

A Man Like None Other Chapter 1361 – 1370

Chapter 1361

“Because this tomb is a real tomb, there are skeletons of immortal real people, and maybe some magical weapons, magic weapons and the like, so it is impossible for pure spiritual power to flow out of it...”

Hu Mazi explained.

“The tomb of a real person?” David became more and more shocked at this moment.

The so-called real person means that he has reached the realm of transcending tribulation.

It is normal for a real person to fall without going through calamity.

But now that a real tomb can be found, David is very excited.

He can't wait to go down to the tomb now and see what the tomb of the half-immortal is called.

“The cave was blocked by boulders. I tried to open the boulder, but there was none. We want to go in. How can we open the boulder?”

David asked Hu Mazi for advice.

Although David's strength is higher than Hu Mazi, in this respect, David is like a primary school student who knows too little.

“Since I’m here, there is a natural way to open the boulder, but you are lacking in spiritual power now, and you need to rest. When you rest, we will go in together.”

“After all, it is extremely dangerous inside. With you, a master of the Nascent Soul, I can rest assured, but the things inside are half of us.”

Hu Mazi said to David.

“No problem, the deal...”

David nodded and stretched out his right hand!

Hu Mazi was stunned for a moment, smiled randomly, and followed David with a high five.

“Haha, you follow me, I promise you will have endless resources, don’t look at my strength, but in the field of finding caves and tombs, I am the ancestor of the Hu family...”

Hu Mazi said proudly.

David also believed in the strength of Hu Mazi. After all, this place was blocked by mountains and rocks, and Hu Mazi did not enter, but he knew that this was the tomb of a real person. It can be seen that the ability to search for a tomb is not low!

David followed Hu Mazi down the mountain, and after returning to the Red Lotus Palace, Ji Ruxue had already ordered someone to prepare the meal.

She knew that after David's battle, she must have consumed a lot of physical strength, so she made up for it.

David followed Ji Ruxue and Xiaomin to introduce Hu Mazi, and Hu Mazi also smiled and greeted Ji Ruxue and Xiaomin!

Apart from the pockmarked look on his face, Hu Mazi looked a little scary, but he was still very polite when speaking.

"Palace Ji, your red lotus palace illusion has been broken. After you have eaten, I will help you make up an illusion!"

Hu Mazi was eating and said to Ji Ruxue.

"That's really written about Master Hu!"

Ji Ruxue thanked her happily.

After eating, Hu Mazi followed David and the others to the gate of the Red Lotus Palace.

Looking at the Red Lotus Palace in front of him, Hu Mazi took out a few talisman papers, and then muttered something in his mouth.

Immediately after a few talisman papers, a large amount of thick smoke rose, and the thick smoke soon enveloped the entire Red Lotus Palace.

Hu Mazi blew the talisman paper in his hand, and the talisman paper instantly turned into ashes!

When the thick smoke slowly dissipated, David and the others were surprised to find that the Red Lotus Palace in front of them was gone.

The huge Red Lotus Palace disappeared right before their eyes.

Ji Ruxue and Xiaomin opened their mouths in shock.

David, on the other hand, looked at Jute Zi with admiration. Although David could also perform illusion, he could only perform it in a small area.

Thinking of such a large-scale illusion, David does not have that strength.

This kind of large-scale illusion requires super-strong mental power.

“Hu... Master Hu, what if we go in?”

Ji Ruxue asked Hu Mazi in shock.

“It’s easy to do!”

After Hu Mazi finished speaking, he raised his hand and clasped it lightly in the air.

After slamming it three times in a row, the Red Lotus Palace appeared in front of several people.

This magic formation is much stronger than the Red Lotus Palace at the beginning.

Chapter 1362

“Master Hu, thank you so much. Not only did you save David, but you also helped us so much at the Red Lotus Palace. Please accept the little girl’s bow...”

Ji Ruxue said, and was about to kneel down to Hu Mazi.

“Palace Ji, it’s absolutely impossible, I’m just doing it by hand.”

Hu Mazi quickly stopped Ji Ruxue.

“Miss Ji, you don’t have to give this big gift. He actually helped us. When we divide the baby equally, I will give him one more achievement!”

David said to Ji Ruxue.

“Divided baby? What baby?”

Ji Ruxue was stunned.

