

## A Man Like None Other Chapter 1881 – 1890

### Chapter 1881

Therefore, David emphasized this again, also to reassure Zheng Anguo!

“That’s such a pity. I also hope that Mr. Chen can play in Nanhu for two more days, but as long as Mr. Chen has time, he can come to Nanhu at any time...”

“Although Nanhu is located at the border, the scenery is not bad. It ‘s just that the resources are a little worse!”

Zheng Anguo said it was a pity, but his face was already happy!

No matter what David did in Nanhu, David’s arrival did cause a lot of pressure on Zheng Anguo.

“Patriarch Zheng, I have something, I don’t know if I should say it or not...”

David said.

“Mr. Chen, why are you being polite to me? You can say it casually. As long as I know, I will tell you the truth.”

Zheng Anguo vowed.

“Patriarch Zheng, the resources of Nanhu are so scarce. Your Zheng family is based in Nanhu. How do you cultivate? I heard that Patriarch Zheng has absorbed the power of creation from the entire city to cultivate.”

David asked curiously.

Seeing David asking such a question, Zheng Anguo burst into laughter.

“Hahaha, Mr. Chen actually believes in such rumors. I, Zheng Anguo, have the virtue and ability, and can absorb the power of creation in the whole city.

”, I can absorb the power of belief of some people!”

“As the city owner of the entire South Lake City, I can make every family enshrine my statue. This is still possible.”

“And our ancestors also passed down a set of skills. You can rely on the power of belief of everyone to cultivate, but these are just a drop in the bucket.”

“If you really want to improve your strength, you still need to rely on a lot of resources. If I can really absorb the power of creation in the entire city, I will Why should I be nesting in this little South Lake now!”

Zheng Anguo followed David to explain.

“The power of faith...”

David suddenly realized, it seems that the exercises handed down by the Zheng family are similar to the blood demons on Penglai Island.

However, what David said to Zheng Anguo is that the power of belief is not enough, but he doesn't agree with what Zheng Anguo said!

The reason why Zheng Anguo feels that the power of faith is useless is because Nanhu is too small, the population base is small, and everyone's belief in Zheng Anguo may not be so great, so Zheng Anguo feels useless!

What if it was the power of faith concentrated by the people of a big city? What if it was a country?

What if it was the whole world?

With such a large base, the power of faith would definitely be terrifying!

It's just that it is extremely difficult to get so many people to believe in themselves.

However, at this time, David was already interested in this kind of exercise!

While David was chatting with Zheng Anguo, Zhou Jie had returned to the Demon Sect!

"Song deputy leader, it's not good, it's not good..."

After Zhou Jie returned to the Demon Sect, he found Song Qingping.

"Zhou Jie, what's wrong?"

Song Qingping frowned slightly.

"Mr. Chen was taken away by Zheng Kai, the son of the Zheng family..."

"You should find a way to save him!"

Zhou Jie said.

"He was arrested by the Zheng family? Why arrest him?"

Song Qingping asked with a puzzled expression.

Zhou Jie could only talk about the conflict with Zheng Kai, but he didn't say that Hu Mazi took advantage of him.

"This son of the Zheng family is really stupid. Even David dares to catch him..."

Song Qingping said with a faint smile.

"Vice Alliance Leader Song, hurry up and send someone to rescue Mr. Chen, don't we want to cooperate with him?"

Zhou Jie laughed and asked with some doubts when she saw that Song Qingping was not in a hurry.

"Don't worry, then David will be fine. If even a small Zheng family can't handle it, then what's the point of our cooperation with him!"

"He will definitely be fine, and it is estimated that the Zheng family will be unlucky. "

Go back now, otherwise he won't be able to open the door to the secret realm himself."

Song Qingping said calmly.

## **Chapter 1882**

Zhou Jie looked at Song Qingping suspiciously. She didn't know if what Song Qingping said was true.

Seeing Zhou Jie's disbelief, Song Qingping reached out and stroked Zhou Jie's face gently, "When did I lie to you? Don't worry, go to David, he will be fine..."

" Song Qingping touched his face so ambiguous, Zhou Jie blushed instantly and nodded: "Okay, I'll go find him..."

Zhou Jie walked out of the secret realm and then came to Zheng's house!

Sure enough, she saw that David was drinking tea and chatting with Zheng Anguo, while Zheng Kai was standing there respectfully, not daring to raise his head!

After seeing Zhou Jie, Zheng Anguo looked at David with a little deep meaning and said, "Mr. Chen, is this the friend you said?"

David nodded and said, "Yes, her name is Zhou Jie!"

