

## The Amazing Son In-Law Chapter 1121-1130

### Chapter 1121

Her husband even asked her jump off the building, Horiyah was immediately furious!

She pointed at Noah angrily, and cursed: "Noah, you are a dog, don't forget, who has been behind you for so many years to support you, help you, and take care of you. You are now because I betrayed in order to survive. How many times do you want me to die? Are you still a human?"

Noah gritted his teeth and cursed: "Stop the d\*mn nonsense! You should be thankful that this is not ancient times, otherwise I must kill you myself! Give me a cuckold, you are so brave!"

The Old Mrs. Xiao looked at the painful look of her elder son Noah. She was not angry. She slammed Horiyah on the crutches and cursed: "Noah has never been so angry when he grew up. Blame you b\*tch, look at your good deeds!"

Horiyah was stabbed in pain by a crutches, and grinned and said, "Dead Lady, don't blame me for your mistakes. If it weren't for me and the Wu family, you would still be squatting in the detention center. How could it be possible for you to live in Tomson? Thank me for having it today!"

Mrs. Xiao suddenly said sternly, "You don't bullsh\*t here. Mr. Regnar values our family's ability. What does it have to do with you shameless woman? Even if you died in a black coal pit, Mr. Regnar would still find us and let us live in Tomson!"

Horiyah cursed: "You are a dead old woman, pick up a bowl to eat, put down your chopsticks and scold your mother, you are talking about someone like you! You don't even have a sense of gratitude, no wonder the Xiao family will fall into this place today. To the point! With you, an old woman in charge, the Xiao family can only get worse and worse in the future!"

After that, she looked at Noah again, gritted her teeth and cursed: "And you Noah! Don't look like you are unlovable. Didn't the Lady Xiao just put you a green hat? Do you think the Lady is willing to survive?"

Noah cursed angrily: "Go to your uncle in order to survive! You should defend your chastity with death!"

Horiyah gritted her teeth and cursed: "fck your mother, I dared to pack a ticket. If you were put in the environment of the black coal kiln at that time, you could fcking sell your a\*\* to survive!"

Hearing Horiyah's sophistry, Noah exploded all at once, and scolded angrily: "What are you talking about? I sell my a\*? I fcking kill you today! God can't save you!"

The doctor could not stop the family of three, so he immediately took out the phone and dialed 110

When there was a mess in the ward, Regnar was at home, having a meeting with family members.

He opened his mouth to several of his younger brothers: "Now my father is not awake, the Eight Heavenly Kings will not listen to my orders for the time being, but I have sent a large team to Changbai

Mountain to grab the Wei family father and son. After the Wei family father and son are taken back, we will have one more helper.”

Dawson asked a little puzzled: “Brother, why are you working so hard to save the Wei family father and son?”

“You don’t understand.” Regnar said with a cold face: “Wei’s Pharmaceuticals is a company with a market value of several billion, and it is also somewhat famous in China. If we rescue the Wei family men, we must help the family retake Wei Pharma. However, I will sign an agreement with them in advance. I will help them regain the Wei’s Pharmaceuticals. They will give me 70% of the Wei’s Pharmaceuticals. I believe they will agree!”

“After all, they will never be reconciled. It is better to dig ginseng in the place where birds do not sh!t and come back to live there!”

Regnar’s third brother, said calmly: “Big brother, even if Wei’s Pharmaceuticals gives us it, it’s only a few billion. Although our family’s market value has fallen a lot now, it’s not enough to see the billions in our eyes. .”

Regnar snorted and said lightly: “You don’t even understand, why should I get shares in Wei’s Pharmaceuticals? It’s because I want to use Wei’s Pharmaceuticals to negotiate with Kobayashi Pharmaceuticals in Japan.”

## **Chapter 1122**

Everyone looked surprised: “Kobayashi Pharmaceutical? Why negotiate with them? Isn’t this a Japanese company?”

Regnar said: “I got the news some time ago that the Japanese Kobayashi Pharmaceutical was also pitted by Marven, and Kobayashi Pharmaceutical has always wanted to develop their business to China, but there has been a lack of a good opportunity.”

