

## The Charismatic Charlie Wade Chapter 4913-4918

### Chapter 4913

away the Elaine family, Jovie, the originally warm family of four, suddenly became a little silent.

Jovie's expression was a little grim, while the other three had a feeling that the performance was finally over and that they could finally rest and relax.

Jovie pulled her face back to the room, sat down on the sofa, raised her eyes to see Jase and Yosef, raised her hand and smashed a glass at the feet of the two of them, so that they both fell back in unison. Jump out of the way.

Immediately afterwards, Jovie scolded: "You two bastards, you f\*cking know how to drink and drink! No matter what the f\*ck, as long as you see wine, it's like seeing your father, and if you smell it, you will be taken away. Both souls have been hooked! Don't you two know what's the matter?! If you can't get rid of this stinking problem, just give it to me and go where it came from!"

She said, pointing to the three Hallie, who was about ten years old, scolded coldly: "And you! Just f\*cking know how to play with your mobile phone with your head down, what's the fun in a f\*cking broken mobile phone? Can you f\*cking pay for playing with your mobile phone? ?!" The

three of them were scolded by surprise, and the young Yosef explained nervously: "Aunt, don't we think that you and the man named Elaine are already talking about the same thing... Going out in person, the three of us have no other use except as a foil. It is better to talk less than to talk more safely..."

"F\*ck you!" Jovie said coldly: "It would be better if Elaine came by herself this time. The key point is that she also brought her daughter and son-in-law. What if they both see something?! Customers from Japan and South Korea can't wait now. There are no other mules available, if Elaine goes wrong again, and the top blames you, I can't spare you!" The

older Jase said quickly: "Sister, I think that Elaine was fooled by you. I'm stunned for a moment, this matter should be safe, and when the time comes, let Lao Xu work harder after meeting, and this will definitely happen."

Jovie said coldly: "I'm not worried about Elaine, I'm worried that her daughter and son-in-law will do bad things."

After speaking, Jovie added: "I always thought that this woman Elaine said she lived in Aurous Hill, Tangchen Yipin, Driving a Rolls-Royce is bragging, but when I saw her say this today, female

son and son-in-law have no expression at all, and it should be true with a high probability.

Jase said in surprise: "If you can afford a first-class Tomson and a Rolls-Royce in a place like Aurous Hill, it proves that Elaine's family background is not ordinary. Let's use her as a mule. will it be okay? "

“Something happened?” what happened? “Jovie snorted coldly and said, “The lease term for our house is almost up, and the three-thirds of an acre in Providence can be considered as letting us play through it. Just like those nomads, a piece of pasture can be replaced after eating it.” The next one will come back in ten or eight years. Besides, we are all using fake identities. Who can find us? “

“Yes! “Hallie, who has not spoken, said quickly: “And we are not the direct delivery person. The delivery is handled by Aunt . This is the firewall set up by Aunt for us. Even if something goes wrong, it will be Aunt first. Son. “

What’s more, Aunt’s family is all in the United States. If it really happened to her, she would definitely not dare to give us a point. Besides, except for first-degree murder, it is basically impossible to be sentenced to death for other crimes. If something really happened to her, she would be imprisoned for life at most. For the sake of her family, she would never give us up, or the above would definitely use her family as an example. “

#### **Chapter 4914**

Jovie nodded, her tone softened a little, and she said lightly, “It doesn’t matter if something happens to Lao Xu, she doesn’t know our true identity, and even if she investigates, it will be difficult to find us. Jase asked again: “Aunt , if that Elaine successfully brought the goods to Hong Kong Island, should we arrange for someone to tie her up again?” After all, her family is quite rich, so she can’t let it go in vain! “

Jovie sneered: “That’s natural, let her help us bring the inferior goods, it is only one million dollars if we succeed, if you tie her up, maybe you can knock out several million dollars!” But this has to wait until she successfully arrives on Hong Kong Island. If she is caught in New York, it will be useless. “

After that, Jovie stood up and said, “I’m going to the runaway team, and there’s an old man over there who came to visit relatives in the United States. He’s been flirting with me recently, and he’s going back in two days. Take it, get ready, go to the Chinese area of Seattle to inspect and inspect to see if there is a suitable big house, and if there is one, rent it. When I get this old man, we will move to the west

. Yosef hurriedly said: “Aunt , Seattle is a bit too far, right?” This is thousands of kilometers from east to west...”

Jovie said coldly: “What do you know, every time you change places, you have to go as far as possible! After Seattle is done, I will leave the United States temporarily, go to Toronto and Vancouver for a while, and will not return to the United States within this year. “

After that, she stared at Jase and Yosef, and said coldly, “If you two become so addicted to alcohol, I won’t take you in the future, you should go back to northern Myanmar!” The

two hurriedly assured: “Don’t worry, we will never be greedy for cups again...”

