

## A Man Like None Other Chapter 1891 – 1900

### Chapter 1891

On the street of Nanhu City, David and Hu Mazi were still walking around, and David's face became a little unsightly at this moment!

Because at this moment, he already felt no less than twenty Great Marquis.

The Marquis of Great Wu of this size is obviously not unique to the Zheng family of Nanhu.

"David, it seems that this ten-thousand-year-old herb has come to a lot of sect families. It's going to be lively now." Hu Mazi also felt a lot of great Marquis, and said with some concern.

David frowned slightly: "It seems that these ten thousand year herbs are really not so easy to get."

"I just don't know if these people know the exact location of the herbs. If they don't know, they can find a way to take them. Don't go out!"

David faces so many great Marquis, but he has no confidence that he can easily take away the ten thousand year herb!

However, we should know very little about the specific location of the herb, and we only know the approximate location.

If you can think about it The way to make these people misunderstand the position of Wannian Herbs, then David's chances are great.

"How is this attractive? "

Hu Mazi doesn't know how to let so many people know the location of the Wannian Herb by mistake at the same time!

David didn't speak, his brows were frowning in thought!

But at this moment, Zheng Kai led the two to find it. David!

"I found you guys..."

Zheng Kai stopped David and Hu Mazi with a happy expression!

"Boy, what do you want to do? Still want to fight? Seeing

that Zheng Kai led someone to stop them, Hu Mazi asked with a cold face.

"No, no, you misunderstood. I didn't come to fight, it was my dad who asked me to invite Mr. Chen." "

Zheng Kai waved his hands again and again.

"Please? What do you want me to do?"

David looked surprised!

"My dad knows that there are ten thousand years of medicinal herbs born nearby, so I want to invite Mr. Chen to come and discuss the matter of obtaining ten thousand years of medicinal herbs."

Zheng Kai said truthfully.

Because he knew that if he wanted David to believe in him, he had to tell the truth!

David was stunned when he heard that Zheng Anguo wanted to invite him over to discuss the Wannian Herbs!

The Hu Mazi whispered, "David, what kind of plane does the Zheng family want to fly? Why did he take the initiative to ask you about the Wannian Herb?"

David shook his head, he didn't know what Zheng Anguo was trying to do now. !

But he still nodded and said, "Okay, the circuit ahead..."

David decided to go to Zheng's house to see what Zheng Anguo meant!

Hu Mazi and David soon arrived at Zheng's house, and Zheng Anguo was waiting in the hall at this time. Seeing Zheng Anguo's appearance, he was still a little anxious!

Seeing David coming, Zheng Anguo hurried forward: "Mr. Chen, it's time to wait for you..."

"Patriarch Zheng, what are you looking for from me?"

David asked.

"Mr. Chen, I believe you already know that there will be an opportunity around Nanhu City recently, and there will be ten thousand years of medicinal herbs."

Zheng Anguo said straight to the point.

David saw that Zheng Anguo was so direct, and he didn't make any detours, so he nodded and said, "Yes, I do know."

Then Zheng Anguo continued: "Now, the news of the birth of the ten thousand year herb, I don't know how it leaked out. Many sect families have come to Nanhu!"

"To be honest, Mr. Chen, I originally planned to take the ten thousand year medicinal herb as my own, but now so many sect families are all targeting the ten thousand year medicinal herb, my Zheng family is afraid that the hope of getting the medicinal herb is very slim. Even if I get the medicinal herbs, I am afraid it will become an attack from many aristocratic sects!"

"So I thought about it again and again and decided to give the ten thousand years medicinal herbs to Mr. Chen. Our Zheng family can fully assist Mr. Chen to get the ten thousand years medicinal herbs."

"As long as we cooperate, I think there is a good chance of getting the Wannian Herbs."

Zheng Anguo didn't hide it, and followed David to reveal everything he thought!

## **Chapter 1892**

David couldn't believe what Zheng Anguo said.

"Patriarch Zheng, you gave me the 10,000-year-old herb and do your best to help me get the 10,000-year herb. What is your Zheng family doing?"

"Is it a good thing?"

David stared at Zheng Anguo and asked.

"Mr. Chen, I have only one purpose for doing this, and that is to make friends with Mr. Chen, and let Mr. Chen owe our Zheng family a favor. When our Zheng family is in trouble, I believe that Mr. Chen will not stand by. "

Zheng Anguo said.

“Just for these?” David looked surprised!

“Yes, just for these...”

Zheng Anguo nodded seriously.

Seeing that Zheng Anguo was not joking, David asked, “Patriarch Zheng, what about the strength of your Zheng family?”

David didn’t know how strong the Zheng family was. , it doesn’t matter if there is any help from the Zheng family!

