

A Man Like None Other Chapter 1811 – 1820

Chapter 1811

Soon, a tall, muscular man appeared in front of the second priest.

This Omar has long hair all over his body, like a savage!

After Andrew saw this Omar, his face changed slightly.

Apparently he knew this Omar.

As a hero among the bears, Omar did not expect to obey the call of the two priests!

“Master Priest, what are your orders?”

Omar said, kneeling on one knee.

“Someone broke into the top of the mountain. You lead someone to block the entrance. Don’t let anyone break through the last mountain protection formation...” The

second priest said to Omar.

“As ordered...”

After Omar finished speaking, he took the people away, and the second priest looked at Andrew and said, “Andrew, you also follow, can you let your wife and children go, it depends on whether you will be loyal to me... “

Andrew was helpless and had to go out with Omar.

At this time, the high priest had brought David and the others to the entrance of the ruins, only to see a deep hole, all the way down!

If it weren’t for the snow falling, it would be harder to find this entrance than to climb to the sky!

“Since we found the entrance, then we can go in...”

Fan Jiang who went to the entrance first!

But just approaching the entrance, a flash of brilliance suddenly appeared, and Fan Jiang’s body was instantly bounced back by a huge anti-shock force!

Immediately afterwards, I saw something similar to a glass cover, which was constantly flashing with brilliance, and I could also see a rune flashing continuously!

“Damn, how come there is still a formation?”

Fan Jiang got up and scolded angrily. He didn't expect to be at the entrance, and there was even a formation blocking it!

And this time the formation is obviously much stronger, even Fan Jiang was directly shocked back!

"It seems to be really cautious, and there is a magic circle at the entrance..."

David narrowed his eyes slightly.

Just when David was about to break through the formation, a dozen people suddenly walked out from the entrance, and the leader was huge and covered in hair!

This person is Omar, the realm of Wuhou!

Seeing people walking out of the ruins, David felt a lot more at ease.

As long as these people are still in the ruins, none of them can escape!

But when Andrew walked out from the entrance of the ruins and saw David and the others, Andrew bowed his head in embarrassment.

And David was stunned for a moment, his eyes were full of incredible!

"Andrew, why are you here? Where's Anna?"

David took a few steps forward and asked that Andrew.

Although the two were close at hand, David could not pass through the formation!

Andrew lowered his head and didn't speak, because he didn't know how to explain it to David!

But Andrew's expression instantly made David guess something, and he said angrily: "Andrew, you betrayed Anna, didn't you? Was Anna arrested, was she in the ruins?"

"No, I didn't, I No..." Andrew shook his head in pain: "They captured my wife and children, I have no choice, I have no choice to do this."

Andrew shouted loudly, explaining through David!

But how could David listen to Andrew's explanation!

At this moment, David regretted letting Anna rest and leaving Andrew behind.

"If anything happens to Anna, all of you will die..."

David's eyes narrowed slightly, and the terrifying murderous aura on his body instantly penetrated the magic circle, directly covering Andrew and the others.

Feeling the terrifying murderous aura on David, both Andrew and Omar were shocked and took two steps back!

"You dare to trespass the mountain gate, leave here quickly, you can spare you not to die, otherwise there will only be a dead end..."

Omar roared, and then the mountain protection formation exuded waves of terrifying coercion!

Chapter 1812

David and the others felt a burst of pressure, and the high priest and Daniel fell to the ground in an instant. They couldn't bear the pressure of this formation at all!

Seeing the high priest lying on the ground with Daniel in an instant, Omar laughed wildly: "Hahaha, you blind old man, if you don't take good care of your life in the Burning Heaven Sect, you still dare to come here." The

high priest was insulted and angry. His whole body was trembling, but there was nothing he could do. He was directly crushed by the terrifying pressure and didn't even move!

David looked at Omar's arrogant appearance, and the corner of his mouth raised slightly: "Little magic circle, do you want to stop me too?"

After saying that, the Dragon Slaying Sword suddenly appeared in David's hand, and then he held the Dragon Slaying Sword aloft, terrifying. Spiritual power is skyrocketing!

"Break it for me..."

David roared, followed by a terrifying and ferocious aura that instantly emanated from David's body.

Even across the circle, Omar and Andrew felt the oppression.

