

A Man Like None Other Chapter 1131 – 1140

Chapter 1131

“Master Ning, it turned out to be a misunderstanding, but your Ning family is thousands of miles away, why did you come to this barren land in Xichuan to build a house?”

Luo Xiang asked Ning Zhi.

Ning Zhi knew that Luo Xiang didn't know the secret of the town's magic tower, and he wouldn't tell Luo Xiang, so he smiled slightly: “Although Xichuan is barren, the environment is good, the scenery is beautiful, and there is no noise, it is a good place to practice. .”

“Besides, it's good that the Gu family and my Ning family came quickly. This time the Gu family suffered, and the Gu family was killed. I will rebuild this place so that the rest of the Gu family will not have a stable place to live!”

Luo Xiang laughed when he heard it: “Hahaha, I didn't expect Young Master Ning to be so warmhearted!”

“However, this Xichuan is not as peaceful as Kyoto, and there are evil cultivators who appear from time to time. If you hurt Ning Gongzi, it will not be worth the loss.”

“Young Master Ning, who tastes tender meat, will definitely not be used to staying in this place. As for rebuilding the Gu family, I should leave it to my Luo family. After all, our Luo family and Gu family had contacts hundreds of years ago. And we're not far from each other!”

Hearing this, Ning Zhi frowned and his face turned cold.

He could hear that Luo Xiang actually wanted to follow him to compete for this place in the Gu family.

If there is no Demon Suppression Tower, Ning Zhi would not be rude to this broken place, but now that there is a Demon Suppression Tower, no matter who it is, Ning Zhi will not let go.

“Young Master Luo, do you mean you want to compete with me for this place in the Gu family?”

Ning Zhi’s face was gloomy, and there was a cold glow in his eyes.

“Young Master Ning, you have to think so, and I have nothing to explain. You are far away in Kyoto, and you came to Xichuan to fight for territory with us. Isn’t it a bit too bullying?”

Luo Xiang admitted generously.

“Hmph, you Luo Xiang are in Mobei, what am I doing in Xichuan, it’s not up to you Luo family to dictate, let me tell you, I have to make a decision on the place of the Gu family, if you are not convinced, then we will compare !”

“I want to see if your Luo family is powerful or our Ning family is powerful. Don’t think that our Ning family has a long way to go, so I’m afraid of you!”

Ning Zhi had a firm look on his face, he was going to set this land, and he would never give it to others.

Luo Xiang did not expect that Ning Zhi would be determined now for such a piece of land as the Gu Family Manor, which was somewhat unexpected!

Although Luo Xiang was very angry now, it would be worth the loss if he really wanted to fall out with the Ning family because of the ruins of the Gu family.

However, since the Ning family has a foothold in Xichuan, it will be much more difficult for the Luo family to expand in the future.

After thinking for a while, Luo Xiang compromised and smiled lightly: "Since Young Master Ning likes this place, you can use it as you like. How could I possibly have a bad relationship with Young Master Ning for such a place."

"Young Master Ning, if you have time, go to my Luo family's house. I will definitely entertain and entertain Young Master Ning..."

Luo Xiang didn't know the secret of the Demon Town Tower, so he compromised and left.

If he knew, he would definitely fight to the death with Ning Zhi.

Seeing Luo Xiang leaving, Ning Zhi breathed a sigh of relief. As the saying goes, a strong dragon can't overwhelm the local snakes. If Luo Xiang really wants to do it, Ning Zhi is no match.

And if you want to dispatch people from the Ning family thousands of miles away to fight with the Luo family, it is not necessarily who will win or lose.

"How long have I been practicing this time?"

Ning Zhi asked his subordinates.

"Master, you have been practicing for nearly half a month..."

The subordinate replied.

“Half a month!” Ning Zhi’s face showed joy: “At this speed, I would have been able to reach half-step Wuhou a year ago, hahaha...”

Ning Zhi laughed wildly, and then ordered to Uncle Zhong: “The construction of the manor must be accelerated. From now on, this is where I live.”

“As ordered...” Uncle Zhong nodded.

Ning Zhi turned around and walked into the Demon Suppression Tower, and started to practice again!

Chapter 1132

At this time, David was flying to Xichuan.

He now has to use the Demon Suppression Tower to quickly improve his strength and strive to rescue his mother and Sonya before the Chinese New Year.

After about five hours, the plane stopped steadily in Xichuan!

After taking a taxi, David went to Gujia Manor.

The Gu family manor, which was originally thought to be in ruins, has now been re-built with walls, and the machines in the manor are roaring!

