

## A Man Like None Other 2141 – 2142

### Chapter 2141

Soon, the breaths of Tong Yougong and Liu Xing collided!

In an instant, the sky and the earth were dark, the sun and the moon were dull, as if the end of the world!

And Tong Yougong and Liu Xing's bodies collided fiercely, followed by lightning bolts continuously passing by!

The two fought, but no one could see their actions!

The universe shakes, chaos emerges!

Shi Qingpei stared in shock at the scene in front of him, his mouth wide open: "This, is this the duel between the gods of war?"

Jue Yuan looked at this scene, and his face was full of shock. Although he was also promoted to god of war, it was only because of him. With this little strength, if you join this battle, you will be turned into scum in an instant!

Liu Rui was nervous, her fists clenched, and she stared at the two fighting!

She knows that Liu Xing's strength is not as good as that of Tong Gonggong. She must know that the stronger the strength, the gap between each small realm is an unbridgeable gap!

The realm above the Martial God will become more and more difficult!

Bang.....

a deafening sound, I saw a figure quickly fly backwards.

Then it hit a boulder with a length of more than ten meters not far away, and instantly turned the boulder into powder!

This kind of power can be imagined...

"Senior brother..."

Seeing this, Liu Rui hurried over and helped Liu Xing up.

Liu Xing's face was pale at the moment, obviously injured, but there was still a proud look in his eyes, and he was very dissatisfied!

"What? You don't agree?"

Tong Yougong said with a cold smile.

“Tong Yougong, I will surpass you sooner or later...”

Liu Xing said through gritted teeth.

“Stop talking, you can get out now, the body is mine!”

After Tong Yougong finished speaking, he waved his hand towards his subordinates, and the two members of the Tianlei faction jumped into the deep pit in an instant, planning to take David’s body Lift it up!

“Brother, let’s go, go back and follow the master to explain it!”

Liu Rui called Liu Xing to leave!

But at this moment, suddenly the entire peak shook for a while, followed by a golden light in the deep pit, and a terrifying aura emanated from the deep pit.

The two members of the Tianlei faction who had jumped into the deep pit were all overturned from the deep pit by a huge force at this moment!

“What’s the matter?”

Tong Yougong frowned slightly.

“Master, then... that person is not dead...”

said one of the members of the Tianlei faction.

When Liu Xing and Liu Rui heard that David was not dead, they all stopped and looked at the pit in disbelief!

As the breath in the deep pit continued to soar, the golden light became more and more prosperous.

David’s body slowly floated up from the deep pit!

At this time, David was wrapped in golden light all over his body, holding a dragon sword, standing solemnly, like a golden armored god of war!

“This... how is this possible?”

Jue Yuan looked at David in shock, his face full of disbelief!

The power of the Twelve Buddhas did not kill David, a fifth-rank Martial Saint!

This is simply incredible.

And now it seems that David's aura seems to be a lot stronger!

"Eighth-Rank Martial Saint, it's still a little bit..."

David felt the power of his body, and a trace of loss flashed in his eyes!

He thought that by relying on the power of these beliefs and the strength of the consciousness he absorbed, he could break through to the Martial God!

It seems that as the strength becomes higher and higher, the resources David needs to improve his cultivation will become more and more huge!

However, even if it is only the strength of the eighth-rank Martial Saint, David is not wrong in the face of the fifth-rank Martial God!

This is the special feature of his Concentration Art, although the resources needed to improve his cultivation are several times that of others!

But with the same cultivation base, David will be an invincible existence!

David glanced at Tong Yougong, Liu Xing, and others, and then put his eyes on Jueyuan!

At this moment, Jue Yuan's body trembled involuntarily!

## **Chapter 2142**

"Old bald donkey, didn't expect me to be alive?"

David sneered.

"Hmph, what can you do when you are alive, I can smash you down once, and I can smash you down a second time..."

After speaking, Jue Yuan's breath burst out, and he chanted a spell in his mouth!

There is light on the beads!

The Buddha statue, which was originally standing still, is now moving again!

The Twelve Buddhas slowly approached David!

Looking at the twelve Buddhas in front of him, David sneered again and again, and slowly raised the Dragon Slaying Sword in his hand!

A golden dragon hovered above the Dragon Slaying Sword, followed by a wave of the Dragon Slaying Sword in David's hand!

Accompanied by a dragon roar!

Countless terrifying sword qi instantly shot out towards the surroundings!

These sword qi instantly penetrated the body of the twelve Buddhas.

Boom.....

With the sound of explosions, all the twelve Buddhas were blown into powder!

Above the entire mountain peak, there is no trace of the Kuchan Temple, and the last twelve Buddha statues have also turned to ashes!

Jue Yuan saw this, and was suddenly startled, and his face became extremely ugly!

You must know that these twelve Buddhas are the killers of his Kuchan Temple, but they don't want to be destroyed by David's sword!

Even Liu Xing and Tong Yougong on the side frowned slightly when they saw this!

With their ability, it is not difficult to break the twelve Buddhas, but David seems to be only the strength of Wu Sheng. This kind of strength can break the twelve Buddhas of Kuchan Temple. It is incredible. !

“Do you have any other skills besides these twelve Buddha statues?”

David looked at Jueyuan coldly and asked.

“I...”

Jueyuan opened his mouth, but didn't know what to say!

Now this is his trump card, and even the trump card has been easily broken by David, where does he have any other means!

What's more, his believers are dead, and he has no place to absorb the power of faith!

“I think we must have misunderstood. The person you are looking for is him, and it has nothing to do with me...”

Jueyuan pushed Shi Qingpei directly in front of Davidping, and then continued: “And that Shi Yan, who has already There is only one breath left in my beating, and if you want revenge, you are looking for them...” “Senior

brother, you...”

Shi Qingpei looked at Jueyuan in disbelief!

“Shut up, who is your senior brother? It's all because of you that you handle your own affairs. Now my Kuchan Temple is destroyed!” !

“Senior brother, how can you do this, go to Longmen to kill people, and injure others, but it’s all yours...”

Seeing that Jueyuan was going to ignore him, Shi Qingpei said anxiously.

“Shut up for me, if it wasn’t for you, how could I go to the capital to find trouble with Longmen...”

Jueyuan glared at Shi Qingpei!

Seeing that the two brothers were biting, David’s face condensed slightly and said: “You two don’t bite each other, you are all going to die today...”

David’s voice fell, and the Dragon Slaying Sword in his hand was instantly cut out. Jianmang!

Jue Yuan saw his body jump up, but Shi Qingpei couldn’t dodge, he was directly penetrated by Jianmang, and his body was chopped in two!

Looking at Shi Qingpei’s two corpses, Jueyuan’s forehead instantly burst out with cold sweat, and he jumped and rushed down the mountain, intending to escape!

But how could David almost let him escape?

Almost at the same time, David’s figure rushed out.

He stopped in front of Jue Yuan in an instant, and then looked at Jue Yuan with a murderous look!

Jue Yuan saw this and knew that he could not escape, so he turned back to Liu Xing and Tong Yougong and said: “Liu Gongzi, Tong Gongzi, please help me, who of you can save me, I am willing to be a cow and a horse for the rest of my life. ...”
