

## **A Man Like None Other Chapter 1771 – 1780**

### **Chapter 1771**

“David, it’s a smooth journey...”

Long Wu said with a faint smile.

“Mr. Chen, your mission is arduous this time. I’m afraid these girls will be difficult to deal with...”

Ge Fuhai smiled at David with a playful smile.

David smiled helplessly, and then boarded the plane with everyone!

Eight girls, Gu Linger, Ge Yuhan, Ge Jiayi, Ji Ruxue, Xiaomin, Wu Meier, Xiaolan, and Xiaoru, boarded the plane with David, instantly attracting the attention of many people!

After all, these eight girls are all very beautiful, each with its own strengths, especially Ji Ruxue’s fairy air, and Wu Mei’er and Xiao Lan’s natural charismatic bodies, which made the men on the plane look at these girls. Look at it!

The eight girls didn’t care either, they were all very happy talking to each other!

David sat next to Hu Mazi, and as soon as he got on the plane, Hu Mazi sighed.

“Master Hu, what’s wrong with you?”

David asked in confusion.

“David, let me tell you, I’m looking for women in the future, you’re not allowed to talk about me, you have so many women, how dare you talk about me?”

“Look at the quality of your women, one is better than the other, you Why can’t I find something like this?”

Hu Mazi looked at David, full of envy, jealousy and hatred...

David was speechless when he heard it, and he didn’t know how to answer Hu Mazi!

On the other hand, Zhao Chuang said: “Master Hu, wait until Xiong Guo, and find you some foreign girls...”

Zhao Chuang’s words instantly came to Master Hu’s heart, and he immediately smiled: “Yes, yes , but David, you are not allowed to control me...”

“Don’t care, don’t care...”

David shook his head with a smile!

## **Chapter 1772**

The plane was flying smoothly, and everyone’s excitement from the beginning gradually became calm. David closed his eyes slightly and rested quietly!

At this moment, at the tail of the plane, a flight attendant’s voice came: “Sir, the plane is flying, I hope you can sit down and don’t walk around...”

“I’m so fcuking tired, take two steps. What’s the matter? Stop meddling...”

A bald passenger pushed the flight attendant, almost knocking the flight attendant down!

This time, many passengers looked at the bald head with angry eyes!

But looking at the fierce look on the bald head, no one dared to make a sound!

The bald head walked forward, not knowing when, there was an extra rose in his hand!

Then he walked in front of the eight girls and looked at them with squinting eyes!

Feeling the gaze of the bald head, all the eight girls frowned and looked disgusted!

“David, someone is interested in your woman...”

Hu Mazi pushed David with his eyes closed and said.

David opened his eyes, glanced at the bald head, and then closed his eyes again!

Seeing that David didn't respond, Hu Mazi said with a surprised look: “David, someone molested your woman, don't you care?”

“No matter, the bald head will be unlucky...”

David said casually.

Gu Linger and the other women are not easy to mess with!

Just pick one out, and it is estimated that the bald head will be slapped with sh!t. What is there to be afraid of David?

At this time, the bald head felt the disgusted eyes of several girls, but he didn't care at all, and said with a smile on his face: "My sisters, can you get to know me? When you arrive at Ice Bear Island, I will cover all the necessities of life. Just play."

"I can still take you to eat all the local delicacies, visit all the attractions, and not spend a penny!" The

bald head touted himself, hoping to establish an image among Gu Linger and the others!

It's just that no one took care of the bald head, but Xiao Lan looked at the bald head with a slight look in her eyes!

The bald head felt Xiaolan's eyes, he shook all over, and directly handed the rose in his hand to Xiaolan.

### **Chapter 1773**

"This little sister, I think we have a good relationship, can we leave a contact information for each other?"

Seeing that only Xiaolan's eyes were looking at her, she knew that her move had worked!

As long as one woman takes the bait, the bald head puts all the attention on Xiaolan at this moment!

"Brother, I do see that we are very destined..."

Xiaolan's eyes radiated a wave of autumnal waves!

This big brother made the bones of the bald head cry, and the whole person looked like a fairy.

Looking at the bald head's expression, Xiao Lan knew that the time was up, so she continued: "You go to a pole dance and help us..."

