

A Man Like None Other Chapter 1941 – 1950

Chapter 1941

“Ah...”

At this moment, David’s whole body was fiery red, as if the inside of his body was on fire!

With a loud roar, a terrifying aura instantly swept through the entire mountain forest, the surrounding trees collapsed one after another, and the earth began to collapse and tremble!

At this moment, the mountain was like being hit by a meteorite, and it became a mess, with no grass growing!

Everyone was awakened and looked at the mountain top not far away in surprise.

“What’s going on? Could it be that there was a meteorite impact?”

Zheng Anguo hurriedly got up, his face ugly.

Everyone ran into the yard and looked at the fiery red light on the mountain not far away!

“It’s a person, I think it’s a person who shines on the top of the mountain...”

Zheng Kai said.

Everyone was startled and ran to the backyard quickly, and saw that the sturdy secret room had long since disappeared and turned into powder on the ground!

“Could that be Mr. Chen?”

Zheng Anguo was shocked!

Because they felt the terrifying aura constantly approaching at this time, although they were all Great Marquis, but the pressure made each of them’s heart beat faster.

“It’s Mr. Chen, it’s him...”

Jiang Wei said with wide eyes, surprised.

Hu Mazi said very calmly: “This David is really a geek. With his current strength, I am afraid that a small mountain can be destroyed.”

“Why did Mr. Chen suddenly go to that mountain? “

Zheng Kai asked in confusion.

“He doesn’t go up the mountain. It is estimated that there is no longer your Zheng family. They are all ruins.”

Hu Mazi said with a smile!

Only now did Zheng Kai understand that David was trying to prevent his own breath from destroying the entire Zheng family!

“Let’s go and see...”

After Hu Mazi finished speaking, he headed up the mountain!

Everyone followed behind, all wanting to see the power of David’s pills!

At this time, David’s body was constantly bursting with fiery red light, which directly illuminated David’s internal organs very clearly!

The light is constantly flickering, and David’s breath is also rising!

The current David is trying his best to control the aura in his body, so that he can gradually improve. If all erupts, the whole mountain will be razed to the ground!

And his own body is also afraid that in this outbreak, he will be directly hit hard!

“It’s just ahead, such a terrifying aura, I’m afraid it will break through the Great Marquis.”

At this time, not far away, Ning Zhi looked at the place where the light flickered, and kept approaching!

And behind Ning Zhi, followed by four black gold robes!

Originally, Ning Zhi planned to go to Penglai Island after the black golden robe. If he could wait for David, he would clean up David on Penglai Island.

If you can’t wait, then you will clean up the people from other sect families. There are four black gold robes, and this is an invincible existence!

But before Ning Zhi took the four black gold robes to Penglai Island, he discovered the vision here.

Ning Zhi knew in his heart that something was wrong. This sudden change must be caused by David's breakthrough. You must know that David just refined the magic pill not long ago!

Now that this kind of vision has appeared again, then David must have swallowed the divine pill, and his strength is rapidly breaking through!

After thinking it over and over again, with the permission of the magic envoy, Ning Zhi came here with a black gold robe!

They can't let David continue to improve like this. When David breaks through the Great Marquis of Wu and reaches the realm of Martial Saint, then they want to catch David, I am afraid it will be more difficult than ascending to the sky.

Soon, Ning Zhi brought someone there, looking at David with his eyes closed and red light constantly emerging from his body, Ning Zhi felt a little panic in his heart!

To be able to get here, Ning Zhi and the others also spent a lot of physical strength. You must know that the aura emanating from David is so oppressive that Ning Zhi and the others have to resist the pressure all the time to come here!

"As expected of the Golden Dragon's true body, directly swallowing the divine elixir can suppress the manic aura and improve his strength little by little."

"But for such an important matter, this David did not send someone to protect the Dharma around, so don't blame him. We're done."

The magic envoy in Ning Zhi said with a sneer.

Chapter 1942

At this moment, the aura in David's body is constantly rising, and he is desperately suppressing that power to prevent it from erupting too quickly and hurting his body. He can only gently increase his aura!

David actually felt the arrival of Ning Zhi, but he didn't dare to act rashly at this time, he just hoped that the power in his body would be absorbed by him soon!

Feeling the explosion of David's breath, Ning Zhi knew that his chance was coming, and after waiting, if David really broke through, it would be troublesome.

The undisguised Ning Zhi walked in front of David with four black gold robes!

"David, you didn't expect us to meet so soon, right?"

Ning Zhi said with a sneer.

David just looked at him, but didn't speak, but there was a bit of anxiety in his eyes!