This time, David was a little puzzled. He didn’t know who had taken the Gu Family Manor for himself in just ten days.

When David walked to the door, he was stopped by the guards. Seeing that the door could not be entered, David jumped and jumped directly over the wall.

David intends to go to Zhenmo Tower to have a look. If someone here is re-developed, just some ordinary developers, David intends to pay for this place!

Since there is no way to take away the Demon Suppression Tower, then make this place his own. David even planned to make this place a sect and establish his own sect in order to compete with the Martial Arts Alliance.

Although David has a Dragon Sect, the Dragon Sect is not suitable for exposure. David can re-establish a sect, and then gather several halls of the Dragon Sect together.

In this case, David's strength will be greatly increased, and then it is not impossible to rescue his mother and Sonya years ago in cooperation with the secret of the Town Demon Tower.

David avoided the construction workers in the manor, and after walking to the Demon Town Tower, he immediately found several Wu Zongs under the Town Demon Tower.

After seeing these Wu Zongs, David's brows instantly wrinkled.

The appearance of these few Wu Zongs proves that this Gu Family Manor is not a redevelopment by ordinary developers, it must be a certain sect family that occupied this place.

David now hopes that this certain sect family has not discovered the secret of the Zhenmo Tower. In this case, David can still negotiate with the other party.

At this time, several Wuzong masters also discovered David, and someone immediately stopped David: "Who are you? How did you break in here?"

Seeing David, several Wuzong masters were all very nervous, after all, ordinary people would not approach here.

“This is my place, I just want to ask, who are you? Why are you taking my place?”

David asked in an anti-guest manner.

David’s question directly confused several Wuzong masters.

They also didn’t know who David was. After hearing what David said, they thought that David was someone else from the Gu family.

So the master Wuzong who spoke gave a wink to the others and asked to find Uncle Zhong.

As long as Uncle Zhong was found, it would be easy to explain.

Soon, Uncle Zhong was found. When Uncle Zhong saw David for the first time, he was stunned.

“He He...”

Uncle Zhong pointed at David and was so frightened that he was speechless for a while.

And David also recognized Uncle Zhong, and the corner of his mouth raised slightly: “It seems that these people are all recruited by you?”

“He is David, he is David...”

Uncle Zhong finally called out.

When several of the Ning family's Wuzong masters heard this, their faces were instantly shocked, and then their breaths soared and their weapons were displayed.

As soon as David reached out, he slapped the head of Uncle Zhong with a slap.

David did this to kill people. He knew that Uncle Zhong was the old housekeeper of the Gu family, and he must know the secret of the town magic tower.

Although I don't know if Uncle Zhong has revealed the secrets of this Devil Town Tower, I still want to kill him first.

"You dare to kill my Ning family, damn..."

A Wuzong master said with a grim face.

"Are you from the Ning family in Kyoto?"

David frowned.

He didn't expect that the people of the Ning family would come here, but when he thought that Ning Zhi and Gu Kaiyuan were mixed together at that time, they wanted to kill themselves, so it was not surprising that the people of the Ning family came here.

Chapter 1133

"Since we know that we are from the Ning family, we will capture it before we can, so as not to suffer from flesh and blood..."

A Wuzong master reprimanded David.

“Hmph, I killed the people of your Ning family. It’s true that there is a way to heaven, you don’t go, and there is no door to hell, you break in...”

David said it, a bully stepped forward and slapped the Wuzong master who spoke directly.

The other party didn’t have time to react, but only felt a strong attack, and then the whole person flew out.

The Wuzong master’s chest was sunken, his eyes were wide open, and there was no breath.

The remaining few Wuzong masters of the Ning family were taken aback.

“You...don’t mess around...”

Several people were a little scared.

David sneered: “If you say don’t mess around, will I not mess around?”

After that, David’s figure disappeared in a flash!

A few screams were heard shortly after.

Several Wuzong masters could not even hold a single move under David.

Looking at the tragic deaths of several Ning family Wuzong masters, David smiled.

He found that he became more and more handy in terms of strength and combat experience.

As long as you practice hard and rescue your mother and Sonya years ago, there should be great hope.

David stepped on the bodies of several Wuzong masters from the Ning family and walked into the Demon Suppression Tower.

As soon as he walked into the Zhenmo Tower, David felt like he was immersed in a hot spring, very comfortable!

At this moment, on the third floor of the Demon Suppression Tower, Ning Zhi was sitting cross-legged, absorbing the breath of the Demon Suppressing Tower, and Ning Zhi's strength grew rapidly.