David and Hu Mazi looked at each other and laughed.

“Palace Ji, let David thank me then!”

Hu Mazi followed David into the Red Lotus Palace with a big laugh!

Ji Ruxue looked at the two of them suspiciously, not knowing what they were talking about.

“David, you kid, there must be a catastrophe in the future!”

Hu Mazi looked at David and said while walking.

“Big catastrophe? What catastrophe? You really can’t tell fortune-telling if it’s rare?”

David was taken aback.

“Hahaha, you are destined to be trapped in love in the future. You don’t want to bear any woman, but you will make women sad for you invisibly.”

“Your boy’s peach blossom luck is too prosperous, but the women who like you are the most affectionate people.”

“It’s up to you to choose what you want to do in the future. I’m afraid this will be a test for you!”

“Cultivators of immortality must cast aside their emotions and desires in order to become immortals, and you...”

“Hahaha...”

Jute laughed and walked forward quickly.

“I didn’t say it again, I want to become immortal...”

Looking at the back of Jute, David muttered to himself...

.....

the next day.

After David explained it to Ji Ruxue, he followed Hu Mazi into the cave!

At this time, there were already a lot of gravel in the cave, all of which were shaken down by David following Zhou Tianyin’s battle.

“How are we going to open this boulder?”

David asked Hu Mazi anxiously.

“No hurry, sit down and rest for a while...”

Hu Mazi found a flat stone and sat down.

This made David very puzzled. Since he was not in a hurry, why didn’t he rest outside, but came to rest in the cave?

David also found a stone and sat down, then lit a cigarette.

I gave one of the flax seeds, but he didn't want them, but took out a dry tobacco pouch from his waist and started smoking.

The clear stream continued to flow out of the cave, scouring the falling stones.

About ten minutes later, Hu Mazi knocked on the dry tobacco bag, and then put it away.

"It's time to work..."

Saying that, Hu Mazi took out a stack of talisman paper, and then drew something on it, and soon the hole was filled with talisman paper.

When there was still a piece of talisman paper left, Huang Mazi looked at David.

"Lend your blood to use it..."

Jute said.

"With my blood?"

David looked puzzled, but he bit his finger and blood flowed out.

Jute used David's blood to draw a figure on the talisman paper, and then put the last talisman paper on the boulder.

rumbling...

The moment the talisman was pasted, the entire cave began to shake.

Immediately after that, all the rune papers emitted a ray of light, shining on the boulder.

And the rune paper on the boulder exudes blood red, and the graphics on it are instantly embedded in the boulder!

The entire boulder began to glow, and the light was extremely dazzling!

“Close your eyes, I’ll let you open, opening...”

Huang Mazi hurriedly said to David.

David didn’t hesitate, and hurriedly closed his eyes.

Soon, the violent shaking became stronger and stronger, and David only felt that his body was falling rapidly!

Chapter 1363

The whirring of the wind made my face hurt!

David curiously wanted to open his eyes, but Huang Mazi grabbed his wrist: “Don’t open your eyes...”

Hearing Jute’s exhortation, David put away his curiosity.

I don’t know how long it took, David felt his feet fall to the ground, and the wind in his ears disappeared.

“You can open your eyes...”

Jute said.

David opened his eyes slowly. When he opened his eyes, he was instantly stunned.

I saw a big change in the scenery in front of me, mountains and rivers, green trees, as if to another place!

“This...what is this place?”

David was full of surprise, he couldn't believe it, what he saw in front of him would be a mausoleum!

It is clearly a world, a different world!

Huang Mazi did not answer David, but quickly climbed up a hillside and looked around. At this moment, Huang Mazi's face was also full of shock.

Seeing that Huang Mazi didn't speak, David asked again, “Is this the real tomb you said?”

“The layout here is not small.” Huang Mazi muttered to himself in shock.

“What kind of pattern is not small?” David next to him was stunned for a while, a little unclear.

Although David also knows some skills in robbing tombs and finding caves, but here, his skills are stretched thin.

It is not yet clear what the pattern is here.

Moreover, such a scene could not be linked with the mausoleum.

Huang Mazi smiled lightly and pointed with his hand: "Look here."

"There are many mountains here, and it was clearly arranged by someone deliberately, with the mountains as the source and the water as the pattern!"