Seeing David's eyes, Ning Zhi became even more proud.

"If it hadn't been for the great power to take a fancy to your body, I would have made you head in a different place right now..."

Ning Zhi said with murderous intent in his eyes.

He hated David thoroughly, Ning Zhi would never forget his revenge for killing his father, and the Ning family was also destroyed by David.

If it weren't for David, Ning Zhi would still be a son and he could enjoy everything!

But now he has to run around everywhere and become someone else's lackey.

"Don't talk nonsense, he is at a critical moment now, and you just shot to absorb the spiritual power in his body, leaving the physical body..."

The magic envoy in Ning Zhi said!

Seeing this, Ning Zhi then glanced at the four black gold robes, and the five put their hands on David's body together!

They plan to absorb the spiritual power in David's body and make David a waste!

And these spiritual powers can also help them practice. They also know that the spiritual power in David's body is too surging. If a person absorbs it, he is afraid that he will not be able to absorb it all, and his body will explode!

But just as the five people put their hands on David, a few strong winds suddenly hit, making them have to dodge!

"You guys are so bold, you dare to plot against Mr. Chen in my Nanhu City..."

Zheng Anguo glared at Ning Zhi and the others, shouting loudly!

At this time, Hu Mazi saw Ning Zhi and the hurried black gold robe behind him, and his face became a little ugly!

“Are you from the Kyoto Martial Arts Alliance?”

Hu Mazi asked coldly.

Ning Zhi was stunned for a moment. It was night, and they were all wearing black robes. Moreover, the Kyoto Martial Arts Alliance no longer existed. I didn't expect that someone would recognize them!

“That's right, I didn't expect someone here to be able to tell our identities...”

Ning Zhi directly acknowledged and nodded!

Because he knew that the few people in front of him were not their opponents at all.

Hu Mazi, Zheng Anguo, and Jiang Wei are only the strength of the Great Marquis. As for Zheng Kai, he is only Marquis Wu, how could they deal with these four Martial Saints!

The four black gold robes are the strength of Martial Saints, and they are more than enough to deal with Hu Mazi and the others!

“People from the Kyoto Martial Arts Alliance?”

Jiang Wei also frowned, his expression very solemn!

“No matter what the Kyoto Martial Arts Alliance, this is Nanhu, the territory of our Zheng family, whoever comes here must be obedient...”

Zheng Kai didn't know the strength of the other party, so he shouted loudly!

“Zheng Kai, shut up...”

Zheng Anguo also seemed to sense the opponent's strength and yelled at Zheng Kai.

But Zheng Kai didn't seem to notice the danger yet, and still shouted at Ning Zhi: “You better get out of our Nanhu, or else you can't eat and walk...”

Zheng Kai just finished speaking, only to see that With a wave of Ning Zhi's palm, Zheng Kai's body flew out in an instant, and a mouthful of blood spurted out in the air!

“Son...”

Zheng Anguo hurriedly jumped up and caught Zheng Kai!

Chapter 1943

“You don't want to die, just get out of here, I'm just dealing with David, I don't want to kill you...”

Ning Zhi didn't want to follow Hu Mazi and the others!

Hu Mazi and Jiang Wei glanced at David???

Suddenly, Jiang Wei pulled out the Immortal Binding Rope, and then pulled it out fiercely!

The Immortal Binding Rope is a sacred weapon, and its power is naturally extraordinary!

Seeing this, Ning Zhi jumped up, and the four black gold robes behind him jumped up instantly!

A black gold robe grabbed Jiang Wei's Immortal Binding Rope directly, then chopped it down with a knife, and the Immortal Binding Rope snapped!

Seeing that the Immortal Binding Rope was cut off so easily, Jiang Wei was stunned!

Just as Jiang Wei was stunned, the black golden robe slammed Jiang Wei's body with a heavy punch. Jiang Wei's body was like a kite with a broken string, and was instantly knocked out hundreds of meters away!

The two were not at the same level of competition at all. The Great Marquis and the Martial Saint were completely different.

Even if Jiang Wei has a sacred weapon in his hand, the strength he can actually use is not necessarily able to reach the level of a sacred weapon! Remember the website address

, so the other party will easily cut off the immortal rope, and then knock it out!

Seeing this, Hu Mazi knew that his strength could not stop the opponent at all, but they couldn't let these people do anything to David, so he took out a spell, bit his tongue suddenly, and sprayed a mouthful of blood on the spell. superior!

These spells instantly rose up with raging flames, and then these flames turned into a ten-meter-high fire man, rushing towards the hurried black gold robe!

