

The Amazing Son In-Law Chapter 1031-1040

Chapter 1031

Must have a son to succeed the Xue family.

This is why Nanshan and his sister are very eager to hope that Kaili can have a son.

Therefore, Nanshan realized at this moment that if he had to die here today, he would have to let Kaili and the child in her stomach live.

What if it was a boy? The Xue family has a prince.

Otherwise, if Kaili died here today, then the entire Xue family would be the last!

Thinking of this, he immediately said to Marven: "Big brother, what hate you have, any grudges will come to me. My wife is innocent, and the child in my wife's belly is also innocent, please let her go!"

Marven said coldly: "You have poisoned so many children, haven't you thought that those children are the most innocent?"

Nanshan cried and said: "Even if I am utterly conscienceless, it has nothing to do with my wife and children. Please let them go! You can't kill a pregnant woman in front of so many people, right?"

Marven smiled and said, "I didn't expect it, would you still kidnap me morally?"

After speaking, Marven nodded and said: "But you are right. It is really not my style to kill a pregnant woman, so I am going to let your wife go."

As soon as the voice fell, Kaili on the side was so excited that she kowtows her head again and again, crying and laughing and said: "Big brother, thank you, big brother, thank you for not killing!"

Marven waved his hand: "Don't worry, I don't need to kill you, but the child in your stomach belongs to you and this s*umbag, so I can't let you go right now. I will arrange for someone to take you there directly. The obstetrics and gynecology hospital and the child will be knocked out. I will hand you over to the public security organs and let them take you to court to sentence, go to jail, and shoot according to your actions!"

When Nanshan heard this, he suddenly shouted: "How can you make our Xue family like that! The incense of our Xue family is in my wife's belly!"

Marven smiled and said: "I'm sorry, a scm like you, and a scm who specializes in destroying families, is not worthy to continue the incense. I can spare life of your daughter, but the embryo in your wife's belly, Don't be foolish!"

Later, Marven looked at Kaili again, and said coldly: "You choose now, do you want to stay and die with your husband, or kill the child and get your own dog life going?"

Kaili blurted out completely without thinking: "Brother, I want to live, I don't want to die, the child can be knocked out, at any time!"

In fact, at this moment Kaili had already thought very clearly.

First of all, she can't die anyway, because she's still young and haven't lived enough. If it is to die with her husband, she doesn't want to die.

Secondly, the child in the belly is only two months old. To put it bluntly, it is a fertilized egg. It doesn't matter if it goes on or not, as long as she can live is more important than anything else.

Therefore, of course she is willing to choose to knock the child out!

When Nanshan next to her heard this, his whole person was almost gone. He observed at Kaili with cannibalistic eyes and gritted his teeth and cursed: "You stinky lady, you want to abandon me at the critical moment and live by yourself?!"

Kaili looked at him nervously and said seriously: "Husband, do you want me to die with you? We still have a daughter! Even if I am in jail for more than ten years, my daughter still has a mother. If I die here today, our daughter will be an orphan!"

Chapter 1032

Nanshan angrily scolded: "You have to kill Nanshan's son to survive! Now you still want to use daughter as a shield, do you think I will be fooled by you! You b*tch, how come I didn't see that you are such a dog that is greedy for life and fears death, and betrays your husband to live alone at a critical moment!"

Kaili did not expect that her husband would scold her bloody at this time.

It is true that she really wants to live, but what she said is not unreasonable. In this case, whether she choose to die or choose to live, it is impossible to keep the child in her stomach. In this case, the couple can live. One, isn't it much better than two deaths?

So, she asked Nanshan: "Let's be a husband and wife. When you pleaded for me just now, you asked this eldest brother to let me go, but you heard that after the child can't stay, do you want me to die with you? Is the only reason I live is to give birth to your child?"

Nanshan blurted out: "I pleaded entirely because of the child in your stomach. If there is no child in your stomach, why should I die and you not? Why can't it be you and me?! No matter how bad it is, we have to die together. Companions of the Death Road!"

