

Charismatic Charlie Wade Chapter 4985-4990

Chapter 4985

Elaine has never been a good person.

And she's not a good person either.

Just now, Elaine subconsciously reminded this Chinese girl not to offend Chloe.

If Elaine's humanity is a light bulb, the flash just now may be the only time this light bulb has been lit in decades.

But it was a coincidence that the three female warriors in Wanlong Palace had been thinking about what method to use, quietly, naturally, and quietly, to help Elaine to support and vent their anger.

Unexpectedly, this flash full of human brilliance gave them a good opportunity to use the topic to play.

And after that flash, Elaine's heart was completely shrouded in hatred.

The only thing she wants to do now is to beat that Chloe hard and beat her to death, to beat her shit out.

So, after she roared, she quickly rushed to Chloe, the more she looked at Chloe's swollen face like a pig's head, the more angry she became.

So she raised her foot without thinking, kicked hard, and kicked Chloe's face hard.

This time, a large footprint was directly kicked on Chloe's face, and at the same time, the bridge of Chloe's nose was also broken, and the two nostrils suddenly bleed.

And Elaine didn't feel the resentment at all, she rode on Chloe's face, just like when she rode on Cynthia Wade's body in the beauty salon, gnashing her teeth and scolding: "Dare to bully the old lady, beat and scold the old lady, and force the old lady to do this to you. So many people pinching your feet, I will beat you to death, you bastard!"

After speaking, she was like crazy, her arms were rounded and she bowed left and right.

For a while, the entire cell was filled with echoes of Elaine slapped Chloe.

Because the slaps were too dense, the echoes generated by the walls of the room didn't even have time to respond, and finally countless echoes were superimposed together, creating a sense of sight as if setting off firecrackers in the cell.

Chloe has long since lost the arrogance of the former female devil, she was beaten and screamed, crying and saying: "I was wrong, I was wrong, please stop beating and spare me! "

Forgive you?" Elaine punched her in the face angrily and scolded: "Are you kidding with me when you think your Queen? I tell you, this is just an appetizer! Today I will let you You know, how many eyes does your grandma have!"

After she finished speaking, she pulled Chloe's hair down and scolded in her mouth, "Her mother red-haired devil, old lady. I've seen your red hair not pleasing to the eye for a long time, you see I won't give you baldness!"

Chloe only felt a burst of pain in the scalp, and then watched Elaine constantly stretch out her hands to both sides, throw it away rudely and be pulled. down red hair.

She was so frightened that she cried and said, "Don't pull my hair, please don't pull my hair..."

Elaine had already killed her red eyes, and she tore Chloe's hair into a ghost shave. The same alopecia areata, while gnashing her teeth, scolded: "Your mother is afraid now? Why didn't you see that you were so cowardly when you bullied me? Damn it, i will beat you up with peach blossoms today. you don't know why the flowers are so red!"

When Chloe was knocked to the ground by the female warriors of Wanlong Palace, she was not as helpless and fearful as she is now.

At this time, Elaine has completely become a crazy killing machine. Chloe only felt that if Elaine was allowed to fight like this, her life would be lost in her hands, so she cried out loudly: "Please Please let me go... I really know I'm wrong... I really won't bully others anymore..."

Chapter 4986

Elaine only felt that her screaming was so annoying, so she held the pile of hair that she had pulled down directly into her hands, formed a ball, and stuffed it all into Chloe's mouth, and then gritted her teeth and said: " You motherF*cker, forcing the old lady to eat toothpaste, right? Then the old lady will force you to eat your hair! This is your own hair, so hurry up and swallow it for me!"

After speaking, she thought of something and said again: "Damn, Just letting you eat your hair is too cheap for you! I also have to let you taste the toothpaste!"

Just after speaking, the Chinese inmate who was in charge of the translation hurriedly went to the bathroom to get two toothpastes and came back, attentive she handed it to Elaine and said, "Auntie, this is for you! If it's not enough, I'll go get it for you!"

Elaine got angry when she saw the girl's attentive look, took the toothpaste first, and then slapped it again she slapped her face and scolded: "When Chloe bullied me, why didn't I see you being so diligent?! It's such a motherF*cker, my mother annoys people like you the most, leave my mother to your mother's side. Go!" The

girl was slapped in the face, but at this time she dared not speak.