But just as Ning Zhi was immersed in his cultivation, a dangerous aura suddenly rushed towards him!

Ning Zhi suddenly opened his eyes and stared at the stairs in front of him!

Da da da...

There was a sound of footsteps on the stairs, which made Ning Zhi frown.

He had already told those subordinates not to let anyone in, but now someone has come in in the Demon Suppression Tower, which made Ning Zhi feel very strange.

“who?”

Ning Zhi shouted at the stairs.

But no one responded to him, and the sound of footsteps still came clearly.

Ning Zhi stood up suddenly, frowning deeper.

If someone breaks into the Demon Suppression Tower, his subordinates will definitely block it. Who can break through the hurried Wuzong master’s block?

Even if he could break through, there would still be the sound of fighting, but Ning Zhi didn’t hear a single sound.

Ning Zhi’s heart began to panic.

In this area, the people who can silently eliminate their subordinates and then enter the Town Demon Tower are probably the only people from the Luo family.

“Could it be that Luo Xiang is back?”

Ning Zhi suspected that Luo Xiang didn’t really leave, but was looking for a chance to kill himself.

As long as he kills people, Ning Zhi has no chance to inform the Ning family!

And it is impossible for the Ning family to suspect the Luo family!

Thinking of this, Ning Zhi looked around the Demon Town Tower, trying to find an opportunity to escape.

But Devil Town Tower has only one exit from the gate, and it is impossible to go out from other places.

Ning Zhi gritted his teeth, his eyes bursting with cold light, staring at the stairs.

Soon, a figure appeared, and when Ning Zhi saw the person coming, he was stunned.

“It’s you?”

Ning Zhi asked with wide eyes.

“Of course it’s me, who do you think it is?”

A smile appeared on David’s mouth.

“Hahaha... I was just looking for you, but I didn’t expect you to come by yourself...”

Ning Zhi suddenly laughed.

He is now at the peak of Wuzong’s strength, so he doesn’t need to be afraid of David at all.

But Ning Zhi didn't know that David's current strength was no longer what it used to be. Ning Zhi didn't know about David's killing of Guo Wei.

"It seems that you are very confident in yourself?"

Seeing that Ning Zhi suddenly laughed, David asked lightly with a face full of indifference.

Chapter 1134

"Of course, I'm going to kill you today, take your dragon crystal, and with this dragon crystal, I think who is my opponent..."

Fanaticism appeared in Ning Zhi's eyes, the aura on his body radiated slightly, and murderous aura came from all directions.

David looked at Ning Zhi, who was almost mad, and said lightly, "Can we go out and talk about it?"

"What? Are you afraid?"

Ning Zhi looked at David sarcastically.

"I'm afraid of destroying this Demon Town Tower. If I kill you, I can do it anywhere..."

David smiled coldly.

"Don't be mad, I'll let you taste my power in a while..."

After Ning Zhi finished speaking, he walked towards the bottom of the tower.

Ning Zhi was also afraid that the fight between the two of them would destroy the Demon Suppression Tower. This Demon Suppression Tower is a treasure and must not be damaged.

David followed Ning Zhi out of the Demon Suppression Tower. When Ning Zhi saw the tragic deaths of his subordinates outside the tower, his face instantly became extremely gloomy.

Seeing Ning Zhi's face, David smiled slightly: "Your servants of the Ning family are too unresistable, I just patted it a few times, and it became like this..."

"David, don't be complacent. I'll tell you the truth. I'm already at the peak of Wuzong. Do you know what the peak of Wuzong represents? No one of the younger generation of warriors in Kyoto has reached the peak of Wuzong."

"My current strength, even on the Free and Easy Ranking, can still have a place. If you fight with me, I will make you die ugly..."

Ning Zhi gritted his teeth and said viciously.

"The peak of Wuzong?" David pretended to be surprised: "You have reached the peak of Wuzong so quickly, it's really terrible..."

Seeing David's surprised look, Ning Zhi looked proud: "David, now you know how good I am. If you hand over Long Jing and the treasures on your body, I may still save your life."

"Otherwise, I'll make you unable to survive or die..."

Looking at Ning Zhi's smug look, David smiled lightly and said, "Your strength at the peak of Wuzong is really awesome, but in my eyes, it's almost meaningless. If you want to kill me, I'm afraid it's not that simple."

"Arrogant, even the peak of Wuzong can't kill you, so aren't you even more powerful than the peak of Wuzong..."

Ning Zhi sneered.