Kaili looked at him in shock, and said angrily: "Well, Nanshan, how come I haven't noticed that you are such a thing! A couple with you, at the critical moment you actually want to take me to your funeral!"

After speaking, she immediately looked at Marven: "Big brother, I will listen to your instructions. I can go and kill the child now, as long as you spare my life!"

Marven nodded in satisfaction and said, "Yes, since you are so enlightened, then I will spare you not to die, and now I will arrange for someone to take you to the hospital!"

Kaili was so excited, she knelt on the ground and knocked Marvin a dozen heads.

At this moment, Nanshan next to her was already hysterical!

While Kaili was not paying attention, he suddenly rushed up, pinched her neck tightly, pressed her to the ground, and looked at her with gritted teeth: "You unfaithful dog woman, die for me!"

Seeing Kaili had been pinched by her and rolled her eyes, Zak Chen hurriedly asked him: "Mr. Ye do you want to make a move? If you don't make a move, this woman will die."

Marvin said lightly: "Old Zak Chen, remember what I just said, I will not kill a pregnant woman!"

Zak Chen suddenly realized!

The young master did say that he would not kill a pregnant woman.

However, if this Nanshan killed the pregnant wife himself, then no one else could be blamed.

Sure enough, within a minute, Kaili had stopped her heartbeat and breathing.

After Nanshan strangled her to death, he couldn't get rid of his hatred, and gritted his teeth and cursed: "This bitch, wanted to live alone? Go ahead and wait for me! When you are dying, you can pull a back cushion, and it is worth the fck. Now!"

Marvin sneered. This Kaili was a kowloon sergeant of the entire gang of beggars. Don't think she was a woman, but she might have done no less evil than others.

Therefore, if he were to let her live, Marvin would also feel very sick.

But there is no way. People always have to have principles. This group of dogs has no principles, so they have done so many unconscientious things, but they can't, at least they can't kill a pregnant woman by themselves.

It's alright now, Nanshan helped him solve this problem, at least he would not feel sick because Kaili was still alive in this world!

Chapter 1033

After Kaili's death, Liu Zhaochen's family, Jiang Ming and others were already frightened.

In a short time, two people have died in front of them, and everyone's death is so miserable.

The beggar elder who drove the Mercedes-Benz S-Class was originally the envy of everyone. He had money and status, and he drove a luxury car.

However, just a few minutes ago, his luxury Mercedes became his steel coffin.

But in front of them, Kaili's desperate tragic situation shocked their hearts.

Marven asked Zak Chen with a cold face at this time: "Where are the other core members of the Beggar Gang?"

Zak Chen said: "Mr. Ye rest assured that I have notified all our forces in Suzhou. They are already walking, and these people will soon be brought over one by one!"

"Okay!" Marven nodded and sneered: "Today, none of the core members of the Beggar Gang will stay alive!"

quickly!

All the people and horses of Ye Family hiding in Suzhou began to move, and the members of the gang kidnapped from various places were sent to the bridge one by one.

Two of the nine elders of the beggar gang have died, and the remaining seven have been taken one after another.

The two deputy leaders of the Beggar Gang were also brought to the scene at this time.

After the members of the beggar gang gathered, one by one was frightened and collapsed.

None of the later gang dared to believe that someone dared to destroy the entire gang of beggars in Suzhou.

Behind the gang of beggars, Regnar of the Wu family is supporting.

Why don't even Regnar care about this group of people?

Marven stood in front of this group of people at this time, and said to Zak Chen beside him: "Let people bring steel bars over, and give me all the hands of these people and tie them up tightly with steel bars!"

One gang leader, two deputy gang leaders, seven elders, and nine people knelt in a row.

The first one was Nanshan, the gang leader who just killed his wife!