"Patriarch Zheng Good!" Zhou Jie greeted Zheng Anguo!

"Haha, it's no wonder that Mr. Chen traveled thousands of miles to the remote area of Nanhu. It seems that he was a hero from ancient times and was saddened by the beauty..."

Zheng Anguo thought that David and Zhou Jie were boyfriend and girlfriend relationship.

Seeing that Zheng Anguo had misunderstood, David did not explain, but just smiled!

And that Zhou Jie said: "We should go..."

David followed Zheng Anguo to leave, and then returned to the secret realm with Zhou Jie!

As for Hu Mazi, David did not look for him, because he knew that as long as Hu Mazi found a woman, he would not leave the house for three or five days.

After returning to the secret realm, David wanted to go to the chaotic space to explore again, but because Hu Mazi was not around, David was afraid that his body would be destroyed after his soul came out of the body, so he gave up this idea.

However, as long as David closed his eyes, he would remember the ten thousand-year-old Polygonum multiflorum. To know the ten thousand-year-old medicinal materials, it is rare, even the major sects and families have never seen it.

In the evening, Zhou Jie suddenly found David: "Mr. Chen, our vice suzerain is looking for you..."

David was a little puzzled, what did Song Qingping do for him in the evening?

Soon David saw Song Qingping, and Song Qingping didn't talk nonsense, and said directly: "Mr. Chen, the map shows that there will be medicinal herbs on the mountains west of Nanhu City, as for what medicinal herbs will appear, we I don't know, but I'm sure, the herbs this time should be not small."

"In order to express sincerity, the herbs this time will be handed over to Mr. Chen, and our Demon Sect will not take any of them..."

"Can you let me Are you looking at that map?" David asked.

"Of course..."

Song Qingping took David into the secret room, and then David looked at the place in the west of Nanhu City marked on the map, a golden spot of light was constantly flickering, and the frequency and brightness of the flickering became more and more. big.

"Hey, why is the herbal display different this time?"

Song Qingping looked at the flickering golden light spot with doubts on his face!

“What? What’s the difference?”

David asked.

“The red dots flashed before, and they didn’t have such a fast frequency and brightness.”

“How did it turn into gold this time? It was still red when I discovered it...”

Song Qingping looked at the map carefully, his face full of expression. puzzled!

“Vice Sect Master Song, when will this herb appear, and can it be seen on this map?”

David continued to ask.

“It will probably be three days later, but there is no way to tell when it will be,”

Song Qingping said.

“Okay, I’ll check it out in three days!”

David looked at the constantly flickering golden light spot on the map, his heart was full of infinite yearning, and he could not wait!

“Mr. Chen, I hope you still prepare early, and visit in three days. I’m afraid there will be nothing left...”

Song Qingping reminded David.

After all, the entire Nanhu Lake is in the hands of the Zheng family. If there are any medicinal herbs, it is impossible for the Zheng family to not know. Although they will not know in advance, the Zheng family will definitely know the first time after the birth of the medicinal herbs.

### **Chapter 1883**

“Okay, then I’ll leave tomorrow...”

David said, and walked out of the secret room!

“Mr. Chen, our Demon Spirit Sect is so sincere, what about the body of the Gorefiend?”

Song Qingping looked at David and asked.

“Don’t worry, as long as your Demon Spirit Sect is full of sincerity, this blood demon body will be given to you. For me, it’s useless.”

After David finished speaking, he left immediately!

In the dead of night, David couldn’t fall asleep, he always wanted to see the million-year-old He Shouwu!

In the end, David finally couldn’t bear it anymore, got up slowly, and took advantage of the night to reach the edge of the secret realm!

After observing for four weeks, David drew the talisman from the orifice. After the last experiment, David was very handy in drawing the talisman, and he succeeded once!

Putting the spell on his body, David’s soul burst out of his body in an instant!

Glancing at his own body, David penetrated the barrier and entered the chaotic space!

A lot of killing power attacked David's soul, but David persisted dazzlingly!

I don't know how long it took, but suddenly, David re-entered the land of resources!

David didn't look at anything else and went straight to the ten thousand years of He Shouwu!

I saw the Wannian He Shouwu exuding a faint golden light. After David approached, the Wannian He Shouwu was shaking slightly, as if he had sensed David!

David reached out and stroked it, but unfortunately because he was a soul body, he couldn't touch the He Shou Wu at all.

However, the large amount of spiritual energy from the three sides of He Shouwu still made David feel refreshed!

"It would be great if this ten thousand years of He Shouwu could be taken away..."

David stared blankly, his eyes full of helplessness!

But at this moment, the Ten Thousand Years Polygonum multiflorum suddenly flashed with golden light, and then it began to become more and more faint!

