tian didn't expect Li Xin's reaction to be so fast. When he grabbed Li Xin's wallet and turned around to run, Li Xin grabbed his clothes.

So Zhu Tian handed the wallet to his little brother, and asked his little brother to take the wallet away, so that Li Xin would not be able to identify him as the thief. This method is very familiar to Zhu Tian, because he often does this kind of thing.

"I'll f*ck you, do you believe I'll really hit you!" In the past, even if he had been caught stealing, people would have been afraid of him and would have chosen to break the bank. The woman who grabbed his clothes did not let go no matter how much he scolded her, and she seemed to be planning to spend the whole time with him.

Li Xin is a woman, but she is not ordinary. She was a hot girl when she was young, and she has seen more than Zhu Tian, so she is not afraid of Zhu Tian. In fact, Li Xin is so stubborn is no way, she is a bus to Xinshan City, she is here to buy clothes, buy clothes she wanted to buy some lobster back to try fresh, did not expect to come to the market, the wallet was robbed, all her money in the wallet, now the wallet was robbed, she bought a ticket money are gone, how can she go back ah!

"I grass you, you're asking for it." Zhu Tian cursed angrily and raised his hand to slap Li Xin's face with a cracking sound.

Li Xin's right hand grabbed Zhu Tian's clothes, and her left hand covered the beaten cheek, she suddenly swung her hands desperately at Zhu Tian like a madwoman, her claws were so strong that she scratched out blood marks on Zhu Tian's face, and several buttons on Zhu Tian's clothes were also lost by her.

Zhu Tian is not a good person, and when he gets angry, he is a person who does not recognize any of his relatives. Li Xin scratched his face, which he thought was handsome, how could he not be handsome?

Li Xin was a great scold, but she had no skill in fighting, and when Zhu Tian resisted, she was put down by him.

Although Li Xin abandoned Chen Haoxuan, she was Chen Haoxuan's biological mother anyway, and as much as Chen Haoxuan hated her, he didn't hate her to the extent that he couldn't save her from death. Chen Hao Xuan walked out of the crowd, Chen Hao Xuan's appearance made Zhu Tian scared out of his wits, he saw Chen Hao Xuan as if he had seen a ghost, he screamed, turned around and fled. The first time he was almost killed with a brick, and the second time he was forced to kneel down in front of many students, the lesson he learned was unforgettable.

Li Xin, who was lying on the ground, her limbs dancing desperately, Zhu Tiandu ran away and she didn't even know it.

Out of kindness, Chen Haoxuan spoke out to Li Xin: "The person who stole your wallet has run away."

When she heard the voice, Li Xin opened her eyes. She climbed up, looked around, and found that the thief who robbed her money had disappeared. After Li Xin saw Chen Haoxuan, she pointed at him and scolded him: "You ungrateful son, you didn't help your mother when you saw her being beaten, and you didn't chase after your wallet when it was snatched, I raised you in vain" Li Xin seemed to want to take out all her anger on Chen Hao Xuan.

"....." Chen Hao Xuan was speechless, he kindly came forward to save her, but he didn't expect to get such a return from Li Xin. Chen Haoxuan's heart was once again broken by Li Xin, and his affection was getting farther and farther away from Chen Haoxuan.

"Young man, how can you be like this! You're so heartless for not coming out to save your mom when she was beaten up. Yeah! Young man, look at you, you're so strong, why don't you have the courage to protect your mother!" After the onlookers heard Li Xin's words, they accused Chen Haohuan of not being the one.

If Zhu Tian was still around, these citizens would never be like this, because they were afraid of the ruthless Zhu Tian's revenge. Now that Zhu Tian had escaped, the gentle Chen Haoxuan looked like a good boy, so they weren't afraid, and they kept blaming Chen Haoxuan. How could they, ignorant as they were, know that Zhu Tian's sudden panicked escape was because of Chen Haoxuan's appearance?

"I am not her son." Chen HaoXuan coldly said to the onlookers.

"If you say you're not, then you're not? You were born to her, whether you acknowledge her or not, you are her son. You young man is too unfilial, and it's a pity that you still look so gentle, but you turn out to be a man with a human face and a beast's heart" The onlookers were attacking Chen Haoxuan with all sorts of language.

Chapter 93

The citizens are yelling at her, and so is Li Xin, who complains that Chen Hao Xuan didn't even come out to save her, and didn't help her recover her wallet.

Hearing so many people yelling at him, Chen HaoXuan was very angry, his eyeballs had red threads, and you could see how angry he was. When Li Xin was about to approach Chen Hao Xuan, Chen Hao Xuan suddenly shouted, "Shut up, all of you." Chen Haoxuan's roar was filled with a strong domineering and murderous aura, which made everyone in the market involuntarily shut up, not even daring to breathe too loudly.

Chen Haoxuan's momentum shocked them, they were just ordinary citizens, how could they resist such a terrifying momentum, if Chen Haoxuan's momentum was a little bigger, it was likely that all of them would be forced to kneel down by his momentum.

He was a gentleman just a moment ago, but in the blink of an eye, he turned into a man full of murderous anger, which made many citizens think that Chen Haoxuan is a big man, either a senior official or an A-class murderer.

Chen Hao Xuan turned around and roared at those citizens who were blocking his way back, "Get out of the way." Now Chen was in the same situation as the last time Ho Ho Ming had seen him, where he had a thick murderous aura when Chen was angry. Ho Ho Ming and the market citizens knew about it, but Chen Hao Xuan himself didn't know, and he would have been surprised if he knew how strong his aura was.

It is normal for him to be a bit domineering, as he is a man in a high position after all, but his murderous aura is almost non-existent, even in the future century, because he has not killed many people, and his body would never have such a strong murderous aura. But why would he suddenly emit such a terrifying murderous aura when he gets angry? Is it because you have been reborn from the future century into the 21st century that you have some kind of ability?

The people who were blocking Chen Hao Xuan's path, when they heard Chen Hao Xuan's roar, didn't get out of the way, but ran away with their legs, holy sh*t! The true momentum was so terrifying that if they continued to stay here, they feared they would collapse.

All the citizens fled, and Li Xin, her feet softened, and she sat on the ground, looking at Chen Haoxuan's back with a surprised face. She was amazed and thought to herself, "Is this - is this my punk son? When did he become so mean?"

All the people in the market were gone, and Chen had no choice but to go to the supermarket to buy his food. He drove back to his rental house and saw Zhou Kexin and the others outside the door. Recently, Zhou Kexin and the others like to come to visit him every weekend, and Yang Lin and the others also like to visit Chen HaoXuan, their reason is that there are a lot of people.

