

The Amazing Son In-law Chapter 11-20

Chapter 11

After Jay knocked three heads, tears of humiliation rolled in his eyes.

But he didn't dare to make a mistake at the moment.

Because he knew that grandma must have strong dissatisfaction with him now.

At this time, he can't say anything to make her angry anymore.

The Old Mrs. Xiao saw that Jay kowtowed his head and admitted his mistake, she felt a little more relaxed.

She didn't want her grandson to kowtow to Marven, but the point was that this poisonous oath was about her own life.

She has always believed in Buddhism. If Jay doesn't kowtow to admit his mistake, she is afraid that she will have trouble sleeping and eating, for fear of retribution to her.

So, she looked at Jay and said lightly: "Jay, these three heads are for you a little lesson. Don't bet with others casually about things you are not sure about. Even if you bet, don't harm your family!"

Jay said with a sad face, "Grandma, I know, I won't dare anymore"

When speaking, his eyes cast a look at Marven, viciously waiting for him, thinking, you rubbish, forcing me to kneel and kowtow to you and lose face, I will kill you sooner or later!

Immediately, Mrs. Xiao opened the mouth and said: "It is gratifying to win this contract today. Everyone should hurry to prepare during this period. We must take this opportunity to build a good relationship with the Emgrand Group!"

Marven reminded her on the side: "Grandma, since Avella talked about project cooperation, should the position of company director be given to Avella?"

Old Mrs. Xiao raised her eyebrows, and she couldn't help but think to herself.

She did say that whoever gets the contract can be the director.

However, when she thinks that Avella has always been disliked by herself, and that her rubbish husband has been disgusting, her heart beats again with a different tune.

If Avella is held up and she will not be under her control in the future, what should she do?

At this moment, she wanted to withdraw her previous promise.

After all, when she made the promise, she didn't swear a poisonous oath, even if she took it back, she will feel at ease.

However, she felt that this kind of remark could not be said when Avella just signed the contract, so she said in a convenient way: "Well, tomorrow night, I will hold a banquet and invite someone with good looks in Wrestrvel to the scene. Then, I will face to face announce our cooperation with Emgrand Group and the appointment of a new director."

Upon hearing this, Marven was relieved with satisfaction.

Avella also smiled gently. It seems that the position of the director is finally her own, and she does not need to be squeezed out in the future, and her parents can raise their heads again!

Old Mrs. Xiao turned her face, looked at Avella, and said, "Avella, there is one more thing, grandma wants you to help."

Avella hurriedly said, "Grandma, would you please say?"

Mrs. Xiao said, "I want you to contact the chairman of Emgrand and invite him to the banquet tomorrow."

After a pause, the Lady Xiao said with a look of expectation: "If he can come to our banquet, it will definitely be a brilliant good thing for our Xiao family, and it will also make us famous!"

Avella thought for a moment, and hesitated: "But the last time I went, I only met Lori, the vice chairman of Emgrand, and never met the chairman himself. Moreover, we just got someone's project and are holding such a banquet. Does it not seem too deliberate?"

"So what? I just want to tell the whole Wrestrvel people that we are now tied to the big ship of Emgrand, and in the future our Xiao family will develop!"

The Lady Xiao finished speaking, and then said: "Even if the chairman of Emgrand does not want to come, it is okay to invite Lori over. She is the No. 2 figure of Emgrand Group, and it would be very face lifting for us to ask her to come over."

At this point, Mrs. Xiao was already excited.

When she thought that the big clans and big families who had not looked towards the Xiao family in the past might have to rely on the snort of the Xiao family in the future, she couldn't help but burst into enthusiasm.

The Xiao family, in her hands, will become even more brilliant!

Avella thought for a moment before replying hesitantly: "I understand, I will try."

"It's not a try! must be invited!"

Avella nodded lightly, and then quietly asked Marven, "What should I do? What if the chairman of Emgrand doesn't come? What if Lori is unwilling to come?"

Marven laughed and said, "Try it, don't you have Lori's phone? Maybe the other party agrees as soon as you call?"

The Xiao family will hold a banquet. In addition to showing the strength of the Xiao family, Avella will also be announced at the banquet.

Wife is promoted to director, and it's not bad to be a husband of such a woman.

At this time, Avella didn't know that her husband was the chairman of the Emgrand Group. She sighed a little tangledly and said: "The other party is the chairman of Emgrand, and it is said that he is the young master of the Orgeyon family. How can he come to the banquet"

Marven smiled and said, "I don't think it is necessary. Maybe the other party is always at home with his wife, cooking and washing clothes?"

Avella was annoyed at him and said, "Do you think everyone is you?"

Marven nodded: "Yes, it is very likely that the boss of the Emgrand Group is just like me"

Avella curled her lips and said softly, "Cut it! How could it be possible!"

Chapter 12

Knowing that Marven was joking, Avella didn't care, stepped aside, and dialed Lori's phone.

Soon, the call was connected.

Lori's pleasant voice came across: "Ms. Xiao, hello."

"Hello, Miss Lori, I have something, I want to ask you for help." Avella said embarrassedly.

"Well, say it." Lori agreed.

Avella organized a few words, took a deep breath, and said courageously: "I want to ask if the chairman is free tomorrow night. We want to hold a banquet at home and officially announce the cooperation with Emgrand. I hope the chairman can appreciate it and bless us with his presence"

Lori was silent for a while, then replied: "Ms. Xiao, I can't do this, or else, I can help you ask the chairman's opinion?"

Avella respectfully said, "Thank you, then I will trouble you."

After hanging up the phone, Avella held the phone in some anxiety, waiting for news from the other party.

At this moment, Marven's cell phone rang suddenly.

Marven was taken aback, and then he scolded himself in his heart. He forgot to mute the phone. It must be Lori who called to ask his opinion.

Marven answered the phone with a calm expression on his face, and said "Yeah".

Lori's voice came from the other side, "Chairman, the Xiao family is going to hold a banquet tomorrow night. Would you like to go there?"

Marven replied: "Oh, that's it, it's okay, I'll be fine. Just hang up."

After that, Marven hung up the phone quickly, and then mumbled, "These sales promotion is really annoying."

Avella didn't doubt anything, but shortly afterward, her mobile phone rang again.

Lori's voice came over again, "Ms. Xiao, our chairman has agreed, and will pass by then!"

"Really, that's great, thank you for your help, and thanks to the Chairman for agreeing." Avella was suddenly very excited. She did not expect that the other party would actually agree to it.

Avella hurriedly said to Mrs. Xiao: "Grandma! The chairman of the Emgrand Group has already agreed!"

"Really?!" Mrs. Xiao was suddenly excited!

After that, she immediately said to the Xiao family present: "Go and prepare for me! Order the best hotel, order the best meals and drinks, and prepare to welcome the Emgrand chairman!"

"In addition, inform all the big companies in the city and invite them to our banquet! Tell them that the Emgrand chairman will appreciate their presence!"

Immediately afterwards, the entire Xiao family became busy!

Everyone was extremely excited, constantly contacting various partners and the upper-class figures of Wrestvel City.

This is undoubtedly a blockbuster!

