

Charismatic Charlie Wade Chapter 4943-4948

Chapter 4943

The sub-commander looked out the door at this time, and when he saw Maybach, he stopped at the door, and immediately stood up straight. Coming? Or maybe the congressman is here. Guys, get your clothes sorted, and as soon as the big man arrives, maybe the media reporters will be there too!" The

crowd suddenly became excited, and one of them said quickly, "Quick, quick, quick. Clean up the pizza and fried chicken nuggets on the table, don't let the media take pictures!"

The people inside were busy with excitement, and the co-pilot of the Maybach outside also got off at this time, a young man in a suit, after getting out of the car, he hurriedly walked towards the rear, pull the rear door open.

Immediately afterwards, a middle-aged man with gray hair, a tall and straight body, and a grim face stepped out of the car.

When everyone in the police station saw him, they were dumbfounded.

One of them said terribly, "Holy????shit! It's Mad Dog White!"

When everyone recognized the famous Mad Dog White, everyone suddenly became nervous.

The head of the branch immediately frowned and said, "What is this son of a b*tch Mad Dog White doing here?!"

"Yeah..." Jimmy Wayne was also a little puzzled, and couldn't help but say, "This bastard is only for the richest one. Helping people, why did they come to us?"

The policeman who persuaded Jimmy Wayne to restrain himself in the future frowned and said, "Jimmy, Mad Dog White, isn't that the lawyer hired by the Chinese woman inside?"

Sorry! You are Blocked from seeing the Ads

Jimmy Wynn said. Wayne said contemptuously: "Just her? Can you hire Mad Dog White?! Someone who can hire Mad Dog White, at least ranks in the top 100 among the richest people in New York, what does it mean to be in the top 100 in New York? No 100. The worth of more than 100 million US dollars, don't even think about it! The stupid woman inside is also worthy of hiring Mad Dog White?"

Just after he finished speaking, the young man in a suit outside had pushed open the door of the police station.

The powerful James White stepped in, adjusted his tie with one hand, and said coldly, "Which one of you is in charge? I want to see my client, Ms. Elaine."

As soon as these words came out, All the police at the scene took a deep breath!

Jimmy Wayne was dumbfounded. He never dreamed that the mad dog White, who had been on the line with the New York police countless times by himself, and who had beaten the New York police so helplessly, was really Elaine's. The attorney...

At this moment, he was so frightened that his body was soaked in cold sweat, and his legs were almost paralyzed.

Mad Dog White's fame, everyone in the New York police knows that he broke Elaine's rib by himself. Once it falls into Mad Dog White's hands, his future may be over!

Even if it doesn't work well, you may face jail time!

The sub-director was also stunned at this time. He had already listened to the report of his subordinates before he came. The person who was arrested this time was just a Chinese tourist who went to the United States. He entered the United States on a tourist visa about a week ago. Such a person, how could it be possible to invite Mad Dog White?

However, he was not allowed to think too much, because the mad dog White was extremely aggressive, not to mention a little shrimp like him, even the chief of the New York City Police Department has always been passive in front of him.

So, the sub-director immediately stepped forward and said: "I am the person in charge here, let me introduce myself, my name is..."

Before the sub-director could say his name, James White said coldly: "I don't need to know your name, I just need to see my client, right away!"

"Okay, okay..." The sub-director nodded quickly and said to his subordinates, "Quick, take lawyer White to see the suspect!"

The subordinate did not dare to delay, and immediately said, "Mr. White, please come here."

James White walked to the interrogation room with his assistant.

Chapter 4944

As soon as the police opened the door, James White immediately said to the two police officers in charge of the interrogation: "Two, the interrogation is over. From now on, I want to communicate with my client privately, please avoid it." The two police officers in charge of the interrogation recognized James White at once. The two

were too shocked to speak. The colleague who opened the door quickly said, "Come out quickly and let Mr. White talk to his client in private."

Then he nodded quickly, picked up the transcript and ran out the door.

James White said to the policeman next to him: "My client doesn't understand American law, plus she doesn't speak the language, and she hasn't seen her lawyer, so if your transcript has any threatening or

inducing elements, it's better to invalidate it. Don't let me catch anything, otherwise, I will definitely challenge it in court!"

Several people suddenly felt a little stressed.

To all the police, James White is like the most critical marking teacher behind an exam. Sometimes you think you have answered flawlessly, but in his hands, you can still find some small problems and then deny them. all your efforts.

Therefore, several people were also very nervous at this time, especially Elaine also broke a rib. When James White came, he immediately made this matter extremely passive.

Elaine also vaguely heard that this hard-spoken man should be the lawyer that his good son-in-law found for him. He suddenly felt that he had met a savior, so he cried out excitedly, and said loudly: "Help, lawyer, police officer. HE BEAT ME and broke my ribs!" When the

two Chinese police officers heard this, they immediately broke out in a cold sweat.

