

A Man Like None Other Chapter 1851 – 1860

Chapter 1851

Listening to everyone's discussion, the black-silver robe boss's face was so ugly.

He really couldn't understand how terrifying the strength of this guy David was. How could the three of them not be his opponents?

You must know that each of them is the strength of the late Dawuhou, and the boss himself is the peak of the Dawuhou.

Given time, they are all likely to break through the Great Marquis and reach the level of Martial Saint.

With such strength, even the three of them couldn't beat David.

But the strength David showed was only in the middle stage of the Great Marquis. How could it be possible?

At this time, Ning Zhi's face in the stands also became extremely ugly!

Originally, he thought that he would be able to defeat David by practicing hard, but now seeing David take action, he instantly defeated the three black and silver robes, which had a great blow to Ning Zhi's confidence!

"What? Got hit?"

The magician in Ning Zhi's body spoke up.

Ning Zhi didn't speak, just nodded. He had fought with David for so long, and Ning Zhi had always considered himself to be the most talented and the smartest.

In terms of scheming, Ning Zhi will not lose to anyone!

But every time he confronted David, Ning Zhi ended in a fiasco. He didn't know why.

Now, seeing that David actually used his strength in the middle stage of the Great Marquis to defeat all the black and silver robes with the strength of the three great Marquis in the later stage, this stimulates Ning Zhi even more deeply!

"Do you want to know why this David is so powerful, and he can even leapfrog battles." The magic envoy asked.

"Yes, why? Why is David better than others?"

Ning Zhi asked in confusion.

“Because of his special physique, it is necessary to know a person’s physique to know how far his cultivation can reach.” “This David’s special physique is the real body of a golden dragon. How can ordinary people compare

with him?”

Said lightly.

“The real golden dragon?”

Ning Zhi muttered to himself, his face full of loneliness.

David has a special physique, but he is just an ordinary person, which makes Ning Zhi fight with David?

The two are obviously not rivals of an order of magnitude.

Seeing Ning Zhi’s depressed look, the magician continued to speak: “Actually, your body is not the physique of an ordinary person...” The

magician’s words made Ning Zhi’s eyes suddenly light up: “Master magician, you tell me Not an ordinary human physique? Then what kind of physique am I?”

“If you are just an ordinary human physique, will Almighty forgive you through your fault? Will you give out precious resources for you to cultivate?”

“If you are an ordinary person Physique, do you think I’m a dignified demon envoy who will take a fancy to your body?”

“You are a flame demon body, but this special physique has been sealed and needs to be stimulated.”

“Wait until I get you When the physique of the flame demon body is stimulated, you don’t have to be afraid of David at all.”

When the demon envoy said that, Ning Zhi’s face was full of excitement, and his body was trembling slightly.

“Flame body, flame body...”

Ning Zhi’s eyes were full of fighting spirit, and he looked sharply at David in the ring!

He knew that he and David would have a life-and-death battle...

Ning Zhi regarded David as his lifelong enemy, but he didn’t know, but David didn’t take him seriously at all. David’s enemy was far more He is much stronger!

On the ring at this time, the third, fourth, and fifth in the black and silver robes have all adjusted their breaths, and the third's arm has also been attached!

"Sixth, Seventh, you all go together, if you can't catch them alive, you'll be killed..." The boss ordered a few black and silver robes with a cold face.

He never imagined such a scenario, and now he can only bully the less with more to see if he can defeat David.

For a time, five black and silver robes rushed towards David at the same time.....

Chapter 1852

Seeing the shameless practice of the Martial Arts Alliance, everyone scoffed and shouted insults!

But these black and silver robes turned a deaf ear, and they didn't care if they were scolded by others for catching David.

Davidpung faced the attack of the five black and silver robes, and his eyes were full of excitement.

The Dragon Slaying Sword in his hand is also buzzing constantly, and it seems that he can't stand it anymore.

David instantly used the Nine Shadows Sword Technique!

David's figure is once again divided into two, two and four.....

Although David's nine shadow swordsmanship has not yet been cultivated to the ninth shadow, he is now very skilled!

I saw six identical Davids, holding the same Dragon Slaying Sword in their hands, facing five black and silver robes!

The Dragon Slaying Sword is surrounded by the power of the dragon, and a small golden dragon is surrounded by the Dragon Slaying Sword!

