

A Man Like None Other Chapter 1711 – 1720

Chapter 1711

...

In Daxia, on an extremely desolate road, a black car was driving fast!

It was Kazuo Kawaguchi and two other messengers sitting in the car!

At this time, they had already boarded the plane back home.

Watanabe Jun was beaten to death by David, so there is no need for their messengers to stay.

It's just that after a few people bought air tickets, a golden cicada came to escape and did not return to China.

“Kawaguchi-sama, where are we going?”

A messenger asked at this time.

“Drive, don't ask questions...”

Kazuo Kawaguchi closed his eyes slightly and said lightly.

The messenger didn't dare to speak, but kept driving, and when there was no one inhabited and there were no roads, the car stopped!

Kazuo Kawaguchi got off the car and looked at the majestic mountains and the boundless virgin jungle, with a faint smile on his face!

“It’s been more than 20 years, I didn’t expect that I would have a chance to come back...”

After speaking, Kazuo Kawaguchi plunged into the primeval forest, and the two messengers followed closely behind him!

After walking for more than half an hour, Kazuo Kawaguchi and the others suddenly stopped, and then with a wave of their palms, two figures appeared directly in front of the originally empty eyes. These two figures quickly threw out the weapons in their hands, straight Go to Kazuo Kawaguchi!

However, the weapon was easily caught by Kazuo Kawaguchi and then dropped on the ground.

The two figures were stunned for a moment, and after looking at each other, their figures disappeared out of thin air!

But Kazuo Kawaguchi waved his hand again, and the two figures appeared again!

“A bunch of pig-like idiots, the checkpoints haven’t changed for 20 years...”

Kazuo Kawaguchi said angrily.

As soon as the two figures heard it, their figures became more and more obvious. I saw two samurai wearing black samurai uniforms and holding samurai swords, looking at Kazuo Kawaguchi and the others in confusion.

When the two messengers behind Kazuo Kawaguchi saw this, their eyes widened. They didn't expect that there would even be warriors from their island country appearing on Daxia's territory!

"Who are you?"

one of the samurai asked.

"Let Ono Jiro come to see me, this idiot..."

Kazuo Kawaguchi said with a cold face.

When the two samurai heard this, they were all surprised, and then one of them turned around and ran away quickly!

Soon, the samurai came in a hurry with a middle-aged man!

When the middle-aged man saw Kazuo Kawaguchi, he was shocked and quickly stepped forward and said, "We welcome Lord Kawaguchi, I wonder why Lord Kawaguchi came here suddenly?"

"Is there any new order from the headquarters?"

Kazuo Kawaguchi looked at Jiro Ono in front of him, and he stepped forward and slapped him twice!

Ono Jiro didn't dare to say anything, he could only keep on hi hi!

"You idiot like a pig, the checkpoint is not flexible, and you send this kind of rubbish on duty, did you let the door get caught?"

Kazuo Kawaguchi cursed!

"Lord Kawaguchi, we have never been exposed here over the years, and no one has ever been here..."

Ono Jiro explained.

"Idiot, can you relax your vigilance without ever being exposed?"

Kazuo Kawaguchi shot again and slapped a few times!

Ono Jiro's face was flushed red, and he didn't dare to speak!

Soon, Kazuo Kawaguchi and the others were taken into a cave. The cave was extremely wide, and there were all living facilities in it.

All the people living in it are island warriors, and they all have a good atmosphere!

This made the two messengers stare blankly.

"You all leave!"

Kazuo Kawaguchi waved his hand, and everyone retreated, only Ono Jiro remained in the room!

“Lord Kawaguchi, is there an order from the headquarters? For so many years, we have been living in seclusion here, and we are all suffocated...”

After everyone went out, Ono Jiro said hurriedly.

Chapter 1712

“There is no order, I just come to inspect and see if you are slack. As a nail in Daxia, you must always be vigilant!”

Kazuo Kawaguchi taught a lesson.

“Hey, Kawaguchi-sama is right!”

Ono Jiro said.

“In a few days, I will bring a woman over, you have to take care of me.”

Kazuo Kawaguchi said.

“Women?” Ono Jiro was taken aback for a moment: “Lord Kawaguchi, according to our regulations, women or people from Daxia are never allowed to enter.”

“I know this rule, but this woman is very important to us. I can’t bring her back to the island country, I can only bring her here for research!”

Kazuo Kawaguchi narrowed his eyes slightly!

“What kind of woman is it that makes Lord Kawaguchi so concerned?”

