

## A Man Like None Other Chapter 1601 – 1610

### Chapter 1601

“Brother David is not looking for a woman, he is afraid that women will find him. I think this Ge Jiayi looks at Brother David wrong...”

Xiaoru pouted.

“Don’t guess, David is the dragon among people, even if there are more women, it should be, I won’t mind...”

Gu Ling’er said with a smile, it seems that she really doesn’t care!

Seeing Gu Linger say this, Xiaoru and Zhao Chuang were speechless...

On the martial arts field, David stood opposite Long Xiao!

The auras on the two of them are constantly rising, and their eyes are full of fighting spirit and killing intent!

“David, today will be our life and death battle, I will never give you a chance to live...”

Long Xiao said confidently.

“Are you so sure that you can beat me?”

David asked lightly.

“Hahaha, you are only the peak of Marquis Wu, how can you be my opponent of Marquis Martial? Didn’t you see that even the newly promoted Marquis Ning was beaten and fled by me?”

“You are a peak Wuhou, and you dare to stand up. I don’t know if I should admire your courage.”

Long Xiao said with a big smile.

“Really?” David snorted coldly: “I only need the strength of Wuhou Peak to defeat you. You forget that I am a leapfrog. You couldn’t beat me before, and it’s the same now!”

“In my eyes, you are always a waste, and even your cultivation depends on the waste of your soul!”

“If you don’t have a soul, you are not even as good as an ant. Any person here can kill you!”

David’s words deeply hurt Long Xiao.

“David, you are courting death, you are courting death...”

Long Xiao roared loudly, the aura on his body began to explode, a big black hand formed in mid-air, and then slapped David fiercely.

David’s eyes narrowed, and then a dazzling golden light flashed above his fist, and then he punched out.

I saw a beam of light soaring into the sky, smashing hard on the big hand.

boom!

After a loud bang, the condensed giant hand, under David's blow, shattered and turned into a black fog that dissipated!

Long Xiao frowned, and his face became a bit ugly!

On the other hand, David was motionless, his eyes were full of coldness!

Just fighting for the first time, Long Xiao can feel that although David is only the peak of Wuhou, his strength is not worse than that of Ning Zhi!

Long Xiao looked at David's indifferent appearance, his eyes were burning with anger.

His fists were clenched tightly, and the aura of the Great Marquis on his body was constantly erupting!

One after another, the energy is close to David, and David is shrouded in it!

David raised the corner of his mouth, and his body radiated golden light. Under the illumination of the golden light, the shrouded breath disappeared instantly!

"You are a peak Wuhou, and the strength you have shown is comparable to that of the new Dawuhou. It seems that you are indeed very talented."

“It’s a pity that you met me today. Although I am also a new Dawuhou realm, I was the first person to suffer a thunder tribulation in Dawuhou, and I even carried it over.”

“My current strength is comparable to that of the third-rank Great Marquis, so if you fight with me, there is no chance of winning at all...”

Long Xiao narrowed his eyes and said in a cold voice.

“Really? If you don’t try, how do you know that I have no chance of winning?”

“Although your strength is comparable to the third-rank Dawuhou, it’s a pity that you are missing an arm. This is your shortcoming...”

David smiled coldly, with a bit of playfulness in his eyes!

This sentence completely made Long Xiao angry, his arm was cut off by David, and David even dared to mention it!

“David, don’t think you’re amazing, don’t forget, your current mother, including your girlfriend, is in my hands, you can’t even protect your closest people, so I’m here with me What are you talking about?”

Long Xiao stared at David, his face full of provocation!

## **Chapter 1602**

David stung him, then he will never make David feel better!

Sure enough, when Long Xiao’s voice fell, David’s face became extremely ugly!

An incomparably cold killing intent erupted from David's body, and the entire martial arts field seemed to have entered a severe winter in an instant.

Everyone trembled involuntarily!

"Long Xiao, you successfully angered me..."

David gritted his teeth, and his voice was like that of a nine secluded hell, making people shudder!

Feeling the aura emanating from David, Long Xiao's heart trembled, he regretted it a little, and he did not change his anger at David!

When a person is provoked, he may exert a stronger strength than usual!

"Don't take it lightly, this guy's breath is terrible..."

At this moment, the soul in Long Xiao opened his mouth and said.

Long Xiao looked at David full of vigilance, no longer contemptuous and arrogant!