At this time, Zhou Kexin and the others were admiring Chen HaoXuan's sculptures, they heard the sound of a car, turned their heads and saw that Chen HaoXuan was back.

"Chen Haoxuan, you're back? What did you buy today?" Zhou Kexin was happy to Chen Haoxuan.

"Green vegetables and carrots, tofu and dried vegetables" Chen Hao Xuan joked, he got out of the car, walked to the rear, opened the trunk and brought out two large bags into the house.

He handed over the food he had bought today to Chen Yina, who advised him on what dishes to clean up, and also urged him to cook the food that Chen Yina had bought today.

He was very happy that he had carved 108 Luohan today, and that's why he went out and bought so many dishes to celebrate.

Although it was almost lunch time, he still didn't want to waste his time. He wanted to finish the carving and sell the pagoda as soon as possible so that he would have a lot of money to show off in front of Li Xin and the others, and he could invest in various projects.

Zhou Kexin unintentionally saw that Chen Hao Xuan's eyes were red, and she asked Chen Hao Xuan curiously, "Chen Hao Xuan, what's wrong with your eyes?"

"Maybe these didn't sleep well!" Chan replied as he sculpted his pagoda. He was very busy these days, and didn't have time to look in the mirror, so he didn't even know that his eyes were so red today.

When he saw how red his eyes were, Zhou Kexin suspected that Chen had stayed up too late every night, and she advised him with concern: "Chen Haoxuan, don't worry about making money all day long.

"Well, thanks for the reminder, I will take care of myself." Chen HaoXuan faintly said, and his tone showed that he did not take Zhou Kexin's words to heart at all.

Yang Lin, Ma Yichen, Liu Junfeng, they liked Chen Haoxuan's carving, but they were not interested in Chen Haoxuan's method of carving, so every time they came to Chen Haoxuan, they were drinking and chatting together.

After she saw that Chen HaoXuan had carved such a beautiful stone carving, she wanted to make a carving. When she saw that Chen Hao Xuan had carved such a beautiful stone carving, she wanted to make a carving, and she gave it to Chen Hao Xuan. Hua Lingwei was not very good at it, but she was very serious, and she was very careful with each place she carved.

After Chen had finished carving a Wisdom Manjushri, he heard Yina calling out to him, and Chen knew that Yina was calling him to cook a meal. Chen put down the carving tools and told Zhou Kexin and the others, "You must not move this stupa, if you break it - I'll be finished."

"Don't worry, I'll keep an eye on Weiwei for you." Zhou Kexin smiled at Chen Haoxuan.

Hua Lingwei raised her head and grumbled to Zhou Kexin, "What will watch me? Am I just going to move? Hmph."

"That last time you even took a carving tool to carve a stupa, if it wasn't for Chen Haoxuan who managed to get the pit you got carved into the same thing, you would have ruined this stupa. I heard Ma Yichen say that if the pagoda was carved, he would be willing to pay ten million RMB to buy it, so I advise you not to touch anything that valuable in the future." Zhou Kexin smiled at Hua Lingwei.

"People didn't know about it at that time! How could I touch it now that I know?" Hua Lingwei explained for herself.

"This pagoda is really beautiful, the water stone is natural, the color is very beautiful, I like it, when Chen Haohuan has finished carving it, I'll ask my dad to buy it." Zhang Bening, who was with Zhou Kexin and the others, spoke out, she was now good friends with Zhou Kexin and the others.

Chapter 94

"So how much are you going to ask your dad to pay?" Zhou Kexin asked happily, and the more valuable the things Chen Hao Xuan carved, the happier she was. Because she liked Chen Haoxuan, it was natural for her to wish Chen Haoxuan well.

"I won't be as stingy as Ma Yichen, who only offered 10 million RMB, I'll let my dad offer 20 million." Zhang Bening proudly said, she is not a loser girl, she is really interested in the stupa carved by Chen Hao Xuan. There are many holes in the pagoda carved by Chen Haoxuan, and in each hole there is a statue of Buddha, each one of them carved by Chen Haoxuan is so lifelike that it would never be a loss to buy such a beautiful thing.

The price they offered was only 10 to 20 million RMB, which was far from Chen Haoxuan's estimated price. 10 to 20 million RMB to buy Chen Haoxuan's carved pagoda, he would never agree. The huge water stone used to carve the stupa, and the color of the water stone, can reach such a standard of water stone is very rare, and basically cannot be seen. The stupa that Chen Haoxuan carved was a bit different, but it gave people the impression that it was a stupa inhabited by a Buddha, with a compelling Buddha spirit. Such a perfect water stone, such a perfect pagoda, such a perfect carving art, it is normal to sell it for hundreds of millions of dollars.

At lunch time, Chen HaoXuan cooked a good dish, and during the meal, Zhang Bening asked Chen HaoXuan if she could bring her father to see the stupa he had carved. Chen declined, as the stupa was incomplete and could not be valued by anyone, so Chen asked Zhang Bening to wait until he finished carving the stupa and then let her bring her father to see it.

Day by day, more and more Buddha statues were carved, and finally on July 12, Chen finished carving the pagoda, and he named it Thousand Buddha Stone Pagoda. He named the pagoda Thousand Buddhas Pagoda. The liquid paraffin waxed pagoda glittered in the sunlight, and the aura of the pagoda was compelling.

At the entrance of Chen HaoXuan's rental house, Chen HaoXuan and the others gathered around the Thousand Buddha Stone Pagoda to watch it, and when they saw it, they couldn't help but marvel that it was an amazing work.

After Ma Yichen looked at the Thousand Buddha Stone Pagoda for a while, he excitedly pulled Chen Hao Xuan's hand and said, "Hao Xuan, can you sell me this Thousand Buddha Stone Pagoda? I'm willing to offer 30 million RMB." In the past, Ma Yichen offered ten million RMB, but when he saw the finished Thousand Buddha Stone Pagoda, he was embarrassed to offer ten million RMB again.

"I'll offer 50 million RMB, Chen Haoxuan, will you sell it to me?" She doesn't have that much money, but her dad does, and although her dad hasn't seen the Thousand Buddha Stone Pagoda yet, she's sure he'll like it after he sees it. She said, "I don't think it's going to be 50 million RMB, it's going to be 100 million, and her dad will probably pay it.

Ma Yichen exhaled to Zhang Bening, "Bening, you're my girlfriend yeah! If I buy it and you buy it, it's the same, so why do you need to fight with me?"