In order to cater to a top Chinese family like the Fei family, James White has long learned fluent Chinese.

So when he heard this, his expression immediately became extremely angry, and he roared coldly: "You hurt my client, which itself is a serious violation of the law and the police's law enforcement regulations, but even so, you guys didn't send my client to the doctor in time, and instead continued to harshly interrogate my severely injured client here. This is simply inhumane! I want to check your law enforcement recorder at the time, and immediately report to your The superior unit will sue!"

All the police officers at the scene panicked.

The fact that the suspect was injured was not easy to explain. After all, Elaine did not attack the police, nor did he make huge profits to resist the law. Jimmy Wayne had already subdued her at that time, but he deliberately crushed her ribs after subduing her. This is obviously subjective and intentional. No matter how you wash it, you can't wash it clean.

Jimmy Wayne was outside the door at this time, and he was trembling with panic when he heard James White's high-pitched questioning inside.

The little policeman has a serious disparity in the status of the big lawyer, not to mention that he himself has made mistakes first.

At this time, he was completely indifferent and didn't know what to do.

The sub-director did not dare to make a big deal of the matter at this time, and hurriedly said: "Mr. White, this lady was injured mainly because of some friction in the process of law enforcement, and our people checked her injury and thought that there was nothing serious. , just need to take some medicine later..."

James White asked coldly: "Any of you have the qualifications to practice medicine? Including you, the distinguished director!"

"This..." The sub-director is embarrassed "We are all policemen, we are not qualified to practice medicine..."

James White said sharply: "Without the qualifications to practice medicine, why do you think my client's injury is not serious?! Are your eyes all medical CT grades?" What if my client has internal bleeding or ruptured internal organs? Can you take responsibility for this?!"

All the police officers looked at each other, not knowing how to answer.

At this time, James White continued: "You violently enforce the law, despise the law, and despise life, you have simply refreshed my understanding of the New York police!"

After speaking, he changed his words and said more sternly: "Because my client is a Yellow people, so I ask you to show your previous cases of dealing with other suspects who were injured. If you find that you are only targeting my client and have not taken medical treatment, then I have reason to suspect that you are suspected of targeting people of color. Racism!"

Chapter 4945

"F*ck..."

At this time, the sub-director was already rushing past ten thousand grass and mud horses.

"What the hell is this situation, how can this mad dog White raise the level of racial discrimination in just two sentences?!"

In the United States, the police are most afraid of the word "racial discrimination". .

Once you reach the level of these four words, things will immediately rise to the most serious level.

Not to mention that the police officer involved will be expelled from the police force, and even his own sub-chief may be severely punished.

If mass incidents are triggered again, then I can only take the blame and resign.

So he quickly explained to James White: "Mr. White, this matter has nothing to do with racial discrimination. The most important reason is because the facts of this case are really serious, and my subordinates are eager to investigate the whole situation.

You need to know the ins and outs of this incident, and catch the mastermind as soon as possible..."

He said with a mournful smile: "You also know that as long as you catch the mastermind as soon as possible, you will be able to clear your client from suspicion as soon as possible. After all, we I also believe..."

James White reached out a hand to interrupt him, and said coldly: "It is your duty to investigate the real black hand of the incident, and to clear my client of suspicion is It's my job, so you don't need to advertise yourself, and now I'm talking about racial discrimination, so don't divert the topic here."

James White's volume increased a little and continued: " What I need to know is how many of the cases you've done over the past three years are suspects who were arrested and injured;"

"Secondly, I need to know these suspects who were arrested and injured Among the people, how many were sent to the doctor in time, and how many were not sent to the doctor in time like my client:
"

"Finally, I need to know how many of the people who were sent to the doctor in time were white people? How many people of color were there? And of those people who were not sent to the doctor in time, how many people were white people. How many people of color are there? You must give me this data as soon as possible, otherwise, I will immediately protest to the city police station and inform the congressmen who are most concerned about racial discrimination!"

"God damn... "The branch chief only felt that his liver was shaking.

"Sure enough, it's Mad Dog White! There's no reason he can't find it..."

He was a division chief in the entire New York police system.

Because in the whole of New York, there are only one or two hundred bureaus of different sizes, and he is only one or two percent of them.

But James White is different.

James White is one of the top criminal lawyers in New York, bar none.

It's the whole pyramid of criminal lawyers in New York.

Chapter 4946

Therefore, in front of James White, this small airport sub-director is no match at all.

