

## **A Man Like None Other Chapter 1431 – 1440**

### **Chapter 1431**

Because he found out that this girl looks exactly the same as Xiao Ru, it can't be called the same, it should be Xiao Ru!

“Xiaoru, Xiaoru...”

David rushed up like a madman, and Xiaoru was frozen because of saving her.

David has been blaming himself, he wants to rescue Xiaoru!

But I didn't want to see Xiaoru appear from here.

It's just that no matter how David shouted, Xiao Ru didn't respond, and no one could see him!

But soon, Xiaoru suddenly looked around, as if she heard David's call!

David looked excited and shouted desperately again.

But when David just shouted, he heard a deafening sound from outside, and then the whole palace began to shake.

Everyone's expressions tightened, and then they drew out their weapons, even Xiaoru drew out her weapons, looking at death as if at home.

These people seem to know what's going to happen!

On the pillars on both sides of the palace, two dragons hovered. Under the violent shaking, the two dragons actually came to life and began to hover in mid-air.

David's eyes widened, looking at the two dragons circling.

"This... is this the Ice Dragon and the Flame Dragon?"

David recognized these two giant dragons at a glance!

rumbling...

Suddenly there was a huge roar, and the palace shook even more!

Everyone rushed out of the palace, and David's body actually floated directly into the air.

Now, he entered and watched the war that was about to take place from the perspective of a God!

I saw waves of dozens of meters high on the sea around the island, and in the battle of these waves, the dense black shadows turned out to be all kinds of monsters, each with its teeth and claws.

And among these monsters, there was a man sitting on the body of a serpent, with a crown on his head, but this man's lower body was actually the body of a fish!

David recognized it at a glance, this is the sculpture he saw, and the sculpture on the throne is this guy!

Soon the war broke out. This kind of battle, David had never seen before!

Everyone here, every monster, seems to have the ability to reach the sky.

And now this genius, who is praised by the world, in the realm of Nascent Soul, is obviously not worth mentioning in such a battle.

Whether it is Marquis Wu or Marquis Dawu, I am afraid that they are not even qualified to enter the battlefield!

David did not expect that the so-called masters in the martial arts world today were thousands of years ago.

I don't know how long the battle went on, but in the end, David only saw the corpses!

And among the piles of golden armored corpses, a white armor was so striking!

"Xiaoru, Xiaoru..."

David wanted to rush over and shouted desperately.

However, he found himself in mid-air, and there was no way to approach the palace below. The entire palace seemed to be enveloped by an invisible force!

Countless corpses, the corpses of countless monsters, and the mermaid wearing the crown also seemed to be seriously injured and slowly walked into the palace!

He tried his best to sit on the throne, but the moment he touched the throne, his body was instantly petrified.

The small island began to crack from the middle, and the whole city of bliss sank into the seabed instantly, but the small island closed again, pressing the city of bliss under the island!

Ice Dragon and Yanlong also dragged their injured bodies, and after a long cry, they fell to the island!

After the ice dragon's body fell, it turned into countless frosts, and the dragon crystal in the body fell into the deep pool.

The place where the flame dragon fell began to become unbearably hot, and soon the island became half cold and half hot.

This is how Dragon Lock Island was born. . . . .

## **Chapter 1432**

“what...”

David, who was cultivating, suddenly shouted fiercely, and then suddenly opened his eyes!

At this moment, David was already soaking wet, panting heavily.

Most of the beast pills in the palace have been absorbed by David, but the increase in David's strength is not very obvious.

The spiritual energy David needs to cultivate now has reached a perverted level!

Even if there are tens of thousands of beast pills here, the aura that can be gathered together will hardly increase David's strength.

"Is it just a dream?"

David wiped the sweat from his forehead and stared at the mermaid statue on the throne.

After breathing for a while, David's whole body began to emit golden light, and he used his golden body to protect his body. David felt that this place was too dangerous.

Then David walked to the door of the palace, took a few deep breaths, and then pushed the door slowly and hard!

The door slowly opened, and the scene outside was exactly what David thought!

There are armors everywhere, and incomplete weapons, and the beast pills that cover the entire ground indicate how many monsters have died here.

"Isn't that a dream? Is it real?"

"This is Bliss City?"

David was very shocked!

Soon, David's eyes were attracted by a pair of white armor.