Omar's eyes were a bit incredible. You must know that he is a bear man with the strength of Wuhou. No matter in terms of physique or strength, they are stronger than ordinary people.

Moreover, it is still separated by the mountain protection formation, but the terrifying aura of David seems to be unobstructed!

Just when Omar was full of doubts, the Dragon Slaying Sword in David's hand had already been slashed with one sword!

boom!

There was a terrifying loud noise, and the whole mountain was shaking, and under David's sword, the array began to flicker, and the shield like a glass cover appeared a series of tiny cracks!

Under the bombardment of this sword, the coercion of the original mountain protection formation disappeared instantly, which also caused Daniel and the high priest who were lying on the ground to stand up slowly.

Looking at the cracked circle, Omar's eyes widened, his face full of disbelief. You must know that when this circle was set up, it took countless spar, and it took a month to set it up.

The two priests once said that such a magic formation, even if it is hundreds of thousands of Marquis masters, can't be broken through, it is impregnable!

But this magic formation was full of scars after being slashed with a sword!

Omar's confidence when he first came out has been severely hit at this moment!

He didn't know if the array could hold on to a blow, and he didn't even know if he would be the opponent of the young man in front of him.

Just when Omar was thinking wildly!

The Dragon Slaying Sword in David's hand was raised again, and a golden dragon was wrapped around the Dragon Slaying Sword. Immediately after David waved it, the golden dragon roared out!

boom!

The golden dragon hit the magic circle, and the golden dragon turned into a spot of light and disappeared in an instant, and the magic circle disappeared without a trace in an instant under the violent impact...

Looking at the scene in front of him, Omar's mouth was round. Zhang, his face is full of surprise!

David ignored the surprised Omar, but walked towards Andrew with a face full of anger, then grabbed Andrew and lifted Andrew directly!

"Take me to Anna, if Anna makes a mistake, you know the consequences..."

After David finished speaking, he let go and let Andrew fall to the ground!

Andrew didn't speak, but he silently got up, then turned and walked towards the entrance of the ruins!

David's ignorance of Omar instantly aroused Omar's anger.

As the warrior of the bear's highest honor, Omar has never been so ignored and humiliated!

"Boy, you dare to ignore me, do you think I'm afraid of you..."

After speaking, Omar slapped David with an angry palm.

Omar knew that David's strength was good, so he used all his strength as soon as he shot. As a bear man's warrior, Omar's palm is afraid that it has ten thousand pounds of power.

David frowned slightly, and without looking at Omar, he waved his palm at will, and collided with Omar's palm.

Chapter 1813

The terrifying aura of shaking the ground erupted at the moment of the collision, and the men in black who followed behind Omar were instantly knocked out by this terrifying aura!

Their strength is too low to resist such a collision between masters!

Even Andrew gritted his teeth at the moment, desperately resisting the terrifying aura, so as not to hurt himself!

This blow made Omar terrified. You must know that the bears are famous for their strength. He didn't expect David to dare to confront him, and David's strength seems to be stronger than him!

At this moment, Omar felt as if he had fallen into a torrent, his body was out of control at all, and he kept retreating!

It wasn't until after hitting the mountain wall that Omar's figure was restrained!

Omar looked at David in horror, and his heart began to panic!

David just glanced at Omar coldly, and didn't say anything. He turned to Andrew and said, "Lead the way..."

Andrew nodded, facing David, he didn't dare to make any changes!

And Omar looked at David's back with mixed feelings in his heart!

David had such terrifying power at such a young age. As a bear man warrior, he was kicked back by a punch!

But what Omar didn't know was that David's punch just now didn't use all his strength.

If David used his full strength to use the Holy Light Fist, it is estimated that Omar is already a corpse now, how could he still be alive.

The two are not equal to each other at all.

There is no comparison at all!

It's just that David saw that Omar was not a member of the Burning Heaven Sect, and the hair on his body looked like a bear man, so he didn't kill him!

Hu Mazi and the others hurriedly followed, and the group walked towards the ruins!

Omar sighed, and in the end he could only go back with those men in black!

Now we can only wait for the second priest to deal with it.

Omar knew that he had no ability to deal with David and the others.

Soon, Andrew took David and the others into the ruins.

The ruins are huge, and almost the entire snow-capped mountain is empty.