He doesn't think that David's strength can surpass the peak of Wuzong. How long does it take to separate from Suolong Island? Even if David is a genius, it is impossible to increase his strength to the point of ignoring the peak of Wuzong in a short time.

"Maybe only a little bit stronger..."

David stretched out his hand and gestured.

"Hey, you can't bluff me, I have just been promoted to the peak of Wuzong with the help of the Demon Suppression Tower, and how can you..."

Before Ning Zhi finished speaking, he suddenly closed his mouth.

He almost revealed the secret of the Demon Suppression Tower, and Ning Zhi thought that David didn't know the secret of the Demon Suppression Tower.

"If you don't believe me, we can try..."

After David finished speaking, the breath on his body began to expand rapidly, and terrifying spiritual power surrounded David's body.

As the breath on David's body rose, the ground began to tremble.

rumbling...

Like an earthquake, the house under construction not far away began to collapse again amid the tremors, scaring many workers to flee.

"This this..."

Ning Zhi's face was ugly, his eyes were wide open, and he couldn't believe everything just now.

The breath that David exudes just now is no worse than the peak of Wuzong, or even worse.

Ning Zhi's eyelids were beating, and the killing intent in his heart was getting stronger and stronger.

David's talent is too smart, and his strength has increased so quickly in such a short period of time. Ning Zhi knew that if David was left, it would always be a big hidden danger for their Ning family!

Chapter 1135

"Do you still want to try it now?"

David looked at Ning Zhi playfully.

Ning Zhi's eyes narrowed, but he didn't speak, but after a loud shout, his fist came to David in an instant.

“Holy Light Fist...”

David raised his hand and greeted him with a punch.

The fists were offset, and the terrifying energy erupted one after another, instantly centered on the two people, and dispersed towards the surroundings.

The houses that had just been built began to collapse one after another under this terrifying energy, and many people were running around and dodging.

Ning Zhi’s figure swayed a few times before it stabilized, while David stepped back with his right foot, and landed firmly on the ground, and a crack instantly appeared on the ground.

“Don’t think about preserving your strength. If you don’t do your best, you are not qualified to do it with me...”

David looked at Ning Zhi and said coldly.

Ning Zhi looked at David solemnly, he didn’t understand what happened to David’s Holy Light Fist just now.

With the simple punch just now, Ning Zhi felt that his body’s breath was beginning to become disordered, and he was instantly stressed.

At this moment, Ning Zhi was trying to adjust his breathing.

Soon, the breath of Ning Zhi broke out again. This time, Ning Zhi did not hold back at all. The breath of Wu Zong's peak exploded at once.

This terrifying aura is much more tyrannical than the air. Some migrant workers who were watching the fun from a distance of hundreds of meters were actually shocked by this terrifying aura and vomited blood, and some people even fell to the ground and died!

David frowned, and with a quick movement in his hand, a barrier appeared, instantly blocking the terrifying aura.

He didn't expect that Ning Zhi, as a son of an aristocratic family, would be so careless.

In Kyoto, as a warrior, you cannot kill ordinary people casually, and there are very strict rules!

But in this barren Xichuan, although there are rules, but after all, the mountains are high and the emperor is far away, so Ning Zhi dared to be so presumptuous.

"As a child of an aristocratic family, you are so cruel to people's lives, it's just damn..."

David looked at Ning Zhi coldly, killing intent rising in his eyes.

"Hmph, as long as I can kill you, what's the point of killing these ordinary people. They are just ants. The big deal is that in the end, each family will pay hundreds of thousands of dollars. Our Ning family is not bad..."

Ning Zhi snorted coldly.

“If that’s the case, then I’ll kill you and pay your Ning family a million dollars, and I’m not short of money...”

After David finished speaking, the whole person instantly moved towards Ning Zhi.

David smashed it hard, but Ning Zhi’s body disappeared when David smashed it.

Immediately afterwards, a dangerous aura appeared above David’s head.

David looked up and found that Ning Zhi was in the air, and then the whole person turned into a sharp sword, coming towards David from top to bottom.

Ning Zhi used inertia to maximize the speed of his body, the sound of breaking the air sounded, Ning Zhi’s speed was so fast that a vacuum was formed around him!

The huge shock wave caused the ground under David’s feet to begin to crack, and David’s body seemed to be pressed against a mountain.

David frowned, then his right hand flashed golden light, and then he threw a punch.

“Holy Light Fist...”

In an instant, a golden beam of light rushed towards Ning Zhi ruthlessly.

boom!

With a loud sound, the whole world seemed to tremble, and the dazzling rays of light outshone the sunlight.