Marven's phone has not stopped recording. At this time, he pointed the viewfinder at Nanshan and said with a smile: "Come on, introduce yourself, who are you and what do you do, and who do you work for?"

Nanshan looked at him coldly, gritted his teeth and said: "You f*cking pretend to be here with me, I know I will not survive today. If you want to kill, kill, but my brother-in-law will definitely take revenge for me. Then he will take your body between thousands of corpses!"

Marven nodded and smiled, and said disdainfully: "I, the least believer, is how kind a person can be!"

After all, he looked at everyone kneeling in front of him, including Liu Zhaochen's family and Jiang Ming, and said sharply: "I can tell you very responsibly that today is your anniversary. None of you can live

today, but die. There are also many different ways. Some methods of death may be painful, and some methods of death may be more painful. Whether it is painful or less painful depends on your performance.”

Later, Marven looked at Nanshan and smiled: “Didn’t you Nanshan just behave very unkindly? Then you have chosen the painful way of death! I will let you do what you want!”

A panic flashed in Nanshan’s eyes.

He didn’t know what exactly Marven would do to torture him.

At this time, Marven said to Zak Chen: “Take off all the clothes on this person, and then use a knife to cut me thin cuts on him. The more you cut, the better, and the wound should not be too deep. But it must bleed. In this case, use a helicopter to lift him up and throw him in the river, so that the fish in the water can eat the wounds on his body. If there is enough time, he can be eaten into bones alive!”

Chapter 1034

Zak Chen’s expression stunned when he heard the whole individual, but he didn’t expect the young master’s methods to be so cruel.

However, think about what this group of people are doing is completely devoid of conscience, this method of death is already very fair to them.

If such a s*umbag is placed in ancient times, he must be executed soon.

So he didn’t have any hesitation anymore, and immediately said to the two men in black next to him: “You two, remember to cut the wound more densely!”

The two of them were top killers who killed countless, so they were accustomed to this kind of thing for a long time, so the two immediately took out their knives from their pockets and walked towards Nanshan without expression.

Nanshan, who was still very stubborn just now, was trembling with fright at this time, crying loudly: “Big brother, I was wrong, big brother, I was really wrong, I will say whatever you ask me to say, I will never follow you are pretending to be forced, please don’t torture me!”

Marven sneered and said: “What? Haven’t started cutting yet? Are you scared? What about the courage just now?”

Nanshan panicked and said: “Brother, you can hit me twice, even if you kill me now, I beg you, don’t torture me, I will say whatever you ask me to say, and I will cooperate to the end.”

Marven said: “Sorry, I just gave you a chance, but it’s too late now.”

After speaking, Marven said again: “But it’s a bit useful to make up for it. Don’t worry, I won’t let the fish eat you into bones. I will ask you to face the camera later and leave a few words for your brother-in-law.”

As soon as the voice fell, Marven instructed the two men in black: "First give me his two legs to deal with it!"

The two immediately took out their knives and cut off Nanshan's trouser legs directly, and then drew countless blood trails on his calves and thighs, causing him to scream miserably in pain.

The people next to him looked even more terrified.

Immediately afterwards, the helicopter took off Nanshan, whose legs were covered with bloody wounds, and then hung him into the river.

Even across such a high bridge, you can hear the screams on the water!

After 10 minutes, Marven said: "Okay, bring him up!"

The helicopter lifted him back slowly.

When he approached the bridge deck, his two legs had been gnawed by the fish in the river so that they didn't look like they were, and bones were exposed in several places.

The 10 minutes that have just passed were the most painful and difficult 10 minutes in Nanshan's life.

In those 10 minutes, he felt that countless big fishes and small fishes in the river were desperately trying to tear a piece of meat from the wound on his leg.

That kind of feeling is like being bitten countless bites of meat on his leg, every bite hurts so much that he wants to die!

Now he has only one thought in his mind, no matter what, he can no longer be thrown into the water!

So no matter what Marven asked him to do next, he would not dare to have any disobedience!