David's strength as a Marquis peak makes him a great Marquis very vigilant. I have to say that David's strength is indeed too perverted.

At this moment, the furious David, the golden light on his body continued to flicker, and he clenched his fists tightly. On David's right fist, the power of the dragon was constantly condensing!

"Holy Light Fist..."

David smashed Long Xiao with a punch.

This punch came out, and then a dragon roar was released, and I saw a golden dragon heading straight for Long Xiao!

Seeing this, Long Xiao quickly waved his hand, and a burst of energy instantly formed a barrier in front of him!

But soon, the golden dragon directly broke through the barrier and opened its bloody mouth towards Long Xiao!

Seeing this, Long Xiao pinched the seal with one hand, and then quickly swiped in the air, only to see a black mark appear, and the mark went straight to the golden dragon.

The imprint was instantly placed on the golden dragon. The golden dragon, which was originally glowing with golden light, soon lost its luster. In the end, both the golden dragon and the imprint disappeared!

“This David is really strong. With the strength of Wuhou’s peak, he fought against Dawuhou, and he even got a tie as soon as he made a move...”

Someone said in surprise.

But as soon as the voice fell, the mark that had disappeared suddenly appeared out of thin air at this moment, and this time it appeared so suddenly that David didn’t have time to react!

The mark hit David’s chest fiercely, and David’s body flew out instantly.

The power of the Great Marquis is terrifying.

“Damn it, I thought it would be a tie, so this Long Xiao still has a backer...”

The guy who just said the tie was slapped in the face instantly!

Seeing that David was knocked down and flew out, Zhao Chuang and Gu Linger were very worried.

However, David’s body was not in serious trouble. While his body was retreating, David had already launched a counterattack and shot forward with a palm.

The palm wind roared, and immediately saw a golden palm slapped on Long Xiao’s body!

Long Xiao’s body also flew upside down, and he was on a par with David!

Although this blow did not cause substantial damage to the two, it was considered a draw.

A tie would mean a loss of face for Long Xiao. After all, David was only at the peak of Marquis Wu’s strength. If he could tie with him as a big Marquis, Long Xiao would definitely have no face.

“David, if I don’t kill you today, I will leave the martial arts world...”

Long Xiao gritted his teeth, his anger kept rising!

“Rest assured, you will not leave the martial arts world, because you will leave the whole world...”

After David finished speaking, his figure suddenly disappeared, and then he saw a golden light rapidly approaching Long Xiao!

David has an indestructible golden body to protect his body. In addition to his powerful and perverted body, he can better play to his advantages by fighting close to him!

When Long Xiao saw that David wanted to fight in close quarters, his body immediately emitted bursts of black light, and then his body was also wrapped in black light, like David's indestructible golden body, forming a pair of armor to protect the whole body!

### **Chapter 1603**

Moreover, outside Long Xiao's body, there is a layer of faint white light, which has been flickering, as if it is like a Buddha's light!

"David, do you think only your body is strong? My body has suffered from thunderstorms, and it's no worse than yours..."

Long Xiao said, and smashed it out with one punch!

The two people collided constantly, and the huge energy aftermath caused all the people around them to stay away!

Every collision caused the heaven and the earth to shake, and ripples appeared in the void, which seemed to tear the entire void apart!

Neither of the two has any reservations, and every shot goes all out!

The aura in Long Xiao's body became stronger and stronger. After the blessing of that soul, Long Xiao became more and more brave in battle!

On the other hand, David began to look a little tired.

At the peak of Marquis Wu, it is indeed a bit difficult to fight against Long Xiao, who has almost reached the realm of Rank 3 Great Marquis!

The improvement of this big realm, the strength is exponentially increased.

David's ability to fight Long Xiao up to now is already quite remarkable!

While David and Long Xiao were fighting, in the Protectorate of the Capital, Xing Jun said to Mr. Shi, "Mr. Shi, in the martial arts field, David and Long Xiao fought."

"Oh, so David is back?" Mr. Shi was a little surprised: "Has he stepped into the Marquis of Great Wu?"

"No, it's just the peak of Wuhou, but even if it is the peak of Wuhou, fighting with that Long Xiao doesn't seem to be a loss."

Xing Jun replied.

"You haven't stepped into the Great Marquis yet?" Mr. Shi's brows furrowed: "If you haven't stepped into the Great Marquis, he is no match for that Long Xiao at all..."

