

Charismatic Charlie Wade Chapter 4961-4966

Chapter 4961

“What?!” At this moment, Soleil only felt five thunders hit her head.

She quickly asked, “Why did the police arrest them? Did you say why?”

At this moment, Soleil kept praying to God in her heart that she hoped that her husband and his two sons would be taken away by the police because of gambling, visiting prostitutes or something else.

It doesn't matter if they are taken away by the police because of murder.

But don't do it for money laundering!

Because, killing people is nothing but a no-brainer!

Two sons, one husband, it doesn't matter which one is sentenced to death, or all three are sentenced to death with reprieve, anyway, there will be a day to come out sooner or later.

But once it's because of money laundering, it's really over!

That means that all the assets she has worked hard for so many years will be seized according to law!

Then half of his life's efforts have really vanished in an instant!

Just when she kept praying for God's blessing in her heart, the eldest daughter-in-law said something that was like a bolt from the blue.

“The police said they seemed to be involved in some kind of money laundering... They also said they would seize all property, including houses and cars... Mom, what should we do...”

Soleil felt as if her soul had been taken away, and suddenly collapsed on the seat. She was terrified and slapped her face hysterically as she muttered, “Wake up... this is a nightmare... this is... Must be a nightmare...”

However, the pain of the slap on the face was very clear, and it didn't feel like a dream at all.

Her heart became more and more desperate, and her whole person was like a walking corpse.

On the other end of the phone, the eldest daughter-in-law cried heart-breakingly: “Mom...you think of a way, mom! We have your hope now... Come back quickly and clear up the relationship for them...”

“Clear the relationship?!” Soleil screamed and blurted out: “I have been away from home for more than 20 years, and I have only returned less than ten times in the past 20 years. It's blocked, what can I do to clear the relationship?”

“Ah?!” The eldest daughter-in-law on the other end of the phone collapsed and cried, “If they are sentenced to ten or eight years, what will happen to our mothers...”

Soleil thought of something and blurted out: “Listen to me now, hurry up and transfer all the valuable things in the house, and find a way to go to the bank to withdraw their deposits. !”

“Ah?!” The eldest daughter-in-law blurted out: “I don’t dare! The police can say that if I get money out of the house now, it’s a violation of the law, and I’ll go to jail when I find out! I can’t even go to jail. Go to jail, I still have four children!”

Soleil angrily said: “The police are all scaring people, what are you afraid of? Let me tell you, if the money is seized, don’t mention the villa you live in, the luxury car you ride in, or even the milk powder for your four children. There’s no money or tuition left! Are you taking your children to the streets?”

“I...I...” the eldest daughter-in-law cried and said, “They always have to leave us a house to live in?! Can’t we just drive us out?”

Soleil gritted her teeth and said, “Let me tell you, if it is a crime of money laundering, there will be nothing left in this family! If you don’t want to live a poor life from now on, then do as I say!”

The daughter-in-law blurted out: “I don’t dare...I dare not do it even if you kill me...”

As she said that, she quickly said, “The second son and his daughter-in-law are right in front of you, why don’t you talk to her and see if she dares.”

Chapter 4962

The second daughter-in-law on the side of the phone blurted out without hesitation: “You don’t dare, I don’t even dare!”

As she said that, she cried and said: “The police will seal up whatever they want to seal up. For so many years, apart from taking children at home, they have never done anything against the law, so the police will definitely not be able to arrest me too. “

Hearing this, the eldest daughter-in-law also echoed: “Yes, yes... We are two women, and we can’t do anything except give birth, nurse a child, and take care of a child, and we have never done anything, the police. It definitely won’t do anything to us!”

When Soleil heard this, her anger surged deep inside her heart, and she wanted to rush back immediately and hack the two daughters-in-law to death.

She clenched her back molars tightly and said in a hysterical cold voice: “My family has raised you for so many years, but I never thought that I would end up raising two white-eyed wolves! If you two don’t do as I say, wait for me to return to China. You are the first to clean up!”

