

The Amazing Son In-Law Chapter 1071-1080

Chapter 1071

At this moment Wrestvel Detention Center.

Old Mrs. Xiao and her granddaughter Theresa have been living in the detention center for several days. The two of them are lucky. Old Mrs. Xiao won the sympathy of prison tyrant Gena, so no one in there was to make things difficult for them.

However, Noah and Jay were not so easy in the men's detention center.

Because they were newcomers, the father and son were bullied by all kinds of things as soon as they entered.

Not only do you have to do a lot of work, but the only little ration will be taken away by others, and they can't even fill their stomach every day.

The more so, the more Noah hated Horiyah in his heart.

Because he always felt that Horiyah, with all her wealth, must be comfortable with some boy at this time.

If it weren't for Horiyah who had swept away the money, how could he have fallen to where he is today?

At the beginning, the four members of this family were sentenced to 15 days in detention. It seems that there are still a few days to come out, but no one expected that they had just had lunch today and the detention center where they were all released them at the same time.

After learning that she had been released, Mrs. Xiao panicked and stayed in the cell unwilling to leave.

Now she really doesn't want to go out and face the cruel reality.

After all, she's penniless and the house at home has been sealed up. Not only can she not eat a bite to when go out, she doesn't even have a place to live comfortably.

However, the prison guards didn't give her this chance, and because they couldn't get out of the cell, they pulled her up from the bed and dragged her out.

Gena also knew that the Lady Xiao must be on the street after she goes out, so she hurriedly shouted from behind: "Lady Xiao, teach you a way. After going out, go to the bus stop and block the bus. The police will be informed for disturbing the bus if you die or not die. The social security will catch you back again!"

The Old Mrs. Xiao breathed a sigh of relief and quickly said, "Gena so thankful to you, you are waiting for me, I will come back again!"

Theresa followed the Lady Xiao without saying a word. She didn't know what to do at this moment. After all, she was a young girl, and she looked a little bit pretty. She really didn't want to stay in the detention center, but after she went out how to earn a living is also a very serious problem for her now.

She once thought about going to KTV to be a princess, if she meets a wealthy guest, she can occasionally open a room in private with him, anyway, she has seen it now. After she has been with Fredmen, her reputation is gone bad in Wrestrvel.

In that case, why bother to care so much?

So, she made up her mind, if grandma wants to come in again after going out, then she will ignore her.

The prison guards in the detention center led the two out of the cell all the way, and then came to the office that specializes in handling the release procedures.

As soon as she entered, she saw a man dressed in luxurious clothes standing in the office.

Several prison guards surrounded him with respectful faces.

The man saw the Lady Xiao and granddaughter come in, and asked faintly: "You are the Xiao family, right?"

The Old Mrs. Xiao nodded hurriedly. She can tell at a glance that this man seems to be a little backed, so she asked, "Master are you looking for us?"

The man nodded and said, "I released you on bail. Your son and your grandson were also released on bail. I will take you to see them both."

Chapter 1072

When Theresa heard this, she asked excitedly: "Gentleman, are my father and my brother really released? Where are they now?"

The man said indifferently: "My people have arranged them, you two can just come with me."

Old Mrs. Xiao didn't think too much about it. After all, she was already like this. There shouldn't be anyone who came here to hurt her. What's more, she was indeed released on bail. That being the case, she might as well go and take a look, maybe there is a new opportunity.

So the two went through the formalities, got their clothes and belongings, and after changing their clothes, they followed the man out of the detention center.

Outside the detention center, two Rolls-Royce Phantoms have been waiting here for a long time.

The man turned his head and said to her and Theresa: "You two, take the car behind you."

Seeing the two Rolls-Royce Phantoms, Mrs. Xiao was very excited.

No ordinary people can afford a Rolls Royce.

When the Xiao family was at its peak, they couldn't afford a Rolls Royce.

Even if she could afford the money, she would not be worthy of this worth and status.

So the Old Mrs. Xiao said, "Thank you, sir. Then we two will sit in the back."

After speaking, he took her granddaughter to the front of the car behind.

The three people got in the cars one after another, and the two cars started to drive towards the outskirts.

After the car drove out for 20 minutes, the Old Mrs. Xiao said to Theresa in surprise: "I think this road seems to be to the airport."

Theresa also nodded, and said, "We will reach the airport expressway after a few kilometers."

