

Charismatic Charlie Wade Chapter 5033-5038

Chapter 5033

It's not like you know that the car Soleil was riding in just drove outside the courtyard, and the door was pushed open from the inside.

Ah Liang, whom they were familiar with, and two Chinese with unfamiliar faces walked out of the door together.

Seeing Ah Liang, Jase who was driving hurriedly stuck his head out and greeted attentively, "A Liang, I'll see you someday!" At this time, Ah Liang was completely forced to come over to "greet" Soleil and her party.

Of the four, the whole person seemed a little nervous, and even the reaction speed was much slower than usual.

After Jase called him for a few seconds, he came back to his senses, forced a smile, and said, "Yes...

I haven't seen you someday..." After speaking, he quickly remembered After Charlie's explanation, he quickly said: "Oh yes, the boss was nervous in Jase and others, and Soleil in the co-pilot was also a little flustered.

She waited for Jase to stop the car and asked A Liang: "Boss Fire for what? It's not our business, is it? "It has nothing to do with you..."

" Ah Liang wiped the cold sweat from his forehead and said, "Yes... Uncle Ma caused the trouble..."

" Soleil heard this, I can't help but breathe a sigh of relief.

For these desperados, it is their standard mentality that a dead friend will not die.

Although everyone is usually a cooperative relationship, if something goes wrong, others will not have any sympathy.

So , she asked curiously: "Brother Ma, what happened to him? What the hell happened? ! When Ah Liang heard Soleil asking about this, he immediately became angry and couldn't help but cursed in his heart: "Everyone is f*cking murdered by you, you have the f*cking face to ask!"

If you hadn't cheated on that Charlie's mother-in-law, how could we be killed by Wanlong Palace today? If we die here today, you're the f*cking culprit! "However, Ah Liang dared to turn against Soleil directly in front of the two Wanlong Hall soldiers, so he could only say angrily, "I can't say a word or two, you'll know when you go down and meet him later."

"Soleil didn't think much about it. At this time, she felt very relaxed.

She originally thought that if she was not doing well this time, the boss would teach her a lesson.

I didn't expect that Ma Kui would get into trouble at this moment.

Is it like wearing a body armor for himself? Let him attract the firepower of the boss.

It is estimated that there will be not much left by the time he is here.

Immediately, Soleil is in a much better mood, only to find that the two Chinese beside A Liang are both They are unfamiliar faces.

In Crazy Juarez, there are not many Chinese people.

In fact, Ma Kui is the only one who can really infiltrate the core.

As for Soleil and A Liang, they are actually the off-line of Ma Kui's development.

As for Xu Jianxi , Jase, they are another wave of Soleil's development in the United States, and they are already outside members.

Therefore, there are suddenly two more yellow-skinned Chinese here, which is somewhat strange to Soleil.

So She asked curiously, "Aliang, are these two newcomers? Why haven't you seen it before?" Aliang quickly replied with the speech that Charlie prepared for him: "These two are the new bodyguards hired by the boss, and they are both from the famous Wanlong Palace.

""Wanlong Temple?" ! "Soleil was stunned.

She has been in the gray world all the year round, and she has long been like Wanlong Palace.

now that she heard that the boss had hired two Wanlong Palace soldiers as bodyguards, he blurted out in surprise: "Boss has a relationship with Wanlong Palace?! He had always wanted to connect with Wanlong Palace before.

Chapter 5034

You may have never been able to get your wish!" "Yes.

" Ah Liang was full of despair when he thought of the Wanlong Palace, and said with a bit of dejection: "This time the boss and Wanlong Palace...

In a sense, It can be considered as a complete line...

" Soleil said excitedly: "Okay! Great! We can connect with Wanlong Palace, what should we worry about in the future? In Europe and the United States and even in the Middle East You can go sideways!" She also saw Ah Liang's decadence, and thought that Ah Liang must be worried because Ma Kui got into trouble and was taught a lesson by the boss.

After all, Ma Kui is Ah Liang's protective umbrella here.

If Ma Kui really loses power, then he smiles and reassures: "Aliang, you don't have to be too nervous, after all, Brother Ma has been with the boss for so many years, the boss won't be too embarrassed.

His." Ah Liang looked at Soleil, smiled sullenly, and said insincerely, "I hope...

" Soleil nodded and smiled, remembering something, and asked him: "By the way, Ah Liang, that Trent should have arrived, right? I haven't dared to contact the outside world for the past two days, and I don't know what he's doing.

" "It's already here...

" Ah Liang glanced at Soleil and hummed: "Trent also met a Chinese on the plane, and the two chatted very speculatively, and the other party said that he also wanted to come over as a seaman.

I asked Uncle Ma for instructions, and I brought them back from the airport together.

