

## A Man Like None Other Chapter 2031 – 2040

### Chapter 2031

“What if you don’t submit it?” David asked.

“Don’t pay?” Toyotomi Hideyoshi suddenly shot a black light in his eyes: “If you don’t pay, then I will destroy all the souls you beat, and you won’t be able to be reborn forever.”

“And friends like you will also become my altar. I want to worship the gods and send me such a body.” In

the whole hall, the atmosphere changed suddenly, and the door that was open was closed at the moment!

Hu Mazi and the others were all nervous and ready to take action!

“Master Hu, relax, you are just a wisp of a remnant of your soul. I’m afraid of a bird. When I absorb his strength, I will smash his ruined shrine.

” Face...”

“If the gods of the island country shrine are all the same, I don’t mind absorbing their strength, sitting in their place, and enjoying the feeling of admiration by all people.”

David said lightly.

Claiming to have stepped into the Martial Saint, David’s mood has become more and more stable, and the improvement of his strength has brought incomparable self-confidence!

“Arrogant, you are courting death...” When

Ono Hiroshi saw David, he demeaned the shrine and their gods so much, how could he bear it!

But just as Ono Hiroichi opened his mouth, David waved him without even looking at him!

A huge breath went straight to the Ono Hiroichi!

Ono Hiroshi looked shocked, and he didn't have time to dodge, and was directly knocked out by this powerful breath!

The body slammed heavily on a stone pillar, and a mouthful of blood spurted out!

With a wave of David's hand, Hiroshi Ono was seriously injured!

When Watanabe Fumio saw this scene, his Adam's apple kept rolling. This time, he regarded David as his master even more, and he would follow him forever!

"You're just a dog, do we have any reason to interrupt when we talk?"

David gave Ono Hiroshi a stern look, and then said to Toyotomi Hideyoshi with a faint smile: "Your dog is barking, I'll help You clean up, don't you mind?"

"Xia Xiaoer, you are too crazy..."

Toyotomi Hideyoshi was about to die of anger, the anger on his body continued to rise, the cold light in his eyes flickered, and the clothes on his body were also windless.

I saw that Toyotomi Hideyoshi's momentum rose, and the entire hall was instantly shrouded in black mist, and I couldn't see my fingers!

One after another, sharp voices of ghosts and wolf howls sounded, and Yumiko was so frightened that she hid behind Fumio Watanabe!

Seeing this, Hu Mazi took out a few spells, bit his finger and drew a few patterns on it!

Immediately after that, a sheet was posted on everyone's body.

Soon, in their ears, the sounds of howling ghosts and wolves disappeared, and even the black fog could not be seen!

It's just that in the eyes of other people, these still exist, and there is a strange power in the black mist!

"Hundreds of years ago, no one of you dared to speak to me like this in Xia, you are such a brat, you dare to be so presumptuous!"

"Then let me strip your soul, let your soul be destroyed, and you will never be reborn... "

Having said that, Toyotomi Hideyoshi slowly reached out and grabbed David!

Om.....

I saw the space in the hall trembled, and a huge palm shrouded David!

There is a strange power in the palm of the hand, which penetrates David's body in an instant, and I saw that the soul in David's body was forcibly caught!

At this moment, David's soul is floating in the air, while David's body is still sitting motionless!

Watanabe Fumio and Yumiko, who saw this scene, widened their eyes in fright!

They didn't expect that David was so powerful that his soul was taken away all of a sudden!

This soul comes out of the body, I am afraid that the whole person will not be able to live!

## **Chapter 2032**

but Hu Mazi was not worried. Seeing the worried look of the father and daughter, he persuaded: "Don't worry, David will be fine."

David has now reached the Out of the body, even if Toyotomi Hideyoshi didn't capture David's soul, David himself could be out of the body.

When Toyotomi Hideyoshi saw that he had easily captured David's soul, he couldn't help laughing.

"Hahaha, you are so arrogant, I thought it was too good, but I didn't want the soul to be so fragile, and I was caught out so easily!"

Toyotomi Hideyoshi looked at David's body with excitement on his face!

"Have you laughed enough?"

At this time, David suddenly spoke slowly, followed by a bright green light on the palm of his hand.

Now David's soul has no way to use the Dragon Slaying Sword, but there is still such a small means of condensing qi into a sword!

I saw the bright green light turned into a long knife, and the light instantly brightened the entire temple.

Then David waved lightly, and the sword light flashed out, instantly slashing at the huge palm!