Old Mrs. Xiao frowned and said in a low voice, "I don't know who the gentleman in front is. Could it be that your father and your brother were also sent to the airport by them?"

Theresa suddenly became nervous and said, "Grandma, shouldn't they be sent by Marven? Are they going to get us out of Wrester and never let us come back?"

"Impossible." Mrs. Xiao shook her head: "Why is that bastard Marven so polite? He won't release us on bail. On the contrary, he will find a way to let us stay inside for a while, even let us unable to get out all our lives."

Theresa asked in surprise: "It's Fredmen, right? Does he still miss the old love and want to take us to Oregon?"

Old Mrs. Xiao waved her hand and said, "Impossible. If Fredmen can still do what a man does, it might be possible, but he is already an incompetent person. How could he miss the old love? If he really misses the old love If he did, he would never leave you."

Theresa's expression couldn't help but feel a little sad. Although at first she was disgusted with her parents and grandmother's arrangement to serve Fredmen, but after thinking about it carefully, Fredmen treated herself well back then.

After all, it only happened once with her, and he was able to invest tens of millions and give her 5 million pocket money.

Thinking of this, Theresa couldn't help but sigh inwardly: "If Fredmen still has the abilities of a man, then she should follow him now, and she should be a fragrant drinker, and she won't have such a miserable life?"

Just thinking about it, the two Rolls-Royce drove one after the other towards the airport expressway, rushing to the airport quickly.

Old Mrs. Xiao and Theresa were even more surprised in their hearts. They were really going to the airport. What are they going to do?

Chapter 1073

Although she was puzzled in her heart, Mrs. Xiao knew very well that it would be useless to think too much at this time, because she was already in someone else's car, so it's better to settle down and wait to see what arrangements the other party has.

Moreover, her instinct tells her that although the other party looks mysterious, it shouldn't hurt her.

Because she is poor now and has nothing to do. If others want to harm her, she won't have to spend so much trouble.

Thinking of this, the Old Mrs. Xiao was also relieved.

So he simply sat in the car calmly, waiting to see what medicine the other party was selling.

Two Rolls-Royce drove directly into Wrester Airport. In a small hangar at the airport, Wu's Gulfstream aircraft had already parked here.

It was this plane that took Horiyah to Suzhou last night.

Early this morning, the plane took off again from Suzhou to Wrester, ready to pick up the Xiao family.

Seeing a private jet parked in front of her, Mrs. Xiao was so surprised that she couldn't speak.

If Rolls-Royce is the toy of the rich, then private jets can only be afforded by the rich of the rich.

Because Gulfstream aircraft like this sells for at least RMB 200 million to RMB 300 million.

And if you buy an aircraft like this, you don't need to spend only two to three hundred million. You have to hire a crew, including two pilots, several mechanics, and several service personnel.

Aircraft maintenance costs are also very high, parking in the hangar, and taking off and landing at the airport cost a lot of money.

It is equivalent to buying a private jet, which means buying a tool to burn money.

When the Lady Xiao saw this private jet, she immediately realized that there must be a very powerful family behind it.

Rolls-Royce stopped beside the plane, and the Old Mrs. Xiao walked down with her granddaughter Theresa.

Theresa was also staring at this private plane, when a familiar figure suddenly ran out of the plane door!

"Grandma! Theresa!"

When the two heard this voice, they looked up, and it was Jay who got out of the plane!

Old Mrs. Xiao saw her grandson and said excitedly: "Jay, why are you here? Where is your father?"

"mom!"

As soon as Mrs. Xiao finished speaking, her eldest son Noah also walked out of the plane!

Old Mrs. Xiao was very excited, but seeing her son and grandson lose a lot of weight, she couldn't help but feel distressed.

The Old Mrs. Xiao didn't care about these things. She only cared about herself and didn't care about anything else.

But after going through jail, and seeing her son and grandson, she also felt a feeling that blood was thicker than water.

And looking at eldest son, there are a lot of Wang hair coming out, and the whole person is also several years old. He was originally ruddy and blessed, but now his skin is dull and his body is thin, which really makes the Lady Xiao feel distressed.

On the contrary, in these days in jail, Mrs. Xiao didn't suffer any crime, and she abused Viola for a few days, so she didn't seem to lose weight or age.

At this time, Jay and Noah both ran up to the Lady Xiao, who cried bitterly while hugging her son and grandson.

