

## **A Man Like None Other Chapter 1511 – 1520**

### **Chapter 1511**

“Hahaha...”

Seeing David’s embarrassed appearance, the four black copper robes burst into laughter.

David seemed a little helpless at the moment, he could only look at the four people angrily. Facing this space magic weapon, David had nothing to do.

Because every sword beam technique can be swallowed by this magic weapon, David has no way to destroy this magic weapon.

As long as this space magic weapon is not destroyed, David will not even think about passing these four black copper robes!

But just when David was helpless, a familiar secret voice came into David’s ears again: “This space magic tool can swallow any spiritual power technique, but it can’t swallow the flesh and pure power, do you understand? ?”

David was stunned for a moment, and then his eyes flashed, he seemed to understand.

Although this space magic tool is powerful, it cannot devour the flesh, so it is not that it cannot transport people to another dimension. All it can swallow is the magic that relies on spiritual power. If it relies on the power of the flesh itself, that is to say, this There is no way to swallow the space instruments at all.

David looked at Ge Fuhai gratefully, and then put away the Dragon Slaying Sword in his hand instantly, and the power of the dragon also converged directly into the body!

He has to use the power of the flesh to smash this space magic weapon, and only then will he have the power to fight with these four black copper robes.

After David was promoted to the third realm of Nascent Soul, his physical body has also been greatly improved.

The current David, even without the blessing of an indestructible golden body, is extremely tyrannical in his physical body.

The four black copper robes saw that David actually put away the Dragon Slaying Sword, and even the breath on his body was restrained, all of them were slightly stunned, and their brows were slightly wrinkled.

“Could it be that the kid saw through the cracking method of this space magic weapon?”

A black copper robe whispered.

“Leave it alone, kill him, and don’t let him get close to the magic weapon!”

The other black copper robe finished speaking, and then punched David with a punch.

David has no undamaged golden body and body protection, and has restrained all his breath. Now he is an ordinary person. As soon as all these black copper robes are shot, they are full of confidence!

boom!

The black copper robe arrived in front of David at a very fast speed and smashed hard on David's body.

David flew out by himself and fell directly to the ground.

Slowly getting up, David looked at his body, his face became colder and colder.

And the black copper robe looked at David with a look of surprise. He didn't expect that David, with his physical body, would forcefully resist his own punch at this moment, and it would be fine!

It's just that David at this time did not pay attention to these four people, but kept looking at the space magic weapon in the air!

The four black copper robes also saw what David meant, so they shouted: "Boy, you have no chance..."

After finishing speaking, the four people activated the magic technique at the same time, and rays of light came towards David!

As black copper robes, everyone has a soul in their bodies, so the techniques they practice are countless!

The overwhelming spells smashed directly at David.

Each of them was like a thunderbolt, bombarding David's body.

David did not have an indestructible golden body to protect his body, so he could only rely on his physical body to resist.

David dodged while leaning on the space magic weapon to approach!

The dense techniques constantly bombarded David, making it very difficult for David to take every step forward.

David only felt as if his body was being roasted in flames!

One after another wounds appeared, and blood continued to spray out!

At this time, the people around the martial arts field were all stunned when they saw the scene in front of them.

They don't understand what kind of perseverance David is relying on to persevere!

Under this kind of attack, even the Iron Man will blow you into sgum!

While shocked, everyone had to admire David's physical strength!

"Damn, this guy's body is too perverted, if you don't kill him today, it will be a big problem in the future..."

Zhu Zhishan looked at David's perverted body, and was frightened in his heart.

## **Chapter 1512**

On the martial arts field, David was covered in scars and his face became more and more ugly!

As the four black copper robes continued to wave a technique, the scars on David's body became heavier and heavier!

However, in this case, David hadn't fallen, which made the four black copper robes feel very surprised!

"hateful..."

Looking at the space magic weapon in the air, David couldn't help but scolded.

"Boy, today you are sure to die, don't make senseless resistance, or you will die even worse..."

A black copper robe said coldly.

"fcuk your motherfcukers, you four beat each other, and you have a fcuking face, come on if you have the ability..."

David shouted angrily!

"Humph!"

With a cold snort, several people hit David with another technique, instantly hitting David, and knocking David out dozens of meters away!

David's body was already torn apart and his flesh was blurred, but David still stood up with difficulty.

"To oppose the Martial Arts Alliance, there is only one dead end..."

The four black copper robes slowly raised their palms, and black and golden rays of light continued to flicker.