Along with David's angry shout, six figures slashed at the same time!

Immediately, the sword qi was in a vertical and horizontal direction, and the whole person's arena was full of terrifying sword qi!

Rumbling...

One after another terrifying sword energy, instantly moved towards the five black and silver robes!

The five black and silver robes were shocked when they saw this. They didn't expect that the afterimage that David had transformed would actually emit such a terrifying sword energy.

You must know that the shadows that are transformed are generally confusing and interesting, and they do not have real strength and attack power at all!

But the figures that David transformed into seem to have the same strength as David's body!

In this way, they have to face six identical Davids.

This time, the five black silver robes panicked, and they all used their strengths to resist the terrifying sword qi!

At this time, David's figure flashed, and the whole person shuttled back and forth among several figures at the speed of light!

No one can see clearly which is the main body and which is the illusionary shadow!

Bang.....

The third child was the first to be knocked out by a sword!

Immediately followed by the fifth, the sixth...

Soon, the five black and silver robes were knocked out heavily and fell on the ring.

Every sword energy they faced was substantial, possessing terrifying power and damage!

It's just that they don't know, in fact, only one of the sword qi is truly hurtful.

If they didn't stop to resist, just rushed through the sword qi and attacked David, they wouldn't be hurt by the sword qi at all!

David was just taking advantage of the time difference to make a person change in his silhouette. These sword qi were all generated by David's own slashing with one sword and one sword.

With David's current strength, there is still no figure that can make him transform into a figure with the same strength!

Seeing the five black-silver robes who were knocked out, there was an uproar in the audience.

No one could understand how terrifyingly powerful David was, how could he defeat the five Great Marquis with one sword.

This is simply impossible!

The black and silver robe boss was also stunned, looking at David in disbelief!

David's strength refreshed his cognition again and again

“You should follow along, it’s better to use your weapons, otherwise you will go to hell next time.”

David looked at the black silver robe boss provocatively, and said coldly.

The boss looked at the provocation in David’s eyes, and the whole popular face turned blue!

The reason why he didn’t use the holy weapon at first was because he felt that a few people would join forces and they would definitely be able to take down David.

You must know that the sacred weapon is very precious, and it will reduce its lifespan once every time it is used!

If the holy weapon is damaged, they can’t take the responsibility.

The five black silver robes stood up slowly, although the sword qi failed to kill them, it still caused their internal organs to churn.

The boss glanced at the fifth one slowly: “The fifth one, take out the holy weapon...”

Chapter 1853

The old five nodded, then picked up the hilt that had already been cut off, a green aura injected into the hilt, and soon the big knife slowly shattered, followed by a faint green light flickering!

This green light became a big knife, and the handle of the knife was still tightly held in the hands of the fifth man.

The light dissipated, and the big knife in the old fifth’s hand became complete, and the knife exuded a terrifying aura.

And on the back of the blade, three huge rings pass through the blade body, the blade body moves slightly, and the ring touches the blade body, making a crisp sound.

The boss suddenly had a pair of tiger fingers on his hand, and the thorns on the tiger fingers flashed with a dazzling cold light!

When Tiger Finger appeared, a terrifying aura instantly hit everyone’s heart, shaking everyone!

Just the breath of this sacred weapon made many people feel the pressure, as if a mountain was pressing on them.

This is the weapon holy weapon, it looks ordinary, but it can make people crazy!

You must know how many martial arts families have never had a single weapon in their lives.

If a martial arts family owns a weapon sacred weapon, it can definitely achieve a leading position in the martial arts world!

You can see the value of this weapon!

The appearance of the two sacred weapons made everyone in the stands hold their breath!

Although David's strength is very strong, he just defeated five Great Marquis with one sword!

But with the appearance of the Martial Artifact, the balance of victory was instantly tilted towards the Martial Arts Alliance.

You must know that if you take out the sacred weapon, even if you are a great Marquis, your strength will increase exponentially!

What's more, these are two sacred weapons, how can David deal with them?

David quietly looked at the sacred weapon displayed by the Martial Arts Alliance, and his heart was full of scorching heat!

The Dragon Slaying Sword in his hand kept buzzing, and the light on the sword became more and more intense!

In the end, the light on the sword shrouded the entire martial arts field, and the pressure of the sacred weapon on them that everyone just felt, instantly became relaxed under the light of this light!