The man in black caused Nanshan, who was so painful to collapse, to kneel. Marven looked at him and asked, "How do you feel?"

Nanshan cried bitterly: "Please kill me, I really don't want to live..."

Marven shouted coldly: "I'll give you another chance now. You can answer whatever I ask you. If you answer well, I will give you a happy reply. If you answer badly, you will be embarrassed. "

Nanshan nodded as if pounding garlic, crying and said, "Big brother, ask, and I will answer all questions!"

Chapter 1035

Marven pointed the phone at him and asked, "What is your name? What occupation?"

Nanshan tremblingly said: "My name is Nanshan and I am the leader of the Beggar Gang."

Marven asked again: "What kind of livelihood does your Beggar Gang do?"

Nanshan answered truthfully: "The main business of the gang is to pretend to be beggars and beg everywhere."

Marven asked: "You all wear gold and silver, why do you pretend to be beggars and beg?"

Nanshan said: "Because the money is the fastest in this way, we only need to send people out and lie down and sell badly in various crowded places, and we can have a high income."

Marven asked: "Then why do you abduct so many children?"

Nanshan said: "Because when begging, if you bring a child with you, you can double the alms, even several times..."

Marven continued to ask, "Then why do you make good children disabled?"

Nanshan shuddered and said: "Children with disabilities are more able to arouse others' compassion. According to our experience, it is the easiest to make money with children with disabilities."

Marven asked coldly: "Then how many children have you hurt so far?"

Nanshan said nervously: "I haven't counted this, but there should be three digits."

Marven continued to ask: "Who is behind you to support you in doing such a thing, and who is your backer?"

Nanshan said: "My patrons are my sister and brother-in-law."

Marven asked: "What are the names of your sister and brother-in-law, and what do they do?"

Nanshan honestly said: "My sister's name is Yaqina. She has no job and is a full-time housewife. My brother-in-law is Regnar. He is the heir of the Wu family in the city."

Marven asked coldly: "In other words, the reason why you dare to do this kind of conscience is completely because you have Regnar behind your back, isn't it?"

Nanshan hesitated for a while, but he nodded obediently and said, "Yes, the Beggars develop to this day relying on my brother-in-law to help. It was him who came forward to support me, so no one dared to fight against me."

Marven asked again: "Does he know what you depend on for a living? Does he know that you poisoned so many minors?"

Nanshan nodded: "He knows, he knows all, and my sister also knows..."

Marven nodded in satisfaction.

With this video, as long as it is released, the reputation of the Wu family will be greatly affected.

They will be angrily condemned by countless netizens across the country.

At that time, it would be impossible for the Wu family to be able to do a PR.

What Marven wanted was to make the Wu family suffer!

For this matter, the Wu family is the culprit behind it!

If it weren't for the Wu family's help and abuse, helping this Nanshan all the way, forming a gang of beggars, and growing stronger, then he wouldn't have the opportunity to poison so many children!

Chapter 1036

Therefore, the Wu family is an absolute accomplice.

Marven believed that Regnar would be very, very uncomfortable after this video was released.

Didn't he want to confront him?

Isn't he secretly looking for his enemy, ready to unite and attack him?

Sorry, this young master is already impatient with waiting, so take your brother-in-law first!

So Marven immediately said to Zak Chen: "Put all the members of this gang of beggars into that Iveco, and then weld the steel bars on their hands to the car body!"

"Yes!"

Zak Chen gave an order, and many people in black rushed up quickly. Every two people grabbed one and brought them all into the car, which had been cut off and topped Iveco.

The children of Iveco have been taken to the helicopter and continue to fall asleep.

The people in black didn't have any kindness to them even if these people were crying and howling.

Immediately after the electric welding machine started up again, the steel bars were wrapped around their wrists. This time they directly welded the steel bars on their wrists to the car.

The welding caused a violent high temperature, and this group of people howled.