“In our Zheng family, including me, there are seven Great Marquis, a dozen Marquis, and our Zheng family also has a sacred weapon...”

Zheng Anguo’s words instantly made David and Hu Mazi stunned on the spot!

They never imagined that in a small border town like Nanhu, the Zheng family would have such terrifying strength!

“Patriarch Zheng, your strength is enough to go to Kyoto to establish a sect, why are you staying in this small South Lake?”

David asked in a puzzled way.

“Although there are many resources in Kyoto, there are more sect families, so there is not much to allocate. Moreover, the martial arts alliance in Kyoto controls most of the resources, and the development of the major sect families will be limited!”

“It’s not as good as my small place, with a vast area and few people. No one pays attention to it. All the resources belong to my Zheng family. If it wasn’t for the ten thousand years of medicinal herbs that were born this time, how could there be so many masters from sects and aristocratic families. Come, I can’t usually invite you here.”

Zheng Anguo explained.

David was right after thinking about it. Some aristocratic sects in Kyoto spend all their energy on intrigue, and with the control of the Martial Arts Alliance, it is difficult to develop!

“Patriarch Zheng, since you are so sincere, then I, David, are not good at what to say. As long as Patriarch Zheng helps me get the ten thousand years herbs, my Dragon Gate is willing to form an alliance with the Zheng family. If there is anything wrong with the Zheng family, I will David will never stand idly by!”

David patted his chest and assured.

“Okay, with Mr. Chen’s words, my Zheng family will definitely go all out to help Mr. Chen get the Wannian Herbs!”

Zheng Anguo said excitedly.

“By the way, how did Patriarch Zheng know that the ten thousand year herb was going to be born?”

David asked.

David knew it through the map of the Demon Sect, and he really wanted to know how Zheng Anguo knew it.

“Don’t hide it from Mr. Chen, it was Master Wan who spied on the way of heaven and deduced it...”

Zheng Anguo told Wan Hong!

“Wan Hong?” David was taken aback!

“Yes, that’s him, does Mr. Chen know Master Wan?” Zheng Anguo was curious how David knew Wan Hong.

David smiled lightly and looked at Hu Mazi.

And Hu Mazi said with a sneer: “The master of shit still spied on the way of heaven, he understands a fart, when the ten thousand year medicinal herbs are born, there must be a vision in the heaven and earth, just calculate it and you will know.”

Zheng Anguo looked at Hu Mazi, and then He asked David, “Mr. Chen, this is...”

“This is Master Hu, a top talisman master. His technique of exploring caves and tombs is unmatched...”

David praised Hu Mazi!

When Zheng Anguo heard it, he quickly said respectfully, “It turned out to be Master Hu, disrespectful and disrespectful...”

Hu Mazi also bowed his hands, saying hello to Zheng Anguo!

“Patriarch Zheng, you were deceived by Wan Hong...”

David said to Zheng Anguo.

“Mr. Chen, what do you say?”

Zheng Anguo asked with a puzzled look.

### **Chapter 1893**

So, David told Zheng Anguo what he had seen and heard in the west of Nanhu City!

And he even said that Wan Hong had laid out the formation in the place where Wan Nian Herb was born in advance!

Zheng Anguo was shocked when he heard it, and then his face was full of anger!

“This guy, who knew the place where the ten thousand year herb was born, didn’t tell me, but only told me an approximate location, and he went to set up the formation in advance!”

“It seems that he is also spying on the ten thousand year herb, It’s my fault for trusting him so much and giving him so many resources!”

Zheng Anguo’s face flushed red, and then he said to Zheng Kai: “Zheng Kai, you immediately lead the whole city to search for Wan Hong, and when you see it, give it to me directly. Catch it, remember to bring some more experts, this guy is very strong!”

“Dad, don’t worry, I have seen that old thing not pleasing to the eye!”

Zheng Kai nodded, and then left with the two Great Marquis .

The entire South Lake City belongs to their Zheng family, so it is not difficult to hunt down a person!

“Mr. Chen, with the help of our Zheng family, how sure do you think you can get the ten thousand year herb?”

Zheng Anguo asked.

David pondered for a moment and said, “I don’t know how many sects and noble families have come here, and how many masters of the Great Marquis are there, so I can’t say for sure now.

”, but then David continued: “But I have a way. If it is successful, it will increase the chance of getting the Ten Thousand Years Herbs!”

“Mr. Chen, what is the way?”

Zheng Anguo hurriedly asked.

“That is to lead other sects and families in the wrong direction, and let them go in the wrong place, then our chances are great!”

David said.

“Then how can so many sect families make mistakes?”

Zheng Anguo continued to ask.