The raging flames directly caused the surrounding temperature to rise instantly, and the scorching of the flames made people breathless!

But the four black gold robes didn't seem to be afraid, and they all punched!

The whistling sound of a landslide and ground cracking sounded, and the ten-meter-high burning man was instantly shattered, and the scattered flames scattered all over the ground, igniting the surrounding trees!

The terrifying power did not disappear after smashing the Burning Man. It penetrated the Burning Man's body, and smashed heavily on the Hu Mazi!

Hu Mazi's body flew out instantly, and then fell to the ground!

At this moment, Hu Mazi's face was pale, and a large mouthful of blood poured out of his mouth. Then Hu Mazi took out a charm from his chest, and he was secretly afraid!

If it weren't for this life-saving talisman, the power just now, the Hu Mazi at this time would have already returned to the west.

Zheng Anguo hugged Zheng Kai, looking at the scene in front of him, he didn't dare to move!

He knew that even his shot would be useless.

In the face of an opponent with disparity in strength, there is no choice but to accept fate!

The Great Marquis follows Wu Sheng, that is an unbridgeable gap!

What's more, when the opponent made a shot, it was four Martial Saints. With such strength, let alone the Zheng family in Nanhu City, even the entire Daxia, which family could resist.

"Hmph, just because you guys want to stop it? It's a joke..."

Ning Zhi looked at the injured Hu Mazi and the others and sneered.

"Stop talking nonsense, hurry up, then David is going to break through..."

The magic envoy in Ning Zhi urged.

Ning Zhi nodded, and then went to David with the four black gold robes, and was about to attack David.

But when a few people pressed their hands on David, intending to absorb the spiritual power in David's body, there was a sudden buzz!

David's body began to permeate a strange force. This force seemed to have a huge suction force, and instantly absorbed the spiritual power in several people's bodies!

"This...what's the matter?"

Ning Zhi panicked all of a sudden, because he felt the breath in his body was passing quickly, instead of absorbing David's spiritual power!

"It's broken, it's broken..." The

four black gold robes also panicked, knowing that they were all Martial Saints, but even so, they couldn't stop the breath in their bodies from rapidly flowing towards David!

Chapter 1944

They don't know that David's Concentration Technique is a real superior technique, which can absorb and refine everything!

They want to absorb the spiritual power in David's body, this is the most stupid way!

If they attack David, David may not be able to deal with it, but these guys still want to absorb the spiritual power in David's body, so David just caught the opportunity!

"Quick, back quickly..."

The demon in Ning Zhi's body was roaring frantically!

Because even his soul felt the loss of his life, as if he himself would be sucked into the body by David for refining!

Ning Zhi and the others were desperately trying to break free, and everyone was sweating coldly on their foreheads!

When Hu Mazi and the others saw this, their eyes widened in shock, and they looked at it in disbelief!

Four Martial Saints plus a Great Marquis, who started at the critical moment of David's practice, were even panicked and sweated profusely!

They didn't know that the breath of these people was being sucked by David at a rapid rate!

Ning Zhi and the others tried desperately to break free, but their palms seemed to be sucked, and they pressed firmly on David's body!

"What kind of exercise is this, so there is such a perversion..."

Ning Zhi said with a look of horror.

"Quickly put away your skills, use pure strength to break free, hurry up..." The

envoy seemed to know the power of David's body, and said quickly.

When Ning Zhi and the others heard it, they quickly put away their spiritual power, used pure power to break free of David, and hurriedly stepped back!

Ning Zhi and the four black gold robes looked at David in disbelief, and their eyes were full of doubts!

Om...

At this moment, David's body began to burst into golden light!

The aura of terror continued to rise, and David's body began to change, and David's fleshly body seemed to be tempered.

Immediately afterwards, the terrifying aura rose into the sky, bursting with dazzling rays of light, illuminating the night sky as bright as day!

Rumbling....

The mountain shook for a while, and the whole mountain began to shake. The trees that were burning around were all extinguished in an instant under the eruption of this breath, and the whole mountain seemed to be collapsing!

Hu Mazi resisted the breath of David's body and looked at the mountain that was about to collapse. Hu Mazi got up and supported Jiang Wei, and then ran down the mountain with Zheng Anguo and his son!

It's not that they don't want to save David, but the breath that David exudes is too terrifying. If they stay there, they will soon be crushed into flesh.

When Ning Zhi and the four black gold robes saw this, they also jumped up quickly. Just after they jumped up, the whole mountain began to collapse, and David was drowned in an instant!

Seeing that David was submerged by the whole mountain, Ning Zhi was a little reluctant to give up. He was not reluctant to die, but the treasures and secrets on David!