"The power of mountains and rivers is the horns of each other. There are very few people who can do this."

"Moving mountains and reclaiming seas, such a big hand, ordinary real people can't do it."

"It seems that the owner of this tomb must also be a scholar of metaphysics. Otherwise, he would never be able to do this. It seems that he has met his peers this time!"

Jute's eyes were bright.

David followed what Huang Mazi pointed, and when he looked at it like this, he was a little shocked. This scene was not small. After Huang Mazi's guidance, David saw some clues.

After a while, Huang Mazi suddenly sighed: "It's a pity that this landscape has been around for too long, and the power of heaven and earth under this cloth has gradually faded away."

"This will almost dissipate, otherwise, with this landscape, it will not be a problem to help you and me cultivate into a real person."

But even though the power of heaven and earth gradually dissipated here, David still felt that pure spiritual energy was continuously drilling into his body.

"Let's go, let's find the mausoleum..."

Jute said, and started walking forward.

David followed closely behind David. Such a shocking scene made David both excited and scared.

If such a mausoleum can be arranged, how can there be no organs and spirit beasts to protect the tomb?

Therefore, David had no idea what he was going to face next.

In the face of these, David realized how small his current strength is.

David followed Hu Mazi for half an hour. David ran the Heart Concentrate Art while walking, absorbing the pure spiritual energy around him.

At this time, the two of them had already penetrated into this mountain range quite a bit, which was also due to the failure of this landscape.

Otherwise, even if a person spends a year here, he will not be able to touch the south, east, north and west.

Suddenly, Hu Mazi stopped and looked at the mountain in front of his eyes: "It should be the front."

"Huh?" David was taken aback for a moment, and then he looked at the mountain in front of him.

I saw a mountain in the distance. It was cut open from the middle and cut into a square altar. In the right direction, surrounded by mountains, the "altar" was quiet and terrifying.

Chapter 1364

Such a magnificent place, I don't know how many years it has been hidden, and it has never been discovered. David doesn't know if they are lucky.

"Let's go and have a look." Hu Mazi couldn't hold back his mood anymore.

Soon the two of them arrived at this altar-like place.

I saw a huge stone tablet standing at the mouth of this altar. On the stone tablet, a line of words was engraved, "I, always stand on the sword hill..."

Just this line of words, standing at the door, seems to be telling people later.

David stood in front of the stone tablet and looked at the line of words, his eyes gradually became fascinated.

This handwriting is full of sword energy. This is the owner of this ancient tomb, who used his two fingers to carve this stone tablet in one go!

These words reveal the profound understanding of the kendo of the owner of the stone tablet! Ordinary people can't see it at all!

Just in front of this stone monument, David stopped and stopped moving, just raised his head and looked at the stone monument with a confused expression.

David felt that on this stone tablet, a trace of kendo sword intent could be figured out.

Hu Mazi saw David suddenly staring at the stone tablet, so he said, "What's wrong? Did you see something?"

But David didn't seem to hear Hu Mazi's words, and he still stood motionless!

Hu Mazi frowned slightly, and reached out to push David, he was afraid that David was being controlled by something.

Here, anything can happen, David's mental power is not strong enough, and it is very likely that his mind will be controlled!

But Hu Mazi's hand stopped just as he stretched out.

He saw that David was as calm as a person, and his eyes were dull, his pupils had been enlarged, his eyes were all white, and he looked very scary.

At this time, David, the spiritual world had already been pulled into the stone tablet. David also noticed the abnormality and wanted to break free from this spiritual bondage, but no matter how much he struggled, it was useless.

I saw David's body trembling, sweat dripping from his forehead.

Hu Mazi's face became extremely ugly, he suddenly took out a spell, bit his finger, and drew on it.

And David has entered another world at this moment, and all the scenes in front of him have completely changed.

"Where is this? Where is this?"

David shouted desperately, but no one answered him.

David was in front of a gray world, and he was standing on a boulder.

As the world in front of him became clearer, David was surprised to find that in front of him, there were actually corpses everywhere!

I saw millions of corpses lying here, bloody aura rising into the sky, and terrifying aura floating around. David wanted to absorb these auras into his body, but no matter how the Heart Concentration Technique worked, it was of no use at all.