Jovie then glared at Hallie, who shivered in fright and said repeatedly, “Aunt , don’t worry.” , I will never play with my mobile phone again...”

Jovie saw that the three of them had made promises, her expression softened a little, and said coldly: “I’m leaving, you guys hurry up and clean up! At this time ,

Yosef suddenly received a message, opened it, and said quickly, "Aunt, last time the old lady Zhou's son's blood matching result came out. There is a patient in the United States who can match him." The buyer offered \$500,000, but he asked for the transplant to be done as soon as possible. How do you arrange it? "

"With it?" Jovie's eyes lit up, and she said in surprise: "You told him that if it is urgent, you have to pay 800,000 US dollars and pay a deposit of 400,000 US dollars first. Next week, you can go to Mexico for surgery, and the remaining 400,000 will be operated on. Let the family pay before the stage. Yosef hurriedly said: "Aunt, although the buyer's economic situation is not bad, the 800,000 US dollars may be a little difficult..."

Jovie scolded with contempt: "Damn, there are difficulties Just go find a way! What he wants is the heart, not the kidney! In order to save him, the old lady had to take someone else's life in, and \$800,000 was considered cheap for him! "

"And he wants so urgently. After the heart is removed, I'm not sure if other organs will be available in time. If he's not in a hurry, I can still look for a buyer for the liver and kidney, and we can do the surgery together. If you are in a hurry, then you have to give me damages, tell him, at this price, whether you like it or not!" With that, Jovie waved her

hand and said coldly, "Call him now!"

Chapter 4915

Hearing Jovie's order, Yosef nodded quickly, took out his mobile phone, and found a contact named "Customer 15". Called the other party.

A weak voice came from the other end of the phone, and he opened his mouth and asked, "Hello, have you found a suitable match for me?"

Yosef snorted and said lightly: "The match has been found, and the other party is a forty A middle-aged person around the age of 20 years old, strong and strong, after a successful transplant, you will be guaranteed to have no problem for 20 to 30 years. If you want to transplant as soon as possible, you can go to Mexico for surgery next week for \$800,000.

"Hearing this, he immediately said, "Didn't you agree on \$500,000?"

Yosef said disdainfully, "The \$500,000 is the price of carpooling, it's the price of a private car. It will take another month or two."

"This..." The other party became anxious and blurted out: "But I... I can't wait that long..."

That's your problem." Yosef said coldly: "Anyway, I've made it clear to you, you can decide whether to do it or not. Anyway, you are not the only one in the queue, you can think about it slowly, and I will give the next one." Call the people in line." When the

other party heard this, he panicked and said quickly, "Don't, I'll try to find a way to collect the money next week..."

Yosef snorted and said : "Tomorrow, you will prepare 400,000 yuan first. When the money arrives, I will arrange an operation time for you."

After that, he hung up the phone directly.

After hanging up, he immediately said to Jovie, "Aunt Mei, the client agreed."

"Okay."

As soon as the call was made, Jovie smiled and said to the other party, "Sister , you asked me to inquire, and now I have a reply..."

"Yes, the medical examination results are also out. Your son's results show that he Very healthy, no problem..."

"Adopt, you don't have to worry about this, isn't it still me!"

"I have already greeted my friend here, let him go in and ask the senior seaman Start doing..."

"Oh, no thanks, no thanks, why are you being polite to me? Really..."

"The salary... I heard it's monthly.

Starting from 5,000 US dollars, including various subsidies, you can get 6,000 US dollars..."

"Yes... you didn't listen. Wrong, it's six thousand dollars... It's a lot of money, but it's also hard work. I went out for ten or eight months without being home. Once the ship arrived at sea, I lost contact with my family. Suffering. "

Well, just don't be afraid of hard work. Their company will have a ship leaving the port next week. If there is no problem with your son, you can board the ship next week." "

"I will board the ship from Mexico next week. You wait for me for two days. I will give you an address. Then you can let him go directly to Mexico to report!" "

"Oh, I really don't need to thank me. We are all fellow villagers, and we should help. Just wait for my news!" After hanging up the

phone, Jovie wiped a cruel smile on the corner of her mouth.

This old lady Zhou, she met at a restaurant in Providence. The old lady is quite old and cleans in the restaurant. She chatted a few times and learned that her son had been unemployed for more than a year and had not found a suitable job, so Jovie made up his mind.