Ono Jiro asked curiously.

“Baga...” Kazuo Kawaguchi frowned: “You are not qualified to ask these questions.”

“Understood!” Ono Jiro nodded again and again!

Kazuo Kawaguchi stayed at the secret base for only one day and left quickly!

But this time, he was the only one left!

...

Kyoto, Dragon Gate!

There are more than a dozen people standing on the square. These people have different strengths, but they are full of energy and energy!

“Brother David, according to your request, only these people will be selected for the time being.”

Long Xingxu said to David!

David nodded slightly: "The soldiers are precious, and there are not many. Have you explained clearly what you should explain?"

"It's all explained!" Long Xingxu said.

"Okay, then we'll set off now. When we return, I hope you can reach the peak of Marquis..."

David patted Long Xingxu on the shoulder.

"Brother David, what is the place that can make people practice so fast?"

Long Xingxu asked curiously.

"You'll know when you go."

David smiled faintly!

Soon, David took these people straight to Penglai Island. There is also the stone statue of the Gorefiend on Penglai Island. It contains infinite spiritual power. If it is absorbed, everyone's cultivation speed will definitely speed up!

David decided to let these talented people step into the world of cultivating immortals. Although the spiritual energy of heaven and earth is depleted, it will suppress the cultivators, but David himself is not suppressed by the world at all, so he plans to use his blood to let these people Step into the world of immortal cultivation, so that they will not be suppressed by the secular world!

In the near future, if the spiritual energy recovers, the gods and demons will reappear, and the martial arts world will begin to be lonely. If David wants to gain the upper hand, he must start at this time!

This is why David asked Long Xingxu to provoke people with extraordinary talents, and it was impossible to bring everyone from Longmen into the world of immortality on a large scale. David was not capable of that.

When David brought everyone to Penglai Island, everyone felt the novelty!

“Brother David, is this the Penglai Island? It’s like a fairyland...”

Long Xingxu also sighed.

And that Du Nan, after knowing that David was coming, immediately brought people to greet him, welcomed David into the palace, and sat on the throne!

“Du Nan, during this time, has the stone statue changed?”

David asked Du Nan.

“Back to Mr. Chen, the stone statue is not moving, but every night, there will be a lot of dew on the stone statue. I don’t know why!”

Dunan replied.

“Condensation of dew in the middle of the night? Is it related to the wet weather?”

David frowned slightly.

“No, the weather was like this before, but this has never happened on the stone statue!”

Du Nan shook his head.

“This is strange, when it’s late at night, take me to see it!”

David really wanted to go and see what was going on. After he finished speaking, he said to Long Xingxu and the others: “You all go to rest, familiarize yourself with the environment in the past few days, and I will teach you in a few days. A new practice!”

Chapter 1713

Long Xingxu took people away, but David did not rest, but used his own blood to start refining medicinal pills. As long as these people took this medicinal pill, they would not be restricted by the world!

Until midnight, Du Nan found David, and then the two walked towards the back of the palace!

The forbidden area behind the palace is still in ruins, maintaining its original appearance. David looked at the scenes in front of him and remembered the scene of this battle again!

The stone statue lay down on the ground, and it has long lost its original majesty.

Soon, when the time came, I saw a faint light emitting from the stone statue, and then I saw drops of crystal dew emerging from the stone statue!

David stepped forward and touched it lightly with his hand. The dewdrop was instantly absorbed by David, and a refreshing feeling hit David, which made David feel very comfortable!

“These dewdrops contain a lot of spiritual energy, don’t waste it, send someone to collect it!”

David ordered to Du Nan.

Although David doesn't know why this statue is like this, but these dewdrops contain a lot of spiritual energy, this is a fact!

In the next few days, Long Xingxu led people to get acquainted with the environment of Penglai Island, which can be regarded as letting everyone relax!

And David is diligently refining medicinal pills!

Finally, the refining of blood-red elixir was completed, and these were all elixir with the blood of David!

David summoned Long Xingxu and the others, and then ordered the pills to be taken!

Looking at the blood-red elixir and the disgusting bloody smell, it is really hard to swallow!

However, no one dared to disobey David's orders, and they swallowed them all!

When the medicinal pill entered the body, everyone only felt a warm current flowing through the whole body, and the meridians and even the blood seemed to be changing!

Immediately after that, David's consciousness instantly covered everyone's consciousness, and a series of exercises were introduced into the minds of these people!