"That's fine, you can buy it and give it to me!" Zhang Bening was smiling.

"Gah" Ma Yichen was speechless, all right! He admits that he is stingy and that he can't bear to give the Thousand Buddha Pagoda to Zhang Bening. He and Zhang Bening are just lovers now, not married yet! So if he gave the Thousand Buddha Stone Pagoda to Zhang Bening, it would no longer be his forever, unless his father-in-law generously gave it back to him, or gave it to Zhang Bening as a dowry.

"You guys stop arguing, now no matter how much you offer, I won't sell, because this Thousand Buddha Stone Pagoda is even more perfect than I imagined, so I want to advertise for him and hold an auction, which I will hold on the Internet." Chen Haoxuan spoke out, Ma Yichen and the others offered such a low price, he didn't want to sell to them! In his eyes, friends are friends and business is business, and sometimes they can't be mixed up.

For example, if he sold the Thousand Buddha Stone Pagoda to Ma Yichen for 50 million RMB, he would lose tens of millions, maybe even hundreds of millions of dollars.

"All right then! But when the auction, you have to notify me more early yo, if you do not mind if you tell me your reserve price, I am so prepared! Ma Yichen smiled in a pleasing manner and addressed Chen Haoxuan.

"My reserve price is 100 million RMB, so if you want to auction the Thousand Buddha Stone Pagoda, be prepared to pay 1 billion RMB!" Chen Haoxuan laughed evilly.

"Damn, you still want to sell the Thousand Buddha Stone Pagoda for a billion RMB, your ambition is not ordinary!" Ma Yichen was surprised.

"Look at me and you'll know that I was born extraordinary, not to mention one billion RMB, if I could sell it for a higher price, even 100 billion RMB would be too little for me." Chen HaoXuan bragged, Chen HaoXuan did not brag, once he had a lot of money, so of course he would not put a few hundred billion in his eyes.

"Bragging is not even a draft, despise you." Ma Yichen gave Chen Haoxuan a glance, obviously he didn't believe Chen Haoxuan's words, if he knew that Chen Haoxuan came from the future century, perhaps he would approve of Chen Haoxuan's words.

Chen Hao Xuan turned his head to Zhang Bening, "Didn't you say you wanted to bring your father over to see this Thousand Buddha Stone Pagoda? You bring him!"

"Those, but it might take him a few days to come because he needs to work and it's a long way." Zhang Bening was happy.

"Okay, when he comes, you should call me in advance." Chen Hao Xuan Dao.

After chatting with Zhang Bening and the others for a while, Chen took out his cell phone and called Lin Hao who was in the Chen Village, and he asked Lin Hao, Mao Yipeng, Jiang Dong, and Meng Jing to come to the city of Xinshan. Chen HaoXuan needed them to guard the Thousand Buddha Stone Pagoda, which was too precious to be stolen or broken, so Chen HaoXuan felt it would be better to have Lin Hao and the others over to guard the Pagoda.

The internet is not very developed in this era, and only some rich people or students are using it. Chen HaoXuan is a man of the future century, and although he doesn't know the history of this era very well, he knows that the network is developing very fast, and the network in this era is just starting, so

it's the best time to move into the network. It's a good idea to have a website for the Thousand Buddha Stone Pagoda.

As for the website, Chen Haoxuan hasn't thought about what it will be used for yet, but he will get some movies and news on it for the time being, and of course there is the online store that Zhang Qing is in charge of now, and when it becomes more popular, Chen Haoxuan will be able to make money, earn money for traffic and earn money for advertising.

Chapter 95

After Lin Hao and his family arrived, Chen Hao Xuan left the safety of the Thousand Buddha Stone Pagoda to them while he went to prepare to open a website.

Zhou Kexin and his family all came to Chen Hao Xuan's residence, others because they came to see Chen Hao Xuan, if you think so is wrong, because they all came for the Thousand Buddha Stone Pagoda. When Zhou Xiang and his family saw the huge Thousand Buddha Stone Pagoda carved by Chen Hao Xuan, they barged into Chen Hao Xuan's room, regardless of Chen Yina's obstruction.

Zhou Xiang and the others were all rich people, and they asked Chen Hao Xuan for a price to buy the Thousand Buddha Stone Pagoda. Huatian Yu and Zhou Xiang were the ones who fought it out, the others were asking for tens of millions, while the two of them were asking for hundreds of millions. In the end, Zhou Xiang was the richer, and he offered 300 million RMB.

But what Zhou Xiang didn't expect was that Chen Haoxuan refused to sell the Thousand Buddha Stone Pagoda to him, and Chen told him clearly that he could buy it if he wanted to, and that he would roar out your price at the auction.

The world is so big, there are many rich people, today Zhou Xiang offer three hundred million, tomorrow someone may offer six hundred million, or those foreign millionaires offer more may not. Chen HaoXuan doesn't know the foreign millionaires, but he has a way, his internet technology is unmatched in this era, he can rely on various methods to let the foreign millionaires know about his sculptures.

Zhang Bening, whose dad was even richer than Zhou Xiang, offered 500 million directly. Chen HaoXuan almost couldn't hold back from selling the Thousand Buddha Pagoda to Zhang Bening's dad, but he finally held back, thinking that he wasn't in need of money anyway, so he could just try his best.

Chen HaoXuan's online production of a high-level website, he wrote the program himself, he made his own template and management system After he made it, he made a phone call to Zhang Qing, and asked Zhang Qing to open an online store in his new website later. As for the former online store, Chen didn't delete it, he used the link method to get him to his new website, so that if you want to buy something, the former website can be seen, and the new website can also be seen.

In order to attract people, Chen also created a small game, which is not big, but very fun. In addition, Chen wrote a software for playing DJ, which hadn't even existed in this era yet! He downloads a lot of pop songs and then turns them into DJs, which he then uploads to a new website he runs, where users can listen to them. As for the news and so on, Chen HaoXuan is not really good at it, and he doesn't have much time to look for news.

He asked Liu Junfeng to help him find a journalism student to update the news for him every day. In addition, Chen hired two computer science students to manage the new website. Chen HaoXuan is paying them, and the salary is not low, three thousand a month each.

He could rely on his internet skills and intelligence to let more people know that he wanted to auction the Thousand Buddha Stone Pagoda. Chen HaoXuan developed a small virus, which is not a virus at all! He is just a photo with a link, which will automatically appear on your chat tool, and after a few minutes he will disappear without being able to trace his source.