Chapter 1074

She cried in her mouth and muttered, "My son, my grandson, you two have suffered!"

Jay was aggrieved like a child, wiped his eyes and choked with tears: "Grandma, you don't know what kind of hardships my dad and I have had during this period of time. This is the hardship I have never had in my life. Eat it all."

Noah also sighed and said, "Hey, it's all the same, so don't talk about those things, it will only increase your troubles."

Old Mrs. Xiao nodded, and hurriedly asked: "By the way, Noah, what the h*ll is going on? Who is the one who released us on bail?"

"I don't know..." Noah shook his head and said, "I and Jay were also taken out suddenly, and then their car sent us here and let us wait here. Neither Know who they are."

At this time, the man who picked up Mrs. Xiao and Theresa from the detention center quickly walked up to a family of four and said: "Introduce myself, my name is Dawson Wu, I belong to the Wu family, my brother is called Regnar, you should have heard of it."

"Wu family?!" The four members of the Xiao family were stunned.

How could they not know the Wu family?

The Wu family is the No. 1 family in the south of the Yangtze River much better than the Song family!

When the Old Master of the Wu family was in the limelight, his legend circulated throughout Wroestvel.

At that time, the Old Master Xiao always talked about the Old Master of the Wu family every day, and regarded him as an idol worthy of imitation efforts.

The Xiao family never dreamed that they could have a relationship with the Wu family, and this time it was the Wu family which rescued them. This is really amazing. Does the Xiao family need time to run?

Thinking of this, the Old Mrs. Xiao flatly smiled at Dawson and asked: "Mr. Dawson, may I ask, you brought us out and then brought us here again, what are you doing, what are your intentions?"

Dawson said calmly: "I came to pick you up on my eldest brother's order, but I don't know exactly what I'm going to do to pick you up for. But the time is urgent. Don't ask so many questions. Get on the plane first. My brother will naturally explain to you everything."

When Mrs. Xiao heard this, she nodded immediately and blurted out: "Mr. Dawson, we can't delay your time, let alone your brother's time. We should first get on the plane to Sozhu and meet your brother. Right!"

Dawson nodded, and then didn't say a word, so he stepped onto the plane.

The four members of the Xiao family hurriedly followed behind him and boarded the plane.

Noah and Jay had already boarded the plane just now, so when they got on the plane, they were not too surprised by the luxurious interior of the plane.

But the Old Mrs. Xiao and Theresa were dumbfounded.

Where did they fly on any private jet? Usually can't bear to go out by plane even first-class, let alone a private jet.

Therefore, the Old Mrs. Xiao is like Grandma Liu who has entered the Grand View Garden. Her eyes are dripping and she doesn't know where to stay.

Dawson couldn't look down on this family in his heart. He always felt that sitting in the same plane with such a bunch of old hats was a bit uncomfortable.

So he greeted the charming stewardess, poured her a glass of whiskey, and then asked her to give him a steam blindfold.

The stewardess in the miniskirt writhed her plump body, waited on Dawson to finish drinking, and waited on him again. He put on his blindfold, put her ears close to his ears, and said, "You have to rest first, the plane is about to take off, call me if you need anything."

Jay looked at it from the seat behind.

This flight attendant is also too beautiful, and she is just trying to catch up with Dawson. If she could serve him in this way, how great...

Thinking of this, he hurriedly said to the flight attendant: "Hello, can you please bring me a glass of wine?"

After serving Dawson, the stewardess stood up, pulled her skirt down, and said disdainfully, "I'm sorry, I am Mr. Dawson's personal flight attendant, and I don't serve other people."

Chapter 1075

When Jay heard this, the other party directly refused to say that she was Dawson's private flight attendant, with embarrassment on her face and jealousy in her heart.

The rich are indeed rich, not only have private jets, but also private flight attendants. This is really d*mn envy and hatred.

When can he get into this situation?

The stewardess ignored them, twisted her waist and went to the front cabin, while Dawson kept his eyes closed and rested, and he was too lazy to talk to the Xiao family.

The Xiao family also felt bored.

However, they were looking forward to their situation after arriving in Suzhou. Although they had not heard of Dawson's name before, they had heard of Regnar's name.

Regnar is the eldest son of the Wu family and the current heir. It can be said that he is the helm of the Wu family.