“From now on, you have to forget the previous exercises and focus on the new exercises. If you have any difficulties in the middle, you can ask me at any time!”

David said to the people in front of him.

“As ordered!”

These people were all excited, and then began to practice under the arrangement of David!

When these people were cultivating, David was not idle, he stayed in front of the stone statue all day, absorbing the spiritual power in the stone statue!

And the stone statue emits aura every night, condensing into dewdrops, and David asked Du Nan to collect these dewdrops and send them to Long Xingxu!

In this way, these people spend their days on Penglai Island!

On the other side of the capital, even if David is not there, the entire martial arts world is peaceful, and no one dares to trouble Longmen!

As for Gu Linger and the others, they lived very comfortably in the Red Lotus Palace.

A group of girls together, talking and laughing, very happy!

These people especially like to listen to Ge Yuhan tell some strange things in the past.

However, they didn't know that what Ge Yuhan said was from personal experience, not from hearing about it!

At noon, several girls gathered for dinner again!

"Why don't you see Sister Yuhan today? I'm still waiting for her to talk about the ascension of immortals..."

Xiaoru looked over and found that Ge Yuhan was not there, so she asked.

"Maybe something happened. We won't wait for her anymore. I always feel that Sister Yuhan is mysterious sometimes."

Gu Linger said.

Everyone didn't care, and started to eat!

But I don't know, at this time, Ge Yuhan was already in a car that was speeding away from Kyoto!

Ge Yuhan's eyes were tightly closed, and his face was also very ugly!

And it was Kazuo Na Kawaguchi who was driving!

At midnight, Kazuo Kawaguchi stopped the car, and then took Ge Yuhan and walked towards the dense forest!

At this time, Ge Yuhan was already sober, looking at Kazuo Kawaguchi in front of him, he did not panic!

Kazuo Kawaguchi took Ge Yuhan to the secret base all the time, and he was relieved!

Chapter 1714

When Ono Jiro saw Kawaguchi coming back, he quickly asked, “Lord Kawaguchi, where is this woman going to be locked up?”

“Damn, this woman is very powerful, she should be sent to a Class A cell!”

Kazuo Kawaguchi said.

Ono Jiro nodded, and then sent someone to hold Ge Yuhan down!

And Kazuo Kawaguchi took off his shirt, and a shocking wound appeared on his shoulder!

Looking at the wound on his body, Kazuo Kawaguchi’s eyes showed a fierce look.

After simply treating the wound, Kazuo Kawaguchi walked towards the cell, and then waved at Jiro Ono: “You all go out, I have something to say to the little girl!”

Kazuo Kawaguchi walked to the cell, which was wrapped in a formation that could suppress the strength of the people locked inside!

However, facing Kazuo Kawaguchi, Ge Yuhan did not panic at all!

“Who are you? Why do you know the secret sorcery thousands of years ago? Are you reborn or possessed by a soul?”

Kazuo Kawaguchi asked Ge Yuhan.

Ge Yuhan showed a trace of disdain: "I won't tell you what my identity is, you can investigate it yourself if you have the ability!"

Kazuo Kawaguchi's eyes narrowed slightly, and a sense of consciousness instantly enveloped Ge Yuhan!

But just as this divine sense entered Ge Yuhan's body, it was immediately cut off by a force in Ge Yuhan's body!

Kazuo Kawaguchi was startled, and his body quickly retreated: "You... your strength has not been suppressed?"

Ge Yuhan raised the corner of his mouth: "Just your little tricks, in my eyes, you're nothing more than ants..."

Ge Yuhan's body is the soul of a saint from the Guanghan Palace thousands of years ago. It is a joke that Kazuo Kawaguchi wants to enter his spiritual consciousness into Ge Yuhan's body!

If it is not suppressed by the power of heaven and earth, the strength of the saint can only be used half, how could it be caught by Kazuo Kawaguchi!

But Ge Yuhan is not afraid, even if Kazuo Kawaguchi catches her, it will not be so easy to kill her!

Kazuo Kawaguchi stared at Ge Yuhan, and finally turned around helplessly and walked out!

“Let me watch her, don’t let her run away, and no one else is allowed to touch her, otherwise you will eat the bitter fruit.”

Kazuo Kawaguchi told Ono Jiro.

He intends to go back and invite the Soul Search Master to come over. Kazuo Kawaguchi knew that there must be a very powerful soul living in Ge Yuhan’s body.

And this soul is likely to exist for thousands of years, this kind of powerful soul, he has no way to surrender, he can only go back and ask for help!