For a time, the entire Wrestvel City learned of this news.

The mysterious new chairman of the Emgrand Group will soon appear at the Xiao's banquet tomorrow!

Mrs. Xiao received countless inquiries, and she responded with a smile.

She is so happy today, because as soon as the banquet is over tomorrow, the Xiao family will definitely become Wrestvel's hottest family!

Thinking of this, she smiled excitedly and said: "Okay, come here today and start preparing for tomorrow's banquet, the meeting is over!"

At the end of the meeting, Mrs. Xiao returned to her office.

Jay rolled his eyes and followed closely.

"Grandma, are you really going to give Avella the position of director?"

When he walked to a place where there was no one, Jay couldn't help but speak directly.

Old Mrs. Xiao frowned slightly, and said coldly: "I have promised Avella, why can't I give it to her?"

Jay still insisted: "Grandma, you can't let her be the director!"

The Lady Xiao asked back: "Why? She won such a big contract. She is the company's hero and deserves to be entitled."

Jay hurriedly said: "Avella was able to win the Emgrand contract because Bob from the Jones family was behind her back. I heard that Bob went to her house yesterday! Emgrand Group signed a contract with us today. What a coincidence? You see, 80% of it is because she slept with Bob!"

The Old Mrs. Xiao looked sullen and said: "What you said is true?"

Jay said plausibly, "Of course it is true. Bob did go to see Avella last night. You can find out after checking."

After that, Jay said to Mrs. Xiao again: "Grandma, she is a married woman at first. If the matter between her and Bob is spread, let people know that our Xiao family got the Emgrand Group contract by this means. Where do you put the face of the Xiao family? Where do you put your face?"

Old Mrs. Xiao frowned, she had already believed most of it in her heart.

Bob liked Avella, she knew it.

On her birthday, Bob also gave a jade amulet worth three or four million.

This also reasonably explained why Avella was able to get a 60 million contract.

At this time, Jay said: "If you let such a shameless woman be the director, then our reputation will be even worse. At this time, we must choose someone else to be the director, and then we will also give credibility to the project. Go to other people, and it's best to choose a man, this can avoid gossip to the greatest extent!"

Old Mrs. Xiao nodded gently.

She believed Jay's words 80%.

Looking at it this way, she really have to choose another director to eliminate rumors.

If everyone knows that Avella and Bob got the contract before they get the contract, he can explain to the outside that he is getting the project with the new director, and he is definitely not relying on Avella to sell meat.

Moreover, the Lady Xiao has a selfish heart.

She really doesn't like Avella! Moreover, she has always favored sons over daughters, and does not want to see Avella's status and strength in the Xiao family grow.

She must be contained to ensure that the Xiao family's assets will not leak to outsiders.

When she thought of this, she had already made up her mind.

So, she looked at Jay and said coldly, "Jay, in the future, you must listen to me. You can do what I ask you to do. You can never do what I don't let you do. Understand?"

Jay immediately said faithfully, "Grandma, don't worry. What you say in the future will be what Jay will do. I will fight wherever you refer!"

"Yeah." Mrs. Xiao nodded with satisfaction, and said: "At the banquet tomorrow, I will tell everyone that you are the new director and are fully responsible for the cooperation with the Emgrand Group, but you must remember that you must be obedient. I can lift you up, and I can step on you!"

Jay was ecstatic in his heart and quickly said, "Grandma, don't worry! Jay must be obedient!"

Chapter 13

When she came out of the Xiao Group, Avella was extremely excited.

Tomorrow grandma will officially announce her new appointment, and she can finally be proud of it!

Thinking of this, she couldn't help saying to Marven: "Marven, thank you! If it weren't for your encouragement, I wouldn't dare to take this task."

Marven smiled and said, "My wife, you deserve it."

After speaking, Marven said again: "By the way, my wife, do you want to celebrate such a big event?"

Avella nodded: "How do you want to celebrate?"

Marven smiled and said: "It just so happens that the anniversary of our third wedding year is coming soon, let's celebrate together! I'll make preparations, you don't have to worry about it."

Avella asked in surprise, "Are you trying to surprise me?"

"Yes!" Marven nodded and smiled: "I just want to prepare a surprise for you!"

Avella felt a little sweet in her heart, and said, "Then I won't ask you exactly what it is!"

Marven said, "Don't ask, just wait!"

In order to prepare a special wedding anniversary for his wife, Marven thought of many plans.

The whole is mainly based on compensation. After all, he used to be poor and didn't have the money to buy gifts for his wife, and he didn't even give his wife a formal wedding. Now that he has money, he must compensate her well.

After splitting up with his wife, Marven went to a jewelry shop named Rare Earth in the center of Wresvel City by himself.

Rare Earth is the most famous jewelry store in the region.

Gold, platinum, diamonds, and jade, it can be said to have everything.

Marven wanted to buy a gift for his wife first, and then go to the best hotel to book a late wedding.

After arriving at Rare Earth, the shopping guides saw him wearing a four-bar Adidas, and they didn't bother to pay attention to him.

Marven looked around for a long time, and saw a jade necklace locked in a cabinet.

The material of this necklace is the top ice jade, exquisite atmosphere, very in line with Avella's temperament.

Marven looked at the price, thirteen million, which was trivial to him.

So he called a salesperson and said, "Hello, please take this necklace out and let me have a look."

The other party glanced at Marven and said, "I don't have the key, it is in our manager's hands."

After speaking, he used the walkie-talkie to say: "Manager Jane, someone wants to see our treasure of the town shop!"

Soon, a very enchanting woman trot over excitedly. Her name was Jane, the sales manager here.

"Which distinguished guest wants to see the treasure of the town shop?"

The salesman pointed to Marven and said, "Manager Jane, this is the gentleman."

"Huh?" When Jane saw Marven, she was as sick as a fly.

How can this kind of filthy rug afford the treasure of the town shop?

Thinking of this, she immediately said to the male shopping guide: "Liu, are you kidding me?"

The other party said: "No, this gentleman really wants to see the treasure of the town shop."

Jane scolded: "Can this kind of filthy rug afford the treasure of the town shop? Are you blind? If you are blind, just say it and I will rid of you soon!"

Jane prides herself on being extremely accurate.

She can tell at a glance what kind of person and what kind of purchasing power one has.

Therefore, she also judged at a glance that Marven was a pauper and stinky rug.

Not to mention the thirteen million treasure of the town shop, even the ordinary necklace for one thousand three hundreds, he definitely can't afford it!

This is not a waste of your feelings?

The male shopping guide dared not speak out, so Marven frowned and asked her: "You don't open the door to do business? I want to see this necklace. What's the problem?"

Jane sneered: "We open the door to do business, but don't do business with worthless people. If you can't afford it, don't join the fun!"

Marven frowned and said: "With which eye do you see that I can't afford it?"

"Ha ha!"

Jane said disdainfully: "This jade is worth tens of millions. What do you buy? I know, don't you just want me to take a picture of you and send it to your circle of friends?"

As she said, Jane wrapped her arms around her chest, with a high-pitched look, her face full of contempt.