David was stunned when he saw this scene, and saw that the light of He Shouwu was getting weaker and weaker, and the He Shouwu seemed to be starting to become transparent, disappearing a little in front of David!

"This... what's going on?"

David stepped forward to grab the He Shouwu and prevent him from disappearing, but he couldn't catch it at all!

Soon, He Shouwu disappeared, completely disappeared from David's eyes, as if it had never appeared here!

David's face was full of surprise. He looked at the other medicinal materials, all of which were growing well, and there was nothing unusual!

"How could this be?"

David frowned, thinking that after passing through the barrier, he would take this He Shouwu away!

Now it actually disappeared in front of him!

David thought about it for a long time, but he didn't figure out what was going on. Seeing that the time was about to come, David could only retreat!

Back at the residence, David hadn't slept all night, and he couldn't understand the matter of He Shouwu!

Early in the morning, Zhou Jie found David, and she was going to take David to leave the secret realm and go to the place where the herbs were to be born!

After leaving the secret realm of Demon Sect, David thought about it and thought it would be better to bring Hu Mazi with him!

Although this guy is horny, sometimes he really knows a lot!

After some searching, I finally found flax seeds in a hotel!

David stepped forward and knocked on the door, and Hu Mazi impatiently opened the door. Hu Mazi was only wearing a pair of underwear. At this time, there were two beauties lying on the bed in scantily clad clothes!

Seeing such a scene, Zhou Jie rolled his eyes at Hu Mazi, then walked aside with a blushing face, while David said to Hu Mazi: "Master Hu, there will be herbs born in three days, I hope you can come with me. go see..."

Hu Mazi looked at Zhou Jie, who was dodging, and reprimanded David: "Why did you bring her here, isn't this damaging my image?"

"What image do you have, hurry up..."

David stepped forward and pulled Hu Mazi away.

"Hey...you want me to get dressed..."

Hu Mazi was dragged by David and started to get dressed.

The three of them headed towards the west of Nanhu City.

## **Chapter 1884**

At the same time, in a secret room of the Zheng family, there was an old man sitting in front of Zheng Anguo, looking at Zheng Anguo's respectful appearance, he knew that this old man's identity was not simple!

“Master Wan, I wonder how your deduction is going?”

Zheng Anguo asked the old man cautiously.

The old man frowned, and said with a stern expression: “When I’m playing, keep your mouth shut...”

After that, the old man got up and walked out of the secret room, and then threw a handful of black stones into the courtyard. !

Under the sunlight, the black stones flickered faintly!

“The number of Tian Yan is the orthodox Dao. Disciple Wan Hong, begging the Patriarch to deduce the Dao of Heaven...”

After the old man finished speaking, he respectfully started to kowtow to the black stones in front of him!

Every stone, a head kowtow, a full tens of times!

Zheng Anguo watched from the side and did not dare to be born.

But at this moment, Zheng Kai suddenly broke into the yard: “Dad, you said...”

As soon as he rushed into the yard, Zheng Kai saw black stones in the yard, and an old man kept kowtowing , which makes Zheng Kai puzzled!

And the sudden intrusion of Zheng Kai made Zheng Anguo jump in shock, and he quickly waved his hand to let Zheng Kai leave!

But it was too late, and when Wan Hong raised his head, a cold glow appeared in his eyes!

Feeling the look in Wan Hong's eyes, Zheng Kai's body couldn't help but tremble!

Swish swish...

Suddenly, the black stones on the ground, like sharp weapons, shot out towards Zheng Kai!

As a Marquis, Zheng Kai would not wait to die, but a white mist suddenly erupted from his body, instantly covering his whole body!

bang bang bang .....

The stone hit Zheng Kai's body, Zheng Kai's whole body instantly flew out, and a mouthful of blood spurted out!

"Master Wan, be merciful..."

Seeing this, Zheng Anguo jumped up and blocked Zheng Kai directly.

"This deduction technique violates the way of heaven, spy on heaven's secrets, and broke in at this time, do you want me to die?"

Wan Hong roared with a very ugly face.

"Master Wan, the dog is ignorant, and I didn't tell it. I hope Master Wan will not blame him!"

Zheng Anguo apologized to Wan Hong.

Zheng Kai clutched his chest and looked at Zheng Anguo suspiciously: “Dad, who is this old man? Why is he so arrogant in our family, and he started rewarding me?”

Zheng Kai didn't understand that his father was the city lord of Nanhu Lake. , How can you be so timid!

It's okay to be afraid of that David, now even an old man!