These rays of light gathered together, and a huge force was rippling.

David frowned, he knew that this was the fatal blow of the four!

The power of terror is constantly rising, and it is heading towards David with the power of endless destruction.

The surrounding space began to distort, and the distorted space seemed to tear David apart!

As soon as David gritted his teeth, the power of the dragon on his body erupted, and then a solid barrier was formed around him!

clang!

The black-gold light slammed into David's body fiercely, and the burst of power caused dense cracks to appear in the entire martial arts field!

The magic weapon in mid-air also began to sway in the aftermath, and it seemed to be shaky.

wow...

The barrier on David's body shattered, and one after another force began to hit David's body!

"what..."

David roared, the blue veins bulging on his body, and his powerful fleshly body was brought to the extreme.

The light dissipated, and David could already see the bones, looking extremely terrifying.

When the four black copper robes saw this, they all fell into a sluggishness. This was their strongest blow, and David actually took it down with his flesh and blood.

Simply incredible!

Even the people outside the martial arts field saw the scene in front of them, and their jaws dropped in shock.

“This...is this fcuking human?”

“Perverted, too perverted...”

“The four masters of the Martial Arts Alliance can’t kill David, this is a shame!”

Everyone was talking about it, and they were all convinced by David’s perverted flesh.

At this time, Ge Fuhai’s face was solemn, his eyes narrowed slightly!

“This David, whose body is so powerful, is not an ordinary cultivator...”

Ge Fuhai whispered softly.

“Dad, what did you say?”

Ge Jiayi asked.

“Oh, nothing!”

Ge Fuhai quickly shook his head.

On the martial arts field, David stared at the four black copper robes with murderous intent in his eyes.

Even though David is now seriously injured, he still has a strong killing intent.

The eyes of the four black copper robes looking at David were all terrified!

The four masters in the middle stage of Wuhou could not kill David even if they joined forces, and they also had space magic to help out. Such a lineup and strength, I am afraid that the seventh-rank Wuhou could not bear it, but David at this time But endured.

“It’s my turn now...”

David gritted his teeth and raised his fist slowly.

“Holy Light Fist...”

After a cry, David’s body rushed towards the four black copper robes. David did not use the slightest spiritual power, but slammed into it with the power of his flesh.

## Chapter 1513

Even though he didn't use his spiritual power, there was still a faint white mist on David's punch.

This is because David's speed is too fast, and the force is large enough to cause the moisture in the air to condense!

"Is this guy crazy?"

The four black copper robes saw that David was actually relying on the strength of the flesh, and rushed over directly, and couldn't help but be stunned.

But this time, the four black copper robes did not dare to despise David, and the black and golden rays of light flickered from their bodies.

But just when the four black copper robes were preparing to defend against David's attack, David's figure suddenly changed direction.

David paused, and the whole person walked straight towards the space magic tool in the air.

"Stop him..."

At this time, the four black copper robes reacted and hurriedly waved their energy towards David!

But it was too late, David's body had already reached the space magic weapon.

The Holy Light Fist smashed hard on the magic weapon.

Boom!

With a deafening sound, the space instrument sent out waves of turbulence, and the entire space trembled!

boom boom boom...

The energy hit David one after another, but David ignored it at all. What he has to do now is to completely destroy this space magic weapon, otherwise he will die!

“Holy Light Fist...”

David pumped up his strength again and punched the space magic weapon again!

Then there was another loud noise, and I saw that the space instrument began to shake continuously, and the entire alien space began to shake violently!

“It’s broken, the space is about to break, stop him quickly...”

A black copper robe turned pale in shock and shouted.

“You Long Holy Fist!”

“Heavenly Palm!”

“...”

At this moment, the four black copper robes resorted to their lifetime skills and smashed one after another at David.

Boom, boom

Several spells hit David in an instant, and David’s body flew straight up, smashing heavily on the space magic weapon!

The original crumbling magic weapon was knocked down directly at this moment, and it fell to the ground and shattered instantly!

And the alien space disappeared without a trace at this moment!

David’s body then slammed into the martial arts field, smashing the martial arts field into a big hole!

The alien space was broken, and everyone could really see the battle in front of them at this moment.

Everyone stared at David in the pit, and they wanted to know what happened to David.

Many people are looking forward to David being able to stand up!

The sect family in the martial arts world is not all under the orders of the martial arts alliance, and there are many sect aristocratic families who do not look down on the practices of the Kyoto martial arts alliance!