David's body was covered with golden scales, resisting the invisible impact!

It must be said that after Ning Zhi was promoted to the peak of Wuzong, his strength has indeed increased a lot.

David's punch shattered the air waves around Ning Zhi, and as the golden light scattered, Ning Zhi's body fell steadily in front of David.

At this moment, David's feet had already been sunk into the ground by the enormous pressure.

"Your strength is indeed beyond my imagination. If you can withstand this blow from me, there are not many people even among the younger generation in the entire Kyoto. Now you are afraid to be famous on the Happy Ranking!"

Ning Zhi looked at David and said lightly.

Chapter 1136

David didn't know what the Free and Easy List was, and it was the second time he heard Ning Zhi mention it, but David didn't ask.

"Is this your strongest blow? If it is, I will be disappointed. I thought I could take you back and forth..."

David gently pulled out his legs and looked at Ning Zhi jokingly.

“Didn’t you also use your full strength?”

Ning Zhi looked at David coldly.

David smiled lightly: “If I used all my strength, you would be a corpse now...”

“You are too arrogant...”

Ning Zhi frowned, and then his breath rose again.

The golden light on David’s body also flickered at the same time, and David’s golden body was brought to the extreme.

David’s current body, even if it is an eighth-rank Martial Sect, is basically indestructible and indefensible. Under the blessing of the divine dragon’s power, this indestructible golden body has already been improved by an unknown amount.

The current David is like the great Luo Jinxian in the world. Many ordinary people are watching from a distance and kneeling on the ground one after another!

Looking at David, who was shining with golden light, Ning Zhi’s face became more and more solemn, and then one after another of shining spells began to surround Ning Zhi!

At this moment, Ning Zhi seemed to be in a huge beam of light. The surrounding spells flickered, and then became bigger and disappeared.

Slowly, Ning Zhi’s body turned into spells, and these spells formed the shape of a person.

“What’s this?”

Seeing this, David frowned.

It was the first time he had seen such a situation. Whether it was the ninjutsu of the island warriors or the stealth technique, David had seen it before.

It was the first time David had seen Ningzhi like this.

This strange technique made David unable to start for a while.

A series of incantations suddenly came towards David, and instantly spread into a large net of several meters, to wrap David in it.

David slapped it with a savage palm, and the huge wind made those spells blown away instantly.

It’s just that after these spells were broken up, they reunited in an instant.

Seeing this, David threw a few more punches!

bang bang bang ...

One after another strong wind howled up, making those spells have no chance to condense!

But soon, the scattered spells turned into huge palms and slapped David down.

A slapped palm on David's body.

David's body made a sound like a bell.

The scales flickering with golden light began to fall off and disappear, and the golden light on the body began to dim.

Soon, the undamaged golden body on David's body was shattered, and the bronze-colored skin was exposed outside, shining brightly under the sunlight.

The spells condensed in an instant, and Ning Zhi's body appeared faintly. Seeing David's undead golden body disappearing, Ning Zhi's face was full of pride.

"The peak of Wuzong is not only the improvement of strength. After I reach this state, I can start to use many of our Ning family's spells. You must know our Ning family's spells, but they spent a lot of money and invited a lot of spells. Master, tailor-made for me."

"You don't deserve to fight with me at all. Remember, you are not fighting with me, but with our entire Ning family..."

Ning Zhi smiled coldly, and then his figure changed again, smashing towards David fiercely.

bang bang bang ...

A punch hit David's body, David's body instantly retreated, and his chest sank even more.

Without the indestructible golden body, but relying on the tyranny of the flesh, it is still difficult to resist Ning Zhi's attack.

Every punch David threw, like hitting in the air, could not cause damage to Ning Zhi at all, and could not stop Ning Zhi's attack.

Chapter 1137

David's body slammed heavily on the ground, directly smashing a deep hole into the ground.

The manor, which was already half-built, is now in ruins.

Blood spilled out from the corner of David's mouth, and there were even more shocking scars on his body.

"Hahaha, that's all?"

Ning Zhi's body was solid, and he looked at David and laughed.

David got up slowly, wiped the blood from the corner of his mouth, and suddenly grinned.

Seeing that David was still smiling, Ning Zhi was slightly taken aback: "You are dying, yet you are still smiling?"

"How do you know that my death is imminent?"

David smiled coldly, then stretched out his hand, and the Dragon Slaying Sword appeared in his hand.

A raging flame was burning on the Dragon Slaying Sword, and the flames reflected half of the sky!

“Hmph, even with a sword, you can’t hurt me...”