“If the control of Wei’s Pharmaceuticals is in my hands, then I can cooperate with them, so that they can enter the Chinese market faster.”

“At the same time, Kobayashi Pharmaceuticals will definitely unite with me to deal with Marven. Then Marven will be killed, and Wei’s Pharmaceuticals and Kobayashi Pharmaceuticals will cooperate deeply. By then, this line can make more money. You can do more with one stone, why not feel happy about doing it?”

When Dawson and thired brother heard this, they immediately admired him and said: “Brother, your foresight! If this is the case, we not only have a strong ally, but also a very promising revenue channel!”

Regnar smiled and nodded, and said, “You guys, learn more. Only by making progress faster can you better help me.”

Dawson said at this time: “Big Brother, I still don’t understand, why did you want the LOW group from the Xiao family to get in? This group of people is really a bunch of rubbish in my eyes. Even if Marven is disgusting, they are not enough. “

Regnar said with an unpredictable look: "You don't understand, the Xiao family are small people in the market. There are many things that only the people in the market can do the best. The lower the population, the more you can sometimes toss. I don't know what incredible things they will toss about tomorrow, maybe they will surprise us?"

As he was talking, his assistant rushed in and said, "Mr. Regnar, something happened to the Xiao family!"

Regnar frowned: "What's the situation?"

The assistant said: "Wrestvel Police Station received an alarm, and the Xiao family fought each other in the hospital."

Regnar asked, "What's the matter? They didn't give me a good disgusting Marven for Tomson, so why did they go to the hospital to fight?"

The assistant said embarrassingly: "That's Mr. Regnar. The Lady Xiao from the Xiao family went to Marven's house and stole some leeks. At night, the family of 5 used these leeks to make dumplings, but unexpectedly, those were not leeks at all. It was daffodils, so all five members of the family were food poisoned and were taken to the hospital."

Having said that, the assistant took a breath and continued: "After the family was sent to the hospital, the doctor checked their blood. It was unexpectedly discovered that Horiyah was pregnant. Moreover, according to her pregnancy, the baby in her belly should have been conceived in black coal mine. Noah and Mrs. Xiao felt that Horiyah was insulting to the family, so they started fighting with her."

Regnar was stunned.

His two younger brothers and some of the juniors who attended the meeting couldn't help laughing when they heard this.

Regnar also said just now, I don't know what incredible things these low-end people can do. Unexpectedly, it is ironic enough to let them toss out such an incredible thing right now.

And Regnar's expression at this time was even uglier than eating sh!t!

He let this group of people to disgust Marven, but these b@stards are specifically disgusting themselves, right?

### **Chapter 1123**

At this moment, Regnar thought to himself that he would let this family get out of the Tomson first-grade, and let it go by itself.

But thinking about it carefully, he was very unwilling.

He opened his mouth and said to everyone: "I know what you think in your heart. You all feel that this family is too low and can't do anything. But if you think about it carefully, I can be sickened today, and

maybe I will get sick tomorrow. You all, the problem now is that this family is not doing it in one place. If this family is twisted into a rope, I believe they are still very effective!”

Dawson couldn't help asking: “Brother, how should we make this family become a rope? Now that Horiyah is pregnant with other men's children, how could Noah still be willing to twist a rope with her? And that Old Master? Madam, she is not a fuel-efficient lamp.”

Regnar said coldly: “If they can't twist together, then I will weld them together! I want to see if it is more important for them to save face or survive!”

Wrestvel People's Hospital.

After receiving the call, several police officers came to the hospital ward.

Horiyah was already beaten by the Lady Xiao and Noah.

Fortunately, everyone was poisoned by food, and they weren't quite well, so they couldn't use all their strength when fighting, otherwise Horiyah would be beaten to death.

After the police arrived, they separated the people first, and then asked sternly: “What's the matter with you? Don't you know that the hospital is a public place? How dare you fight here?”

Old Mrs. Xiao hurriedly said: “Comrade police, this is our own family affair.”

The police scolded: “Household matters should be solved at home, why do you want to do it here?”

Noah pointed at Horiyah angrily and blurted out: “Comrade police, this woman is stealing a man outside, and she is pregnant with other men's seeds. What's even more hateful is that she didn't tell me, and kept hiding it. If it weren't for the accidental investigation in the hospital today, I might still be in the dark!”