“I have a solution, but I don’t know if it is feasible. We find a thousand-year-old herb and arrange it somewhere in advance, and then we are trying to find a way to create some visions!”

“In this way, some people must mistake it for the ten thousand-year-old herb. The place where it was born will surely flock to it, and even fight for it.”

“And we can wait at the place where the Wannian Herb really appears. As long as the Wannian Herb is born and we get it, other sects and families are thinking about it. It’s not that easy to take it away.”

David explained his method.

When Zheng Anguo heard this, Jue’s method was very good, so he said excitedly: “Mr. Chen, I happen to have a 3,000-year-old mountain ginseng in my hand, and it’s suitable to use it as a ten thousand-year-old herb! How to make it?”

“This is not trivial, leave it to me, a few spells, I will make the heaven and earth shake, the avenue buzzes...”

Hu Mazi said with a relaxed expression.

This time, there are medicinal materials that act as ten thousand years of medicinal herbs, and flax seeds can create a vision. Now David and the others can only wait quietly.

Zheng Anguo asked people to take the mountain ginseng up the mountain in advance and buried it in a position opposite to the ten thousand year herb!

“Patriarch Zheng, I will make you lose a 3,000-year-old mountain ginseng, but after this is done, I will refine a Sanyuan Dan for Patriarch Zheng, which can help you achieve more with less effort!”

David couldn’t let it go The Zheng family lost a 3,000-year-old mountain ginseng in vain.

When Zheng Anguo heard this, he immediately said excitedly, "Thank you so much, Mr. Chen. I have long heard that Mr. Chen is a pharmacist, and he is also the valley

owner of Yaoshen Valley." Go to the streets again and see how many sect families have come, as the saying goes, know yourself, know your enemy and win a hundred battles!"

David said.

"Okay, I hope Mr. Chen can get the ten thousand year herb this time!"

Zheng Anguo nodded!

David followed Hu Mazi away from Zheng's house and continued to stroll on the streets of Nanhu.

## **Chapter 1894**

Inside the Demon Sect!

After Zhou Jie returned to the Demon Sect, he found that the atmosphere in the hall was a little dignified!

Song Qingping sat in the position of the deputy suzerain, and sitting below were many deacons of the Demon Sect.

Feeling the dignified atmosphere, Zhou Jie stepped forward cautiously and said to Song Qingping, "Deputy leader, look for me..."

"Zhou Jie, did David find the place where the herbs were born?"

Song Qingping asked .

"The words of the vice sect master have already been found, but someone took the lead and set up a magic circle where the herbs were born!"

Zhou Jie said truthfully.

“Arranged the magic circle? Who can know in advance where the herb was born?”

Song Qingping said in a daze.

“It seems to be a man named Wan Hong, said to be a deduction master...”

Zhou Jie replied.

“Wan Hong?” Song Qingping frowned, but he had never heard of the name.

At this time, Deacon Lu below said: “Vice Sect Master, this Wan Hong is indeed a very famous deduction master. He said that he has understood the way of heaven, and nothing can be hidden from him.”

“If he deduced in advance and found the herbs. It’s not surprising.”

“It turns out that there is such a strange person. It seems that it is still difficult for us to get that herb.”

Song Qingping showed embarrassment!

When Zhou Jie heard this, he said very strangely: “Vice Sect Master, didn’t we give that herb to Mr. Chen? Are we going to take it ourselves?”

Song Qingping snorted coldly, “If it’s an ordinary herb, then that’s fine. But the ten thousand year herb, how could it be given to him so easily, that would cost us too much.”

“I called you back to let you watch David secretly. As long as David succeeds and gets the Wannian herb, you will find a way to get the herb!”

Song Qingping wanted Zhou Jie to take the opportunity to take Wannian's herb. Nian herbs were stolen from David's hands!

When Zhou Jie heard this, his face suddenly showed bitterness: "Vice Sect Master, you don't know David's ability, how could I get Wannian Herb from him..."

"Vice Sect Master, then David is very powerful. , even if there is no defense, it is almost impossible for Zhou Jie to steal the Wannian herb from David's side."

"I heard that David also has a treasure storage ring, and he put everything in it. , no one else can get it, the Gorefiend's body should also be in the storage ring!"

At this time, Deacon Lu stood up and said to Song Qingping.

Song Qingping frowned slightly when he heard it, but then he stretched it out and took out a bottle of colorless and odorless liquid from his arms.

"Zhou Jie, at this time the San Gong water, as long as David gets the Wannian herb, you can find a way to make him take this San Gong water, then David will be captured!"

Song Qingping held the San Gong water in his hands The Gong Shui was thrown to Zhou Jie!