The breath of the Dragon Slaying Sword in David's hand instantly crushed the two sacred weapons!

"David, we originally wanted to capture you alive, but if you are courting death yourself, you can't blame me." After the

boss finished speaking, he punched the void!

A huge wave of energy is moving towards David, and the entire void is shaking. At this moment, this energy is like a beast, opening its bloody mouth to swallow David!

Davidping took a blow to the boss, raised the Dragon Slaying Sword calmly, and slashed it down suddenly!

Endless brilliance rose up, and an energy wave in front of David was instantly cut off by this ray of light, and the chaotic void turned into a turbulent stream and began to run around everywhere!

And the Dragon Slaying Sword in David's hand waved again, the turbulence disappeared, and the entire void became calm!

The blow of the eldest's sacred weapon was neutralized by David with the Dragon Slaying Sword, which was an understatement.

The black-silver robe boss frowned slightly and shouted: "Let's go together..."

Facing the Dragon Slaying Sword in David's hand, although he had the sacred weapon in his hand, the boss was still a little clueless.

Simply go up together, and directly blast David into scum.

For a time, the top of the arena gathered together, and all of them went towards David!

David glanced at the Dragon Slaying Sword, and he pinned all his hopes on the Dragon Slaying Sword.

The Dragon Slaying Sword seemed to sense David's entrustment and made a humming sound!

Immediately afterwards, David let go of the Dragon Slaying Sword in his hand, and with a scream, a blue light flew out of the Dragon Slaying Sword instantly!

This is the sword spirit. I saw the blue light circled around the Dragon Slaying Sword for a few times. The Dragon Slaying Sword seemed to have been inspired to fight, and the humming sound was so loud that many people couldn't help but plug their ears!

Chapter 1854

Boom.....

The Dragon Slaying Sword is like a dragon going out of the sea, and one after another sharp sword energy descends from the sky...

Everyone looked at the scene in front of them in disbelief, they were all unbelievable!

They didn't expect that a sword could radiate such great power by itself!

This kind of power is not inferior to that weapon holy weapon.

It is even stronger than the power of the holy weapon.

Feeling the power of the Dragon Slaying Sword, all those black and silver robes were startled, and their movements began to hesitate.

"Don't worry, kill David first. As long as David is dead, the sword will be useless..." The

boss roared, telling everyone to ignore the Dragon Slaying Sword!

In his opinion, although the Dragon Slaying Sword came out of his hands, it was still controlled by David. At this time, David was in control of the Dragon Slaying Sword, so his defense was the weakest.

However, the boss was wrong, and now the Dragon Slaying Sword is not controlled by David, but by the Sword Spirit himself.

Six terrifying breaths moved towards David, and the power of two of the sacred weapons, even if David had an indestructible golden body, even if David had a strong body, if he wanted to withstand these attacks, it was almost impossible. possible.

However, David's body could not resist these attacks, but he did not panic, but waited quietly!

Seeing that David was not moving, the boss showed a sneer at the corner of his mouth. He thought that David was in control of the Dragon Slaying Sword and could not take care of it.

But just as the terrifying breaths came to David, there was suddenly one more person in front of David.

To be precise, there is one more body!

The fleshly body of the Gorefiend was used by David as a shield, blocking him directly.

This sudden scene made everyone stunned, and they didn't understand what David was really doing!

And those black and silver robes are all in a state of confusion!

I don't understand why David took out a corpse at this moment of life and death.

But soon, they understood.

I saw that the breaths hit the Gorefiend's flesh, and they were blocked in an instant, but the Gorefiend's flesh did not leave a trace!

Even the attacks of the two sacred weapons were easily blocked by the fleshly body of the Gorefiend!

This time, the black and silver robes were all dumbfounded!

They don't understand how someone's body can be so powerful that even the sacred weapon can't leave a trace!

At this moment, seeing the fleshly body of the Gorefiend, a man above the stands showed a strong gleam in his eyes!

This person is Zhou Jie, she came to invite David to cooperate, invited David to go to the Demon Sect, and even told David some secrets of the Martial Arts Alliance, for the sake of the blood demon's body!

"What the hell is this?"

The third black-silver robe asked with a puzzled face.

But before anyone could answer, they felt the threat from above!