Soon, Kazuo Kawaguchi took people away from Daxia and returned to the island country!

...

The disappearance of Ge Yuhan made Gu Linger and Ji Ruxue anxious.

It’s been a long time, but I still can’t find Ge Yuhan’s figure!

After knowing that Ge Yuhan was missing, the entire Longmen was looking for it, including the Ge family who did their best!

It’s just that no one knows Ge Yuhan’s true identity, and there is no way to start!

Ge Fuhai knew, but he couldn’t say it, and he didn’t dare to report to the clan elder!

It seems that this matter can only be handled by David!

At this time, David is rapidly absorbing the spiritual power in the stone statue!

David didn't know why, the resistance force in the original stone statue disappeared completely, and now this stone statue has become a resource for David and those Longmen disciples!

In just ten days, David's strength has directly stepped into the realm of the third-rank Great Marquis, but no matter how David cultivates in the future, he can't feel the increase in strength!

"It seems that the spiritual power in this stone statue is not enough to support cultivation..."

David slowly opened his eyes.

When he saw the stone statue in front of him, the whole person was a little stunned. He saw that the stone statue was covered with dense cracks, as if it would collapse at any time.

Chapter 1715

"It seems that this stone statue won't last long. I don't know if it can support them until they break through the realm of Marquis..."

David got up and walked out of the forbidden area!

"Mr. Chen..."

Seeing David walking out of the forbidden area, Du Nan quickly stepped forward respectfully!

"How about other people's cultivation? Will there still be dewdrops on the stone statue every night?"

David asked Du Nan.

“Others are cultivating steadily, and the dewdrops produced by the stone statues have increased significantly in recent days...”

Dunan replied.

David nodded, and then checked Long Xingxu’s cultivation. David was quite satisfied with the progress of these people’s cultivation.

But just when David walked out of the palace and was about to wander around, he suddenly shook his head and frowned instantly!

“broken...”

David secretly screamed that it was not good, and after explaining a few words to Du Nan, he immediately rushed back to Kyoto!

There is a certain connection between Ge Yuhan and David. When he was in the Ge family, Ge Cangsheng asked David to plant a spiritual consciousness in Ge Yuhan’s body in order to make Ge Yuhan follow David at all times!

Although Ge Yuhan has a saintess soul in her body, she doesn’t need to follow David closely, but that divine sense still has a connection with David!

Now that Ge Yuhan was detained, David felt it instantly after he came out.

Back in Kyoto, after seeing David, Gu Linger and the others immediately surrounded him.

A group of girls chatted with David!

“Okay, needless to say, I already know!”

David waved his hand, then left the Red Lotus Palace and went to the Ge family!

He wants to know that Ge Fuhai asks to understand, Gu Linger and the other women, some things are unclear!

At this time, Ge Fuhai was already like an ant on a hot pot, but he knew Ge Yuhan’s identity.

“Dad, David is here...”

Just when Ge Fuhai looked anxious, Ge Jiayi pushed the door open and said to Ge Fuhai.

Hearing that David was coming, Ge Fuhai quickly ran out of the door to greet him!

“Mr. Chen, you are back, Ge...”

Before Ge Fuhai could finish speaking, David waved his hand and said, “I see, let’s chat in the room!”

Ge Fuhai nodded, then said to Ge Jiayi, "Jiayi, send someone to watch over the door, no one is allowed to enter!"

After speaking, Ge Fuhai followed David into the room, and then closed the door.

Afraid of being unsafe, Ge Fuhai waved his palm, and a piece of space magic instantly enveloped the two of them!

"Patriarch Ge, what's going on with Ge Yuhan? How could such a big man suddenly disappear? And her strength is not weak, it is logically impossible for anyone to attack her, but I feel that she is in danger."

David asked Ge Fuhai.

"Mr. Chen, I don't know either. I was informed by Miss Ling'er that the eldest Miss was missing. I don't even know how to explain it to the clan elder."

Ge Fuhai looked frustrated.

"Patriarch Ge, don't worry, now Ge Yuhan is not in danger. I can feel that she is being controlled, but I can't sense the exact location."

"Is there any way for your Ge family to know where Ge Yuhan is now, so that we can save her!"

When David looked for Ge Fuhai, he just wanted to know the location of Ge Yuhan!

Although David left a spiritual sense on Ge Yuhan, he couldn't sense Ge Yuhan's position!