Ning Zhi snorted coldly, and then his body turned into a surrounding spell again.

“Nine Shadow Swordsmanship...”

David’s figure spun rapidly, and then divided into two, divided into three...

In the end, six identical David stood in front of Ning Zhi, holding the Dragon Sword.

In an instant, the spells began to turn into huge palms and slapped towards David.

Six David, six huge palms.

There were bursts of energy fluctuations on each palm.

rumbling...

As if the Tathagata Buddha suppressed, the huge palm pressed down.

David held the Dragon Slaying Sword and suddenly shouted: “Linghuo, start...”

The six Dragon Slaying Swords instantly rose into a huge flame, and the flame rose into the sky, more than ten meters high.

The hot flames penetrated the huge palms in an instant.

“what...”

With a scream, I saw the palms composed of spells begin to disappear quickly.

Immediately afterwards, a human figure appeared, but this human figure was surrounded by flames.

Ning Zhi’s body appeared, and flames were still burning on his clothes.

“fire Fire...”

Ning Zhi fought desperately and was still rolling on the ground before putting out the flames.

Just when Ning Zhi breathed a sigh of relief, he saw a big golden hand grabbing it.

Ning Zhi’s face changed suddenly, he wanted to dodge, but at this moment, his body seemed to be bound by someone, and he couldn’t dodge at all!

David grabbed Ning Zhi’s collar and then carried it to him.

Ning Zhi’s face was blackened by flames, he looked very embarrassed, and there was something incredible in his eyes.

“That’s it?”

David grinned, and then slapped him fiercely.

Snapped!

With a loud noise, five finger prints were pulled out of Ning Zhi’s face.

The teeth fell out of Ning Zhi’s mouth, and blood flowed out.

“That’s it?”

David finished jokingly, and slapped it again.

clap clap clap...

David carried Ning Zhi left and right to draw a bow, and slapped Ning Zhi’s face fiercely, and Ning Zhi’s face instantly turned into a pig’s head.

David just wanted to humiliate Ning Zhi severely, so that his defense line completely collapsed.

Let him see himself later, like a mouse meets a cat.

Ning Zhi, as the eldest young master of the Ning family in Kyoto, David did not intend to kill him.

If he wanted to rescue his mother and Sonya years ago, David knew that he would not easily make many enemies in Kyoto.

A Long Family and Martial Arts Alliance is enough for David to deal with.

As for David turning those island warriors into human sticks and cutting off Guo Wei's head, it was all to deter the aristocratic sects in Kyoto, so don't provoke yourself easily.

I don't know how many slaps I slapped Ning Zhi, but in the end, Ning Zhi's face was swollen.

There is still a slit in his eyes, as if the Pekingese were stung by a bee.

As soon as David let go, Ning Zhi fell to the ground like a dead dog.

"You are not my opponent, hurry up, you dare to provoke me, you will die next time..."

David looked at Ning Zhi coldly, and then walked directly towards the Demon Town Tower.

Chapter 1138

Ning Zhi glared at David's back, and suddenly there was a sound of bones shattering from his body.

David turned back suddenly, but found that Ning Zhi's body was paralyzed on the ground like a pile of mud, and then he reshaped his body and stood up.

When Ning Zhi stood up again, the swelling on his face disappeared.

A burst of black light erupted in Ning Zhi's body, as if it were radiated from within.

“I want you to die...”

Ning Zhi drank angrily, and then a drop of black blood flew out from the center of his eyebrows!

Ning Zhi’s hands moved, and the black drop of blood suddenly started to burn!

A drop of blood erupted into a raging fire!

However, Ning Zhi’s body was scorched in this raging fire.

Every inch of Ning Zhi’s skin began to shrink, and then turned into a pitch-black color. Under the irradiation of the flames, the black skin flashed a strange light.

The flames gradually went out, and Ning Zhi’s body was like tempered steel.

Sensen’s cold light rose from Ning Zhi’s body.

Looking at Ning Zhi, who suddenly turned dark, David’s mouth twitched: “It turns out that you are still a half-African. I didn’t expect your dad to have such a hobby...”

Hearing David’s words, Ning Zhichai was not angry and stared angrily: “I’m going to tear your mouth apart...”

Ning Zhi rushed towards David and punched David fiercely.

David did not show weakness, his body flashed golden light, and then layers of scales began to adhere to the skin.

clang clang clang...

The two attacked each other with the most primitive and pure power.

Every punch made a sound like steel colliding.

The flames were blazing, and the blasts of thunder continued to explode.