Ning Zhi retreated to the foot of the mountain with four black gold robes, watching the entire mountain collapsed, a mess, and the smoke and dust covered the entire sky!

"Master Demon Envoy, this David is probably buried under the rocks, right?"

A black gold robe asked Ning Zhi.

Looking at the collapsed mountain, Ning Zhi didn't know how to answer.

After all, when such a big mountain collapses, even if a Martial Saint is buried, he can only accept his fate.

Wu Sheng is not a god, and he cannot get out of the mountain when he is crushed by the rocks of this mountain.

Wu Sheng can't even come out, let alone David!

"Come on, this mountain can't hold David down."

The magic envoy in Ning Zhi seemed to sense something and said hurriedly.

They lost a lot of spiritual power on David just now, and they haven't responded yet. If David really breaks through, they will be in trouble.

Seeing this, Ning Zhi hurriedly took the four black gold robes to the distance!

As the smoke and dust dissipated, David's figure slowly walked out of the rocks. At this time, there was no dust on David's body.

Chapter 1945

Looking at Ning Zhi and the others who fled away, David did not chase, but looked at Hu Mazi and others not far away!

At this time, David's face was calm, and the powerful breath on his body made several people feel a kind of pressure before he reached Hu Mazi and the others!

David worked hard to restrain his breath, and he also knew that this inadvertent breath on his body would put a lot of pressure on Hu Mazi and the others!

"Master Hu, are you alright?"

David saw Hu Mazi's appearance, stretched out his hand and pressed it on Hu Mazi's shoulder, and a surging spiritual power entered Hu Mazi's body!

Flax only felt a warm current passing by, and her body improved a lot in an instant!

David treated Jiang Wei and Zheng Kai again, and both of them were fine!

"Mr. Chen, you made a breakthrough? You are afraid that you have reached the strength of the peak of the Great Marquis, right?"

Zheng Anguo looked at David, and said with envy and shock.

David clenched his fists slightly, and the power in his body was surging!

"I'm just an eighth-rank Great Marquis. I'm still a long way from the peak, and I'm afraid I still have a long way to go before I step into the Martial Saint..."

Although this Ziyang Pill made David's strength grow by leaps and bounds, he arrived directly. In the later period of Marquis Dawu, David was a little unhappy!

He also did not expect that his strength was many times that of others.

If other people took the Ziyang Pill, they would have already reached the peak of the Great Marquis, and even broke through the Martial Saint!

And David himself has only reached the eighth-rank Great Marquis!

“Hey, it seems that there is still a long way to go...”

David sighed, but to David’s relief, although he was only an eighth-rank Great Marquis, if he were to deal with those newly promoted Martial Saints, David would still be very good at it. With certainty.

David is the real body of a golden dragon, and it is normal to fight over the ranks.

And with the improvement of David’s strength, whether it is his magic, spell, or alchemy, it has also improved a lot!

Although David failed to reach the expected peak of Marquis of Great Wu this time, it was enough!

Back at Zheng’s house, David let everyone continue to rest, and plans to leave for Penglai Island tomorrow!

He has to figure out a way to stop the aura, or avoid the fearless killing on the island!

You must know that many people have lived on Penglai Island over the years, and now many sect families are going to Penglai Island to see the arrival of aura recovery!

These are all experts. If they go, it is impossible for Du Ziteng of Penglai Island to stop these people.

Maybe the Du family’s palace will be torn down, and Du Ziteng probably wouldn’t dare to say a word!

Therefore, David must rush to Penglai Island as soon as possible, and these people cannot be allowed to conflict on it!

If it is possible, David prevents the aura from recovering. In that case, people in the secret realm will not dare to come out easily and set foot in the secular world.

The order of the secular world will remain the same.

The next morning!

David took Jiang Wei, Hu Mazi and others to the hall of the Zheng family!

“Mr. Chen, are you ready to leave?”

Zheng Anguo knew that David was planning to leave Nanhu!

David nodded: “Yes, I’ve been harassing Patriarch Zheng here for a long time, it’s troublesome.”

“Mr. Chen, what are you talking about, in the future, you can come to Nanhu City at will, and the gate of Nanhu City will always be open for you.”

Zheng Anguo assured road.

David smiled lightly, and then said: “Zheng Patriarch, in fact, in South Lake City, not only you are a family, but there is also a Demon Sect, but that Demon Sect is in the secret realm, you can’t see it!”