Hearing that this jade is worth tens of millions, many people around pointed and said with contempt: "This kind of person is really shameless. He can't afford it but want to have to look at it. What to look at when you can't buy it even in dreams?"

"That's it, without looking at the identity, just that one dress, how can it be worthy of such a super jade?"

"I tell you, there are too many of these fooling around now!"

Marven glanced at Jane at the counter, and saw that the other party was sneering at him with a disdainful face. He had already made up his mind to teach this b*tch, who is so low-minded!

So Marven took out his cell phone and dialed Darren's number.

"Come to Rare Earth, give me 13 million in cash. I want to see it in ten minutes."

“No problem, Master, I will come here.”

Jane curled her mouth and smiled: “I’m still addicted to acting! You have 13 million in cash. I have never seen so much cash in my life. I hope you can open my eyes! You don’t know, more than For millions of cash, you need to make an appointment with the bank first? Hahaha, you are so funny!”

Marven nodded and said, “Since you haven’t seen so much cash, you will see it soon.”

The people around were all talking about it.

“It’s not a problem to be poor, the problem is not to swell your face to fill a fat man”

“Haha, this man doesn’t look like a rich man at first sight. He is still talking about 13 million, and can give out 300,000. I call him my father!”

“I just want to see what the 13 million cash looks like!”

Listening to everyone standing on her side, Jane couldn’t help but smile. She couldn’t see the cash after a while, let’s see how the poor ghost ended up.

A few minutes later, at the entrance of Rare Earth, several Rolls Royce suddenly stopped.

Then, from the two front cars, eight bodyguards in black suits descended.

They were holding black leather suitcases in their hands, their muscles were tight, their faces were solemn, and they were all cold and murderous, and even the atmosphere around them was a little serious.

This scene immediately shocked the entire Rare Earth!

Where does this big man come from, there is such a pomp!

Chapter 14

Seeing such a big show, Jane was also shocked, thinking to herself that it was not really the person who was called by the poor ghost?

But after another thought, how could it be possible!

It is impossible for the poor ghost to know such a powerful character.

Darren got off the third Rolls-Royce and walked into Rare Earth. Jane quickly got up to greet him.

But Darren didn’t even look at her, and went straight to Marven.

“Master, I am here and I have brought the money.”

Darren said, waving his hand, and the bodyguard behind walked into Rare Earth, and directly put the box full of money on the ground and opened it.

It's all densely packed with cash!

The people around were so frightened that they gasped for air!

d*mn it!

This smelly filthy rug oh no! What this person said is actually true!

d*mn, what kind of big man is he!

Many people took out their phones to shoot videos one after another. They didn't want to miss such a shocking scene.

However, Darren's bodyguards cleared them all out immediately, and they could only photograph Marven on the back of his head.

Marven pointed to the cash on the floor and asked Jane, "Have seen so much money? Have you seen it now?"

Jane was frightened and nodded, "I see it, I see it"

Marven said to Darren, "I want to see the manager of this store."

Darren nodded, took out his cell phone, and searched for a moment to call.

As soon as the call was connected, he cursed directly into the phone: "Bad son, I am Darren. I am at Rare Earth now. Give you one minute and get out of here immediately! Otherwise, I will make people burn this Rare Earth! Then let someone break your dog legs!"

Jane's face turned pale, and the expression in Darren's eyes was full of fear.

Is this person really so powerful?

Own boss, but Wrestvel has a big man with a face, and he can eat well on the road, who can't give him some face? How can anyone dare to talk to him like this?

Before a minute, a middle-aged fat man crawled out of the office behind him. As soon as he saw Darren, he rushed forward and said, "Mr. Wang, you come to my shop. Without saying a word in advance, I'd have come to meet you."

Darren directly slapped him in the face and furiously said, "You have a big shelf, and your clerk dares to neglect our young master. Are you tired of life?"

Darren knew that the young master had been wronged a lot in the past ten years. At this time, seeing a clerk also gave him annoyance.

The middle-aged fat man received a slap in the face, and he was a bit wronged at first, but when he heard this, he was shocked and lost his mind.

The young master of Darren? d*mn, Darren already exists like a real dragon, isn't his young master like a god in the Hanging?

His frightened legs kept trembling, and turned his head to see Marven next to Darren. Although he looked ordinary, he was the young master of Darren's boss family!

Thinking of this, the middle-aged fat man was even more apprehensive, and said quickly: "Master, I'm so sorry, I apologize to you."

Then he turned his head, full of anger, and cursed: "Which thing that doesn't have eyesight offends the young master? Stand up for me!"

The eyes of other shopping guides instantly focused on Jane.

Jane quickly wanted to shrink back.

But the middle-aged fat man rushed up instantly, grabbed Jane by the collar, slapped her face with a blow, and cursed: "You are a bltch not better than that. Even you dare to offend the master. You are really blind. blind eyes!"

Jane was knocked to the ground by a slap, she said crying: "Boss, I'm sorry, I'm blind, please spare me this time!"

"Spare you?" The middle-aged fat man grabbed her hair and pulled her face up, hitting her face with a big fist.

With one punch and another punch, her face was full of blood: "Drafted, do you want to kill me? You want to kill me, I f*cking kill you first!"

Jane's mouth full of teeth was broken several times, and the bridge of her nose she had just paid for was also broken, her face was full of blood.

She broke away crying and broke away from the middle-aged fat man. She knelt and crawled to Marven's side, grabbed his leg, and cried: "Mr. Ye, I really know that I was wrong. I will never look down on people in the future, please forgive me."

Marven said coldly: "Do it yourself."

When the middle-aged fat man saw that she grabbed Marven's leg, he was so scared that he ran over and slammed on her head, cursing, "You can touch the young master's leg? I'll kill you!"

After this step, Jane suddenly became unconscious.

The middle-aged fat man said to the security guard next to him: "Put this dog-eyed into the waste bin behind the shop!"

“OK, boss!” The security guards did not dare to delay, and immediately took Jane, who was full of blood, and led her out.

Marven said to the middle-aged fat man expressionlessly, “My wife likes that jade, please wrap it up for me.”

The middle-aged fat man nodded quickly and said, “Okay, I’ll wrap it up for you!”

Marven took out the premium card and said, “Swipe this card.”

After speaking, he said to Darren: “You can take the cashback.”

The middle-aged fat man hurriedly said: “Mr. Ye, you like this jade, so I will give it to you as a little gift!”

Marven said: “I don’t need you to do that.”

The middle-aged fat man said in a consensual way: “Mr. Ye, treat it as a small little heart, please accept it!”

Darren said to Marven, “Mr. Ye, since he intends to send you as a plea, please accept it, otherwise he won’t even be able to sleep at night.”

Marven hesitated for a moment, then nodded gently: “Okay, then I thank you.”

Seeing Marven accepted the jade necklace, the fat man breathed a sigh of relief.

If Marven didn’t accept this necklace, he was really afraid that Darren would not let him go. With his strength, hooking his fingers could also make him wiped out.

At this time, Darren asked Marven: “Mr. Ye, do you want me to send you off?”

“No.” Marven waved his hand and said, “Where is the back door? I’ll go by myself.”