After Chen developed this little non-toxic software, he still needed to hack into the general system of those chatting software, and he was very careful to use them one by one. At the same time, Chen HaoXuan sent the Thousand Buddha Stone Pagoda story to the Chinese media, and if any of them interviewed him, he would be advertising for free.

Chen HaoXuan is very cool, even the MSN chat software system he was able to hack into, or maybe the software he developed is not poisonous, or maybe he is too gentle, too low-key, to be discovered.

The photo of the Thousand Buddha Stone Pagoda was taken by Chen HaoXuan, and he also beautified it with his computer after taking it, which made every user who saw the stone pagoda involuntarily click on it.

The traffic to the website made by Chen HaoXuan is like a river of water, and he will be discovered. They quickly investigated Chen's website, and were shocked that the traffic was not brushed, but all real, and the people who visited the website were from all over the world.

They were all talking about a thousand Buddha stone pagoda, and they also saw the photo, and when they opened Chen HaoXuan's website they could see it. In order to solve the mystery, the network security bureau of Xinshan City chose to visit Chen HaoXuan unannounced to see if Chen HaoXuan is a fraud.

He was so busy that his hands never stopped on his computer keyboard, answering every question about the Pagoda and advertising his website. Chen HaoXuan's computer is starting to get stuck, not because the computer is not working, but because Chen HaoXuan is operating too fast for it to keep up. He used Chen Yina's computer to chat and continued to advertise with his own computer.

The media in China is very strong, and their media and media competition is very strong, so when he gets valuable news to them, they will rush to the scene as fast as possible, and if it is far from the first scene, they may fly directly to it.

Chen Hao Xuan was very busy, he asked Chen Yina to entertain the media reporters, for the safety of the Thousand Buddha Stone Pagoda, Chen Hao Xuan also asked Lin Hao and the others to surround the Thousand Buddha Stone Pagoda with a red line to prevent people from approaching.

Chen Yina she is watching Chen Hao Xuan carved the thousands of Buddha stone pagoda bit by bit, and Chen Hao Xuan and she said so many things about the thousands of Buddha stone pagoda, so the thousands of Buddha stone pagoda know very well, she in front of many media reporters did not panic, she easily answer every reporter asked the question, and she also expose Chen Hao Xuan carved the thousands of Buddha stone pagoda ready to auction, the auction price is one hundred million yuan, the highest price will get the thousands of Buddha stone pagoda.

Although they were not allowed to go near the Thousand Buddha Pagoda, the media reporters' cameras were working for a living, and they carefully photographed the Pagoda after adjusting the pixels of their cameras, ready to take it back to the press.

The internet is worthy of advanced things, Chen HaoXuan relied on him to meet a lot of foreign millionaires, Chen HaoXuan told them that he will hold an auction on this website in half a month. Chen HaoXuan is a smart person, he will not make cheap mistakes, so he engaged in an identity verification, when the auction day, he will make another template, only those identity verification people enter, so Chen HaoXuan is not afraid of someone to mess up.

In the evening, almost all the media reported on the Thousand Buddha Stone Pagoda, making it look like an amazing work of art.

This day know thousands of Buddha stone pagoda people at least hundreds of millions of people, Chen HaoXuan is earn to get rid of, even if not sell thousands of Buddha stone pagoda, he can also earn a lot of money, because he opened the website traffic is also money to earn. The first thing that you need to do is to make sure that you have a good understanding of what is going on in the world and what is going on in the world.

Amansi Binchy also liked Chen Hao Xuan carved a thousand Buddha stone pagoda, he also gave Chen Hao Xuan a price, one billion yuan.

A billion RMB is a lot of money, and Chen wanted to agree immediately, but he knew that if he sold the Pagoda to Amansi Binchi now, he might be in danger, because he had told countless people that the auction would be held in half a month.

So Chen HaoXuan persuaded Amansi Binch to let him participate in the auction, anyway, the price he offered was so high, how many people in this world can afford to pay this price, at least Zhou Xiang and the others would not dare to pay one billion RMB. It is not that he did not want to sell it to someone from his own country, but that there were too few rich people in China, and no Chinese name had ever appeared on the world's rich list.

Chen Hao Xuan made a thousand Buddha stone pagoda so much noise, which made Zhou Xiang and the others completely see through Chen Hao Xuan's ability, they are not dislike, they admit that they are not as powerful as Chen Hao Xuan, Chen Hao Xuan can make about one billion RMB in a month, and they absolutely can not earn, unless they are given a few years of time.

In the business world Chen Haoxuan has become a celebrity, but in the University of Xinshan City, he is still the same little white guy, so you can say that he is pretending to be a pig and eating a tiger. Every day, Chen HaoXuan looked forward to the auction on July 28th. Before the Thousand Buddha Pagoda was sold, Chen HaoXuan began to think about how to spend the money he had made.

Chen HaoXuan's residence now has a large number of people coming every day to see the Thousand Buddha Pagoda. Chen HaoXuan is also very generous, during the daytime, he will transport the pagoda outside his house, and the public will watch.

In the middle of the night on July 19, Chen HaoXuan was asleep, and suddenly he heard Lin Hao's shout, so he got up quickly and ran to the living room. He was not a psychopath, he would not scream in the middle of the night if he had nothing to do. If he did, it would be proof that someone had come to steal the Thousand Buddha Pagoda.

Chen HaoXuan ran to the living room and saw that Lin Hao and the other four were fighting with ten masked men. However, those ten masked men were obviously not ordinary people, and their skills were not inferior to Lin Hao's, but even more powerful. Most of Chen Haoxuan's attacks were blocked by the masked men. The masked men saw that Chen Haoxuan was powerful, so they separated six of them to deal with Chen Haoxuan.

If he had enough physical strength, he wouldn't have cared about these little thieves, but the problem was that his body was still very weak and he couldn't fight with the enemy for long.

Chen Hao Xuan thought, if he used his fists, he would probably lose, but if he had a sharp weapon, that would not be the case. Chen HaoXuan aimed at the dagger in the enemy's hand, yes he wanted to grab the dagger in the enemy's hand, if he had the dagger, he would be sure to subdue the thieves.

Chen was about to grab the dagger in the enemy's hand when suddenly a masked man said to Chen, "We're here to beg for money, we only want the Thousand Buddha Stone Pagoda, we don't want to hurt anyone, so don't force us to do anything harsh."

"Let's talk about it when we win!" Chen Haoxuan rushed toward the masked men with a shout.

"You don't think you can do it." The masked men said indifferently and then faced Chen Hao Xuan.