A figure slowly appeared, and soon the figure stopped in front of David, the man was covered in blood, holding a long sword, and staring at David with murderous intent!

"Who are you? Who are you?"

David asked twice when he saw the person in front of him.

But the man didn't answer at all, as if he couldn't see David.

I saw this man with the sword on his back, turned around and stared at the battlefield where millions of corpses were buried!

The afterglow of the setting sun dragged the figure of this man for a long time.

David found that at this moment, the swordsman showed endless loneliness and desolation!

Suddenly, the swordsman moved, and when he moved like this, from behind him, nine huge shadows suddenly rose from the ground, exactly like his deity.

Nine Shadows One's real body formed a killing formation directly out of thin air! The tragic aura shot straight into the sky!

The swordsman moved slowly, dancing the sword in his hand.

The nine shadows behind him moved with him.

The swords in everyone's hands are full of charming trajectories. David's pupils are dilated and he has been staring blankly.

Chapter 1365

"Nine Shadow Swordsmanship, this is the Nine Shadows Swordsmanship, right?"

David looked at the scene in front of him and shouted desperately.

However, the Nine Shadows swordsmanship displayed by this swordsman, which David learned from Ichiro Watanabe, is not the same, and the similarities are only one or two.

The nine shadow swordsmanship displayed by this swordsman is obviously more powerful.

David wanted to rush down from the boulder and have a good chat with the swordsman.

But David's body hadn't moved, only the scene in front of him shattered instantly, and then his body shook.

A mouthful of blood spurted out, and David withdrew directly from the spiritual world.

"David, are you alright?"

Hu Mazi's face was pale, and a spell was attached to David's forehead.

"How is this going?"

David frowned, it seemed like a dream just now, and it seemed real.

"Your mental strength is too weak, you should have been caught in the illusion here, and almost fell into it. If I hadn't pulled you out, it is estimated that you would have been trapped in it for the rest of your life..."

"You are not allowed to touch the things here indiscriminately later, and don't look around blindly, this place is too weird!"

Hu Mazi told David.

But David didn't seem to hear Hu Mazi's advice, and was still thinking about the picture just now, because the picture just now was too short, just a few seconds before David could see it completely, he was pulled out by Hu Mazi.

"No, I have to go in and see..."

David thought of the Nine Shadows sword technique used by the swordsman just now, and his heart was surging.

Although he also learned some Nine Shadows swordsmanship, but that's just skins. Judging from the Nine Shadows Swordsmanship that the swordsman had just performed, the Nine Shadows Swordsmanship he stealthily learned was too rubbish.

David ripped off the talisman that was stuck to his forehead, and stared straight at the stone tablet in front of him. He wanted to re-enter that world and watch the swordsman finish using the Nine Shadows Sword Technique.

"What are you going to do? Are you crazy?"

Hu Mazi thought that David was fascinated by his mind, and suddenly shouted sharply.

And this sound, with a terrifying mental impact, Hu Mazi wanted to wake David completely!

But it was useless, David still stared at the stone tablet.

“How could this be? How could this be?”

No matter how hard David tried, he would never be able to enter the world just now.

After a while, David sighed helplessly and looked back.

“It’s a pity, it’s really a pity...”

David’s face was full of annoyance.

Hu Mazi looked at David puzzled, didn’t understand what happened to David, and suddenly felt a pity.

Looking at Hu Mazi like that, David could only tell him what he had just happened.

After speaking, Hu Mazi’s complexion changed and changed.

“David, the two of us rashly broke into this real tomb, maybe it was a wrong choice...”

Hu Mazi was a little scared.

There are a lot of things here that they may not know at all.

“Since you are here, you must go in and take a look. Since you are here, you are safe...”

David smiled lightly.

Things have come to such a point that there is no turning back.

Hu Mazi nodded, and then walked towards the altar with David. Here is the real mausoleum.

After entering this ancient tomb, there is a unique cave in this ancient tomb, the lead-grey mausoleum, and the air is a little dank and cold.

“My God.” David was shocked when he entered the mausoleum.

What kind of real person is this real to repair the mausoleum? Looking around, the ceiling of the mausoleum is pitch black, as deep as a starry sky, and inlaid with countless night pearls like stars.