After all, the three newcomers have already said that in the future, Elaine will have the final say on the people and affairs here. Therefore, Elaine is now equivalent to replacing Chloe's position, so how can he offend her.

Moreover, behind Elaine, there are three of them who are strong in force as backers, and they are in an absolute strong position, so they can't be provoked even more.

Seeing that Elaine was crazy, Chloe wanted to take revenge on herself, knowing that eating toothpaste might not be able to satisfy this crazy woman, so she said sharply: "Don't forget that this is a prison! Torturing me like this today, the prison guards will come to the room tomorrow. When the time comes, I will give the prison a warning! The prison guard has a deep friendship with me, and you know it well! I will definitely put you all in the confinement room one by one! And I can ask the prison guard to help you and increase your sentence! Let you cry without tears!"

After she finished speaking, she turned to look at the girl who helped Elaine with toothpaste, and said coldly: "And you! Don't think that they have the final say now, and you want to curry favor with them, Have you ever thought that if they are taken away tomorrow morning, and you are still here, I will see what you will do!"

The girl cried out in fright, and said quickly, "Chloe, I... I didn't mean to, I..."

Elaine was also a little nervous all of a sudden, she looked at the female warrior in Wanlong Palace, and said tremblingly: "Girl, this Chloe has a good relationship with the prison guard, if the prison guard comes tomorrow to check, it will be troublesome then... What should I do..."

The female soldier of Wanlong Palace, who was named the head, sneered, "What's the use of having a good relationship with the prison guard? The prison guard is not the warden, so maybe she will cooperate with her The prison guards will also be arrested!"

As soon as he finished speaking, the door of the cell suddenly opened.

A prison guard walked to the door with a woman in a prison uniform. The prison guard was uncharacteristic this time. Instead of letting the prisoners in the cell line up, he pushed the woman in the prison uniform directly, and then closed the door to leave. .

Chloe didn't care to see who was coming, so she hurriedly cried for help: "Help! Help! They're going to kill me, help me!" The

prison guard turned a deaf ear to her cry and pushed the woman in prison uniform into the After he came, he turned and disappeared.

At this time, Chloe suddenly found that the new prisoner seemed familiar.

She narrowed her swollen eyes and took a closer look. She was shocked and blurted out, "Jie...Jessica?! You...how did you get locked in?!"

Chapter 4987

Jessica was a little shocked when she saw Chloe being beaten into a pig's head. She couldn't help but blurt out: "You... what's wrong with you?!"

Chloe was even more broken at this time. Jessica was regarded as a savior, but Jessica became a prisoner in a blink of an eye, and her heart was desperate at this moment, and she blurted out: "Don't worry about me, first tell me what's going on with you..."

Jessica said in great pain: "It's not because of your cooperation with you to sell cigarettes at high prices... That damn 1024, her family bought a thousand cigarettes from my sister in one go with a million dollars in cash. My sister just put the cigarettes together, and then was stolen by the FBI, and I was arrested by the FBI before I got off work..."

"What did you say? !

Chloe exclaimed and blurted out: "1024's family bought a thousand cigarettes ? ! Didn't we agree to buy two today? ! "

Jessica gritted her teeth and said," he did buy two at first, and then bought a thousand in one go. Chloe immediately asked: "

Why didn't you tell me about this?" ! Do you want to take that money for yourself? ! "

Jessica cursed: "Stop F*cking fart!" By then the time to let the wind out has passed, how can I tell you? I was going to make money first and tell you about it tomorrow, but I would be arrested by the FBI soon after! Chloe asked again: "

Then...then what charges did they arrest you on?"

Jessica said sullenly: "I am now suspected of taking bribes, using power for personal gain and extortion..." Chloe

asked in horror: "You are suspected of extortion, this... has nothing to do with me, right?" Jessica smiled bitterly and said, "

Chloe, don't forget, you came up with the idea of extortion, and these people, including 1024, were also coerced by you, so they went to court at that time." , I am only an accomplice, you are the Mastermind! "

"What did you say?" ! "Chloe only felt a whirlwind.

