

## A Man Like None Other Chapter 1761 – 1770

### Chapter 1761

The group rushed to the ruins of Tianfuzong, and on the way David kept thinking about Zhou Jie's words!

If there is a chance, David decides to enter the dungeon of the Martial Arts Alliance once to see if Sonya is just the person who was mapped out as Zhou Jie said!

When David and the others arrived at the ruins of Tianfuzong, a few of them were quite familiar.

It was very smooth along the way to enter the position of the door!

Looking at the gate of Tianfuzong Ruins, David and Hu Mazi did not dare to act rashly!

David glanced at Fan Jiang, Fan Jiang waved his hands and said, "Mr. Chen, I can't open this door with my strength..."

In the end, David could only let the Gorefiend step forward and open the door!

boom...

The Gorefiend had no thought, he stepped forward and slammed the gate of Fuzong with a punch!

This punch directly caused a sensation, and the space of the entire ruins began to fluctuate and become distorted!

David was stunned. He didn't understand how the Gorefiend punched the door, how could it still cause fluctuations in space?

"Bold madman, trespassing on Tianfuzong, the crime is unforgivable..."

A faint voice came from the ruins of Tianfuzong!

Accompanied by the sound, one after another killing aura came, which was extremely terrifying!

David and the others felt the murderous aura, and their expressions all changed greatly, and they hid behind the Gorefiend!

Fan Jiang also hid behind the Gorefiend, and several people used the Gorefiend's body as a shield!

ding ding dong ...

The slaughtering aura of that one after another hit the Gorefiend without leaving a single scar at all!

Immediately afterwards, the Gorefiend was punched out again, and the gate of Fuzong fell down that day!

As the gate of Tianfuzong fell, a figure appeared in the void, and I saw an old man with Tongyan Hefa, wearing some white clothes, floating in the air!

Seeing this, Hu Mazi hurriedly knelt down to the ground: "Disciple Hu Mazi, see the Patriarch..."

It's just that the old man didn't seem to look at Hu Mazi, but looked at the body of the Gorefiend: "I didn't expect that after thousands of years, the body of this old demon will not rot, and it has been turned into a puppet corpse by you little dolls..."

Seeing this, David hurriedly said loudly: "Senior, I don't mean to offend, it's just that Tianfuzong's spells are invincible in the world. If it is lost, it will be a pity for the whole person's cultivation world, so I waited to come here, I hope Can carry forward the talisman technique of Tianfuzong..."

David was a rainbow fart at the old man, making him complacent!

"You little baby can talk, but my Tianfuzong talisman technique is not rumored quickly. You are not my disciple, so how can you promote my Tianfuzong's talisman technique?"

The old man asked David.

This made David confused, but David pointed at Hu Mazi and said, "This Master Hu is from your school, you can pass the spell to him..."

When Hu Mazi heard this, he was very excited, and he thanked David's eighth ancestors for a long time!

He didn't expect that David would push himself out at this time and let himself be inherited!

Hu Mazi was trembling all over!

“Hmph, as a talisman master, full of women, how to carry forward my sect’s talisman technique?”

The old man snorted coldly.

David couldn’t help laughing out loud, while Hu Mazi was full of frustration!

Then the old man looked at David and said, “Are you willing to worship me as a teacher now and become a member of my Tianfu Sect?”

David was stunned for a moment, a little embarrassed!

The old man was obviously already dead, and the remaining ray of spirituality is here.

How could he worship a spiritual sense as a teacher?

Seeing David’s hesitation, the old man said with an unhappy expression: “If you don’t want to, then go back. I won’t pursue the matter of destroying my sect...”

“Senior, I would like to...”

David was helpless and could only agree.

## **Chapter 1762**

Hu Mazi looked at David and was speechless for a while. If David really worshipped the old man in front of him as his teacher, wouldn’t he be his own ancestor...

“Okay, since you are willing, then step into the sect, others will not wait to break in...”

After the old man finished speaking, his figure disappeared from the air!

David looked at the dark appearance in the sect, and said to Hu Mazi: "Master Hu, you guys are waiting here, I'll go in and have a look..."