“You bastard, shut up!” Zheng Anguo glared at Zheng Kai and said, “This is Master Wan Hong Wan. Quickly apologize to Master Wan.”

Zheng Anguo asked Zheng Kai to apologize to Wan Hong, but Zheng Kai didn't When he opened his mouth, Wan Hong waved his hand and said, “Forget it, since you are disturbed, it is the will of God, and the will of God cannot be violated. You should ask another clever man...”

After speaking, Wan Hong waved his hand, and all those black stones turned out to be completely gone. Back in Wan Hong's hands!

Seeing that Wan Hong was leaving, Zheng Anguo hurriedly stepped forward and said, “Master Wan, it is indeed our fault. Please play it once, and I can pay you double the price.”

Zheng Anguo begged Wan Hong, but That Wan Hong doesn't seem to have any intention to stay!

“Patriarch Zheng, the number of Tian Yan is not a child's play, it's just a play, but I can tell you that the chance I mentioned some time ago will appear in three days, and the place where it will appear will be a hundred miles west of the city.”

“I don’t know exactly what this chance is for you. I can’t do it a second time.”

“But I can tell you for sure that this is a big chance. If you succeed, you will have great strength. Zeng, if you don’t, you may be killed.”

After Wan Hong finished speaking, he ignored Zheng Anguo and left!

### **Chapter 1885**

Zheng Kai listened to Wan Hong’s godly babble, and said with a look of disdain: “Dad, when did you even be so respectful to the magic stick, obviously this guy is cheating money.”

“Liar to your mother...”

Zheng Anguo almost Not angry, he stepped forward and slapped that Zheng Kai hard!

Zheng Kai saw that his father was really angry, and he was too scared to speak.

After calming down for a while, Zheng Anguo said to Zheng Kai: “Go and find all the high-level executives, this time is a big chance for our Zheng family...”

Zheng Kai didn’t know what the big chance was, but he was still obedient. I went to call the senior officials of the Zheng family together.

But after Wan Hong left the Zheng family, he did not leave Nanhu City, but went straight to the west of Nanhu City!

“I didn’t expect that this time, it turned out to be a ten thousand year herb. This is something that can’t be found...”

Wan Hong’s face was full of excitement, and his feet also accelerated!

In fact, he deduced it long ago, but because the things that appeared were really too tempting, Wan Hong did not follow Zheng Anguo to tell the truth!

However, he was afraid that other people would also be watching here, so Wan Hong told Zheng Anguo the general location. He knew that Zheng Anguo would definitely send someone to guard the whole place. If the Zheng family appeared, others might Have scruples!

Wan Hong can use the number of Tian Yan to know the exact location of the ten thousand year herb in advance and take it away!

Along the way, Wan Hong kept throwing the black stones in his hand forward, and he followed the path of the stones!

Soon Wan Hong came to a jungle, when he was throwing the stone in his hand, he found that the stone did not shoot forward, but landed firmly three meters away!

This distance, let alone an adult, even a three-year-old child can throw it this far, but the stone thrown by Wan Hong with all his strength did not fly far!

Seeing this scene, Wan Hong's face suddenly showed a smile: "This is it..."

Then Wan Hong took out more black stones, muttering words in his mouth, and shot the stones in his hand into the surrounding trees one by one. among!

And there are a lot of black stones scattered on the ground around!

At this time, David and the others also rushed to this place. After discovering that there were people here, David looked puzzled!

"Could it be that someone here knows?"

David frowned, and then approached cautiously!

David saw that an old man was muttering words, and he kept throwing the black stones in his hands like a lunatic!

“Is this a fool?”

Zhou Jie asked Wan Hong involuntarily.

“I can’t figure it out, it looks like he’s setting up a formation...”

David didn’t look at this Wan Hong like a fool, but more like setting up a formation, but he had never seen such a technique before!

But when Hu Mazi saw Wan Hong, his face was slightly startled: “Wan Hong?” When

David heard this, he immediately looked at Hu Mazi and said, “Master Hu, do you know this person?”

Hu Mazi nodded: “This guy His name is Wan Hong, he belongs to the Tianyan Sect. The people in their sect are all talkative. They say that they can understand the way of heaven and deduce the secrets of heaven. In fact, they are just fu\*\*\*\* fortune tellers.

” The art of the door is everywhere, and many aristocratic families are convinced of these guys...”

David stared at Hu Mazi, and then asked: “Master Hu, are you having any trouble with this Wan Hong? Look at you. Isn’t this tone a bit wrong?”

David gnashed his teeth when he heard Hu Mazi introduce Wan Hong.