Zhou Jie held the San Gong water in his hand, and said with a puzzled look: "Vice Sect Master, isn't our Demon Sect going to cooperate with Mr. Chen? If we do this, will Mr. Chen still cooperate with us?"

"Don't now . Let's talk about cooperation, ten thousand years of herbs, this is a once-in-a-lifetime, our Demon Sect must get it, and follow my instructions!"

Song Qingping waved and let Zhou Jie leave!

Zhou Jie was helpless and could only turn around and leave. After Zhou Jie left, Song Qingping looked at the deacons in front of him and said, "Now the recovery of spiritual energy is imminent, and our Demon Sect must act as soon as possible."

"We are now The first goal is to eradicate the Zheng family, or make the Zheng family surrender to us, and make Nanhu City the territory of our Demon Sect!"

"In this way, our Demon Spirit Sect can develop, and with the recovery of spiritual energy, our Demon Spirit Sect will occupy more places and let the whole world know about our Demon Spirit Sect.

#### **Chapter 1895**

"Deputy Alliance Leader, our Demon Spirit Sect has ancestral instructions. Before the recovery of spiritual energy comes, don't leave the secret realm easily, and don't let us conflict with the sect family in the secular world!"

"If we suddenly confront the Zheng family. If we launch an attack and make Nanhu City our territory, then the secret of our Demonic Sect's secret realm will probably not be kept."

"And this important matter, should the suzerain come forward and announce it?"

Deacon Na Lu faced Song Qingping asked.

"Don't ask the sect master, the sect master has authorized me, you just need to act according to my arrangement."

Song Qingping said with a cold face.

Deacon Lu wanted to say something, but Song Qingping waved his hand and said: "Okay, you all step back, just follow the order..."

Seeing this, everyone could only retreat helplessly!

After everyone left, a man in black robe walked out, and then slowly took off the hat on the black robe, revealing a delicate face!

This black-robed man is Ning Zhi who became a demon!

“Song Qingping, I have seen Lord Demon Envoy...”

After Song Qingping saw Ning Zhi, he knelt down and worshipped!

“Get up...”

Ning Zhi said lightly.

Song Qingping got up, and then looked at Ning Zhi enviously!

The two are of the same age, but Ning Zhi has become a demon now. It's not that Ning Zhi's strength is strong, but the spirit of the demon residing in his body. Of course, Ning Zhi has also risen.

In the same vein, the Demon Heart Sect can create a large number of souls, but the Demon Spirit Sect does not allow such things to exist.

Song Qingping is a member of the Demon Sect, but he has always longed for the life of the Demon Heart Sect. He now also hopes to have a powerful soul living in his body!

In this way, in addition to his strength, he can improve his identity!

“Is it done?”

Ning Zhi asked Song Qingping.

“It’s done, as long as David takes San Gong water, he will never run away, but whether Zhou Jie will succeed, I don’t know.”

Song Qingping said.

“It doesn’t matter, even if David didn’t take San Gong water, the ten thousand year herbs would not fall into his hands!”

“As for the body of the Gorefiend, I believe that it will not be long before he will be resurrected. Gorefiend is resurrected, that’s the world of our demon race.”

Ning Zhi smiled grimly, and a hoarse giggling sounded from his mouth.

“Magic envoy, if David refuses to hand over the blood demon body, how can we resurrect the blood demon?”

Song Qingping asked.

“Refused to hand it over? I never thought that David would hand over the body of a blood demon, he is not a fool...”

Ning Zhi's eyes narrowed slightly, and his eyes became extremely deep!

"Do you know that he won't hand it over?"

Song Qingping didn't understand for a while, so he asked: "Since Lord Demon Envoy knows that David refuses to hand over the blood demon body, why do you want me to cooperate with David? "

If you don't cooperate, how will he know the secrets of our Demon Race? If you don't cooperate, how will he know the secret realm of our Demon Heart Sect, and if you don't cooperate, how will he know that Penglai Island is the place where spiritual energy is revived?"

Ning Zhi smiled faintly!

This time, it made Song Qingping even more confused: "Master Demon Envoy, you asked me to cooperate with David, just to let him know about this?"

"Of course, otherwise, if we say, he may not be. Believe it, but now that you are looking for him to cooperate, he will definitely believe what you say."

"It's just that according to his temperament, he won't completely trust you, and he won't easily hand over the Gorefiend's body!"

"But then David will definitely go to Penglai Island, or find a secret realm to rescue his girlfriend, no matter what he does. Whether to go to Penglai Island or go to the secret realm to rescue his girlfriend, then our plan is half successful!"