"David, you have to be careful!"

Hu Mazi warned.

David nodded, and then stepped into the sect!

After David stepped into the sect, the space behind him fluctuated, and then the entire figure disappeared!

And after David stepped in, the dark scene in front of him disappeared, followed by a towering palace, and a peaceful and busy scene!

I saw that everyone here is dressed as a talisman, and the spells in the sky are flying at will, but these people seem to be unable to see David at all!

"Is this the prosperous period of Tianfuzong?"

David couldn't help muttering to himself!

Just when David was stunned, the old man suddenly appeared in front of David and said to David, "Come with me..."

David nodded and followed the old man into the towering hall!

Then he stopped in front of a statue, and then the old man said something, and the statue flashed three times.

At this time, the old man looked at David and said: "To enter my Tianfu Zong, you need to have no distractions, a good heart and a firm heart. Now I want to enter your body, you have to relax yourself and let go of all your spiritual consciousness!"

David also had no ink marks, closed his eyes slightly, and opened his spiritual sense, waiting for the old man to check!

Soon, the old man turned into a light and entered David's body instantly!

The old man had just entered David's body, and the spiritual sense kept wandering, but when it came to David's mind, a burst of golden light suddenly shone, and then a golden dragon hovered in an instant, and opened its bloody mouth toward the old man!

Jinlong's eyes are like lanterns, his eyes are full of arrogance, and he looks down at the old man condescendingly!

The old man's face changed greatly, his spiritual sense kept retreating, and he hurriedly exited David's body!

David opened his eyes and found that the old man was already sweating profusely at this time, and his eyes were full of fear!

"Senior, can you finish the inspection?"

David asked.

The old man didn't say a word, and it took a long time for him to recover.

"You are the true body of Jinlong, the son of Tianlong, I am taking the liberty, please forgive me..."

As the old man said, he actually knelt down to David!

David looked surprised and hurriedly helped the old man up.

"Senior, many people say this to me, can you tell me who my father is? Is it a dragon?"

When David saw that the old man also said that he was the son of a dragon, he immediately asked.

Seeing David asking this, the old man asked curiously, "You don't know who your father is?"

David shook his head: "I haven't seen my biological parents since I was born..."

When the old man heard it, he was silent for a moment and said, "This may be the will of God, the rejuvenation of spiritual energy, and the catastrophe of the heavens will appear again. Maybe you are the one who stirred this catastrophe!"

"It is also an honor for our Tianfu Zong to teach you the spells of our Tianfu Zong..."

When David heard the old man, he became even more puzzled. He wanted to continue to ask, but the old man smiled slightly, and his whole body radiated light!

Immediately afterwards, the old man's body slowly blurred and turned into runes, which quickly entered David's body!

David only felt a sharp pain in his brain, and then a series of spells began to flash!

David hurriedly sat cross-legged, digesting this huge talisman technique!

At this moment, David's aura is growing rapidly!

### **Chapter 1763**

Hu Mazi waited outside with Fan Jiang.

But after waiting for a long time, David did not come out!

"Master Hu, is Mr. Chen all right? Why haven't you come out for so long?"

Fan Jiang asked.

"It should be fine, we're waiting..."

Hu Mazi said.

The two continued to wait until the Gorefiend's body fell to the ground with a bang. Only then did the two know that they had been waiting here for several days.

This time, Hu Mazi was also a little anxious.

"This guy, the control time of the Gorefiend's body has come, why is there no shadow? It's a waste..."

Seeing the Gorefiend falling to the ground, Hu Mazi sighed for a while!

"How about we go in and look for it?"

Fan Jiang said.

"Who knows if there are hidden weapons in it, just with the ability of the two of us, we will die after entering..."

Hu Mazi knew that the hidden weapons in Tianfuzong would be even more powerful, and the two of them couldn't resist it at all!

In this way, the two waited for another day, and suddenly in the dark sect, a burst of golden light exploded, illuminating the entire ruins!

Only then did they see clearly that David was sitting cross-legged only a dozen meters away from them!