I saw the Dragon Slaying Sword exuding a terrifying energy, from top to bottom, shrouded above the heads of several people!

"Back..." The

boss turned pale in shock, and his figure quickly stepped back.

The other black and silver robes also hurriedly retreated, but the sword qi was still falling towards several people like raindrops!

They had no choice but to wave the weapons in their hands and keep following the sword qi to resist!

What everyone saw at the moment was a few black and silver robes fighting with a sword, while David seemed to be doing nothing.

After a while of sword light, several black and silver robes looked a little embarrassed, and the black robes on their bodies were all tattered, like beggars!

The six Great Marquis, two weapons of the sacred weapon, were not able to take down David, which shocked many people!

“The fifth, the seventh, follow me to deal with that David!”

“The third, the fourth, and the sixth, hold on to that sword...” The eldest commanded loudly after breathing for a while.

They are going to divide their troops to fight. It turns out that the Dragon Slaying Sword is not controlled by David, but has an independent attack consciousness!

Obviously this is a spirit sword, and the sword spirit also possesses a part of divine consciousness.

Chapter 1855

Soon, Dragon Slaying Sword was entangled by three people!

And the fifth is holding the Martial Saint Sword and slashing towards David fiercely, and the green blade of the sword roars out!

Seeing this, David had no weapon in his hand, so he could only use the body of the Gorefiend as a weapon.

With a loud shout, David instantly danced the Gorefiend's body!

Dang...

With a crisp sound, the sharp knife light directly blocked the Gorefiend's body back.

At the same time, Lao Qi held a ring-shaped sharp blade and came directly towards David. The sharp edge ripped apart the void and made a sound of breaking through the air!

Seeing this, David jumped up, and instantly let the ring-shaped sharp blade fly under his feet, followed by holding the Gorefiend's feet, and instantly moved the Gorefiend's body towards the old seven rounds!

David used the Gorefiend's body as a stick!

When everyone saw this scene, they couldn't hold back for a while and burst out laughing!

They had never seen such a fight.

And the Gorefiend, who was also a hero thousands of years ago, his body at this moment has become a weapon!

If he knew this, he would probably have been pissed off.

On the stand, Zhou Jie saw that David was actually holding the Gorefiend's body as a weapon. His face was full of pity and helplessness. This was simply a waste of money!

"Old Seven, be careful..." When the

boss saw this, the tiger fingers on his hands radiated dazzling light, and then he punched out, a terrifying atmosphere greeted David!

David also did not show weakness, and waved the Gorefiend's body like a tiger.

One after another strong winds rose, and the void in the entire arena became distorted under David's wave!

bang bang bang

The boss smashed out a terrifying breath, but was blocked by David's body holding the Gorefiend!

There was a violent explosion, but the Gorefiend did not have the slightest scar on his body! On the contrary, the boss only felt his wrists go numb and his arms trembled slightly.

"fu** you..."

David rounded the Gorefiend's body, and the whistling sound came in an instant!

When the boss saw this, his face was startled, and he hurriedly stepped back!

But it was too late, David had already smashed over with the body of the Gorefiend.

I saw the Gorefiend's head heavily towards the head of the black silver-robed boss. If it hits, the Gorefiend's body will be fine, and the boss's head must burst!

"Big brother..."

Seeing this, the fifth brother suddenly threw the Martial Saint Sabre in his hand and blocked it directly in front of the boss!

Dang...

There was a loud bang, and the fifth's Martial Saint Saber was blown away, and the boss took the opportunity to take two steps back and escaped the blow!

David glanced at the Martial Saint Sabre that was still flying in midair, his eyes suddenly lit up, and then he suddenly exerted force on his feet and grabbed it directly towards the Martial Saint Sabre.

This is a sacred weapon. If they can take it as their own, then their Dragon Gate will also have a sacred weapon.

At that time, even when David was not around, no one would dare to underestimate Longmen.

Seeing David's intention, the fifth hurriedly jumped up!

He didn't dare to throw away the holy weapon, the great master knew that he was going to be punished.

Seeing that the old fifth was about to get the Martial Saint Sword, David directly used the Gorefiend's body as a dart and threw it towards the fifth.

The fifth brother couldn't dodge in time, and slammed into the body of the Gorefiend fiercely!

What's even more coincidental is that the two people even met face to face and collided mouth to mouth.

This time, the old fifth is disgusting!