The police couldn't help frowning, feeling a little more sympathetic to Noah.

However, he still said in business matters: “It is difficult for an upright official to cut off housework. You should settle these matters within the house. If you can say it well, just let it go and live it well. If you say it is not good, go to the Civil Affairs Bureau to get a divorce. , No one will delay anyone, why bother to fight in public? Take a step back and talk about the ugliness of the family, right?”

Noah nodded repeatedly and said, “Comrade police is right.”

After speaking, he looked at Horiyah and said unceremoniously: “Horiyah, you unfaithful woman, I want to divorce you! You must leave! I will leave early tomorrow morning!”

The Old Mrs. Xiao also said decisively: “Yes! Divorce! Only a divorce can save the face of our Xiao family, let her take that wild species and get out!”

And Jay and Theresa, who had never spoken much, had very complicated eyes.

For them, the facts today are too shocking, and they can't react at all. Their mother cheated and became pregnant, and their father wanted to divorce her again.

Could it be that this family just broke up like this?

Horiyah was also very broken. She paid so much for this family, and she exchanged for such a result! She is unwilling!

Why did I have suffered so much and suffered so much sin?

Isn't it just for this home?

And now my husband is going to divorce me!

If not for me, everyone in the Xiao family would still be squatting in the detention center.

How could the Xiao family live in Tomson Villa without me?

#### **Chapter 1124**

Horiyah became more angry as she thought about it. She pointed to Noah and cursed, "Noah, do you want to cross the river to break the bridge? I tell you, I will never agree to a divorce! Do you want to divorce me, right? Okay, I will do it now. Call Mr. Regnar and let him comment!"

With that said, Horiyah took out her mobile phone and dialed Regnar's number.

To her surprise, the call was immediately connected.

As soon as the phone was connected, Horiyah cried and said, "Mr. Regnar, you have to call the shots for me, Mr. Regnar!"

Regnar asked coldly: "What's the matter?"

Horiyah said: "Noah is an unscrupulous person who wants to divorce me. He and his mother beat me together, even the police came!"

Regnar sternly said: "It's really unreasonable. Give the call to the Lady Xiao!"

Horiyah handed the phone to the Old Mrs. Xiao immediately, and said with a successful face: "Mr Regnar wants to talk to you!"

Old Mrs. Xiao hurriedly answered the phone and said respectfully: "Hello, Mr. Regnar!"

On the other end of the phone, Regnar asked in a low voice, "What? I heard that you and your son beat Horiyah?"

Old Mrs. Xiao complained immediately: "Mr. Regnar, you don't know that this woman did not obey the law of women and has ruined our family's reputation! And she is pregnant with someone else's wild species!"

Regnar blurted out: “I warn you old stuff. I will bring your family of five together and send you back to live out of Tomson. It is for you to unite and help me trouble Marven. All the demon moths! If your son dares to divorce Horiyah, then your family can get out of the Tomson villa right away! If in the future I hear of any unfriendly behavior towards Horiyah, then you can also get out, do you understand?”

When the Old Mrs. Xiao heard this, she became anxious and blurted out: “Mr. Regnar, this woman is really hateful. There are other wild species in her stomach! How can we bear it?”

Regnar asked, “You can’t bear it, right? Since you can’t bear it, then from now on, Tomson has nothing to do with you! Go away!”

Mrs. Xiao was too frightened and blurted, “Mr. Regnar, Mr. Regnar! Don’t do this! Can we all listen to you?”

Regnar said coldly: “Where is your son? Does he agree?”

The Old Mrs. Xiao had no intention to ask Noah at all.

Because she knew that no matter what she sacrificed, she could not sacrifice Tomson’s villa.

She finally has the opportunity to live in, and would not want to move out even if she was killed.

As long as she can keep Tomson’s first grade, even if Horiyah wants to give birth to this child, she can bear it!

As for her son, she can’t bear it anymore, she can’t manage so much anymore.

So the Old Mrs. Xiao immediately made a decision for Noah, and blurted out: “Don’t worry, Mr. Regnar, he will never have any opinions! In this family this old woman has the final say!”