The second daughter-in-law turned pale with fright at this moment. Although she didn’t know what her mother-in-law had been doing in the United States for so many years, every time she saw her mother-in-law, she felt that this woman was very murderous, and at first glance she was not a good person, so

Hearing what she said, I was naturally very scared, so I asked the eldest daughter-in-law in a low voice: "Sister-in-law...this...how can I do this..."

The eldest daughter-in-law was also very flustered at this moment. Although she was savage, she also knew that she was not even a fart in front of her mother-in-law.

However, she quickly wanted to understand one thing, so she blurted out: "Mom, I just wanted to understand! Aron and Stanley are both money laundering criminals, and the money is all earned by you... Are you doing something outside? Is it illegal? If nothing else, the money you earned must have come from the wrong way, right? If it came from the right way, how could the police come to the house to arrest people?!"

Soleil was originally murderous, but when she heard this, her whole heart instantly fell to the bottom.

What she was worried about just now was the family background that she had earned for so many years, but she ignored one thing. The reason why her husband and two sons came in was probably because what she had done in the United States had been exposed.

If this is the case, then he may not be able to return home in his life.

Otherwise, he is likely to be arrested by the domestic police as soon as he gets off the plane.

Thinking of this, she suddenly fell into deep despair, hung up the phone subconsciously, and then turned off the only remaining mobile phone.

Jase, Yosef and others in the car probably understood what happened at Soleil's house, and they were all nervous.

Jase summoned his courage and asked Soleil, "Sister, what happened at home?"

Soleil said in despair, "Pull over... Hurry up and pull over!"

Jase hurriedly parked the car on the side of the road.

At this time, Soleil pushed open the car door and stumbled down. Just after running less than two meters away, she vomited violently with a wow, and spit out all the food residues in her stomach.

Jase hurried forward, patted Soleil's back, and said to Yosef, "Bring a bottle of water here!"

Yosef immediately took a bottle of water from the car, unscrewed it, and handed it to Soleil, saying nervously, "Aunt, hurry up and rinse your mouth..."

Soleil vomited uncontrollably, and even vomited out her bile, her face was as pale as paper, like a terminally ill patient who was about to die.

She took the pure water handed over by Yosef, just took a sip, and then coughed violently. The water was mixed with bile and rushed all the way down the trachea to the nasal cavity. It was an indescribable pain.

She murmured to herself: “No... nothing more...”

Saying that, because of the resentment in her heart, she threw the bottle full of water far away, and roared in despair and hysteria: “Why! Why is this happening! That’s half my life’s hard work!!!”

Chapter 4963

Although ancestors of China have long warned that money is something outside the body, in fact, many people think that money is more important than life.

A heinous person like Soleil has actually put her life and death aside for a long time. For her, her biggest pursuit is to make more money so that her family can pass on.

If in the future, her descendants can become the second and third generations of wealth, and continue to be prosperous, that would be the ultimate goal of her life for her.

Her ultimate goal in life is not in any single descendant, but in enabling the entire family to complete the change of fate.

To put it bluntly, it means sacrificing me and making generations happy.

Therefore, if she were to be killed at this moment and her family would not be affected in any way, she would never have any hesitation.

But now, this matter has developed to the direction she least wants to see.

It was these foundations that she had worked so hard for that fell apart in an instant.

She and Zhao Benshan have the same opinion compared to the two situations when people die without money, and people live without money.

She feels that the death of a person without spending money is not only a tragedy, but a symbol of success, because the big families in the United States that have been passed down for hundreds of years, without exception, died and the money was not spent.

On the streets of the United States, those homeless people who can’t even sleep in tents and can only curl up under bridges are all typical “people are alive, money is gone” without exception.

Therefore, when all her efforts are in vain and all her foundations are destroyed, for her, it is the real human tragedy and the real disaster!

At this moment, Soleil was distraught. After she threw up everything in her stomach that could vomit, she fell on the grass by the roadside, hugging her head and crying.