Hu Mazi looked at every part of the mausoleum carefully, and saw it very carefully, and his face was very dignified, and he was careful every step of the way!

Chapter 1366

“Seven stars swallowing the sun, this is one of the ten ancient tomb patterns.”

Hu Mazi said with a sigh.

Listening to what Hu Mazi said, David was confused, because he didn't know what Hu Mazi said about the seven stars swallowing the sun, and what the ten ancient tombs were.

In this aspect of exploring tombs, David had to admire this flax.

Seeing David's doubts, Hu Mazi started talking with David, and he may have also intentionally taught David.

The ten ancient tombs and the ten types of ancient tombs are different from each other.

There is nothing special about these ten ancient tombs. They only belong to a feng shui pattern, which can bless future generations and have prosperous luck. This is a relatively high-level method.

Among the top ten ancient tombs, there are only less than three, which belong to “evil tombs”

In other words, in order to prevent people from spying on this tomb in later generations, the tomb is extremely fierce, and those who enter it will die for a lifetime, but few people in future generations dare to enter such a fierce tomb.

Among them, the most famous one is “Nine Hundred and Ninety-Nine False Tombs”

As the name suggests.

After a real person died, he repaired the real and fake mausoleums in advance, and there were a whole thousand of them, of which 999 were fake tombs, and in these fake tombs, each of them was extremely brutal, and those who entered it would die.

This murderous tomb, even the descendants of this real person, do not know its true burial place.

It is often the real person who chooses to sit in one of the mausoleums before he dies. The most famous of them is Cao Cao’s imitation tomb, a 999 fake tomb that was repaired.

Generally, once this fake tomb is out, other people should not try to think that they can break into this kind of tomb.

Almost impossible!

In fact, there are no very special requirements for repairing these ten ancient tombs. There is only one point. The identity is respected enough. Only real people can be buried at the beginning. However, on this earth, how many real people have fallen and how many real tombs exist. ?

But here, there is actually one place that David and the others came across.

Listening to Hu Mazi's words, David's face was full of disbelief, and he would look up. From this high altitude, there were indeed sun, moon and stars on the top of the tomb, and they were depicted in one place. Around the sun, there are seven dazzling pearls.

This should be what Hu Mazi said about the seven stars swallowing the sun!

"I understand, you look at the top of this tomb, it's obviously the Tomb of Seven Stars Swallowing the Sun."

David pointed to the top of the tomb and said to Hu Mazi.

But who knew that Hu Mazi smiled, but shook his head: "If the ten ancient tombs are so easy to distinguish, then it is not called the ten ancient tombs."

David was stunned for a moment, and then he said with an embarrassed expression: "Isn't it possible to distinguish from here?"

"Of course not, the seven stars swallow the sun, which means that there are seven mausoleums in total!"

"And this is just one of them!"

“Seven stars swallowing the sun, this is a kind of “earth pulse” pattern. Corresponding to the seven stars, it is to find seven places where Fengshui is extremely prosperous, repair the seven tombs, and finally form the pattern of “seven stars swallowing the sun”.”

“And this one that swallows the sun, “Sun”, is this pattern, the place where the master of the tomb is really buried!”

David opened his mouth in surprise when he heard it. He didn’t expect that there were so many details here, and it wasn’t as simple as what he said.

It is true that there is a specialization in the art industry, and it is not false at all. In front of this Hu Mazi, David is not as good as even a primary school student.

“Then, will our real tomb really bury the owner of the tomb?”

David asked curiously.

Hu Mazi shook his head: “I don’t know, but even if it’s not the tomb where the owner of the tomb was buried, there will still be treasures.”

Hearing what Hu Mazi said, David was relieved, and he couldn’t run away in vain.

Hu Mazi took David to the depths of the ancient tomb again. After walking for a while, Hu Mazi observed it carefully again.

Chapter 1367

“The ancient tomb we found should be only one of the seven stars! Because of the time, the vicissitudes of life, and even the trend of the source pattern of the mountains and rivers dissipated, and it was exposed and discovered by me. .”

Hu Mazi said to David.

David couldn't help but sigh, that even this fake tomb has been repaired so magnificently, which is really amazing.

"Since it's a fake tomb, there shouldn't be any danger, right? Let's go in and see what treasures are there and just take them away."

David asked Hu Mazi.