“This... I don’t know either. Even if there is a way, only the clan elders know.”

Ge Fuhai said.

“Then take me to the secret realm immediately, and ask the old Ge clan. You can’t waste time.”

David was afraid that the longer the time dragged on, Ge Yuhan’s life would be in danger!

You must know that if Ge Yuhan is in danger, not only Ge Yuhan’s life will be lost, but the saintess soul in her body will also perish.

Chapter 1716

Originally, the Holy Maiden’s soul was already very weak. Without the protection of the flesh, under the suppression of the power of heaven and earth, it would definitely not survive.

“it is good!”

Ge Fuhai directly activated the space technique, and disappeared instantly with David!

When the two arrived at the Ge family land, they found that Ge Cangsheng was talking with an old man!

Knowing that David was coming, Ge Cangsheng hurriedly got up and went out to greet him, which shocked the old man.

The dignified old Ge family went out to welcome guests. Even if he came, he had never been treated like this!

With doubts, the old man also followed out!

“Mr. Chen...”

Ge Cangsheng hurried forward and respectfully shouted after David!

“Old Ge clan, I have something to look for you, so I took the liberty to come here!”

David said.

“What’s the matter with Mr. Chen, let’s talk inside!”

Ge Cangsheng hurriedly invited David into the room!

And the old man looked surprised when Ge Cangsheng went out to greet a young man!

“Lao Ge, who is this person? How can you be so respectful?”

The old man asked Ge Cangsheng.

“This is Mr. David Chen.” After Ge Cangsheng finished speaking, he said to David, “Mr. Chen, this is Jiang Wuya, the owner of Tianluolou.”

“Hello, Mr. Jiang!”

David nodded towards Jiang Wuya.

Jiang Wuya looked at David in shock, and then said excitedly: "You are the one who founded the Dragon Gate, fought with the Martial Arts Alliance, and killed the Watanabe family in the island country?"

David was stunned for a moment, his face full of surprise, he didn't understand how Jiang Wuya was in a secret realm, how could he know his own situation so well!

"Mr. Chen, the representative family of Tianluolou in the secular world is the Jiang family, then Jiang Wei is a person from Tianluolou!"

At this time, Ge Fuhai went to the sea and explained to David!

When David heard it, he suddenly realized that he realized that everything was what Jiang Wei said.

Moreover, it seemed that the Ge family had a good relationship with Tianluolou, so it was no wonder that when Jiang Wei met him for the first time, he was not full of hostility like the others!

"What the landlord said is not worth mentioning..."

David smiled slightly.

"It's really young and promising, young and promising..."

Jiang Wuya's eyes were full of envy!

"Mr. Jiang has won the prize. I have something to ask Mr. Ge, I'm sorry!"

David apologized.

“You talk, you talk...”

Jiang Wuya went to the side very wisely!

Ge Cangsheng waved lightly, a closed space appeared, and then said to David: “Mr. Chen, why are you looking for me in such a hurry?”

David directly told Ge Cangsheng about Ge Yuhan’s disappearance, and even said that Ge Yuhan was possessed by the Holy Maiden’s soul. After all, it was always wrong to hide this from Ge Cangsheng.

When Ge Cangsheng heard that Ge Yuhan was missing, he was immediately anxious. As for being possessed by the Holy Maiden’s soul, that’s nothing. When Ge Yuhan’s soul returns to its place, the Holy Maiden’s soul in her body will just leave!

“Old Ge clan, is there any way you can locate Ge Yuhan’s exact location so that I can save her...”

David came to Ge Cangsheng just to know the location of Ge Yuhan.

Ge Cangsheng frowned: “It is too difficult for us to locate Yuhan’s position, but if there is a master of spells, it is not difficult, they only need to draw a tracking symbol and sense the other party’s breath, then they will be able to Find someone!”

“It’s just that the spell spell has already decayed now, and there are very few people who know it. I don’t know where to find the spell master!”

When David heard Ge Cangsheng's words, his eyes suddenly lit up and said, "By the way, I know who can draw the tracking talisman."

David immediately thought of Hu Mazi. When Zhu Zhishan tracked David, he asked Hu Mazi to draw a tracer, which made David unable to escape Zhu Zhishan's pursuit no matter how he fled. !

Chapter 1717

Thinking of this, David was a little excited, and anxiously wanted to leave to find Hu Mazi!

Seeing David's fiery look, Jiang Wuya immediately stepped forward and said, "Brother David, did you encounter difficulties? If you encounter difficulties, I can ask the Jiang family to contribute, it's all my own, you don't have to be polite. !"