"If he dares to enter the secret realm, I have prepared countless traps for him in the secret realm, and he can only enter but not exit. "

If he chooses to go to Penglai Island, when the aura recovers, Penglai Island will definitely have a vision, and even if David is a real dragon, he can't hold it at all, while the blood demon's body can use the aura." The vision of recovery, resurrect yourself!"

"At that time, the whole world will be the world of our demons, and every place where the aura recovers will also be occupied by our demons first!"

"So next, Chen Chen No matter what Ping does, it is already in my palm."

Ning Zhi said excitedly.

## **Chapter 1896**

Song Qingping listened to the words that came out of Ning Zhi's mouth, and the whole person couldn't help breaking out in cold sweat!

He felt that the person in front of him was so meticulous that he could even calculate it so far that he even got himself into it!

Looking at Song Qingping's appearance, Ning Zhi smiled lightly: "Don't worry, as long as our Demon Heart Sect annexes the Demon Spirit Sect, your credit will be remembered."

"Thank you, Lord Demon Envoy..."

Song Qingping shook his head slightly . As soon as he lowered, he found that in front of Ning Zhi, he did not dare to have the slightest other thoughts!

He has been lurking in the Demon Sect for so many years, and his mood has already been exercised calmly!

But facing Ning Zhi, Song Qingping's heart kept beating!

.....

In Nanhu City, many people in uniforms are constantly looking for a photo!

These are all from the Zheng family, and the photo is of Wan Hong!

Wan Hong lied to Zheng Anguo, but Zheng Anguo can't let him go!

At this time, Zheng Kai was also looking for it on the street with two Great Marquis!

“Damn, when I find that old thing, I will definitely light a sky lantern for him...”

Zheng Kai said cursingly.

At this time, Wan Hong was drinking tea in a teahouse, quietly waiting for the coming of tomorrow night!

Because this ten thousand year herb is born, it will choose the night of the full moon at night.

Soon, a pair of people in uniform rushed to the teahouse, then took the photos in their hands and began to check the tea drinkers one by one!

Wan Hong took a sip and frowned slightly. He knew that these were the people of the Zheng family, but the people of the Zheng family were so fierce, who did not know who to arrest?

Just when Wan Hong didn't know who these people were looking for, a Zheng family member suddenly looked at Wan Hong, and then looked at the photo in his hand!

“I found it...”

The Zheng family suddenly roared!

Everyone, looked at Wan Hong in unison!

This time, Wan Hong also knew that these Zheng family members were looking for him.

I saw a few Zheng family members holding machetes, and I saw that they slashed at Wan Hong!

Although Wan Hong was not afraid of the few Zheng family members, but because of unnecessary trouble, the fetching of Wannian herbs was affected. Wan Hong jumped all over and jumped directly from the upstairs!

This is the sixth floor, Wan Hong jumped and fell steadily to the ground, then sneered at the panicked Zheng family upstairs, turned and left!

But just when Wan Hong looked disdainful, three people suddenly walked towards him.

It was Zheng Kai who brought the two great Marquis. After seeing Wan Hong, Zheng Kai's eyes lit up: "Well, you liar, I finally found you, you dare to lie to my Zheng family, you are just courting death... "

Seeing this, Wan Hong turned around and was about to run, but the two great Marquis of the Zheng family jumped and stopped Wan Hong!

Wan Hong frowned slightly as he looked at the two great Marquis of the Zheng family and Zheng Kai, who was eyeing him.

Although Wan Hong's strength is not weak, facing two great Marquis plus Zheng Kai, it is almost impossible for him to fight against three.

"Master Zheng, what do you mean? Why can't I understand? When did I lie to your Zheng family?"

Wan Hong asked in a stunned manner.

“Damn, you’re pretending to be stupid. You told us the general location of the birth of a medicinal herb in the Zheng family, but you secretly found the location and arranged the formation!”

“It seems that you have already planned to use our Zheng family. The house attracts the attention of others, and you take away the ten thousand year herb that was secretly hidden in the formation.”

“Is it right?”

Zheng Kai asked Wan Hong loudly.

Wan Hong was stunned for a moment. He didn’t know how Zheng Kai knew his plan. When he cast the spell, he could see clearly that there was no one at all!

Seeing Wan Hong’s delay in speaking, Zheng Kai said sharply: “Now you go back to see my father obediently with me, then kneel down and kowtow to admit your mistake, and see if my father will forgive you...”

### **Chapter 1897**

Wan Hong rolled his eyes, and then nodded: “Master Zheng, I will go back with you, and I will definitely apologize to you when I meet the Zheng family.”

Wan Hong lowered his head, while Zheng Kai relaxed his vigilance and went straight up. I planned to take Wan Hong away!