The whole scene is like purgatory on earth.

At this time, Marven looked at Liu Zhaochen's family of five, and said coldly: "Your family, do some sneaking and petting businesses. You won't change after repeated teachings, you are extremely nasty, and are inferior to astupidls! It's really everyone's possession and condemnation! Today I will walk for the sky and send your family on the road!"

After finishing speaking, he ignored the hoarse pleadings of the Liu family, and directly let the people in black bring them into Iveco, and weld them firmly with the others.

At the scene, Jiang Ming, who was almost frightened, was left alone.

Jiang Ming's eyes towards Marven were so empty that they lost his soul.

His whole body was shivering constantly, and his mouth murmured: "Marven, we have grown up together, I beg you to forgive me, I am not a heinous person, I don't want to die...please you see, for the sake of growing up together for so many years, spare my life..."

Marven lowered his head to see that his crotch was already covered with filthy things, and it seemed that he had already incontinence.

His face looked like frost, and he said coldly: "Jiang Ming, when you are born, you have to know what you can do and what you can't do. The 100,000-volt high-voltage line will kill if you touch it. When you are a first-time offender, and you are open, not to mention that you grew up in a welfare institution. Child trafficking is a high-voltage line that no one can touch, and the one we should not touch is orphans like us. I don't understand this truth, so what's the point of your life?"

Jiang Ming crumbled and grabbed his hair and tore a large bunch of hair. Then he raised his head and looked at Marven with blood-red eyes: "Marven, before I die, I have one more question I hope you can answer. Can you satisfy my wish?"

Marven nodded and said: "For the sake of growing up together, I will satisfy your wish. No matter what question, I will answer you. However, after I answer you, after you get my answer, you are going away from this world!"

Jiang Ming shuddered suddenly, staring at Marven, and asked: "Marven...who are you...what are you, who can have such great energy... .."

Marven smiled slightly, even if he was right, Jiang Ming would definitely ask him this question.

So, he squatted down, looked at Jiang Ming's eyes, and said word by word: "Jiang Ming, what I want to tell you next, even my wife doesn't know it. This may be the last thing you get before you die. An answer, so I hope you can listen carefully."

Jiang Ming swallowed hard, nodded hard, and said with a trace of unwillingness in his eyes: "Don't worry, I will listen carefully to every word you say, so that I can come to you for revenge in my next life.!"

Marven smiled indifferently: "Then listen carefully! I am from the Ye family of Orgeyon...!"

Chapter 1037

"What?!"

Jiang Ming has lived for more than 20 years, and what Marven said was the most shocking and incredible sentence he had heard in his life.

With bloodshot eyes, he observed at Marven's face and muttered: "Impossible, how is this possible? I know you, I have known you since I was a child, your name is Marven, you are an orphan! You were eight and taken back to the orphanage by Aunt Li when you were 20 years old. You were like me. In this society, there is no support, no father and no mother. How could it be that you are the young master of the Ye family?"

Marven smiled slightly: "I know, it's hard for you to believe this, but it's really true. Otherwise, how could you think I could mobilize so many people to chase you casually? Look at these helicopters. , Look at these people in black with live ammunition, if I were not the young master of the Ye family, you should have succeeded this time."

"But...but..." Jiang Ming asked incredulously: "If you are the young master of Ye's family, why did you grow up in the orphanage? Why didn't they treat you and took you away? Why let you, a young master in oblivion live with a stinky silk like us since childhood?"

Marven smiled and said: "They didn't know my whereabouts back then. Before my father died, it took a lot of hard work to hide my identity. Although the Ye family has been looking for me, they never thought I will grow up in an orphanage."

Jiang Ming immediately asked: "Then they found you again now? When did it happen? Why is this?"

Marven said: "They came to me some time ago. Before they found me, I was just like you, and I might not be as good as you, because at that time, I was not only physically penniless, I still worked as a live-in son-in-law at my wife's house. Every day I washed clothes and cooked. I didn't see any hope in life. Unlike you, you can at least work as a director in a deceptive company."