Pfft.....

After a muffled sound, I saw that the huge palm was cut off in an instant, and David's soul lost control and instantly returned to the body!

"This..."

Toyotomi Hideyoshi abruptly stood up and took a few steps back involuntarily!

He didn't expect that David's soul was separated from the body, and he still had fighting power, and he could condense his energy into a knife. This was simply incredible.

You must know that when the soul leaves the body, the strength will drop a lot, and some even have no combat power at all.

Only after possessing the body can some strength be restored!

But David can condense qi into a knife just by relying on his soul, and he is so powerful!

If Toyotomi Hideyoshi himself leaves the body, now he doesn't know if he can reach the level of David!

"It seems that I underestimated you. I didn't expect your divine soul to be so powerful and even possess the strength of your body."

"But even if it is, I will kill you and finally take your body. "

Although this way, your Golden Dragon's body will decline, but for me, it's enough..."

After saying that, Toyotomi Hideyoshi's huge palm that had just been blown off began to slowly reappear on the ground. Above David's head!

"I tell you, in this shrine, I am the master, you will never kill me!"

Toyotomi Hideyoshi quickly slapped David!

The huge palm pressed down on David like a hill!

And David waved his right hand, holding the Dragon Slaying Sword in his hand, the sword qi vertical and horizontal, slashing in the air!

At this time, those believers outside looked up at the vision in the hall, showing a horrified expression!

You must know that the gods who live here are their gods!

But at this moment, the sky above the hall was covered with dark clouds, which had to make them terrified!

Rumbling.....

Suddenly, the mountain shook for a while.

Immediately after, the majestic shrine burst with a loud noise!

The whole shrine was like being bombed, and it was torn apart in an instant. Many believers had no time to dodge, but were killed by scattered bricks and stones!

For a time, the square in front of the altar was full of wailing and blood flowed into a river!

Everyone saw a shadow jump up and then land on the statue!

It was an old man with a dry body, as if he hadn't eaten for a long time, and his bones could be seen through his skin!

This time, everyone was stunned, they didn't know who this old man was!

And then a young man also flew out and landed steadily on the altar, looking at the old man on the statue with cold eyes!

"In order to survive, you have even destroyed the shrine that has supported yourself for a hundred years. How can your believers accept this?"

David looked at Toyotomi Hideyoshi and smiled slightly.

Toyotomi Hideyoshi's face was extremely ugly at this moment, standing on his statue, glaring at David!

At this time, Hu Mazi and the others also ran out in a hurry, as well as that Ono Koichi!

### **Chapter 2033**

Hiroshi Ono's body was covered in mud and embarrassed. He was injured and was able to escape, which is already very good, how can he take care of his image!

However, when those believers saw Ono Koichi's embarrassed appearance, their eyes almost popped out!

You must know that Ono Koichi is the president of the shrine and a figure admired by everyone!

But now he has become like a beggar!

"This old man is the god you admire. Now I want to show you what your god is in front of your face."

David said loudly to the believers in the square.

Those believers looked at it in disbelief. They couldn't believe that the god they had always admired would be the skinny old man in front of them!

"Boy, as I said, I am the master here, even if the shrine is destroyed, as long as you are on the top of the mountain, you will not kill me."

Toyotomi Hideyoshi said, suddenly raised his head and shouted: “With The power of heaven and earth, the blood of all people, come back to life...”

Rumble...

Suddenly, the entire mountain top was shrouded in black clouds, followed by a huge suction force that began to suck the blood of those tragically dead believers. !

For a time, the blood began to gather continuously, and then scattered on the statue.

Ka...

With a slight crack sound, I saw that the statue was covered with dense gaps!

Soon, the whole body of the statue began to fall one by one, along with the soil around the statue.

A body covered with black scales, green face and fangs, appeared like a corpse of a monster!

Seeing this corpse, everyone was shocked. No one thought that the statue that they were kneeling and worshipping was wrapped in the body of a monster!

“Damn it, it’s so fu\*\*ing ugly, isn’t this the body of Toyotomi Hideyoshi?”

Hu Mazi said with a disgusting expression.

“I have lived so long, and I have never seen such an ugly guy.”

Lao Fan was also surprised!

“I think this guy is mostly a cross between a fu\*\*ing monster and a monster. Otherwise, how could he look like this?”

Hu Mazi analyzed.