"Xiaoru..."

Seeing the white armor, David's eyes lit up!

Although after thousands of years of baptism, all other armors and weapons have been damaged, but this white armor is shining like new!

David looked at the white armor, his whole body trembled slightly, then he slowly crouched down and gently picked up the armor. There was already nothing in the armor, not even bones.

It seems that thousands of years have passed, and even human bones no longer exist. If it weren't for these messy weapons and armors, as well as the beast pills in one place, David would not have imagined how tragic things happened here.

Just when David was holding the white armor in his hand and was a little overwhelmed, suddenly the white armor flashed a white light, and then flew directly out of David's hand.

Seeing this scene, David was stunned for a moment. This white armor, as if using a soul, actually started to move on its own!

If it is a spirit soldier, if it can have its own artifact spirit and its own consciousness, David can still accept it!

But how could such a suit of armor suddenly be able to move on its own?

The armor quickly moved towards the outside of the palace, David didn't have time to think, and hurriedly followed.

That armor seems to be looking for something!

After leaving the palace, the entire Bliss City still retains its original appearance, exactly the same as what David saw in his dream!

It's just that in this ancient city of bliss, there is no more human breath, and there is lifelessness everywhere.

Although full of spiritual energy, it still gives people a gloomy feeling!

The white armor shuttled through the street, David quickened his pace and followed closely.

"Where are you going?"

David muttered softly.

But soon, on this deserted and gloomy street, there was a person standing in the middle, motionless!

When David saw someone, he was stunned for a moment, but soon, the whole person was very shocked!

I saw that the white armor flew directly to the man, and wore it directly.

David hurried over, and the person who caught his eye was actually Xiao Ru!

At this time, Xiaoru was still covered in frost, but she still maintained her original appearance!

“Xiaoru, Xiaoru...”

When David saw that it turned out to be Xiao Ru, he immediately shouted excitedly.

It’s no wonder that Xiaoru can’t be found on Suolong Island. I don’t know when, but she arrived at this place.

### **Chapter 1433**

And this white armor actually flew over by itself and put it on Xiaoru’s body.

David thought of the girl in white armor that he saw in his dream, who looked exactly like Xiao Ru!

Could it be that Xiaoru is the reincarnation of the girl in white armor?

David couldn’t believe it, the girl in white armor was still alive, and she was Xiaoru.

In that dream, David watched the girl in white armor fall.

No matter what Xiao Ru is, now David has to find a way to save Xiao Ru!

Fortunately, Xiaoru was frozen in an instant, so her body was fine, as long as she could force the frozen air out of Xiaoru’s body.

When David’s hands just touched Xiaoru, a biting chill instantly made David release his hands.

That kind of cold air can instantly pierce the skin and reach the internal organs, making people simply unbearable.

David took a deep breath, activated the spiritual power in his body, and a blue flame jumped on the palm of his hand!

Then he slowly approached Xiaoru's body, and then his hands gently touched Xiaoru!

The biting cold was coming again, but David tried his best to block it with spiritual power, and continued to send spiritual power to Xiaoru's body.

David leaned on the spiritual fire in his palm, so that the cold air did not freeze his hands.

But after just a few minutes, David's whole body began to tremble. The huge consumption of spiritual power made him a little unable to support. The spiritual fire in his hands began to weaken, and his hands were covered with white frost, and there was a prelude to freezing. !

Seeing this, David had no choice but to let go. Looking at Xiaoru in front of him, David couldn't do anything, which made him feel very guilty.

"Xiaoru, don't worry, this time I will save you no matter what..."

David gritted his teeth and looked around, the ground was full of beast pills, and there would be no lack of spiritual energy here.

David intends to practice here temporarily to improve the spiritual power in his body until he rescues Xiaoru!

Besides, David was still kicking Duda's Nascent Soul in his pocket. If there was no other way, David could also refine Nascent Soul.

David sat cross-legged, and exerted the Concentration Technique to the extreme. The huge vortex began to frantically absorb the spiritual energy emanating from those beast pills.

David's body shone with dazzling golden light...

.....

Lock Dragon Island!

The sea water on the coast has turned blood red, and the bodies of dozens of monsters are floating on the sea. After a day and night of fighting, many people have obtained the beast pill!

However, some people died for this, and there were more than a dozen corpses placed not far away, but no one paid attention to these dead people.