Jiang Ming blurted out: "You know that you are the young master of the Ye family. Since you are living in such a miserable life, why don't you take the initiative to find them? As long as you take the initiative to find them, you don't have to live a life of being looked down upon?"

Marven smiled and said: "This is the difference between the two of us. I came from an extraordinary background, but I am willing to be humble; you come from a humble background, but you are not willing to be humble and ordinary. If you are like me and willing to be humble, how can you commit crimes? What's the big mistake you made today?"

"I don't understand!" Jiang Ming desperately shook his head, already a little irrational and said: "I don't understand! I really don't understand! Is it because you saw money when you were young? Can you go on?"

"Perhaps." Marven smiled faintly, and said: "When I was young, I was really rich in clothes and every other aspect. The life I lived at that time may be something you can't imagine now, but what about it? I didn't live well. Happy not, my parents were not happy either."

Jiang Ming asked incredulously: "Then are you willing to suffer poverty? When you were a kid, you obviously experienced a rich life, but when you have nothing, don't you miss that life?"

Marven sighed lightly and said again: "Jiang Ming, you take money too seriously. You can take money very seriously, but I can't take money too seriously. There are certain things that money can never match. For example, your ideals, your love, your principles, and your conscience. Once you put your position in the wrong place, you will do things wrong. Some things can be changed if they are wrong, and some things cannot be changed even if they are wrong. "

At this moment, Jiang Ming finally realized how humble he was.

Because Marven in front of him, Marven who grew up in the orphanage with him since childhood, turned out to be the young master of the Ye Family of Orgeyon!

It was also at this moment that he knew how far he was from Marven.

He finally knew the gap between the two.

It's the gap between the vulture and the eagle!

It is the gap between pheasant and phoenix!

It is the crucian carp that crosses the river, the gap with the real dragon on earth!

As the saying goes, the vulture is well aware of eagle's ambition. This sentence is now placed on himself and Marven, it is really appropriate.

It was also at this moment that Jiang Ming finally gave in completely.

He knew that not only did he lose in this life, but also in the next life.

It is no longer possible for himself to seek revenge from Marven, and if Marven kills him, it is as easy as crushing an ant.

He is the same as Liu Zhaochen's family, and the members of the Beggar Gang, except that Marven is a real dragon on earth, a small fish and shrimp that yawns to death.

Jiang Ming's face was instantly filled with despair.

Just now, he was thinking about his next life, or seeking revenge on Marven in the next life.

But at this moment, he really understood that even if he had another life, he probably wouldn't have the qualification to seek revenge against Marven.

Chapter 1038

The most painful thing in the world is to realize that you will never be able to catch up with your enemy in a few lifetimes.

At this moment, Jiang Ming is already completely ashamed!

He looked at Marven with tears and choked up: "Marven, I take it, I really take it, you kill me, I am tired of the world, and I am tired of myself. Please let me out..."

Marven nodded and looked at him seriously: "Jiang Ming, of all the people who are going to die today, your crime is the lightest; but also among everyone who is going to die today, everyone committed a capital crime, of course. Including you, I hope you can have a good baby in your next life!"

Jiang Ming smiled miserably and said, "In my next life... after hearing you just finished your story, I suddenly felt that a person like me might be born with a hard life. If given another life, I can't do it. Still an orphan, maybe it's still a stinking silk in the eyes of a few people..."

Marven nodded with a flat expression and said, "In this case, then I hope you can be a good person in your next life."

Jiang Ming nodded seriously and smiled sadly: "As you said, I myself have begun to hate myself. I hope I can be a good person in my next life."

After that, his whole person was calmer. He was scared of incontinence just now, but at this time, he was able to hold on calmly and stood up by himself.