She is also a veteran in prison. After seeing all kinds of prisoners here, she has mastered more than half of the US Federal Criminal Code without any teacher.

As long as Chloe listens to the other party's description of the crime, he will know what kind of crime he should be convicted of and how long the sentence will be.

And extortion of more than 1 million US dollars has almost reached the maximum penalty for the crime of extortion.

As the principal offender, coupled with the previous sentence, wouldn't that mean you have to go to jail? !

Thinking of this, Chloe was in despair. She looked at Elaine and cried and asked, "You... Who are you... Since your family is so powerful, why were you arrested here for carrying contraband? Come?! No... Since your family is so powerful, why do you still carry contraband?! You... are you not cheating?! Are you seriously ill?!"

Elaine thought of this, I was also aggrieved and uncomfortable, and I thought to myself: "Damn, my son-in-law is so good, and I can find such a great relationship in New York, but as his mother-in-law, I can still be beaten by that Jovie and that one. Stella is playing around in circles, he really stumbles, and the more I

think about it, the more angry I get!" Thinking that Chloe had said that she was cheating, Elaine suddenly became even more angry, raised his hand, and continued to slam Chloe with the bow left and right. , scolded angrily: "What kind of thing are you, you dare to mock your grandma Ma, I tell you, your grandma Ma was framed!"

Chloe was beaten and almost fainted, seeing Elaine beat After such a long day, I didn't even want to stop and rest my hands, and suddenly cried and begged: "Grandma Ma, please forgive me... If you beat me again, I will really kill you..."

Elaine slapped her again . : "Damn! Grandma Ma is also what you can call?"

Chloe's entire face was beaten into a pig's head, how painful it was, but in the face of her pleading, not only did Elaine not soften at all, even the others His cellmates, and even Chloe's former confidants all secretly applauded.

Chapter 4988

In fact, they have suffered from Chloe for a long time. Most of the inmates are extremely dissatisfied with Chloe's wanton oppression of others on weekdays, and most of them have also been scolded and beaten by her. The head fell into the pitiful appearance in front of them, and they finally felt the thrill of getting revenge for a great revenge!

At this time, Elaine was also tired.

Her two arms were already very sore. Beating Chloe for so long was already considered a serious overdraft. At this time, she felt that her arms were almost no longer her own.

It was really unbearable, but whether there was any relief in his heart, Elaine gritted his teeth and said to the group of inmates: "You all line up for me, just like the prison guards do their rounds!"

Everyone knew that Elaine was talking here. The people involved did not dare to disobey each and every one of them, and hurriedly stood in order according to the queue of the prison guards during the rounds.

The female prisoners who were taught by the female warriors of the Wanlong Palace also supported each other and lined up hard. They all wanted to draw a clear line with Chloe at this moment, so as not to be implicated by her in the future.

At this time, Jessica, the prison guard who had just been arrested, was a little uneasy.

Although she didn't know the previous situation, she could clearly see the current situation.

A fool can see that Chloe has lost control of this place, and replaced by Elaine who was extorted by Chloe.

And she also recognized Chloe's confidants. Seeing that they were all injured to varying degrees at the moment, she guessed that the three newcomers must have subverted Chloe's rule here.

In addition to being nervous, she also quickly stood in the queue, daring not to say any nonsense.

Seeing that everyone had lined up, Elaine rushed to the front of the group. She first kicked Chloe's men one by one with her feet. They all helped that Chloe bully the old lady, do you think the old lady doesn't hold grudges?!"

Everyone was kicked by Elaine in turn, and each of them dared not speak, and could only resist.

Elaine kicked all the way over, and when she stood in front of Jessica, she scolded with incomparable resentment: "You don't F*cking act as your prison guard, you have to mess with the prisoners inside! I want to F*ck you. Grandma Ma's money, you really think your grandma Ma is a dry cook!"

After that, he kicked Jessica hard, kicking Jessica back several steps.

But Jessica also dared not speak out, so she could only say respectfully: "Ma'am... These are all Chloe's ideas... If you want revenge, you have to seek revenge from her!"

Elaine said coldly: "Do you think I'll let her go?"