The huge impact force caused the fifth's body to fall quickly, and the internal organs in the body were also tumbling!

David took advantage of the situation to hold the handle of the Martial Saint Sword, and David instantly felt the breath from the Martial Saint Sword.

Slowly falling to the ground, David reached out and caught the Gorefiend's body!

Chapter 1856

At this moment, David held the knife in his right hand and the Gorefiend's body as a shield in his left, and provocatively slapped the Gorefiend's body with the knife a few times, making a few crisp sounds.

Seeing David like that, the black and silver robes were dumbfounded.

“Go to hell...”

This time, David took the Martial Saint Sword and added the Gorefiend’s body as a shield, so he could completely ignore these black silver robes.

With a wave of the Martial Saint Sword in David’s hand, the rays of light burst out in an instant, moving towards the black and silver robes in an instant.

The green light is several times brighter than that of the old fifth, and the sacred weapon has the aura of a strong martial artist.

With the blessing of David’s inner dragon’s power, David’s wave caused dozens of rays of light to shoot out from the Martial Saint Sword in an instant!

Seeing that the Martial Saint Sword can exert such great power in David’s hands, the fifth’s face is very ugly!

The same weapon, but in the hands of different people, exerts different power!

This is enough to show that the strength of the fifth is incomparable with David.

“Hmph...” The

boss snorted coldly when he saw this, and then the tiger finger in his hand emitted a dazzling light!

Afterwards, the fists continued to wave, and rays of light directly greeted him.

Dozens of blue-green rays of light were directly smashed down, showing that the sacred weapon in the hands of the boss was obviously stronger.

“Yes, it seems that the sacred weapon in your hand will also be given to me...”

After David said, the sacred sword in his hand was raised again, followed by a loud roar, and the golden light around David continued to skyrocket. The power of the dragon is swarming into the Martial Saint Sword!

It was just the first time David used the Martial Saint Sword, and there was no tacit understanding at all.

Now David also seems to understand Wu Shengdao.

“cut.....”

A sharp edge several feet high instantly erupted on the Martial Saint Sword, and the dazzling light was dazzling!

As David swung his sword down, the huge blade instantly turned into hundreds of thousands of paths, shrouded in black and silver robes!

This time the blade was like a gust of wind, overwhelming the sky.

When the three black and silver robes saw this, they could only resist desperately!

The boss kept swinging his fists, and rays of light shot out, desperately blocking these locust-like blades.

Without the Martial Saint Sword, the fifth can only leak his energy to protect his whole body, and he desperately uses his fists to block it!

And the old seven threw the ring-shaped blade in his hand high, and the rapidly rotating blade rushed into the dense blade in an instant, desperately blocking it!

Bang bang bang

the blade continued to fall, hitting the three people, and the three people's figures began to retreat continuously.

The eldest and the seventh are okay, they still have weapons in their hands.

But the old fifth can only resist with his fists, and his body is strong!

But with the blades hitting his body one after another, wounds began to appear on the old fifth's body, and finally the wounds were all over his body, blood was flowing, and it was horrible to see.

"I see how long you can hold on..."

David's voice was cold, and the Martial Saint Sword in his hand swung out again!

The blade edge, which was about to disappear, is now densely falling like raindrops again!

This time, several black silver robes are about to collapse.

Pfft.....

The fifth man couldn't bear it anymore, a mouthful of blood spurted out, and his body fell backwards heavily!

I saw that the fifth man's body was full of scars, and several blades penetrated his body!

"Old fifth..." The

boss's face changed greatly, he shouted loudly, and the tiger finger in his hand continued to emit a bright light, constantly moving in the direction of the fifth.

He wants to resist these locust-like blades for the fifth child.

At this moment, the ring-shaped sharp blade in Old Seven's hand, under the storm-like attack, was finally unable to resist, and instantly turned into powder.

Chapter 1857

After all, what he has in his hand is not a sacred weapon, how could he resist such a crazy attack!

After the weapon was turned into powder, Lao Qi's body was instantly slashed by several blades, and his body flew out directly, creating a deep ravine on the ring!

When the boss saw this, the whole person became extremely ferocious.

In the blink of an eye, David continued to take the Martial Saint Sword, and now he directly injured the fifth and seventh. Now they are clearly at a disadvantage.

"Arrangement..."