However, this sentence made that Toyotomi Hideyoshi so angry that he gave Hu Mazi a vicious look, but he didn't do anything!

And those believers all screamed and stepped back. They didn't expect that there would be such an ugly body in the tall and mighty statue of the god of war!

I saw Toyotomi Hideyoshi shaking, and a black mist came out of the body, and this black mist instantly entered the ugly body!

And the withered body of the old man fell to the ground instantly after the black mist left the body, and the withered body began to burn with flames!

“Boy, you were able to force me to activate my physical body in advance, I will kill you today...”

Toyotomi Hideyoshi opened and closed his mouth, and a voice like a Hong bell spread all over the top of the mountain!

“It's no wonder you want my body. You are too ugly to be like this, and I don't know if you fell on the ground when your mother gave birth to you and were trampled on both feet.”

“I didn't see it . If you dare to attract believers with such an ugly body, I don't think there is one.”

David said with a burst of retching.

“You are courting death...”

Toyotomi Hideyoshi stared, and the surroundings were instantly shrouded in black mist, and the huge spiritual consciousness shot out of his eyes began to strangle David!

He wants to smash David’s spiritual power and kill David’s soul in his body!

Toyotomi Hideyoshi knew that he was ugly, but he was so ridiculed by David and Hu Mazi, which made him extremely angry!

“Hmph, you monster.”

David snorted coldly, and a dragon roar sounded, and then his body was covered with golden scales!

And in the air behind David, a golden dragon loomed looming!

The black scales of Toyotomi Hideyoshi are compared with the golden scales of David, I don’t know how much worse!

From the visual point of view alone, David is dressed in golden armor and is majestic!

And that Toyotomi Hideyoshi had black scales and looked extremely terrifying.

**Chapter 2034**

“Boy, I have changed my mind now, I don’t want your body, I want to swallow your dragon crystal, swallow your soul, and absorb all your strength...”

Toyotomi Hideyoshi The voice rushed like a tsunami, and there was a huge spiritual attack in this voice.

Toyotomi Hideyoshi, who has recovered his body, even speaks with a huge attack power!

This kind of spiritual attack has no effect on ordinary people, but it is fatal to cultivators.

I saw Hu Mazi and the others covering their ears with their hands, their expressions very painful!

“Our two thoughts coincide, and I also want to devour your strength...”

David put his hands behind his back and looked indifferent, falling into this divine attack was of no use to David!

I saw the golden dragon behind David’s eyes burst into golden light, and then a dragon roar sounded!

David’s consciousness also came out in an instant, and slammed into it with that Toyotomi Hideyoshi’s consciousness!

With the sound of a dragon roar, Hu Mazi and the others suddenly relaxed a lot!

Boom...

Two huge divine senses collided, followed by a violent explosion, and two sound waves visible to the naked eye spread out around!

Wherever the sound waves passed, it was like the end of the world, and the entire building on the top of the mountain had turned into nothingness at this moment.

Fortunately, this divine sense cannot attack ordinary people, otherwise these believers would have already become corpses at this moment!

Toyotomi Hideyoshi frowned slightly, and a red light flashed on the top of his ugly head, blood red like blood!

Soon, in the eyes of everyone, a blood-red wave swept towards David overwhelmingly, and then the blood-red color transformed into a dragon, dragging its long tail, and uttering a long roar!

It's just that the body of this Flood Dragon is covered with blood-red scales, and its appearance is extremely ugly, looking very fierce!

"It's just that people are ugly. I didn't expect that things transformed by spiritual senses are so unsightly. It seems that it makes sense to be born from one's heart."

David looked at the fierce and ferocious Jiaolong and said with a cold smile.

"Boy, although you are the real body of a golden dragon, you are still too weak. When you see my strength, you will not speak so calmly."

Toyotomi Hideyoshi's face was cold, and the blood-red dragon kept turning towards Chen. Flatter your teeth and dance your claws!

"Weak?" David smiled coldly!

Immediately after David, the golden dragon behind David suddenly emitted a golden light, illuminating the entire mountain top with golden light, even the sun in the sky!

“Roar...” The

dragon roared, the dragon’s beard trembled, and the majesty was on all sides. Just the majesty that the golden dragon exuded was not comparable to the dragon of Toyotomi Hideyoshi.

Looking at the golden dragon above David’s head, the muscles in the corner of Toyotomi Hideyoshi’s eyes twitched slightly, and a chill rose in his heart!