Jiang Wuya showed a strong interest in David, and it seemed that he wanted to win over David!

"Thank you, Mr. Jiang for your kindness. It's a personal matter. If necessary, I will go to the Jiang family."

David said gratefully.

"Okay, I will send someone to inform the Jiang family, as long as you speak, they must obey!"

Jiang Wuya smiled.

After David said goodbye to Jiang Wuya and Ge Cangsheng, he followed Ge Fuhai back to Kyoto, while David hurried non-stop towards Baihai City.

It is estimated that the sesame seeds are still in Wenrou Township.

When David arrived at Shen's house, Hu Mazi was indeed surrounded by two beauties, and Hu Mazi's face was not very good!

David can see at a glance that this is caused by excessive indulgence!

"David, why are you here?"

Seeing David, Hu Mazi waved the two beauties away and asked in surprise.

"If I don't come, it is estimated that you will die in Wenrou Township. Look at the way you are now, you have no energy at all!"

David glanced at the Hu Mazi helplessly.

Hu Mazi smiled and said, "You don't understand, I'm also cultivating..."

"You came here suddenly, do you have something to do with me?"

Hu Mazi got up and moved his muscles and said.

"I want you to spend me some tracers..."

David said.

“fcuk, the Flower Tracking Talisman is very mana-consuming, who are you tracking?”

Hu Mazi asked.

“Ge Yuhan, she’s missing...”

David replied.

“What? That girl can still be missing, is she lost? After all, it was different thousands of years ago.”

Hu Mazi knew that Ge Yuhan’s body was a soul that had lived for thousands of years!

“No, I can feel she’s locked up and in danger, but I can’t find her exact location.”

David said with a serious face!

Seeing David being so serious, Hu Mazi also put away his smile and frowned slightly: “That girl is very strong, and the person who can take her away is definitely not an ordinary person. Do you have something with her breath?”

To draw a tracking symbol, Hu Mazi must have the breath of the other party’s body, otherwise how to track it!

“I brought...”

With that said, David took out Ge Yuhan's underwear.

When Hu Mazi saw it, he was stunned for a moment. He swallowed and said, "Damn, you took these things on purpose to prevent me from drawing talismans with peace of mind?"

"I... I just feel that she has the strongest breath on this dress!"

David didn't think about it that much at the time, he went to the Red Lotus Palace and brought Ge Yuhan's underwear.

"Okay, give me the stuff!"

Hu Mazi took the clothes, then put them on the table, then took out a yellow talisman, and said something in his mouth!

Suddenly, the yellow talisman burst into flames, followed by Ge Yuhan's clothes, and bursts of blue smoke rose up!

As the runes burned to ashes, Hu Mazi frowned tightly: "Why so far?"

"What? Do you know where Ge Yuhan is?"

David asked.

Hu Mazi nodded: "Yes, follow me..."

After speaking, Hu Mazi's figure disappeared in a flash, and David followed closely!

The two of them each cast their own spells and moved forward rapidly!

Every time a certain distance passed, Hu Mazi would take out a tracking talisman and burn it to determine the exact position of Ge Yuhan!

Soon David followed Hu Mazi to the inaccessible jungle.

"Master Hu, you can't be wrong, how can people be caught here?"

David looked at the desolate jungle around him, feeling a little unbelievable!

Chapter 1718

"Don't worry, it's not wrong, do you still doubt me?"

Hu Mazi glanced at David.

"No...don't doubt..."

David smiled awkwardly, and then the two entered the jungle!

David followed Hu Mazi for more than half an hour, when David stopped suddenly, and directly held Hu Mazi!

"What's wrong?"

Hu Mazi turned around and asked.

David made a silent motion, signaling Hu Mazi not to speak, and then a line of consciousness slowly spread out!

Soon, David discovered that in the jungle in front, there were two people who directly integrated themselves into the jungle. If you don't need to detect it, it is difficult to find it!

"Ninja?"

David frowned slightly.

He didn't expect that in such a place, how could two ninjas from the island country suddenly appear?

And the ninjutsu of these two people is very powerful, if David had not noticed a breath in advance, I am afraid that they would have been deceived by these two people.

David winked at Hu Mazi, and then the two pretended not to know anything and started walking forward!

When the two ninjas saw David and Hu Mazi, they were all surprised, because very few people came here.