Suddenly, the boss shouted loudly!

Soon, the fifth and seventh, who had been seriously injured, all gleamed in their eyes and sat up directly!

The third, fourth, and sixth, who were holding the Dragon Slaying Sword, also left the battle in an instant and stood behind the boss.

“David, I want you to die, I want everyone here to die...” The boss gritted his teeth, his face extremely hideous.

“Broken, these guys are going to destroy their souls...”

The demon in Ning Zhi’s body screamed badly, and immediately said to Ning Zhi, “Come on, get out of here...”

Although Ning Zhi didn’t know that the demon was afraid What, but Ning Zhi could only obey the order and hurriedly got up and left.

When he was leaving, Ning Zhi looked back: “David, I hope you don’t die, waiting for my showdown with you...”

No one noticed Ning Zhi who had left, and everyone was still watching with interest!

At this time, the eyes of the black-silver robe boss began to slowly change color, and the entire pair of eyes no longer had white eyeballs, and the blackness looked very scary.

I saw the boss muttering words, and the souls in their bodies began to slowly leave their bodies and float in the air!

Several black and silver robes glanced at each other, and then all of them suddenly waved towards their hearts.

The boss’s sharp tiger fingers pierced his heart instantly, and a mouthful of blood spurted out!

The other black and silver robes also used their own weapons, and instantly broke their hearts!

Scarlet blood flowed all over the place.

And the breath of these black and silver robes instantly wilted and disappeared, and they all fell to the ground!

At this time, everyone was stunned, they didn't understand what these black silver robes were doing, why did they suddenly commit suicide?

But soon, several black-silver robes began to shine, and one after another rune flashed on the bodies of several black-silver robes.

It turns out that these people have runes engraved on their bodies!

At this moment, the runes flickered, and the blood on the ground was instantly absorbed!

The soul in the air floats quietly, illuminated by the rays of light of the runes!

Soon, everyone discovered that the bodies of several black silver robes who had already died suddenly moved.

Immediately after, a terrifying aura emanated from the bodies of these black silver robes!

The eyes of several black and silver robes turned pitch-black, and the whole person was very dumb, like a puppet corpse.

The souls that originally floated quietly in mid-air, at this moment, burrowed into the bodies of those black silver robes!

The jet-black eyes of several black and silver robes seemed to be instantly enlightened and turned blood red, which looked even more frightening.

“What kind of technique is this? You want to sacrifice your life?”

Someone on the stand said inexplicably.

“The Martial Arts Alliance has colluded with evil cultivators for a long time, and it is not surprising that they can use this kind of evil cultivation technique.”

“Let David uproot this martial arts alliance today, and save the reputation of the martial arts world.”

“All day long. Relying on the soul and practicing sorcery, it will never be possible to comprehend the true meaning of the martial arts world.”

Many people have accused the Martial Arts Alliance.

It's just that the few black silver robes at this time have long been unable to listen to everyone's discussions, and they don't care about their reputation and face anymore. At this moment, they are just a corpse.

“You are the first person who can push us to this point...” The

black-silver robe boss spoke, but his voice changed, becoming an old voice.

Chapter 1858

David knew that it was the soul of the black-silver robe boss who occupied the main body.

“Hmph, you people who deserved to die long ago have caused chaos in the entire martial arts world. Today, I will completely destroy you.

” in hand!

Using the Dragon Slaying Sword, he can do whatever he wants.

“I would like to trade my life for the gate of hell to open...” The

boss suddenly shouted!

Immediately afterwards, several black and silver robes knelt down on the ground in unison, followed by Dao Dao Guanghua appearing from under them, and then Guanghua quickly spread around!

In the end, the entire martial arts field was shrouded.

At first, everyone didn't take it seriously, but with the ground shaking, when black mist rose from all around, someone finally realized that something was wrong.

Rumbling...

Black mist shrouded from all directions, covering the entire martial arts arena.

And under everyone's feet, there is a black mist lingering, these black things are like shackles, grabbing everyone's feet!

This time, some people began to be afraid, struggling desperately, shouting, trying to escape from here!

But they soon discovered that they could not escape the shackles of this black fog, and everyone could feel that the energy in their bodies was slowly fading away!

Although the speed is very slow, you can still feel it.

Someone wanted to stop it, but found that it couldn't be stopped at all!