"Okay, good..." The bald head looked at Xiao Lan with blurred eyes, and Harazi wanted to The flow came out, what Xiaolan said, he listened!

So, the bald head began to twist the fat body on the plane!

At this moment, everyone laughed out loud in an instant.

But the bald head didn't know it, and looked at Xiaolan with a pair of eyes!

"Let's have a striptease..."

Xiaolan ordered!

Soon, the bald head began to undress, and Xiaolan asked him to stop until only his underwear was left!

The bald head was like this, twisting, and everyone almost died of laughter!

"Kneel down and slap yourself..."

Xiaolan changed her order again!

The bald head knelt in front of Xiaolan without hesitation, and then the big mouth was drawn towards the face.

All of a sudden, I was very strong, and I soon became a pig's head!

At this moment, everyone felt strange and looked at the bald head with strange eyes.

Among the crowd, a guy with sunglasses and an expressionless face took off his sunglasses and looked at Xiaolan with a cold gaze!

Xiaolan also seemed to feel something, and hurriedly looked at the man in sunglasses!

## **Chapter 1774**

And the man with sunglasses saw Xiaolan looking over, and hurriedly put the sunglasses back on!

Xiaolan didn't care, and started playing with the bald head again!

"David, I didn't expect that among your group of women, there are really hidden dragons and crouching tigers. I see how you will tame them in the future..."

Hu Mazi said with some schadenfreude.

And David pretended not to hear and continued to sleep with his eyes closed!

After flying for seven hours, the plane landed steadily on Ice Bear Island!

Originally there was no airport here, but due to the recent boom in trade and more and more tourists, an airport was built!

David and the others walked towards the plane, and they saw a vast white snow field, as far as the eye could see, except for the snow, it was snow!

A police car was waiting. After getting off the plane, the bald man was quickly taken away!

The temperature of this Ice Bear Island is minus 20 to 30 degrees all year round, so everyone here is wearing big leather jackets!

And David and the others are wearing very thin clothes, but with their current strength, they are no longer afraid of this severe cold!

"Sir, do you want to take a car? Where do you want to go? I know..."

Walking out of the airport, a short, small man greeted him, and the accent was from Daxia!

“Take us to the hotel first...”

David said to the little man.

“No problem, is it just you, sir?” The

little man saw David and Hu Mazi and the four of them, and a car just took them away!

David shook his head, then pointed to Gu Linger and the others: “These people are also together...” The

little man frowned slightly when he saw so many people.

“What? Can’t pull it?”

David asked strangely when he saw the little man’s expression.

“No, no, I’m going to find a car...” The

little man waved his hands again and again, and then ran away in a hurry!

It only took a few minutes for the little man to bring two more people, also from Daxia!

There are three cars in total, and David and the others can just sit down!

But just when David and the others just got into the car, four or five big men suddenly came over!

## Chapter 1775

As soon as the little man saw the few people walking by, his face turned pale with fright!

He hurriedly said to David: "Sir, you should get off the bus, we can't pull it, don't pull it..." The little man hurriedly asked David and the others to get off!

David looked surprised: "What's the matter? Why didn't you pull it?"

But the little man didn't speak when a few burly men came over, one of them was a big man with a beard, and one hand instantly put a hand on it. The little man picked it up.

"Boy, are you pulling people in my territory? Do you want to die?"

After the bearded man finished speaking, he punched the little man in the face!

The little man was beaten with blood from his nose and mouth, and the two companions watched and did not dare to move!

"You all get down..." The

bearded man looked into the car and yelled at David and the others.

Seeing this, Hu Mazi was about to get out of the car, but was stopped by David, and instead said to Zhao Chuang: "Zhao Chuang, you go down and deal with it..."

"Got it!"

Zhao Chuang nodded and then left get off!

But as soon as Zhao Chuang got out of the car, he saw a beautiful figure rushing past him, and then he heard a scream, and the big man with a beard was kicked and flew out!

"You guys, bullying others, it's so abhorrent..."

Ge Jiayi looked at the burly men with a glam face and shouted coldly.

Seeing that Ge Jiayi had started, Zhao Chuang could only look at David helplessly, but David beckoned and let Zhao Chuang return to the car!