It's just that due to the strength of the Kyoto Martial Arts Alliance, no one dares to resist!

Now David is fighting against the Martial Arts Alliance alone, and many people already regard David as a lone hero!

David has also become a spiritual sustenance in the hearts of many aristocratic families in the martial arts world!

Although they dare not fight with the Martial Arts Alliance, they hope David can win!

I hope David can stand up and keep fighting...

Under everyone's attention, David slowly stood up and walked out of the deep hole!

David's body is already bloody at this moment, and he can't even see his face!

However, David's eyes looking at the four black copper robes became more and more cold.

With a wave of his hand, the Dragon Slaying Sword reappeared in David's hand!

Immediately afterwards, David's mouth opened lightly, his eyes turned scarlet, and the dragon crystal on his chest began to glow!

The endless power of the dragon was injected into the Dragon Slaying Sword.

And David's aura has skyrocketed to the extreme!

The terrifying murderous aura instantly enveloped the four black copper robes, and the Dragon Slaying Sword in David's hand also seemed to respond to David's murderous aura, making bursts of buzzing sounds, looking extremely excited!

### **Chapter 1514**

"Today, I will never die..."

David spoke slowly, his voice was extremely cold, as if it came from the Nine Serenity Hell!

The four black copper robes trembled all over, and a trace of panic flashed in their eyes!

David moved, and his body was like a shooting star, bursting out in an instant!

Immediately afterwards, the Dragon Slaying Sword in his hand drew an arc in the air, and the dazzling sword glow was like a machete, one after another toward the four black copper robes.

The four black copper robes turned pale in shock, hurriedly glowing with black and golden light, forming a barrier in front of them to resist the attack of Jianmang!

clang clang clang...

Jianmang hit the black-gold barrier, making a sound like a metal collision.

Soon the barrier was shattered, and the four black copper robes were all wounded by sharp sword beams on their chests!

Blood was pouring out!

Seeing the injured self, the four black copper robes also became angry!

The four people attacked David at the same time, and four terrifying rays of light instantly enveloped David.

David gritted his teeth, looked at a person, and then instantly waved the Dragon Slaying Sword in his hand.

David's movements were so fast that only an afterimage of David was left in the air!

Seeing David coming towards him, the black copper robe was full of horror, instinctively stepped back, and kept waving a technique in his hand to stop David.

However, David completely ignored it, and let the magic trick hit him, and his body was ripped apart!

David, this is simply a life-for-life style of play!

"Is this David crazy?"

Seeing this scene, Zhu Zhishan only felt a chill on his back!

Soon, the sharp Dragon Slaying Sword instantly penetrated the black copper robe's body. The black copper robe's eyes were wide open, looking at the penetrated chest, his eyes were full of incredible!

Blood splattered, and a black mist suddenly flew out from the mouth of the black copper robe.

Seeing this, David waved the Dragon Slaying Sword in his hand horizontally, and the black copper robe's body was instantly chopped into two pieces. !

This is the spirit fire, which can deal with the fleeing soul.

Then David waved abruptly, and a flame instantly moved towards the black fog. After the flame touched the black fog, it exploded directly!

The raging fire burned in the air, and there was a miserable cry in the flames, which made people's scalp numb!

Many screams disappeared, and the flames slowly went out!

A black copper robe was completely wiped out like this!

Seeing this, the remaining three black copper robes could only do their best!

"The Palm of Heaven..."

The three mobilized magic and attacked David again!

And David repeated his old skills, the Dragon Slaying Sword in his hand exuded a dazzling brilliance, and a sword beam shot out!

When the three saw it, they joined together in an instant, and the terrifying black-gold light blocked David's sword glow.

This time, neither side got any advantage. The three of them looked at David, and there was a desire to retreat in their eyes!

They did not expect that David's strength was so perverted that it exceeded their imagination.

"This guy is too perverted. If we continue to fight, even if we kill him, none of us will survive. Let's withdraw..."

One of the black copper robes said.

The other two looked at each other and nodded, but he didn't dare to turn around and run, for fear that David would make a sneak attack behind him, and he would definitely lose his life, so he could only watch David first and choose the chance to escape. !

And at this moment, David has long been anxious in his heart!

Now he doesn't have much spiritual power to support him. Although his body is tyrannical, it is a miracle that David can stand now after such a serious beating!

## **Chapter 1515**

David has now felt that his eyes are starting to faint, and he will fall directly without knowing when.

“go to hell...”