And several black-silver robes were surrounded by black mist, and the aura on their bodies was constantly growing!

Obviously, the energy that everyone has lost is being absorbed by these black silver robes!

David frowned slightly, he did not expect these black and silver robes to be able to perform this kind of magic!

David jumped up, and the Dragon Slaying Sword in his hand instantly slashed out!

He can't let these black and silver robes continue, otherwise everyone here will die in the end.

Swish.....

The incomparably sharp sword qi slashed towards the boss in an instant!

The boss did not dodge or dodge, and rushed towards David!

The sharp sword energy instantly slashed on the boss's arm, directly cutting off the boss's arm!

And the boss's punch also smashed out heavily, hitting the Gorefiend's body!

David's body instantly retreated a few steps, and he could really feel the change in the boss's strength.

Fortunately, the Gorefiend's body was used as a shield, otherwise David might have been injured in this punch.

However, a sword cut off the boss's arm, which is considered a profit!

But when David looked over, he found that the arm that had been cut off, ???? At this moment, it began to disappear quickly, turning into a cloud of black mist.

Immediately afterwards, the black mist surrounded the broken arm of the boss, and then a new arm actually grew out.

This time, David felt very surprised!

Just when David was surprised, several other black silver robes also attacked David!

For a time, David alone fought against the six black and silver robes!

Although the Dragon Slaying Sword in David's hand was extremely sharp, each sword could seriously injure a black silver robe.

But these guys are not afraid, even if they cut off their heads, they can still grow up intact, which makes David a big headache!

If it wasn't for the Gorefiend's body as a shield, David didn't know what it would be like at the moment.

But even so, David was already scarred.

“Damn, these guys are immortal, and they can absorb the energy of other people endlessly. It’s not going to go on like this...”

David frowned, struggling to support!

Now he is full of strength, but it is useless, even if the Dragon Slaying Sword is sharp, it is useless.

Boom.....

With a loud bang, David’s body was hit hard again, and he flew upside down and fell heavily to the ground!

I don’t know how many times this has been shot.

Chapter 1859

David supported the ground with his sword, stood up slowly, looked at the black and silver robes in front of him who were no longer human, and frowned tightly!

Looking at the black fog rising around, and the people who kept shouting, David knew that if this continued, everyone would die.

The martial arts field at the moment is a huge circle, and everyone is surrounded by this circle.

These black and silver robes are immortal in this huge circle!

Suddenly, David thought of something!

These black mists are the most yin energy, which can be used as David’s cultivation resources!

And the best way to deal with the array is to find the eye of the array and destroy the real thing.

Or use a more advanced magic circle to suppress the opponent!

Thinking of this, David put away the fleshly bodies of the Dragon Slaying Sword and the Gorefiend.

David closed his eyes slightly, and the Heart Concentration Art started to run wildly. The huge suction force made those black mists begin to drill into David’s body!

David's lost spiritual power is recovering quickly!

Moreover, the talisman technique inherited from Tianfuzong is also constantly flashing in David's mind at this moment.

He has to find a way to deal with this magic circle!

Seeing that the surrounding black mist was constantly pouring into David's body, the black-yin-pao boss frowned: "Quick, kill him, this son's body can't be left..."

But when a few black-yin-pao asked When he started, David's slightly closed eyes suddenly opened, and in David's eyes, a raging flame rose!

"The flames burn the sky..."

David suddenly pinched his fingers, and a gossip-shaped disc instantly appeared in the air!

The gossip is burning with raging fire, and the gossip is constantly expanding, instantly shrouding the entire martial arts field!

The flames began to devour the black mist, and soon everyone broke free!

Feeling the heat of the surrounding flames, the hurried black silver robe instantly became tense.

You must know that this is the true fire of samadhi, and they are not afraid of ordinary flames, but the true fire of samadhi is a nemesis for their souls.

They never imagined that David actually knew such a superb array.

"Escape, escape..." The

boss shouted loudly, and then a few shadows instantly emerged from the body of the black silver robe!

These souls must flee before David's blazing flames are completely laid down, otherwise they will be wiped out.

As for these fleshly bodies, they don't care at all, they are all dead anyway, and even if they stay, they will be useless in the future.

Several black shadows rose into the sky, ready to escape!

"Want to run?"

David's eyes flashed coldly, he grabbed towards the void, and a soul was instantly caught by David.