But just as Zheng Kai took two steps forward, the corner of Wan Hong’s mouth suddenly smiled, and then he raised his hand, and a white smoke instantly enveloped Zheng Kai!

Zheng Kai was startled, his body instinctively stepped back, then he held his breath, and stretched out his palms, a terrifying strong wind howled!

Zheng Kai knew that the white smoke that suddenly appeared must be poisonous, and he couldn't inhale it!

The strong wind whistled and blew the white smoke away, but at this moment Wan Hong had reached Zheng Kai's eyes, grabbed Zheng Kai's shoulder, and pressed his other hand firmly on Zheng Kai's back!

Now as long as Wan Hong exerts force, Zheng Kai's internal organs will definitely be shattered, and then he will go directly to see Hades!

When the two great Marquis saw that Zheng Kai was restrained by Wan Hong, they were all shocked, their bodies jumped up, and walked towards Wan Hong!

"Stop, you don't want your eldest young master to die, just be honest with me..."

Wan Hong controlled Zheng Kai and shouted to the two big Wuhou of the Zheng family.

This time, the two Great Marquis of the Zheng family stopped and lost their minds for a while.

Now that Zheng Kai is in the opponent's hands, they have no way to make a move!

Wan Hong saw that the two great Marquis of the Zheng family did not dare to take action, the corners of his mouth raised slightly, and then he began to control Zheng Kai to step back!

And the two Great Marquis didn't dare to follow, they could only watch anxiously on the spot!

Just when Wan Hong thought he could escape, someone suddenly shouted at Wan Hong!

“Wan Hong...”

Wan Hong instinctively glanced from the side, and then his eyes froze!

“benne?”

Wan Hong did not expect that he had not seen him for many years, but he saw him here.

“Wan Hong, I didn’t expect you to remember me. I bumped into you today, and I’m going to smash your corpse into ten thousand pieces...”

Hu Mazi gritted his teeth. Wan Hong smiled coldly: “Hu Mazi

, you were not my opponent before, and you are still not now, and you don’t believe it. Why did Xiaoyu not choose you back then, but ran after me?”

The whole body trembled, and the tyrannical breath on the body continued to rise!

And David looked at Hu Mazi’s angry look, and knew that Xiaoyu in Wan Hong’s mouth must be Hu Mazi’s former girlfriend.

“Master Hu, Wan Hong is obviously deliberately angering you. If you are angry, you will be fooled.”

“Besides, that was all decades ago. Now the woman you are playing with is probably better than that of Wan Hong. There are too many!”

David persuaded Hu Mazi!

Hearing David's words, Hu Mazi's anger subsided, he nodded and said, "You are right, I have played with more women than that idiot, and it was all in the past. Now, I won't be angry." The

figured Hu Mazi looked at Wan Hong, and said with a corner of his mouth: "Wan Hong, don't irritate me, I've already seen through the red dust, but today I met him. You, you are dead..."

After Hu Mazi finished speaking, a few spells suddenly appeared in his hand, and then he threw them in his mouth, and several flames burned in the air!

Immediately afterwards, the flames began to link together, forming a net of fire, blocking Wan Hong's retreat.

Seeing this, Wan Hong frowned slightly: "Hu Mazi, your grievances and grievances, you have time to count, I don't have time to talk to you today, you get out of the way immediately, or I will kill him..."

Wan Hong took With Zheng Kai as a shield, I hope Hu Mazi can get out of the way!

But who knew that Hu Mazi smiled coldly: "You killed him, you killed him, and I have a fart relationship, do I know who he is?"

Hu Mazi pretended not to know Zheng Kai at all.

## **Chapter 1898**

Wan Hong was stunned for a moment, and then said: "I tell you, this is Zheng Kai, the eldest young master of the Zheng family, and the entire Nanhu belongs to their Zheng family..."

"I don't care who the eldest young master is, it is you who died anyway. Killed, his father is also looking for revenge on you, what does it have to do with me, I want to kill you today..."

Hu Mazi said, a faint light appeared on the palm of his hand, and he patted it out with one palm, ignoring it at all. Then Zheng Kai's safety!

Seeing this, Wan Hong did not dare to kill Zheng Kai. If he really killed Zheng Kai, he knew that he would be hunted down by the Zheng family for the rest of his life.

And now threatening Hu Mazi with Zheng Kai is obviously useless, Wan Hong can only push Zheng Kai to the side, and then meet Hu Mazi with a palm!

boom!

After a loud bang, terrifying energy oscillated around.

Dengdengdeng .....

Hu Mazi's figure retreated again and again, and his right hand was faintly numb!

The strength of Hu Mazi, compared with that of Wan Hong, is still a bit far behind!