I saw that the golden light on David's body continued to flicker, like the sun, illuminating the entire ruins!

David suddenly opened his eyes, and a golden light shot out from his eyes!

The breath on the body exploded!

David clenched his fist and felt very comfortable throughout his body.

"This... am I breaking through to the fifth-rank Great Marquis?"

David's eyes were full of surprises. He didn't expect to digest the talisman technique and let his strength directly leap from the third-rank Dawuhou to the fifth-rank!

To know that this kind of leaping across the realm requires too much resources and energy.

The golden light on David slowly disappeared, and the entire Tianfuzong ruins returned to darkness!

At this time, David recited a few words and drew a picture in the air!

Immediately afterwards, a flame burned in the air, and the flames were burning brightly, re-illuminating the ruins of Tianfuzong!

David looked around, only to see rubble everywhere, and among these rubble, there were a lot of bones scattered!

These bones should all be disciples of Tianfuzong!

Looking at the tragic situation in front of him, David thought of the peaceful scene he had just seen.

It seems that the war between gods and demons thousands of years ago was really tragic...

"David, has Tianfuzong's talisman technique passed on to you?"

Hu Mazi hurried forward and asked David.

David nodded.

Hu Mazi was very happy: "Remember, there is time to teach me..."

"Mr. Chen, since you can get the inheritance, let's go..."

Fan Jiang said.

"Okay!" After David finished speaking, he found that there was no Gorefiend, so he said in surprise, "Where is the Gorefiend?"

David released his divine sense and found that his divine sense could not be connected with the Gorefiend.

"It's time for puppet corpse control..."

Fan Jiang pointed to the corpse of the Gorefiend lying on the ground.

Seeing this, David had a look of annoyance on his face. He didn't expect that he had stayed for several days.

Although the strength has improved a lot, it is completely impossible to control the Gorefiend!

David was helpless and could only put the Gorefiend's body into the storage ring, and then glanced at the Tianfuzong ruins, a light blue flame appeared in the palm of his hand!

With a wave of the palm, the flames are overwhelming, and the scattered bones on the ground are all burning in the fire!

Looking at the ruins of Tianfuzong turned into ashes, David walked out with Hu Mazi and the others!

David, who got the inheritance of the spell technique, immediately went to the dungeon to find a way to rescue Sonya.

He wanted to verify whether what Zhou Jie said was true.

This time, Hu Mazi did not choose to stay in Baihai City. After all, the Tianfuzong ruins were gone, and Hu Mazi had no reason to stay.

Another point is that Hu Mazi wants to follow David and let David teach him spells.

The three returned to Kyoto together...

## **Chapter 1764**

Kyoto, the martial arts alliance!

Since the Martial Arts Alliance was destroyed, more glorious buildings have been erected again in just a few days!

And this time, there are seven black silver robes in the martial arts alliance, and each black silver robe is the strength of the late Dawuhou, and among these seven people, two of them hold the sacred weapon in their hands. It is said that in the Kyoto martial arts world, even the entire Daxia martial arts world is a top-level existence!

These seven black-silver robes are considered the best in the entire black-silver robe, and it won't take long before they can be promoted to black-gold robes!

This time they sit in the Martial Arts Alliance, which is also a test before promotion!

And when the master of the Martial Arts Alliance sat on the seat, the hunchbacked old man suddenly appeared on it!

“Master Demon...”

Seeing this, the seven black and silver robes shouted respectfully.

“As long as the seven of you can catch David, you can be promoted to the black gold robe. Now that the sacred weapon in David’s hand has been destroyed, it is estimated that the puppet corpse has also lost control, so the seven of you join forces to catch him. It’s not difficult!”

“But don’t take it lightly. The most important thing is not to destroy his physical body. His physical body is still useful!”

The hunchbacked old man said to the seven.

“As ordered...”

The seven nodded.

Soon, the figure of the hunchbacked old man disappeared directly from his seat. When he appeared, he was already in that secret realm!

The hunchbacked old man walked quickly to a secret room, opened a mysterious window in the secret room, and it was pitch-dark inside!

