

Charismatic Charlie Wade Chapter 4979-4984

Chapter 4979

The one-hour release time passed quickly.

All prisoners lined up to return to their cells under the supervision of prison guards.

Elaine trembled and returned to the cell with her fellow inmates. After arriving in the cell, she felt even more uneasy in her heart.

She didn't know Charlie's relationship, how long it would take to get the money for cigarettes to Jessica's sister, and she didn't know if Chloe would stop bullying herself.

After returning to the cell, she silently came to her bed, but her bed was still wet, let alone sleeping, she couldn't even sit.

At this time, Chloe came to the bed opposite Elaine with a smile on his face. After sitting down, he looked up at the submissive Elaine, and said with a smile: "1024, the prison guard said that he has received the money from your family to buy cigarettes. already."

Hearing this, Elaine suddenly let out a long sigh of relief, and quickly said respectfully: "Since the money has been received, then... can you stop bullying me in the future..."

Chloe said solemnly: "1024, what you said is a little wrong. I'm not bullying you, I just teach you the basic rules of survival in this cell."

Elaine nodded quickly and said, "Yes, yes..."

Chloe smiled slightly and continued: "1024, I was sloppy about some things before. I also chatted with Jessica just now. Recently, I want to include the people in the other cells one by one, and then I will be Big sister of the entire Bedford Hills Correctional Institution."

Malan didn't understand a little. She didn't know what Chloe meant when she said she was sloppy, and then said that she was going to be the eldest sister of this prison. These two things that didn't go together before and after were trying to express.

Chloe said again at this time: "If you want to recruit other people, you have to provide certain benefits, and here, cigarettes are the best hard currency, so if I want to become the eldest sister of Bedford Hill Correctional Institution If you are big, you will naturally need more cigarettes, and in this case, two cigarettes a day will naturally not be enough."

Only then did Elaine understand what Chloe meant by being sloppy.

It turned out that the price was a bit sloppy.

At this time, she was extremely angry in her heart.

She had never seen someone as shameless as Chloe.

Even Mrs. Wilson couldn't be so shameless to the point where she made progress over and over again, and she always overthrew what she said.

One a day, two a day, two a day and four a day, if she did as she said, it would cost four thousand dollars a day, which is definitely an astronomical figure!

Although Elaine didn't know the consumption level of the United States, she thought to herself: "This bastard red-haired foreign devil, his face is whiter than a wall, his heart is darker than a ghost! Four thousand dollars a day, more than one hundred thousand dollars a month. Outside, more than 100,000 dollars might be able to find a killer to kill her!"

Seeing that Elaine did not agree immediately, Chloe frowned, immediately put away the smiling face just now, raised his hand and slapped Elaine's face again, and shouted angrily: "I asked you something, why didn't you answer?! Courting death is not it?"

Elaine's face was full of unbearable pain, but when he was slapped by this slap, the pain almost exploded in place, and the tears of grievance suddenly burst out of his eyes, and he could only cry and say: "Don't hit me... Call my son-in-law tomorrow and ask him to buy four cigarettes starting tomorrow..."

Chloe snorted, looked at Elaine, and said contemptuously, "You're really a b*tch, can you promise me earlier? You have to be slapped before agreeing. I'm in a good mood today, and I won't know you in the same way. But if you dare to hesitate in front of me next time, even if you finally agree, I will beat you to the death, do you hear me?"

When Elaine heard this, her whole body trembled with fright.

Listening to Chloe, four cigarettes a day is not the upper limit, and this red-haired foreign devil does not know what more stringent conditions will be waiting for him.

But Elaine can't think about it anymore. She was afraid that Chloe would turn her face again, so she could only cry and nodded again and again: "I heard, I heard..."

Chloe is satisfied.