Immediately after David opened his mouth, the soul was directly sucked into the body, and was instantly refined by David's Concentration Technique!

The other souls were terrified one by one, daring not to stop at all!

Seeing that these souls are about to escape from all directions.

Boom...

The flames around the martial arts field instantly rose several meters high, and the violent flames swallowed the escaped souls at once.

The shrill screams sounded, and soon the soul disappeared, and there was no slag left after being burned.

“What a pity...”

Looking at the souls that were burned, David felt a pity.

If he can swallow these souls, maybe David can increase his strength!

Slowly the flames disappeared, and calm was restored on the ring!

There are only a few corpses in black and silver robes, lying quietly on the ground!

David walked slowly to the boss, bent down and took down the tiger finger. You must know that this is a sacred weapon. A sacred weapon can quickly improve a martial arts family!

What’s more, this time David got two sacred weapons. With these two sacred weapons, Longmen’s status in the martial arts world will be even higher.

Chapter 1860

“Mr. Chen, thank you for your help...”

Someone thanked David!

If it weren’t for David, maybe they would all be sucked up and die!

“Thank you, Mr. Chen...”

“Thank you...”

Many people began to thank him.

David nodded slightly, as a return gift!

“David, your strength is far higher than I imagined...”

Zhou Jie stepped forward and said with a look of surprise.

“I don’t even know how high my strength is.”

David smiled lightly.

For more than a year, David always felt that his path was moving forward as if someone had planned it!

This may be the path that his father paved for him.

But since David has embarked on this road, no matter how difficult it is, he will go on.

“Now that your business is over, do you have time to go to the Demon Sect with me?”

Zhou Jie asked.

“My girlfriend hasn’t been rescued yet, I have to rescue her first...”

David couldn’t wait to rush towards the Martial Arts Alliance!

Zhou Jie shook his head and followed.

When David arrived at the Martial Arts Alliance, the Martial Arts Alliance had already been captured by Long Xingxu.

It’s just because the dungeon is protected by a formation, Long Xingxu and the others can’t get in!

David walked to the rockery, his palm gently touched the rockery, and the spells began to float in the air, and a faint light flashed.

This is the magic circle that protects the dungeon. The magic circle flashed. David’s eyes quickly swept over the spells, and then he found the place of the circle at a glance!

With the Dragon Slaying Sword in his hand, David slashed out with a single sword, instantly destroying the formation of eyes, and the formation also disappeared at this moment.

With a slight push, the door of the dungeon opened, and David rushed into the dungeon impatiently.

Gu Linger and the others also followed, because they hadn't seen Sonya for a long time.

After rushing into the dungeon, Sonya was still locked in the corner room, but this time Sonya had scars on her body!

“Yuqi...”

Looking at Sonya's injuries, David felt guilty and distressed.

“Yuqi, Yuqi...”

Gu Linger was also shouting loudly.

Sonya was surprised when she saw David and Gu Linger coming.

“You...how did you get in?”

Sonya knew that this was the dungeon of the Martial Arts Alliance, and it wasn't easy to get in.

“Yuqi, David has already destroyed the Martial Arts Alliance, we will rescue you now.”

Gu Linger stepped forward, his hands suddenly forced, trying to open the door of Sonya's prison!

But no matter how hard Gu Linger tried, the prison door would not move!

“Linger, don’t waste your energy, it can’t be opened.”

Sonya shook her head at Gu Linger.

Gu Linger looked at David, she knew that David must have a way.

“Ling’er, back up...”

David finished speaking, a faint light flickered on his palms, and then he gently pressed it on the prison door!

Soon, the entire cell was radiant, with runes flickering around it, constantly turning around the cell!

This is the magic circle that controls the entire cell. As long as the magic circle appears, David can find the eye of the circle!

David carefully looked for the eyes of the magic circle from the complicated runes!

Boom.....

David shot suddenly and punched somewhere in the circle!

This punch made the entire dungeon tremble, and Davidping was personally knocked out by the huge anti-shock force, but the magic circle was intact.

This proves that what David was looking for is wrong.

David didn't give up, he was still looking for it carefully, and then he threw a punch again!

This time, it was the same result, David's body was knocked into the air!

After trying more than ten times in a row, David was already sweating profusely at this moment, and there was blood flowing from the corners of his mouth!