The hunchbacked old man recited a few formulas, and the secret room suddenly lit up.

I saw a pool of dark liquid in the secret room, and it was very disgusting to look at!

But at this time, in that pool, Ning Zhi was naked, soaking in it!

“This kid’s body is really good, it seems that the time has come...”

The hunchbacked old man glanced at his body in disgust, then opened the door and walked in!

I saw the hunchbacked old man wave his palm, and a black mist emerged from Ning Zhi’s body, and then turned into a human shape!

This is the soul in Ning Zhi’s body, which has been coexisting with Ning Zhi.

“Master Demon...”

The soul saw the hunchbacked old man and hurriedly saluted!

“This kid’s body is really strong, he can soak in this black magic pool for such a long time, such a good body, you have just ruined it...”

The hunchbacked old man said coldly to the soul.

When the spirit heard it, he trembled with fright: “Master Demon, the villain is just a random body, and I didn’t choose it at that time...”

“Whether you choose it or not, now I want this body...”

Speaking of the hunchbacked old man, he opened his mouth and saw that the soul struggled twice and was swallowed into his stomach in an instant!

Immediately afterwards, a black mist emerged from the hunchbacked old man, and then entered Ning Zhi's body!

And the hunchbacked old man lost consciousness instantly and fell to the ground, and then fell into the dark pool!

That fleshly body was corrupted in an instant, turned into white bones, and disappeared completely in the end!

At this moment, Ning Zhi suddenly opened his eyes, with a terrifying light in his eyes!

"Haha, this body is really good..."

The spirit of the magician looked at the strong body and couldn't help laughing.

"Who are you?"

At this time, Ning Zhi also felt the difference, because he found that the soul aura in his body had obviously changed!

Moreover, the energy in his body became extremely turbulent, and his strength was obviously much higher.

“Boy, you should feel fortunate that I have taken a fancy to your body. I am the magic envoy, leading all of you in black robes, understand?”

The soul said in a proud tone.

Ning Zhi was stunned for a moment, and then an incredible expression appeared on his face.

### **Chapter 1765**

“Demon... Lord Demon Envoy?”

Ning Zhi was only in a black copper robe at the time, and at his level, he was not qualified to meet such a big man as a demon envoy.

Now I didn't expect the demon's soul to enter his body!

That is to say, he suddenly has the identity of a magician, and all the people in black robes have to listen to themselves.

“Boy, be obedient in the future, I will make you stronger...”

The soul said lightly.

“Yes!”

Ning Zhi's eyes were full of light, and a sneer raised the corner of his mouth: “David, wait for me...”

...

Dragon Gate!

David is convening everyone for a meeting. This is the first time David has held a meeting after the establishment of Longmen!

As the temporary housekeeper of Longmen, Longwu took charge of everything in Longmen after Long Xingxu went to Penglai Island.

“Uncle Long, you said that the Martial Arts Alliance will restore all the buildings within three days?”

David asked Long Wu.

“Yes, in three days, the buildings of the Martial Arts Alliance seem to have appeared out of thin air, and they are even more magnificent than before!”

“And this time, there are seven people in the Martial Arts Alliance with the strength of the late Great Marquis.”

“Some Marquis, Wu Zong are countless...”

“It stands to reason that you destroyed the Martial Arts Alliance last time and killed so many masters of the Martial Arts Alliance. How could there be so many of them all at once?”

“Is it really like what Fan Jiang said, what kind of secret realm are these people in?”

Long Wu was very surprised, because he never knew any secret realm.

David was a little thoughtful. It seems that the Martial Arts Alliance is much stronger than he imagined. I don't know how many masters there are in the secret realm of the Martial Arts Alliance.

All that appear now are the Great Marquis, and as for the Martial Saint level, it is estimated that the hunchbacked old man may be, but David is not sure!

After all, the Gorefiend was there at the time, and two slaps slapped the hunchbacked old man away, so David didn't dare to be too sure about the hunchbacked old man's true strength!

Now that the sacred weapon is gone, and it's time to control the Gorefiend, David doesn't know if he is confident in the face of the seven masters of the later period of the Great Marquis!