The onlookers really opened their eyes today!

Several Rolls-Royces brought thirteen million in cash just to buy a piece of jade.

As a result, the boss of Rare Earth did not even dare to collect money!

What is the origin of that very humble young man?

Many people uploaded this video to the Internet, and it became popular online.

Netizens have called this mysterious person “super rich second generation”, “overbearing president”, “god-level rich man”, and even set off a “search for god-level rich man” activity, and countless people actively participated.

But fortunately, when these people took the video, the man and his people were cleared out of the store surrounded by bodyguards, so the identity in their video was very vague and could not be used as a reference for finding someone.

Chapter 15

After leaving Rare Earth, Marven did not go home immediately.

He wanted to give his wife a full set of surprises on the day of wedding anniversary.

This surprise is not just a jade necklace, he also wants to make up a romantic wedding for his wife.

At the request of the Master Xiao, Marven and Avella hurriedly obtained the marriage certificate, and the wedding was never held in time.

The Old Master himself wanted to choose an auspicious day and hold a grand wedding, but soon after the two got the certificate, he was seriously ill and was admitted to the hospital, so the wedding was been delayed.

Later, the Old Master left, and Marven was not admired by anyone in the Xiao family, so the wedding was even more impossible.

However, now that he has money, he must pay his wife a wedding!

When he thought of holding a wedding, the first thing he thought of was the Hanging Garden of Shangri-La!

Shangri-La Hotel is currently the best hotel in Wrestvel. The hotel occupies a large area, the decoration is very luxurious, and there is a large and high-end shopping mall inside.

The Hanging garden is on the highest level inside the mall.

The reason why it is called the Hanging garden is that it is built with crystal glass, and matched with high-end fresh flowers shipped by air from abroad, it looks like a sky garden suspended in the air.

This is also the grandest and most luxurious banquet hall in Wrestvel. If a wedding is held here, it will cost at least several million.

Marven is rich now, a few million is nothing to him, as long as he can make his wife happy, it is more important than anything.

So he came to Shangri-La Hotel and wanted to reserve the Hanging garden on his wedding anniversary.

However, Marven did not know that Shangri-La Hotel adopted membership service.

Whether it is eating, lodging, or holding a banquet here, you must have hotel membership.

Moreover, the corresponding services are not available for different membership levels.

Ordinary members can only eat in the lobby and stay in standard rooms;

Silver members can eat in boxes and live in high-end luxury rooms;

Gold members can eat in luxurious boxes and live in luxurious suites;

Platinum members can eat in the Hanging garden and live in top luxury suites.

And the highest is the diamond member.

Only diamond members are eligible to live in the presidential suite, and only diamond members are eligible to hold the entire Hanging garden for banquets.

Moreover, members above the gold level cannot be processed with money, and they must have sufficient social status.

Marven came to Shangri-La Hotel, but before entering the door, he was stopped by several men in black.

“Sorry sir, please show your membership card.”

Marven’s clothes all over his body are not worth two hundred, which is extremely dazzling when compared with those brightly dressed and luxurious guests.

Marven said hurriedly: “I want to find your account manager and talk about the reservation.”

The other party said coldly: “Sorry, you can’t enter without a membership card!”

Marven said: “Then can I apply for a membership card now?”

The other party shook his head and said, “Sorry, the membership card must be processed through the introducer.”

Marven frowned, saying that Shangri-La is too much trouble, right?

When he didn’t know what to do, he suddenly remembered that when he was arranged by Mr. Xiao to enter Wresvel University to study with his wife as a senior, there was a college classmate named Lina Be who seemed to be at work!

So he immediately took out his mobile phone and called Sabrina.

After explaining the situation that he wanted to apply for the card, Sabrina immediately said: “Class monitor Ye, this matter is handed over to me, I will come there!”

Marven hurriedly thanked him.

It seems that even though they have only been university classmates with Sabrina for a year, there is still some friendship between them, and he must return Sabrina’s favor in the future.

“Oh, Class monitor Ye!”

A few minutes later, a woman’s exclamation suddenly came from inside the hotel door.

Lifting his head, Marven saw a very coquettish woman wearing an ol costume, heavy makeup, and wriggling out of the hotel.

Sabrina? Her changes are really big enough! he almost dare not recognize her!

Seeing the glamorous girl, the two black-clothed security guards at the door hurriedly bent over and called respectfully: “Manager. Sabrina.”

Marven said in surprise: “Sabrina, I haven’t seen you in a few years, you are now the team leader in Shangri-La, really amazing!”

Sabrina smiled and said: “Class monitor, you are polite, I am actually just a team leader of the personnel department, and I can only be regarded as a small and middle-level employee in Shangri-La.”

Marven exclaimed from the bottom of his heart: “That’s already very powerful. I heard that Shangri-La’s management is very demanding. You are really amazing!”

Sabrina smiled triumphantly, and then looked at the two black-clothed security guards beside her, and asked coldly: “You two blocked my university monitor at the door and refused to let in?”

The two looked at each other, and one of them hurriedly said: “I’m sorry, leader Sabrina, we didn’t know this is your university classmate, and he doesn’t have a membership card, we were also abiding by the hotel regulations”

Sabrina snorted coldly: “The rules are dead and people are alive. Don’t you understand this truth?”

Marven thought that Sabrina was going to punish them for this, and hurriedly said: “Sabrina, don’t make it difficult for them, they also act according to the rules.”

Looking at Marven, Sabrina suddenly laughed. At the same time, she changed her face and sarcastically said: “Class monitor Ye, you take yourself too seriously, you really think I will do it for you, and it will be difficult for my subordinates?”

Marven frowned: “Sabrina, what do you mean?”

“What do I mean?” Sabrina curled her lips and smiled: “Is it not obvious enough? Just like you, you want to enter Shangri-La? I tell you, don’t even think about it in this life!”

Marven clenched his fists and asked her, “What the h*ll do you mean?”

“I am teasing you!” Sabrina smiled and shivered, and said, “When I was in college, I didn’t look down on you. I only knew the smelly rug, even a canteen bun without meat. Still working as a class leader? Are you still gesticulating about my academic performance? I babble! Don’t look at your virtue!”

Marven said with a gloomy expression: "Sabrina, I think I have never provoked you, why do you ridicule me?"

Chapter 16

Sabrina hugged her shoulders and said proudly: "I just look down on you, why? You are not allowed to talk about it?"

"University classmates who didn't know that you went to be a live-in son-in-law after graduation? When you were in school, you couldn't afford to eat, and when you graduated you are eating leftovers, you still have the face to ask me for help?"

A bit of anger surged in Marven's heart.

People do not offend him, He does not offend people, Sabrina is really too much this time!

At this moment, he suddenly received a text message from Darren on his cell phone: "Mr. Ye, Shangri-La, is the property of our Ye Group. Shangri-La in Wrestrvel is just one of our more than 100 Shangri-La units."

Marven's pupils shrank suddenly!

Shangri-La belongs to the Ye family?

He subconsciously responded to the text message: "Aren't you lying to me?"