The two ninjas looked at each other, then flashed, and suddenly appeared behind David and Hu Mazi, and then two samurai knives were placed on David and Hu Mazi's necks!

"You two, what are you doing?"

A ninja questioned David and Hu Mazi.

The two were already mentally prepared, David reached out and grabbed the short knife, and with a slight force, the short knife broke directly!

The ninja was startled, he waved his hand suddenly, and a handful of white powder went towards David!

This is a move that their ninjas can use. If they encounter an enemy stronger than themselves, they will use the ecstasy to escape!

It's just that their fascination has no effect on David!

David sneered, then stepped out one step, and directly picked up the ninja!

Seeing this, another ninja waved the short knife in his hand, trying to chop off Hu Mazi's head!

"Damn, thought I was easy to bully..."

Hu Mazi's face froze, and then he flashed away, and then instantly threw out three spells in his hand!

The three charms burned, turned into three fireballs, and went straight to the ninja!

The ninja couldn't dodge in time, and his body was directly set on fire!

The severe pain caused the ninja to keep rolling on the ground, trying to put out the fire!

But Hu Mazi is a real fire, how can it be put out so easily.

In this way, the ninja was burned alive and turned into a coke!

This tragic scene was seen by another ninja, and his body kept shaking!

He struggled desperately, but found that he couldn't use his strength at all, as if the strength in his body was sealed!

"Who are you? Why are you here? Did you catch a girl?"

David asked the ninja.

"I don't know, we're just lost here!"

The ninja shook his head and said.

Seeing this, David slapped him: "Do you take us for fools?"

The ninja was slapped, stopped talking, and shut his mouth tightly!

"David, look at me, I will use the Bone Biting Talisman to make his life worse than death, see if he opens his mouth..."

Hu Mazi said, took out a yellow talisman, and then quickly drew on it!

Seeing this, the ninja suddenly gritted his teeth, and then his eyes widened, and a mouthful of black blood spurted out!

Seeing that the ninja committed suicide by taking poison, David frowned slightly!

It seems that these guys are not simple, the discipline is very strict, since they committed suicide by taking poison, they will not say anything!

David threw away the ninja's body at will, and said to Hu Mazi: "Master Hu, let's go, be careful later..."

Chapter 1719

Hu Mazi nodded, and then the two walked forward cautiously!

At the same time, David's consciousness spread, and he began to search around. As long as there were ninjas around, he could find it immediately!

At the same time, in the cave, Jiro Ono was looking at Ge Yuhan in front of him!

Looking at Ge Yuhan's beauty, Ono Jiro felt a little thirsty in his heart!

It's just that because of Kazuo Kawaguchi's advice, Jiro Ono didn't dare to do anything to Ge Yuhan.

Just as Ono Jiro got up, suddenly a sense of consciousness was sensed by him.

"Someone broke in..."

Ono Jiro's face changed, and he immediately ordered loudly, "Quick, someone broke in, one group met the enemy, and the others closed the camp!"

Soon, more than a dozen warriors in black hurriedly rushed out, and at this time, the entrance of the cave began to make a creaking sound, and the entrance of the cave was quickly closed, and the whole mountain merged into one, and could not be seen at all. !

"Master Hu, there are more than a dozen people here..."

David reminded Hu Mazi.

"I feel it, they are all a group of great martial arts, not even a Martial Marquis, garbage..."

Hu Mazi said disdainfully.

"These people are handed over to you, can you deal with them?"

David looked at Hu Mazi.

"Damn, look down on me?"

Hu Mazi said, chanting words in his mouth, and then the whole person instantly turned into the ninja who was just killed!

"I transformed into this appearance, and gave them a surprise..."

Hu Mazi smiled at David.

David almost forgot that Hu Mazi had learned the transformation spell and passed it on to him.

“Then, let’s watch your performance...”

David smiled lightly, followed by a vertical motion, hiding in the tree, and completely hiding his breath!

Hu Mazi pretended to be injured and started to walk forward, and was soon followed by more than a dozen samurai oncoming!

“what’s the situation?”

asked one of the leading group leaders among the samurai.

“Someone broke in and killed our people...”

Hu Mazi looked weak and pale.

“Baga, dare someone break into our camp, damn it...”

“You follow, and I’ll kill the intruder...”

The group leader roared, and then continued to walk forward with those samurai!

Hu Mazi followed behind and patted the last samurai on the shoulder.

“What’s up?”

The samurai asked back.

But when he just turned around, what he saw was a dazzling dagger. He saw a flash of white light, and the warrior’s neck was instantly cut open!