"Hmph, Hu Mazi, you were not my opponent before, and you are not now, you can only live at my feet forever..."

Wan Hong said with a slightly raised corner of his mouth.

"Wan Hong, don't be mad, let's see how I deal with you..."

Hu Mazi's eyes narrowed slightly, although Hu Mazi's strength is not strong, but in terms of spells, he has few opponents.

I saw Hu Mazi pinching the magic formula with both hands, and a series of yellow charms rose from the body in an instant!

On the yellow spells, blood-red runes soon appeared, and these spells instantly turned into ferocious beasts, roaring and rushing towards Wanhong!

Seeing this, Wan Hong sneered: "Hu Mazi, even if it's a spell, I'm not afraid of you..."

With that said, Wan Hong looked to the side, stretched out his hand and pulled off a piece of yellow cloth in front of the house, then bit his finger, and struggled to draw on the yellow cloth!

Soon, flames rose from the yellow cloth, and then a big bird flew out of the flames, and the big bird was still burning with raging fire!

"The Fire Bird..."

Hu Mazi frowned: "Wan Hong, how did you summon the Fire Bird? This is Xiaoyu's..."

Hu Mazi's former girlfriend had a special physique in her body. Can summon this flaming fire bird!

It's just that this kind of thing is not a practice method, so it can't be taught, and other people can't learn it at all!

Now this Wan Hong can summon the Fire Bird, which makes Hu Mazi a little shocked!

“Her’s is mine. Since he chose to be with me, he has to give his all...”

Wan Hong said with a cold smile.

Seeing Wan Hong like that, Hu Mazi felt a bad premonition!

“What did you do to Xiaoyu?” Hu Mazi asked.

“It doesn’t matter, we have now merged into one. The golden core in her body is now in mine. Otherwise, how could I summon this flaming fire bird...”

Wan Hong said with a sneer.

“You actually killed her?” Hu Mazi’s body trembled, and the flames of anger continued to rise!

It can be said that Xiaoyu has always maintained a position in Hu Mazi’s heart, otherwise Hu Mazi would not have been decadent for so many years, and used other women to anesthetize herself!

Now hearing that Wan Hong actually killed Xiaoyu, Hu Mazi’s deep-buried thoughts for Xiaoyu burst out in an instant!

“Don’t say it so ugly, that’s not killing her, but letting her live in my heart in a different way...”

Wan Hong said boldly.

“Ah...”

“Go to hell...”

Hu Mazi burst out with rage, and the beast transformed from the spell also roared loudly!

### **Chapter 1899**

Wan Hong was calm, and with a wave of his hand, the flaming fire bird attacked directly!

Huhuhu.....

The wings of the flaming fire bird are constantly flapping, and the sky is full of flames, which directly reflects half of the sky!

The beasts transformed by the talismans of Hu Mazi roared in the flames!

They were all set on fire, and finally vanished.

Seeing this, Hu Mazi hurriedly moved the magic formula again, and the spell on his body was lifted into the air again!

“Water Control Spell...”

Hu Mazi shouted, and then the surrounding ground burst, and water columns shot up into the sky!

One after another water column gathered together to form a waterspout, and then swept away towards the flaming fire bird!

The flaming fire bird spit out a raging flame, but it was extinguished when it encountered water, and the waterspout approached in an instant!

Soon the flaming bird was surrounded, and a large amount of water column impacted the flaming bird!

The flame on this flaming fire bird is not a spiritual fire or a true samadhi fire, so in front of a large amount of water, the flame becomes darker and darker!

Seeing that the flaming fire bird was about to be swallowed up by the waterspout, but Hu Mazi stopped!

Because this flaming fire bird is the only one in the world where Xiaoyu exists!

But when Hu Mazi was stunned, the flaming fire bird, under the command of Wan Hong, roared, and even rushed out of the waterspout and slammed into Hu Mazi fiercely!

Hu Mazi couldn't dodge in time, and was directly hit and flew out, and a mouthful of blood spurted out!

The waterspout was uncontrolled, and instantly turned into a pool of stagnant water and fell back to the ground!

The flames on the flaming fire bird are burning again!

"Hahaha, Hu Mazi, you should never try to surpass me. Even the woman you love the most chose me. What else do you have to worry about in front of me?"

Wan Hong looked at Hu Mazi like that, laughed loudly, and stimulated Hu Mazi!

"You're paralyzed..."

Hu Mazi clutched his chest, his blood surged up, and he was going to follow Wan Hong desperately!

But when he moved, a mouthful of blood spurted out again!

"Master Hu, don't move, let me deal with this guy!"

Seeing this, David stopped Hu Mazi and told him to stop moving.