"Let's go see..."

After Mr. Shi finished speaking, he hurriedly got up and went straight to the martial arts field.

When Mr. Shi took Xing Jun to feel the martial arts field, David and Long Xiao had already fought no less than a hundred moves.

Now David's aura is getting weaker and weaker.

Long Xiao seemed to feel the weakening of David's breath, which made Long Xiao even more confident.

"Hahaha, David, within a hundred strokes, I will definitely make your head fall."

"However, the strength of your peak Wuhou, you can fight with me until now, it's already amazing."

After Long Xiao finished speaking, he punched out with a ruthless punch. David's body was instantly smashed and flew out, and his undamaged golden body also cracked a lot!

David's eyes narrowed slightly, and he looked at Long Xiao coldly!

He knew that what Long Xiao said was right, and if it went on like this, David would not be able to support a hundred moves!

The strength that Long Xiao has grown is beyond David's imagination!

"This David is about to end. After all, this difference is a big realm. It is already very good to be able to hit the present."

“It seems that in the future, the Kyoto martial arts world can only live under the claws of Long Xiao.”

“It seems that Long Xiao has become the first person in the martial arts world in Kyoto, and no one is refuting it.”

Many people can see that David is about to lose!

“Hurry up and absorb the strength of this kid. Maybe you can help you step into the Martial Saint in the future. At that time, the entire Daxia and even the entire world will be under your feet.”

In Long Xiao’s mind, an old voice urged anxiously.

“Martial Saint, Martial Saint...”

Long Xiao’s eyes flickered with fine light, and then a black light began to flicker above his head!

In this light, with endless coercion, with the momentum of crushing, it went straight to David!

The terrifying aura instantly enveloped the entire martial arts arena, overwhelming everyone, and many people fell to their knees one after another!

Feeling this breath, David clenched his teeth tightly, golden light flashing above his fists!

The power of the dragon one after another was blessed on the fist, making David’s fist several times larger.

“Holy Light Fist...”

With an angry shout, David punched out, and the terrifying fist wind swept up in an instant.

#### **Chapter 1604**

The black light instantly collided with David’s fist style!

A huge explosion sounded!

David’s fist style was instantly shattered by the black light, hitting David’s body heavily!

David’s body was thrown directly into the air!

Tossed high, and fell heavily!

boom!

David’s body instantly smashed the entire martial arts field into a deep hole!

You must know that this martial arts field was specially built for everyone to compete. The materials used are extremely hard diamonds, and even the blessing of the formation.

But even so, a deep pit was still smashed out!

David gritted his teeth and slowly stood up from the deep pit!

At this time, Long Xiao looked down at David from above, like a god!

“Hahaha, you are not my opponent at all, even if you are trying to be brave, what’s the use!”

Long Xiao sneered.

Immediately, above Long Xiao’s head, another black light flashed, like a bolt of lightning, and shot out towards David in an instant!

Long Xiao will not stop unless David dies in front of his eyes!

Today’s battle is a battle of life and death. Between him and David, one person must die.

Seeing this, David made a move with his right hand, and the Dragon Slaying Sword appeared in his hand!

Blessed by the power of the dragon, the Dragon Slaying Sword is shining brightly!

A breath of air came out from David’s hand, lingering on the blade of the Dragon Slaying Sword!

It seems that David’s dangerous situation was sensed, and the Dragon Slaying Sword kept buzzing!

“Nine Shadows Divine Sword, the first sword...”

David shouted angrily, and the terrifying sword light burst out instantly!

The blazing sword light slammed into the black light fiercely, but it didn’t play any role.

Like moths to a fire!

After Jianmang touched the black light, it disappeared instantly.

When David saw this, his face was so ugly that he gritted his teeth!

“Second sword...”

brush...

Another sword ray shot out!

But the result is the same, the sword light collapses at a touch, and it has no effect!

Seeing the black light getting closer and closer, a hellish deathly aura shrouded David!

Taking a deep breath, David roared with the Dragon Slaying Sword in hand!

“what...”

Immediately afterwards, David held the Dragon Slaying Sword and met the black light directly!

rumbling...

The golden gilt light and the black light collided instantly, setting off a huge wave of air!

The entire martial arts field was instantly submerged under a white light!

Everyone, with their eyes closed, couldn't bear the exposure of this light at all!