“Hmph, it’s this idiot who made me lose the woman I love the most. Originally, I was going to marry my girlfriend, but the girlfriend went to this guy to shake things up before getting married, and was deceived by this guy... “

Hu Mazi stared at Wan Hong, his eyes full of anger!

When David heard this, he almost couldn't hold back his laughter. He didn't expect that Hu Mazi would make such a scene decades ago!

## **Chapter 1886**

On the other hand, Zhou Jie looked surprised: "You still have a girlfriend? Are you still married? Which woman found you, I'm afraid that you will have blood mold for eight lifetimes."

"I was not like this before, I was very fond of my girlfriend. Single-minded, but after she ran away, I became like this, thinking that all women are untrustworthy, just treat them as playthings..."

Hu Mazi explained.

But when Zhou Jie heard that Hu Mazi referred to the woman as a plaything, her face was full of displeasure.

"Master Hu, what you said about this guy is worthless, but how did he find it here? It seems that his deduction skills are still very useful."

David said.

After all, David knew this place only by relying on the map of the Demon Sect, but Wan Hong did not have a map, so he must have deduced it by himself.

"Bah, there is a fart. This time, it must be the ten thousand year herb. When this ten thousand year herb is born, there will definitely be a vision in advance. As long as I am nearby, I can deduce what kind of skill this is."

"Even if I am separated by hundreds of miles, I can still find the ruins of the underground tomb. This is a truth."

"If he really understood the way of heaven and could deduce the secrets of heaven, he would have become an immortal."

Master Hu was full of face. Disdain!

When David heard it, he felt that what Hu Mazi said was right, and sometimes even David had to accept Hu Mazi's ability.

"Master Hu, what is the deduction of the secret? How do you know where there are tomb ruins? And how did you feel this kind of heaven and earth treasure before it was born?"

David wanted to know. How is it done.

"What? Do you want to learn?"

Hu Mazi looked at David and asked proudly.

"If you want to learn, as the saying goes, there must be my teacher in the three-person line. You give me this deduction technique, and I will teach you the magic trick..."

David was afraid that Hu Mazi wouldn't teach him, so he told the talisman!

"Let me ask you one thing, if someone is near you at the moment, ready to kill you, can you feel it?"

Hu Mazi asked David.

"Of course, that kind of dangerous feeling can be known immediately."

David nodded and said.

“Then how did you feel?”

Hu Mazi continued to ask.

This time, David was stumped, and he frowned slightly and said: “I don’t know, anyway, it’s been a long time, when encountering a dangerous atmosphere, the body will react instinctively, and I can’t describe that feeling. “

‘m telling you, that’s because someone wants to kill you, the body will naturally produce murderous aura towards you, the revealing of this murderous aura will make you feel dangerous and your body will react.”

“If it’s an ordinary person . Passing by you, or ordinary people beside you, without the slightest hostility towards you, this sense of danger will not exist.”

“And this murderous aura is not deliberately hidden, it can be hidden, because as long as you think in your heart Now, if you want to kill the opponent, your body will show killing intent, even if you can hide it, you can feel it instantly in front of a master.”

“And the so-called Heavenly Dao, in fact, radiates all kinds of qi with people. In the same way, the way of heaven is the law of heaven and earth. You treat the way of heaven as a person, and feel the various qi that this person exudes!”

“Whether he is happy, sad, or wants to kill, you can all know that the way of heaven is the same. , you need to realize the existence of the Dao of Heaven. When you truly understand the Dao of Heaven, as long as there are subtle differences anywhere, you can’t escape your eyes!”

“Even in any corner of the whole world, if an ant dies, you Everyone knows that at that time, you will be the master of the world!”

“And when such a ten thousand-year-old herb was born, where can it be used to comprehend the way of heaven, you only need to feel the vision of heaven and earth to know that it is inseparable.”

Hu Mazi followed David carefully, but he didn't know if David could understand it!

In fact, Hu Mazi himself did not really understand what the Tao of Heaven was.

### **Chapter 1887**

David closed his eyes slightly and felt everything around him with his heart, Hu Mazi, Zhou Jie and Na Wan Hong, the breath of these people was quickly captured by David!

But apart from these breaths, David doesn't seem to feel anything at all!

David worked hard to get rid of the breath of several people, and gently stroked the earth with one hand, in order to feel the breath of the earth, feel the flowers and plants, and the countless trees!

Slowly, David seemed to have entered a very strange world. In his mind, these flowers and plants, and even the entire earth, seemed to come alive and become living things!

The crawling of the ants on the ground can be clearly felt by David at this moment.

They also seem to be able to feel the existence of David, and they all exude different breaths. Whether it is flowers, plants or towering trees, they all seem to have their own stories!