Originally, David thought that the Martial Arts Alliance was destroyed, as long as he entered the dungeon, found a way to open the door of the cell, and rescued Sonya!

But I didn't want the Martial Arts Alliance to recover in three days, and send so many masters again.

This time, David was very passive, and he was a little overwhelmed for a while!

Although the current Dragon Gate seems to be powerful, after all, it has just been established, and there are not many really powerful masters!

In the battle between the Marquis of Wu, it is estimated that only Ge Yuhan, Hu Mazi can help a little.

Others are not strong enough to follow the masters of the late Dawuhou!

“Mr. Chen, even in the face of seven late-stage Great Marquis masters, you may not have a chance to win. Have you forgotten that you still have something?”

At this time, Fan Jiang walked in and said.

“What?” David asked in surprise.

“That Gorefiend!” Fan Jiang said.

“But that Gorefiend is out of my control, what else can I do?”

When David heard this, he said with some frustration.

“Mr. Chen, although the Gorefiend is out of your control, it is not bad to use his body as a shield. You must know that the Gorefiend’s body is extremely powerful, and there is no way to break through the sacred weapon. What is the name of the Great Marquis...”

Fan Jiang explained.

When David heard this, his eyes suddenly lit up: “Yes, why did I forget this usage...”

Holding the Gorefiend body as a shield, if the Gorefiend is alive, it is estimated that he will be pissed off!

This time, David has some bottom line in his heart. When the time comes, he will ask Ge Yuhuan and Hu Mazi to help, and it is not impossible to deal with the seven Great Marquis!

**Chapter 1766**

Just as David was about to end the meeting and make preparations, someone immediately reported that it was Xing Jun from the law enforcement team!

David hurriedly asked someone to invite Xing Jun in!

David had not seen Xing Jun for some time.

I don't know what this guy is up to!

Xing Jun entered the door, after seeing David, he was stunned for a moment, and then smiled: "David, your boy's strength has improved a lot?"

"I remember when I saw you for the first time, you were a child who was bullied casually and had to rely on Long Wu to protect you..."

"But in just one year, you have become the head of the largest sect in Kyoto!"

Xing Jun sighed for a while. A year ago, he looked at David like an ant, but now he has to look up at David.

"Captain Xing, don't tout me, go to the Three Treasures Hall for everything, just tell me if you have anything!"

David smiled lightly.

"Mr. Shi misses you, and asked me to come and pick you up..."

Xing Jun said.

“Mr. Shi misses me?” David was a little surprised. He didn’t understand what Mr. Shi suddenly wanted to do at this time.

“Come with me, don’t make Mr. Shi wait...”

After Xing Jun finished speaking, he dragged David and left!

Soon, David came to the Law Enforcement Pavilion and saw that Mr. Shi was drinking tea leisurely, and in front of him was a chessboard!

Seeing David coming, Mr. Shi beckoned: “David, come and sit down and kill a game with me...”

David was stunned, didn’t he understand that Mr. Shi was looking for him to play chess?

But David didn’t say anything, just walked over and sat in front of Mr. Shi!

Mr. Shi personally poured a cup of tea for David: “Tast it, the authentic Dahongpao!”

David looked at Mr. Shi and couldn’t guess what he was thinking. He could only take a sip of what Mr. Shi was thinking, “Good tea...”

“Hahaha, whether tea is good or not, it has little to do with tea.”

“Accompany me to kill a few games, let me see if your kid has chess skills.”

Mr. Shi laughed and started playing chess with David!

David followed Mr. Shi to play several games in a row, and every time he lost!

But Mr. Shi didn't say anything, and let David continue!

But at this time, David's forehead was already sweating, and he was anxious!

He was going to save Sonya, how could he have time to play chess with Mr. Shi here!

Seeing David's anxious look, Mr. Shi did not speak, and kept playing chess with David.

In the end, David couldn't stand it anymore and said, "Mr. Shi, are you looking for me for something? If it's okay, I'm leaving, and I still have something to deal with..."

