

Charismatic Charlie Wade Chapter 4931-4936

Chapter 4931

The security screening process for checked baggage at the airport is not the same as the security screening process for carry-on baggage.

The carry-on luggage is carried by the guest through the security check, while the checked luggage is sent to a special place for security check through the conveyor belt after the check-in and check-in procedures are completed.

At this time, Elaine had no idea what was going to happen next.

After she checked both suitcases, she took her boarding pass and swaggered to the security checkpoint.

And the woman who was watching her nearby, after seeing her checked in and her suitcase being sent away by the conveyor belt, was relieved and immediately stood up and walked out of the airport.

Elaine carried her Hermes, leisurely came to the VIP security check channel, and immediately enjoyed the warm service of the staff after showing the first-class boarding pass.

While others were still queuing up for the security check, Elaine quickly completed the security check, and then found a nearby first-class lounge to rest.

At the same time, the two suitcases she checked in were queuing up to pass through the security check machines at the airport one by one.

During this process, if no abnormality is found, the flight to which the passenger is taken will be released directly. Once any abnormality is found in the luggage, the border inspection personnel of the customs will immediately open the luggage for inspection.

Generally speaking, the contraband that has been carefully hidden are basically well concealed. In addition, the risk of leaving the country is far less than that of entering the country, so this link will be relatively relaxed, and criminals at least have With a 50% chance of winning, you can successfully pass the exit security check.

However, the entry security check after landing will be much stricter, because many countries and regions have strict entry standards, and some countries do not even allow any fresh fruit to be brought in, even if the fruit that passengers bring on the plane is not finished when they land, If there is one apple left, if it is found by the border inspection, it will also be punished heavily.

Therefore, the biggest test is actually in the entry link.

In this link, the odds of winning will plummet to only about 30%.

Combined with the 50% in the first stage, the overall pass rate is actually around 15%.

It is precisely because the success rate is very low that the price of this new type of contraband in East Asia is surprisingly high. The price per gram is as high as more than 2,000 US dollars. It is an exclusive product for the super rich.

As long as Elaine can successfully land on Hong Kong Island this time and pass the border inspection, the contraband she is carrying will be worth more than ten million US dollars.

At this time, Elaine was sitting in the luxurious first-class lounge, drinking coffee while taking pictures and posting a circle of friends.

Her accompanying text reads: "I'm ready to leave for my home country, but I still feel a little bit reluctant. My friend's private jet is being maintained by Gulfstream

. In the circle of friends, she did not forget to specifically block Charlie, Claire and Jacob.

After posting on the Moments, she leisurely sent a video call to Claire.

At this time, Charlie and Claire had already driven out of New York and started to return to Providence.

Claire, who was sitting in the co-pilot, connected to the video sent by his mother, and asked, "Mom, have you boarded the plane?"

"Not yet." Elaine said with a smile: "It is estimated that boarding will take place. Wait a moment, I'm in the first-class lounge!"

Claire reminded: "Then you must pay attention to the time, don't affect the boarding, the boarding will start half an hour before the departure time, go early to save the late. Hurry up and rush on your way."

Elaine said disdainfully: "Cut, what are you afraid of, I'm a distinguished first-class passenger. If I didn't board the plane, he wouldn't dare to take off if I gave him the courage. Besides, they will definitely call my name on the radio. Remind me to board the plane, and it's not too late to leave at that time."

Claire said helplessly: "Mom, it can be solved in an orderly manner ten or twenty minutes in advance, so why bother others?"

Chapter 4932

" she hummed and said: "Silly girl, we spent this amount of money on the plane ticket, do you know? Otherwise, why is our plane ticket several times more expensive than others? It's all right to cause him trouble."

Claire only felt a big head.

Sometimes, she feels that she and her mother are people from two different worlds, and she can't find the same communication frequency at all.

Moreover, she also knew that her mother had a very right mind. Once her decision maker came up with a certain plan, no one else could say anything to change her decision.

So Claire didn't say more, just reminded: "Then you must tell me before the plane takes off, I can rest assured."