Linghu Mazi shook his head, "There are seven patterns in this tomb. Look carefully. One of these seven patterns is where the treasures are really placed in this tomb."

"What, so much trouble?" David was surprised!

This mausoleum is built with the pattern of seven stars swallowing the sun. I didn't expect that in the ancient tomb, it is still in this pattern, just like a nesting doll, one ring after another.

"Now we're just looking for it slowly, and I hope we're lucky."

Hu Mazi said.

"Then can you find the other six mausoleums?"

David asked.

Hu Mazi paused, and then said: “As for the other six mausoleums, as long as this landscape source pattern does not disappear, even me, it is difficult to find, unless it is a master who is more powerful than me!”

David stopped talking. He had never met a master who was more powerful than this Hu Mazi. In the area of digging holes and tombs, even the most famous Hu Bayi in Kyoto was not even worse than Hu Mazi.

David followed Hu Mazi and continued to walk in. The inside of this ancient tomb is huge, and there is a cave inside.

It is simply a hole in a hole, like another small world!

After walking for more than ten minutes, David followed Hu Mazi to a piece of water. The water here was jet black, and the scene in the water could not be seen at all. In the middle of the water, there was even a small island!

Looking from where they were standing, they found a small green tree growing on the island.

This verdant green tree has extremely narrow branches, and the whole body is full of emerald green color.

The branches are not high, only one meter high, but this emerald green branch is like a fine art.

Across the distance, you can smell a dark fragrance wafting from this green tree.

This is like a dead pool of water, under this jet-black water, I don't know what is hidden.

“Green Yezhi...”

As soon as I saw this small island, it seemed to be enveloped by a mysterious power. The green trees were hidden in the shallows, and there was a look of shock on the face of the sesame seeds. This is a high-level spiritual grass called Qingye. Chi.

It can be seen that it was transplanted and planted here by the owner of this ancient tomb, and there is even a shallow spiritual soil under this tree root.

This spirit grass cannot survive on ordinary soil.

This spiritual soil is pale cyan and granular, like the cleanest cyan sand.

That small piece of spiritual soil is actually worth a fortune.

Even a grain of spiritual soil is more precious than a grain of gold! But unfortunately, not many people have seen this kind of thing now.

“nice one.”

David was short of breath. The first time he saw this thing, David knew it was a baby!

Hundreds of meters apart, David could feel the aura emanating from Yezhi Green, that kind of aura that transcended all kinds of worldliness and had no trace of impurities. For David, it was simply a priceless treasure.

“I went to pick it up...”

David jumped up, and then went straight to the green Yeats.

“Don’t be reckless, be careful...”

Hu Mazi knew that there must be hidden weapon mechanisms or protection of beasts around this precious spirit grass. David would be in danger if he rushed over in a daze.

Chapter 1368

But David couldn’t take care of that much anymore, his body jumped up, and then lightly tapped on the water, his body vacated again!

But just when David stepped on the water again and was about to walk on the water, his face suddenly changed!

David only felt that in the surrounding air, there was a moment of coercion rolling over, making David’s body feel like a heavy weight, and his body could not jump up.

Moreover, the rich and pure spiritual energy around it disappeared instantly at this moment, and it was replaced by a terrifying suppressive force, as if the entire tomb had been banned.

David’s body couldn’t jump up, and he couldn’t step on the surface of the water, his feet began to sink into the water, and the water continued to bubble up, as if it was boiling.

David was shocked, and mobilized all his spiritual power to continuously improve his body, but no matter how hard David tried, his feet seemed to sink into the water.

Seeing this, Hu Mazi on the shore hurriedly took out two spells, chanting words in his mouth, and then two spells were quickly thrown out!

“David, step on...”

Hu Mazi shouted, and the two spells floated on the water like wooden boats before reaching David.

Seeing this, David immediately put his feet on the spell, and with the help of the spell’s power, he quickly rushed towards the island.

With a place to borrow strength, David took a mouthful of spiritual power and kept rushing forward.

At this moment, in the boiling water, a black fish suddenly jumped out. These fish were like flying fish, and they rose directly into the air, and then spit out water arrows from their mouths.

David's face became extremely dignified, his body flashed with golden light, and his golden body was activated. He planned to ignore these flying fish and rushed directly to the island.