Moreover, it was pitch-dark inside, with only a winding path extending downwards, with abyss on both sides. If it fell, it would definitely be shattered.

However, this kind of road is difficult for ordinary people to walk, but it is much easier for David and the others.

Now David and the others are at the top of the mountain, so they keep going down the path, sometimes turning and sometimes going up!

This path seems to be suspended inside the entire mountain.

But just after David and the others walked for a while, David stopped suddenly, and then frowned!

“David, what’s wrong?”

Seeing this, Hu Mazi asked quickly.

“Mr. Chen, this is the road I took when I came in. I didn’t go wrong. I won’t lie to you.”

Andrew explained quickly, afraid of David’s misunderstanding.

After all, this kind of winding road, and on both sides there are dark bottomless abyss, it is normal to say that David is suspicious.

“I know you didn’t lie to us...”

David affirmed to Andrew, then looked at Hu Mazi and said, “Master Hu, do you feel that there is something in the abyss on both sides?”

"Yes What?" Hu Mazi frowned slightly, and then a divine sense came out of his body, and instantly probed into the abyss.

It's a pity that it wasn't even the end, and it was cut off by a tyrannical aura.

"Damn it, is there something terrifying in this abyss? That breath is too terrifying..."

After Hu Mazi was cut off from his consciousness, he couldn't help but be shocked.

At this moment, David has slightly closed his eyes, feeling something quietly, suddenly David's body flashed light, and the Dragon Slaying Sword came out without being summoned!

Chapter 1814

Just after the Dragon Slaying Sword came out of the body, strange noises could be heard in the abyss on both sides, and David's Dragon Slaying Sword also began to tremble violently, as if sensing something.

David grabbed the Dragon Slaying Sword, but the Dragon Slaying Sword was still shaking. David couldn't control it with all his strength. This was the first time that David couldn't control the Dragon Slaying Sword!

Soon, David released his hand, and the Dragon Slaying Sword came out of his hand, and then kept buzzing in the air, as if responding to the sound in the abyss.

"Mr. Chen, what's going on?"

Fan Jiang asked in surprise.

"I don't know either, but there should be something in this abyss that is attracting my Dragon Slaying Sword.

David looked at the humming Dragon Slaying Sword and said solemnly.

Om...

The Dragon Slaying Sword made a buzzing sound again, and immediately rushed into the abyss. The Dragon Slaying Sword exuded light, and David and the others felt that they were looking down with the help of the light on the Dragon Slaying Sword! It's a

pity that this abyss It was too deep, and the light on the Dragon Slaying Sword was quickly engulfed by the darkness!

David was afraid of any accident, so he hurriedly controlled the Dragon Slaying Sword and returned. But

David was surprised to find that his connection with the Dragon Slaying Sword was unexpected . It disappeared.

This time, David's face was panicked!

You must know that he and the Dragon Slaying Sword have long been one with the sword, and they also have a spiritual connection with the sword spirit!

Now they have suddenly lost contact, how can this be? Don't let David panic.

Soon, in the abyss, there was a sound of metal collision, as if two people were fighting with weapons!

Slowly the sound disappeared, and the Dragon Slaying Sword returned to the air.

David waved his hand, and the Dragon Slaying Sword returned to David's hands.

Looking at the Dragon Slaying Sword in his hand, it is obvious that there are traces of the battle just now!

"Isn't there someone here?" David looked surprised, and then asked Andrew: "Andrew, do you know where this abyss is? Does anyone live there?"

Andrew quickly shook his head: "Mr. Chen, I do not I don't know this, it's my first time here..." As

he was talking, Omar brought someone over, and Andrew said quickly, "Then Omar must know..."

David looked back at Omar and felt David's eyes, Omar, the bear man warrior, at this moment, his legs began to tremble slightly.

"I ask you, where is the place under the abyss on both sides? Is there anyone living there?"

Although David's tone was very light, he had an unquestionable tone.

If Omar didn't answer, it was estimated that he would be punched immediately.

"I... I don't know very well. They won't tell me the secrets here, but there is a land of sword mounds. I heard that it was the swordsman who buried all the swords in that place."

"It seems that there is still a divine sword that suppresses the swords in the entire Sword Tomb to prevent those swords from escaping from the Sword Tomb and hurting people."

"But I don't know if this is the Sword Tomb!"