Trials are inherently dangerous, so it is normal to die in the trial grounds.

But no one found out that many of these dead people were withered bodies and old faces, as if they had been sucked by something!

Not far away, Long Xiao's body was shrouded in black robes, sitting cross-legged on the ground with a faint smile on his lips.

This time trial, let him taste the sweetness.

“If you have several opportunities like this, I can help you reach the peak of Marquis Wu in a short period of time, and even break through to Marquis Great Marquis without any effort...”

In Long Xiao’s mind, the old voice said.

“Senior, when will I be able to reach the realm of Martial Saint?”

Long Xiao asked excitedly.

“Martial Saint?” The old voice paused: “The current Martial Saint is probably already a legend...”

After Long Xiao heard this, he remained silent!

Indeed, the current Martial Saint Realm is now the existence of legends. Although Martial Dao is endless, what he can see and hear is only the Martial Saint Realm!

## **Chapter 1434**

Long Xiao doesn’t know what is above the Martial Saint, but what he can know is that the soul in his body must know many secrets of the martial arts world!

“Senior, if I reach the realm of Martial Saint, is it an invincible existence? Will I be able to reshape your body and resurrect you again without being attached to my body?”

Long Xiao wanted to know when this soul could leave his body!

When his strength is strong enough, he doesn't want to be controlled by others.

"Hahaha, what you know is just sitting in the well and watching the sky. Wu Sheng is a legend in this era, but a thousand years ago, it was not worth mentioning, because above Wu Sheng, there is a higher realm..."

"I've told you too much now, and it's useless. You just need to digest these strengths you've sucked and reach the peak of Marquis as soon as possible."

"The previous era may never return..."

The old voice became weaker and weaker, and the tone became more and more sad.

He seemed to recall something he didn't want to recall.

At this moment, Zhu Zhishan, who has been standing by the coast, frowned tightly together!

His eyes never left the water for a moment, and he always hoped to see David's body!

But after so long, if David really died, the body would definitely float up.

"I wish the leader, are you still worried that David is alive?"

At this time, Long Xiao came over and asked Zhu Zhishan.

Zhu Zhishan nodded: "I can't see David's body, I always feel uneasy!"

“Don’t worry, then David will definitely not survive, maybe his body was swallowed by the monster, I think we should not waste time here...”

Long Xiao said to Zhu Zhishan.

Zhu Zhishan turned his head to look at Long Xiao: “You just sucked the strength of so many people, and you can’t stand it anymore so soon?”

Long Xiao was stunned for a moment, but then smiled and said, “They are all members of small sects, and no one will be held accountable if they die. I am one of the sects in the Martial Arts Alliance, but I haven’t moved...”

Long Xiao really didn’t dare to do anything to the people of the big sects, otherwise it would be difficult to explain. Although the trial will not avoid death, but the people who really want to die are the powerful people from the big sects, they don’t care about the rules!

“You’d better restrain yourself, not everyone is a fool, I’m afraid someone has already been eyeing you...”

Zhu Zhishan warned Long Xiao.

“Don’t worry, the leader, I know what to do!”

Long Xiao smiled lightly.

Zhu Zhishan didn’t say anything, but after glancing at the sea again, he turned and left.

Long Xiao called everyone together and prepared to start heading towards the hinterland of Suolong Island, because the real trial ground was in the hinterland of Suolong Island!

On the way, many people who slaughtered monsters and obtained beast pills were talking excitedly.

Those who have not obtained the beast pill are also looking forward to what treasures are there in this trial ground!

Only Dong Jiahao himself, his eyes were slightly condensed, followed by a murderous man, he didn't want to get any treasure, he stared at Long Xiao's back!

Although his own strength is not as good as that of Long Xiao, he has to endure the humiliation and bear the burden, look for opportunities in the trial, kill Long Xiao and avenge David.

"You can't kill that Long Xiao, if you kill him, you will be the first to die..."

Just when Dong Jiahao was staring at Long Xiao's back, Ge Jiayi suddenly walked up to Dong Jiahao and said.

Dong Jiahao was stunned for a moment, and then said: "When the trial is on, I can take advantage of his unpreparedness. Brother David can't die in vain..."

Ge Jiayi smiled lightly: "Even if he falls asleep, you can't kill him, not to mention you, even me, can't kill this Long Xiao now..."