After speaking, she looked at the other inmates, and said sharply, "Listen to me, everyone will give a hundred slaps on Chloe, who the hell is that? If she doesn't, I'll let others beat her to death!" When

everyone heard this, no one dared to refute Elaine even a word.

Besides, most of the people are dissatisfied with Chloe, but they can only succumb to her lewd power all the time.

But it's different now, Chloe has completely lost power, and it's a good time to have revenge and revenge!

So, several women took the lead and rushed towards Chloe.

When these people arrived in front of Chloe, regardless of Chloe's pleading eyes and unstoppable crying, they stretched their arms and twitched hard.

Chloe had completely collapsed, and he burst into tears: "Forgive my life... Please forgive me... I really can't take it anymore, please let me go..."

Elaine looked at Chloe's mouth full of blood. With a tragic appearance, he curled his lips in disdain: "Let You go? Where did you drink fake wine, why are you talking nonsense?"

" There's still more! Don't think about going to bed tonight, these thirty or so people are waiting for you to pinch your feet! I'm going to let you pinch your feet until tomorrow!"

Chapter 4989

Chloe didn't even have a chance to beg Elaine for mercy, and more than 30 people slapped in the face one after another.

In the late stage, Chloe's whole body was already spinning.

She didn't know how many times she fell into a coma, and was woken up by a loud slap.

And Elaine stood aside, like Zhou Papi supervising his own family workers, supervising every female prisoner who beat Chloe.

Whenever anyone slaps lightly, Elaine takes a kick.

In her words: "You bastards, you were bullied so badly by her at ordinary times, and now you finally have a chance to turn around, why are you still soft-hearted? The one just now doesn't count, give the old lady a new fight!"

In fact, the vast majority of people in When facing Chloe, they are not soft-hearted.

They were just tired of slapping their ears, and it was inevitable that one or two of them could not exert their strength and had some strokes.

But in Elaine's view, this kind of stroke is absolutely not allowed.

As a result, these female prisoners, on the one hand, out of revenge on Chloe, on the other hand, did not dare to offend Elaine, so they became more and more ruthless.

So many people lined up to be slapped, and Chloe even showed signs of a concussion.

But Elaine still didn't understand the hatred.

Don't look at her, it's only just one day, but on this day, she has already felt the huge malice and cruelty of Chloe.

Therefore, Elaine secretly decided in his heart that he must not be half-hearted and soft-hearted towards this female devil. As long as he is still in Bedford Hill Correctional Institution, he must let her live rather than die.

So, after everyone slapped Chloe on the face, Elaine walked up to Chloe, who had changed beyond recognition, and scolded coldly, "Chloe, you have been here for so long, I didn't expect today. Bar?"

With that said, Elaine sneered and continued: "There is a saying in China: Don't look at you having a lot of fun today, be careful to pull the list in the future, it's only a matter of time before the people liquidate a local ruffian like you!

", Elaine saw Chloe's sluggish expression, and immediately pointed at the Chinese girl who was standing on the wall, and said coldly: "Why are you still standing there, translate for her!" The

girl was also confused and asked quickly: "Auntie... What are you pulling for a green pill, a green pill?"

Elaine scolded: "Pull the list! The crime settlement list! Do you f*cking think you're going to the toilet? Haven't seen "Little Soldiers" "Zhang Ga", you don't even know such a classic line, are you still from China?!" The

girl said submissively: "I...I am Chinese...but I was born and raised in the United States.is an American citizen..."

Elaine said angrily: "How did your parents act, don't they give you patriotic education?!" The

girl shook her head and said softly: "They I'm busy making money every day, I don't care about me..."

Elaine snorted coldly: "I tell you, no matter where you go, you can't forget your roots! Although you are an American citizen, don't forget, you Her skin is still yellow and her hair is still black!" The

girl nodded hurriedly and said, "Auntie, you are right in your criticism... I will keep this in mind in the future and learn more about Chinese culture..."

Elaine Glancing at her, she didn't say anything more. She pointed at Chloe and urged, "Hurry up, translate and translate!" The

girl didn't dare to delay, and quickly translated Elaine's words.

Chloe's tears had dried up, and he slumped on the ground, shaking and crumbling like a tumbler.