Omar said very much . To be honest, he dare not lie!

"Land of the Sword Tomb?" David frowned slightly: "Then you have been here for a few months, have you entered the land of the Sword Tomb?"

"No, the land of the Sword Tomb is full of killing energy. Dozens of people went in, but none of them came out alive, so the second priest planned to use the power of the altar to enter the land of the sword mound!"

Omar said.

"It seems that this sword grave is the place that Mr. Shi said, and it is also the place where my Dragon Slaying Sword can increase its strength..."

David looked at the Dragon Slaying Sword in his hand, and his eyes shone with light.

David felt that within this abyss, there must be some kind of sword grave, otherwise his Dragon Slaying Sword would not have such a big reaction.

Chapter 1815

And the sound of metal collision just now must be the reason for the fight between his own dragon sword and other spirit swords in the land of sword graves.

Thinking of this, David decided to go to the place of the sword grave after he rescued Anna!

Putting away the Dragon Slaying Sword, David asked Andrew to lead the way, and the group continued to move forward along the path!

Soon, David and the others arrived at a wide area, where they saw bright lights and many people in black walking around.

But in the past, no one paid attention to David and the others!

In the middle position, an altar made of spar is shining, and on the middle pillar of the altar, Anna is tied there!

Just above the altar, there is a round hole, which can see the sky. It is already late at night, and the faint moonlight shines through the round hole, just shining on Anna's body.

"Princess Anna is above..."

Andrew said to David.

At this moment, when David saw Anna who was bound, a strong killing intent instantly rose from his body!

This killing intent instantly enveloped the entire ruins!

The second priest also sensed that someone was breaking in, and immediately rushed over with someone in a hurry!

When the second priest saw that Andrew led someone in, and Omar was still following, his anger burned instantly.

“Andrew, how dare you bring people in, don’t you want your wife and children to live?” the

second priest shouted at Andrew.

Andrew didn’t speak, he could only bow his head silently.

Seeing that Andrew didn’t speak, the second priest looked at Omar: “Omar, I asked you to keep them out, how did they get in?”

“Second priest, my strength can’t stop them at all...”

Omar Said truthfully.

“Hmph, I think you did it on purpose? Can you still deal with a blind man?”

In the eyes of the Second Priest, the High Priest was the strongest, but he was no match for Omar at all!

As for David and the others, the Second Priest did not pay attention to it at all!

“You traitor, how dare you set up an altar privately and want to release demons, today I will clear the door for the Burning Heaven Sect...” As the

high priest said, the breath on his body began to rise, and the copper bell in his hand kept shaking. !

The second priest smiled coldly and said: "You blind man, you still seem to kill me, it's just a dream..."

After saying that, the second priest pulled out a long sword. Go with the high priest!

The high priest did not dodge or dodge, shaking the copper bell desperately, and the sound waves collided with the sword light!

Soon there was a roar in the ruins!

The two forces collided continuously, and then spread around!

During this collision, the high priest swayed for a while, then took a few steps back, his throat was sweet, and a mouthful of blood spurted out!

The high priest was besieged outside, and he was injured, so he fell behind when he followed these two priests!

"Hmph, so vulnerable, I think you, the high priest, should give way. Since you broke in today, let your blood pay homage to the demon born..." The

second priest sneered, then With a wave of his hand, he said, "Encircle them all, keep an eye on them, one is not allowed to run away..."

Dozens of men in black immediately surrounded David and the others, but no one did anything!

And the two priests also focused their attention on the altar, looked up, and saw that in the round hole, they could clearly see the moon in the sky.

The entire altar began to flicker under the soft moonlight, and rays of light shuttled around the altar, as if charging the altar!

“Time’s up...” The

second priest’s eyes flashed brightly, and he quickly ran towards the altar!

“Stop him, we can’t let him succeed, otherwise the devil is born and everyone will die...” The

high priest roared, he hoped that David and the others could stop the second priest!

Chapter 1816

It’s just that David stared blankly, as if he didn’t mean to stop the two priests!

Fan Jiang glanced at David, and seeing that David didn’t move, he didn’t move, but Fan Jiang was a little puzzled, wondering why David didn’t move!

“Mr. Chen, please save Princess Anna...”

Seeing that David didn’t move, Andrew began to beg David.