Elaine said with a smile: "Okay, I know. Now, you don't have to worry about it, tell my good son-in-law, you must pay attention to safety when driving, I will hang up first."

After speaking, Elaine directly hung up the video.

After the video hung up, Elaine immediately went to check the Moments she just posted, which made her angry again.

Like the circle of friends posted on the private jet last time, no one liked her at all.

Elaine couldn't help scolding and muttering: "These people just can't see that others are doing better than him! It's boring, really boring!"

As he was talking, someone in the circle of friends suddenly gave a like. Didn't piss her off.

Because the person who likes it is souna again.

With so many WeChat friends, souna's likes are the least valuable in Elaine's eyes.

While depressed, souna suddenly sent a video call, and Elaine couldn't help but have a big head. At this moment, she even wanted to hang up the video directly.

However, she quickly thought about it: "Anyway, if you don't pretend to be unhappy about this today, it's the same as whoever pretends."

So, she pressed the answer button, looked at souna at the other end of the video, and said with a smirk, "Oh souna, what are you doing?"

souna hurriedly said, "Sister Elaine, I just got up. Ah, didn't I see that you are going back to China in your circle of friends? So I sent you a video to greet you."

Elaine asked in surprise: "It's almost night, you just woke up?"

souna hurriedly said: "Oh, Sister Elaine, you are really a noble person who forgets things a lot. You forgot that we are jet lag. It's still morning here!"

Elaine realized, nodded and murmured: "How can I forgot about this... No wonder no one in the circle of friends gave me a thumbs up, everyone must be sleeping..."

souna said with a flattering smile: "Sister Elaine, when are you? When will it arrive here?"

Elaine said proudly: "The plane will take off in about an hour, but I won't go back to Aurous Hill."

"Ah?" souna couldn't hide her disappointment and asked her: "Where are you going if you don't go back to Aurous Hill?"

Elaine said very proudly: "The air ticket charlie booked for me happened to be a first-class flight to Hong Kong Island, so I went to Hong Kong Island to play for a few days, just right, I have a good sister. , she has been inviting me to Hong Kong Island to stay at her villa in Shi Xundao for a few days, and it is really hard to resist."

souna said enviously: "Oh my mother, Sister Elaine! It has to be you! Who is it? We all know you! You are a good sister, you are the one who said in your circle of friends, that friend who has a private jet, right?"

"Yes." He said: "They are really powerful, they are worth billions of dollars. I heard that they are distant relatives with our domestic beverage king!" After speaking

, Elaine was already a little complacent and couldn't help showing off: "Hey, Do you know how rich my friend is, they bought three Raelfas in one go and said they will give me one when the time comes!"

Chapter 4933

"Reel Law?" souna asked in confusion: "What is Reel Law?"

Elaine blurted out: "It's the Lexus Bread King, you know, the most expensive van in the world! The domestic price is more than three million!"

souna was dumbfounded: "More than three million yuan to buy a van?! If this is all used to buy Wuling Hongguang, it will take longer than a train to pull coal. If you spend so much money on that thing, is it a lot of money?" A little question?"

"You know shit." Elaine curled his lips and said contemptuously: "You are a typical poor man's thinking, you can't understand why the rich spend hundreds of millions of dollars to buy a private jet, so you certainly can't understand why they spend more than three million to buy one. Van, the world of the rich is just eight words, not the best, but the most expensive!"

After a pause, Elaine said again: "Besides, what is a car worth three million yuan to others? People's worth of billions of dollars are deposited in the bank, and the interest per day is more than this amount!"

"It's amazing..." souna couldn't help but ask: "Sister Elaine, how can you know such a rich friend? He is worth billions of dollars, that's not equal to tens of billions of RMB!"

Elaine said with a smile: "It's a friend I met in the United States. There are many Chinese and overseas Chinese here in the United States, so I met a few friends who are more speculative."

souna couldn't help but sigh: "Oh! You can only see the world after you have to go out the door. Sister Elaine, you go to the United States and you can meet such rich people. The eyes and connections of the upper class are opened at once! "

"That's it!" Elaine said proudly: "If you don't say that people go to high places and water flows to low places, I will really go out and see the world more in the future."

souna complimented: "Sister Elaine is right! The gap between us is getting bigger and bigger by you..."