"Go to the Martial Arts Alliance to save your girlfriend?"

Mr. Shi smiled lightly.

David was stunned, but nodded and said, "Yes, my girlfriend has been arrested for so long, and now I finally have the ability, I must rescue him..."

"Have the ability?" Mr. Shi slowly raised his head, looked at David and said, "What kind of strength do you have now?"

"Five-Rank Great Marquis..."

David said.

“Five-Rank Great Marquis...”

After Mr. Shi finished speaking, he suddenly waved his palm towards David!

David was shocked for a while, instinctively wanted to retreat, but it was too late!

I saw David’s body flew out directly, and then smashed on the chair, smashing the chair!

However, David’s body was not injured, and he looked at Mr. Shi with a gloomy expression on his face!

“Do you think your strength can deal with seven Great Marquis, plus two weapons?”

Mr. Shi looked at David and asked.

“Two sacred weapons?” David was taken aback: “You said that the Martial Arts Alliance now has two sacred weapons?”

“good...”

Mr. Shi nodded.

This time, David was a little panicked. At that time, David was a little bit overwhelmed by a weapon, but fortunately there was a blood demon.

## **Chapter 1767**

Now that the opponent has seven Great Marquis, holding two sacred weapons, how can David still win?

David really can't understand, this Martial Arts Alliance is simply rich and powerful, why are there as many sacred weapons in their hands as they are broken?

"Do you still think that your strength can save your girlfriend?"

Mr. Shi asked.

David didn't say a word, because he knew that with his strength, he really couldn't save Sonya!

With a downcast face, David sat back again!

The fighting spirit and aura on his body disappeared instantly!

Seeing David like that, Mr. Shi smiled and said slowly, "But don't be discouraged, what you have, no one else has!"

Mr. Shi said, there was a faint red light in the palm of his hand, and then he waved to David!

The Dragon Slaying Sword in David's body instantly came out!

David looked surprised, knowing that he and the Dragon Slaying Sword had long been one, and only when his mind moved, could he sacrifice the Dragon Slaying Sword!

But at this time, David didn't have the thought of sacrificing the Dragon Slaying Sword, but found that the Dragon Slaying Sword had already arrived in Mr. Shi's hands!

The Dragon Slaying Sword made a huge humming sound in Mr. Shi.

One after another terrifying sword energy emanated from the Dragon Slaying Sword, and the dazzling golden light kept flashing!

Feeling the terrifying aura of the Dragon Slaying Sword, David was stunned!

He never thought that the Dragon Slaying Sword would have such power!

“The holy weapon is not as good as garbage in front of this sword. It’s a pity that you only pay attention to the improvement of your own strength, but forget it...”

“Remember, he is a part of your body, and weapons are also a kind of strength, don’t treat it badly...”

After Mr. Shi finished speaking, he loosened the Dragon Slaying Sword and instantly returned to David’s body!

David thought about Mr. Shi’s words carefully, and there was a hint of shame on his face!

He has always envied other people’s weapons, and wanted to get other people’s weapons, but he forgot his own dragon sword!

You must know that the sword in your hand is a spirit sword, and the spirit sword of the sword spirit has been born!

David has always just searched for resources and improved his own strength. He never thought of improving the strength of this Dragon Slaying Sword and Sword Spirit!

If the strength of the Dragon Slaying Sword and Sword Spirit is improved only by fighting again and again, the speed is simply too slow!

But soon, David discovered a problem, he didn’t know how to improve the strength of Dragon Slaying Sword!

He himself can devour beast pills, all kinds of elixir, and even the strength to devour other people!

But how can this Dragon Slaying Sword improve its strength?

You can't let it suck the beast pill, right?

Obviously, the Dragon Slaying Sword has no ability to absorb the Beast Pill!

“Mr. Shi, can I take the liberty to ask, how can I improve the strength of this Dragon Slaying Sword?”

David asked Mr. Shi.

“Beat me a set, and I'll tell you...”

Mr. Shi smiled slightly.

David took a deep breath, then nodded.

David worked hard to calm down his mood, put aside distracting thoughts, and began to play chess with Mr. Shi seriously.