“However, the entrance and exit of the Demon Spirit Sect is on the outskirts of Nanhu, so I hope that if the Master Zheng meets someone from the Demon Spirit Sect, there will be no conflict. If the Demon Spirit Sect wants to deal with you, you can also report my name. They don’t dare to do anything about it.”

David decided to tell Zheng Anguo the secret of the Demon Sect, in order to prevent the two from fighting on the same site in the future!

Chapter 1946

After Zheng Anguo heard this, his face was full of surprise. He had been in Nanhu for so long, and he didn't even know that there were other sects on his site!

"Mr. Chen, thank you for telling me, I will pay attention..."

If David hadn't told him, Zheng Anguo would never have known!

But it's also because the people of the Demon Sect don't easily move around in the world, and they won't hurt people casually in the world, so for so many years, Zheng Anguo just didn't notice it!

After leaving Nanhu, David took Jiang Wei, Hu Mazi and Zhou Jie straight to Penglai Island!

Zhou Jie is now following Hu Mazi as a husband and wife, and David can only let her follow, and Zhou Jie following him will be of great help in opening the secret realm of Demon Heart Sect and rescuing Sonya in the future.

At the same time, on Penglai Island, Du Nan sat on the throne worriedly!

Since David destroyed the Gorefiend's stone statue, Penglai Island has been experiencing visions, causing many people to flee Penglai Island!

However, Du Nan did not leave, but continued to lead people to live on Penglai Island. At least it was isolated from the world and there was no dispute!

And he can still live like an emperor, so Du Nan is very comfortable!

It's just that in the past few days, people suddenly came to Penglai Island, and they were all powerful!

This made Du Nan unable to sit still. Although these people did not do anything, they stayed on the island and did not show the first place, but so many masters suddenly landed on the island, which still made Du Nan's heart not calm!

He sent people to pay attention to the movements of those people all the time, and also sent people to Kyoto, intending to inform David!

Just when many aristocratic families in the secular world are paying attention to Penglai, there are also many families who are paying attention to Penglai Island in the various secret realms!

Penglai Island is the first place to recover spiritual energy. If any sect family can take the lead in occupying Penglai Island, when the spiritual energy recovers, it will take the lead!

At this time, the Zixiao Mansion in the secret realm of Thunder Gate is holding a meeting.

Han Fusheng, the mansion lord, said solemnly: "The reincarnation of heaven and the recovery of spiritual energy, now I think the major secret realms should already know where the spiritual energy will be recovered, and they will definitely send people to fight for the territory, and our people will be sent out. Have you?"

"Palace Master, we have already set off, and now we have arrived on Penglai Island. The team was led by Hong Qianjiu, the son of the Hong family, with the eighteen most powerful Arhats in the Hong family..."

An elder stood up, facing the Han Fusheng replied!

“Do you understand the strength of the people sent by the other major secret realm families?”

Han Fusheng asked.

This time, everyone was silent, they didn't know what lineup other sect families sent, and they couldn't investigate!

You must know that the endorsement families of Zongmen families in the secular world in the major secret realms are all kept secret. If it is not for the recovery of spiritual energy, these families will not appear, and there is no way to investigate.

Seeing this, Han Fusheng sighed heavily and said, “The recovery of spiritual qi represents the beginning of a bloody storm. If we don't know the strength of our opponent now, how will we stand in Zixiao Mansion in the future?”

“Give it to me immediately. Investigate, all the major sects and families in the eight secret realms will be investigated for me.”

After Han Fusheng finished speaking, he waved his hands angrily, causing everyone to leave!

The reason why Han Fusheng is so angry is not only because of these, but also because he has hidden Long Ruotong for so long, but he has never had a chance to touch it!

The tigress at home is so strict that Han Fusheng has always been a thief...

But at this moment, in the hot spring in the secret realm, Han Qinger undressed and soaked quietly in it, while Qiu Ju was watching. prevent anyone from coming!

Chapter 1947

“Miss, I remember you didn’t like hot springs so much before. Why do you like it now? Do you still miss David? Just give up, then how could David come here.”

Qiu Ju Said playfully.

“Sister Qiu Ju, don’t talk nonsense, I just like to take a bath, what are you thinking about David...”

Han Qinger didn’t admit it, but feeling the temperature in the hot spring, Han Qinger’s heart had already flown away when she first met David!

Seeing that Han Qinger was distracted, Qiu Ju giggled!

Qiu Ju’s laughter brought Han Qinger back to reality, and then said, “Sister Qiu Ju, can I discuss something with you?”

“What is it? If you want to go out of the secret realm, you will not talk about the mundane world.”

Qiu Ju said.

“You...you promise me once. I overheard my dad saying that Penglai Island needs to recover its spiritual energy. We can go to Penglai Island to play!”