Dozens of water arrows hit David's body, and he had an indestructible golden body. David didn't care at all, and the strength of these water arrows was so small that it could be ignored!

David was a little puzzled. With such an attack, let alone some masters, even if it hits ordinary people, it shouldn't hurt, right?

But as soon as David's idea came to his mind, he immediately felt an indescribable tension all over his body.

Immediately after that, I heard the scorching heat of the iron plate, accompanied by a sizzling sound.

David looked down and found that he didn't know when, the indestructible golden body on his body was rapidly dissolving at this moment, and the scales fell off and disappeared.

Immediately after, David's skin splattered with blood, which surprised David.

"Be careful, those water arrows are super corrosive, stronger than concentrated sulfuric acid, but don't be touched..."

Flax roared from the shore.

David was speechless for a while now. He didn't say it for a long time. Now that his whole body is corroded, he said it.

However, David had no way out at this time, he could only snort lowly, the spiritual power of the whole body exploded, and the power of the dragon condensed into a golden dragon, followed by a dragon roar!

David's eyes were cold, no matter how powerful these flying fish were, they couldn't stop him from going to the island!

"go to h3ll..."

David pushed with both palms, and light blue flames roared out.

This is the spirit fire, the spirit fire used by David for alchemy. At this moment, he wants to burn all these flying fish to death.

And the condensed golden dragon also rose into the sky, spewing flames from its mouth, and began to attack those flying fish!

Under the double attack of David and Jinlong, Feiyu's body burned with flames, and finally fell into the water again!

David took this and jumped directly onto the island.

At this moment, David is like a beggar, his clothes are corroded and tattered, and there are still many places where blood is flowing.

Fortunately, it was all skin trauma, and it was not a serious problem!

Chapter 1369

David went up to the island and looked at the green Yezhi excitedly!

David walked over cautiously, for fear that there were other hidden weapons or something.

As he got closer and closer to Qingyezhi, the pure aura became more intense. At this time, David felt as if he was in a hot spring, not to mention how comfortable he was.

Just when David stretched out his hand to pick the green Yezhi, he heard Hu Mazi roar: “Don’t move...”

David was stunned and looked at Hu Mazi puzzled.

And Hu Mazi jumped up and stepped on the water with his toes, and then came to the island.

“Can’t move, this green Yezhi will wither immediately after leaving the spiritual soil.”

Hu Mazi said to David.

“Then what?”

David asked in surprise.

If you can’t take it away, what’s the use?

“We can practice again and absorb the aura of this Green Yezhi and the spiritual soil until the aura is completely absorbed...”

Hu Mazi said to David.

“What? Are we practicing on the spot here?”

David frowned.

“Yes, that’s the only way, this Green Yezhi must never leave here.”

Hu Mazi nodded.

“How long will it take?” David frowned. He still has a lot of things to do. If he practices here for a long time, what about Sonya? What about your own mother?

“I don’t know either, but I look at the size of this Green Yezhi. If we both practice at the same time, it will take a month or a half year, and we will definitely be able to absorb clean spiritual energy.”

Hu Mazi said.

David hesitated for a moment, and finally nodded: “Okay, we’ll practice here!”

David originally used the Red Lotus Palace for cultivation, but he couldn’t stay for too long.

He will stay for a month at most, and he will leave regardless of whether the aura in Green Yezhi can be absorbed or not.

Soon, David sat cross-legged with Hu Mazi, turned the exercises far away, and began to practice.

...

Kyoto Budo Alliance!

Zhu Zhishan's nose is crooked at the moment.

He was extremely angry, and the news that David was still alive had reached Kyoto.

Zhu Zhishan suddenly became a laughing stock in the martial arts world!

At first, it was Ning Dahai who lied about killing David, and now it is Zhu Zhishan!

And Zhu Zhishan, the leader of the Martial Arts Alliance, even did such a lie.

"Impossible, absolutely impossible, I killed that David with my own hands, he is already dead, how could he still be alive..."

Zhu Zhishan roared angrily and threw the things on the table angrily.

“Leader, there are indeed rumors on the martial arts forum that David is not dead, and this news was released by the Zhou family in Wancheng, Southwest China.”

An elder said to Zhu Zhishan.

“Southwest Wancheng? Then what is David doing there?”