" Soleil smiled: " Damn, there is such a good thing, isn't this the God of Wealth sent to the door?" "The God of Wealth?" Ah Liang was slightly startled, then shook his head and smiled bitterly: "Yes...

God of Wealth.... ..

Go down and meet that God of Wealth later...

" Soleil didn't think much, just said with a smile: "I lied to Trent , the kid you mentioned is Trent again.

I brought it here inadvertently, and if that kid turns out at that time, I will take half of the commission no matter what.

" After speaking, Soleil looked at Ah Liang and smiled, "Don't worry, Ah Liang, your Aunt Soleil can't.

Let you do it in vain, and then I will tell the boss that you will pay 20% of the ingredients.

" Ah Liang looked at Soleil with a surprised expression, then laughed dryly, and said, "Forget about Aunt Soleil, keep it for yourself... ..

"Soleil chuckled and said casually: "This is what you said, don't regret it then.

After that, she said with a smile: "Go, go and see that fool who threw himself into the trap!" While talking, Soleil and the four had already arrived at the entrance of the underground operating room.

But Soleil had no idea that her vicious life was about to be completely buried here.

Soleil stepped down the stairs, only to see that there were a few people, but at this time, Trent , who was still in shock, saw Soleil walking down, and immediately roared furiously: "Jovie, you bastard! "Soleil was taken aback by this sudden voice.

When she saw that it was Trent who was speaking, she couldn't help laughing and said, "Oh, it turns out to be Sister's son, how is it, you Aunt Chen, are you still satisfied with the job I introduced to you?" "Speaking, without waiting for Trent to speak, she continued to speak.

Said: "Oh, by the way, I haven't had a chance to tell you, you Aunt Jovie, my name is not Jovie, my name is Soleil,

you can call me Aunt Soleil!" Trent scolded angrily: "F*ck you! You mourner A good old witch, a person like you deserves to go down to eighteen levels of hell after death and never be reborn!"

Soleil did not expect that Trent would scold herself as soon as she came up, but she was not angry, just Step by step, he walked towards Trent and said with a sarcastic smile: "Oh, this is a good saying,

don't chase after the poor! For someone like you who has reached the end of the road, you, Aunt Soleil, and I don't have the same knowledge as you."

Chapter 5035

Why are you here? Trent 's character is actually a relatively mature and somewhat conservative intellectual.

To use a more popular saying now, this person is more oldschool.

He has always had the arrogance of the intellectuals in the early years, as well as the unique temperament of some typical people that can be called poor.

People like this usually don't swear at people, but if he does swear at people, he is really forced to be anxious.

Although Trent didn't have to worry about his own safety at the moment, he still couldn't restrain the hatred for Soleil in his heart.

After all, this woman tried to kill him in the cruelest way, but she foolishly regarded her as a great benefactor and was grateful.

Therefore, seeing her now, Trent 's hatred for her in his heart is almost indescribable in words.

Moreover, he never expected that this Soleil's death was imminent, and he didn't even know it.

So, he gritted his teeth and said, "You say I'm a poor bandit, where do you get your confidence? I heard that your home has been raided! Your husband and your son have been arrested! All the unscrupulous money you earned is also You have been sealed up!

Decades of hard work have come to nothing, I am afraid you are in great pain now, right?" Soleil was shocked when she heard Trent 's words! Her confidence and arrogance just now disappeared without a trace in an instant, replaced by an expression of gnashing teeth, split eyes, and even a seven-point madness.

She stared at Trent and roared sternly: "How do you know this?! Who told you this?!" At this moment, Soleil was not just angry.

She was more shocked.

Because she couldn't understand how a fool like Trent who didn't even know his true identity would know what happened to his family? ! She pondered in horror in her heart: "The things that happened at home, except for the people in the car when we came, no one else knew about it!" "Also, everyone lost their mobile phones along the way, and there was no one at all.

With the way of communicating with the outside world, even if the other three want to tell others about this matter, it is impossible.

"Furthermore, even if they have the ability to tell others about this matter, it is impossible to tell this matter at all.

Trent ." "What's more, even Ma Kui and Juarez here don't know the information about his family, so Trent definitely didn't hear it from them...

"Then how did he know all this? ! "Trent also had the idea of revenge on Soleil at this time, looked at her and said with a sneer: "Soleil, I didn't expect you to have today!"

Do you know, your whole family is completely doomed this time, when your husband and your son come out of prison, the people of Wanlong Temple will bring them to Syria to work as coolies, and they will never be freed again in this life, you know why ?

Because they want to help you atone for your sins! ""You fart! "Soleil gritted her teeth and scolded: "You don't have to give a damn here! Wanlongdian cooperates with our boss, and will be our partner in the future! They helped me rescue my husband and son from prison.