It was terrifying, and it overturned a lot of people who were 100 meters away!

Slowly, the light dissipated, and the air wave disappeared!

Everyone hurriedly looked towards the martial arts field and found that in the deep pit, David was covered in blood, the light on his body had long since disappeared, and the Dragon Slaying Sword was stuck beside David!

"do you died?"

"Wouldn't it be so easy to die?"

Everyone is talking in a low voice!

"Brother Chen..."

When Zhao Chuang and the others saw this, they rushed up like crazy.

Gu Linger also jumped up and instantly came to David's side!

"David, David..."

Gu Linger kept shouting to David, but David closed his eyes, as if he didn't know anything, except for some weak breathing!

“Brother Chen, Brother Chen, wake up, you can't die...”

Zhao Chuang cried, and a big man cried loudly in front of hundreds of people!

And Xiaoru looked at David who was motionless, her anger was rising!

Soon, a white light appeared on Xiaoru's body, and then a white armor appeared, covering Xiaoru's body!

One after another holy white light shrouded David, as if it was healing David!

## **Chapter 1605**

However, David remained motionless, obviously useless!

“Haha, you can't save him...”

Long Xiao laughed wildly.

Zhao Chuang and the others all looked at Long Xiao angrily, the auras of each body were soaring rapidly!

Even if they died, it was impossible for them to watch Long Xiao kill David!

“You ants, are you still trying to stop me?”

Long Xiao felt the killing intent from several people, and smiled even more proudly.

Zhao Chuang and none of them said anything, but the cold light burst out from their eyes, indicating that they were going to work hard.

“Mr. Shi, what should I do?”

At this time, Xing Jun in the crowd asked Mr. Shi in a low voice.

Now David is about to die, but Xing Jun found that Mr. Shi was not ready to take action.

“Wait a minute, David won’t die so easily...”

Mr. Shi’s eyes were slightly condensed, and he said lightly!

As soon as Mr. Shi finished speaking, he saw David’s body suddenly emit light spots!

Personally, David seemed to have turned into a ray of light!

Immediately afterwards, the sky was covered with dark clouds, and lightning and thunder!

David’s body slowly floated into the air, and his entire body was in that light!

“This... what is this?”

“Isn’t this a thunder robbery? Could it be that David is going to break through?”

“How is it possible, who is in a coma to survive the thunder calamity?”

“In such a terrifying scene, how powerful is Thunder Tribulation?”

Everyone looked at the vision in the air, and they were all talking in shock!

rumbling...

Suddenly, an astonishing thunder sounded, followed by a flash of lightning that instantly struck David!

Davidyuan’s body, which was originally floating in mid-air, was cut down a lot in an instant, and the smell of scorching was continuously emitted!

Looking at this scene, Long Xiao burst out laughing!

“Hahaha, God is really helping me, even God can’t get used to this David, to launch such a big thunder calamity!”

“I don’t need to do this, David will be scorched soon.”

Long Xiao laughed wildly.

Zhao Chuang was very anxious, and he jumped up to save David!

This kind of terrifying thunder calamity, even the copper tendons and iron bones can't resist it!

"Don't move, your strength, if you can't reach you, you will be beaten to ashes by the power of thunder..."

"We have to trust David, I believe he will definitely be able to break through..."

Gu Linger grabbed Zhao Chuang and said.

Zhao Chuang was helpless, he could only look up at the air, praying that David could survive!

rumbling...

The sound of thunder rolled in, as if it came from the sky!

click...

Another flash of lightning slashed down on David's body!

This time, David's body instantly burst into flames!

Seeing this scene, some people sigh, some people rejoice!

As for Gu Linger and Zhao Chuang, their faces were full of worry!

“Breaking through the Great Marquis of Wu actually attracted two thunder tribulations. It seems that this kid is really talented. Fortunately, you seriously injured him before he broke through. Otherwise, if you really want him to break through, it will be troublesome.”

In Long Xiao’s mind, the old voice said.

Long Xiao also felt very fortunate that such a terrifying thunder calamity would really allow David to break through. Long Xiao reckoned that he was definitely no match for David.

“Mr. Shi...”

In the crowd, Xing Jun anxiously gave Mr. Shi a look!

The current David, it is obvious that a flame is burning on his body, which will soon be burned to ashes.

Mr. Shi stared at the flame-like light with his eyes tightly, and said nothing!