David suddenly bit the tip of his tongue, and a burst of scarlet blood stimulated David, which instantly made David’s breath skyrocket.

When the remaining three black copper robes saw this, they were all startled!

“This kid is crazy, he actually burns blood, he wants to die with us, let’s go...”

A black copper robe saw this and was so frightened that he turned around and ran away!

And the remaining two black copper robes did not hesitate, two black mists shot out, and the entire martial arts field was shrouded in black mist.

When the black fog dissipated, David was the only one left on the huge martial arts field, holding the Dragon Slaying Sword in his hand and supporting it on the ground!

And the three black copper robes have long since escaped and disappeared!

“Oh sh!t...”

Seeing this, Zhu Zhishan’s face was so ugly.

Long Xiao, who was beside him, also changed his face, he didn’t know what he was thinking!

The people around looked at David, who was covered in blood, and all showed admiration!

David looked around, the whole person suddenly darkened and fell heavily on the martial arts field!

This sudden change shocked many people!

And Zhu Zhishan frowned: "Long Xiao, our chance has come..."

After speaking, Zhu Zhishan jumped up and landed on the martial arts field. Now he doesn't care about shame or honor, as long as he can kill David!

Seeing this, Long Xiao also jumped up and went up to the martial arts arena!

"Mr. Chen..."

"Brother David..."

Dong Liqun and Dong Jiahao brought many masters of the Dong family to the martial arts arena one after another!

For a time, the Dong family followed Zhu Zhishan to form a confrontation!

"Jiahao, take Mr. Chen down, who dares to do something to Mr. Chen, kill Wushe..."

Dong Liqun said to Dong Jiahao.

Dong Jiahao nodded and was about to step forward to take David off the martial arts field, but was stopped by Long Xiao with a palm!

“No one is allowed to take him away...”

Long Xiao said coldly.

“Long Xiao, you are taking advantage of Brother David’s coma, so shameless, wait until he wakes up if you have the ability...”

Dong Jiahao scolded Long Xiao angrily.

At this time, Zhu Zhishan had a gloomy face and said to Dong Liqun: “Dong Patriarch, why should you fight against our Martial Arts Alliance for a David? Do you know the consequences of going against my Martial Arts Alliance?”

“Now that you leave, I can guarantee that your Dong family will not fall in the Kyoto martial arts world, otherwise, there will be no Dong family in the Kyoto martial arts world in the future...”

Dong Liqun snorted coldly: “Zhu Zhishan, as the leader of the Martial Arts Alliance, you have done such a shameless thing in front of so many martial arts circles.”

“The four of you were beaten away when you dealt with Mr. Chen, but you still want to take the opportunity to attack, aren’t you afraid of being laughed at by everyone?”

Zhu Zhishan frowned: “Stop talking nonsense, I have to kill him today!”

Saying that, Zhu Zhishan's aura skyrocketed, and a wave of coercion attacked Dong Liqun!

Not to be outdone, Dong Liqun burst out his breath.

"The disciples of the Dong family obeyed the order and vowed to protect Mr. Chen to the death..."

Dong Liqun gave an order, and everyone in the Dong family took a stance!

For a time, many people in the martial arts alliance, including the masters of the Long family, also went to the martial arts field one after another, and the entire martial arts field was about to turn into a big battle!

Dozens of people all exuded aura, one by one glaring at each other.

However, looking at the strength, the Dong family is much weaker. If they really want to fight, it is only a matter of time before the Dong family loses.

Maybe the Dong family will really disappear in this war!

Although they knew they were invincible, none of the Dong family flinched.

## **Chapter 1516**

The atmosphere on the scene was extremely tense, and the war was about to break out.

"I wish the leader of the alliance, all the people you sent ran away, and they failed to kill David. Now that you are taking advantage of David's coma, if you do something to him, are you out of style!"

Just when the two sides were arguing, there was a hearty sound, and then Ge Fuhai floated to the martial arts field.

Ge Fuhai stood in the middle of the martial arts field with a faint smile on his face.

“Patriarch Ge, what do you mean?”

Zhu Zhishan frowned.

“Nothing else, just to see that you are too shameless, and shame on me in the martial arts world of Kyoto...”

Ge Fuhai said lightly.

“you...”

Zhu Zhishan’s face was angry, but he did not dare to do anything to Ge Fuhai, but said sharply: “Master Ge, your Ge family has never asked anything in the martial arts world, but today you stand out for this David. Why?”