Darren said: "The person in charge of Wrestrvel Shangri-La is named Zak Chen and his phone number is 155. You call him and he will take care of everything."

"Is it Okay?"

Seeing that Marven kept low hair text messages made Sabrina very depressed.

She felt like she was abusing the dog, of course she wanted to hear the dog barking twice.

But unexpectedly, Marven didn't say a word.

It seems that this Class monitor, who was very stubborn when he was in college, is still so stubborn and indifferent to being scolded.

So she increased her firepower and sneered: "Oh, Class monitor, you can really bear it!"

"By the way, I heard people say that you and Avella had been married for three years and you haven't gotten into her bed. Could it be that Avella was the mistress of others? Wouldn't you just be a pretence for her to be someone else's junior? Right? Hahaha!"

Marven frowned.

It's all about insulting me, but also insulting my wife?

Sabrina, you are looking for death by yourself!

So, he dialed the phone number of Zak Chen, the person in charge of Shangri-La, looked at Sabrina, and said indifferently: "I want to ask your person in charge, how does Shangri-La recruit employees? Even someone with mouth full of dung, can they still be recruited?"

"Dare to scold me? Are you tired of life!" Sabrina immediately exploded her hair and shouted at the security guard beside her: "He is here to insult me, give him a beating!"

At this time, Marven had already dialed the phone.

"Hey, who."

On the phone, a man's coercive voice came.

Marven asked coldly: "Are you Zak Chen? My name is Marven Ye. I'm at the door of Shangri-La now. I will give you one minute to get down, or you will get out of Shangri-La in the future!"

The man on the phone who was still full of momentum suddenly asked: "Young Mr. Ye? Are you really at the door of Shangri-La?"

Marven said coldly: "You still have fifty seconds!"

The other party seemed frightened and blurted out: "Wait a minute, I'm here!"

Sabrina laughed angrily by Marven's phone call, and said sarcastically: "Marven, I didn't expect you to brag like this? Do you know the identity of President Zak Chen? The two top members of Shangri-La did not dare to act in front of President Zak Chen. Do you think you can bluff me by pretending to make a call?"

Marven said lightly, "Is it bluffing you? You'll know after 30 seconds!"

Sabrina laughed loudly: "Okay, Class monitor Ye, then I will wait with you for 30 seconds! Oh no, I will wait with you for three minutes! If they don't come out for three minutes, I will let the security guard tear your mouth. Look at how you brag in the future! Hahaha! You really laugh at me!"

Twenty seconds.

A middle-aged man wearing a top-level customized suit ran out in a panic.

He is a dog of the Ye family and a very powerful dog.

Since he took office in Wrestvel and became the head of Shangri-La, he has been one of the most respected existences in city. When has he been so flustered?

However, he had to panic, and never dreamed that the young master would appear in Shangri-La where he was in charge.

Sabrina was about to continue to ridicule Marven, when she suddenly saw the security guards around her looking behind her with horror.

When she turned her head subconsciously, she suddenly discovered that President Zak Chen was running out of it, and she was suddenly struck by lightning.

Immediately, she looked at Marven, her eyes full of horror: "How is this possible?"

"Who is Mr. Marven?!"

Zak Chen's voice was trembling.

The people were stunned, and Mr. Zak Chen, who was able to bring the Wrestvel earthquakes by stomping his feet, changed his voice in a panic at this moment!

Marven said at this moment: "I am!"

Zak Chen rushed to the front immediately, bowed and said: "Master"

Before he finished speaking, Marven immediately said: "Mr. Zak Chen, don't say something outside."

When Zak Chen heard this, his whole body trembled in shock.

d*mn, I am a stupid dog! The identity of the young master must be highly confidential, and he almost called out. If the young master blamed him for that, wouldn't he be finished?

So he hurriedly changed his name, but still respectfully said: "Mr. Marven, you are welcome to Shangri-La. Please move to my office to talk."

Sabrina was already frightened, she couldn't accept this reality, but it really happened in front of her eyes.

What is the origin of Marven? How can the bosses of Shangri-La treat him respectfully?

She ridiculed him just now, shouldn't he hold grudges?

Chapter 17

Thinking of this, Sabrina hurriedly changed into a flattering look, and said to Marven in a charming manner: "It's really an honor for our Shangri-La and my old classmates to come by, Mr. Marven."

She felt that by complimenting Marven, she could make Marven forget or ignore what she had done just now.

However, she took Marven too kindly.

When Zak Chen heard Sabrina's words, he asked in surprise: "Sabrina, are you Marven's classmate?"

"Yes, yes, yes!" Sabrina said hurriedly: "Marven was the monitor of my college class. We have a very good relationship!"

Zak Chen said immediately: "I will report to the President's Office tomorrow, and you will be the personnel director of Shangri-La!"

From the team leader to the personnel director, there are at least three levels in Shangri-La, and the remuneration is more than ten times, and most of the employees are in control of life and death. He is definitely one of the executives.

When Sabrina heard this, she was excited and almost fainted.

At this time, Marven said coldly: "Mr. Marven, do you know what my relationship is with Sabrina?"

Zak Chen thought that Marven was dissatisfied with this arrangement, and immediately said: "If Mr. Marven is not satisfied, then let Ms. Sabrina be promoted directly to vice president!"

Marven suddenly said, "Because I didn't have a membership card, I called Sabrina for help, but she actually humiliated me for no reason, and even wanted security to beat me several times. You actually want to promote her to vice president. What do you mean? Deliberately want to fight against me?"

Hearing this, Zak Chen felt cold.

The flattering hit the horse's leg!

Immediately, his eyes were full of anger when he looked at Sabrina.

Immediately afterwards, he slapped Sabrina's face fiercely, and cursed: "Even Mr. Marven dared to offend, you have the courage of the bear heart and leopard? Don't you want to live?"

Sabrina was so frightened that she was soft, knelt on the ground and kept kowtow, crying: "Mr. Marven, I was wrong."

Zak Chen kicked Sabrina abruptly, kicked her a few meters away, and cursed: "You are not a dog with long eyes! I will let you know today and it has caused Mr. Marven's price!"

Having said that, he shouted to the security guard beside him: "Beat her fiercely! Beat her half to death, and then give her plastic face a good look, and then tell the whole Wrester that no company will dare to use her in the future!"

Sabrina was so frightened that she hurriedly said: "President Zak Chen, I was wrong, please forgive me!"

Zak Chen was furious, and shouted: "Now you know it was wrong? Why did you go? You can offend Mr. Ye too? If it wasn't for the face of Mr. Ye, I would kill you!"

Sabrina broke down and cried. She knelt on the ground and crawled all the way to Marven, kowtowing her head again and again: "Class monitor Ye, I was wrong, sorry! Please let it for the sake of classmates."

Marven asked her indifferently: "Sabrina, classmate, why did you insult me and my wife just now?"

Sabrina cried bitterly and said, "Class monitor, I was confused just now. I blame my bad mouth. Please forgive me."

Marven said: "If people do not offend me, I will not offend others, but if they offend me, I will never forgive others!"

After that, he snorted and said: "You brew your own bitter wine, drink it yourself!"