At the same time, the blood-red Flood Dragon took a few steps back, and no longer had the arrogance of the fangs and claws just now!

These two dragons were both created by divine sense, but compared to the two dragons, they are far from each other!

Just when Toyotomi Hideyoshi felt a chill in his heart, David found the right moment, and the golden dragon roared and charged towards the blood-red flood dragon!

Seeing this, Jiaolong twisted his body and waved his claws as if he wanted to resist!

It’s a pity that the huge body of the golden dragon swallowed the dragon in an instant!

There was no fighting, no tussle, and in just a few seconds, the confrontation between the two people’s consciousness was over!

The golden dragon circled in a victorious manner, then slowly disappeared.

“You...you actually have such a strong mental power? How could this be?”

Toyotomi Hideyoshi couldn't believe it. He thought that David's illusion of the golden dragon was just looking at people to bluff. David was a young man in his early twenties. Although people are not weak, it is impossible for them to be so powerful and so condensed!

### **Chapter 2035**

Although Toyotomi Hideyoshi has always survived as a divine soul and has no way to improve his strength, he can cultivate his spiritual sense. Originally, he thought his spiritual sense was enough to rival anyone in the world!

But now that I met David, David was young, and his spiritual sense was even stronger and more condensed than him!

There are also those believers who are also full of disbelief. They watch the gods they believe in, and they are easily crushed in front of David!

Especially when David's golden dragon appeared, feeling the majesty of the golden dragon, these believers almost fell to their knees to worship.

Their beliefs have begun to collapse at this moment!

“What other skills do you have? If you don't have any other skills, then I will make a move...”

David's face froze, and he suddenly waved the Dragon Slaying Sword in his hand forward!

A sword beam that was several meters long shot out instantly, stabbing directly at Toyotomi Hideyoshi.

Toyotomi Hideyoshi's eyes were slightly condensed, his hands were crossed, and he stabbed into the ground fiercely, and flames came out of the ground!

These flames began to converge, and finally formed a big fireball, which Toyotomi Hideyoshi suddenly threw out.

Rumbling.....

Jianmang collided with the fireball, and the whole world began to tremble, like an earthquake!

Those believers looked at the scene in front of them, and they kept retreating in fright!

Hu Mazi and Lao Fan also hurriedly released the body-protecting technique, otherwise, if they were affected by this Yu Wei, they would be killed or injured!

"You still have some skills..."

David stared at Toyotomi Hideyoshi.

"Boy, as I said, as long as I'm here, I live here, and I can use everything here, but what about you? When the spiritual power in your body is exhausted, I see what you can do to fight me..."

Toyotomi Hideyoshi said coldly.

"Then try if you can let me use up all my spiritual power..."

After David finished speaking, he jumped up again with the Dragon Slaying Sword in his hand!

For a time, David and Toyotomi Hideyoshi fought together, and rumbling sounds continued to sound on the top of the mountain!

“Master Hu, master he...”

Yumiko looked worried as David and Toyotomi Hideyoshi fought together.

“Don’t worry, David will definitely win.”

Hu Mazi said firmly.

Soon, the battle between David and Toyotomi Hideyoshi has reached a fever pitch. At this time, Toyotomi Hideyoshi has only the strength to parry!

The bigger he was, the more frightened he became. He didn’t understand why David’s spiritual power was like a spring, and he couldn’t use it up at all.

The current Toyotomi Hideyoshi can only dodge to the left, dodging David’s attack embarrassedly!

Not far away, Koichi Ono, looking at the god in his heart, the ancestor he spent half his life worshipping, was beaten up at the moment, and his heart was full of mixed feelings!

“Boy, you relied on the spirit sword in your hand to suppress me everywhere, what’s your skill?”

Toyotomi Hideyoshi already felt that he had reached his limit.

Moreover, the Dragon Slaying Sword in David's hand was too sharp. Even though Toyotomi Hideyoshi's body was covered with thick black scales, it was still easily broken open. At this time, his body was already covered with large and small wounds. !

As long as he can keep David from using the Dragon Slaying Sword, he might still have a chance to win!

Otherwise, it can only be suppressed and beaten by David!

"Do you think it's unfair that I use weapons?"

David asked lightly.

"Of course, I'm bare-handed, but you use a weapon, of course it's not fair..."

Toyotomi Hideyoshi said loudly.

At this moment, whether it was Koichi Ono or those believers, they were all struck by lightning!