Seeing this, Xing Jun could only turn his attention to David!

Under everyone’s attention, the light on David slowly dissipated, and David, who was lying down, actually stood up slowly at this moment!

David’s eyes burst out with two hot rays of light, and glanced at everyone in the air!

## **Chapter 1606**

“Brother Chen is not dead, Brother Chen is not dead...”

Seeing this, Zhao Chuang shouted excitedly.

And everyone was sighing for a while, and their faces were full of surprise.

They couldn't understand how David survived this terrifying thunder calamity.

Seeing that David didn't die, Long Xiao's expression was extremely ugly!

At this moment, David is like a fairy, standing in the air, but the dark cloud above his head has not dissipated!

rumbling...

Immediately after, another thunderstorm came rolling in!

“What? Three Thunder Tribulations?”

“Is this fcuking crazy?”

“It's weird, it's really weird...”

Everyone listened to the sound of the rolling thunder, and they all dropped their jaws!

At this time, even Mr. Shi was slightly surprised!

The one who was most surprised was Long Xiao.

He broke through the Great Marquis and went through a thunder tribulation!

Even so, he is considered a unique and gifted person.

But now, David has endured three thunder tribulations?

How is this possible?

At this moment, Long Xiao's originally arrogant self-confidence was instantly beaten to pieces.

"Hurry up and stop him, hurry up and stop him, we must not let him survive the thunder calamity, otherwise it will be over..."

At this moment, in Long Xiao's mind, the old voice hurriedly urged.

Long Xiao instantly calmed down, and after taking a deep breath, black light began to emit from his body!

Soon, these black lights condensed on Long Xiao's palm!

"Stop him, he's going to do something to Brother Chen..."

At this time, Zhao Chuang discovered that Long Xiao was going to attack David!

You must know that when breaking through, it is the most vulnerable time. If Long Xiao attacks David at this time, David will be in danger.

Zhao Chuang roared and rushed forward regardless of the danger.

“Ants...”

Long Xiao didn't even look at Zhao Chuang. With a wave of his palm, Zhao Chuang's body instantly flew out.

Seeing this, Gu Ling'er also jumped up!

But just after rushing towards Long Xiao, Gu Linger was instantly knocked away by a huge force!

The gap between their strengths is too great, and they can't cause any stagnation and obstruction to Long Xiao at all!

I saw a slight tremor under Long Xiao's feet, and the whole person instantly jumped up into the air.

But just as Long Xiao jumped up, a holy white light enveloped Long Xiao!

This white light made Long Xiao's body slump, and the soul in his body instantly hid!

I saw Xiaoru wearing white armor, streaks of white light emanating from her body, binding that Long Xiao!

The thunder is getting closer and closer, and the thunder robbery is about to start!

“what...”

Long Xiao knew that time was running out, and after a loud shout, he instantly broke free from the shackles of the white light.

And Xiaoru's whole body seemed to be hit hard, and after spitting out a mouthful of blood, she instantly fell to the ground!

"go to hell..."

Long Xiao's whole person turned into a black awn, and walked away at David!

click

At this time, the thunder tribulation came again!

Huge lightning, slashed down!

And Long Xiao was also in front of David, but he was instantly knocked out by the terrifying power of thunder!

Long Xiao could only watch helplessly, this thunder calamity hit David!

A ray of light shot out from David's body, and the whole person seemed to be penetrated!

Long Xiao prayed silently, praying that David could not survive this thunderstorm!

You must know that this is three thunder tribulations, and each time the thunder tribulation is more powerful.

Everyone is also watching nervously, they are all waiting, waiting to see if David can survive this thunder calamity!

Even Mr. Shi's face had a trace of tension!

At this moment, David's entire body has become transparent, and the bones and blood on his body are clearly visible!

### **Chapter 1607**

The dantian in David's body is turning wildly, while the Nascent Soul is quietly changing!

The Nascent Soul, which was originally only the size of a thumb, slowly began to grow, and the facial features became clearly visible!

This is simply a scaled-down version of David!

However, with the change of Yuan Ying's facial features, David's physical features are also changing!

In theory, the metamorphosis can not be controlled by the laws of heaven and earth, and you can change your physical features at will!

But now in the context of this depleted society!

The ability to change the physical appearance of the metamorphosis is still possible!

However, David doesn't care about changes in physical features. What he needs is strength, and what he needs is changes in strength!