Regnar was satisfied and said coldly: “If this is the case, then I will give you another chance, but you must remember what I said and dare to have any disobedience. I will not only let your family get out, but also All your family will be sent to the black coal mine!”

After all, Regnar hung up the phone.

At this time, Noah hurried forward and asked, “Mom, what did Mr. Regnar say?”

Old Mrs. Xiao glanced at Horiyah with a vicious look, and said to Noah: “As Mr. Regnar said, you are never allowed to divorce Horiyah, and we are not allowed to do anything unkind to her, otherwise. , he’ll let us get out of Tomson, and send us to the black coal kiln!”

Noah’s eyes were dark, and he fainted with a puff

## **Chapter 1125**

Noah had the desire to die at this moment.

He never expected that Regnar would stand up for Horiyah.

This made him very uncomfortable.

Noah also lived proudly for half his life, and had never tried to feel like being cuckolded. As a result, he didn't expect that not only was the green hat worn, but the wife even came back pregnant with wild plants.

More importantly, he couldn't even divorce her.

Isn't this trying to stick the green hat on head?

At this moment, he hated Horiyah crazy, but when he thought of Regnar's words, he immediately persuaded himself again.

He also knew that he couldn't disobey Regnar's meaning, otherwise, not only would he be unlucky, but the entire Xiao family would be unlucky.

The only life-saving straw for the current Xiao family is that if they offend Regnar, everyone will instantly fall from living in the Tomson villa to the street, without food and clothing.

In order to survive, for the Tomson first-class, for the Xiao Group, he can only bear the pain of wearing this green hat.

Moreover, he will continue to live with Horiyah, this feeling makes him collapse.

But in order to survive, he can only compromise.

So he gritted his teeth and said to Horiyah: "I don't need to divorce you, but the child in your stomach must be killed!"

The Old Mrs. Xiao nodded, and said coldly: "Yes, our Xiao family doesn't keep any evil seeds, you have to abort."

Horiyah was already satisfied with the concessions made by the Xiao family, and she was the one who didn't want to give birth to a child last.

After all, it was a dirty, ugly, middle-aged old rag that made her pregnant with this child!

Not only did he let her be pregnant with this child, he also infected her with a lot of venereal diseases.

Whenever thinking of this, Horiyah would like to kill that supervisor.

Therefore, Horiyah agreed: "Don't worry, I have made an appointment to remove the baby on Monday, and I will definitely not give birth to this child."

Old Mrs. Xiao said coldly: "This is the best!"

Horiyah sighed at this time, and said with emotion: "In fact, you should really understand me. I have tasted all the sufferings of the world in the black coal kiln. It is you who supported me to survive, because you are mine. family....."

What Horiyah said was a true love confession, but Noah felt very sick when he listened. He said in a cold voice, "Okay, don't sell it if you get a bargain. If it wasn't for Mr. Regnar to protect you, I would have Kicked you out!"

Seeing Noah's extremely angry look, Horiyah also put away the sigh just now, and said coldly: "Noah, I will give you a chance to live a good life. If you have to ask yourself to be boring, then you will be accompanied by Horiyah. in the end!"

Noah was furious, and was about to scold his mother, the Old Mrs. Xiao shouted sharply: "Okay! Stop talking!"

Only then did Noah shut his mouth.

Old Mrs. Xiao said coldly: "You all stop one by one. Why are you making a noise here? Mr. Regnar has already spoken, and you are still quarreling. Are you happy to destroy the Xiao family?!"

For Mrs. Xiao, if anything affects her staying at the Tomson villa, and her revival of the Xiao Group, no matter how important things are, she must stand aside.

Noah and Horiyah both had embarrassed expressions, but Horiyah had a slightly more successful expression.

She knew that the Lady Xiao had compromised.

Old Mrs. Xiao said with a black face: "Okay, my family has experienced everything, and many things are naturally open to them."

### **Chapter 1126**

As she said, she looked at Noah and said coldly: "Noah, you think Horiyah puts a green hat on you, you are upset, but have you ever thought that you two personally lent Theresa for five million? In the arms of Fredmen?"

When these words came out, everyone bowed their heads.