The other three did not expect that this female demon, who did not know how many people she had killed, would sit on the side of the road so helplessly and cry.

At a certain moment, Jase felt somewhat in a trance.

He originally thought that a person with a hard heart like Soleil who put his life and death aside at the same time would be fearless in this life.

Unexpectedly, she was not afraid of death, but she was most afraid of poverty.

However, in Jase's heart, a sense of pleasure flooded unconsciously at this moment.

He has long criticized Soleil.

On the one hand, this woman has the absolute power of their small group

The control authority has never been good to them. Every day, he is bossy, shouting and drinking, and even occasionally beats and scolds.

On the other hand, it is because this woman earns far more than him.

Sometimes, watching others make money is more uncomfortable than losing money yourself.

I would rather lose 100 by myself than see others earn 10,000.

This is the case with the mountains.

Although he is also earning money in the United States alone, his wife, children, and grandchildren all rely on him to support him in China, but his family is not a rich man in China.

Over the years, the cash he has given to his family one after another is estimated to be around 10 million RMB.

In his opinion, this amount of wealth is enough for the family to live, but it will not be as leaky as Soleil, so although Soleil's family is arrested, her own family must be safe.

Thinking of this, he felt even more proud, and couldn't help laughing secretly: "Soleil, Soleil, you f*cking have today! I usually scold a big man like a dog every day, but you ruined the prestige of you stinky b*tch. , why don't you have the arrogance you used to be? I don't think you are too old, I want to set up a temporary husband and wife with you, and solve everyone's physical needs. You f*cking look down on me, why don't you Are you embarrassed?"

Chapter 4964

Everyone said that a dead Taoist friend would not die a poor Taoist.

Jase is such a mentality.

Moreover, he felt that he had always been jealous that Soleil made more money.

But now, Soleil's assets are instantly cleared, and she has achieved the overtake of Soleil in an instant, and it is a rolling overtake.

Jase, who was smug in his heart, comforted Soleil hypocritically and said, "Sister Soleil, as the saying goes, money is something outside your body, as long as you can keep the green hills, even if you don't have firewood, anyway, you are in the United States now, and you can't be killed. If the domestic police seize it, it is better to do it in the United States for a few more years! There must be a chance to make a comeback!"

Soleil's eyes were empty, and the whole person choked at a loss and decadence: "It's easy for you to say, My efforts for more than 20 years have been wiped out in one go! This means that everything I have done before has been in vain! If I want to recover the lost money, it will take at least another 20 years. How can I still have so many 20 years? Years?! I'm over 50 this year, I should have retired and returned to China to take care of my life! But now I have nothing, even my husband and son have been arrested. If I knew this, I might as well stay in the country and don't come out! "

Saying that, she slapped her two big mouths, emotional

excitedly shouted: "I have worked hard for more than 20 years to the end, but it was nothing but a bamboo basket... more than 20 years. What am I planning for me! What am I planning for!"

Yosef on the side quickly persuaded: "Aunt Soleil, don't be impulsive! We still have business to do, and your top priority now is to hurry up and make more money. Money, otherwise your husband and son will come out in the future, and if you don't have money, you won't be able to make a comeback!"

Jase also nodded and said, "Yes, Sister Soleil the crime of money laundering will only be sentenced to 10 years at most? Do better and then reduce the sentence. , you're only in your forties and less than fifty years old when you come out, it's not too bad! Besides, you have eight, oh no, nine grandchildren, if you don't cheer up, what will they do in the future.... .."

When Soleil heard this, she suddenly came back to her senses and murmured, "Yes... I have to make money... I have to make more money... ..if I can earn enough money, I will immigrate to Southeast Asia and take my children and grandchildren over step by step..."

After speaking, she hurriedly stood up and urged: "Get in the car, get in quickly. Car! We have to get to Mexico as soon as possible!"