A masked man in a denim jacket took a machete and struck at Chen Hao Xuan, who suddenly knelt down on both feet, his upper body lying backward, the machete almost touching his face. Chen didn't turn back, he ran directly toward a masked man in front of him, because he knew that he would need time to turn back and turn around, and that this time would allow the enemy to do him in.

The masked man in front of Chen was the one who had just spoken, and he was dressed in a suit, so he looked like the leader of the group. The masked man in the suit was smart enough not to dodge, and he used the dagger in his hand to stab Chen Hao Xuan's hand.

Chen HaoXuan's hand, which was hitting the masked man in the suit's stomach, suddenly paused, then suddenly changed his fist into an eagle's claw and grabbed the masked man in the suit's hand. Chen managed to grab the dagger hand of the masked man in the suit, he grabbed it, pulled the hand of the masked man in the suit, and then lifted his right foot to kick the limb socket of the masked man in the suit.

The masked man in the suit quickly blocked Chen Haohuan's foot with his left hand, and at the same time he drew back his right hand with great force. Chen HaoXuan was so angry in his heart! He grabbed his hands and got away with it just because of his weakness. So Chen chose to use dexterity, and each time he attacked the enemy's vital joints, such as hitting the enemy's stomach and knee

The masked man in the suit had a painful hand and the dagger fell out of his hand.

Chen Hao Xuan's right hand waved, successfully caught the dagger, with the dagger Chen Hao Xuan's confidence came, he became bold, he specifically looked for the suit wearing masked body fleshy places to stab.

The other masked men saw that their boss was forced into such a state by Chen Hao Xuan, and they couldn't bear to see him, so they went to help him. Chen HaoXuan quickly raised his knee and slammed it into the denim-clad masked man's stomach.

Chapter 97

Chen Haoxuan's intent to fight was rising, his speed was getting faster and faster, his strikes were getting more and more ruthless, and his body was full of blood, not knowing whether it was his or the enemy's.

The six masked men who were attacking Chen Haoxuan all collapsed, screaming miserably on the ground in pain, with wounds everywhere on their bodies. Their bodies were covered with wounds and blood, and they looked like they were seriously injured. Chen didn't hurt their vital parts, but there were too many wounds on their bodies, and if they didn't go to the hospital, they would probably bleed to death.

After Chen Hao Xuan put down the six masked men who had attacked him, he looked over at Lin Hao and the others with an angry look in his eyes, and saw Lin Hao lying on the ground without moving, while Jiang Dong and the others were still fighting desperately against the three masked men.

"Huh? Three? Aren't there four of them? What about another one?" Chen HaoXuan was surprised, he had a bad feeling in his heart, he turned around to look.

When Chen turned around and saw the scene behind him, he had a look of fear, was there a ghost behind him? Or is someone trying to kill him? Neither, he is afraid because there is a masked man holding Chen Yina hostage. In his heart, Chen Yina is more important than anything else, so he is afraid that the masked man will do harm to Chen Yina.

The masked man who held Chen Yina hostage didn't want to hold Chen Yina hostage, but for their safety and to get the Thousand Buddha Stone Pagoda, he had to hold Chen Yina hostage to threaten Chen Hao Xuan. He coldly said to Chen Haoxuan, "Tell all your people to stop, hurry up, or I'll kill her."

"Jiang Dong, you all stop." Chen turned his head and yelled at Jiang Dong and the others, who were still resisting the masked man.

When they heard Chen's order, Jiang Dong and the others stopped, dragging Lin Hao with them to Chen Hao Xuan's side, Jiang Dong nervously said to Chen Hao Xuan, "Boss Chen, Lin Hao is seriously injured, if we don't send him to the hospital he may not see the sun tomorrow."

The three masked men who had just fought with Jiang Dong and the others, saw Jiang Dong and the others retreating to Chen Hao Xuan's side, so they also retreated to the side of their partner who was holding Chen Yina hostage, and confronted Chen Hao Xuan and the others.

After hearing Jiang Dong's words, the masked men said, "Can you let my people go to the hospital for treatment, don't worry as long as I'm here, they won't dare to do anything."

"No, no one is allowed to leave." The masked men holding Chen Yina hostage yelled at Chen Haoxuan.

Chen Yina, who was held hostage, cried to Chen Hao Xuan, "Brother Xuan, you have to go, leave me alone, woo" Chen Yina was very sad, she was sleeping, she heard the noise we were making, so she got up, she saw Chen Hao Xuan and his men fighting with a group of masked men, she was afraid of dragging Chen Hao Xuan and his men down, so she hid in the doorway and watched. But she was still discovered by the masked men, and one of them came at her as soon as he put Lin Hao down.

If it wasn't for her, maybe Chen Hao Xuan and the others could have subdued the masked men. Now Chen Hao Xuan and the others are afraid to resist for her sake, and if anything happens to Chen Hao Xuan and the others, she will have a bad conscience for the rest of her life.

"Nana, I will not leave you behind, don't worry too much, I will save you." Chen Hao Xuan was gentle to Chen Yina.

The more Chen Hao Xuan was like this, the more guilt Chen Yina felt, her eyes seemed to have a fountain and she burst into tears.

Chen Hao Xuan also said to the masked man who held Chen Yina hostage, "Those six people lying on the ground are all your good friends, right? Their wounds are no less serious than my men's. If they

don't get them to the hospital soon, they will all die. If they don't get them to the hospital soon, they will all die. Is this how you treat your brothers, who are your brothers in arms? I propose that you can spare one of you to take your injured brothers to the hospital for treatment."

Hearing Chen Hao Xuan's words, the masked man who held Chen Yina hostage turned his head and said to his partner, "Xiao Ming, Ah Hu, you two send the boss and the others to get treatment, remember to be safe." Then he said to Chen Hao Xuan: "My people can leave, but none of your people are allowed to leave."

Chen Hao Xuan smiled faintly and said, "Don't you feel that if all my people are here, your pressure will be even greater? They are all former soldiers, they are not ordinary people, aren't you afraid that they will suddenly resist you. If you let them leave, and I don't let them go to the police, don't you think it will only be good for you and not bad?" The masked man was under even more pressure when he laughed, because Chen was covered in blood, even in his mouth, like a demon who had just crawled out of hell.

The masked man who held Chen Yina hostage should be quite reasonable, so he yelled at Chen Hao Xuan: "Okay, I promise you, you let your men leave! Remember if they dare to call the police, I will kill this woman."