“You ba5tard, you became a traitor and betrayed your princess, and now you want us to save you, you fcuking want to be a b!tch and want to build a torii?”

Hu Mazi glanced at Andrew with disdain and said.

He despised this kind of traitor the most. Although he didn’t know if Andrew could know the meaning of the last sentence, Hu Mazi still wanted to say it!

Andrew bowed his head in shame, he knew that if he made a wrong move, there would be no turning back!

At this time, the second priest was already standing on the altar, and then he chanted something, as if he was chanting some kind of spell.

Then he inserted the scepter in front of Anna.

The gem on the scepter instantly emitted a blue light that shot straight into the sky!

Rumbling...

The earth began to tremble, and the rays of light on the altar were rapidly revolving around the altar!

The terrifying breath began to emerge from the ground, and everyone's face became a little panic.

"Haha...haha..." The

second priest laughed wildly.

Anna was tied to the stone pillar, no matter how hard she struggled, she finally looked at David with helpless eyes!

She didn't understand why David didn't save herself?

Soon, black mists emerged from the ground, and these black mists turned into terrifying faces with claws and claws!

They all gathered towards the altar, and soon the altar was shrouded in black mist, and the people below could no longer see what was going on above!

"The devil is coming, the devil is coming..." The high priest sat on the ground with a look of horror and kept muttering.

"It's really some souls and yin, you ba5tard demon..."

Hu Mazi looked at the black mist and said with disdain.

“It’s really a good thing, then I will not refuse anyone who comes...”

After David finished speaking, he jumped up.

Those men in black were about to intercept David, but Fan Jiang slapped them away one by one!

Soon, David’s figure rushed to the altar!

On the altar, Anna’s face was hideous, and countless black mists were pouring into her body crazily!

At this time, Anna still had a sense of reason, and shouted to David: “David, kill me quickly, kill me quickly, I don’t want to be a devil...”

David smiled: “You just want to be a devil, It can’t be done, these are not demons at all...”

With that, David walked towards Anna!

Seeing that David was ignoring him, the second priest shouted angrily: “Boy, the devil is coming, you dare to be so arrogant and die...” The

second priest stabbed the long sword in his hand towards David!

David slapped it with his hand and instantly slapped it on the long swords of the two priests.

The sword in the hands of the second priest was snapped off in an instant, and the second priest’s wrist also seemed to be subjected to a huge shock force, and the pain was unbearable!

The second priest looked at David in horror, but did not dare to take action for a while.

David walked up to Anna and put a hand on Anna's head!

The Heart Condensation Technique in the body started to operate quickly.

All the yin spirits in Anna's body were sucked out by David madly.

Soon, Anna's complexion began to turn rosy, and her whole body recovered!

Seeing this scene, the second priest was instantly dumbfounded. He couldn't understand what kind of sorcery David used to actually suck out the demon in Anna's body!

And after David inhaled it, there was no change, as if nothing happened!

Chapter 1817

After untying Anna, Anna cried and threw herself into David's arms!

Anna, whose heart was ashes, only felt a trace of solace in her heart when she saw David.

"When I deal with this guy first, you are hugging me, you are hugging me like this, how can I kill him..."

David said helplessly.

When Anna heard this, she quickly released David. After all, they were not out of danger yet!

The surrounding area was still shrouded in black mist, and the two priests were still staring at David!

"It's just some underground yin and souls, it's worth so much trouble, ignorant guy..."

David looked at the second priest coldly, and then walked towards the second priest!

The second priest looked at David who was walking over, and couldn't help but tremble in his heart!

"This is a demon, you are ignorant..." The

second priest said, and began to read the magic formula in his mouth, and soon the clouds of mist condensed into a humanoid monster with a stature.

“The devil is coming, everyone will die...” The

second priest urged the condensed human figure to be weird, and was about to attack David!

A golden light flashed on David’s body, followed by a slap in the face!

The humanoid monster that had just condensed was evacuated in an instant, and it turned into mist and scattered around.

“This...” The

second priest was dumbfounded...

David didn’t wait for the second priest to react, and slapped him again!

The two priests instantly rolled down from the altar.

“Fan Jiang, you have cleaned up these guys, give me the Dharma protector, such a good opportunity, I want to practice...”

David said to Fan Jiang on the altar.