Theresa's face was ashamed and unbearable, but she didn't dare to refute anything.

Noah's face flushed even more.

Yes, the Lady Xiao is right.

When she was cuckold, she became furious and felt that Horiyah was insulting, but as a father, he once sent his daughter to an Old Master who was one year older than him.

Old Mrs. Xiao saw that everyone was afraid to talk, so she said coldly: "Now, everyone's buttocks are not clean. Don't think anyone is dirty. This will unite us, work together, and revitalize the Xiao Group. Listen you all. Do you understand?"

Everyone hurriedly said: "I understand!"

After that, the Old Mrs. Xiao said to other people: "Also, no one is allowed to mention this matter again in the future, otherwise, drive out of Xiao's family in order to follow your example."

Noah and others looked solemnly. Everyone knew that Mrs. Xiao was not joking, and it was impossible to publicize such scandals.

Horiyah's matter has come to an end.

Noah's inner anger has alleviated a lot, and the Lady Xiao's mobilization has indeed worked.

So, a family of five lay back on the hospital bed. Seeing that the farce had ended, the doctor immediately came over and gave them an infusion to neutralize the daffodine in their bodies.

However, Noah suddenly felt that itching in his crotch was unbearable. He put his hand under the bed and scratched it quietly, unexpectedly, the more itching became unbearable.

But he thought it was a sign of poisoning, and didn't care too much.

.....

At this moment, Tomson Villa.

Marven's family just finished eating.

Two middle-aged men in suits knocked on the door and said respectfully to Marven: "Hello sir, we are from Tomson Property Management Company. Just now, a group food poisoning incident occurred in our community a04. A family of 5. Everyone has been taken away by ambulances, so our property here specially reminds owners to pay attention to food hygiene and safety. Please pay more attention."

Before Marven spoke, his mother-in-law Viola approached curiously: "The five members of the a04 family were all pulled away by the ambulance? What happened to them?"

One of the men in a suit said respectfully, "Ms. Hello, the owner of a04 has a family of five. All of them have been poisoned by food and have been taken to the hospital. Do you eat any wild astupidls or wild mushrooms in your home? ?"

Viola smiled and said: "Oh, our family doesn't eat that kind of food. Unlike the poor a04, the poor went to other people's homes to steal food!"

The person from the property company smiled awkwardly and said: "We also inform you to pay more attention. Since you have this awareness of prevention, it would be best!"

After the people from the two properties left, Viola said with a smile: "Oh, it's really evil and retribution. I said that the Xiao family didn't live in Tomson's life! Sure enough, something went wrong, haha, really good!"

Avella asked curiously: "Mom, what's the matter?"

Viola smiled and said, "Your grandma and her family were poisoned by food and were taken away by an ambulance. Haha, they deserve it!"

"Food poisoning?" Avella asked in surprise: "How could food poisoning happen? Didn't they steal our food? We are fine."

Dave also said in surprise, "Maybe they are eating stale meat?"

Marven said lightly: "I guess they should have eaten the daffodils I planted."

### **Chapter 1127**

"Daffodils?" Avella asked in surprise: "Where are the daffodils? How can they eat them?"

Marven smiled and said, "The pile of plants I planted at the foot of the wall, which looks like leeks, is actually daffodils."

"Mom!" Avella blurted out, "Isn't that leeks? I really want to eat it!"

Marven smiled and said, "It looks like leek, but not leek."

Avella said, "I remember it was said in the biology book that daffodils are poisonous?"

Marven nodded and said with a smile: "My wife knows a lot. Daffodils are indeed poisonous. There is a kind of daffodil in the body. Excessive consumption can cause poisoning."

Viola widened her eyes and exclaimed: "Oh, Marven! You did it on purpose? No wonder you asked me what vegetables Lady likes to eat. I told you that she likes to eat leeks. You made so many daffodils. This is deliberately cheating them!"

Marven said with a serious face: "Mom, you can't say that. I don't mean to cheat anyone. I just planted daffodils in our yard. As for who stole it, and ate it, it has nothing to do with me."

Viola hurriedly smiled and said, "Oh, my dear son-in-law, where did you think of it? Do you think your mother will blame you? Mom is grateful that you are too smart! You did such a beautiful job today and helped her out. A breath of bad breath!"