## **Chapter 1435**

Dong Jiahao looked at Ge Jiayi and didn't understand why she said that. You must know that Ge Jiayi's current strength is unfathomable!

Seeing that Dong Jiahao couldn't understand what she was saying, Ge Jiayi stopped talking, took a few steps forward, and distanced herself from Dong Jiahao.

“Miss Ge...”

Dong Jiahao chased after him, no matter what Ge Jiayi meant, but it was always good to remind himself aloud, so Dong Jiahao also wanted to get closer to Ge Jiayi, so that he could take care of him during the trial!

Besides, Ge Jiayi is still a goddess-level figure in Dong Jiahao’s heart. It is always good to be able to follow her goddess in a little bit.

“Are you alright?”

Ge Jiayi turned to look at Dong Jiahao and asked.

“Miss Ge, thank you for your concern just now, but as long as there is a chance, I will still kill that Long Xiao...”

Dong Jiahao said to Ge Jiayi with a look of gratitude.

“You don’t need to thank me, I don’t care about you, I just don’t want that Long Xiao’s strength to grow too fast...”

“If you insist on killing Long Xiao, I don’t care. I think Long Xiao will eat the meat delivered to you!”

After Ge Jiayi finished speaking, she ignored Dong Jiahao!

Dong Jiahao was confused, he really didn't understand, what does it have to do with the growth of Long Xiao's strength if he killed that Long Xiao himself?

In fact, Ge Jiayi has long discovered that Long Xiao sucks the strength of others.

It's just that she didn't tell the others, because the people who Long Xiao started were only people from small sects and noble families. For them, they were all people at the bottom.

Long Xiao didn't kill Dong Jiahao, he was just jealous of the Dong family. After all, the Dong family was considered a wealthy family in the martial arts world of Kyoto!

But if Dong Jiahao really wanted to kill Long Xiao, Ge Jiayi knew that Long Xiao would never show mercy.

When Long Xiao takes advantage of Dong Jiahao's strength, his own strength will definitely grow rapidly.

These are things Dong Jiahao doesn't know.

However, Dong Jiahao's heart to kill Long Xiao has not changed, he must avenge David.

The group of them walked for more than an hour before they arrived at the foot of a mountain.

The mountain is not high, but it exudes majesty!

And the place where they will try this time is a cave here!

The entrance of the cave is not very big, but the wind blowing from the entrance has a biting chill!

“Long Xiao, what exactly is this place? Have your Long family investigated it? Don’t be a broken cave, wasting our time...”

Someone glanced at the cave and then questioned Long Xiao.

“The place where this cave leads is an ancient ruin, and there are treasures everywhere in the ancient ruins, but whether you can get the treasure depends on your luck.”

Long Xiao said to the crowd.

“Since you know that there are treasures in it, why didn’t your Long family get the treasures in advance? But they proposed this trial to make it cheaper for us?”

Others began to question.

If there are rare treasures, why didn’t the Long family get the treasures themselves?

“To be honest, this cave is intricate and dangerous, and it will be difficult to find the ruins in the end!”

“If someone doesn’t believe it, they can opt out, and I will never stop it.”

“If you believe in my Long Family, you can go in with me...”

After Long Xiao finished speaking, he walked in first.

Then Zhu Zhishan brought Xu Song and the others in, followed by Ge Jiayi and Dong Jiahao.

Seeing this, everyone began to slowly follow.

Everyone raised their mental power to the highest level and was very cautious.

Long Xiao was in front of him, even more so, he pushed his strength to wrap his body tightly to prevent accidents from happening.

### **Chapter 1436**

In the City of Bliss, David is constantly sending spiritual power into Xiaoru's body!

The spirit fire in the palm is constantly jumping.

"Xiaoru, wake up, wake up..."

David cried anxiously in his heart.

This was the fourth time that she had sent spiritual power to Xiaoru's body to make the ice on Xiaoru's body fuse.

Every time David will use up the spiritual power in his dantian before he is willing to give up!

It's been four times, but Xiaoru still hasn't moved in the slightest, and the spiritual power delivered by David seems to sink into the sea.

This time, the spiritual power in David's body was exhausted again, but Xiaoru still did not change.

David let out a long sigh, the beast pills on the ground had been consumed by David by nearly half, but Xiao Ru could not be rescued!