Don't know what kind of high incense she burned, and she won the favor of the helm of the Wu family. Doesn't it prove that the Xiao family has come back to life?

Although the four people were speechless all the way, they had their own thoughts.

Suzhou is very close to Wrethel, and the plane can fly there in less than an hour.

So soon, the plane began to descend and then landed at Suzhou Airport.

After the plane landed, there were still two Rolls-Royce waiting here.

Dawson took one by himself and the four from Xiao family took one.

Then the two cars drove non-stop towards the Wu's villa.

At this time, Regnar was staring at the stock market with a green face.

As the Wu family's reputation plummeted yesterday, it became the target of siege and scolding on the Internet. Several listed groups under the Wu family dropped their limits as soon as they opened for trading this morning.

The market has already panicked. Everyone is desperately selling stocks. So Regnar predicts that after the market opens tomorrow, the limit will continue to fall.

Even the day after tomorrow will be the same.

The market value of the Wu family must fall by at least 50% first.

If he can find an opportunity to revive the reputation of the Wu family, then this stock will still have a chance to rise. If he can't find an opportunity to restore its reputation, then the Wu family may be ruined for good.

So the load on his shoulders is so heavy that he almost feels breathless.

And the Old Master is in a coma now, which makes Regnar feel that his heart is lost.

Looking at the top families in the country, most of them were founded by the older generation.

Both the Wu family and the Song family were the rich family business that the Old Master worked hard to produce when he was young.

And such families often have an awkward situation, that is, the next generation is not as good as the previous generation.

When the Old Master of the Wu family was young, he was a real hero. He didn't dare to say that he could be ranked in the whole country, but in Wrester, he was definitely a remarkable figure.

But when he arrived at Regnar, his ability was much worse than the Old Master.

If Regnar is allowed to start from scratch, even if he uses all his strength for feeding, it is impossible to reach one-tenth of the Old Master's.

Regnar is already like this, but his son is worse than him.

Take Wu Qi as an example. This little bastard, except for picking up girls, spending money, and knows nothing. After raising him for more than 20 years, he has changed before he can contribute to the family. Become a shit-swallowing beast that eats a bubble of shit every hour.

And Roger, even if he was a little bit stronger than his brother Wu Qi, but his strength was limited.

Chapter 1076

Why is one generation inferior in the big family?

In fact, this has a lot to do with the environment in which they live.

The older generation was born in a reckless way. Every meal was spent with fate, and every penny was earned with fate. Therefore, in that era, no one was mediocre who was able to make a family business. Generations can be said to be elites.

But when they lay a piece of land and their son was born, he had already lived a life of adequate food and clothing. With adequate food and clothing, they didn't need to work hard and did not need to fight their lives, so the wolf nature was naturally much weaker.

By the time their grandson was born, they were already born with the golden key. Let alone let them go out and fight hard. For this second generation ancestor born with the golden key, let him go to bed early and wake up every day. Unable to realize the extravagant hope, what kind of fighting spirit can be expected in them, what bloody wolf nature is there?

Those born in the wild and risking their lives to prey and grow are real wolves.

Born in a zoo, there are wolves that eat meat every day when they open eyes. In terms of blood, it may not be as good as a wild dog on the side of the road.

Regnar also knew that his abilities were much worse than his father, and he knew that his son was much worse than himself, so in this situation, he felt an unprecedented sense of loneliness.

This kind of loneliness is isolation and helplessness. He feel that no one in the world can help, and the only dad who can help him has also suffered a stroke and coma.

Just as he sighed with emotion, his brother, Dawson, stepped in and blurted out: "Brother, you asked me to bring the family from Wrester. I have brought them."

Regnar nodded and asked, "Where are they now?"

Dawson said: "People are in the living room."

Regnar said: "Okay. I'll go and meet them first, you go and call Horiyah over."

"Okay brother." Dawson nodded hastily, and stepped to find Horiyah.

Regnar lit a cigar, and while smoking it, he walked out of his study and walked to the living room.

In the living room, the four members of the Xiao family were waiting nervously.

Seeing Regnar come out, all four of them are bright, and each of them has flattery written on their faces.

As the head of the family, Mrs. Xiao immediately greeted him and said with a smile on her face: "Oh, Mr. Regnar, I used to see you on TV. I finally saw you today. I didn't expect you to be better than TV. The more generous!"

Regnar nodded blankly, he naturally wouldn't take the compliments of an Lady seriously.