He stood in front of Marven and said seriously: "Marven, let me go on the road, send those children back safely, tell Aunt Li that I am wrong, tell all my friends, I am wrong, I regret it, I used my life to atone for my sins..."

Marven nodded and said, "Since you really know that you were wrong, then I will give you a happy one."

With that said, Marven said to Zak Chen: "Weld all those people in Iveco, and then let the helicopter hoist the car into river!"

"OK Master!"

The helicopter took off again.

Ive Currie, the core member of the Beggar Gang and Liu Zhaochen's family, kept crying out the last despair.

Everyone was struggling hard, but at this time not only they were welded to death, but the car was also welded to death, it was impossible for them to escape.

Then the helicopter simply threw the Iveco full of sins into the river.

This Iveco made a rapid bubble on the surface of the river, and then it sank completely to the bottom!

Marven turned his head to look at Jiang Ming at this time, and said lightly: "I promise to give you a pleasure, not to make you die as painful as they did."

Jiang Ming smiled miserably and nodded: "Thank you, Marven."

Marven nodded slightly, and said to a man in black next to him: "Take him to the bridge and give him something simple."

The man in black nodded: "OK Master!"

Before the man in black could get started, Jiang Ming staggered towards the bridge.

He climbed onto the guardrail, turned to Marven and said, "Marven, give me a good time!"

Marven looked at the man in black and nodded slightly.

Afterwards, the man in black took a black pistol from his waist and aimed it at Jiang Ming's forehead.

Bang!

A bloody flower burst out of the back of Jiang Ming's head!

Immediately afterwards, his body leaned back, fell off the bridge, plunged into the river, and was instantly swallowed by the rolling river...

Chapter 1039

When Jiang Ming died, Marven suddenly felt a little sad.

He was sad not because he sympathized with Jiang Ming, but because he felt that a person had become what he hated the most. This was indeed a kind of sadness.

Jiang Ming was in his youth. If it were not for going astray, he would have the opportunity to change his destiny. Perhaps in a few years, he could also marry the girl, become the CEO, and reach the pinnacle of life.

But life is like this. Some pits can be closed, and some pits cannot be closed.

Looking at the billowing river, a person was hurt for a moment and said to Zak Chen: "Okay, you help me take the children back, send them to the hospital for the doctor to check if there is any serious problem, and then notify the welfare institution to come over. "

Zak Chen nodded and asked, "Mr. Ye what should we do with the rest of the beggar?"

Marven sighed: "There are tens of thousands of evil beggars, and they can't be killed. I only hope that the death of the heads of the beggars can make the people below wake up a bit, and don't do this kind of things in the future."

After speaking, he said again: "By the way, let all the people on the scene today stop talking nonsense after returning."

Zak Chen immediately said: "Mr. Ye don't worry, I understand!"

Marven said: "Okay, let's go back!"

Zak Chen hurriedly used the walkie-talkie to order: "One group, send all the children to Wrestvel People's Hospital, and the second group, escort the young master back to Wrestvel!"

After a few minutes.

Marven had already boarded the helicopter on his way back, but the altitude of the plane was not high, and the cell phone signal was not affected.

So Marven put the video he had taken in YouTube and processed it, mainly to change his voice so that it was unrecognizable, and then uploaded the processed video to the Internet.

This period of time is a bit long, very shocking, and some bloody videos. Once released, they immediately became popular on the Internet.

Originally, the loss of 10 children in Wrestvel Welfare Institute today has become the target of attention of netizens across the country. The popularity on the Internet has surpassed all other news, ranking first in the major rankings!

Almost the people of the whole country are holding their mobile phones and watching this shocking video!

Now this video has brought this event to a perfect ending. The bad guys are punished and the children are rescued. It immediately aroused the zealous blood in the hearts of the people across the country.

Especially in the section where all the core members of the Beggar Gang were welded to the River in vehicle, countless netizens were excited and applauded.

People all over the country want to know who did this? Who made this video?