Sorry! You are Blocked from seeing the Ads

With that said, souna changed the subject and quickly asked: "Oh, that's right, Sister Elaine, when you come back, can you take me to Chow Tai Fook if you have time? You promise me when you bought Bulgari. Buy me a Chow Tai Fook to wear..."

Elaine smiled contemptuously, and she knew that souna must mention this.

she even knew that souna sent himself a video, but in fact it was only for this purpose.

So she said casually: "Oh, don't worry, what I promised you will be done."

For Elaine, as long as he leaves the United States and sells the dream of the goddess that charlie gave him, it will cost at least 300,000 to 400,000 yuan. Isn't it more than enough to buy a Chow Tai Fook necklace for souna?

Thinking of this, she suddenly realized that she didn't even need to wait until she returned to Aurous Hill to sell it. She could sell it immediately after arriving on Hong Kong Island.

After she made up her mind, she said to souna very aggressively: "Well, Souna, you don't have to wait for me to go back to Aurous Hill and let me show you. I'm going to Hong Kong Island this time, directly at Chow Tai Fook on Hong Kong Island. Just buy one for you and take it home."

When souna heard this, she immediately said excitedly: "Really?! That's really great! Thank you so much, Sister Elaine!"

Elaine hummed and said, "Okay, I'll hang up if I have nothing else, rest for a while, and board the plane right away."

souna hung up the video thankfully, Elaine locked her phone, and sneered: "souna, souna, a Chow Tai Fook has made you think about it for so long, you are really worthless!"

While muttering, several American police officers with different skin tones and loaded guns suddenly rushed into the VIP lounge.

One of the Chinese female police officers looked around the lounge for a week, and immediately locked Elaine, then walked quickly to her, and asked coldly, "Are you Elaine?"

Elaine was a little surprised by the sudden police presence.

She looked at the policewoman with a surprised look on her face and asked, "It's me, what's wrong?"

Chapter 4934

The policewoman continued to ask, "I'll check your personal information with you. You are Elaine from Aurous Hill, China. This time you're taking Cathay Pacific flight cx845 from New York to Hong Kong Island, right?"

"Yeah..." Elaine was even more puzzled, and asked inexplicably, "Is there any problem with my flight?"

The policewoman said coldly: "There is no problem with the flight, but there is a problem with your luggage! Please come with us and assist in the investigation."

Elaine hurriedly said: "What can be wrong with my luggage? In addition to personal clothes, there are some local products from New York, and I didn't put anything like lithium batteries in it..."

The policewoman snorted coldly: "Don't make useless quibbles. There are other passengers here. In order not to affect the flight of others, please take the initiative to come with me."

As she spoke, she took out the handcuffs from her waist and warned: "Listen carefully to what I say, you have the right to remain silent, otherwise everything you say may be used as evidence against you, and you have the right to ask a lawyer to testify against you. Show up at your trial, and if you can't afford it, we'll assign one to you, do you understand these rights?"

Elaine immediately panicked and blurted out, shouting: "What are you doing! I am a distinguished first-class passenger! Who gave you the courage to come here to arrest me? Besides, what law did I commit?!"

The policewoman said coldly: "Elaine, as a Chinese, I kindly warn you that this is the United States! Don't try any form of resistance here, or you will definitely suffer!"

Elaine said angrily: "Don't Mess me with this, the old lady sits upright and walks right! Wherever you go, you are not afraid of the police, let alone the United States, what if it is the United Nations?! Wrinkle one The frowning old lady is not called Elaine!"

The policewoman was obviously losing her patience. She took out her handcuffs and said sharply: "Elaine! I now ask you to turn around and put your hands behind your back. You must not resist or run away, otherwise my colleagues may Use equipment on you, including but not limited to Taser guns, you'd better cooperate!"

Seeing that many people were watching, Elaine suddenly felt that her face as a first-class distinguished guest was instantly lost.