The bearded man was kicked flying by Ge Jiayi, and finally became afraid.

When he saw that he was kicked by a girl, he showed a surprised expression on his face, but the surprise on his face was quickly replaced by anger!

“Give it to me, grab this little girl...”

the bearded big man roared.

## **Chapter 1776**

Soon, several other burly men rushed towards Ge Jiayi.

“Don’t kill...”

David reminded Ge Jiayi, he was afraid that Ge Jiayi would be unable to control and kill these people.

After all, they have just arrived here, they are unfamiliar, and these guys are not guilty of death!

Ge Jiayi nodded, then slapped each of the burly men who rushed up, and everyone was knocked to the ground, losing several teeth in their mouths.

After dealing with these people, Ge Jiayi said to the little man who was beaten: “Okay, let’s drive...” The little man nodded in horror, then started the car and left!

On the road, the little man always looked at the rearview mirror and observed David!

Seeing that the little man was always looking at him, David asked, “Master driver, what’s the matter?”

Seeing David asking this, the little man hurriedly said, “This gentleman, thank you so much just now. .”

David smiled: “It’s just a little effort...”

“This gentleman, you...are you a warrior?” The

little man asked.

David didn't hide it, and nodded: “Yes, I didn't expect you to know about warriors!”

“Of course I know, there are quite a few warriors here.

” Musha.

But not everyone can become a warrior.

And if you want to become a cultivator, it is even more difficult!

Along the way, the little man chatted with David about a lot of martial artists.

When I got to the hotel, the little man didn't charge David and their fare!

After choosing a room at the hotel, the girls didn't want to rest and wanted to go shopping. David was afraid that these girls would cause trouble, so he asked Zhao Chuang to follow him!

David also wanted to go out for a walk and get acquainted with Ice Bear Island, but Hu Mazi didn't go, so he booked a single room at the hotel and started to contact the woman.

David was helpless and could only take Fan Jiang around.

## Chapter 1777

As soon as the two walked out of the hotel, they were stopped by a taxi!

David looked and found that it was the little man who sent him to the hotel!

David was very surprised, why did the little man stop him.

“This gentleman, I don’t know if you have time, can I treat you to a meal?” The little man said to David.

“No, I’ve already said it, it’s a small effort, not to mention that you don’t even ask for the fare, we can be considered even, so don’t be so polite...”

David rejected the little man.

But the little man followed David with a look of embarrassment!

David looked at the little man’s expression and knew that he was definitely not as simple as just treating himself to dinner.

“Do you have anything else?”

David asked.

The little man was embarrassed, then nodded and said, “This gentleman, our helper asked me to invite you. He wants to meet you...” “

Help leader?”

What about the helper?

Seeing David’s surprised face, the little man quickly explained: “We Daxia people who do business here, including our rental business, formed a Daxia Gang to avoid being bullied!

” After talking with the gang leader about the airport, the gang leader wants to see you...” The

little man explained this, and David understood it, but seeing that they were all from Daxia, David nodded and agreed!

In addition, David may inquire about the remains of Ice Bear Island from these people to see if they know.

After all, these people have lived here for decades!

Seeing that David agreed, the little man happily invited David and Fan Jiang into the car, and then galloped away!

Soon, David was taken to a large courtyard, but there were not many houses!

## Chapter 1778

After entering a small two-story building, the little man hurriedly shouted: "Help Master, someone brought it..." From the

upstairs, a middle-aged man walked down slowly. The aura fluctuates, and it is obviously a martial artist!

It's just that the strength of this middle-aged man is just that of a Martial Sect, but even with this strength, in front of ordinary people, he is almost a god-like existence.

The middle-aged man glanced at David and Fan Jiang, but frowned slightly, because he found that he could not see through David and their strength at all!

"Please sit down..." The

middle-aged man waved his hand and asked David and the others to sit down!

Then the middle-aged man said to the little man: "Little one, watch tea..."

"Yes!" The little man hurriedly poured tea for David and Fan Jiang!

"This gentleman, may I ask your surname?" the middle-aged man asked David.

"My name is David..."

David replied politely.

"David?" The middle-aged man frowned slightly, as if he was thinking about something, and then said: "I heard that we have a very good young man in Daxia, who seems to be also called David. At the position of the largest sect in the martial arts world in Kyoto."