“Do you want the Ge family to fall into the whirlpool of this battle and follow our martial arts alliance as an enemy?”

“I advise you to keep yourself safe. Do you want to ruin the reputation of the Ge family for so many years?”

After Zhu Zhishan finished speaking, the threat on Ge Fuhai’s face disappeared instantly, and then he looked at Ge Fuhai coldly: “My Ge family has no intention of becoming an enemy of your Martial Arts Alliance, and I don’t want to compete for any resources.”

“But your Martial Arts Alliance is despicable and vulgar. In order to make our Ge family and Dong family enemies, you actually attacked my daughter. Don’t think that I don’t know anything!”

“If I find conclusive evidence, I will be the first to turn the head of you, the leader of the Martial Arts Alliance...”

Ge Fuhai’s words made Zhu Zhishan’s heart tremble.

Zhu Zhishan didn’t know about Ge Jiayi at all. Those were all done by Ning Zhi, but looking at Ge Fuhai like this, Zhu Zhishan can be sure that the guy Ning Zhi must have done something to Ge Jiayi.

“Patriarch Ge, this may be a misunderstanding. When the time comes, I will definitely give Patriarch Ge an explanation, but today’s matter, I hope Patriarch Ge will not interfere!”

“It’s absolutely useless to fight against the Martial Arts Alliance. If the Ge family still wants to ignore the world and take care of himself, you’d better go back...”

Zhu Zhishan acts both hard and soft against Ge Fuhai, hoping that Ge Fuhai will leave it alone, this time is the best time to kill David!

If Ge Fuhai intervenes, then this opportunity will be wasted.

“What if I have to do it?”

Ge Fuhai looked at Zhu Zhishan, his eyes were sharp, with a faint murderous intent!

“you...”

Zhu Zhishan's face turned red, he gritted his teeth, unable to say a word!

If he forcibly attacked David at this time, he would not be the opponent of Ge Fuhai and Dong Liqun at all!

After all, if the two of them joined forces, it would be difficult for him and Long Xiao to deal with it, not to mention that there was also a Ge Jiayi who was staring at him.

"Dong Jiahao, take David away..."

Ge Fuhai said to Dong Jiahao.

Dong Jiahao was slightly taken aback, but he quickly stepped forward and carried David on his back.

Seeing this, Long Xiao widened his angry eyes, and suddenly waved out a hand, and a black mist hit David.

He couldn't just watch David be rescued like this, such a good opportunity couldn't be wasted!

"court death..."

Ge Fuhai frowned and waved it casually!

A terrifying aura headed towards Long Xiao, and after that black mist touched Ge Fuhai's aura, it instantly vanished and disappeared without a trace!

Long Xiao couldn't dodge in time, and was knocked out heavily.

Long Xiao slowly got up, his body was fine, it seemed that Ge Fuhai didn't kill him!

"You are daring to make a move, and you will die next time. Even if you are the son of the Long family, what can you do?"

Ge Fuhai's face was gloomy, and in his tone, he didn't take the Long family into his eyes at all.

### **Chapter 1517**

Long Xiao's expression was ugly, but he didn't dare to say anything.

Ge Fuhai's random palm just now let him know the gap between him and Ge Fuhai!

No one would have thought that Ge Fuhai, who has always been indisputable in the world, has such a strong strength!

"Patriarch Ge, think about it..."

After seeing the strength exposed by Ge Fuhai, Zhu Zhishan was also trembling in his heart!

"Stop talking nonsense, if I find out that your martial arts alliance has moved my children, you know the consequences..."

After Ge Fuhai finished speaking, he turned to look at Dong Liqun: "Brother Dong, let's go..."

Seeing this, Dong Liqun hurriedly led someone to leave with Ge Fuhai.

Seeing David being taken away, Zhu Zhishan shouted loudly: "You wait, I will make all of you pay the price..."

Long Xiao had a gloomy expression, his eyes narrowed slightly.

At this moment, he was severely hit. He always thought that he had a soul possessed. In addition to his own talent, his cultivation speed was extremely fast. remember url

Now he is also a person of status in the Kyoto martial arts world!

But the blows over and over again made him realize the reality.

...

"Patriarch Ge, thank you so much, this time thanks to you, otherwise we and Mr. Chen would have been buried in the martial arts field..."

On the way, Dong Liqun knelt down directly to Ge Fuhai.

Dong Liqun knew that if Ge Fuhai didn't show up, none of them could escape.