The anger went crazy all of a sudden, causing her to pinched her waist and yelled: "I tell you, don't do this useless thing with the old lady! The old lady spent so much money on the first-class ticket, not for the birds of your gang of American police. Annoyed! The old lady is about to board the plane and return to China, so stay away from the sensible ones, and don't delay the old lady's itinerary!"

Seeing Elaine's stubbornness, the policewoman shook her head helplessly, and said to the two white male policemen beside her, "Take her away!"

The two policemen listened to Elaine's call for a long time. Although they didn't know what she was talking about, they could see that her attitude was very arrogant, and they had been secretly preparing to start.

Now that the policewoman said this, she knew that she had given up communication, so the two rushed forward immediately, one of them grabbed Elaine, and one hugged and threw Elaine on the wool carpet in the first-class lounge. Elaine dropped a dog and gnawed shit.

Another policeman rushed forward, grabbed Elaine's hair with one hand and pulled it back with force. Elaine screamed in pain, but he didn't care at all. ground.

Another of his colleagues immediately forced Elaine's hands behind his back, and then handcuffed Elaine's hands tightly.

Elaine screamed in pain, shouting hoarsely: "Killing! The American police are killing! Come on, help!"

The white policeman who was holding down Elaine with one knee, blurted out angrily: "Hey! You shut the f*ck up!"

Elaine is someone who has gone to college anyway. He could hear that the white policeman was scolding him and shut himself up, and he was immediately angry!

She gritted her teeth and scolded: "You let me shut up, I grit your teeth and I can bear you, but you still f*cking f*ck and f*ck with me?! Who are you with? It's against you! Listen to my mother! i'#039; my mother! how dare you! Clean your mouth and I'll tell you!"

Chapter 4935

Although the white policeman could not understand Chinese, he could still understand the English mixed in Elaine's Chinese and English.

She didn't expect that Elaine actually said that she was her mother, and immediately became angry with anger, and immediately deliberately increased a bit of strength on her knees, pressing hard on Elaine.

Elaine only felt a sharp pain in her body, she could hardly breathe because of the pressure, and then she heard a click, a sharper pain hit, and a rib was broken by the policeman!

At this moment, Elaine burst into cold sweat in pain, crying and shouting: "My rib is broken! My rib is broken! Help, I'm dying of pain..." As she spoke, she looked towards The policewoman blurted out: "Hurry up and stop, or I'll be crushed to death by him! Is this how you treat first-class passengers?!" The policewoman said coldly, "I'm a not drug dealer like you.

It's the first time I've met, do you think that buying a first-class ticket is equivalent to having judicial immunity?!

Elaine was stunned and asked her: "What... what drug dealer?!" Female The policeman sneered: "Still acting stupid here, our customs officers found more than 180 ounces of new synthetic contraband, equivalent to more than 5,000 grams in one of your checked suitcases, do you know these High-level contraband, enough for you to go to jail in the United States to die?!" "What?!"

Elaine was frightened for a moment, and blurted out: "This...how is this possible? I am a law-abiding citizen. How can there be contraband in my suitcase? I have never seen that kind of thing! I don't even know what that kind of thing looks like!" After speaking, she suddenly thought of Stella, her brain buzzing. It exploded at once.

This time, she finally woke up from her big dream and clearly realized what kind of trap she had fallen into.

So, she blurted out in dismay: "I... I was wronged! I was framed and used! It was that bastard named Stella who lied to me, you must investigate it to the end. , Give me my innocence!" At this moment, Elaine realized what a shocking scam he had fallen into.

She knew that her luggage was packed by herself, and she couldn't know what was in it, and she had never opened it during the whole process, so it was absolutely impossible to have any contraband.

Sorry! You are Blocked from seeing the Ads

Since the police said that contraband was found in one of the two suitcases he checked in, it must be the suitcase that Stella asked him to help bring back to Hong Kong Island! Thinking of this, Elaine suddenly realized that Stella is not a successful female entrepreneur at all, nor is she a distant relative of a beverage king, she is a complete liar! She worked so hard to deceive herself and help her bring contraband out of the country! Moreover, the police have already said that more than 5,000 grams of contraband were found in that suitcase. There is no doubt that if it was in China, it would be enough to sentence him to death.