Zak Chen scolded: "b*tch, dare to bitch with Mr. Ye, I will tear your broken mouth!"

Sabrina did not dare to beg for mercy anymore, but knelt on the ground and wept bitterly.

Marven did not sympathize with her at all, but simply ignored her and said blankly to Zak Chen: "I want to talk to you about the Hanging garden. Let go to your office."

Zak Chen nodded hurriedly, and said respectfully: "Mr. Marven come with me!"

After speaking, he pointed at the security guard beside him and shouted: "Hit her hard!"

"Yes, President Zak Chen!"

How dare the security guard disobey him, nodding his head immediately rushed to hold Sabrina to beat her.

Sabrina kept wailing, but Marven completely ignored it, and under the guidance of Zak Chen nodding and bowing, he entered Shangri-La.

As soon as he arrived at Zak Chen's office, Marven went straight to the topic: "A few days later, it will be my wife's wedding anniversary. I want to reserve the entire Hanging garden. Can I do that?"

Zak Chen said without hesitation: "Mr. Ye, in order to ensure fairness to all high-end members, Hanging Garden has always refused to book the venue. Even the city leaders will not provide private space service. However, as long as you need it, the air in the garden can even be reserved for you alone forever!"

Marven said indifferently: "That's not necessary, just save it on the anniversary. Besides, I need you to cooperate with me and prepare a little surprise for my wife."

Zak Chen said immediately: "Mr. Ye, don't worry, all Shangri-La employees and I will obey your instructions!"

Marven got things done in Shangri-La. When he took the bus home, almost all the passengers in the bus were using TikTok, Instagram and YouTube.

Moreover, to his surprise, everyone is watching the same video!

It's the video of throwing thirteen millions in cash at Rare Earth!

The video was shot from Darren's Rolls-Royce team, a series of top Rolls-Royce cars, a dozen black security guards with black suitcases, and thirteen million cash dropped on the ground for dogs to watch. The low-ranking sales manager has no place to show herself, and the whole process is posted online.

However, the video failed to capture the front of Marven.

This video quickly became popular in Wrestrvel. Countless people are wondering who is the superhero. Many girls even dreamed of Cinderella and the prince's dreams, eager to one day meet this low-key hero.

Marven repeatedly confirmed that he was difficult to recognize in the video, and then he was relieved and returned home.

At this time, the home is full of joy.

Avella got the contract from the Emgrand Group and was about to become the director of the Xiao Group. Her parents were naturally excited and tearful.

She have been looked down upon in the Xiao family for so many years, now she can finally raise her head and be a woman!

When the father-in-law and mother-in-law were happy, seeing Marven was not as bored as before.

The mother-in-law said excitedly: "Oh, I'm so happy today, my daughter is really not an ordinary person!"

After finishing speaking, she looked at Marven again, and said with a rare smile: "Marven, you can be considered a great inspiration for this matter. I won't let you cook today. Let's find a restaurant to have a meal!"

Avella smiled and said, "Then let's go to Kempinski to eat western food!"

"It's too expensive!" The mother-in-law blurted out: "That's not more than 1,000 per capita?"

Avella smiled and said, "Mom, the director's salary is very high, with an annual salary of one million."

"Oh!" The mother-in-law applauded joyfully, and happily said: "It's great, great! My family is finally promising!"

After that, she said: "However, you must pay at least 70% to your mother from your future salary. You young people don't understand the importance of financial management. Money is definitely more reliable with me than you save yourself!"

Avella nodded immediately and smiled: "Okay mom, I will give it to you every month at that time, but let's say it, you can't always rebuke Marven in the future, saying things like how can he be your son-in-law? "

The mother-in-law immediately opened her eyes and smiled: "Okay! Mom cares about your face, so try to talk less about him in the future!"

Chapter 18

Bob was sulking at home when a family of four went to Kempinski for dinner.

He also saw the news from the Emgrand Group, and was very depressed.

He thought Avella would not be able to get the contract from the Emgrand Group if he didn't help. He didn't expect that she would successfully win a contract of 60 million in the morning. He recalled that he had put a cruel remark at her house yesterday. This was not for her face?

Jay also called to complain about it, and said as soon as he opened his mouth: "Brother Bob, you are too interesting! I have been helping you create opportunities to chase my cousin, but you helped her win the cooperation of the Emgrand Group. Didn't you embarrass me?"

Bob is also very innocent, what the h*ll? I didn't help Avella!

At this time, Jay asked again: "Brother Bob, tell me the truth, did you put my cousin to sleep?"

Bob was too embarrassed to deny, saying that he had nothing to do with all of this, wouldn't that mean admitting that he was incompetent?

So he said um um ah ah, "Yes, sorry Jay, I will definitely compensate you if I have a chance in the future."

"I knew it!" Jay sighed, and then hurriedly asked: "Brother Bob, my cousin should still be a intact? She seems to have never let that rubbish touch, you really hit a jackpot this time!"

Bob was delighted when he heard this.

OK! Avella is still a ...!

Then he might as well declare to the public that she slept with him, so as to provoke the relationship between her and her husband.

Thinking of this, he smiled and said to Jay: "Jay, your cousin was indeed still a virgin, and it was really cool to do it, hahaha!"

Jay said bitterly: "Then you can't ignore me from now on, Brother Bob!"

"Relax!" Bob readily agreed.

After hanging up Jay's phone, Bob's father called again.

As soon as the phone was connected, he blurted out: “Bob, something has happened! The Marriott Group stopped all our cooperation! Have you been offending people these days?”

When Bob heard this, his heart felt like an ice cellar.

The Emgrand Group has stopped all cooperation with the Jones family? Doesn't it mean that the family has suffered heavy losses? !

He blurted out: “What's the situation, Dad? I haven't offended anyone these days! Have you offended anyone?”

Bob's father said angrily: “Neither do I! I have been in the company these days, and I haven't gone out to offend anyone.”

Bob said nervously: “Oh, dad, is it possible that the new chairman of Emgrand Group is preparing to shuffle the cards?”

“Very likely!” Bob's father suddenly realized: “Now that the new chairman has taken over, I haven't had a chance to pay a visit. I have mentioned it to that Lori several times, but she keeps saying that their chairman is not attending guests.”

Bob asked: “What should I do?”

His father thought for a while and said, “Oh, right, there will be a banquet in the Xiao family tomorrow night. It is said that they have invited the chairman of the Emgrand Group. Let's go and find a chance to meet him!”

“Okay!” Bob said immediately: “Tomorrow we will go together!”

The next day, at the most important highlight of the Xiao family, the entire family was excited up and down.

Because after a night of fermentation, the Xiao family got the Emgrand Group contract and invited the Emgrand Group chairman to participate in the family banquet. The news has spread throughout Wrestdel!

For this banquet, Marven found his most expensive suit to put on and went to the hotel where the banquet was held.

As soon as he arrived at the hotel entrance, Marven got out of the car and saw a Porsche suddenly braked and stopped in front of him.

Immediately afterwards, Bob, dressed in a designer suit and meticulously combed hair, got out of the car.

Soon, a receptionist came up and greeted Bob graciously.