Dave couldn't help asking: "Marven, if you eat too much daffodil, will it be life-threatening?"

Marven smiled and said, "No, it's a food poisoning at best."

"That's good." Dave breathed a sigh of relief and said, "Although their family is too much, but after all, blood is thicker than water. You can teach them, but you can't kill them."

Viola pointed at Dave and cursed: "You have the benevolence of a women! You don't want their lives, they want yours! Do you know how your mother did me in prison? My leg, it was broken by your mother!"

Speaking of this, Viola was very indignant and reprimanded: "This d\*mn Lady Xiao is poisoned! She should also be taught a lesson, see if she dare to be so terrible in the future!"

Dave said helplessly: "It's okay to give a lesson, as long as you don't kill anyone."

Viola snorted coldly: "Your mother has treated you so badly for so many years, and you still have such affection for her. I have worked hard with you for so many years, and you have to live with me and divorce me. , You have no conscience!"

Dave said angrily: "You don't want to talk about us in everything!"

Viola contemptuously said: "I don't want to say, I just want to tell you, it's impossible for me to divorce you anyway!"

Seeing that the two were about to quarrel again, Avella hurriedly said: "Oh, don't quarrel, don't talk about it every time, no matter what topic you talk about, it comes to just one thing."

Viola curled his lips: "I don't want to talk to him."

As she was talking, she suddenly received a WeChat message on her mobile phone, and a woman sent her a voice message: "Oh, Sister Viola, have you watched the video website? There is another major incident in your family!"

Viola exclaimed and hurriedly asked: "What happened to our family?"

The other party said: "Your mother-in-law, and your husband and his brother's family were fighting in the hospital. The video was taken by a nurse and uploaded to the Internet."

"Really?!" As soon as Viola heard that it was an Lady Xiao and they were fighting in the hospital, he immediately became interested and hurriedly said: "Send it to me, hurry up, hurry up!"

So the other party immediately sent a video.

Viola hurriedly clicked on the video. After the video was buffered, she saw Noah and Mrs. Xiao beating Horiyah violently.

Marven and the others were stunned. No one thought that this family would have food poisoning, and they would still have time to fight when they entered the hospital. And looking at this posture, how did it look like food poisoning?

However, more shocking is still to come.

## **Chapter 1128**

Through Noah's swearing words, everyone heard the root cause of their big fight in the hospital!

It turned out that Horiyah was pregnant!

And the child she was pregnant with was not from Noah!

When Viola saw this, she burst into laughter: "Hahahahaha, they really wanted to laugh at me. It turns out that Horiyah was pregnant with someone else's child outside, hahahaha!"

Dave couldn't help but exclaimed: "This woman is too shameless. She went out with other men. She still has the face to come back when she is pregnant with other people's children?"

Viola laughed and said, "Mrs. Xiao is mad now. Didn't she always think that the eldest daughter-in-law is particularly good? This time is so good, I really have to give her a face!"

Avella said embarrassingly: "This matter is so violent, then it is estimated that the uncle is going to divorce aunt, right?"

"Is Noah still waiting for her to have a baby?" Dave is also a man. Although he is very uncomfortable with his brother, he can also experience his despair.

So in his opinion, a woman like Horiyah who is not obedient to women's way must divorce her and drive her out of the house.

Marven couldn't help but slander. Presumably, Horiyah was pregnant in the black coal kiln. He didn't expect that this Lady was playing very well, and there would be an affair in the black coal kiln.

But it does not rule out the possibility of being forced.

At this time, Viola's friend sent another voice: "Sister Viola, is this video irritating?"

Viola laughed and said: "The excitement is really too much, it makes me feel refreshed!"

Her friend laughed and said, "I just received another video, which is more exciting!"

Viola hurriedly said: "Send me, send me!"

Immediately afterwards, a video was posted on her WeChat.

When she clicked on this video, she found that Mrs. Xiao was trying to persuade Noah to make peace with Horiyah!

When she saw this, Viola was stunned.

She couldn't understand in any case, how could a face-saving person like Lady Xiao allow Horiyah to stay in Xiao's house with other people's children? !