David's hand lightly pressed on the ground, and in an instant, there was an ethereal, but incomparably real feeling from the earth!

At this moment, David could clearly feel that not far in front of him, a manic and terrifying aura was desperately breaking out of the ground. This should be the place where the ten thousand year herb was born.

It's just that the range David can feel is very limited now, and a hundred meters away, it becomes a chaos, and he can't feel anything!

“Could this be the so-called Heavenly Dao?”

David murmured to himself!

“What heavenly way? Don’t tell me, the heavenly way you understand...”

Hu Mazi looked at David with disbelief.

Hu Mazi himself didn’t understand what the Tao of Heaven was, so he just followed David to talk about it, David could comprehend the Tao of Heaven, wouldn’t it be too perverted.

“No, I’m just curious!”

David smiled lightly, because now he seems to understand, and he doesn’t know if the feeling he just felt has realized the way of heaven!

At this time, Wan Hong has already set up the formation, and the black stones on the ground are all hidden in the grass. If you don’t look carefully, you can’t find it at all!

“With this magic circle, even if the herb is born, they will never find it, and then it will be mine!”

Wan Hong raised his mouth slightly, then glanced around and left quickly!

Just when Wan Hong was about to leave, Hu Mazi wanted to rush out. After all, the enemy was very jealous when they met.

But it was held down by David: “Master Hu, the herbs have not yet been obtained, if you act rashly now, you will definitely let many people know, when you get the herbs, it will not be too late for you to take revenge, anyway, this guy was born in the herbs. When the time comes, it will definitely come...”

When Hu Mazi heard this, he stared at Wan Hong's back viciously, with murderous intent flashing in his eyes!

The hatred of killing the father, the hatred of taking the wife, this is the hatred that is mortal!

Although it was only Hu Mazi's girlfriend who was deceived by Wan Hong, that was a shame that could never be erased in his life.

Seeing Hu Mazi like that, David couldn't help but think of himself, if he hadn't learned the art of immortality from the old dragon head!

Now he is still living with endless shame!

Wan Hong left, just when David and the others were about to show their faces, suddenly the earth trembled slightly, followed by the sound of footsteps!

Hearing the sound, there are many people rushing towards this side!

David and the others hurriedly hid again, and soon hundreds of people swarmed here!

The leader is Zheng Anguo, and hundreds of people are Zheng Anguo's subordinates!

"I surrounded this place, and no one is allowed to approach this place..."

Zheng Anguo ordered loudly.

"As ordered..."

Soon, hundreds of people surrounded this area for several miles, and there would be a person standing at a distance! ! !

## **Chapter 1888**

“Dad, what are you doing with such a big battle? Is something going to happen here?”

Zheng Kai asked in confusion.

“There will be ten thousand years of medicinal herbs here...”

Zheng Anguo said excitedly.

“Wannian Herb?” Zheng Kai was stunned for a moment: “Is it in this place?”

“If Master Wan did a good deduction, then it is in this place. I want to seal it up so that others won’t take the lead.”

Zheng Anguo said.

“This... This is a big opportunity for our Zheng family, Wannian Herbs, our Zheng family sent it...”

Zheng Kai was also full of excitement at the moment!

Not far away, David looked at the Zheng family and his son, and seemed to understand. At that time, Zheng Anguo kept asking himself why he came to Nanhu.

It seems that he also knew that the ten thousand-year herb was going to be born, so he was afraid that he was here to snatch the herb.

“You are under strict watch over here. The day after tomorrow is the day when the ten thousand years herbs are born. As long as we can get the ten thousand years herbs, you will all follow along...”

Zheng Anguo said to several high-level officials.

“Don’t worry, the owner, not a single bird will fly in,”

a high-level executive assured.

Zheng Anguo nodded, and then called Zheng Kai to prepare to leave. After all, the herb will be born the day after tomorrow, so there is no need for them to wait here!

But when Zheng Anguo was about to leave with Zheng Kai, he suddenly stopped, and then his eyes turned sharply towards the location where David and the others were hiding!

“I was discovered...”

Seeing that Zheng Anguo was looking here, Hu Mazi said.

David made a silent action, telling Hu Mazi not to speak!

“Come out, those who are hiding have lost their identity!”

Zheng Anguo counted in the direction of David and the others.

Hu Mazi glanced at David and saw that David was still motionless, so he didn’t move either!

Seeing that no one came out, Zheng Anguo frowned slightly: "If I don't come out, I will do it..."

Zheng Anguo's voice fell, and several senior officials of the Zheng family all showed their weapons!