Han Qinger said to Qiu Ju coquettishly.

“Forget it, the master has spoken. If anyone dares to take you to the mundane world, they will cut it directly. There is no room for negotiation. Do you want the master to cut off my head?”

Qiu Ju looked at Han Qinger and asked.

Han Qinger pouted and shook her head...

At the same time, there was also a meeting in the Waning Moon Castle not far from Zixiao Mansion!

The Waning Moon Fort and Zixiao Mansion are in the same secret realm, and the distance between the two is also close, so the relationship is better!

Moreover, Lu Chang, the eldest young master of the waning moon castle, followed Han Qinger's childhood sweethearts, and the two intend to bring the two together. If the two marry, their strength in the secret realm will be even stronger!

But now facing the recovery of spiritual energy, if the spiritual energy is really fully recovered, then this cage-like secret realm will have no advantage at all, and many people from sect families will choose to leave the secret realm!

And the Waning Moon Fort is no exception. They are also discussing the matter of Penglai Island in this meeting!

"Fort Master, the endorsement family of Zixiao Mansion in the secular world has arrived on Penglai Island, and other sect families have also sent people there."

"As for the families in other secret realms, they must have sent people to Penglai Island now. It's probably overcrowded."

A high-level executive said to Lu Buwei, the owner of the Waning Moon Castle.

“This spiritual qi has not yet recovered, it is a bloody battle. If the spiritual qi recovers, the whole world will be reshuffled.”

“Now every family wants to seize the opportunity, but it is a pity that we The spokesperson family of the Waning Moon Castle in the secular world is a waste, and now there is only one Great Marquis, this is useless...”

Lu Buwei said angrily.

The Waning Moon Castle has also cultivated an endorsement family in the secular world, but this family is unsatisfactory and its strength is too low. With such strength, it is sent to Penglai Island, which is a cannon fodder!

“Dad, why don’t I take someone to Penglai Island, we can’t just watch other sect families occupy Penglai Island.”

“And Penglai Island has become the first place to recover spiritual energy. I believe there must be unknowns on the island. The secret exists.”

Lu Chang stood up and planned to leave the secret realm and go to Penglai Island in person.

“How can this be? You are out of the secret realm. If you stay in the mundane world for a long time, your strength will stagnate or even decline. You must know that the laws of heaven and earth outside have restrictions on us.”

Lu Buwei shook his head . , he didn’t want his son to take risks!

“Dad, I can take the Guling Pill. As long as my strength is fixed, after I go out, my strength will not increase, but it will not go backwards.”

“If we can occupy Penglai Island and find the secret of the recovery of spiritual energy on Penglai Island, it will be very important to us. For the Waning Moon Fort, that is a great opportunity.”

Lu Chang persuaded Lu Buwei!

It seems that Lu Chang has long thought about going out of the secret realm and going to Penglai Island.

Chapter 1948

Lu Buwei thought for a moment, and finally nodded. He could only agree to Lu Chang, but he still warned: “After going out, you must be careful. I don’t know how many sects and noble families will gather on Penglai Island this time. , often only the one who stands at the end is the winner.”

“I see.”

Lu Chang nodded, and then left the secret realm with a look of excitement!

.....

Penglai Island!

At this time, hundreds of powerful people have gathered on Penglai Island. These people belong to major sects and families, and they come from all over the country, and a steady stream of people are still on Penglai Island!

On this Penglai Island, there is no order to restrain these people, but these people all occupy their own places, neither fighting nor making trouble, as if they are waiting for something!

“Master Demon, I didn’t expect so many people to come to Penglai Island.”

A black gold robe looked at the many masters on Penglai Island and couldn’t help sighing!

“It seems that the families in the Eight Great Secret Realms have long cultivated their own power in the mundane world, and they have hidden them deep enough.”

Ning Zhi opened his mouth slowly, but what came out of his mouth was that old voice. Remember the website

, their Demon Heart Sect is behind the support of the Kyoto Martial Arts Alliance, and it is also so that one day the Demon Heart Sect can have a position in the secular world!

It is even more to collect news with the Martial Arts Alliance!

“Senior, will the trap we set on Penglai Island make all these people fooled?”

Ning Zhi asked worriedly when he saw that there were too many people here.

After all, there are too many people here, and the size is too large, but I don’t know how big the trap they laid!

“Don’t worry, the people of these families are the most powerful, but the Marquis of Great Wu, we still need to be afraid of them!”

“Even if some of their families have sacred weapons, we don’t have to be afraid. The four black gold robes are following. You are afraid of shit. I think you are getting more and more timid, and you are scared by that David.