Before he could make any noise, the samurai went directly to see Hades!

As soon as Hu Mazi stretched out his hand, he supported the warrior’s body and let him slowly fall to the ground, so as not to disturb the people in front of him!

Hu Mazi moved cleanly and neatly, and the people in front didn’t even notice it at all!

And Hu Mazi now looks like their own people, no one will be wary of him at all!

In this way, Hu Mazi used the same technique to kill several warriors one after another, and David, who was hiding in the tree, almost laughed out loud!

At the end, the team leader was still walking forward cautiously, holding one hand on the samurai sword, ready to attack at any time!

After walking a distance, no intruder was seen. The team leader frowned slightly: "We will search separately, you..."

The team leader turned around and was about to give an order, but found that there was nothing behind him. Except for Hu Mazi, there was no one else!

The group leader was surprised: "Where are they?"

Hu Mazi shook his head: "I don't know..."

At this moment, the team leader's gaze towards Hu Mazi changed a bit, and then he suddenly pulled back: "Who the hell are you?"

Chapter 1720

When Hu Mazi saw that the stuffing was revealed, he laughed and changed back to his original appearance.

David also jumped down from the tree at this moment and said to Hu Mazi: "Master Hu, this transformation spell is really good, but it's a pity that it can't change the breath, if it can, no one can tell it!"

"A more powerful spell, you haven't seen it yet..."

Hu Mazi said proudly.

Seeing that David was chatting with Hu Mazi, the group leader ignored him. He was furious and pulled out his samurai sword, roaring and waving at David and Hu Mazi!

David just grabbed it casually, grabbed the samurai sword directly, and then with a little force, the samurai sword broke instantly!

When the group leader saw this, he was instantly stunned. At this time, he realized that he followed David and their strength gap!

The team leader turned around and wanted to run, but David slapped it into meat!

“The last guy, don’t leave it to me, let me have a lot of fun...”

Hu Mazi looked at the team leader who was shot to death by David, and said with a pity!

“There’s no time to delay, let’s go quickly...”

David rushed forward quickly, and Hu Mazi followed closely behind!

The two quickly arrived at the foot of the mountain. Looking at the unmarked peak, the corner of Ling Feng’s mouth raised slightly!

Those guys thought that if they disguised the entrance of the hole, David would not be able to find it!

Just now, David’s consciousness has already locked their position!

Looking at the mountain in front of him, David’s fist began to flash with golden light!

Immediately followed by a punch.

boom...

The entire mountain was shaking, and the hole in front of him was instantly blasted open!

“what happened?”

Ono Jiro looked shocked, the whole cave was shaking constantly!

“Captain Ono, someone broke in...”

A subordinate rushed to report.

“Quick, start the magic circle...”

Ono Jiro ordered loudly!

As for David at this moment, Ge Yuhan’s familiar aura was felt the moment the hole opened!

“It’s in there...”

David and Hu Mazi quickly ran towards the cave!

But just ran into the cave not too far, I saw dozens of white rays of light shining towards them!

Immediately afterwards, these rays of light were woven into a large net, and I saw David and Hu Mazi shrouded in it!

At the same time, Jiro Ono led someone directly over and surrounded David and the others.

“Who are you? How did you find this place?”

Ono Jiro asked.

“We are your ancestors. I found this broken place with a little magic.”

“Hurry up and let go of the girl you caught, or you will look good...”

David said to the Ono Jiro.

“It turns out that you are here to find the girl, but it is useless for you to come. No one can save the people who enter here.”

Jiro Ono’s face is full of confidence!

Now that David and the others are bound by the magic circle, Jiro Ono is not afraid at all!

“Who caught her? Anyway, with your ability, it’s impossible to catch that girl.”

David asked Jiro Ono.

Ono Jiro himself is only a Marquis, how could it be possible to capture Ge Yuhan!

Although Ge Yuhan's strength is suppressed, he can also exert the strength of the Great Wuhou, which is not comparable to Ono Jiro.

"Now that you know who caught it, what can you do? Soon you will all be dead..."

Ono Jiro smiled coldly and didn't say anything at all!

"Why, we are all prisoners, you dare not say it? Did your master tell you?"

David looked at Jiro Ono with a mocking expression.

He was deliberately angering Jiro Ono, and David wanted to know who could arrest Ge Yuhan!

When David saw these island warriors, he actually had a guess in his heart, but he wanted to verify whether his guess was correct.