Seeing that there was still no movement, Zheng Anguo's right hand began to flash a faint light, and then he swung out with a palm, and visible energy shot out quickly!

Boom...

A booming explosion sounded, and the soil splashed everywhere!

Not far from David and the others, two figures jumped up!

When Hu Mazi saw the figure suddenly rushing out from the side, he was also shocked. He didn't even know that there were other people hiding not far away!

When the two people stood still, David couldn't help feeling surprised. He didn't expect that the person who suddenly appeared was Zhu Hao from the Zhu family in the southwest. Since the opening day of Longmen, David had seen Zhu Hao once, and he never saw him again. After that, at this time, Zhu Hao was accompanied by an old man who was over fifty years old. Seeing the person coming out, Zheng Anguo squinted his eyes and said, "The young star of the whole Southwest Jin Dynasty, the dignified Zhu Family's Young Master Zhu, why is he doing something sneaky?" "

Patriarch Zheng, what did I do sneakily?

Am I a little anxious, I can't even poop in the woods?"

“Although you are the lord of the entire South Lake City, you can’t control other people’s pooping, right?”

Zhu Hao said with a playful look.

Hearing Zhu Hao say such words, David couldn’t help laughing!

“You...”

Zheng Anguo was said by Zhu Hao, and he didn’t know what to say for a while to refute!

“Zhu Hao, don’t pretend to be garlic, your Zhu family is hundreds of miles away, why do you come here to poop? I think you’re here for the ten thousand year herb...”

Zheng Kai said angrily.

All of them are young people, and they are still brothers. Although Zheng Kai’s strength is not as good as that of Zhu Hao, this is Nanhu’s territory, so Zheng Kai is not afraid!

As soon as Zheng Anguo heard it, his son opened his mouth and said the Wannian Herb, and almost died **suddenly out of breath. Isn’t this fucking stupid?**

## **Chapter 1889**

“Wannian Herbs? What Wannian Herbs? Could it be that Wannian Herbs are going to be produced here?”

Zhu Hao said blankly: “I just came here to play, and I was just in a hurry, so I went to shit, who knows that I just squatted down. Soon, Patriarch Zheng immediately took action and kicked me out.”

“I didn’t expect Patriarch Zheng to be so irritable. He would have to do it

when he was sitting on your site!” “Young Master Zhu, Ming people don’t speak secretly, you came here. What’s the purpose? Let’s tell the truth.”

Zheng Anguo said with a cold face.

“I’m here to play, can’t I? If not, then let’s go...”

Zhu Hao said to the old man beside him, “Let’s go...” The

two turned around and left, Zheng Anguo looked angry, but did not move!

But that Zheng Kai was walking vigorously, wanting to step forward to stop that Zhu Hao!

But Zheng Anguo grabbed him!

“Dad, what are you pulling me to do? You can’t let them go. They are obviously rushing to the ten thousand year herb.”

Zheng Kai said anxiously.

Snapped!

Zheng Anguo went up and gave Zheng Kai a slap: “When the fuck will you grow up? You’re just a piece of trash!”

“Although the Zhu family in the southwest has always been unknown, they have been in the limelight recently. It’s so easy to mess with. Is it right?”

“Even if we stop that Zhu Hao, isn’t there anyone else who knows about this?”

Zheng Kai covered his face, looking aggrieved: “So what?”

“Hey, what else can I do? No matter who comes, this is Nanhu, the territory of my Zheng family, and we must not let others take away the ten thousand year herb!”

Zheng Anguo narrowed his eyes, his eyes flashing with chills!

After Zheng Anguo and his son left, David and the others also left. Now that the location has been determined, it is useless to stay there, and with so many people in the Zheng family guarding, David and the others have no way to approach!

Back in South Lake City, David and the others found a hotel and stayed there!

“It seems that the birth of this ten thousand year herb is not a secret...”

David frowned slightly.

Now the more people know about it, the more difficult it will be for David to get the Wannian Herb. Faced with this attractive resource, everyone will work hard.

“The birth of the ten thousand-year-old medicinal herb will definitely have a vision of heaven and earth. It is impossible to hide it from people. Now I don’t know how many people in the sect family know about this.”

Hu Mazi’s face was also more solemn at the moment.

The emergence of this top-level resource is bound to cause a bloody storm, and the battle is definitely inevitable.

“Let’s go, let’s go for a walk on the street. If this ten thousand year herb attracts many aristocratic families, we will definitely be able to feel the change on the street!”

David called Hu Mazi to go to the street to see if there were any What a discovery!

At this time, Zhou Jie looked for it and said: “Mr. Chen, our deputy leader has something to ask me, and I need to go back...”