Helpless, David prepared to practice again, and after the spiritual power in his dantian recovered, he continued to save Xiaoru.

But just as David was about to sit cross-legged, a white light suddenly flashed across his chest.

Then Long Jing in David's body seemed to react and started to jump.

David was stunned for a moment, and then there was a sharp pain in his chest, and then Long Jing actually broke out from David's body!

The dazzling dragon crystal, like the sun, emits a scorching light!

Under this light, David didn't dare to open his eyes, and his body was also stung by this hot light!

Slowly, Long Jing actually flew above Xiao Ru's head, and then the light wrapped Xiao Ru.

"This is???"

David was startled and stared at Xiao Ru.

I saw that the frost on Xiaoru's body began to slowly fade under this hot light, and Xiaoru's skin also slowly turned from pale to rosy!

David was overjoyed in his heart. He didn't expect that he had spent so much time trying to save Xiao Ru.

And as soon as this dragon crystal appeared, the frost on Xiao Ru's body disappeared immediately.

Could it be that this ice dragon's ice seal can only be unraveled by Yanlong?

At this moment, David seems to have understood that this dragon crystal is a combination of ice dragon and flame dragon dragon crystal.

This scorching light should be emitted by the Yanlong Dragon Crystal.

Just when David was thinking, the frost on Xiao Ru's body completely disappeared, and Xiao Ru's tightly closed eyes moved slightly at this moment, and then slowly opened!

"Xiaoru..."

When David saw Xiaoru open his eyes, he rushed up excitedly.

"Brother David?"

When Xiaoru saw David, her face was blank.

Xiaoru didn't remember what happened after being frozen. She only remembered that they were on Dragon Lock Island and took the ice dragon crystal.

"Great, great, you finally woke up..."

David looked at Xiao Ru with tears in his eyes.

Seeing David crying, Xiaoru was a little overwhelmed: "Brother David, what's wrong with you? Where are we?"

Xiaoru looked around blankly.

"We are on Dragon Lock Island, and you are frozen by that ice dragon..."

David explained excitedly.

Xiaoru remembered what happened, and hurriedly asked, "Brother David, have you got the Ice Dragon Dragon Crystal? Where's the Ice Dragon?"

"I got it, I got it..."

David nodded desperately, then stretched out his hand and slowly grabbed the dragon crystal on top of Xiaoru's head in his hand.

"Look, this is Longjing, this is not only the Dragonjing of Ice Dragon, but also the Dragonjing of Yanlong..."

David handed Long Jing to Xiao Ru.

Seeing the crystal clear Longjing in front of her, Xiaoru also had a smile on her face. Since David got Longjing, her efforts were not in vain.

But Xiaoru didn't understand why David still had Yanlong Longjing, so he asked, "Brother David, what happened? Why do you still have Yanlong Longjing?"

David swallowed Long Jing into his body, and then slowly followed Xiao Ru about what happened.

Only at this time did Xiaoru realize that she had been frozen for several months, and that so many things had happened in these months.

### **Chapter 1437**

"Brother David, what's the matter with this armor on me?"

Xiaoru looked at the well-dressed armor with confusion on her face, because she remembered that she had never worn such a thing at all.

David hesitated for a while, because he didn't know how to explain it to Xiao Ru, even if he told the truth, he was afraid that Xiao Ru would not believe it.

But just when David was hesitating how to explain, the white armor began to flash, and then Xiao Ru's face showed a painful expression.

"Brother David, I'm so uncomfortable..."

Xiaoru suddenly screamed.

"Xiaoru..."

David was shocked, and immediately knew that this armor was the fault, and immediately wanted to take the armor off Xiaoru's body.

Unfortunately, no matter how hard David tried, he couldn't take off the armor from Xiaoru's body. These armors seemed to grow on Xiaoru's body.

Soon, the armor began to infiltrate into Xiaoru's body, and in the end it slowly disappeared.

Xiaoru clasped her head tightly with both hands, her expression became very hideous and painful: "No, no... I'm going to kill you..."

Xiaoru roared loudly as if she had suddenly gone mad.

David stepped forward and tried to control Xiaoru, but she was thrown away by Xiaoru gently.

David was shocked. Although his spiritual power is now depleted, it is still easy to control Xiaoru.