Chen turned his head to Jiang Dong and the others, "You guys hurry up and take Lin Hao to the hospital, remember never to call the police."

"Boss Chen, we're all gone, what about you?" Jiang Dong was worried.

"You are no match for them, it's useless even if you stay, you'd better leave! Hurry up and take Lin Howe to the hospital, I don't want anything to happen to him. Here are my car keys, you guys go!" Chen Haoxuan handed his car keys to Jiang Dong.

The wounded all left, and only two of the masked men remained. Chen HaoXuan coldly said to the masked men: "Tell us your conditions? What will it take for you to agree to let my friend go."

"We want the Thousand Buddha Stone Pagoda, plus we want you." The masked man holding Chen Yina hostage said to Chen Haoxuan.

"Want me? What do you want me to do?" Chen Hao Xuan was curious, he doubted if the robbers wanted him to continue carving and sculpting to them.

"Hehe, you underestimate us, we are not ordinary robbers, our boss is the smartest man in the world, he does not want temporary brilliance, he wants long-term brilliance. If we only rob the Thousand Buddha Stone Pagoda, we can make a lot of money, but if we run out of money from selling the Thousand Buddha Stone Pagoda, what are we going to eat? That's why our boss wants to take you back and make you serve us, so don't worry, we'll give you anything you want except freedom." The masked man who held Chen Yina hostage said to Chen Haoxuan.

"I can serve you, but you have to let my friend go, otherwise I will never serve you." Chen Hao Xuan said firmly.

"Oh, you think we are fools! If we don't threaten you with this woman, will you behave yourself? You don't have to worry about it, we'll keep this woman locked up with you so you can be together all the time, how about that, that's a nice benefit, right?" The masked man holding Chen Yina hostage, laughs.

Chapter 98

"Brother Xuan, don't promise him, you run! Leave me alone." Chen Yina cryptically said to Chen Hao Xuan.

Chen Haoxuan did not listen to Chen Yina's words, he smiled at the masked man micro evil smile, "It seems to be the only way, I surrender, please remember your promise."

"Don't worry, you are our god of wealth, we will meet all your demands, except freedom." The masked man who held Chen Yina hostage said to Chen Haoxuan, he turned his head he said to his partner, "You go load the thousand Buddha stone tower into the car, I'll watch them."

The masked man who held Chen Yina tightly stared at Chen Hao Xuan, his hand holding the dagger did not dare to leave Chen Yina's neck, because he was afraid that Chen Hao Xuan would resist. The masked man who held Chen Hao Xuan hostage was careless, and although Chen Hao Xuan put his hands up in surrender, he still had the dagger in his hand, so if his boss was still around, he would have forced Chen Hao Xuan to return the dagger.

Chen Hao Xuan suddenly spoke out, "Yang Lin, why did you come out?"

The masked man who held Chen Yina hostage heard Chen Hao Xuan's words, and when Chen Hao Xuan looked behind him and spoke, he thought someone behind him was trying to sneak up on him, and he quickly turned his head to look behind him. The moment he turned his head, Chen immediately turned around, and as he did so, he threw the dagger out, and it made a cracking sound, and the lights in the living room suddenly went out, and nothing could be seen in the dark.

It was a plot by Chen HaoXuan to trick the masked man who held Chen Yina hostage into turning back, and then quickly nail the light switch with the dagger, destroying the switch directly. This is the reason why the light suddenly went black, and the masked man who is holding Chen Yina hostage will not hurt Chen Yina until he has thought it through, because he needs to threaten Chen Yina.

If he doesn't do this and just kill the masked man who is holding Chen Yina hostage with a dagger, the masked man will probably use his last consciousness, his last bit of strength, to slit Yina's throat with the dagger.

As soon as the lights in the living room went out, Chen HaoXuan rushed to Chen Yina as fast as a black panther, he had just calculated everything in his mind, and he had imprinted the appearance of the living room in his mind, so even if there was no light, it didn't prevent him from saving Chen Yina.

"What's going on? The light we put out." The masked man holding Chen Yina was terrified, saying, "It's not good for them to suddenly have no light at this time."

As soon as the masked man holding Chen Yina finished speaking, he felt his dagger suddenly grabbed by something. As soon as he grabbed the dagger, he flipped it over, turning the sharp side of the dagger to face him so that the danger to Chen Yina would be reduced. After flipping over to one side, Chen's left hand quickly grabbed the masked man's wrist and yanked, pulling at the same time Chen pulled the masked man to the right so that he wouldn't hurt Chen Yina.

"Kuroko, come and help." The masked man who held Chen Yina hostage shouted, if there was light he wouldn't be so worried, but now it's dark and he can't see anything, now he's the equivalent of a blind man, no matter how good he is he can't make it, he has to call his companion for help.

His companion, like him, could see nothing, but there was no enemy around him, so he quickly pulled out his lighter and struck. But the light of the lighter was too small, and he could only see within a few meters, and he couldn't see any further away.

The first time I saw it, I thought it would be a good idea to have it on my desk. He was looking for the masked man's neck, and if he didn't do so, how would he know where the masked man's neck was.

The masked man who held Chen Yina hostage was also stupid, because he was afraid that Chen Yina would escape, so he grabbed Chen Yina's clothes tightly. His left hand was grabbed by Chen Haoxuan, and his right hand grabbed Chen Yina's clothes, so what did he have to resist Chen Haoxuan? Take the foot? He was not afraid of wrestling, not to mention the darkness, where he could not find the target of attack.

Chen Haohuan touched the masked man's wrist from the masked man to the masked man's neck, Chen Haohuan's right hand was strong and tightly choked the masked man's neck. The masked man began to cough, and after a few seconds, he didn't even cough anymore, and if there was light, you could see the masked man's eyeballs staring out.

"Ah-." Chen Hao Xuan once again exerted his strength, he roared, and actually lifted the 160-pound masked man over his head with one hand. If in normal times Chen Haoxuan would definitely not have such great strength, but now it was different, now he turned his anger into power, he was determined to subdue the masked man, such killing intent was too great, so he forced out all his potential.

The masked man who held Chen Yina hostage, no longer had the strength to grab Chen Yina's clothes, his hands grasped Chen Haoxuan's right hand in a death grip, his feet desperately stirred in the air, as if trying to find something to hold his body.

Chen Yina kept her hands in front of her chest, not moving, she was very scared, because the living room lights suddenly went out, which made her unable to see anything, then she heard the screams of the masked man who had just held her hostage, she didn't know what to do, so she chose to stand still.