“Okay, Miss Zhou, be careful on the road!”

David nodded.

Through these few days of contact, David has a good impression of Zhou Jie. The whole Demon Sect makes David most trustworthy, that is, Zhou Jie.

As long as Song Qingping is also polite and polite to himself, David always feels that Song Qingping is obedient.

There is also the suzerain of the Demon Sect. Since the last time I met and said a few words, I haven’t seen it again!

Looking at Zhou Jie’s back, Hu Mazi said helplessly, “This little girl is too innocent. Sooner or later, she will be tricked into bed by that person named Song Qingping. What a wonderful woman, what a pity...”

Hu Mazi sighed, Halazi almost didn't flow out!

Looking at Hu Mazi's appearance, David smiled lightly: "Don't worry about it, people have slept long ago..."

When Hu Mazi heard this, he seemed to be knocked instantly, looked at David in disbelief and asked :  
"What? I slept long ago? Really?"

## **Chapter 1890**

"What did I lie to you for!" David said.

"Oh, what a pity, what a pity..."

Hu Mazi kept slapping his thighs, shouting what a pity!

But there is no other way, it's what you want and I want, and there is no coercion!

"What a pity, you don't lack women..."

David took Hu Mazi out of the hotel!

The two were walking on the street, and David unabashedly spread out his consciousness, and instantly felt that there were many masters around!

However, these people are not hostile to David, but in groups of three or five, doing their own thing!

David frowned slightly and walked slowly on the street like this!

At this moment, in the hall of the Zheng family, Zheng Anguo was sitting on the main seat with an extremely ugly face, and in the position below him, there were many senior members of the Zheng family!

"Patriarch, many strangers suddenly came to South Lake City today, and all of them are experts. The lowest is the strength of Marquis, and there are no more Marquis of Great Marquis."

A high-level executive said to Zheng Anguo.

“Do you know the origin of these people?” Zheng Anguo asked.

“I don’t know, some of them are from the surrounding sects and families, and some of them don’t know their identities.” The

senior replied!

“Hey, Ten Thousand Years Herbs, such a top-level resource, it seems that there is no way to hide it...”

Zheng Anguo sighed, his expression became much older.

“Dad, Nanhu is the territory of our Zheng family. With our Zheng family’s seven great Marquis, there are as many as more than a dozen Marquis, so there is no need to be afraid of those people!”

“Even those big families from Kyoto can How about it, when I got here, I spoke with strength.”

Zheng Kai said confidently.

“Patriarch, you don’t have to worry too much. With the strength of our Zheng family, those families who have come from afar are not necessarily our opponents.”

A high-level persuaded Zheng Anguo.

“If it’s just a Southwest Zhu family, I’m not afraid, but now in the entire Nanhu City, how many sects and noble families have come, and how many great Wuhou masters have come, who can tell?”

“If these people unite against our Zheng family, we will Is there any chance of winning?”

“Even if we win and get the 10,000-year-old herb, our vitality will be greatly damaged. What will we rely on to protect this 10-10-year herb?”

“The 10,000-year herb at that time was not Any resource will become a ticking time bomb for our Zheng family, everyone will stare at it and deal with our Zheng family...”

Zheng Anguo knew that after the news of the ten thousand year herbs spread, even if the Zheng family got it Ten thousand years of medicinal herbs, there will be no good days in the future.

“Then what should I do? Could it be that I just watched other sect families take it away?”

Zheng Kai asked inexplicably.

“Of course not, since our Zheng family can’t get it, then it’s better to be a favored favor...”

Zheng Anguo narrowed his eyes slightly, and then said to Zheng Kai: “You go and find a way to invite David, remember it for me, attitude It must be good, if you annoy David, I will break your leg...”

“Dad, what are you doing? Do you want to give David that ten thousand year herb?”

Zheng Kai said in shock.

“We can’t get it, so what if we give it to him? Besides, we haven’t got this ten thousand year herb, so what can we say about giving it away, as long as David has the ability to get it, then we can be considered a favor and can follow David. Peace of mind, why not do it...”

Zheng Anguo explained.

“Dad, but...”

Zheng Kai wanted to say something, but Zheng Anguo glared at him: “Shut up, when will you be able to grow your brain, a short-sighted guy...”

Zheng Kai was reprimanded and didn't dare to speak anymore, so he could only turn around and go looking for that David!

Zheng Anguo, on the other hand, looked at the high-level officials and said, “You send everyone down. Be sure to check the information of the strangers who entered South Lake City to see how many people came to snatch the ten thousand year herb!”

“As per your order... “

The senior leaders left.