It doesn't matter if they die, but David can't die!

If it weren't for David, there would be no Dong family today!

Dong Liqun once felt sorry for David, he will not be doing things that hurt his conscience, so for David, he can die!

“Brother Dong, what are you doing, I just can’t get used to the style of the Martial Arts Alliance.”

“What’s more, my daughter’s affairs must be done by people from the Martial Arts Alliance. When I find evidence, I will go directly to seek an explanation.”

Ge Fuhai helped Dong Liqun up, and then continued: “Brother Dong, where are you going to send David?”

Dong Liqun glanced at David, who was seriously injured, hesitated, and said helplessly: “Mr. Chen is seriously injured, so he can only go to Dong’s house first and wait for a few days to rest.”

“Brother Dong, the martial arts alliance and the Long family are eyeing David. If you take him to the Dong family, the martial arts alliance will want someone, can your Dong family be able to resist it?”

Ge Fuhai asked.

Dong Liqun was stunned for a moment, then shook his head awkwardly: “No, but now send Mr. Chen to Yaoshen Valley, I’m afraid his body can’t stand it...”

David is now covered in blood, looking like he is going to die at any time.

“Brother Dong, if you believe me, then take David to my house. I believe that the Martial Arts Alliance would not dare to go to my house, nor would I have thought that David would cultivate in our Ge family...”

Ge Fuhai said sincerely.

Dong Liqun looked at David, who was unconscious, and then nodded heavily: “Okay, then I would like to thank the Ge family...”

Soon, David was sent to the Ge family for self-cultivation, and Ge Fuhai found a very comfortable room for David!

“Dad, why did you give up ancestral training for a David and participate in the battle in the martial arts world?”

Ge Jiayi asked very puzzled.

The Ge family has ancestral training, and they are not allowed to participate in any disputes in the martial arts world!

So for so many years, the Ge family has been alone and never fought with others!

“There are some things that you can do if you want to be alone. The world of martial arts is going to change, and there will be no more stable days in the future. You don’t understand many things, and you don’t need to understand them. You just need to cultivate with peace of mind!”

Ge Fuhai sent Ge Jiayi away, then took out a black pill, stuffed it into David’s mouth, and left!

## **Chapter 1518**

Martial Arts Alliance!

Ning Zhi was sitting in the hall drinking tea. He knew that when the four black copper robes came out, David would definitely die!

Although he couldn't kill David and avenge his father, Ning Zhi didn't care.

His current ambition is not only about revenge.

At this moment, the three black copper robes hurried back!

Seeing the person coming back, Ning Zhi quickly got up to greet him!

The same black copper robe, Ning Zhi did not dare to pretend to be big in front of these people!

But when he saw several people with scars and only three people came back, a bad premonition suddenly rose in his heart!

"Have you killed that David?"

Ning Zhi asked suspiciously.

The three black copper robes did not speak, but grabbed the tea bowl and drank it loudly!

After a while, a black copper robe said: "Then David's strength is beyond our imagination, how did you provide information?"

"Now we have lost a space magic weapon, and one person has died. You can think of your own reasons, how to explain it to the great master!"

When Ning Zhi heard this, the whole person was stunned.

“Impossible. No matter how strong David is, he can’t be the opponent of the four of you. How could it be like this?”

Ning Zhi didn’t understand, how could it be impossible for the four middle-aged Marquis’ black copper robes to kill David with a space magic weapon!

No matter how fast David’s strength grows, he won’t be so perverted.

“What do you mean?” The three black copper robes looked at Ning Zhi at the same time: “Are you saying that we didn’t do our best?”

The three people’s eyes were cold and threatening!

They know the consequences of not getting the job done if they don’t do their best.

“I didn’t mean that, I just felt a little weird...”

Ning Zhi frowned.

“Let’s talk when the leader of the alliance comes back. He watched the scene and can testify for us...”

After a black copper robe finished speaking, he sat down directly and stopped talking.

Ning Zhi also sat back, and now he can only wait for Zhu Zhishan to come back.

Soon, Zhu Zhishan also came back, with anger and unwillingness on his face!

If Ge Fuhai hadn't intervened, David would have died. If the three black copper robes hadn't retreated in the end, David wouldn't be able to hold on at all.

"It's all fcuking rubbish..."

Zhu Zhishan cursed fiercely, but it was useless no matter how much he scolded, and there is no if...

Seeing that Zhu Zhishan was back, Ning Zhi hurried forward.