So he said lightly: "I let Dawson take you over for two purposes."

Old Mrs. Xiao quickly said, "Mr. Regnar, what do you want or what you want to tell us, just say it!"

Regnar nodded and said, "The first purpose is to let you meet someone; the second purpose is to help me deal with someone."

The Old Mrs. Xiao knew very well that the Wu family was a life-saving straw given to the Xiao family from heaven.

In the past, the Xiao family wanted to be a dog for the big family, but the big family simply didn't look down on it.

But now it is different. Now the Xiao family has the opportunity to be a dog for the Wu family. This is a rare opportunity in a lifetime!

So she hurriedly flattered: "Mr. Regnar, everything in the Xiao family is based on head. We will see whom you let us see; we will deal with whom you let us want to deal with!"

As she was talking, Dawson brought Horiyah over.

Regnar pointed to Horiyah and said to the Xiao family four: "I want you to meet her!"

The four of the Xiao family followed the direction of his fingers and saw that it was Horiyah. Everyone's expression became extremely ugly!

Noah was furious in an instant, and gritted his teeth and cursed: "Horiyah, you shameless frame, I must beat you to death today!"

Chapter 1077

During this time, Noah hated Horiyah deeply!

After all, for a man, there is nothing more painful for him than the betrayal of his beloved woman.

When Horiyah disappeared, Noah was brought into the rhythm by Marven, so confused that Horiyah really eloped with some boy.

In addition, all the money in the family was with him at the time, so he was even more angry with Horiyah.

After so many days and nights, every time he thinks of Horiyah, he wants to catch her and beat her to death!

But he also knew that since Horiyah ran away with the money, he would never be able to meet her again in this life, and it was even possible that she took the money and fled abroad.

But he never expected that he would meet Horiyah, whom he hated so deeply, in the mansion of Wu's family in with Regnar today!

So he rushed towards Horiyah almost without thinking, stretched out his hand and slapped her face severely, and slapped her to the ground.

After a slap was passed, Noah pointed at her furiously and said: "Okay, you btch, you dare to come back! Where the hll did you take my money? Do you know it's because of you, how miserable the family is now!"

Horiyah was beaten up, she didn't expect that her husband Noah, who she was thinking about day and night, would slap her severely when they meet.

Her leg was still a little lame, she could only struggle, trying to crawl open her mouth and blurt out and shouted, "Noah, what are you hitting me for?!"

"What are you doing?" Noah gritted his teeth and cursed: "I not only want to beat you, I want to kill you! How dare you use my money to raise a little Wang face, and you didn't leave a single cent for me, f*ck you so cruel!"

Horiyah screamed and blurted out: "Noah, what are you f@rting? When did I take care of the little Wang face? The Lady Xiao was cheated by Marven!"

"What?!" Noah frowned, "What does this matter have to do with Marven?"

Horiyah thought of the torture she had suffered for many days, and suddenly burst into tears: "Have you forgotten what we were going to do for Viola?"

Noah nodded: "Of course I won't forget!"

Horiyah cried and said, "I had done almost the same thing as Lian, but the b@stard Marven suddenly rushed over, and then he took someone to beat us up and forced me to All the money in the bank card was donated, and then all of us were sent to the black coal mine to dig coal..."

Speaking of which, Horiyah was already in tears.

She wiped her tears and continued to choked up: "Do you know how miserable I was during this time? Every day I work hard in the dark black coal kiln, and can only rest for four or five hours a day, and the rest of the time is all Working under a black coal kiln, I can't eat enough, don't wear warm clothes, and I'm often beaten. This is the torture like h*ll. You unscrupulous, not only don't seek me or save me, but now I'm so It's easy to be rescued by the Wu family. You even beat me and framed me for raising a little Wang face. Is that what I deserve?"

When Noah heard this, he was dizzy!

He never dreamed that instead of taking the money to live with some boy, his wife suffered so much!

For a moment, not only was he full of distress and guilt for his wife, but he also hated Marven to death.

It turned out that the culprit who took away all of his savings and sent his wife to work in a small coal mine turned out to be Marven!

At this moment, the new hatred and the old hatred made him extremely angry.

Jay and Theresa were also gritted with hatred.

Chapter 1078

In the front-end time, the two of them were the same as their father Noah. They both hated her. The selfish mother who fled with money. After the hard life of this time passed, they often scolded her in their hearts.