Just when the sub-chief had no idea what to do, a police officer ran over and said breathlessly: "Chief, there is news from the city police department, people from cnn and the New York Times will come to interview later, The city bureau chief will also come!" The

head of the sub-director was buzzing, and James White sneered: "I was thinking just now, should I inform some of my friends in the media field and expose this matter well? , but since you have informed the media, it would be better, and let the media reporters come to expose how you violated the law, violated humanity, and racially discriminated!"

In fact, James White was appointed, not only in order to clear Elaine of the crime, there is still a very important task, which is to control this matter as much as possible, and the influence, especially, try not to let Elaine's name and Elaine's image appear on any American media.

This is what Charlie meant.

After all, she Elaine is not only Elaine, she is also Charlie's mother-in-law. Even if this matter is resolved in the end, Charlie does not want others to know that his mother-in-law was involved in such a ridiculous scam.

Sorry! You are Blocked from seeing the Ads

On the one hand, he really doesn't really want to lose this person;

on the other hand, in case this matter becomes a big one, Elaine is famous at the international level, and as her son-in-law, maybe he will be dug up by someone with a heart. .

Therefore, Charlie's request is to solve it in a low-key manner, and not to make too much action.

The reason why James White said that is to attack instead of defend.

Sorry! You are Blocked from seeing the Ads

A person like him knows that he can never let his opponent know his true demands.

Once his opponent knows that he does not want this matter to be exposed, then the opponent will definitely use this matter to test his bottom line.

So instead of doing this, it is better to counterattack and defend, and take the initiative to ask for this matter to be exposed.

James White's method really worked, when the sub-director heard this, he hurriedly pleaded: "Mr. White, don't be angry, there must be some misunderstanding in this matter, we will do our best to solve it, otherwise what do you think, We will first arrange your client to go to the hospital for treatment. As for the interrogation and transcripts, we will put it aside for a while to ensure your client's life safety, physical health and mental health."

James White sneered: "This way isn't it a bit inappropriate? So the media is full of expectations, so they won't let them see the client? I hope that people in the United States can report through the media and see my client's rib being broken by you!

"The director said with a sad face: "Mr. White, you can't say that, our people have never hit your client..."

James White asked: "Then how did my client's rib break? If you don't want this it's not impossible for things to make a big deal in front of the media, but you must promise me a few conditions!" The

branch director said with sincerity: "Mr. White, please say it!"

James White said coldly: "First of all, you must immediately provide a multi-angle bodyguard video. I want to participate in the bodyguard video of every policeman on the scene!"

"No problem, no problem!" promised to come down.

Once the matter becomes a big one, the contents of the recorder will not only be handed over to James White, but may even be exposed by TV stations.

Therefore, in this case, how dare he refuse James White's request.

James White continued: "In addition, the data I just asked you to show, that is, the cases you have handled in the same situation in recent years, you must give it to my assistant before ten o'clock tonight!"

"Okay..." Although the sub-director was reluctant, he could only grit his teeth and agree at this time.

He is very aware of the strength of James White, who is dealing with high society every day and is very familiar with those media tycoons.

Once he wants to make a fuss about racial discrimination, there is no way to escape this matter, and whether those cases are given or not will not affect the hat of racial discrimination.

So for now, he can only stabilize James White first, as long as he promises not to announce it to the media for the time being, then there is still a way to mediate this matter.

James White looked at Elaine at this time, and said in Chinese very respectfully: "Ms. Elaine, I'm sorry, I'm late, and you have been wronged!"

Chapter 4947

Since Elaine was arrested, no one has given her a good face.

Injury and fear have had a great negative impact on her body and mind.

Seeing James White talking to her so respectfully now, she burst into tears with excitement.

While crying, she said extremely aggrieved: "They not only beat me and scolded me, but also threatened me and threatened me... I have told them many times that I was deceived, and I did not. They know what's in that suitcase, but they're still very impatient with me, as if I'm a criminal... It's really too much..."

The branch chief on the side heard that. After saying this, his expression froze, and he immediately scolded: "You ba*tards! Why didn't you send Ms. Elaine to the hospital in time?! Why should you interrogate Ms. Elaine when she knew she was injured?! In addition, What happened to the lady's injury, who did it? Come out and tell me clearly!"

The crowd was so nervous that they didn't know how to answer, so they could only look at Jimmy Wayne who was on the side.

Seeing this, Jimmy Wayne could only step forward in a panic, and said hesitantly: "Director... yes... I accidentally crushed Ms. Elaine's ribs.she was resisting, and I was doing the mission..."

James White snapped at this time: "You look very strong, and my client is just a weak old lady, You weigh at least twice as much as my client, and I believe that if you just want to subdue my client, it's absolutely easy, you don't need to crush her ribs at all!"

Jimmy Wayne's cold sweat dripped down his cheeks instantly. , In the face of James White's questioning, he didn't know how to justify himself.