“Okay, Mr. Chen...”

Fan Jiang nodded.

To deal with these guys, Fan Jiang alone is enough, not to mention Hu Mazi and Ge Yuhang!

“You go down, someone will protect you, I have to refine these yin...”

David asked Anna to step down from the altar, while he himself sat cross-legged and began to refine those souls that emerged from the ground And Yin Qi!

Under the altar, there was a wailing sound, as well as the roar of the tiger demon.

Even if the tiger demon is released, the Second Priest and the others cannot escape the fate of death!

The difference in strength is too great.

Soon, the second priests and those who did not leave all died, and Hu Mazi put the tiger demon's beast pill in his pocket!

At this moment, only Andrew was left, with an ugly look on his face!

“Ann...Princess Anna...”

Andrew looked at Princess Anna who was walking towards him with an embarrassed look on his face!

Anna looked at Andrew with grief and indignation, and finally turned around and waved her hand:
“Andrew, let's go, never let me see you again, and you will never appear in the Duke's Mansion...”

Anna didn't kill Andrew , but she also knew that Andrew couldn't use it anymore!

Once betrayed once, whether coerced or voluntarily, such a guard must never be used again.

Andrew was ashamed, and finally turned around and left, and he himself did not have the courage to beg Anna to stay!

Daniel and the high priest also left. Now that the second priest is dead, they go back and plan to clean up the accomplices of the second priest in the royal family.

Hu Mazi and the others were here to protect David, and David stayed on the altar for three days.

For three full days, David did not move!

Absorbing the yin qi that came out, the aura in David's body was constantly changing!

When these yin qi are really exhausted, David's strength will definitely be able to rise to the next level.

On the fourth day, the black mist on the altar was completely absorbed, and David opened his eyes, and his body was constantly rolling!

David clenched his fist tightly.

"The strength of the sixth-grade Dawuhou seems to be a worthwhile trip..."

David's face was full of joy.

Chapter 1818

When David came down from the altar, Hu Mazi stepped forward and patted David on the shoulder and said, "You kid, you took a big advantage again..."

David smiled slightly, then glanced around and said: "I heard the roar of the tiger demon, where is the beast pill?"

Fan Jiang and Ge Yuhan all looked at Hu Mazi!

And Hu Mazi covered his clothes and said, "David, I'll come to you with all my hard work. It's alright to ask for a beast pill. You don't want to take the beast pill away, do you?"

"Of course not. Thanks to Master Hu at one time, let alone one beast pill, even if it is ten, Master Hu can't take it away..."

David said with a smile.

"You kid still has a conscience..."

Hu Mazi felt very comfortable when he heard it!

"Mr. Chen, you'd better go and see that Princess Anna. She hasn't eaten or drank these days, and she's gloomy..."

At this time, Fan Jiang whispered to David.

Only then did David see that Anna was curled up in the corner, and in a few days, she was a lot haggard.

David knew that Anna must be very sad after suffering such a blow, so she walked over.

"Princess Anna, people are unpredictable, you don't have to be so sad for someone who betrayed you..."

David persuaded Anna.

But Anna shook her head: "I'm not sad because of Andrew's betrayal, it's just that there is no Medicine King here, and my father is afraid that there is no help..."

Anna knew about Medicine King. After Andrew deliberately lied to her, she has been in the Worrying about the safety of my father!

When David heard that Anna was sad about this, he said to himself: "Princess Anna, when I finish dealing with the ruins, I will accompany you back. I have the confidence to cure your father, don't worry."

"Really? Anna's eyes lit up, looking at David closely.

"Of course, how dare I joke around with the princess of the dignified Xiong Kingdom..."

David said with a slight smile!

Anna's face was instantly refreshed, and she also had a smile on her face!

"David, shall we leave, or shall we go to explore the land of the sword mound?"

Hu Mazi came over and asked.

"Master Hu, I've been practicing for the past few days, have you found the entrance to the sword mound? You can't jump directly into the abyss, right?"

David knew that Hu Mazi must have not been idle these days.

"I found it, but unfortunately we can't get in..."

Hu Mazi said a little embarrassedly.

"Why? Is there a magic circle blocking it?"

David asked.

“It’s not a magic formation, it’s a sword formation. You know, none of us know swordsmanship, so we can’t break the sword formation at all...”