Chapter 4980

She stood up, reached out and grabbed Elaine's collar, stared into her eyes, and said coldly, "Remember me! In this place, I am the queen! If I let you stand, you have to stand! If I make you kneel, you have to kneel! Even if I make you eat shit, you have to open your mouth and swallow it for me! As long as you want to live, you must unconditionally obey all my orders! Otherwise, I can make you You are better off dead! Do you understand?"

Elaine nodded hurriedly: "Understand...Understand..."

Chloe snorted and continued: "There used to be a newcomer like you who only obeyed me on the surface, but was always dissatisfied with me. Later, when she was sleeping, I stabbed her in both eyes

with a toothbrush. You If you don't respect me from the bottom of your heart, the next person to be blinded will be you!"

Elaine was so frightened that her whole body trembled uncontrollably, and she couldn't even speak.

At this time, Chloe was actually overjoyed in his heart.

However, she is well versed in the way of PUA, and she is very clear that at this time, she must not give Elaine a good face, but must strike while the iron is hot and continue to brutally and intensely oppress and destroy her will.

Only by completely defeating Elaine's will, can she be willing to obey all her orders.

Right now, Elaine was forced to obey his orders only because of his own force, which was far from what Chloe wanted.

Therefore, she did not intend to really let Elaine go because of Elaine's submission. She planned to slowly turn Elaine PUA into her own dog, a loyal dog in the coming days.

At this time, a prison guard came to the door of the cell and said, "Everyone line up immediately!"

Chloe looked at the door, and saw that several prison guards brought three female prisoners to the door of the cell.

She couldn't help frowning, because she found that there was no Jessica among the prison guards who came.

It stands to reason that a new person was arranged into this cell, and it should be Jessica who brought someone over. For some reason, Jessica did not come.

However, she didn't have time to think too much. Although she was the uncompromising boss in this cell, she still had to be honest in the face of the prison guards, otherwise she might be imprisoned or sentenced to a longer term.

After everyone lined up, the prison guard opened the iron door of the cell, and then walked in with three young women with Asian faces.

The three Asian women all looked a little thin, and they all looked very quiet, and they didn't look like they were fighting hard.

Chloe's mouth couldn't help but smile.

In her opinion, these three people are the three cash cows that the prison sent to her.

Their family may not be as rich as Elaine's family, but seeing that the three of them are well-maintained with their hair and well-proportioned, they can guess that the living conditions of the three of them are definitely not bad.

In her experience, such a person should extort hundreds of dollars a day, and it shouldn't be a problem.

At this time, the leading prison guard opened his mouth and said to the three Asian girls, "You will be in this cell from now on. Beds 33, 34, and 35 are yours. The three of you will share it among yourself."

The Asian girl at the head nodded and said casually, "Then I'll sleep in bed number 33."

After finishing speaking, she said to the Asian girl on the right: "You sleep in bed number 34, and let Wenwen sleep in bed number 35."

The two nodded at the same time.

The prison guard said to the other prisoners: "No more rounds tonight, you two get along well and don't have any conflicts."

When Chloe heard this, her heart was stunned, and she thought proudly: "I think this should be what Jessica asked them to bring to me. If there will be no room rounds tonight, then I can take care of these three newcomers. It's a cash cow!"

Chapter 4981

The prison guard at this time, after sending the three young girls over, turned around and left the cell.

Chloe was in a good mood, and winked at his subordinates. Eight or nine people gathered together, and surrounded the three girls.

Chloe looked at the girl who arranged beds for the other two and asked with a smile, "New here, tell everyone, why did you three come in?"

The girl looked up at Chloe and said lightly, "Why did we come in, does it have anything to do with you?"

"Grass." Chloe snorted coldly and scolded: "You're so f*cking tough, where is this place? Don't you know who I am?"

The girl said disdainfully, "I know this is a prison, but I don't know who you are, and I don't want to know. You don't have to tell me, just please stay away from me."

Chloe was instantly furious and said coldly: "You are so arrogant in my territory, I think you are tired of living!"

