

# Chapter 4833

Georgina's words gave her eldest son great encouragement.

He was on the other end of the phone, and couldn't hide his excitement and said,

"Mom, if you say this, then I'm really relieved!"

Georgina snorted coldly and said, "I tell you, don't mess around outside in the future,"

"Especially don't mess with girls like this one of the Sun family, their level is too low!"

Her son asked quickly: "Mom, what do you mean by this level too low thing? I don't understand!"

She reprimanded: "I'll let you learn more English, learn English,"

"I've been here for more than 20 years, you can't even understand what level is, what a fcking waste!"

Her son laughed and said: "Mom, people say that Yin is prosperous and Yang is declining."

“You alone in our family hold most of the sky, so naturally you are the best...”

Georgina was complimented by her eldest son, and her mood eased a lot, and she asked,

“If I remember correctly when I came back to hometown to worship ancestors a few years ago,”

“I saw that girl from the Sun family. She didn’t seem to have graduated from junior high school,”

“So she is now working in the factory?”

“Yes.” Her son said casually: “She worked outside a few years ago, but she seemed to go home and talk about matchmaking afterward.”

“She didn’t get along with the few boys in the village,”

“So she said that she wanted to go out to work, and her father found me... “

Georgina snorted, and said, “In the future, we have to keep a distance from their family.”

“After the child is born, we will cut off contact with them.”

“If you are looking for a woman outside in the future, you should set your sights a little higher,”

“And at least find a young woman who has graduated from college! This will give you two more children!”

Her son said angrily: “Mom...college graduates are smart, how can they look down on someone like me...”

Georgina sneered disdainfully: “What about graduating from university?”

“How much money can you earn a month after graduating from university?”

“How many lifetimes can you struggle to drive a luxury car and live in a villa after graduating from university?”

“They are successful people, and they really have this great opportunity, and it is too late for them to be happy!”

Her son sneered twice: “But I’m a little old at this age,”

“How can a girl like an old man in his thirties like me.”

Georgina hummed and said: “Look at those female stars,”

“They can earn tens of millions or even hundreds of millions a year by themselves,”

“But there are still many of them who choose to marry a man older than their father, why?”

“Isn’t it because the old men are richer than them?”

She further said lightly: “Your mom has been here for so many years,”

“And I have long understood that no matter what shortcomings a man has, he can use the money to make up for it,”

“Whether he is old, ugly, short, or under-educated,”

“All these are not a problem at all if you have money, but only having no money is the problem.”

“Without money, what is the use of being handsome? Girls are dazzled by love at first,”

“And may even be willing to starve for a day or two.”

“But can’t get along like that for years, so after a year or two,”

“She will understand that it is useless to look good, and only money is the last word.”

Her son smiled: “I know Mom, when you come back, let’s join hands to run the yellow-faced woman away first,”

“And then look for a young and beautiful college student.”

“Yeah.” Georgina nodded and said, “Okay, I still have something to do,”

“I won’t talk anymore, about the \$50,000 thing, you can contact me privately to see if someone wants to exchange currency.”

“If so, I will be able to trade in a few days after I finish my work.”

Her son said excitedly: “Okay mom, I’ll contact you then!”

Georgina hung up the phone, and Jason, who was driving, said with a smile:

“Sister Mei, are you going to hug another grandson again? How many are there? Nine?”

Georgina gave a rare smile, nodded, and said, “Yes, nine.”