Jase nodded quickly, and was about to help Soleil back to the car, but his cell phone suddenly rang.

He subconsciously took out his mobile phone from his pocket and saw that it was his daughter-in-law who was calling. At this moment, his heart came to his throat.

She didn't dare to answer the phone, but murmured: "Why did my daughter-in-law call... this... this... it shouldn't be something wrong. Come on..."

Soleil's pupils shrank suddenly, and she blurted out, "There must be something wrong!"

Jase suddenly panicked, shiveringly pressed the answer, and blurted out, "Hai.Hae Young...you...why are you hitting..."

Before the words were finished, the daughter-in-law on the other end of the phone burst into tears and said helplessly: "Dad...Mom and my bro were arrested by the police. The police said they were suspected of money laundering... also said that the family's assets will be seized... What can I do... Can you come back as soon as possible to find a way... I really don't know what to do by myself What's going on..."

Jase, who was still laughing at Soleil in his heart just now and watching Soleil's jokes, just felt that his eyes were dark, and he lost consciousness in an instant, and fell straight towards the ground.

Chapter 4965

Jase, who had been watching Soleil's joke silently in his heart for the last second, collapsed and lost consciousness in an instant because he couldn't stand the sudden blow.

Yosef hurriedly helped Jase, who was unconscious and fell to the ground, to get up. While pinching the person, he said helplessly: "Uncle, didn't you think clearly when you persuaded Aunt Soleil just now? What's the matter? It won't work when it comes to yourself..."

Seeing that Jase was unconscious, Soleil's mood seemed to have eased a little in despair.

It's like when a person falls into an abyss and is desperate, suddenly another acquaintance jumps down.

This gave her some consolation in her heart.

So, she opened her mouth and said to Yosef, "What's the use of pressing people so hard? You can't wake up even if you press the front teeth off, so hurry up and pour some water on him!"

Yosef looked at Hallie, who was beside him, and blurted out, "Go get water from the car, what are you still doing!"

Hallie on the side was also in a hurry, and hurried back to the car to get a bottle of water and handed it to Yosef.

Yosef poured a bottle of water on Jase's head and face, which then woke Jase from the coma.

As soon as Jase opened his eyes, he cried out in grief: "God doesn't have eyes! You are killing me!"

Soleil glanced at him and said coldly, "I won't tell you any more nonsense. The most important thing right now is to make money first, and let the rest go first."

Said, Soleil didn't wait for him to respond, and said to Yosef, "Go drive and let him rest in the back."

Yosef nodded hurriedly, then helped Jase up and said, "Uncle, I'll pay you to get on the bus."

Jase got into the car in despair, and then Yosef got into the cab and started the car to continue driving towards the US-Mexico border.

After the car drove out, Soleil in the co-pilot said coldly, "The more I think about this, the more I feel that something is not right."

Yosef asked her, "Aunt Soleil, what are you saying is not right?"

Soleil said, "If it's just my family that's in trouble, then it's possible that a large number of unidentified assets have attracted the police's attention, but son's wife house is thousands of kilometers away from my house, it makes no sense that his family has an accident, I suspect that we There is some kind of inevitable connection behind the situation of the two families."

Jase, who was sitting in the back row, blurted out, "Sister Soleil, are you saying that the police in China already know our true identity?!"

For Wanlong Hall, if you can find information about Soleil, you can naturally find out the background of everything.

Jase is actually not his real name.

His original name was Xu Jianxi, and unlike Soleil, he was tricked into northern Myanmar to commit fraud a few years ago in order to make a living.

However, because of his love of drinking all the year round, his brain reaction speed is a little slow, his mouth is stupid, and because he is not very skilled in business, he did not make any money in northern Myanmar, and was almost cut off his waist.

In the original words of the boss in northern Myanmar at that time, such waste not only can't create any value, but also wastes food. Only by cutting his waist can the cost be recovered.