The god in their hearts, the dignified Toyotomi Hideyoshi Wushen, actually bargained at this moment and used the method of provocation.

This is simply refreshing their cognition...

## **Chapter 2036**

"Well, since you think it's unfair, then I don't need it..."

After David finished speaking, the Dragon Slaying Sword in his hand disappeared instantly!

Toyotomi Hideyoshi looked at David, and he was a little stupid. He just tried it. After all, who would pay attention to what is fair and unfair in the battle of life and death!

He didn't expect that David actually put away the Dragon Slaying Sword!

The only reason why David did this was that he didn't take Toyotomi Hideyoshi seriously at all.

"Remember, you don't need a sword, you are still garbage in my eyes..."

After David finished speaking, his right hand flashed with golden light, and his right foot stomped on the ground!

A pit was stepped out of the ground in an instant, and David's body stared hard, and then like a bow and arrow out of the string, he went towards Toyotomi Hideyoshi!

David's speed was extremely fast, and there was a sound of breaking through the air, and the short distance was almost in front of Toyotomi Hideyoshi.

"Holy Light Fist..."

David punched Toyotomi Hideyoshi in the chest!

Toyotomi Hideyoshi didn't have time to react at all, and was punched heavily, and the black scales on his body splattered everywhere in an instant!

The huge body also flew backwards in an instant!

Rumbling.....

Toyotomi Hideyoshi's body slammed heavily on the ground, smashing the ground into a pit of nearly ten meters, and the broken rock buried Toyotomi Hideyoshi!

Everyone watched in disbelief, the scene was dead silent, Koichi Ono's Adam's apple rolled, and he couldn't help but look down the mountain, as if he was looking for a way to escape!

Soon, there was movement in the nearly ten-meter-long pit, Toyotomi Hideyoshi came out of fear, and a large hole appeared in his chest, but it did not kill him!

"Boy, you...you actually know the Holy Light Fist. This is the stunt of the Demon Lord thousands of years ago."

Toyotomi Hideyoshi looked at David with a puzzled face, and the wound on his chest was healing at a speed visible to the naked eye. on!

"It seems that you know our Da Xia quite well, but you know whose stunt this is..."

David said with a faint smile.

"Boy, no matter who's stunt you have learned, you can't kill me. As I said, here I am the master, an existence that cannot be killed..."

Looking at his wound that had already healed, Toyotomi Hideyoshi said coldly.

But looking at Toyotomi Hideyoshi's healing wound, David was not surprised at all!

“It’s not that you can’t die, but I didn’t want to kill you, because I want to devour all your strength...”

David said coldly.

“Hmph, don’t even think about it, I...”

Toyotomi Hideyoshi wanted to say something, but before he finished speaking, he only felt a flash of coldness in front of him!

I don’t know when, David actually came to him!

Seeing this, Toyotomi Hideyoshi suddenly shot and grabbed David’s shoulder directly, and David also grabbed Toyotomi Hideyoshi’s shoulder at this moment!

“Then let’s see who has the most powerful devouring power...”

After Toyotomi Hideyoshi finished speaking, a vortex formed in his body, and a huge suction force began to absorb the spiritual power in David’s body outwards!

David smiled slightly, and the Heart Concentrate Art was activated, a suction like a flood, instantly sucked a large amount of the strength of Toyotomi Hideyoshi into David’s body!

Toyotomi Hideyoshi’s face changed greatly, and he instinctively wanted to let go, but found that David’s body seemed to be full of suction, and his hand could not be moved at all.

You must know that David’s Concentration Technique is a superior method, in fact, Toyotomi Hideyoshi’s method can be compared.

Toyotomi Hideyoshi struggled, but he couldn't get out of it at all, and everyone looked at it suspiciously!

Soon, Toyotomi Hideyoshi's gigantic body began to dry up slowly, and the breath in the body became extremely weak, until finally there was no life left!

### **Chapter 2037**

David let go, and Toyotomi Hideyoshi's dry body fell to the ground with a thud!

"It's so cool..."

David felt the surging spiritual power in his body, and he was very excited!

Although he absorbed the strength of Toyotomi Hideyoshi, David's strength did not rise one step further!

But even so, David is already very satisfied. After all, Toyotomi Hideyoshi's current skill is only a fraction of what it was before!

Moreover, after David was promoted to Martial Saint, if he wanted to improve his realm, the spiritual energy and resources he needed would be an incomparably huge amount!

Ono Hiroshi stared blankly, looking at Toyotomi Hideyoshi who had dried up and died on the ground.