And Bob obviously saw Marven too, with a trace of disdain in his eyes, looked at him up and down, and smiled: "Where did you find a copycat suit, and the person wearing it looks like a dog."

Marven asked calmly: "What does it have to do with you?"

The corner of Bob's mouth curled up, with a bit of sarcasm on his face, and said, "You have nothing to do with me, but your wife has something to do with me now."

Marven frowned slightly and asked, "What's the relationship?"

People around can't help but stop.

Beginning last night, there was a gossip in the circle.

According to the news, Avella was able to win the Emgrand Group's cooperation entirely because she dedicated her life to Bob's relationship. Otherwise, with the strength of her and the Xiao family, how could she win the Emgrand Group?

Now it seems that this is really a sign.

Bob saw the crowd gathered, and said to Marven: "What do you think was the reason why the Emgrand Group was able to win the cooperation in the first place?"

Marven looked at Bob and asked indifferently: "Because of what?"

Bob's mouth curled up and said, "Of course it's because of me, because Avella is now my woman, so I tried my best to help her win the Emgrand cooperation. If you know, divorce her sooner, it's also considered adult beauty. "

Although everyone around had speculated, but now that Bob said it bluntly, everyone could not help being surprised.

Avella actually got the cooperation of Emgrand Group through sleeping with Bob!

"Because of you?" Marven laughed instead of anger when he heard this, and said, "You are worthy too?"

Chapter 19

"I'm not worthy, are you worthy?"

Bob said with gloomy eyes: "You are just a rubbish, you can't even look at your own wife. It's too wrong to follow you in the first place. It's nice to follow me, I can give her what she wants!"

Marven's face turned cold, lowered his voice, and said coldly: "I'll give you two choices. First, you will kowtow to Avella and apologize. In front of everyone, you will swallow what you have said. Second, I will completely bankrupt your family group, if you disagree."

"Hahahahaha, are you kidding me? What kind of thing are you that made my group bankrupt?"

Bob laughed wildly and looked at Marven disdainfully, obviously not taking what he said seriously.

“Are you a mentally retarded daydreamer? What do you use to make my family group go bankrupt? Do you know what the market value of my family group is?”

Marven was expressionless, staring at Bob for a moment with a mentally retarded expression, took out the phone at random, and dialed Darren.

“Within three minutes, I want to see Bob’s group go bankrupt and liquidate its assets, and debts soar!”

In three minutes, letting a group with a market value of several billion go bankrupt is simply a pipe dream!

Bob stared at Marven with a stern look, and said: “d*mn, you’re so awesome! Do you think you are the superhero on the Internet?”

After that, Bob said coldly: “rubbish, don’t pretend, I also give you two choices. First, you will kneel down and apologize to me, and then divorce Avella immediately; second, I will find a few people to completely abolish you from the face of earth. Then, let you see me and Avella sweet and sweet with your own eyes, and you can choose yourself! I will give you one minute!”

Marven looked down at the phone and said, “You have one minute left, are you sure you can’t save it?”

“f*ck off! You still have thirty seconds to think about it. If you don’t kneel down, I will make you regret it forever!” Bob said indifferently.

“Twenty seconds!”

“Ten seconds!”

“Five seconds!”

“The time is up, don’t blame me for being cruel, it’s you rubbish that you found yourself!” Bob shook his collar, then waved to a few bodyguards, ready to take care of the rubbish first.

But at this moment, Bob’s cell phone rang suddenly.

Bob was taken aback, saw his father calling, and quickly picked up.

“Dad, I’m already at the party, are you here?”

On the phone, Bob’s father snarled frantically: “You rubbish! Who on earth did you offend! What trouble did you cause! Now all shareholders are frantically dumping our group’s stock, and our stock has fallen by more than 90%!”

As he said, his father roared again: "The bank suddenly came to ask for debt repayment! All the partners suddenly stopped cooperating with us and stopped settlement! Our capital chain has been broken! There is only one way out for bankruptcy and liquidation!"

Bob's face instantly turned pale as he listened to the voice from the phone, and cold sweat dripped from his forehead.

"Our house is over! Completely over!"

Bob wanted to ask again. Suddenly, he heard the sound of a police siren on the opposite side of the mobile phone, followed by the sound of a door breaking, and the voice of the police asking his father to cooperate in the investigation.

He was suddenly weak, and the phone fell to the ground, smashing to pieces.

As soon as his legs softened, he knelt in front of Marven.

The wind blew, and the body and heart were cold.

Those bodyguards, seeing this picture, were all surprised and stopped stepping forward.

Bob was extremely frightened, and asked Marven in a low voice, "Who are you? You did it, right?"

The crowd onlookers were also extremely surprised. Bob answered the call and suddenly knelt in front of the son-in-law of the Xiao family. What happened?

Marven looked down at him, bent over slightly, and said in a low voice: "I gave you the opportunity to choose, but you didn't choose the right one."

"I know that I was wrong, I apologize to you, please, let me go! At first I have nothing to do with you, I have never touched her, the Emgrand Group's cooperation is not my help, those words just said are all made up, I beg you, forgive me and my family!"

Bob kept kowtow apologizing, he couldn't even dream that a son-in-law of the Xiao family would have such a great energy! One phone call breaking his family!

When he raised his head and looked at Marven's cheek, he only felt that this plain face was more terrifying than a demon!

Can let his family go bankrupt within a few minutes, such a character is not offended at all!

Marven shook his head and said, "You should be satisfied, because at least I will save you a life! Otherwise, your whole family will be dead!"

As soon as he said this, Bob's face paled and his whole body trembled violently.

Marven looked at him and said coldly: "To tell you the truth, I am the superhero on the Internet. If you don't want to die, you'd better not talk about my identity, otherwise, you and your father won't survive tomorrow morning.!"

After speaking, Marven patted Bob's face, and stepped into the hall without paying attention to him.

But Bob completely slumped to the ground, and he did not dare to resist Marven's extremely humiliating action.

Seeing Marven walked into the hall, Bob even ran into the hall rolling.

Looking around and seeing Avella's figure, he crawled over there, knelt at Avella's feet, kept kowtow, and cried, "Avella, I apologize to you, I shouldn't tell you about it. The rumors, you got the Emgrand Group project, it has nothing to do with me, please, let me go!"

Avella was taken aback by his actions, and quickly dodged backwards, but ran into a warm embrace.

Avella looked back, and it was Marven who hugged himself.

After Marven came in, he saw Avella. Today's Avella has been carefully dressed, like a blooming star in the crowd, dazzling.

Seeing Bob rushing towards Avella, Marven took her in his arms first to prevent her from falling, and gave Bob a fierce look.

Bob was frightened and rolled away on his stomach, for fear of angering Marven.

Avella asked puzzledly: "What happened to him?"

Marven hugged her while whispering, "I'm afraid this person is sick. Leave him alone."

Although the two were husband and wife, they didn't have any close contact. Feeling Marven's warm embrace, Avella's ears were red.