However, Marven dealt with all other information, and did not even leave a back view to the netizens.

At the same time, because they learned that Regnar of the Wu family is the backer of the beggar gang leader Nanshan, the whole network criticized them.

Hundreds of millions of people scolded Wu's family online and asked the police to conduct a thorough investigation.

The reputation of the Wu family was destroyed.

Just when this video went viral on the entire network, and countless people reposted, commented, liked, and applauded, the whole gang of beggars was completely exploded!

They did not expect that none of their gang leaders, two deputy gang leaders, and the nine elders were spared!

This made the middle-level leaders of the gang of beggars almost all start, desperate to run away overnight.

The Wu family didn't know all of this at this time. Wu Qi just added a meal and caused the whole Wu family to jump around.

The Old Master of the Wu family was greatly stimulated last time, and he has just recovered from this period.

Chapter 1040

At this time, Regnar and his wife Yaqina were comforting, and they had just looking at their son.

As the eldest son and grandson, Roger was carrying the dinner prepared by the servant and came to his grandfather's room.

When he just opened the door, he saw the Old Master lying on the carpet, twitching constantly, foaming at his mouth, his face pale!

Roger was taken aback, and hurriedly stepped forward to check and found that the Old Master seemed to have had a stroke. When he looked at his hand, he was holding his cell phone tremblingly. There was a video on the cell phone. How could the person on the video look like this? His uncle?

He subconsciously picked up the phone and took a look. He just saw his little uncle go crazy, pinched his aunt's neck, and strangled her directly...

When Roger shivered, his mobile phone was thrown out.

When he was shocked by the content of the video, the Old Master beside him had already lost his breath.

Roger was shocked and rushed out the door, shouting at the servant and the doctor.

The doctor arrived quickly and began to give first aid to the Old Master.

Soon, Regnar and his wife rushed over after hearing the news.

"What's going on?! Why did the Old Master suddenly have a stroke?!"

As soon as Regnar arrived, he immediately questioned the Wu family's expert doctor.

The doctor immediately said: "Chairman Wu, Master should have been irritated, and he was suddenly irritated, almost like last time!"

"What happened?!"

Regnar was extremely puzzled, what happened? Why is it suddenly stimulated to have a stroke?

At this time, Roger in the corner watched all the videos circulating on the Internet, and came to Regnar and Yaqina with a pale and weak face, and said in a panic: "Dad, mom, uncle killed my aunt, and then

someone killed him. Young uncle and all the core members of his Beggar Gang, even the same group of human traffickers, a dozen or so people, all welded to an Iveco, dropped into river...”

“What?!”

When the couple heard this, what was their first reaction?

How can there be such a thing in this era?

Weld a dozen people in the car river? How arrogant is this?

Besides, Nanshan’s gang of beggars in Suzhou and the whole province are all standard local dragons, and ordinary people can’t provoke them at all, let alone ordinary people, it is impossible for people with authority to provoke them.

And the entire gang of beggars has more than 10,000 men. Who has the ability to kill all the core members of the gang of beggars?

Yaqina touched her son’s forehead, and couldn’t help but said, “Son, are you having a fever? Then it’s my brother and aunt, how can you arrange them like this?”

Roger hurriedly said: “Oh, what I said is true. It has spread all over the Internet now, and before my uncle died, he admitted to the camera that our Wu family was his backer, and he relied on our family. That’s why we have done so many things that hurt the world and reason. Now the whole internet is scolding our Wu family!”

“What?!” The couple were shocked.

Regnar immediately grabbed the phone from him and blurted out: “Which video is it? I will have a look at it.”

Roger immediately found the video and clicked to play!

At this time, Regnar was sweating nervously, staring at the screen of his mobile phone. He knew what his brother-in-law had done. If he really asked the Wu family to take care of him, then the reputation of the Wu family would be all over!

Yaqina also raised her heart to her throat. She still couldn’t believe that her brother and younger siblings were all dead!