He is the strength of Marquis Wu now, and Xiaoru is not the highest realm of Wuzong, how could he have such a great strength?

Looking at Xiao Ru in pain, David seemed a little helpless.

But soon, Xiao Ru's screams stopped slowly, and her expression was no longer so painful.

"Xiaoru, are you alright?"

David stepped forward and asked hurriedly.

Xiaoru gasped softly, her forehead was covered in cold sweat, and she shook her head slightly: "Brother David, just now, I really wanted to see a lot of blood, many people were fighting with monsters, and I also saw a mermaid... .."

David listened to Xiaoru's story, and even followed what he saw exactly the same, it seemed that what he saw really happened here.

"This place is too weird, let's get out of here as soon as possible..."

David was always a little uneasy in his heart and wanted to leave with Xiaoru.

But just as David and Xiao Ru were about to leave, he suddenly felt a huge aura coming towards him.

"somebody is coming..."

David frowned, and instantly guessed that these people should be Zhu Zhishan and the others.

Now that the spiritual power in David's body has long been depleted, if he really encounters people like Zhu Zhishan, then he will not have the power to fight back.

"Brother David, who are you? Why are you so nervous?"

Seeing David's nervous look, Xiaoru couldn't help but ask.

“Don’t ask, I feel like hiding from me...”

David took Xiao Ru and quickly entered the palace.

After closing the gate of the palace heavily, David began to quickly replenish his spiritual power!

Just after David and Xiaoru entered the palace, outside the gate of Bliss City, Zhu Zhishan and the others had already arrived.

Looking up at the majestic city gate, everyone was stunned, even Long Xiao’s eyes widened.

“It’s incredible. I didn’t expect that there is a city under this Dragon Lock Island.”

“Look at this city gate building, I’m afraid it has thousands of years?”

Everyone was amazed.

And Zhu Zhishan looked up at the word Bliss City on the city gate, frowning slightly, as if thinking about the information of this city in his mind!

It’s just that no matter what Zhu Zhishan thinks, he can’t think of any information related to Bliss City!

Even in the records of the Martial Arts Alliance, this city was never mentioned.

**Chapter 1438**

“Everyone must be careful, no one knows what will happen after entering!”

Zhu Zhishan reminded everyone.

No one dared to speak, and all silently raised their energy to the extreme. The moment they entered the cave, they encountered a lot of trouble.

Among them, more than a dozen people died, and then they came here, and what will be in this city, no one knows, so they can only be careful!

Zhu Zhishan waved his hand and asked Xu Song to step forward and push open the city gate with all his might!

With Zhu Zhishan in front, he cautiously walked into the city, Long Xiao followed closely behind.

“I didn’t expect that the city of bliss that suddenly disappeared would appear on the bottom of the sea...”

At this moment, the old voice sounded in Long Xiao’s mind.

“Senior, do you know this City of Bliss?”

Long Xiao hurriedly asked.

“I’ve heard of it, but in my era, this Bliss City has disappeared inexplicably.”

“I heard that in this City of Bliss, there are all masters. Even one who looks at the city gate will be a top master in today’s society.”

“And the city owner of Bliss City is even more unfathomable, and he has a very powerful and beautiful daughter.”

“It’s just that the city of bliss disappeared overnight, and no one has seen it again, and no one from the city of bliss has ever appeared!”

“But I don’t want this city of bliss to sink to the bottom of the sea, I just don’t understand where the people in bliss city have gone!”

The old voice also said suspiciously.

Long Xiao did not speak, but fell into a deep shock.

A person who watches the city gate will be a top expert in today’s society. How terrifying are the people of that era?

Just when Long Xiao was still in shock, everyone behind him exclaimed in surprise!

“Beast Pill, a lot of Beast Pill...”

I saw Beast Pills everywhere in Bliss City.

After thousands of years, these beast pills have weakened their spiritual energy and efficacy, but for these people, it is enough!

Long Xiao reacted, looking at the beast pills all over the ground, his mouth opened in shock!

Zhu Zhishan was also stunned, even though he was the leader of the Martial Dao Alliance, he had led people to participate in a lot of trials, but the resources of those trial places, compared to this place, were nothing but bullshit!

“Get rich, get rich...”

Someone has already rushed up excitedly, and began to pick up the beast pill desperately.