But until today did they know that mother had a harder life than them, and much harder.

At most, the four of them suffered some crimes in the detention center, while Horiyah suffered extensive torture in the black coal kiln.

The Old Mrs. Xiao on the side looked very ugly.

She didn't sympathize with Horiyah's experience, but sympathized with the money that Marven had taken away!

At this moment, the Lady Xiao walked towards Noah in anger, and slapped him severely in the face when he was unprepared.

With a snap, Noah was stunned.

He looked at his mother, exclaimed and asked: "Mom, what are you doing with me?"

The Old Mrs. Xiao angrily scolded: "I'm hitting you, unfilial b@stard! I told you a long time ago, give me the money, give me the money! If you want to play with me carefully, just grab it. With that little money, you didn't let it go. What happens? The Xiao family is over, with not a single penny to spend?"

When Noah heard this, he immediately lowered his head in shame.

If he had known that Marven would get the money, he might as well give the money to his mother. At the very least, he could solve the difficulties of the Xiao Group.

But at that time, he didn't want to sink with the Xiao Group, so he started thinking carefully.

But he didn't expect to be self-defeating, beating his own wife, and hurting her...

When he thought of this, he was full of guilt for his wife, mother, and even the two children.

Thinking of his wife suffering so much, he felt even more uncomfortable, hugging Horiyah and crying bitterly.

Regnar walked up to a few people at this time and said in a cold voice: "It seems that you and Marven both share the same vengeance. If I give you a chance for revenge, will you accept it?"

When Noah heard this, he suddenly blurted out: "Yes! I am willing! I want to tear Marven b@stard alive!"

The Old Mrs. Xiao was a ghost, she had guessed that Regnar had found her family here just to let her family deal with Marven. From this, it can be seen that he and Marven must also have antagonisms.

As a result, the Lady Xiao nodded again and again: "Mr. Regnar, as long as you give us a chance, we will definitely go all out to deal with Marven!"

Jay said angrily: "If anyone gives me a gun, I will go and kill the b@stard tonight!"

Regnar was very satisfied with the attitude of this family, what he wanted was this desperate heart that would kill Marven.

So he smiled slightly and said: "I'm telling you, Marven and I also have a deep hatred. I want to kill him personally. The enemy's enemy is a friend. That's why I called your family here. If you want revenge, too, Then you might as well cooperate with me."

Old Mrs. Xiao blurted out: "Mr. Regnar, just give your orders! What do you need us to do?"

Regnar said indifferently: "Marven's life, I will personally take it. As for you, I will send you back to Wrester to help you solve all the other problems you are facing now. From then on, your goal is one. By all means, disgusting Marven, let his family jump and distract him! Before I kill him, I will make his backyard catch fire!"

Chapter 1079

When the Old Mrs. Xiao heard this, her heart was ecstatic.

Whether Regnar could kill Marven, she didn't really care deep in her heart.

What she really cared about was that she needed her own help in form of Regnar. In this way, she would tie the Xiao family to the big boat of the Wu family.

The Xiao family was almost dead, but now that it can become a partner of the Wu family, then there is a chance to come back to life.

And not only can it bring the dead back to life, it's probably even more powerful than when it was at its peak and heyday!

So the Lady Xiao opened her mouth and said to Regnar: "Mr. Regnar, my granddaughter is Marven's wife, Avella, and now he also runs a decoration company. There is a business conflict with our Xiao Group. If we can bring the Xiao Group back to life, we can hit each other in business."

Regnar nodded and said faintly: "Don't worry, I will invest 80 million in your Xiao Group to help you clear all your debts. If you do well, I will continue to invest."

Old Mrs. Xiao was almost ecstatic when she heard this.

This is really nowhere to be found after breaking through the iron shoes.

In other words, it's another village.

During this period of time, she has always felt that the Xiao Group could never come back from the dead, but she didn't expect Regnar to give her a powerful life.

The only problem with the Xiao Group is that it has no money and owes tens of millions of foreign debts. It still doesn't know how to deal with it.

The bank has been pressuring them to get the loan back, but as long as the money is paid back, nothing will happen.

The Xiao Group originally owed 80 million, but Fredmen had already invested 10 million, and the bank also took away the villa, as well as so many antiques of her own. When that time comes, just return the remaining tens of millions to the villa. And antiques, the bank will return it, and there will be tens of millions of surplus on the company's account at that time, and it will suddenly turn over!