How could they take them to Syria to work as coolies? ! Believe it or not, I'll have the doctor come over and sew your mouth up, anyway

What we want is the organs in your stomach and the corneas of your eyes, and we don't want your stinky mouth! Trent ignored her, but looked at charlie, who had been facing Soleil, and said quickly, "Brother, this vicious woman is here, why don't you deal with her!" "Soleil didn't recognize charlie's back, but said disdainfully,

Chapter 5036

"What? Do you have any help? Is that the big bad guy who sat with you on the plane and came here with you after getting off the plane?

You have hurt people miserably, and no one who came to us can leave completely! This brother of yours, I am afraid that he will have to suffer from the same heart and lungs as you!

At this time, charlie suddenly turned around, looked at Soleil with great interest, and asked her with a smile,

“Aunt, look at my body, how much can I sell it for you?” “When Soleil saw charlie’s one, her whole body felt like a thunderbolt hit her heavenly spirit cover! She blurted out, dumbfounded,

” charlie, why are you here?” ! Charlie smiled slightly, shrugged and said, “Of course I’m here to find you.

You put my mother-in-law in jail, and my wife is crying every day for me to rescue her mother.

How could I let you go?” The culprit? “Soleil said coldly: “What? If you are alone, do you still want to settle accounts with me when you arrive in Mexico? “Speaking, she snorted coldly:

“Charlie, do you know what this place is?” This is Crazy Juarez’s territory! The number of people who die here every year is uncountable, and when you get here, there is only one dead end! charlie asked with great interest: “Is the boss of Crazy Juarez named Juarez?

“Soleil said coldly:” That’s natural! Our boss is the famous Juarez! charlie nodded, winked at abbas, and said, “abbas, drag that guy over!” “”Follow your orders!” Abbas responded,

and immediately dragged Juarez, whose legs had been abolished, out of the crowd.

When Soleil saw the facial features of Qing Hualei, she immediately stepped back several steps in fright.

Accidentally bumped into Xu Jianxi behind him, and both of them sat on the ground.

Soleil looked at Juarez and asked in a panic, “Old... boss...you...What’s wrong with you? ! “Juarez gritted his teeth and shouted in English: “Soleil, you stinky scumbag!” I am going to kill you! “charlie kicked him, kicked him out, and said coldly, “Did I let you talk? “Juarez rolled around on the ground, the pain on his leg was piercing, but he didn’t dare to hum a word in front of charlie, so he could only honestly shut his mouth.

Soleil collapsed.

Unexpectedly, his boss turned out to be a dog at Charlie’s feet.

This... .. Doesn’t this mean that charlie has the final say here? ! Thinking of this, she suddenly realized, looked at charlie and blurted out:

“It’s you! You got my family in, right?!” charlie sneered: “I just found out your identity, follow the vine, and then I found your family members, your family members have been doing things against the law and discipline, and naturally they must be punished by the law.

” After speaking, charlie said again: “But what Brother Lang said just now is right, the punishment of the law is only they should take

Part of all the punishments received, after they are released from prison, I will let them go to Syria to continue to reflect, so that they cannot leave Syria for the rest of their lives! “Soleil said in a terrified manner: “charlie,

if you have something to do with me, don't do anything to my family!" They are innocent!" charlie smiled and said, "Didn't I come for you?"

It's just that your sins are so heavy that your life alone is not enough to repay the blood debts you owe, so you have to ask your family to repay.

With that said, charlie said again: "Besides, your family is not innocent.

The mansion they live in, the luxury car they drive, and every penny they spend on extravagance and waste are all with blood and human life!" "(

Chapter 5037

charlie's words made Soleil tremble.

She stared at charlie, and asked the most doubtful question in her heart: "charlie, who are you?!"

Others, including Juarez and Ma Kui, also looked at charlie blankly at the moment.

They also all wanted to know what was the origin of this charlie in front of them.

charlie smiled lightly and said, "There are many people who want to know my identity, but you should be the worst among those people, so you don't deserve to know what my identity is, you only need to know that the whole The Dragon Palace is loyal to me, and I said this not to show off, but to let you know that after you die, I have enough ability to make your family pay the corresponding price!"

Abbas on the side immediately said in a cold voice: "As long as Mr. Wade gives an order, even if your family escapes to the ends of the earth, I, Abbas, will catch them back!"

Soleil looked at charlie as if she was looking at a monster.

She didn't know until this moment that she had offended a powerful man for money!

charlie has the Wanlong Palace in his hand, let alone bringing his two sons to Syria, even killing himself is easy!

At this moment, Soleil was completely panicked.