Zhu Zhishan frowned slightly.

The elder didn't speak, just shook his head, how could he know where David was and what he was doing.

After a moment of contemplation, Zhu Zhishan waved his hand and said, “You can contact me immediately with the Zhou family in Wancheng. I want to ask myself, is David an immortal and can he be resurrected from the dead?”

The elder quickly contacted the Zhou family in Wancheng, and Zhu Zhishan personally followed Zhou Tianyin to talk!

After being confirmed by Zhou Tianyin, Zhu Zhishan had to admit that he was planted in David's hands.

As the leader of the Kyoto Martial Arts Alliance, to do such a thing, now the whole martial arts world is ridiculed.

“Then why is David not dead? I have already killed him!”

Zhu Zhishan couldn't understand for a while, he had obviously killed David, and David's entire chest was directly punched through.

If this is not the case, unless that David is not a human being, but an immortal...

Chapter 1370

Inside the real tomb!

Three days passed, and Hu Mazi looked at David helplessly. He found that he was with David and could not cultivate at all.

David was like a powerful water absorbing machine, absorbing all the spiritual energy into his body.

It has only been three days, and Yezhi Qing has withered, and even the spiritual soil on the ground has turned dark brown, without a trace of spiritual energy!

Hu Mazi originally thought it would take at least a month, but now it's only three days, all the spiritual energy in Yezhi and the spiritual soil has been absorbed by David!

At this time, Hu Mazi also knew why David had such strength at such a young age.

David's exercises are too perverted.

At this time, David also slowly opened his eyes, looked at the withered Yezhi, and let out a long breath.

A green Yezhi plant and spiritual soil actually raised David's Wuhou realm by a level, and now David is a second-rank Wuhou.

"Master Hu, how long has it been since then?"

David saw that Hu Mazi was staring at him closely, so he asked.

"Three days..."

Hu Mazi said angrily.

"Three days?" David did not expect that Qing Yezhi's spiritual energy would be gone so quickly: "Can't you cultivate for at least a month?"

"If you are an ordinary immortal cultivator, you can do it for a month, but what kind of exercises have you practiced? It's too perverted, isn't it?"

"Just like a water pump, all the spiritual energy is sucked into your body, and I didn't catch anything at all..."

Hu Mazi shouted at David loudly.

When David heard this, he immediately seemed very embarrassed.

“I’m sorry, I didn’t think about it so much. After I go out, I will compensate you for some herbs, which can be regarded as compensation...”

David smiled awkwardly.

“You don’t have to wait to go out, I’m going to meet the baby later, I want to share a little more...”

Hu Mazi said.

“And baby?”

David was shocked: “Isn’t this Qing Yezhi not a treasure? Isn’t this a fake tomb? How can there be a treasure?”

David thought that this green Yeats was a treasure, and there was nothing else in this mausoleum.

“Even if it’s a fake tomb, it’s impossible to have only this little Green Yezhi, otherwise you’ll look down on the real person too much!”

After Hu Mazi finished speaking, he jumped up and walked towards the shore.

David followed closely and was very excited.

Unexpectedly, there are still treasures in this fake tomb.

“These seven stars swallow the sun, and the rest of the seven stars are not worth it. The most important thing, without a doubt, is the last “swallowing the sun”.

“This mausoleum is not a real mausoleum, but one of the seven false tombs.”

“But the treasures in it are not something that one Green Yezhi can pass away. In the final pattern, there will be big treasures!”

Hu Mazi followed David to explain.

A spirit grass like Green Yezhi is nothing in this fake tomb. If you find the real tomb, wouldn't the treasures in it be even more heaven-defying?

When David thought of this, he couldn't be more excited. If there was a chance, he must find this real tomb.

But to find the real tomb, I am afraid it will be even more difficult.

But even if this is a fake mausoleum, the pattern of swallowing the sun at the end is what David is looking forward to.

Hu Mazi took David to walk in the tomb. The tomb was huge, and even the well-informed Hu Mazi was shocked.

Hu Mazi has robbed countless tombs, and he has never seen such a large tomb.

All the way, Hu Mazi ignored other places, didn't even look at it, as if he had a clear purpose, and went straight to the next place, which made David a little puzzled.

Does this flax know where the final Japanese swallowing pattern is?