I saw a black figure and a golden figure intertwined in the air, and a terrifying energy wave spread around.

There is no one intact place in the entire manor, only the Town Demon Tower is still standing.

bang...

Ning Zhi and David threw a punch at the same time, Ning Zhi's punch hit David's chest fiercely, and a terrifying energy exploded in David's chest, like a cannonball blasting, a huge impact It made David sway!

At this moment, David also punched Ning Zhi, and after the same explosion, Ning Zhi's figure took a few steps back.

In this way, even if Ning Zhi reincarnated as a technique, there was still some gap between him and David.

Ning Zhi roared, his eyes full of fighting intent and anger!

In an instant, Ning Zhi's body turned into a streamer, and with a loud breaking sound, he rushed towards David.

"It's really a good opportunity to practice..."

David's eyes narrowed slightly, and he rushed up directly.

Strength can be cultivated and increased, but fighting skills and control of strength require constant battles to improve.

The battle with Ning Zhi this time made David feel a lot again.

rumbling...

The bodies of the two people kept colliding, making a deafening sound.

David mobilized Shengguang Fist, and the golden fists fell on Ning Zhi like raindrops.

Similarly, Ning Zhi also punched out, constantly beating David's body.

You come and go between two people, this is already a confrontation between pure strength and flesh!

bang...

The two were separated, and everyone was panting slightly.

This kind of consumption is huge. David relies on the spiritual power in his dantian and the power of the dragon to support it to the present, while Ningzhi relies on magic to support it.

“Is this your last trump card?”

David looked at Ning Zhi with a gloomy expression: “If so, then I won’t play with you...”

Ning Zhi’s expression was calm, and an ugly expression flashed on his face.

He kept showing his cards, but David seemed to be able to deal with it easily.

“Hey, you don’t have to pretend to be easy, now you are only the end of the shot, and then I will show you my real trump card...”

Ning Zhi said, suddenly the black light on his body skyrocketed, and then the black light slowly escaped from Ning Zhi’s body, and Ning Zhi’s skin returned to its original appearance.

Chapter 1139

The black light slowly converged and formed on the top of Ning Zhi’s head, and soon a pitch-black aperture appeared. The aperture was pitch black, and nothing could be seen.

And the space within the aperture seems to have ripples, like a calm lake being blown by a mighty wind!

Seeing this scene, David frowned slightly.

“Could this guy be summoning some other beast?”

On Suolong Island, Ning Zhi and Gu Kaiyuan had summoned alien beasts before, and David thought that Ning Zhi was repeating his old tricks this time.

But after waiting for a while, nothing appeared from the dark circle of light.

Instead, humming sounds sounded, and then a series of coercive pressures spread out from the aperture. These coercive pressures were like sound waves, rushing towards David's body one after another.

“David, let me tell you, this is the Immortal Execution Formation. This technique is learned from an ancient book that is hundreds of years old. Let alone a mere mortal, even if you are an immortal, you can never escape...”

Ning Zhi glared at David, but at this time Ning Zhi's whole face began to distort.

Performing such a technique is also a great challenge and loss for Ning Zhi.

But in order to kill David, Ning Zhi could only fight.

The black rays of light condensed, and the coercion continued to emit, and all the objects touched by the coercion turned into powder.

One after another, the pressure spread, and even the ruins in the entire manor turned into powder at this moment, and there was nothing in the radius of hundreds of meters. Those ordinary people who

were shocked to death by Ning Zhi's energy were not even able to leave their bodies. directly into a mash.

The Demon Suppression Tower not far away was roaring at this moment, as if resisting the pressure.

In a place of thousands of square meters, apart from David and Ning Zhi, only the Zhenmo Tower can stand here.

David felt this extremely strong pressure, and the bones in his body were constantly rattling.

This kind of pressure, wave after wave, did not give David a chance to breathe!

Just when David was controlled by this coercion and the scales on his body kept collapsing, the earth suddenly trembled!

A chain of black ink-like chains grew out like tentacles.

One, two...

A total of eighteen black-lacquered iron chains exuded bursts of cold light, forming a cage, trapping David in it.

These chains seemed to come from the eighteenth hell, and even above the chains, the cries of ghosts from hell could be heard.

A soul-stirring cry made people's scalp numb and tremble all over!

“It’s a good Immortal Execution Formation, but I don’t know if it can trap me as a True Immortal...”

After David finished speaking, the dragon crystal in his chest began to flicker, and the power of dragons erupted, forming giant dragons wrapped around David’s body.