Elaine, who was on the side, saw that these people should be of Chinese descent, and quickly reminded kindly: "Oh girl, don't confront this Chloe, she is the boss of this cell. If you mess with them, you will be very angry in the future. troublesome..."

The young girl glanced sideways at Elaine outside the crowd, smiled slightly, nodded and said, "Auntie, thank you for your reminder, but don't worry, I won't take this kind of garbage into my eyes yet."

When Elaine heard this, he quickly reminded: "Oh girl, you can't say that...it will kill you!"

At this time, Chloe also understood the communication between Elaine and the other party through the Chinese men next to her, and when she heard that the other party did not take her seriously, she could not help frowning, staring at the girl and sneering: "It seems that you are the eldest of the three of you?"

The girl glanced at Chloe and said lightly, "No, I'm just their leader."

"Leadership?" Chloe sarcastically said, "You're in jail, so what are you talking about leadership? I tell you there's only one leader in this place, and that's me! Chloe Johnson!"

The young girl didn't seem to take Chloe in her eyes, she just chuckled and said indifferently: "Who do you want to lead or who you want to be the leader of has nothing to do with us, I advise you not to trouble us, Otherwise, don't blame me for not telling you in advance."

"Shit!" Chloe didn't expect that the young girl didn't take herself seriously, so her anger surged up and she roared coldly, "In my place, you're a little too arrogant! I'll give you a general At the chance of redemption, kneel down and kowtow three times to me, and then inform your family members outside to buy six sticks of American Spirit cigarettes from the person I designate every day, otherwise, I want you to live here rather than die!"

The young girl's eyes suddenly changed from being harmless to humans and animals to being full of murderous intent. She stared at Chloe and said word by word: "We Chinese people only kneel in the sky, ancestors, parents and benefactors, what kind of dog are you? Are you worthy of letting me kneel down for you?"

"f*ck!" Chloe had never been so contradicted before, and immediately became furious.

She knows very well that her subordinates are watching at this moment. Whenever she encounters a newcomer like Elaine and tortures her to death, she is also consolidating her majesty and dignity in the minds of these subordinates. authority.

So, seeing that the young Asian girl was so disrespectful to herself, she immediately raised her arm and slapped her with all her strength.

In her opinion, these three Chinese girls are very young, and they don't look strong. In this cell, she has eight core subordinates, and there are at least ten other people who follow her own lead, so this In this case, as long as you take the lead and others swarm up, you can immediately beat these three girls to half death!

Just when Chloe slammed aggressively, she never dreamed that the girl who seemed motionless would suddenly exert force at the last moment!

For a moment, Chloe felt that the right hand that he had hit with all his strength suddenly stagnated in mid-air.

She hurried to look, only to find that a hand suddenly stretched out from nowhere, and grabbed her wrist firmly, making herself unable to move.

Chapter 4982

Chloe's first reaction was anger.

She didn't expect that when she was going to slap the girl, the girl dared to reach out to stop her.

Just when she tried to pull her hand back, she realized that her hand seemed to be welded to the air, and no matter how hard she tried, she couldn't move it.

This time, Chloe was a little flustered.

She weighs nearly 200 pounds and is very strong. If it is a one-on-one battle, there are few opponents in this prison.

But the thin Chinese girl in front of her was able to crush herself in such a way, which made her suddenly have a bad feeling in her heart.

At this moment, the young girl looked at her and said coldly, "You are courting death yourself, don't blame me for being ruthless!"

After she finished speaking, she grabbed Chloe's right wrist and suddenly bent it upwards. With a click, Chloe's wrist turned upward at a creepy angle!

The severe pain made Chloe wailed suddenly. She never imagined that this thin Chinese girl would break her wrist without any explanation!

So she subconsciously shouted at her subordinates: "Hit her quickly! Hit her to the death! Kill her!"

All of the subordinates did not return to their senses to think carefully about the strength gap. Seeing that the boss suffered a loss, and hearing the boss's instructions, they rushed to the young girl when their brains became hot.