This is the entire Xijing, a god that countless people believe in, a god who has been believed in for hundreds of years!

Was it completely wiped out like that?

How is this possible?

Hiroichi Ono didn't believe it at all, but the fact was in front of him, and he saw it with his own eyes, so he couldn't help but believe it!

“Master is mighty, you are the real god...”

At this moment, Fumio Watanabe suddenly knelt in front of David and shouted loudly!

Seeing this, Yumiko hurriedly knelt down!

As the head of the Watanabe family, Fumio Watanabe, many people know him and admire him!

Now Watanabe Fumio is kneeling in front of David and worshipping David as a god!

As soon as Ono Hiroshi saw this scene, he hurried over and knelt in front of David, trembling all over!

“God is above, please accept our devout prayers...”

Ono Hiroichi knelt on the ground with a face of piety!

“God...”

At this moment, the surviving believers of Qianhe Shrine all knelt down and worshipped!

Even Koichi Ono has re-chosen the gods, and there is no need for them to stick to their previous beliefs!

And their faith, right in front of them, saw the collapse with their own eyes!

David looked at Ono Koichi coldly, and a sneer appeared on the corner of his mouth.

“You have believed in Toyotomi Hideyoshi for many years, why did you change your face so quickly? It seems that your belief is not firm at all...”

David said lightly.

“God, that Toyotomi Hideyoshi is just a fake god, he is just a remnant of the soul, and god, you are the real god...”

Ono Hiroshi touted David: “I will order people to rebuild the shrine, put The statues of the gods are enshrined in it.”

“Let the gods enjoy the power of the admiration of thousands of people...” I

have to say that Koichi Ono fought hard for his life to please David!

“You kind of greedy and fearful of death, what’s the use of keeping you...”

David finished speaking, waved gently, and instantly a breath penetrated the chest of Ono Hiroichi!

Ono Hiroichi looked at the blood gushing out of his chest and slowly fell down...

And looking at the kneeling believers, David said to Watanabe Fumio: “Watanabe Fumio, I’ll leave it to you here. It’s settled, you have to let everyone know that I am their god, and their god is the Daxia people...”

“Understood, master...”

Watanabe Fumio nodded and said.

David took Hu Mazi and the others down the mountain, while Yumiko followed closely by David’s side, not leaving one step!

At this time, Yumiko has the look of a maid, her head is slightly lowered, and every movement of David, she must understand what David means!

In just one day, the Thousand Crane Shrine was destroyed, and the news that the Watanabe family re-established the gods spread across the entire island country in an instant!

Coupled with those believers who have seen it with their own eyes, and the vivid dissemination, David’s believers have increased exponentially for a while!

Watanabe Fumio also rebuilt the shrine and built David’s sculpture!

At the same time, the news that the new god is from Daxia also spread.

This began to arouse dissatisfaction with the shrines in other places, because the gods enshrined in the shrines are all famous people in the island country!

It was obviously inappropriate for an unknown Daxia person to suddenly appear as the god of the island country.

## Chapter 2038

Other shrines began to put pressure on Watanabe Fumio. Although the Watanabe family is a big family and has a considerable position in Xijing, it was really suppressed by several shrines, and it was instantly let down. Fumio Watanabe is hard to support!

“Master, the construction of our shrine has now been stopped, and a large number of believers have also been deceived by other shrines...”

Watanabe Fumio, like a child who did something wrong, lowered his head and reported in front of David!

Originally, David planned to return to China. After all, Fumigan Watanabe is already dead, and he will not be bothered by someone going to Daxia!

And he also destroyed Chizuru Shrine, and he himself became a god who was enshrined!

But seeing this situation now, David decided to stay in the island country for a while!

And after absorbing the strength of Toyotomi Hideyoshi, David felt that the improvement of this method was much faster than his hard training!

And these are all island country guys, so you don't need to be burdened!

“Fumio Watanabe, how many shrines are there in your island country?”

David asked lightly.

Watanabe Fumio was taken aback for a moment, and then said: “Master, there are four shrines in our island country. In addition to the Chizuru Shrine that you destroyed, there are Shimazu Shrine, Maeda Shrine, Ii Shrine...”

“And these three The gods enshrined in this shrine are also the Great Valkyries hundreds of years ago...”

After Watanabe Fumio finished speaking, he looked at David quietly, he knew that David would not ask this question for no reason.