But she heard that Elaine was going to liquidate herself, for fear that Elaine would not be satisfied by now, so she cried vaguely and said, "Please forgive me this time... The mistakes I made in the past, now I've paid it back ten times and a hundred times... I really don't dare in the future..."

Chapter 4990

Elaine sneered: "Now you know how to beg for mercy? It's no use I'll tell you! Come on, let your grandma get up quickly, take the basin to the toilet to fetch water for the big guys to wash their feet, starting today, to you On the day Grandma Elaine was released from prison, you had to wash and pinch everyone's feet every day!"

Chloe didn't dare to delay, insisted on getting up, and stumbled to the bathroom.

At this time, Elaine sat on the bed opposite her, pointed at the female prisoners who had washed her feet before, and said coldly, "You guys, don't think that there is nothing to do with you here. Your grandmother Elaine has never washed anyone's feet in her life, do you think you can bear it?"

Several people were trembling with fright, and one of the brown-skinned Mexican-American female prisoners knelt on the ground with a thud, pleading with sincerity: "I'm sorry Ms. Elaine...I...I was bewitched by Chloe before...I will be at Bedford Hills Correctional Facility and I will obey Ms. Elaine For your order, please forgive me for what I did before..."

Seeing her kneeling down, the others were afraid of falling behind, so they all brushed together. Kneel down.

The gap between the two single beds was not large, so these people knelt side by side in two rows, and they were barely kneeling.

Sitting on the single bed, Elaine suddenly felt like he was sitting on Wu Zetian's dragon chair. Looking around, all his civil and military officials were kneeling.

The strong sense of satisfaction together made Elaine excited, and she suddenly understood why these people in the prison liked to be the boss.

It turns out that being the boss is really cool!

This kind of pleasure in making others surrender to oneself can make one more than one class higher than others in personality.

This is not something you can experience with money.

At this moment, Elaine's vanity was greatly satisfied.

She suddenly wanted to test the loyalty of this group of people, so she stretched and said, "I feel uncomfortable since I came here, if only I could do a full body massage!"

As soon as he finished speaking, the Mexican-American female prisoner quickly stood up, walked up to him diligently, and said flatteringly, "Ms. Elaine, I have learned Japanese Masaki before, if you don't dislike it, let me give you a massage. Elaine raised her eyebrows and said with a smile, "

Then let you try it."

The female prisoner hurriedly went around to another compartment, climbed onto the bed that was back to back with Elaine in the other compartment, and then Reaching out his hand to massage Elaine's neck, Elaine didn't expect that this woman really has two strokes, and the place where she presses it is very comfortable, so she smiled and said: "It's not bad, it seems

that you really learned two tricks." The woman quickly said: "Actually, my major is to do spas. Before I came in, I always did spas for guests in five-star hotels."

Elaine asked curiously: "Since you are all in five-star hotels Why did you come here again after work? What happened?"

The woman sighed and explained, "I stole a watch from the guest, but I didn't expect that watch to be worth half a million dollars... ..The worst thing is that I didn't have time to sell my watch, and I was caught by the police before I got off work..."

Elaine smiled and subconsciously said in a high-spirited, educational tone: "People, you can't have greed, what should be yours is yours, don't stretch out your hand if it's not yours. As the saying goes, don't stretch out your hand, you will be caught if you stretch out your hand."

After speaking, Elaine recalled her The second time I stole charlie's bank card, I couldn't help shivering, and said uncomfortably, "Oh, not only is my neck uncomfortable, but my whole body is uncomfortable..."

Several people kneeling in front of them Hearing this, one by one hurried up without thinking.

Soon, Elaine's two arms and two legs were contracted by a female prisoner respectively. The other two could not be divided, so one massaged Elaine's scalp, and the other helped her rub her temples on both sides.

The seven people massaged at the same time, and Elaine felt so comfortable that the pores all over his body were opened, and he couldn't help humming the tune of the serf who turned over.

At this time, Chloe came over again with a pot and said respectfully, "Ms. Elaine, I'll soak your feet first, and squeeze while soaking..."

Elaine opened her eyelids and slanted. She glanced at her and said coldly, "You f*cking kneel and pinch!"