When one person moved, the others swarmed up, desperately moving towards the beast pills in their pockets, and some even took off their clothes and wrapped the beast pills.

Looking at the crazy crowd, Long Xiao couldn't help it. He wanted to rush forward to pick up the beast pill, but was stopped by Zhu Zhishan.

“Young Master Long, there are countless beast pills here, are you afraid that there will be no one without you? Besides, the lives of these people are in our hands, no matter how much they pick up, they will still work for us...”

Saying that, Zhu Zhishan looked at the palace not far away: “The real treasure may be right in front...”

Only then did Long Xiao discover the magnificent palace in front of him, and his heart was full of excitement.

“Then let's go...”

Long Xiao couldn't bear it any longer, he could conclude that there must be treasures more cherished in the palace.

Zhu Zhishan nodded and then started walking towards the palace.

This time Zhu Zhishan didn't take the lead, but let Xu Song lead the other three to open the way, and he and Long Xiao followed behind.

Everyone else picked up the beast pills frantically, but two people did not pick up the beast pills, but followed Zhu Zhishan and the others.

These two people are Ge Jiayi and Dong Jiahao!

Ge Jiayi also guessed that there should be better treasures in the palace, so she followed.

And Dong Jiahao was just looking for an opportunity to kill Long Xiao.

### **Chapter 1439**

A group of people passed through the city, looking at the beast pills all over the ground, as well as some broken armors and weapons, everyone felt a chill in their hearts!

And it feels gloomy, although there is no corpse to be seen here, but they can also feel that there must be a brutal killing here!

"I understand, this City of Bliss was probably destroyed by monsters, no wonder there are so many beast pills here..."

The old voice in Long Xiao's mind sounded again.

"Monster beast?" Long Xiao secretly stunned, such an awesome city of Bliss, don't even destroy the monster.

Are all the monsters of that era so powerful?

Long Xiao bent down, picked up a damaged helmet, and then suddenly tried hard.

However, what surprised Long Xiao was that this helmet had been used for thousands of years. Not only was it not rotten, but it was also so hard that Long Xiao, the Marquis of Martial strength, was not able to crush the helmet!

“It’s incredible...”

Long Xiao said in shock.

Ge Jiayi, who was following behind, was also shocked when she saw this scene, so she bent down and picked up a broken sword!

This sword has also been through thousands of years, but there is no sign of rust.

Ge Jiayi smashed it hard, but the half of the sword body did not move at all!

Ge Jiayi was shocked in her heart, even the weapons and armors she used were so hard. It can be seen that these people who use them have reached a terrifying realm.

And what is the realm of those who can break these weapons and armors?

Thinking of this, Ge Jiayi's back felt a chill, she didn't know what she would encounter in a while.

These proud Marquis may be here, and they don't even have a chance to escape!

Soon, several people came to the gate of the palace, staring at the closed palace gate, but they didn't dare to push forward for a while!

At this moment, David in the palace became anxious. He could feel that Zhu Zhishan and the others had already arrived at the door.

"Xiaoru, if there is a fight in a while, you can find an opportunity to escape, don't stay here..."

David warned Xiaoru.

"Brother David, are these people outside here to kill you?" Xiaoru asked in confusion.

David nodded: "Yes, these people outside are the people of the Kyoto Martial Arts Alliance!"

When Xiaoru heard this, she immediately said with an angry face, "It's Sister Sonya who was captured by these people, right?"

David nodded again, he just told Xiaoru about Sonya's arrest.

"I'm not leaving, I want to kill these guys with you and avenge Sister Sonya..."

Xiaoru's eyes were full of anger, and there was a faint white glow from her body!

At this moment, David actually felt a chill, constantly approaching his body, so that David had to follow Xiaoru to a certain distance!

It seems that Xiaoru's body of ice crystals has become more pure after being frozen for this period of time.

"Let's hide first and see the situation later..."

David pulled Xiao Ru and hid behind the throne, and at this moment, the gate of the palace was pushed open.

Pushing open the gate of the palace, there are also beast pills in front of people, but these beast pills obviously feel like they have just been taken out from the body of monsters. They are very fresh and don't have that dusty atmosphere!

But no one cared about the beast pill, but looked around, wanting to see if there were other treasures!

The first time Long Xiao entered the door, he was attracted by the throne in the palace, and his body involuntarily walked towards the throne.