## Chapter 4916

Once she encountered such difficulties in life and wanted to find a job to support her family People, she will use the high-paid crew as bait to coax the other party to Mexico, then murder the target in Mexico, and then resell the organs.

Moreover, she specially designed a chain plan, first inform the other party that she has this channel to help introduce, After attracting the other party with a high salary, he also pretended to ask a friend to do a free medical examination for the other party, and even made up a pretext, saying that the medical examination report must be presented when boarding the ship

. I didn't do it, so I did a comprehensive physical examination in the United States. During the

physical examination, these devils have already begun to look for matching patients in North America who need organs. Once the matching is successful, they will start negotiating prices. After negotiating, immediately coax the target to Mexico.

The reason why Mexico was chosen is because the law and order in Mexico is chaotic, there are many gangs, and there are many areas that the police can't reach. Whether it is murder, surgery, or dealing with corpses, it is much easier than the United States and Canada.

Moreover, after a person disappears from Mexico, family members generally do not notice anything unusual, because they will let the other party tell the family that they are about to board the ship, and they will not be able to contact them for the next few months.

After waiting for a year and a half, or even longer, the family members have not been able to wait for news and awareness

, this person is no longer possible to find.

In this way, enough time can be left for Jovie and others.

And a person like Jovie, as long as it's money, no matter how dark or dirty she is, she doesn't care.

In addition to this kind of thing, she also specially selected compatriots who came to visit relatives in the United States, and used a serial scheme to induce them to become mules for transporting prohibited items

If you are caught in the United States, you will basically be imprisoned for life. If you are caught in the country, you will basically die.

If he succeeded by luck, the other party would have nothing in return at all, and he would not even know that he had walked before the gate of hell.

And when Jovie achieves her desired goal in one place, she will start over in another place and with a different identity. Therefore, those who have helped her bring goods but are kept in the dark and want

to continue to maintain friendship with Jovie , you will suddenly find that this person suddenly disappears from the world after a certain day, and can no longer find any news related to her.

Using this kind of deception, Jovie has obtained huge returns for herself, and at the same time sent many innocent people to prison, and even sent them to the guillotine.

But she doesn't care about the fate and life and death of these people at all. For her, money is the only thing worth paying attention to. Everything else can make way for money.

The reason why Jovie likes to coax these amateurs to help is not only that these amateurs only spend their feelings, not money, but more importantly, because these amateurs don't know anything, their whole person's state will be extremely natural, so they are in When facing the customs officers and security personnel, they will not show the slightest tension and unnaturalness at all.

Even a person who has undergone professional training cannot achieve the natural state when an amateur is completely in the dark.

Therefore, such an amateur will have a much higher success rate in customs clearance.

Moreover, by creating a successful person, a close eldest sister, and a helpful person, Jovie can easily make the target person like Elaine become friends with her. She always feels that such a successful woman can become friends with her in the future. Surely there are only advantages and no disadvantages.

As everyone knows, it is this kind of mentality that makes Jovie's success rate in pulling people into the water surprisingly high.

Anyone who can get to know Jovie well will basically fall into the trap she carefully prepared.

And right now, Jovie's number one prey is Elaine!

#### **Chapter 4917**

deeper After the family of three returned to the hotel, Elaine received the business card information pushed by Jovie.

The other party's nickname is "Grateful Heart". Judging from the head portrait, it is probably a woman in her 40s who is very well maintained.

Moreover, the photo of the head portrait was taken on a very luxurious private jet.

After all, Elaine is also a person who has taken a private jet. The luxurious trip to the United States is unforgettable for her.

Therefore, when she saw the head of this woman, she instinctively thought that this woman must be very powerful.

So, she silently went back to her room, added the other party's friend, and wrote "Hello, I'm Sister Jovie's friend."

After the message was sent, the other party quickly approved her friend application. Then the other party sent her a smile, followed by a voice message: "Hello, are you Elaine?"

Elaine quickly replied: "It's me, Sister Jovie should have already told you. Right? I just happened to fly from New York to Hong Kong Island this Sunday, and then transfer back to the mainland." The

other party replied, "Oh, that's great, then we should all be on the same flight. By the way, are you first class or economy? Cabin?"

Elaine hurriedly said: "My son-in-law bought me a first-class cabin." The

other party smiled and said: "That's good, I also bought a first-class cabin, and then we can check in together after we meet at the airport. Choose a seat closer."

"Okay, okay." Elaine agreed with a smile, and then asked, "I don't know what your name is?" The

other party replied, and my name is Stella."

Elaine smiled . He said, "Oh, this name is not common!"

The other party smiled and said, "It's alright, one of my cousins is in the beverage business. He is very famous in China. You should have heard of him." After

that, the other party sent a character encyclopedia. Elaine clicked in to take a look. Not scared at all!