Suddenly, David opened his eyes, and in an instant, two rays of light shot from David's eyes!

The dark clouds in the air, under the illumination of this light, instantly vanished!

At this moment, David's aura has undergone a qualitative leap and change!

Even David's body was ten times stronger!

This is a big realm breakthrough, bringing various benefits!

Looking at David's breakthrough, Long Xiao's face was as ugly as eating sh!t!

David didn't make a breakthrough, but when Wuhou was at his peak, Long Xiao couldn't defeat David quickly.

Now that David has made a breakthrough, it is almost impossible to defeat David, and David has gone through three breakthroughs of thunder tribulations, which is simply perverted!

"Go... let's go..."

In Long Xiao's mind, the old voice urged!

Long Xiao turned around and was about to run, but just as he turned around, David's voice came from his ear.

"There is no winner or loser, why do you want to run?"

"Didn't you say that one of us must die today?"

David said coldly.

Long Xiao was shocked, he didn't know, why did David suddenly appear beside him?

"Keep running, leave him alone..."

In my mind, the old voice urged!

Long Xiao did not look back and continued to run!

On Long Xiao's back, a black shadow appeared, followed by a big black hand, slapped towards David!

This is the appearance of the spirit, he is delaying David so that Long Xiao can escape!

"Hmph, it's just a soul without a local, and dare to shoot at me..."

David snorted coldly, and his palm was shot out instantly, golden light burst out on the palm, and there was a light blue flame!

The moment David touched the big black hand, he directly blew the big black hand, and a scream came from behind Long Xiao!

Long Xiao didn't dare to look back, so he could only run as fast as he could, the cold sweat on his forehead kept pouring down!

At this moment, Long Xiao has long lost his self-confidence and is terrified inside!

“Quick, cast space spells and trap him...”

In Long Xiao's mind, the old voice said.

And in this voice, there is also a trace of panic. As soon as he shot, he was injured by David, and this soul was also afraid!

Long Xiao hurriedly thought of the movement method, and then the entire void began to distort and deform!

David and Long Xiao, who were originally in tandem, seem to be far apart at this moment, but they seem to be very close!

“Space magic?”

David raised the corner of his mouth: “This space technique is not very good!”

As David said, he punched the void in front of him, only to see a golden light flashing in the void, followed by an explosion!

The entire void was shattered by David in an instant!

The void shattered, David saw clearly again, Long Xiao was running in front of him with a face full of panic!

“I still want to run...”

David stepped out, and his figure instantly appeared in front of Long Xiao, followed by a golden fist, which smashed into Long Xiao’s chest, and Long Xiao spurted out a mouthful of blood.

Long Xiao’s body flew up instantly, forming a parabola in mid-air. Long Xiao, who had already escaped some distance, was punched back to the martial arts field by David!

Long Xiao’s body slammed heavily on the martial arts arena, and his eyes were full of horror as he looked around!

Everyone looked at Long Xiao and burst into bursts of hilarious laughter and contempt!

## **Chapter 1608**

Long Xiao got up and glanced at those who laughed at him for a week.

Feeling the killing intent on Long Xiao, those people also closed their mouths instantly, because the battle is not over yet, who can guarantee that David will win in the end?

Just now, David was still at a disadvantage, but he made a breakthrough in the battle. If Long Xiao had any chance to defeat David, wouldn’t these sneering people be dead without a place to be buried?

David's body slowly fell from the air and landed in front of Long Xiao.

"I said, you can't escape, one of us must die..."

David looked at Long Xiao and said coldly.

"How could you even break the void?"

Long Xiao's eyes were full of panic, and his brows were tightly wrinkled together.

"I'm not just breaking the void, I'm going to break your head..."

After David finished speaking, he stepped out with one foot, and then he swung his fist out in an instant!

Above the fist, the golden light flickered, with the potential to destroy the dry and the rotten, and the whole world changed color!

Long Xiao was shocked, and a black light rose from his body, trying to block David's attack!

boom!

But it was useless, the black light on Long Xiao's body was shattered in an instant, and then his whole body was blown away!

Long Xiao in mid-air vomited blood, his expression extremely ferocious!

Seeing this scene, everyone became excited and started shouting again.

“Kill him, kill that Long Xiao...”

“Come on, Long Xiao must not be allowed to live!”