Hu Mazi and the others don’t know swordsmanship, even if they do, It’s just fur, so it’s impossible to crack the sword array.

Hearing that it was a sword formation, David immediately became interested and said, “Take me to see...”

Hu Mazi nodded, and then took David to find a cave that was only over one meter high in the ruins.

The cave is pitch-black, and you don’t even know where it leads!

“Through this cave, you can reach the land of the sword mound, but you have to be careful, there is a strong sword energy inside, and the sword formation is also murderous

. Let’s go back, don’t throw your life here!”

Hu Mazi persuaded David.

“I’ve come here, I always have to try it...”

After David finished speaking, he got in without hesitation!

In this small cave, if there is any accident, I am afraid there is no place to dodge!

However, David believed that Hu Mazi, since Hu Mazi had entered, there would definitely be no danger in this cave.

After drilling for more than ten minutes in the cave, David was suddenly bright!

I saw a large virgin forest appeared in front of David, and the temperature here was very high, not as white as the snow outside!

And there is still a lot of spiritual energy here, and there is a faint mist on the ground constantly, like a fairyland!

Chapter 1819

“Shouldn’t this land of sword graves be in ruins with piles of corpses?”

David looked surprised, but since he had already entered, David slowly walked into the woods!

But just after walking for a few minutes, David saw that the towering trees were dead and the ground was full of corpses. The scene here was obviously different from the shade of the green trees he had just seen, as if there was an enchantment. There are two different scenes here!

David continued to take a step forward. When he took this step, he immediately felt a burst of sword qi attacking, while David hurriedly activated his indestructible golden body to resist the burst of sword qi!

David continued to walk forward, but just after taking two steps, the mountain suddenly shook, and a dozen bright swords emerged from the ground!

I saw that these swords were all inserted into the soil, forming a wall, blocking David’s face!

“Could this be the sword formation?”

David looked at the dozen or so swords inserted in the soil in front of him, feeling a little incredible!

But David didn’t want to be entangled, so he wanted to go around from one side, but no matter how David walked, the sword formation in front of him was still in front of David!

When David saw this, he could only stretch out his right hand and take out the Dragon Slaying Sword. At the moment when the Dragon Slaying Sword was taken out, more than a dozen swords in the sword formation began to shake violently!

And the Dragon Slaying Sword in David's hand also began to shake violently. If David hadn't held it hard, it is estimated that the Dragon Slaying Sword would have been thrown out of his hand.

At this moment, David can clearly feel the bloodthirsty aura of the Dragon Slaying Sword in his hand. It seems that this Dragon Slaying Sword is also a fighting spirit sword!

Just when David was about to break the sword formation, someone suddenly appeared behind him. David was startled and waved the Dragon Slaying Sword in his hand!

A sharp sword energy shot out directly!

"I rely on..."

Just listening to a foul language, and then Hu Mazi fell to the ground like a dog chewing sh!t, and then he escaped the sharp sword energy!

"Master Hu..."

Seeing this, David hurriedly stepped forward and helped Hu Mazi up: "Why are you here?"

"I was afraid that you were in danger, so I chased after you." Hu Mazi glared at David: "But I don't want to, you guy come up and give me a sword..."

David smiled: "Master Hu, I didn't do it on purpose, but you chased in, I'm afraid there is some treasure in here, and I will swallow it all by myself?"

"Nonsense, I'm not the kind of person you said..."

But when Hu Mazi said this again, his eyes kept looking away, obviously guilty!

Looking at Hu Mazi, David was really dumbfounded, so he said, "When I break this sword formation, let's go in and have a look together..."

"David, you have to be careful, this fcuking sword formation is really powerful... ..."

Hu Mazi said with lingering fears as he looked at the dozen long swords inserted into the soil in front of him.

"En!"

David nodded, then jumped up with the Dragon Slaying Sword in his hand!

The Dragon Slaying Sword emitted a humming sound, and the vertical and horizontal sword energy began to rage out!

At the same time, more than a dozen swords on the ground also broke out, instantly forming a barrier.

But just when David wanted to slash out, the Dragon Slaying Sword in his hand came out of his hand!

I saw the Dragon Slaying Sword flying directly towards the sword formation, and then I heard the sound of metal collision!