“David, don’t you want to destroy the other shrines?”

Hu Mazi saw David’s thoughts!

David nodded: “Yes, I want the island country to have only one god of faith, and that is me...”

In addition to making the islanders believe in himself, David wants to absorb the strength of those guys!

If the strength of the gods of the other three shrines is absorbed, David’s strength may be improved to a higher level.

“Master, if you destroy the other three shrines, I am afraid that it will attract the attention and shock of the high-level...”

Watanabe Fumio reminded.

“What can you do with attention? If you’re not convinced, I’ll go and destroy the land emperor of your island country, and I’ll be the land emperor...”

David sneered and didn't care at all!

With David's current strength, he is almost an invincible existence in this world!

As long as he doesn't go to the secret realm, David can overlook the entire secular world!

The highest cultivation level in the secular world is nothing but a Martial Saint. Although David is also a Martial Saint now, he is not comparable to other Martial Saints.

When Watanabe Fumio listened to David's words, he could only lower his head and did not dare to speak, because he believed that David dared to speak and act, and he still had that strength!

David came to Mount Fuji with his hands on his back, overlooking the entire island country, with a cold glow in his eyes!

Here, will be his start in the island country!

"Starting today, I'm going to start killing..."

After that, David's figure disappeared instantly!

.....

The famous autumn mountains in the island country!

It is famous for its precipitous racing routes, and every year, a large number of racing enthusiasts come here to race!

And at the top of Mount Akina, a small shrine is located there!

This is Shimazu Shrine, one of the four major shrines in the island country.

The deity worshiped is around Wushen Island, and a huge statue stands on the square!

It's just that there are no believers in the Shimazuo Shrine Square at this time, but only hundreds of samurai warriors waiting in battle!

Inside the shrine, the president Shimano Genno closed his eyes slightly and sat quietly, as if waiting for something!

And around him are ten famous magic masters from the island country.

Zuo Genye on this island, as the seventh generation descendant of Zuo Jin on Wushen Island, has been guarding the ancestors here!

It's just that the destruction of Chizuru Shrine made Shimazu Genye feel a deep sense of crisis. After divination, he felt that something big happened in the shrine today, so he summoned all the power of the shrine!

### **Chapter 2039**

Everyone waited quietly, no one spoke, and no one knew what they were waiting for, but just waited like this...

And at the foot of Qiu Ming Mountain, several modified off-road vehicles , making a huge roar!

With a whistle, several racing cars rushed out like crazy!

Qiu Mingshan is a circling mountain road, but these cars did not slow down, but continued to drift and turn around!

A young man with yellow hair is far ahead of the first place!

Looking through the rearview mirror, seeing the car that was left far behind, Huang Mao laughed.

Brush...

But at this moment, Huang Mao only felt a flower in front of his eyes, and then a figure passed by his car!

Huang Mao was so frightened that he almost didn't drive the car into the cliff beside him!

The shocked yellow hair on his face rubbed his eyes forcefully, and there was panic in his eyes!

Because he saw clearly that he was a person.

How can a man run faster than his racing car?

But just when Huang Mao wanted to see who it was, he found that the person had already run away...

At the same time, Shimazu Genye in Shimazu Shrine suddenly opened his eyes.

"Here..."

Shizuo Xuanye slowly stood up and walked out, followed by the ten magic masters!

When Shizuo Genye walked out of the shrine, he found that a figure had slowly reached the top of the mountain and stood in front of him!

This person is dressed in capable sportswear, but he is only many years old, and there is no expression on his calm face!

It looks like a morning runner!

However, Shimazu Genye felt a huge threat from this person!

And this person is David!

Facing the hundreds of warriors who had gathered in the square, David was like a walk, feeling the rising sun shining on himself, and walked towards Shimazu Genye step by step!

The eyes of hundreds of warriors were all focused on David alone!

Just as David took a few steps forward, dozens of samurai came out with their knives drawn, instantly surrounding David. These people had cold eyes and strong skills. The samurai knives in their hands were shining under the sunlight. Chill out!

The strength of these warriors is comparable to that of the Great Martial Sect. If such a character is placed anywhere in the secular world, he can also become a hegemon!

But now dozens of warriors comparable to the Great Wuzong surrounded David, but David's face did not show a trace of movement!

Because these people are like ants in his eyes!

Even ants are not as good as...

"Who are you? What are you doing at my Shimazu Shrine?"

Shimazu Genye asked David loudly.