But the girl was not afraid at all. Instead, she exchanged glances with the other two companions, and the three of them rushed towards the group of women with different skin tones.

Immediately afterwards, the sound of punching to the flesh and the wailing of despair and pain were heard incessantly.

After a few seconds, Chloe's subordinates were all like chopping melons and vegetables, and they were knocked to the ground by the three of them, and everyone was seriously injured!

On the other hand, looking at the three girls, the three formed a triangular formation back-to-back, and everyone was in a starting position ready to attack, not to mention injuries, and even their hairstyles were not messy.

The young girl at the head looked around for a week and said coldly: "Who else is not convinced, you can come up and try it!"

A group of prisoners who were like grass on the wall immediately retreated to the base of the wall in fright when they saw that the three were so powerful in combat.

They weren't fools either. At this time, it was obvious that Chloe was cold.

Therefore, the most important thing at this time is to draw a clear line with her, and don't let these crazy Asian girls think that they are with Chloe.

Chloe herself was also frightened.

She really did not expect that these three Asian girls who looked very thin were all top fighters.

Although he and his subordinates looked huge, in front of these three people, they were like elementary school students, and they had no fighting power at all.

She knew that she had no chance of turning over today, and she was definitely able to bend and stretch, and was very aware of current affairs, so she immediately knelt on the ground with a thud, and said reverently: "I'm sorry! I'm really sorry! I was blind just now. , I accidentally offended the three, and also asked the three not to know me in the same way... In the future at Bedford Hills Correctional Institution, I, Chloe Johnson, will be the dog of the three! The three have any orders , I, Chloe, must be the first to rush to the front!"

Chapter 4983

No one would have thought that Chloe, who was all-powerful in this cell, would take the initiative to kneel down for the newcomer so quickly, and even directly wagged his tail and begged for pity, saying that he was the other party's dog.

In fact, for a wicked person like Chloe, because she usually abuses other people too much, she is even more afraid of being abused by others.

It can also be said that this kind of person is actually the most spineless person. When encountering the weak, she is more vicious than anyone, but when encountering the strong, she can be more flattering than anyone.

Now Chloe, has fully recognized the form, she knows that she has no status in this matter, so she does not bother and nostalgia for her former boss status.

Now she just wants to protect herself as much as possible. The first goal to achieve is to never offend the three people in front of her again, and the second goal to achieve is to find a way to become the confidant of the three of them.

In this way, at least she can continue to oppress other people in the cell.

However, the Asian girl in front of her sneered and said, "I'm sorry, I never keep a dog, and even if I did, I wouldn't raise a rubbish dog like you!"

Hearing this, Chloe's face turned pale and nervous.

She has already lowered her dignity so much, begging the other party to forgive and the other party rejecting herself so plainly, this is by no means a good sign for her.

So, she hurriedly put the severed hand in her heart, and said devoutly: "If Your Excellency doubts Chloe's loyalty, Chloe will swear to God that she will be willing to obey all your orders in this life and this life. God's punishment!"

The girl sneered: "I'm sorry, I'm an atheist, I don't believe in God."

When Chloe heard this, he quickly said: "In short, as long as your Excellency believes in Chloe's sincerity, Chloe will follow your every instruction in the future..."

"Oh." The young girl smiled and said, "Isn't this going back to the topic just now? I already told you, I don't want to keep a dog."

Chloe was suddenly caught in a dilemma. She really wanted to please this young Asian girl who could fight, but the other party was like an impregnable wall, so she couldn't find any breakthrough point at all.

Just when Chloe didn't know what to do, Elaine, who was not far away, suddenly had an idea and quickly stepped forward and said, "Girl! You are new here, and you definitely need someone who understands the situation here to help you deal with various problems. "

As she said that, she patted her chest and said seriously: "Girl, if you don't dislike it, how about me?"