At that time, he happened to know Yosef, who just turned 20 and couldn't survive in northern Myanmar. They were afraid that one day their waists would be cut off, so they worked hard to escape from the devil's cave. come out.

After escaping, the two did not dare to return to China, so they found a way there and smuggled to the United States.

Different from Soleil, Soleil smuggled in money to pay the smugglers enough money to smuggle over.

But Xu Jianxi and Yosef were penniless when they ran out, so in order to escape, they had to sign a usury agreement with the black-hearted snakehead.

The cost of smuggling from northern Myanmar to the United States is 15,000 U.S. dollars, paid in installments, with principal and interest, and a total of 30,000 U.S. dollars in the smuggler's head.

Chapter 4966

The snakehead was not afraid of them running away at all, because the snakehead did not take them directly to the United States, but to Mexico first.

Anyway, as long as you get on the smuggler's boat, just like the slaves who were sold by the Europeans back then, life and death are beyond your control.

Those who are obedient can live until the boat docks, while those who are disobedient have stones tied directly to their feet and are thrown into the sea on the spot to sink to the bottom.

The two managed to escape with great difficulty, and they dared not to obey, so they followed the boat all the way to Mexico.

After disembarking in Mexico, the two were forced to stuff several packs of contraband into their rectums in Mexico, and then traveled from Mexico to the United States with the fake identities provided by the smugglers.

According to the price of the snake head, a discount of 3,000 US dollars for one shipment.

If you follow the instructions honestly and earn money to pay off your debts, you will be able to regain your freedom.

Otherwise, the Mexican gangs and American gangs who cooperate with the smugglers can make them go to the wilderness at any time.

The two were helpless and could only do as they were told.

In two months, he ran back and forth ten times before he regained his freedom.

At that time, it was Soleil who was in charge of arranging for them to enter and leave the border and pick up the goods on the US side.

Soleil had already made a few names at that time, and met an Asian elder brother who specialized in dumping contraband from Mexico to the United States and around the world. Since then, she has become a "carrier" who specializes in helping the other party to transport goods. Later, they waited for the two. After the person paid off the debt owed to Snakehead, Soleil simply incorporated them both.

Although Soleil did all kinds of evil to the outside world, she also knew the importance of team stability, so when the three followed her, she did not treat them badly.

Xu Jianxi works relatively hard, and he has made some orders himself, so he has earned at least two or three million US dollars in these years, which is equivalent to ten or twenty million yuan;

Yosef is young and is not easy to fool into middle-aged and elderly people, so his income is relatively low, but even so, he has earned millions of dollars over the years.

As for Hallie, who played his wife, she was recruited by Soleil just a few years ago. Because she was the most marginal in the team, she didn't make much money.

At this time, Xu Jianxi was even more flustered.

He is afraid that not only his assets will be seized, but even criminal evidence may be grasped by the domestic police.

If that's the case, it's impossible for me to go back home again in my life.

So, he asked Soleil in a panic: "Sister Soleil, you said that we have never committed any crimes in China, and we have not been going back very much recently. How could the police find us?"

Soleil said in a dignified and cold voice: "It's not necessarily that the domestic police found us, and as you said just now, we have never broken the law in China, and those who were tricked by us to bring goods back to China are also We don't know our real identities at all, so in the eyes of the domestic police, we are transparent people."

Xu Jianxi couldn't help but ask: "Sister Soleil, what do you think is going on here? Why did the domestic police find our family so precisely?"

Soleil said with a stern expression: "I think this matter must be reported to China by someone from the United States!"

"Report from the United States?!" Xu Jianxi blurted out: "We didn't offend anyone in the United States! Besides, Sister Soleil, I've known you for so many years, and I don't know anything about your family situation. It is estimated that you are not very clear, who can provide our information to the domestic police so accurately?!"

Soleil shook her head and said with a very gloomy expression: "I don't know about this either, but I always have an intuition..."

Xu Jianxi hurriedly asked, "What intuition?"

Soleil said, "I think this matter has something to do with that Elaine!"