"Murder..." David spit out two words lightly!

Shizuo Genye frowned: "Could it be that you destroyed Qianhe Shrine."

David nodded: "Yes, if you don't want to be destroyed, then tear down the statue, replace it with mine, and enshrine me as a god, like this. If so, I won't slaughter my own followers..."

"Presumptuous..."

Shimazuo Xuanye shouted angrily, knowing that the god worshiped was the ancestor of his Shizuo family, how could it be replaced by David.

"Since you don't agree, then there is only death..."

After David finished speaking, he was nothing but the warriors around him, and continued to move forward!

“Do it...”

Shizuo Genye saw this and gave an order!

When dozens of samurai saw this, they shouted loudly, and then the samurai swords in their hands volleyed towards David!

Dozens of katana swords formed streaks of cold light in the air, and these cold lights instantly enveloped David!

However, David turned a blind eye and continued to move forward!

Dangdangdang.....

David didn't dodge, didn't even resist, let those samurai swords slash at him!

Even if David does not activate the indestructible golden body, this powerful body cannot be broken by these warriors!

## **Chapter 2040**

With the sound of a metal collision, the samurai swords in the hands of the first few samurai were all broken, and the huge shock force made these samurai fly upside down, their bodies in the air. It exploded into a blood mist in an instant...

Seeing this scene in Nashima Zuo Xuanye's eyes, his brows could not help but wrinkle deeply!

Although the warriors in front were blown into blood mist by the shock force, none of the warriors in the back flinched!

At this moment, the spirit of Bushido dominates the thoughts of these warriors, so they are all brave and not afraid of death...

“Kill...”

Dozens of samurai volleyed down David neatly, and dozens of blades were combined into one.

When David saw this, golden light flickered on his body, his undamaged golden body activated, and golden scales covered David’s whole body!

At this time, David seemed to be wearing a golden armor!

“Hmph, today I’m going to shatter your Bushido spirit...”

David snorted coldly and waved his palm lightly!

A terrifying force rushed out, and dozens of samurai were hit by this force, and one by one, they were thrown into the air like ants, and then began to explode.

One after another blood mist splattered, and blood rained in the sky, the stump was broken, the internal organs were scattered all over the ground, and the entire mountain top was shrouded in a thick bloody aura!

This is what David wants. Since these warriors are dominated by Bushido thoughts, David will use bloody and violent means to make them feel scared and panic!

This group of warriors died, but dozens of warriors rushed up immediately, with murderous intent in their eyes, without the slightest fear!

When David saw this, his right hand suddenly opened, and the Dragon Slaying Sword appeared in his hand!

Immediately afterwards, the Dragon Slaying Sword swung forward, and a sword beam several meters long cut off the warriors who were rushing forward in an instant!

The upper bodies of these warriors fell to the ground, but their legs, due to inertia, ran a few steps forward before falling down!

Blood splattered, David used the Dragon Slaying Sword to kill dozens of warriors rushing in!

As this piece of warriors was cut off lazily, another group of warriors who were not afraid of death rushed up.

David's eyes narrowed, and the Dragon Slaying Sword in his hand instantly waved sword energy!

These sword qi directly smashed the warriors who rushed up to the strangulation.

David will not leave them whole bodies!

Looking at the large number of fallen samurai, Shizuo Genye turned his head and glanced at the ten magic masters. The ten magic masters nodded, and then began to cast spells.

In the sky, white silk threads appeared one after another, and these threads were like silk, and then swarmed towards David.

Immediately after that, David began to be entangled continuously. In the end, David was like a silkworm chrysalis, directly wrapped by those white silk threads!

Seeing David being bound, Shizuo Xuanye breathed a sigh of relief, and a smile appeared on the corner of his mouth!

But the smile of Shimazuo Xuanye still hung on his face and did not disappear, he saw the white silk thread, and there was a golden light around it, and in the end, it all collapsed instantly, and David's body regained freedom!

“Do you want to compare spells with me?”

David crossed his hands, and then slammed towards the sky...

Soon the sky was covered with dark clouds, and the thunder rumbled!

This sudden vision of heaven and earth changed the expressions of Shizuo Genye and those magic masters!

They understand that a magic technique that can create such a vision requires a huge amount of mental power to support it!

But before they could reflect it, one after another thunderstorm fell from the sky...

rumbling...

Every time the thunder struck, a magic master disappeared in front of Shimazu Genye, and was smashed into scum...