“I’m going to cut him with a thousand swords...”

Many people began to cheer for David and unanimously condemn Long Xiao!

Zhao Chuang listened to the shouts of the crowd, and his eyes were full of contempt. Whoever is strong in this gang of grassroots will support whoever!

Listening to the roars of the crowd, Long Xiao was furious, but there was nothing he could do.

At this time, David turned his head to look at everyone. The people sitting here are all people from the Kyoto martial arts world, covering almost all Xiuwu families!

“What does it have to do with you if I kill him or not? Don’t think so, I’ll forget how you guys targeted me...”

David’s face was cold and his tone was gloomy!

In a word, all those guys in the martial arts world shut up, each with an embarrassing expression!

“Hahaha, these guys are nothing but grass on the wall. In the martial arts world of Kyoto, it is also sad to wait for these people...”

“David, you are also a man, use all your strength and fight to the death with me...”

Long Xiao wiped the blood from the corner of his mouth, and the soul in his body slowly emerged. The entire black mist enveloped Long Xiao’s body!

“Fight to the death with you?”

The corners of David’s mouth rose: “You’re not worthy...”

After finishing speaking, David’s figure instantly turned into a golden light, and in a flash, he arrived in front of Long Xiao!

boom!

It was another punch, but this punch had the power of breaking the ground and hit Long Xiao’s chest directly, causing Long Xiao’s chest to sag, and his whole body began to twist!

“This David is far more powerful than I imagined. I’ve been thinking too much...”

Above the stand, Mr. Shi slowly got up and left directly.

He felt that he was unnecessary for this trip. He should imagine David and believe that David can win!

“what...”

Long Xiao roared, his anger was full of anger, he didn’t know how to vent it!

He found that in front of David, he didn't even have the ability to fight back!

This sudden power gap made it difficult for Long Xiao to accept!

"Calm down, calm down..." The old voice in Long Xiao's mind kept reminding: "We still have a chance..."

After the old voice finished speaking, he saw black figures struggling out of Long Xiao's body!

Like a clone, every figure that struggles out has an endless breath!

Looking at the constantly appearing figures, Long Xiao felt a little stupid!

He doesn't even know what these are!

### **Chapter 1609**

"These are all resentful souls whose strength has been absorbed by you. Now you listen to me and do it..."

The old voice urged Long Xiao to attack David!

Long Xiao shouted angrily, and then his figure flashed, moving towards David unpredictably!

Long Xiao moved, and the shadows moved at the same time.

Long Xiao was surrounded by shadows, and he couldn't see it at all.

The breath is constantly rising, and every shadow can add strength to Long Xiao's attack!

Soon, a vast force erupted, and countless black shadows overlapped and finally converged on Long Xiao!

David quietly watched Long Xiao's attack!

With no expression on his face, he just stood there quietly.

After Long Xiao was in front of him, David clenched his fist, the golden light flashed, and he smashed it out!

David knew that in the face of absolute power, all gorgeous tricks were illusory!

With one punch, the golden light suddenly appeared, and a force that swallowed mountains and rivers instantly drowned the entire martial arts field!

Even the mountains not far away, under this huge force, are constantly vibrating and making noises!

Long Xiao frowned, he felt an approaching danger!

There was fear in Long Xiao's heart, and this fear made him no longer show that kind of domineering!

Long Xiao was afraid of being beaten by David...

“waste...”

The old voice snorted disdainfully, he could feel the fear that Long Xiao had in his heart!

With an angry shout from the soul, the dark shadows that originally gathered around Long Xiao actually reappeared and surrounded David!

Only then did Long Xiao realize that it wasn't him who really attacked him, he was just a bait!

David's punch slammed into Long Xiao's body, causing Long Xiao's body to crack instantly, and blood shot out!

But at the same time, David was also shrouded in countless black shadows, like a ghost eating his heart, trying to devour David!

Long Xiao fell to the ground, his heart was full of anger, it was very difficult to stand up!

But seeing that David was trapped, Long Xiao's anger also subsided a lot!

Long Xiao never thought that he would be betrayed by the soul in his body!

“You don't have to be angry. I gave everything you have now. If I can give you, I can give it to others. Go and kill David now...”

The old voice said slowly.

Long Xiao stood up, his eyes swept around, everyone felt Long Xiao's gaze, and lowered their heads one after another!