” said unhappily.

Ning Zhi didn't dare to speak, and then the soul said to the four black gold robes: “You put on your clothes and spread the news, saying that in the most central part of Penglai Island, there are ruins, and there is a magic circle that activates the recovery of spiritual energy. .”

“As ordered...” The

four black gold robes nodded and left!

“Senior, does this Penglai Island really have ruins and that magic circle?”

Ning Zhi asked curiously.

“I don't know if there are any ruins, but there must be a magic circle or an altar, or else why would the aura recovery choose this place?” The

magician said lightly.

“Isn't the recovery of spiritual qi the result of the laws of heaven and earth?”

Ning Zhi was surprised, could it be that the laws of heaven and earth can still be controlled by humans!

“You are too naive, the laws of heaven and earth are also established by humans, including the entire world, are built by a certain god.”

“The power of heaven and earth is a natural force in the eyes of mortals, but for us, these are gods. Power.”

“Beyond this, there is a vast space world, just like the eight great mysteries. If immortals can create the eight great mysteries, then there will be gods who create other worlds, even the universe...”

“It’s just that these It’s not what I can understand, what we have to do now is to find a way to strengthen ourselves, penetrate this law of heaven and earth, and go to another world to meet

the Demon Venerable...” Soul said slowly, listening to Ning Zhi’s whole body Brains are not enough!

Ning Zhi is not a cultivator, so he doesn’t know many things. It was only after he joined the Martial Arts Alliance that he learned a little about the world of immortals!

But now listening to the magic envoy’s words, Ning Zhi suddenly felt that there was a pair of eyes looking at each of them.

“I told you what to do, but you don’t understand...” The

soul reacted and felt that he had followed Ning Zhi a little too much, so he said: “Let’s go, go to the ruins to check again, as long as those family members are deceived Go in and let them be buried there forever.”

Chapter 1949

Soon, Ning Zhi came to a small raised hill in the middle of Penglai Island. It was only a hundred meters higher than the surrounding area, so it was a small hill.

In a hidden place, there is a stone door carved with patterns, and the stone door is simple and has opened a gap!

Ning Zhi walked in very smoothly. There was a very dark corridor. After walking about two or three hundred meters, it was an incomparably wide hall!

The hall is large enough to accommodate tens of thousands of people, and in the middle, there is something similar to an altar, but the stone pillars on the altar are crooked, it seems that it has been damaged!

“Senior, is this a fake relic we built to deceive those people?”

Ning Zhi looked around with surprise in his eyes!

If this is a fake relic built, then it is too big. It is impossible to build such a place within a few years.

Did the Kyoto Martial Arts Alliance know for a long time that the spiritual energy was revived here, and then built fake ruins here?

Ning Zhi didn't quite believe it!

“It was originally like this, but I don't know which sect's ruins are here, but it has been destroyed.”

“Some time ago, I sent someone to re-lay the magic circle here and remodeled it, as long as those sects are. When the family members come in, don't even think about going out.”

“The entire Penglai Island will be ours at that time, and we can slowly wait for the aura to recover and see where this strange place in Penglai Island is.”

Soul said slowly .

It turns out that the vision that Long Xingxu and the others felt some time ago was not caused by the recovery of the spiritual energy here, but the Martial Dao Alliance's formation, which deliberately scared many people on the island away!

If David knew that all this was done by the Martial Arts Alliance, and scared Long Xingxu back to the capital, he would definitely scold Long Xingxu.

Soon, Penglai Island began to spread. In the most central part of Penglai Island, there is a relic that is the magic circle that opens the recovery of spiritual energy!

And this thing is getting more and more mysterious!

Many people went to look for it, but they all came back in vain!

Because the entrance has been closed for a long time, Ning Zhi will not let these people find it until the last moment.

When David brought Jiang Wei and Hu Mazi to Penglai Island, the masters of the major families on the island had already approached thousands of people!

This scale made David a little surprised when he saw it!

David didn't stay, and took everyone to the palace to find Du Nan!

At that time, after Long Xingxu and the others evacuated, Du Nan did not evacuate. After all, he was the emperor here and was unwilling to leave!

After seeing David coming, Du Nan happily ran out of the hall to greet him!

“Mr. Chen, you’ve come, a lot of people suddenly came to Penglai Island, I’m afraid it’s going to be a mess...”

After seeing David, Du Nan began to complain and almost cried!

Because these people from the island are all masters, and one person is afraid that he can destroy his entire palace!

But fortunately, during this time, no one came to trouble Du Nan. Those people all drew an area and set up camp!