Jay and Theresa were already very excited when they heard this. They looked at the Lady Xiao and asked excitedly: "Grandma, can we return to our Xiao family villa this time? Should we never use it again? Down the street?"

Theresa also shed tears in excitement: "Do I no longer need to use Dabao sod honey?"

Old Mrs. Xiao just wanted to nod, but suddenly she thought of a brilliant idea.

So, the Lady Xiao said to Regnar: "Mr. Regnar, Marven's family, and our family are like water and fire, and are incompatible with each other. They are anxious to send us to the small coal mine and to the detention center. , But if we go back this time, we will be under their noses every day, and it will definitely cause them great pain. Don't you want them to catch fire in their backyard? You just need to put us behind them, and we will be behind them all day long. It's all fire!"

When Regnar heard this, he immediately became interested and raised his eyebrows and asked: "Lady Xiao, what do you mean specifically? To be clear, you don't have to go around with me."

Mrs. Xiao hurriedly said flatteringly, "Mr. Regnar, the Marven family live in the villa of Wrestvel Tomson First Class. Don't you know what they are doing all the time because of this villa? Looks like! Especially my second daughter-in-law, whose nostrils are almost going to the sky, and tell us every day that people like us are not even qualified to see the door, if we suddenly become successful with them. Become neighbors, every day I bow my head without looking up, then think about it, what is the mood of their family?"

Regnar's eyes suddenly lit up.

f*ck, this is kind of interesting!

Think about it, you just lived in a luxurious villa, enjoying a luxurious and secluded life every day, and then looking at your enemies down and down the streets, you can't even eat, that must be very enjoyable.

But if one day suddenly, you wake up and find that your down-and-down street enemy has become your neighbor, then your life will surely fall from heaven to h*ll in an instant.

Chapter 1080

Regnar believes in feng shui, fortune and magnetic field.

He firmly believes that if a person has good feng shui luck and good mood, everything will go smoothly.

But if a person's mood is affected and he is very upset every day from morning to night, he can't concentrate on anything and lose interest in everything. No matter how good the wine is, he loses its taste. The delicious meal does not feel delicious in his mouth.

Over time, his whole person will be affected by the magnetic field of this negative emotion, which will affect his whole person's Feng Shui fortune and even affect his physical health.

In Feng Shui, everything that makes people irritable is called sha.

If the sound is too loud, it is the evil spirit, if the light is too bright, it is the evil spirit.

These kinds of evil auras are colorless, tasteless, invisible, and without a trace, and are extremely difficult to resolve.

If he sends the Xiao family to Marven's eyes, it would be equivalent to giving him these kinds of evil spirits, and it would definitely make Marven suffer every day!

Thinking of this, Regnar said with joy on his face: "If that's the case, then I can help you buy a Tomson first-class villa, and it's next to Marven's, and then let your family live in."

When the Old Mrs. Xiao heard this, she trembled with excitement.

After all, why did she break with her second son's family, and why was she sent to the detention center for so many days?

In the final analysis, the culprit is Tomson's villa.

She is too eager for Tomson's luxurious villa. She want to live in it in dreams, experience the incomparable luxury and enjoy the luxurious life.

But in the end, she still failed to fight her second son's family, not to mention living in their Tomson First-Class, and even her old villa was finally sealed by the bank.

But now the situation is different, and now she embraces the Wu family's thigh.

After her own remarks just now, Regnar really became interested.

It seems that he really hates Marven, as long as it makes Marven uncomfortable, he is very interested!

Even the Old Mrs. Xiao did not expect that Regnar would actually agree to buy a villa for her!

Isn't this the legend that the snipe and the clam compete for the fisherman's profit?

In this way, Tomson's villa is cheaper!

So she was extremely excited and said to Regnar: "Mr. Regnar, let's not tell you, Marven's family lives in No. a05 of Tomson. I have been there and know the layout there. A05 is around a04 and A06, if we can live in a04 or a06, then Marven will be uncomfortable!"

Mrs. Xiao is a very shrewd person, and she has been good at calculations all her life.

In fact, there is also a series b at the back of the a series villa, but the a series is the largest unit of Tomson, so she proposed a04 or a06 to Regnar.

In this way, she will live in a luxurious villa of the same specifications as Marven's family, isn't it beautiful!