Finally, Long Xiao's eyes fell on the hurried Long Family master!

"Come over here..."

Long Xiao ordered to several people.

Several experts from the Long family walked over cautiously.

"Master, what are your orders?"

Several experts from the Dragon family asked.

"Let's use your strength..."

After Long Xiao finished speaking, several black rays of light shot out from the palm of his hand, and instantly hit several masters of the Long family!

Immediately after that, with Heimang as a guide, the energy from the masters of the Long family kept pouring into Long Xiao's body!

Several dragon masters struggled, but it was useless!

In just ten seconds, several dragon masters have become mummified corpses!

Long Xiao also felt the comfort he had never felt before!

“This time, let’s truly integrate...”

The old voice sounded slowly, and then Long Xiao felt the aura in his body rising!

Slowly behind Long Xiao, a huge black shadow appeared!

I saw the black shadow holding the whisk and hanging behind Long Xiao, and everyone looked at the scene in front of them in surprise.

It was the first time they saw what the soul looked like.

Long Xiao didn’t notice the change behind him, but suddenly slapped it with a palm. A huge palm appeared in the air, and a terrifying aura rolled in!

## **Chapter 1610**

This palm shot directly at David. Now David is trapped, and there is no way to deal with this palm!

“Do you really think this will trap me?”

With a sneer, I saw golden light flickering on David’s body, followed by a holy and pure light rising into the sky!

The shadows that trapped David instantly disappeared under this light!

And David slapped it gently with a palm, directly smashing Long Xiao’s huge palm!

“It turns out that the soul in your body is a demon...”

David looked at the shadow behind Long Xiao and said coldly.

Long Xiao's face was extremely ugly. This David just pretended to be trapped on purpose, and it seemed that he was happy for nothing.

Long Xiao has used almost all of his strength now, but he can't help David at all!

Now even the souls have truly merged, but there is still nothing to do with David!

Long Xiao couldn't understand why this David was so strong, why was he able to press him everywhere?

Long Xiao's face was ugly, and the soul behind him was even more ugly than him!

The reason why he followed Long Xiao's true fusion was to kill David!

But I didn't want David to pretend to be trapped.

Now that the soul has truly merged with Long Xiao, it will be life and death. If Long Xiao dies, the soul will also be scattered.

After living for thousands of years, I have always dreamed of being reborn, but if the soul is scattered like this, how can this soul accept it?

"I will never allow failure..."

Long Xiao shouted loudly, but the sound he made was very old and hoarse!

David knew that this was the voice of the soul!

Soon, I saw the dust in the hands of the souls, and above their heads, a huge black hole appeared. The black hole has endless suction and intends to suck David into it!

With the appearance of the black hole, a trembling aura continued to spread, and everyone became nervous!

“Everything is born, everything is destroyed, everything has a destination...”

Long Xiao kept muttering something, and the aura emanating from the black hole became more and more terrifying!

David looked up at the black hole, and finally had a dignified look on his face!

“Is this trying to send me away?”

David narrowed his eyes slightly: “But I broke this space...”

David’s body jumped up and went straight to the black hole.

At the same time as he jumped up, David exuded endless golden light.

“Holy Light Fist...”

One after another, the holy light of Shiraori continues to move towards the black hole!

Holy Light Fist is also an ancient technique, which was passed down to David by an old devil who has existed for thousands of years, and the mystery is naturally unfathomable!

David himself has not fully comprehended the mystery of Shengguang Fist!

One after another holy light was swallowed by a black hole!

“Hahaha, it’s useless, this is the call of the underworld, nothing can stop it.”

The soul laughed.

David did not make a sound, but kept waving his fists towards the black hole, and the holy rays of light disappeared into the black hole!

Soon, the heaven and the earth trembled, and then the whole sky began to twist, as if being pulled hard.

boom...

A white light burst out from the black hole, as bright as the sun.

And the black hole disappeared without a trace in an instant under this fierce white light!

The light gradually faded, and the sky returned to its original appearance!

Long Xiao was dumbfounded, and so was the soul behind Long Xiao...

“That’s it?”

David smiled coldly!

After speaking, David jumped up, and then a golden spiritual force smashed towards Long Xiao!

boom!

This punch directly spit out blood from Long Xiao's mouth, and the spirit behind him also staggered and became dim.

"Go hard, you and I can't escape..."

The soul said to Long Xiao with resignation.