Wan Hong looked at David and snorted coldly: “Boy, who are you? Dare to say such big things? Are young people so crazy now?”

” ?”

Wan Hong saw that David dared to speak madly at a young age, and immediately threatened David with a cold face!

“My name is David...”

David said lightly.

When David said the word, Wan Hong, who was originally disdainful, suddenly turned ugly!

“David?” Wan Hong looked at David: “You are the David who established the Dragon Gate and fought against the Martial Arts Alliance?”

David’s name is a household name in the entire Martial Arts world!

David’s name appears at the highest rate on the martial arts forum.

“You’re right, so I really want to see how you slapped me into flesh...”

David said with a faint smile.

Wan Hong’s face at this moment is even uglier than eating shit!

Who doesn't know that David's physical body is extremely powerful, and with the blessing of an indestructible golden body, even if he is the peak of Dawuhou, don't even think about slapping David to death.

Even if Wu Sheng came, facing David, he would not dare to say such big words.

Wan Hong said this, it was obviously bragging!

"David, you and I don't commit river water, I have no grievances with you, why do you want to deal with me?"

"You know that I am a deduction master, and I am best at deduction. If you rely on force against me Aren't you afraid of losing your reputation if you take action?"

Wan Hong only hoped that David would not do anything to him at this moment!

Because he knew that he was by no means David's opponent!

"It's a coincidence, I also learned about the Tao of Heaven and learned some deduction techniques. The technique of deduction is to comprehend the Tao of heaven and the whole world by relying on powerful mental power. Since you and I understand both, let's compare the mental power. Come on!"

David sneered.

Chapter 1900

Wan Hong's eyes flashed: "David, can you tell the truth?"

“Of course, I also want to see how mentally you are, so-called masters of deduction!”

David nodded and said.

“Okay, I hope you don’t regret it...”

After speaking, Wan Hong recalled the Fire Bird, then closed his eyes slightly, took out black stones from his body, and kept throwing them on the ground!

“David, he is cheating. He is using the stones on the ground to draw out the field to expand his perception distance!”

Hu Mazi reminded David.

Wan Hong only needs to feel the stones he threw on the ground, and he can perceive the surrounding situation through the stones!

This is a neat method, but this method will be passed through stones in the middle, so the perception of some things will be inaccurate.

“I’ll let him cheat and see what happens...”

David smiled lightly!

David is very confident in his own spiritual power, and he does not have a deep understanding of the Tao of Heaven. If he can deepen his understanding of the Tao of Heaven by following Wan Hong’s confrontation, then David’s goal has been achieved!

Soon, Wan Hong closed his eyes slightly, and waves of huge mental power began to spread around!

With the spread of Wanhong's spiritual power, the black stones on the ground actually began to glow!

Looking at the luster of the stones on the ground, you can clearly tell where Wan Hong's perception is!

David instantly wrapped the huge spiritual power, and the whole person seemed to be in an unfamiliar space!

I saw that in this space, there was a vast expanse of white everywhere, and there was nothing at all!

Even the heaven and the earth are a vast expanse of white, and David seems to be floating in the air!

In such an environment, people will become very fearful and anxious!

On the other hand, David had a calm expression on his face. He was waiting quietly, waiting for what Wan Hong would do to him!

Soon, the surrounding white area began to disappear, and land appeared under David's feet!

There are houses around, and there are even large fields, and many people are working in the fields!

"David..."

"When did you come back!"

“David is so old...”

The people working in the fields kept saying hello to David!

David looked at these people very familiar, but he couldn't remember it!

“David, you child, your uncle and aunt greet you, why don't you speak?”

At this moment, a familiar voice came into David's ears!

David turned his head to look and found that it was his mother Barbara. At this time, Barbara was still black-haired, holding a tool in his hand, and was also going to work in the field.

“Mom, you...”

David was about to talk to Barbara, but a stinging pain flashed in his mind soon!

A trace of spiritual power has entered David's mind and began to probe David's thoughts!

The corner of David's mouth raised slightly, it seems that this Wan Hong is not useless, this mental power really has two bursts, and he has entered the mental power into his mind without knowing it!

“Have you had enough?”

David finished speaking, stroked his palm lightly, everything in front of him disappeared, and the mental power in his mind was instantly cut off by David!

Wan Hong took a step back, his forehead was covered in cold sweat, and he was gasping for breath!

David, on the other hand, looked at Wan Hong quietly: "With this little skill, you dare to call yourself a master and understand the way of heaven?"

"Mental power instantly entered Wan Hong's mind!

I saw that Wan Hong was stunned for a moment, and his eyes instantly became dull!

Soon, panic appeared on his face, the whole person was shaking, and he began to wave his arms!