On the Encyclopedia, the rich man surnamed Zong is a famous beverage king, with a family asset of more than 100 billion, and it is still US dollars!

Elaine was overwhelmed with turbulent waves, and couldn't help but ask: "OMG is this boss Zong your relative?"

"Yes." The woman who claimed to be Stella said very modestly: "But we are both Distant relatives are not so close, and our family's business is not as big as others do. People

The family assets of my family have already exceeded 100 billion US dollars. Our family is only a few billion US dollars, not even a fraction of other people's. It's too far, compared with others, it's really a difference between clouds and mud, and it's not worth mentioning. "

Speaking, the other party said: "If you didn't mention that my surname is very rare, I would not tell you about this relationship, after all, it is a distant relative, and I always talk about it with others, and it seems that I am a person." Some foxes are fake. "

Hearing the other party's words, Elaine's heart was full of admiration for this woman named Stella.

In her opinion, some people's modesty is false modesty and true pride, while some people's modesty is He is really humble and not proud, and Stella is the latter. Even though he is

worth billions of dollars, he still speaks of himself as worthless. This kind of humility is unheard of.

Elaine can't help but sigh: "The gap between this person and the other person is indeed huge! I was crazy about carrying a basic Hermès and taking a private jet drawn by a lottery. I didn't expect that people's worth of billions of dollars would be so low-key.

### **Chapter 4918**

While sighing, Elaine suddenly remembered something, and thought to herself, "She's already so rich, why doesn't she take a private jet?" Thinking of

this, Elaine was going to ask a question.

It wasn't because she had doubts about Stella's identity, but because she felt that if the other party really had a private jet, or could afford a private jet, how could she be? Wouldn't it be possible to take a stab at it again?

Just when Elaine was about to ask, the other party sent another message, Elaine hurriedly clicked to play, and the other party said in his voice: "Oh, since you are Sister Jovie's friend, you should have sat at my house with me. This will save you the trouble. Anyway, for me, it is the same for me to pull one or two private jets, but this time period is really unfortunate, because my plane has reached the regular maintenance level. The flight time is long, and it has now been flown to Georgia for maintenance, and their Gulfstream company has a backlog of planes recently, so they will not be able to return for a while." When

Elaine heard this, he was slightly disappointed, but at the same time she felt that others Sure enough, they are strong and have their own private jets, which is something ordinary people can do.

Thinking of the other party's mention of Gulfstream, she smiled and said, "Oh, your family's private jet is also a Gulfstream? When I came to the United States this time, I booked a Gulfstream G650 from Aurous Hill. The plane is really good and flies fast. It is stable, and the environment inside is also first-class!"

I still have something to do right now, the person in charge of Citibank New York branch is visiting at home, I have to entertain you, and we will talk when you arrive in New York!"

Elaine admired her even more when she heard it.

Citibank Elaine still knows, which itself is a multinational bank headquartered in New York.

More importantly, Elaine once suffered a big loss in Citibank. When he heard Citibank, he felt cold in his back and sore in his right leg.

So, she quickly said, "It's alright, you'll be busy first, and I'll contact you when I get to New York!"

After saying this, the other party gave Elaine a handshake expression, and then she didn't send any more messages.

Elaine didn't say anything, but quickly clicked on the other party's Moments and scrolled down a little bit.

It doesn't matter if you look at it, for Elaine, it's like a knife pulling his butt and opening his eyes!

This woman's circle of friends is almost full of all kinds of tours, eating, drinking, and having fun.

Some were shot on private jets, some were shot on luxury yachts, and I always like to ride horses, play golf, and run around the world.

She even went to the North and South Poles on a scientific research ship!

Elaine looked at the colorful life of the other party, and sighed inwardly: "Damn, it's the same life, how can people live so unrestrainedly, but I have to spend most of my f\*cking life with that useless Jacob, the most beautiful life in life. Time is all gone..."

When he sighed, Elaine didn't realize that he had fallen deeper and deeper into this scam.

Moreover, she didn't notice that although there are many pictures of this woman's circle of friends, not many really show her face.

Moreover, many of the pictures of scenic spots and scenic spots around the world that she posted were actually found on the Internet.

As long as Elaine takes a little thought, downloads all these landscape pictures to his mobile phone, and then uses a picture search engine to search, he can find the real origin of these pictures.

It's a pity that although Elaine is not a good person, her understanding of the world is relatively simple, and her understanding of mobile phones, the Internet, and social software is too superficial, and she does not have basic dialectical skills.

And the more such a person is, the easier it is to be targeted by people with bad intentions!