Just when the power of David’s dragon broke out, the Zhenmo Tower suddenly trembled, and then many dense light spots flew out from the Zhenmo Tower.

These light spots can be clearly seen even for a long time. The billions of light spots are constantly approaching, and finally they converge into David’s body.

Ning Zhi’s pupils shrank, and his eyes were full of incredible!

He didn’t know what these light spots that suddenly flew out of the Demon Town Tower were.

The power in David’s body was constantly growing, and the dragons roared, rising into the sky from David’s body.

Eighteen giant dragons were directly wrapped around the eighteen black iron chains. The giant dragon radiated golden light, which formed a sharp contrast with the icy iron chains.

Ning Zhi stared at the scene in front of him, his mouth opened involuntarily.

“Dragon Crystal? The power of the dragon?”

Ning Zhi’s eyes are full of greed and anger!

If it weren't for David, this dragon crystal would be his own, and the terrifying dragon power would also be his own.

Now these have become David's capital!

David's body continued to emit light, and a bead with five-color brilliance flew directly out of David's body.

Chapter 1140

When this bead appeared, it was instantly radiant, and a peaceful force instantly shrouded it.

"Is this your own golden core?"

David looked at the beads in front of him, and it was a little incredible, especially the peaceful power emanating from the beads made David very comfortable.

Originally, the iron chains that were so cold and the ghosts howled, now under the irradiation of this peaceful force, all have no sound, and slowly those iron chains have retracted back to the ground!

The chains returned to the ground, and the dragons roared and disappeared in David's body instantly.

Ning Zhi frowned, looking at the radiant beads in front of him, his eyes were full of surprise.

He doesn't know what Jindan is!

In his eyes, this should be another treasure of David, because there are too many treasures on David's body.

Whether it is the Dragon Slaying Sword or the Storage Ring, whether it is the Dragon Crystal or the bead in front of him, each one is a priceless treasure.

Seeing Ning Zhi's eyes turning red, he was so envious!

"David, if you die, these treasures will all be mine, all mine..."

After Ning Zhi finished speaking, the black aperture above his head exuded a brilliance, and there was a strong killing intent on this brilliance.

The black light emitted is like a laser, destroying everything it penetrates!

Seeing this, David slowly stepped forward with both hands, and the golden pill slowly fell into David's palm.

A gentle force swept through David's body.

Condensing into a golden pill, it also means that he has entered the path of immortality.

This gentle force should be the power of immortality!

This power was gently waved by David, and instantly moved towards the black brilliance.

Two forces that can destroy the sky and destroy the earth, and the energy that erupts when they touch together is terrifying.

But when the two forces really touched each other, there was no landslide as imagined, not even a single sound.

I saw that black brilliance disappeared at the moment of touching it, and the black aperture above Ning Zhi's head also became fragmented and disappeared in a trembling.

"This this..."

Ning Zhi's eyes were wide open, unable to believe his own eyes.

He didn't understand what kind of treasure the bead in David's hand was, how could it be so powerful?

"What treasure do you have in your hand?"

Ning Zhi couldn't help but asked David curiously.

David looked at his golden core and smiled lightly: "When you die, I will tell you..."

David opened his mouth and swallowed the golden pill, and then the peaceful power disappeared!

Ning Zhi looked at David in disbelief, and for a moment, Ning Zhi thought he was standing in front of a real immortal.

"Your Immortal Execution Formation is not very good, even a mortal like me can't be trapped..."

After David finished speaking, his right hand flashed golden light, and then he slapped Ning Zhi with his palm.

He just let Ning Zhi live, but unfortunately Ning Zhi is not rare, so now he can only kill.

Feeling the terrifying aura coming from the attack, Ning Zhi was extremely horrified, and he did not dare to follow David to fight.

He has no trump cards, he stays, and what awaits him is death...

Ning Zhi put his hand into his arms, and then took out the Qiankun circle.

As soon as David saw Ning Zhi take out the Qiankun circle, he immediately knew that this guy was going to use the Qiankun circle to escape.

Then the figure flashed, and a palm slapped it fiercely.

bang...

David slapped Ning Zhi's chest, and Ning Zhi's body flew out instantly.

At the moment when his body flew out, Ning Zhi endured the severe pain and threw the Qiankun circle in his hand.

Immediately in mid-air, a pitch-black hole appeared, and Ning Zhi's body directly entered the hole, and then disappeared.

“Damn, let him escape...”

David cursed, and he was envious of the Qiankun Circle in Ning Zhi’s hands. If he had such a space magic weapon, he could escape quickly when he was in danger.