But after playing several games in a row, David still couldn't beat Mr. Shi, and this time David became anxious again!

Looking at David's anxious appearance, Mr. Shi said: “The game of chess is like life. What we play is not chess, but life, and life is all-encompassing. You need to see the game of chess clearly...”

After listening to Mr. Shi's words, David carefully looked at the chessboard in front of him, and suddenly the chessboard seemed to have changed before his eyes.

It has become a magic circle, and the chess pieces have become the key formation eye to break the magic circle!

At this moment, David seemed to understand what Mr. Shi meant!

A rune flashed in David's mind, and each rune represented a small magic circle!

With the inheritance of Tianfuzong, David finally narrowly defeated Mr. Shi!

When a chess game was decided, David actually found that the talisman technique he inherited had greatly improved!

Some talisman techniques that he did not fully understand, but at this moment he also understands it...

## **Chapter 1768**

David looked excited and looked at Mr. Shi gratefully!

"Mr. Shi, can you tell me now, how can I improve the strength of this Dragon Slaying Sword?"

David asked Mr. Shi.

"sure!"

After Mr. Shi finished speaking, he looked at Xing Jun, and Xing Jun seemed to be ready, and took out a map from his arms!

Mr. Shi opened the map, and then pointed a finger: "This place, there will be ruins opened recently, and then you will understand how to improve the strength of the Dragon Slaying Sword."

"Ice Bear Island?" David was taken aback: "Isn't this my Daxia realm?"

Mr. Shi nodded: "Yes, this is the territory of the Bear Kingdom, but following the border of our country, there are also many Daxia people living there, and it is a place for trade!"

David looked at Mr. Shi with some puzzlement: "Why does Mr. Shi know about foreign resources?"

"Hahaha, the Martial Arts Alliance can know so many resources, can't I know some of them as an official? There are many things in it, you don't have to understand!"

"You just need to remember that after you go out, you are completely up to yourself, and if the ruins are opened, it is estimated that many experts will go there."

Mr. Shi warned.

David nodded: "Thank you Mr. Shi for reminding me, I will keep it in mind..."

After David left the Law Enforcement Pavilion, he returned to Longmen and found Hu Mazi and Fan Jiang right away!

After all, these two people are well-informed, so ask them if they know anything about the Ice Bear Island ruins.

"I don't know, I rarely participate in foreign affairs..."

Hu Mazi shook his head and said.

On the other hand, Fan Jiang frowned slightly, as if he was thinking about something, and then said: "If I remember correctly, there should have been a large sect on Ice Bear Island hundreds of years ago, called Wenjian Sect, the entire sect. They all use swords, and there are many swordsmiths in the Sword Sect!"

"At that time, a lot of master swordsmen went to ask the Sword Sect for advice, and many of them returned with nothing, but then for no reason, the Asking Sword Sect seemed to disappear out of thin air!"

"There used to be rumors that Wen Jianzong had a spirit sword enchanted, out of control, and killed everyone in Wen Jianzong overnight!"

"But whether it's true or not, I don't know, it's just rumors..."

When David heard what Fan Jiang said, he immediately felt that this ruin must have something to do with that Wen Jianzong.

Mr. Shi pointed out this relic, in order to improve the strength of his Dragon Slaying Sword, then this Questioning Sword Sect is also related to the Spirit Sword, it must be right!

"Two days later, you will go to Ice Bear Island with me. The ruins on Ice Bear Island are open. It is estimated that this is the ruins of the Sword Sect!"

David said to Fan Jiang and Hu Mazi.

Fan Jiang didn't say anything, and Hu Mazi curled his lips: "That broken place, it is estimated that people can freeze to death, go there and suffer a lot!"

"Master Hu, with your current strength, you are no longer afraid of the cold when you are naked. What is there to freeze to death?"

Fan Jiang asked in confusion.

David knew that Hu Mazi just didn't want to go that far, how wonderful it is to be in Wenrou Township!

"Master Hu, I heard that the women in Xiong Country have blue hair and blue eyes, and they are all very developed. Is it true?"