“You knew I was coming?”

David looked at Du Nan in surprise, wondering how Du Nan knew he was coming.

“Ah, I sent someone to Kyoto to invite Mr. Chen, but I didn’t expect Mr. Chen to come so quickly...”

Du Nan thought it was his people who invited David, but he didn’t know that his people went to Kyoto. I can’t see David!

“I’m from somewhere else, and I haven’t seen the person you sent at all. You are preparing your room now, let’s rest first.”

David said to Du Nan.

“Okay...”

Du Nan hurriedly prepared the room, and then all the people Jiang Wei brought were properly arranged.

And Hu Mazi couldn't wait to pull Zhou Jie into the room, and then there was a sound in the room!

Jiang Wei and David looked at each other and smiled, knowing what Hu Mazi was doing!

Chapter 1950

"Brother Jiang, let's go out for a walk..."

David said to Jiang Wei.

"Okay!" Jiang Wei nodded!

David and the others walked out of the palace and strolled on the street. Many doors on the street were locked, and obviously many people had left here!

If it weren't for the sudden arrival of thousands of experts from various schools, the entire Penglai Island would have been much deserted!

Along the way, David and the others can always hear about the ruins in the center of the island, and many people are talking about it!

"Mr. Chen, why did the ruins appear all of a sudden? Could it be that someone found something?"

Jiang Wei was very surprised. It's only been a few days, how do you know about the ruins on Penglai Island!

David was also a little puzzled, and frowned slightly: "I don't know if there are any ruins on Penglai Island, and I don't know if there are magic circles or altars, but since someone has discovered the ruins, how can they be publicized everywhere?"

"And If there is a relic, and you know the location, why haven't these people found it?"

Jiang Wei felt reasonable when he heard it, so he said, "Mr. Chen thinks the rumor of this relic is false?"

David shook his head: "Before I figure it out. , I can't judge the truth, but we have to be careful."

David chatted with Jiang Weizheng, and saw three people approaching, these three people are Zhu Hao, Qiao Zhiyong, Hong family Hong Qianjiu.

Comparatively speaking, these few people are still acquainted, among the numerous sect families, so they naturally got closer.

When Zhu Hao saw David, there was still anger in his eyes!

"Brother Jiang, I didn't expect to meet again so soon."

Hong Qianjiu stepped forward and said hello to Jiang Wei, then looked at David and said, "Congratulations to Mr. Chen, getting the Wannian He Shouwu, I believe that Mr. Chen's strength will definitely increase. A lot."

"It's just a fluke..."

David said lightly.

“Haha, Mr. Chen got it with his strength, how can it be a fluke.” Hong Qianjiu laughed, then looked at Jiang Weidao: “Brother Jiang, I have something to tell you, can you take a step to speak?”

” Speak straight here!” Jiang Wei said lightly.

And that Hong Qianjiu glanced at David and seemed to be hesitant to say anything!

“Brother Jiang, you guys talk, I’ll go around by myself first...”

David saw that Hong Qianjiu saw that he was there and couldn’t open his mouth, so he planned to leave!

But who knew that Jiang Wei grabbed David and said: “Mr. Chen, you don’t have to go.”

After stopping David, Jiang Wei was slightly displeased and said to Hong Qianjiu: “If you have something to say, just say it directly. If you don’t say it, then I’ll leave.”

“Wait a minute...”

Hong Qianjiu stopped Jiang Wei, and then said, “Brother Jiang, you also saw that dozens of sects have come to Penglai Island. Family, you should know what these sect families stand for. Now many sect families are secretly starting to unite, so I hope that the four of us can also temporarily form an alliance to deal with what happens later.”

“If we fight separately, If the sand is scattered, all of them will be driven out or eliminated in the end.”

Hong Qianjiu found Jiang Wei in order to form an alliance and be able to stand out among the many sects and aristocratic families!

Jiang Wei didn't expect Hong Qianjiu to form an alliance with him, so he looked at David, after all, Jiang Wei wanted to listen to David now.

He represents Tianluolou, and the owner of Tianluolou, Jiang Wuya, has spoken, how dare Jiang Wei refuse!

When Hong Qianjiu saw Jiang Wei looking at David, a hint of surprise flashed on his face!

Even if Jiang Wei cares well with David, it should be equal, but looking at this situation, Jiang Wei seems to listen to David's arrangement!

"Jiang Wei, as the eldest son of the Jiang family in the northwest, why do you still ask for David's opinion? Is David your father?"

Zhu Hao was instantly angry when he saw Jiang Wei's look at David Come to one place!