The other masked man came over with a lighter, and when he saw his partner's red face, his partner's eyes on the verge of popping out of his head, and his partner's hand held over Chen's head, he broke out in a cold sweat on his forehead.

When Chen found the fire, he turned back.

When the masked man with the lighter saw Chen turned around, his face was covered with blood, his expression was full of rage, and he was holding his partner in his right hand. He screamed in fear, and the lighter fell to the ground.

He knew that the masked man had temporarily lost his ability to fight, so he didn't worry that he would resist, he was worried about the other masked man.

The masked man with the lighter had been seen by Chen Hao Xuan, and Chen Hao Xuan remembered where he was, and Chen Hao Xuan quickly rushed toward the masked man with the lighter.

In the darkness, there were a few screams, and then nothing, nothing at all.

"Xuan - Brother Xuan, are you okay? Brother Xuan" Chen Yina nervously called Chen Hao Xuan's name, if anything happened to Chen Hao Xuan, he didn't want to live.

"Nana, don't worry, I'm fine, wait a minute, I'll turn on the lights." Chen Haoxuan's voice came out of the darkness.

Hearing Chen Haoxuan's voice, Chen Yina was both crying and laughing, and at this moment she realized that Chen Haoxuan's voice was the best sound in the world, and the one he wanted to hear the most.

Chapter 99

He was just fighting with the masked man, so he couldn't figure out where he was and which direction he was facing.

Suddenly, Chen HaoXuan touched two balls of rubbing things, curiously he involuntarily squeezed them. But there was a scream from Chen Yina in front of him: "Ah-."

He sweated profusely and swore he didn't do it on purpose, he just wanted to go to his room because there was a light and a flashlight in the room. Chen Yina was still screaming, so she must have thought someone was trying to molest her.

Chen Hao Xuan spoke out, "Nana, stop screaming, it's me, it's me Chen Hao Xuan."

Hearing Chen Hao Xuan's voice, Chen Yina stopped screaming, she trembled and said, "Xuan - brother Xuan, is it really you?"

"It was me, because the living room was too dark, I couldn't see, so I had to walk while touching, didn't - didn't expect to touch your, ahem -, Nana, I really didn't mean it." Chen Hao Xuan was embarrassed and explained.

"No - nothing." Chen Yina shyly lowered her head. Although she couldn't see Chen Yina, but from her shy voice, she could tell that Chen Yina's face must be very red right now.

"No - it's fine, you stand here, I'll go to my room and look for a flashlight." Chen Hao Xuan.

Chen Hao Xuan bypassed Chen Yina and continued to look for his room, Chen Hao Xuan finally touched his room, he turned on the light switch installed by the door, the light in the room lit up, Chen Hao Xuan found a flashlight in the room, he turned on the flashlight and ran back to the living room, seeing Chen Yina standing in the living room, Chen Hao Xuan out shouted: "Nana, you come to me. "

When she saw the bright light, Chen Yina's fear was much less, she quickly ran to Chen Hao Xuan, she ran to Chen Hao Xuan, she jumped on Chen Hao Xuan excitedly, crying out, "Brother Xuan."

Chen Hao Xuan tenderly patted Chen Yina's back and comforted her, "Nana, it's okay, don't be afraid ha! You stay in my room and don't come out, okay?"

"Hmm." Chen Yina left Chen Haoxuan's embrace and walked nicely into Chen Haoxuan's room.

Chen took a flashlight to shine a light on the masked men he had subdued, and he found that the masked man who had just held Chen Yina hostage was not dead, but just fainted, because his chest was rising and falling. He was stabbed in the stomach and his arms were broken by Chen Hao Xuan, but he didn't die.

Although these are thieves, if they die, Chen Hao Xuan will also be in trouble. The police investigated the scene, and the two masked men lying on the ground were sent to the hospital, while Chen and Chen got into the police car and went to the police station to take a statement.

After taking the statement, the police released Chen Yina, while Chen Hao Xuan was locked up. Chen Yina panicked. She was worried that Chen Hao Xuan would go to jail, and she walked around in front of the police station. Suddenly Chen Yina thought of Chen Hao Xuan's buddies, Yang Lin and the others, so she quickly pulled out her cell phone and dialed Yang Lin's cell phone.

Yang Lin knew a lot of people in the mafia, but he didn't know anyone in the police station, and the police station wouldn't give him face to release Chen Haoxuan. The police will not give him face to release Chen HaoXuan, he can't, but he knows someone who can, that is Zhou Kexin and his family. Zhou Kexin and his family's father are big bosses, and they will pay a lot of taxes every time they can.

Yang Lin made a phone call to Zhou Kexin, and when she learned that Chen Haoxuan was being held in police custody, she hurriedly put on her coat and went to find her father, who was sleeping, and pulled him up. On the way to the police station, Zhou Kexin called her best friend Hua Lingwei and asked her to go to the police station as well.

Now the police station was bustling with activity. The richest man in the city of Xinshan, Zhou Xiang, came to visit in person, and the president of the Huashi Group, Hua Tianyu, also came. The combined fortune of these people could be on the world's rich list.

In the meeting room of the police station, Zhou Xiang and the others sat inside, and Zhou Xiang said to Li De (the chief of the police station) who was sitting on the main seat: "Chief Li, why are you holding Chen Haoxuan? He is the victim, and you should not detain him."

"Boss Zhou, please understand us, we also want to solve the case earlier and want to learn more clues before leaving Chen Haoxuan in the police station." Li De was polite to Zhou Xiang, he has been the director for so long, it is the first time to feel so much pressure, so many rich people, if they join together to complain against him, he is the end of the director, so he had to be polite to Zhou Xiang and the others.

"You can call Chen HaoXuan to the police station the next day to take a statement! There is no need to imprison him! We now demand that your police release Chen Haoxuan, or we will sue you for abusing your power and imprisoning the victim." Hua Tianyu was serious to Li De.

Li De's forehead was sweating, he wiped the sweat from his forehead with his hand, and said to Zhou Xiang and the others, "Release him can be done, but you need one of you to be his guarantor."

"I'll be his guarantor." Zhou Xiang and the others did not speak out in unison.

Li De sweat again, he saw that the relationship between Zhou Xiang and Chen Hao Xuan must not be simple, he suspected that Chen Hao Xuan was hiding his identity, maybe Chen Hao Xuan was a big person, even bigger than Zhou Xiang and the others. "After you sign here, you can take Chen Hao Xuan away, but if our police need to find him, I hope he will cooperate with our police."

It would have been fine for one person to sign, but Zhou Xiang and the others all signed, so I don't know if they wanted to put pressure on Li De.