The Chinese girl who has been acting as a Chinese translator for Chloe, saw Elaine volunteering at this time, and immediately said: "Don't believe her, she just entered this cell yesterday. In contrast, I was in this cell. I have been here for more than half a year, and I have a better understanding of the situation here! If you need to know more about this place, or if you need someone to help, I am the most suitable!"

The young girl glanced at her, smiled disdainfully, and said coldly: "I don't want to know who you are, I don't want to know about each of you, and I don't want to know what rules you used to have here! In a word! , from now on, there is only one rule here: if any of you dissatisfies me, I will beat her to the death until I am satisfied!"

When the girl saw that the other party was talking so hard, she immediately lowered her head like a deflated ball, not daring to speak.

Chapter 4984

Elaine was also a little disappointed at this time. she wanted to find a chance to get close to the other party, but he didn't expect the other party to ignore everyone so much.

But she can also understand that, after all, people are so powerful, it is easier to teach someone a lesson than to teach a dog. If she has this kind of strength, she will not look down on other people.

But what Elaine didn't expect was that the Asian girl looked at her at this time, smiled very kindly, and then said seriously: "Auntie, among so many people just now, only you kindly reminded us, we can see

that you must be a good person, and everyone is a compatriot, since you respect us one foot, then we will naturally respect you !”

As she said that, she looked around , pointed at the people in the cell, and said to Elaine: “In the future, these garbage will be handed over to you to manage. You can directly order them if you have any requirements. If they have any disobedience, I will definitely give them a good life lesson!”

Elaine was dumbfounded. It was the first time she heard someone say that she was a good person, but what really surprised her was not this, but that the other party asked herself to manage this garbage!

She suppressed the excitement deep in her heart and asked in a trembling voice, “Girl... What did you just say? You said that these people are all handed over to me to manage?!”

“Yes.” The girl smiled lightly and said, “In the future, you will treat them as your dog. If the dog is disobedient or dares to grin at you, tell me, and I will take all her teeth. If it doesn’t work if you break off her teeth, I’ll break her hands and feet!”

After Elaine heard this, her whole body was already shaking with excitement.

She pointed to Chloe, who was kneeling on the ground, and asked tentatively, “Girl...if I want to beat this red-haired foreign devil...you...you won’t stop me, right?”

“Stopping you?” The girl smiled slightly, raised her hand and slapped Chloe’s face fiercely, seeing the whole person leaning over and falling heavily on the ground.

This slap made Chloe’s eyes twitched into gold stars, and the severe pain made Chloe’s grievance tears burst out of his eyes.

However, this Asian girl did not have any pity, she then stepped forward, stepped on Chloe’s chest, pointed at Chloe, and said to Elaine: “Auntie, if you want to fight this kind of thing, B*tch, you can fight anytime, anywhere, 24/7! When I first came in, I saw that this bastard was upset. I thought that the well water would not make the river water, but I didn’t expect that she would dare to take the initiative to provoke me. Forget it, she wants me to buy her cigarettes, I think she owes her own cigarettes!”

Saying that, the lower body slapped Chloe’s face with a slap, and said coldly, “What did you just say? It’s for my family to find someone you designate outside and buy you the American spirit. ?”

“No, no... I didn’t mean that...” Chloe’s bowels were turning green at this time. She knew that if she killed her, she wouldn’t come to provoke this thin girl.

At this time, she completely ignored the pain like a burst face, and shook her head in fright.

The Asian girl ignored her, but looked at Elaine and asked, “Auntie, don’t you want to hit her? Why didn’t you do it? Could it be that you’re soft-hearted?”

When Elaine heard this, it was as if the cat had been stepped on its tail, and his whole body exploded, and he exclaimed excitedly: “What? I’m soft-hearted?! I’m soft-hearted to anyone, and I can’t be soft-hearted to these American stinky girls! “

After speaking, she spit in the palm of her hand: "Shoot!"

Immediately, she rubbed her hands together vigorously and scolded through gritted teeth: "His grandmother! If I don't kill this bastard today, my mother won't be a f*cking ho*se!"