"I wish the alliance leader, what happened to David? The four black copper robes failed to kill him?"

Ning Zhi asked in confusion.

"If these black copper robes hadn't run away timidly, then David would have died..."

Zhu Zhishan glanced at the three black copper robes and said with a face full of resentment.

The status of these black copper robes is higher than that of Zhu Zhishan, otherwise Zhu Zhishan would have ordered the three black copper robes who escaped to the Fa.

"Escape?" Ning Zhi was taken aback and glanced at the three black copper robes!

"Zhu Zhishan, what the hell are you doing? Are we running away? Don't you know what was going on at the time?"

“Then David broke the space magic weapon and killed one of our brothers.”

“In the end, they all started to burn blood and blood, and they were going to fight to the death with us. If we fight, we will just die in vain...”

The three black copper robes roared at Zhu Zhishan and defended themselves.

“After you escaped, David immediately fainted. He was already at the end of the shot and was trying to scare you.”

Zhu Zhishan said disdainfully when he saw that the three black copper robes still had the face to defend themselves.

“Since you fainted, did you kill that David?”

One of the black copper robes asked.

“I...”

Zhu Zhishan was suddenly speechless.

“I wish the alliance leader, since David fainted at the end of the force, you should be able to kill him easily, so did you kill him?”

Ning Zhi also asked Zhu Zhishan.

**Chapter 1519**

“Originally, I wanted to kill him, but the Dong family and the Ge family in the middle protected David, so I couldn’t do anything...”

Zhu Zhishan explained.

“What? The Ge family even protected David?”

After Ning Zhi heard this, his expression was slightly shocked: “The Ge family has never asked about the martial arts world. How could they suddenly oppose our martial arts alliance for David’s sake?”

“Patriarch Ge said that someone in our Martial Arts Alliance moved his daughter. When he investigates clearly, he will personally go to the Martial Arts Alliance to take revenge...”

When Zhu Zhishan said this, he stared straight at Ning Zhi.

Because he knew that Ning Zhi must have done this, and he had to use this method to provoke the Ge family!

Sure enough, Ning Zhi’s expression changed slightly after hearing this, but it was only fleeting!

“I wish the leader, since David was seriously injured, he will definitely not leave the capital. We should set up a net to kill David in the capital.”

Ning Zhi pulled the topic away from the Ge family!

“The capital is so big, where do we go to find David? If he hides in Dong’s house, it’s fine. If he hides in the Dharma Protector Pavilion or Ge’s house, can we still visit the door in person to ask for someone?”

Zhu Zhishan asked.

“No matter where he hides, as long as he doesn’t leave the capital, I have my own way. I will apply now and let the top management dispatch some more experts. If it really doesn’t work, I will dispatch a black silver robe and see if David can still do it. escape...”

Ning Zhi’s eyes were slightly condensed, and it seemed that he would not stop killing David!

“It’s better not to report this matter to the top, otherwise none of us will have good fruit, I’ll find a way myself...”

Zhu Zhishan knew that as the leader of the alliance, he had failed many times, and the senior management was very upset.

If you don’t get it right, you’re going to get out of here!

He still has a trump card in his hand. When he releases Fan Jiang, he will definitely be able to kill David.

“Well, I won’t report this matter for now. If you can’t kill that David, don’t blame me for reporting it truthfully...”

After Ning Zhi finished speaking, he turned and left.

The three black copper robes followed Zhu Zhishan and looked at each other. Now they know that several of them are grasshoppers on a rope. If they can't kill David, none of them will want to live.

...

Law Enforcement Pavilion!

Although Mr. Shi said he didn't care about David, he was always concerned about the martial arts field.

At this moment, Xing Jun has learned the whole process from the martial arts field, and will report back!

When he heard that Ge Fuhai actually went against the martial arts alliance for David's sake, Mr. Shi's expression changed obviously!

"The Ge family actually came forward?"

Mr. Shi frowned slightly: "To save David, I don't know if it's Ge Fuhai's intention, or Ge's ancestor's intention..."

"Mr. Shi, Ge Fuhai himself said that it was because the Martial Arts Alliance moved his daughter, so he targeted the Martial Arts Alliance."

Xing Jun explained.

"Do you believe it?" Mr. Shi asked Xing Jun.

Xing Jun didn't speak, but shook his head.

"Back then, Ge Fuhai's wife died in a fight in the martial arts world, and the Ge family didn't come forward. Do you think Ge Fuhai would fight against the martial arts alliance for his daughter?"