After a while, a policeman brought Chen HaoXuan to the meeting room, Chen HaoXuan saw Zhou Xiang and the others, and knew that they had bailed him out. Chen Hao Xuan arched his hands to Zhou Xiang and the others and smiled, "Thank you all for your concern for me, I am grateful."

"Little Xuan, are you okay? Did you get hurt anywhere by those thieves?" Hua Lingwei was concerned about Chen Haoxuan.

"It's fine, except for a little trauma to the hand." Chen Hao Xuan raised his hand that had been wrapped up with sand cloth. Before he came to the police station, he took a shower at home, otherwise, if Hua Lingwei and the others saw him covered in blood, they might be scared and faint.

Chapter 100

Zhou Kexin walked up to Chen HaoXuan, stretched out his white jade hand, caressed Chen HaoXuan's face, and tearfully said, "And you say it's fine, look at your face is wounded, I'll send you to the hospital to see."

Chen HaoXuan also felt his body was in pain in several places, so he agreed to Zhou Kexin's proposal, and he said, "Okay, then it's troublesome for you."

Chen took Zhou Kexin's car and went to the hospital, followed by Hua Lingwei and Chen Yina.

Chen was wrapped up like a mummy by the doctor, out of his head, and the rest of his body was wrapped with sand cloth. He was very tired after fighting with the ten masked men for so long today, so he fell asleep soon after being sent to the advanced ward.

Before he went to sleep, he urged Chen Yina not to go back and stay in his ward, as there were many rooms in the advanced ward anyway. Chen Hao Xuan did this for the safety of Chen Yina, because there are eight masked men who escaped and have not been caught yet, until they are caught, Chen Hao Xuan will not let Chen Yina be alone.

It is also possible that Zhou Xiang and the others appeared at the police station at the same time, unintentionally giving Li De a lot of pressure, and Li De sent a large number of police forces to arrest the eight masked men who escaped. As for Chen HaoXuan's house, Li De lined up five policemen to guard it, five policemen with guns, and several hundred million of the Thousand Buddha Stone Pagoda was inside, so Li De had to send elite guards.

The next day at 10 o'clock, Zhou Kexin ran to the hospital, he told Chen HaoXuan a good news, the other eight masked people were caught by the police, was found in a private clinic. After investigation, those people were all Shaolin Temple laymen.

Chen was very happy to hear this news, he finally did not have to worry about those people will take revenge, even if those people want to take revenge, it will be more than ten years later, even if they want to take revenge, they may not have the courage to do so.

Chen HaoXuan asked Zhou Kexin to help him find a powerful lawyer to sue the masked men, and finally sue them until they were sentenced to life imprisonment.

It may also be that Chen HaoXuan really got a blessing in disguise, as all the news that day reported the theft of the Thousand Buddha Stone Pagoda by the masked men, which greatly increased the popularity of the Pagoda. Chen HaoXuan's new website was also reported by many media, saying that it had the fastest and most traffic, breaking the Guinness Book of Records, and that if Chen HaoXuan applied for the Guinness Book of Records, he might be able to win the prize back.

In the past few days when Chen was in the hospital, many people came to visit Chen HaoXuan every day, most of them were big bosses, and many students from the University of XinShan also came to visit Chen HaoXuan. The people of Chen's village were even more impressive, as each family elected a representative to follow the village chief to visit Chen HaoXuan.

If Chen didn't get hurt, he probably wouldn't have known that so many people cared about him. Chen HaoXuan's health was poor, but for some reason, his body recovered very quickly, and except for the scar on his right palm, there was no indication that he had ever been injured.

Four days later, Chen and Jiang Dong were discharged from the hospital, leaving Lin Hao alone in the hospital to continue treatment. He was stabbed in the stomach by a thief and suffered a brain hemorrhage.

After he was discharged from the hospital, Chen Hao Xuan continued his auction, in order to avoid the last situation, Chen Hao Xuan asked Jiang Dong and the others to invite their former comrades. The current Chen Hao Xuan is no longer the same Chen Hao Xuan; he is not very rich, but he is a millionaire anyway. It was possible to have a few security guards, so he hired thirty veterans at once. In order to strengthen their fighting ability, Chen taught them fighting techniques and let them spend a little time every day to fight each other.

On the morning of August 4th, Zhang Qing ran to Chen Hao Xuan and complained to him: "Xiao Xuan, can you help me to hire some hands? The business of the online store is so good now that I can't do it all by myself." As Chen HaoXuan put his former online store on top of his new website, which let many netizens know the existence of his online store, seeing so many cheap and brand-name things, many netizens have contacted Zhang Qing to buy goods from Zhang Qing.

The company's main goal is to provide the best possible service to its customers.

Chen Haoxuan leaned on the sofa in the living room and said lazily: "I will now give you all the business of the online store, and all my shares and Nana's shares are also given to you, so the online store is now yours. But my website advertises for you, so you need to pay me for advertising, so take one percent of your profits."

"Xiao Xuan, although I really want it, I'm worried that I won't be able to manage it, so I still want to open it with you." Zhang Qing was worried, he was now seeing Chen Hao Xuan's ability, if it wasn't for Chen Hao Xuan, he might have been doing business only with the University of Xinshan City, and never be able to take his business outside. He was worried that after Chen Haoxuan gave him the online store, he would leave him alone to fend for himself.

"Have you forgotten what I told you before? As I said, be dedicated to making money with me and guarantee a good life. The online store is something that can make a lot of money, but he is very troublesome, so I do not want to do him for the time being. If you are worried that you won't be able to

do it well on your own, you can hire a few college students to help you, anyway, the college students now are not before, go to the talent market and find a whole bunch of them." Chen Hao Xuan Dao.

The DJ songs uploaded to his new website a few days ago are now so hot that almost every user who enters his website will download those DJ songs. The traffic of downloading can be much more than the traffic of visiting the webpage, and Chen HaoXuan made more money from the traffic of downloading DJs than Zhang Qing's online store.

Zhang Qing stood up and bowed to Chen Haoxuan, he was touched, "Xiao Xuan, thank you, thank you for giving me this opportunity, I will definitely open my online store, I will not lose face to you." Zhang Qing himself also knew that the reason why Chen Hao Xuan was so good to him was because his dad had saved Chen Hao Xuan, otherwise Chen Hao Xuan wouldn't have been so generous, knowing that his current online store could earn tens of thousands of dollars a month!

"I believe you will succeed, come on." Chen Haohuan smiled.