She was extremely regretful and frightened, crying and saying to the female police officer, "Comrade American police... I was really deceived, a woman named Stella, who asked me to carry my suitcase. Take it to Hong Kong Island, I have absolutely no idea what's in this suitcase, I'm innocent! You can definitely decide for me!" The policewoman sneered and said, "What did the other party promise you? How much does it cost you to help others carry luggage across borders?"

Elaine hurriedly said: "I don't want a penny, it's just for helping friends..." When he said this, Elaine was actually very guilty.

She knew very well in her heart that the reason why she agreed to Stella's help with luggage was simply because Stella said that she would send her a Lexus LM300 when she came back, and she would take her for a few days on Hong Kong Island.

However, Elaine felt that these were all verbal promises anyway, and that he had not received a penny from the woman, so it was impossible for the police to find evidence.

Chapter 4936

The female police officer glanced at Elaine with a little pity, and then, together with her colleagues, took Elaine to their police station next to the airport terminal.

Because Elaine was willing to break a rib, she was crying and screaming all the way, hoping to get treatment first, but the policewoman said: "It's just a broken rib, there is no need to go to the hospital, our health care doctor will come to you in a while. Just do a simple fix, and then take some oral anti-inflammatory drugs.

" Elaine cried and said: "You are too lacking in humanitarianism?! I want to complain to you! Oh no! I want to sue you. , I'm going to file a lawsuit with you, if you don't pay me 10 to 20 million dollars, I will never finish this matter with you!" After speaking, Elaine remembered something, and deliberately said loudly:

"A few years ago, there was a Vietnamese The American was forcibly expelled on your plane, and it is said on the Internet that he finally lost 140 million US dollars!" The policewoman said lightly: "First of all, the incident you mentioned was a dispute between the airline and the passengers. And what you are experiencing now is the criminal case of US police arresting transnational drug traffickers.

Given your arrest and intention to resist, law enforcement officers have the right to use force to arrest you;" "Secondly, we have law enforcement recorders throughout our law enforcement. Filming, if you have any objection to our law enforcement, you can ask your lawyer, trust your lawyer, they will answer you at that time.

" Elaine saw that her ribs were broken, and she couldn't scare the policewoman , realized that this must be very serious.

Sorry! You are Blocked from seeing the Ads

So her tone softened all of a sudden, and she choked and asked, "Comrade police... I'm really innocent... How can you prove my innocence?" The other party said indifferently: "This matter, if you want to prove your innocence, the only way is to arrest the other party, and the other party must admit that you don't know, so as to prove your innocence.

Otherwise, there is no way to prove your innocence. Your innocence, after all these contraband items were found in your checked luggage, if you can't prove your ignorance, then you can't clear your suspicions!" Elaine panicked and quickly said, "I have a chat with her. Records, she has been playing around with me all the time, chat records can prove my innocence!"

The policewoman shook her head: "If you can unilaterally prove your innocence based on chat records, then this matter is too much. It's simple. In the future, all drug dealers will concoct a chat record, and then swag over to take a plane. If they succeed, they will make a lot of money.

If they fail, they will take out the chat record and say that they are innocent. You don't have to take the risk anymore?

Sorry! You are Blocked from seeing the Ads

Do you think there are so many loopholes in the law for you to drill?" When Elaine heard this, he said eagerly: "Then why are you still standing here? Hurry up and catch that sect.

Stella!!! She just left the airport not long ago, and she can't run out of New York for a while! As long as she is caught and interrogated strictly, I will be able to prove my innocence!" The policewoman said coldly: "We don't need you to direct how the police handle the case. Now we have to give you a complete statement. If you have a lawyer, we can help you notify the lawyer. If you don't have one, we will assign one to you, yourself. Choose.

" Elaine blurted out: "I want to call my family, I want to call my daughter and son-in-law!"