She has been evil all her life, but she has never had nightmares on weekdays.

From the moment she set foot on the road of no return, she has established an extremely powerful psychological construction for herself.

She felt that she did all this for the sake of future generations, and as long as future generations could live well and get rid of the impoverished situation in the past, even if she was shot, it would be worth it.

But it was such a person who was not even afraid of death, and was pinched by charlie precisely seven inches.

When the family had an accident, Soleil was desperate once, but Xu Jianxi and Jase cheered her up, and the reason for her cheer up was that her sons were only suspected of money laundering. This is not a serious crime in China. It will be out in a few years.

Therefore, before coming here, she had already made up her mind that she would do her best to make money in the future, not only for her sons, but also for her grandchildren.

But Charlie's words completely cut off all the support in her heart.

The thought of her sons going to Syria in the near future and living a life without freedom and darkness made her heart hurt like a knife.

She looked at Charlie, her legs suddenly softened, and with a plop, she knelt on the ground and begged: "Mr. Wade...I beg you to let my two sons go...as long as you can let them go, even if you kill me now, I have no complaints!"

Charlie sneered and asked her back: "Soleil, you have to come up with bargaining chips to negotiate conditions. Think about it now, what other bargaining chips can you use to negotiate conditions with me?"

Soleil's expression was extremely flustered.

She knew that she had no bargaining chip in front of Charlie.

She cried in despair, and at the same time choked out uncontrollably: "Mr. Wade, my two sons are not very promising, and their brains are not very bright. You tried your best to get them to Syria, they will not only cause trouble for you, waste you except for the food, it can't have any effective effect, please raise your hand, Mr. Wade..."

Chapter 5038

Charlie sneered: "Soleil, I have read the information on your two sons, and they are indeed not very clever, and it can even be said to be a bit stupid, but it doesn't matter, I think both of them are fat and white, they must be both with two arms, Wanlong Temple is building its own permanent base in Syria, and there is a shortage of such strong and simple-minded people to work hard, and the two of them are simply perfect."

Soleil was so frightened that she cried and couldn't help but wanted to ask for mercy, but Charlie glared at her with sharp eyes, and said coldly, "Soleil, I plan to save your two sons now, but if you are still talking nonsense here and continue to annoy me, then I may have to change the solution. If the three of you are in />

When Soleil heard this, no matter how scared she was in her heart, she didn't dare to say more nonsense.

After all, she has long understood the truth that it is better to die than to live.

If the two sons go to Syria in the future, it will be much better than being silently killed one day.

So, she raised her arm and slapped herself hard, and said nervously, "It's all my fault, it's all my fault, Mr. Wade, don't have the same knowledge as me..."

charlie didn't look at her anymore, but called Abbas aside, and whispered: "Abbas, let your subordinates remove all the bodies of those Crazy Juarez members, don't leave any of them, stay alive. The same will be true of those who will then."

"As ordered!" Abbas nodded immediately, and then asked charlie in a low voice, "By the way, Mr. Wade, there are a few Chinese people in the cell next to them, what should I do with these people?"

charlie said without hesitation: "Of course you can't leave it alone, you go to arrange the things I explained first, and I will arrange these people myself."

"Subordinates obey!"

Immediately afterwards, Abbas stepped out of the underground operating room, while charlie stepped back and went straight to the iron fence on the side of the corridor.

At this time, when several people detained in the iron fence saw charlie approaching, they rushed to the iron fence one after another with great excitement.

Among them are old ladies in their seventies and eighties, and young people in their twenties.

charlie didn't expect that this group of people would not let go of old ladies in their 70s or 80s. At this age, they are already dying. What value can their organs have?

At this time, one of them stared at charlie expectantly, and blurted out a plea: "Mr. Wade, Mr. Wade, help Mr. Wade!"

charlie was not at all surprised when the other party called him Mr. Wade. After all, he had always shown his real identity just now, and they could naturally hear their name across the iron railings.

charlie looked at the person who was speaking, saw him in his mid-thirties, and spoke in standard Chinese, so he asked, "Are you from China too?"

"Yes!" The man nodded hurriedly, then pointed to the people around him and said, "We are all from China, and we were all tricked by them. Now we are locked here waiting for organ matching, and we did matching before. Yes, all of them were killed by them, please save us!"

charlie looked at these eager-looking compatriots, nodded lightly, and said seriously: "Don't worry, I will definitely save you out."

Having said that, charlie paused slightly and continued: "But there is one thing, I want to make it clear to you in advance."

Several people hurriedly said: "Sir, please speak!"

charlie said seriously: "Everything that happened here today must not be spread out and known to the outside world."

The man blurted out: "Don't worry, sir, after we go out, we will definitely not say a word! No one will ask!"