She hurriedly broke free from Marven's arms, and said falteringly: "Well, Chairman Ye of the Emgrand Group should be here, I'm going to see"

Chapter 20

When Bob fled, Jay just came in, followed by his sister Theresa and his fiance Yunlong Wang.

Beside Yunlong, there was also a young man dressed in luxurious clothes. Looking at his face, he looked a bit like Phil.

When he met Bob head-on, Jay said hurriedly: "Oh, brother Bob! When I just came in, I heard someone say something happened to your family? Really?"

Bob pushed him away in despair, muttering in his mouth: "It's over, it's over, it's all over"

Jay asked with concern: "Mr. Jones, what's wrong with you?"

Bob shook his head in fear, dare not say anything.

He had no doubt that if he said something that he shouldn't say, he might be corpse on the street tomorrow.

So Bob broke away from Jay's hand and ran out in despair.

Jay looked at his back and sighed, "I guess this house is really finished, sh!t, too soon, right? It was fine yesterday, but today it is bankrupt!"

Later, when Jay saw Marven and Avella, he was moved with bad thoughts, and hurriedly greeted Avella, "Avella, I will introduce you to this distinguished guest. This is Phil's cousin, Fred Wang. , The eldest son of the Wang family."

"Brother Fred, this is my cousin, Avella." Jay introduced to Fred with a flattering expression.

As soon as Fred came in, his eyes were tightly focused on Avella. Hearing the words, he quickly stretched out his hand and said: "Hello Avella. I have heard about the beauty of the daughter of the Xiao family a long time ago. Seeing it today, it really deserves its reputation."

A trace of dissatisfaction flashed in Marven's eyes. There was no way for his wife to be beautiful, and the flies around her would be annoying to death after catching one after another.

So he stretched out his hand first, shook hands with Fred, and said coldly: "Hello, I am Avella's husband."

"You?" Fred looked up and down at Marven, his disdain was overwhelming, and he withdrew his hand before he said indifferently: "I didn't expect Avella to be married. It's really a flower on the cow dung."

Theresa quickly explained on the side: "Brother Fred, this rubbish is imported into our Xiao family. He has no job and no ability!"

After finishing speaking, she deliberately winked at Fred and said, "Brother Fred, after I marry Phil, we will be considered as a family, and we must have more contact by then."

Fred naturally knew what she meant. This was to encourage him to pursue Avella. Then he smiled and said, "Miss Avella is as beautiful as an immortal. If I can communicate more, I can't ask for it."

At this moment, Marven also saw his mother-in-law Viola and father-in-law Dave approaching.

After Viola walked over, he hurriedly said to Avella, "Avella, have you heard about it? Jones family is bankrupt!"

"Huh?" Avella asked in surprise: "When did it happen?"

“Just now!” Viola sighed: “I thought you would divorce Marven in the future, and you can be with Bob, but now it’s nothing to watch.”

Marven was very depressed, is this mother-in-law a fool? Don’t know that the current son-in-law is the real son-in-law?

After seeing Viola, Fred hurried over and introduced himself: “You must be Avella’s mother, right? Auntie, I am Phil’s cousin Fred. You are so beautiful, no wonder you can give birth to Avella. Such a beautiful daughter.”

When Viola heard that Fred turned out to be Phil’s cousin, the eldest son of the Wang family, and the son of the rich family! Her eyes lit up and she said enthusiastically: “Yes, I am Avella’s mother. Are you and Avella friends?”

Fred nodded and smiled: “Kind of friends, but I just met today!”

Viola was full of joy, and quickly nodded and said: “Everyone quickly find a place to sit, don’t stand, Mr. Wang, you young people, you should have more contact in the future.”

“Mom!” Avella exclaimed in dissatisfaction, preventing her mother from continuing.

Viola was about to say something, Avella gave her a hand to remind everyone to pay attention to the stage.

At this time, Mrs. Xiao was already standing in the spotlight!

She looked around with excitement before she stood in front of the microphone and smiled and said: “First of all, on behalf of the Xiao family, I welcome dear friends and partners to come to our banquet.”

“Then, let us welcome the Vice Chairman of Emgrand Group, Ms. Lori.”

The spotlight moved instantaneously, hitting the beam of light on the front seat.

Wearing a black evening dress, Lori completely exposed her perfect figure to everyone’s eyes. Under the light, she was as dazzling as a fairy, and all the men in the field couldn’t help but focus on her.

Emgrand Group, Vice Chairman! Peerless beauty! Each of these identities is enough to attract everyone’s attention.

After Lori stood up, she just nodded to the crowd. When she saw Marven, her eyes stayed for a while before she moved away.

At this time, the Old Mrs. Xiao continued to speak: “Today, I would like to thank the Emgrand Group for being able to entrust such an important project to the Xiao family. The Xiao family will definitely go all out to live up to the trust of Emgrand.”

“Secondly, we also want to introduce to our friends an outstanding junior of our Xiao family. If it weren’t for him, we would not have reached a cooperation with Emgrand. Moreover, after mutual consultation

of our group, we decided to nominate him as our Xiao Group's Director, is solely responsible for the cooperation with Emgrand Group!"

The mother-in-law Viola said excitedly: "Oh, Avella! It's time for you to be on stage!"

Although Avella was ready to take the stage, she was still nervous.

Marven immediately cast an encouraging look at her.

Jay looked at Avella who was full of excitement, and couldn't help but show a sneer at the corner of his mouth.

Old Mrs. Xiao also looked at the table and spoke with a smile.

"Let us welcome the new director of the Xiao Group, Jay!"

Avella's figure instantly froze in place

She looked to the side in disbelief, but saw Jay proudly and stepped onto the stage.

Marven's eyes turned cold instantly.

A good way to cross the river and demolish the bridge!

The Xiao family, after using Avella, immediately abandoned her, not caring about her feelings at all!

Avella's eye circles instantly turned red, and tears kept rolling in his eye sockets.

Immediately afterward, she stood up and ran out of the door without looking back.

For her, how happy she was when she came, how desperate she was now!

Marven watched her leave, his face even colder.

Bullying my wife? Are you looking for death?

At this time, Jay stood on the stage and said proudly: "Thank you for the trust of the company, I will definitely work hard to be a director! I will definitely complete the project given to us by Emgrand Group!"

Mrs. Xiao nodded in satisfaction, took the words, and said: "There is one more important thing about this banquet, that is, we are fortunate to have Mr. Ye, the new chairman of the Emgrand Group! Please use the warmest Applause, welcome to Chairman Ye!"

There was thunderous applause from the audience!

All the guests tonight are rushing to the new chairman of Emgrand Group!

Everyone is waiting to see his style!

Everyone is watching privately, just want to see, who will stand up at this moment!

Someone even said: "I suspect that the mysterious chairman of the Emgrand Group is the same person as the super goddess who made a lot of noise at Rare Earth on the Internet!"

"I also think it's very possible! That super hero's back looks strange, it shouldn't be in the Wrestvel circle!"

"God! If you say that, isn't the chairman of Emgrand Group the most powerful super-rich in Wrestvel?"

"I look forward to seeing him in his true colors!"

In this fierce applause, under the eager attention of countless people, Marven suddenly, with cold his face and slowly stood up.