Seeing this, David could only retreat back, watching his own Dragon Slaying Sword, fighting with the dozen or so swords.

Hu Mazi's eyes were wide open, and he looked stupid!

“Damn, is your kid so awesome with a sword?”

Flax’s face is unbelievable!

I saw that the Dragon Slaying Sword kept attacking, and soon more than a dozen swords were cut off lazily, and some were directly shot down to the ground!

On every sword, a faint cyan edge will appear instantly, and then it will be absorbed by the Dragon Slaying Sword!

Chapter 1820

In just a few minutes, the Dragon Slaying Sword returned to David’s hands, and the dozen or so swords were lying on the ground!

At this moment, the sword formation disappeared, and even the sword qi that erupted just now disappeared!

With David holding the Dragon Slaying Sword, he can clearly feel the excitement of the Dragon Slaying Sword, and the strength of the Dragon Slaying Sword has also increased significantly!

“Could it be that this Dragon Slaying Sword can increase its own strength by sucking the sword spirit?”

David looked at the Dragon Slaying Sword with unconcealed excitement on his face!

If it goes on like this, it will not be difficult for the strength of the Dragon Slaying Sword to rise to the level of a sacred weapon.

“David, can you show me your sword?”

Hu Mazi looked at the Dragon Slaying Sword in David’s hand with envy in his eyes.

“Here...” David handed the Dragon Slaying Sword to Hu Mazi.

Hu Mazi held the Dragon Slaying Sword, but the Dragon Slaying Sword shook for a while, followed by a burst of sword energy.

It made the man loose, and the Dragon Slaying Sword instantly returned to David’s hand!

“Hahaha, Master Hu, I’m really sorry, it seems that this Dragon Sword doesn’t like you very much...”

David laughed when he saw this.

“Hmph, a broken sword, and it’s not a woman, so I don’t care...”

Hu Mazi snorted coldly.

The two continued to walk forward, and just after walking a distance, the sword qi that had disappeared began to appear again, and the more they went in, the more sword qi they went.

These sword qi will automatically attack the living creatures that walk in here, whether it is a human or an animal!

David and Hu Mazi can only rely on their own strength to resist the sword qi!

It’s just that the sword qi is endless and endless, and David’s spiritual power is limited. David can still rely on the strength of his physical body to resist this sword qi, but he can’t, and can only be generated by spiritual power. shield to protect yourself!

As David and the others deepened, the power of the sword qi became more and more powerful, and they kept attacking David and Hu Mazi!

At this time, Hu Mazi was already gritting his teeth and persevering, his forehead was full of cold sweat, but David’s face was calm. After all, David’s strength was several levels higher than that of Hu Mazi!

“Master Hu, can you still persevere?”

David looked at Hu Mazi and asked.

“Enough, this fcking sword qi is too powerful. Where did all this sword qi come from?”

Hu Mazi was very puzzled. Apart from seeing a lot of corpses along the way, they didn’t see the existence of a sword!

But where did so much sword energy come from?

When David saw this, the Dragon Slaying Sword in his hand shook slightly, and suddenly exuded a breath, helping Hu Mazi block those sword qi!

But soon, David found that the Dragon Slaying Sword in his hand was shaking slightly, and then the sword energy around him seemed to be attracted, and all of them were swallowed into the Dragon Slaying Sword!

At this moment, the Dragon Slaying Sword is like a thirsty person, drinking water like crazy, the sword energy around it is swallowed up!

Hu Mazi felt the pressure lighten instantly, and let out a long breath.

With the Dragon Slaying Sword, David and the others moved forward significantly faster!

After walking for a while, the space in front of them obviously fluctuated, and then a woman in white appeared in front of David and them.

I saw this woman's oval face, thin eyebrows and nose, a pair of almond eyes, and a moon-white robe, which looked graceful.

The woman is carrying a long sword behind her back. The scabbard and hilt are sky blue, bright in color, and faintly flowing, and you can tell it is a precious sword at a glance.

"Who are you? You actually broke into the land of the sword grave and left quickly, otherwise don't blame me for being rude..." The

woman looked at David and Hu Mazi angrily.

Seeing the woman, Hu Mazi's eyes flashed, and then he smiled and said: "Such a beautiful woman, but she is only a soul, it's not useful..." It can

be seen that Hu Mazi has a pity on his face.