"Hahaha, this is a treasure, this is a rare treasure..."

Long Xiao laughed loudly, but when he listened to the voice, he found that Long Xiao's voice was very strange, with a bit of old age.

"Long Xiao, don't move..."

Zhu Zhishan hurriedly shouted when he saw that Long Xiao was actually heading towards the throne.

He knows that there are many hidden weapons in this ancient ruins, and you can't tamper with the things inside, you have to be cautious.

### **Chapter 1440**

As if Long Xiao didn't hear it, he still rushed towards the throne.

There is excitement in the eyes!

boom...

But just when Long Xiao reached the front of the throne and was about to reach out to grab it, he was directly repelled by a flash of white light!

Long Xiao's body fell heavily to the ground, and his face turned pale for a while!

It seems that the force of the shock just now made him injured!

"good chance..."

Dong Jiahao, who has been following Long Xiao for a long time, has a gleam in his eyes at this moment, knowing that the opportunity is coming.

I saw Dong Jiahao raised his palm, and a tyrannical aura rushed towards Long Xiao.

This palm contained all of Dong Jiahao's energy, but it still went towards Long Xiao's face, obviously killing him with one blow!

Long Xiao was startled, and hurriedly wanted to get up to fight, but unfortunately they were too close, Dong Jiahao was already in front of him.

Just when Long Xiao was about to be hit by Dong Jiahao's palm, Xu Song shot, only to see him jump up and slap at Dong Jiahao!

boom!

A huge sound echoed throughout the palace.

Dong Jiahao's body flew out involuntarily, and then fell on the wall, vomiting blood, and his whole arm was shaking.

At this moment, Long Xiao had also stood up, and when he saw Dong Jiahao attacking him, he was furious!

"Long Xiao, do you want to kill us all? You can't move the things here casually. If the mechanism is triggered, we will all die here!"

Zhu Zhishan reprimanded Long Xiao with dissatisfaction.

However, Long Xiao ignored Zhu Zhishan and looked at Dong Jiahao coldly.

"Dong Jiahao, your grandson dared to sneak attack from behind, I killed you today..."

The aura on Long Xiao's body skyrocketed, the black light all over his body suddenly appeared, and the anger on his body was burning!

Dong Jiahao knew that he only had a chance to kill with one blow. Since the chance was gone, he would definitely die here.

"Long Xiao, you are a scum in the martial arts world of Kyoto, thanks to the fact that your Long family is still a sect family, but you have become an evil cultivator..."

"There is also the Martial Arts Alliance, which is also a raccoon dog. You are also named Martial Artist, I bah..."

Dong Jiahao knew that he was dead, so he scolded him.

"you wanna die..."

Long Xiao's eyes narrowed slightly, then with a wave of his palm, a majestic breath moved towards Dong Jiahao.

Dong Jiahao didn't have time to react, and the whole person was pumped out again.

Dong Jiahao was in the end, his face was hideous, and he looked very painful. He wanted to get up, but found that he couldn't stand at all.

Although he couldn't get up, Dong Jiahao still cursed.

"Long Xiao, kill me if you can. You scumbags in the martial arts world will be punished sooner or later..."

Dong Jiahao gritted his teeth and scolded Long Xiao loudly.

At this moment, Long Xiao actually smiled slightly, and walked slowly to Dong Jiahao: "You are stubborn, I will not let you die happily, I will torture you to death slowly..."

After all, a cloud of black mist appeared on Long Xiao's palm, and then the cloud of black mist entered Dong Jiahao's body in an instant.

For a moment, Dong Jiahao was extremely itchy, and he felt thousands of ants crawling in the cracks of his bones!

"what..."

Dong Jiahao rolled around with a painful expression on his face!

Long Xiao admired it with a sneer, while Zhu Zhishan didn't even look at Dong Jiahao. Dong Jiahao's life and death had nothing to do with him. What he cared about was the treasures in this palace!

Especially the throne, the throne activated the formation in an instant and sent Long Xiao flying out. The power of the formation was so huge that Zhu Zhishan had never felt it before!

Zhu Zhishan stared at the throne and looked at it carefully. He hoped to find a place to break the formation, as well as the mermaid sculpture on the throne. When Zhu Zhishan's eyes followed the eyes of the mermaid sculpture, he always looked at each other. Feel the chill from the bottom of my heart!