David pretended to know nothing and asked for advice.

As soon as Hu Mazi heard this, his eyes lit up: "Yes, yes, and he is still tall, I will go and prepare, and I will set off in two days..."

Seeing Hu Mazi's appearance, Fan Jiang chuckled: "Mr. Chen is now pinching Master Hu to the bone..."

After deciding to go to Ice Bear Island, David took advantage of this time to check the information of Asking Sword Sect!

It's a pity that there is very little information about the Sword Sect. After all, it already belongs to the overseas sect, so there is not a lot of information David wants to find!

Just before the last day of departure, David suddenly received a call from Gu Linger and asked him to go to the Red Lotus Palace!

David thought something was wrong, and hurried over!

## **Chapter 1769**

When he came to the Red Lotus Palace, David felt that the atmosphere was not right!

A group of girls all looked at him directly, and there was a bit of anger in their eyes.

This made David confused, and he didn't know where he had offended these women!

Although David himself didn't know where he had offended them, he was flustered when these women looked at him so directly.

These women didn't speak, they just looked at David like this!

And David was flustered!

In the end, Xiaoru couldn't help but said: "Brother David, I heard that you are going to Bear Country?"

David nodded: "Yes!"

"And still going to Ice Bear Island?"

Gu Linger also spoke!

"Yes!" David nodded again.

"You're leaving tomorrow?"

Ji Ruxue asked.

"Yes!" David continued to nod his head!

"You guy, you go to such a good place abroad to play, and you don't tell us or take us. Do you still have

people like us in your heart? Do you have a conscience?" If you moved here from outside, you treat others like this?"

Xiao Lan became violent, and she scolded David!

"I haven't been to the Ice Bear Island you mentioned, so I'm so curious..."

Ge Yuhan was sealed for thousands of years, and she didn't even know the existence of Ice Bear Island!

“I haven’t been there before, I want to go and see...”

Xiaomin looked at David pitifully: “Brother Chen, can you take me there?”

“Take me, take me...”

“I’m going too!”

“And me...”

## **Chapter 1770**

A group of women were chatting, all going to Ice Bear Island!

At this moment, David only felt that he had a splitting headache, as if he had been chanted by a Tang monk!

“I’m going to explore a ruin, not to travel, it’s very dangerous...”

David could only say helplessly.

“What’s wrong with exploring the ruins? Maybe we can still help you, we are not a burden!”

“Who is incapable of us here?”

Xiaolan retorted to David!

“I’m not saying that you are incompetent, this time is really dangerous, it’s inconvenient to bring your group of women...”

David was crying, he didn’t know how to explain to these women!

“Why is it inconvenient? You are s3xist.”

Wu Meier said.

“I...”

David was speechless for a while, feeling the eyes of these women, and finally nodded in compromise: "Okay, you all follow along, but when you get there, you must listen to me, not allowed. Run around, or I won't have time to take care of you..."

Seeing David's agreement, a group of women suddenly cheered and high-fived to celebrate!

It's as happy as if you've won a battle!

Looking at these excited women, David was still helpless. He could fight with any powerful enemy without fear!

But in the face of so many women, he really didn't know what to do...

At this moment, a resentful voice suddenly came from the door: "Did you forget me?"

David turned his head and found that he didn't know when Ge Jiayi already standing at the door, with tears in her eyes, looking like she was wronged!

Seeing another Ge Jiayi appearing, David's head became bigger!

Seeing that Ge Jiayi's tears were about to flow out, David hurriedly said: "Go, you go too, it's not worse than you..."

Hearing David's agreement, Ge Jiayi broke into a smile!

David didn't dare to stay in the Red Lotus Palace for a long time, he was afraid that these women would eat him!

the next day!

At Kyoto Airport, Long Wu brought a group of people to see David off!

Originally, David planned to take Hu Mazi and Fan Jiang to Ice Bear Island, but now there are more than a dozen people!

In order to be watched by these women, David asked Zhao Chuang to go with him, so that Zhao Chuang and Xiao Ru could enhance each other's feelings!