James White didn't look at him again at this time, but looked at the branch chief on the side, and said coldly: "Before you submit the evidence to my assistant, I hope you can suspend this person for investigation, my client's body You have suffered so much damage and suffered all kinds of unequal treatment, including racial discrimination. When the time comes, you will definitely be more passive." When the

sub-director heard this, he immediately knew about today's incident. If Jimmy Wayne was not thrown out, James White would not be able to let it go.

And even if Jimmy Wayne is thrown out as a scapegoat, with James White's usual style of acting, this matter can't be revealed, at most it can be a little buffer.

However, as long as it can be buffered, it is somewhat beneficial.

So he could only turn around and look at Jimmy Wayne, who was terrified beside him, and said coldly, "Wayne, hand over your police ID and gun, first suspend your duty for investigation, can you resume your original post? , or whether to face legal sanctions, we have to wait for the results of the investigation to decide!"

Jimmy Wayne knew that he was doomed today, so he could only nod helplessly, and took off his documents and guns. He came down, looked at Elaine, and said pleadingly, "Ms. Elaine, I was just impatient just now. I really didn't mean to hurt you. I hope you can forgive me this time.

" White then said coldly: "Within three seconds, if you don't disappear from my eyes, I will immediately arrange for other colleagues to come and sue you!"

Jimmy Wayne's face was pale with fright, and he could only be disheartened. to leave the police station first.

Chapter 4948

After Jimmy Wayne left, the sub-director hurriedly looked at James White with a flattering face and said, "Mr. White, then I will arrange someone to send Ms. Elaine to the doctor first, and I will communicate with my superior on the media side. Just ask them not to notify the media for a while. Let's keep silent to the media. As you know, there are too many things about racial discrimination in American society right now, and all kinds of protests have been going on all the time. At that time, we will stop adding chaos to the general environment, what do you think?"

James White glanced at the bureau chief and said lightly: "If you can give my client enough humanitarian treatment, I can temporarily not notify the media about this matter, but I also reserve the right to notify the media.

"Hearing this, the whole person finally breathed a sigh of relief, and said quickly: "If this is the case, then we will immediately arrange for Ms. Elaine to go to the doctor!"

James White said blankly: "You don't need to arrange for the doctor, you The hospital arranged is not worthy of Ms. Elaine's noble status, I will arrange for Ms. Elaine to go to the best private hospital in New York for treatment." The

branch chief said embarrassedly: "Mr. White, our police department does not have such a high budget and arranges suspects to go to the top. Private hospital for medical treatment..."

James White snorted coldly and said lightly: "All the expenses for Ms. Elaine's medical treatment do not need you to worry about it, it is all borne by my client." The

sub-director was nervous for a while . , thought to himself: "According to what Mad Dog White said, he should have been entrusted by others to help Elaine get out of the crime, and his client must be a rich and wealthy local tyrant without a doubt. Is there really someone behind Elaine? A very powerful man?"

Thinking of this, he felt even more uneasy in his heart, so he could only say with a smirk: "Mr. White, according to the regulations, even if you arrange for Ms. Elaine to go to another hospital for treatment, we must send police officers to accompany us. You also know that Ms. Elaine is still a criminal suspect in the legal sense, and we can't let her out of our sight."

James White said coldly: "I don't need you to remind me of this most basic legal common sense, but you These police officers, as defenders of the fairness and justice of the law, openly flout the provisions of the law and the sanctity of human rights, which is extremely disappointing!" The

branch chief's face flushed red and white, and he said embarrassedly: "Mr. Yes, I will definitely urge my subordinates to get rid of these previous bad habits!"

Sorry! You are Blocked from seeing the Ads

James White ignored him, but looked at Elaine and said softly in Chinese: "Ms. Elaine, I will take you to the hospital later. , I will arrange the best single ward for you at the hospital, and it will definitely give you a treatment environment comparable to a five-star hotel."

When Elaine heard this, the whole person was relieved and quickly said: "Oh, that's a big thank you, Mr. Lawyer!"

James White said very seriously: "Ms. Elaine, I am yours from now on. Personal lawyer, and your personal assistant, so you don't have to be so polite to me."

Elaine did not expect that James White, who was able to scare the pale-faced police officers of the entire police station, was so polite to himself.

She couldn't help sighing in her heart: "I really didn't expect my good son-in-law, Charlie, to be so powerful. Even in New York, he can have such a strong network, and it was arranged for me with just one phone call. It seems that I have such a powerful lawyer this time. It should be able to go out..."

At this time, James White continued: "By the way, Ms. Elaine, after you arrive at the hospital, your personal freedom may be restricted within the ward, because the police will follow us there, I hope you don't mind."

Elaine said without hesitation: "I don't mind, of course I don't mind! As long as I don't stay in this kind of place, I can do anything!"