"Could it be you?" The

middle-aged man looked at David carefully.

David did not expect that his reputation would spread abroad.

But he didn't want too many people to know his whereabouts, so he shook his head and said, "It may be the same name, how can I have that ability!"

"I think so, no matter how you look at you, you don't look like a great Marquis!" The middle-aged man spoke candidly, and then continued: "The matter at the airport is thanks to your actions, otherwise my subordinates will suffer. It 's over."

"Since you are here, if you need any help, just say it. After all, we are all from Daxia, and our Daxia Gang exists so that the Daxia people will not be bullied."

"Thank you so much! "David thanked him politely, and then said: "I don't know the name of the gang leader..."

"You can just call me Tang Dali..." The middle-

aged man said.

#### **Chapter 1779**

"Clan Master Tang, I have something to ask for advice. I wonder if Gang Master Tang knows?"

David said.

"Just ask, there is nothing I don't know about the entire Ice Bear Island..."

Tang Dali said confidently.

"I don't know if Gang Leader Tang knows about the remains of Ice Bear Island?"

David asked.

"Relic?" Tang Dali was stunned for a moment, then looked at David: "Are you here for the relic?"

"Not bad!" David nodded!

"Young man, I advise you to die. That ruin is not something you can touch with your strength. You must know that many people want to find the ruin and enter it, but after so many years, except for some people who die every year, No one can find the location of the ruins!"

Tang Dali said to David.

"Can't find the location? Why is this?"

David was very surprised. Normally, this Ice Bear Island is not very large, so how could it be impossible to find a location?

“The ruins have long been hidden under the vast snow, where are they so easy to find, and there are many people who come to find the ruins every year, all of them are masters above Marquis Wu, even such masters, there are many casualties every year. “

There are people from many countries all over the world, but in the end they get nothing. Just because of your ability now, you want to find the ruins. Isn't that looking for death?”

“For the sake of us all from Daxia, I I advise you to play here for a few days and then go back, it's not worth taking your life here.”

Tang Dali persuaded David kindly.

Seeing Tang Dali say this, David became more yearning for the relic, so he asked again, “Does the Tang gang leader know about asking Jianzong?”

“Ask Jianzong?” Tang Dali thought for a while, then shook his head. : “I don't know what to ask Jianzong, and I haven't heard of it!”

David saw that Tang Dali didn't know, so he didn't ask anything. After all, the questioning sword sect disappeared for too long!

## **Chapter 1780**

After chatting with Tang Dali for a few more words,

David and Fan Jiang were about to leave, but just as they got up,

They heard a loud noise outside, and soon the little driver ran in!

“Little one, what’s going on?”

Tang Dali asked.

“Help lord, the gang from the Motorcycle Party came and said that our people beat their people, and they need to make up for it!”

said the little man.

“Damn, I haven’t asked them to settle the matter at the airport, but they came first. Let me go out and have a look!”

Tang Dali rushed out!

Seeing this, David also got up and followed him out. As soon as he went out, he saw a group of big men with gigantic backs, all with anger and murderous expressions on their faces!

The people who followed this group of people were the people from the Daxia Gang, but in terms of body size, the Daxia Gang people were obviously thinner!

“Tang Dali, my guy was beaten by your guy at the airport. How do you handle this?”

A big man with earrings and tattoos all over his face stepped forward and spoke to Tang Dali in lame Daxia dialect. said.

“Ivan, it was your people who found fault first, and now you’ve been beaten, so they came to me?”

“Besides, the people who beat you were not from our Daxia gang, but the passengers couldn’t stand it anymore!”

Tang Dali Said to Ivan.

“It’s him, they are obviously a group...”

At this time, the bearded man saw David behind him, and immediately stood up and pointed at David.

Seeing this, Ivan sneered: “Tang Dali, what else do you have to say, the person is here with you, and now you hand him over to me, and you are compensating me for a medical fee, I will not pursue this matter!

“

“Joke, when have you seen our Daxia gang? If you are not convinced, then make a gesture...”

Tang Dali didn’t seem to take these motorcycle gangs in his eyes!

As the realm of Wu Zong, it is also easy to deal with these motorcycle gangs!