Mr. Shi continued.

"Then why did Ge Fuhai save David? Could it be that he has any intentions and would rather break the rules of their Ge family for so many years?"

Xing Jun asked very puzzled.

Mr. Shi pondered for a moment: "I don't know what the Ge family's intentions are, but it will become more and more lively in the future. Some guys who have been hidden for thousands of years seem to be coming to the surface..."

"Then what about David? He is still in the Ge family, will he be in danger?"

Seeing that Mr. Shi didn't know about the Ge family's intentions, Xing Jun asked.

"No, since Ge Fuhai saved David, he won't kill him. You continue to pay attention to the movements of the martial arts world, but remember, don't interfere, we officially treat it as non-existent for this period of time..."

Mr. Shi's eyes narrowed slightly, and there was a breathtaking light in his eyes, as if nothing could escape his eyes.

**Chapter 1520**

Ge family!

David slowly opened his eyes, the wound on his body had healed, David's own terrifying self-healing ability, coupled with Ge Fuhai's medicinal pill, David's body healed very quickly!

Looking at the luxurious room and the soft big bed, David frowned slightly.

He only remembered that he fainted in the martial arts field, and he didn't remember anything after that, and he didn't know where it was!

David got up and found that he was actually naked, but a brand new dress was placed on the bedside!

David got dressed and got out of bed, wanting to see where this is!

At this moment, Ge Jiayi pushed open the door and walked in with a steaming bowl of soup in her hand!

Seeing David awake, Ge Jiayi was a little surprised!

"you're awake?"

Ge Jiayi's eyes widened, her face full of incredulity!

David was so badly injured that he recovered and woke up in two days. It's amazing. remember url

"Miss Ge?"

Seeing that it was Ge Jiayi, David was also slightly taken aback: "What am I doing here?"

"Of course it's in our Ge family, otherwise where do you think you're at?"

Ge Jiayi put the soup on the table and said.

“Ge’s house? Why am I in the Ge’s house?”

David is a little strange. He has nothing to do with the Ge family, nor does he have any friendship. How can he be in the Ge family?

Ge Jiayi explained it to David, and explained everything after he fainted!

After David heard it, he was afraid for a while, if Ge Fuhai hadn’t come forward at that time, he would have become a lonely ghost by now.

“Miss Ge, thank you for taking care of you...”

David said gratefully.

“No need to thank you, the practice of the Martial Arts Alliance is indeed shameful. You should drink this ginseng soup to make up for it. I will tell my father that you are awake...”

After Ge Jiayi finished speaking, she turned and walked out of the room!

David looked at the ginseng soup and drank it immediately, a warm current wandered in David’s body instantly!

David knew that this ginseng soup must be made from old ginseng that is more than a thousand years old, and there are many precious medicinal materials in it, otherwise it would not have this effect.

At this time, David was very grateful to the Ge family. No matter what the Ge family had planned, Ge Fuhai saved his life, and he should repay the family!

Soon, Ge Fuhai pushed open the door and walked in. Seeing this, David hurriedly stepped forward to salute: "Patriarch Ge, thank you for your life-saving grace!"

"You're serious, I'm just doing my best. Besides, I've long been unaccustomed to the style of the Martial Arts Alliance..."

Ge Fuhai gently supported David and said lightly.

"Patriarch Ge, as long as you have a place where you can get my David, I will go through fire and water and do whatever it takes..."

David said gratefully.

"David, I don't need you to help me, but I have something very strange. I want to ask you?"

Ge Fuhai said.

"Patriarch Ge, feel free to ask if you have anything. I know, and I will tell you the truth."

David nodded.

"Then I won't hide it anymore. Your body is so strong, you are definitely not an ordinary cultivator. Who are you?"

Ge Fuhai asked curiously.

This time, I stopped David. David knew that Ge Fuhai was also an immortal cultivator, and he would definitely be able to see his identity as an immortal cultivator.

But when asked who he was, David really couldn't answer.

Because he doesn't even know who he is.

He doesn't even know who his father is now!

Seeing that David didn't speak, Ge Fuhai thought that David was embarrassed, so he said: "If it's embarrassing, just pretend I didn't ask, I'm just curious..."

"Patriarch Ge, there's actually no problem, because I don't even know who I am, because I was abandoned when I was very young."

"I only recently learned that my mother is the eldest lady of the Long family, and I don't know who my father is, so I can't answer you..."

David followed Ge Fuhai truthfully.