And the following content is even more shocking!

That's how the Lady Xiao persuaded them.

She said that although Horiyah put a green hat on Noah, Noah gave his daughter to an older man who was older than him for five million!

This is simply subverting the perception of normal people!

Not only did they subvert the understanding of the relationship between Noah and Horiyah, but also broke out a bigger melon by the way.

It turns out that not only was the mother stealing people outside, but the father also sold his daughter to other bad old men...

Netizens were shocked and criticized on the Internet. They said: "This family is simply the most subversive family they have ever seen. There is no good person in the whole family. They are all shameless people, and they are extremely shameless! People getting together really complied with the old saying, it's not that a family doesn't enter a family!"

The Xiao family, who had just experienced poisoning and a big uproar, did not know that they are now famous throughout Wrestvel!

### **Chapter 1129**

That night, the video of the Xiao family spread rapidly throughout Wrestvel.

This video was quickly posted on YouTube, but Marven instructed YouTube to block the video.

He still doesn't want this video, it exudes too strong influence, especially does not want this video to spread outside Wrestvel.

As for the reason, he knew that Regnar would definitely invest a sum of money in the Xiao family to support the Xiao Group. If the Xiao family is now notorious all over the country, it is likely to affect Regnar's decision.

Marven didn't want the Xiao family to cool off too early. It would be better if Regnar invested in the Xiao family and then broke the Xiao family scandal, so that not only the Xiao family's face could be hit, but Regnar's face could be hit in addition to that.

The Xiao family tossed all night, coupled with their infusion of drugs specifically for daffodine, all five people became lethargic, not knowing that their scandal had spread in Wrestvel.

The next morning.

After the doctor checked Xiao's family, he confirmed that they were not in any serious condition, and then let them go home.

The first thing the Old Mrs. Xiao did after she was discharged from the hospital was to call Regnar and ask when he promised to invest in the Xiao Group's 80 million and when it will be honored.

Although Regnar was disgusted enough by this family, he believed that after unanimously outside, the family could explode more powerful energy in the direction of disgusting people, and then disgusted Marven well, so he immediately benefited from his assistant. , Directly inject 80 million into the Xiao Group.

Thinking of this, Regnar said again: "Well, I promised to support your Xiao family before. It just so happens that the real estate project I invested in Wrestvel is about to start. I will soon participate in the bidding of urban land. After the bidding is over, a large-scale project is needed. The decoration company, let this project be done by yours."

When the Old Mrs. Xiao heard this, her excited face flushed, and she hurriedly said, "Mr. Regnar, please rest assured that the Xiao family was originally in the construction industry, and it is absolutely no problem to leave the decoration to us."

Regnar said coldly, "The reason for investing in you and giving you projects is to let you unite and deal with Marven unanimously, so you must not give me any more moths, otherwise, I will not only withdraw your investment, you will also be suspended, and you will be kicked out of Tomson. I, Regnar, can hold you up and step on you. Do you understand?"

Mrs. Xiao was so excited that she nodded her head like garlic and said: "Don't worry, Mr. Regnar, the Xiao family will definitely unite in the future! Moreover, the Xiao family will be your dog, Mr. Regnar, as long as you say a word, Xiao Don't dare not follow your family up and down!"

Regnar said with satisfaction: "Remember what you told me just now, and be a dog. I will not treat you badly."

"sure!"

After hanging up the phone, Mrs. Xiao immediately informed Noah and others about these two things.

When Horiyah heard that Regnar made them unite, she felt even more proud.

She knew that this was her own death-free gold medal, as long as Regnar's words were there, Noah would never dare to divorce her.

Looking at Horiyah's triumphant expression, Noah felt even more uncomfortable.

It is absolutely impossible for him to swallow this breath, but to let him really give up Horiyah will offend the Wu family.

Give him ten thousand courage, he wouldn't dare to do that!

Old Mrs. Xiao also saw that her eldest son was upset, so she again urged: "Noah, you have heard what Mr. Regnar said. If you ruin the Xiao family and the Xiao group, don't blame me."

Thinking of this, Noah said humiliatingly: "I know Mom."

However, although Noah was a little depressed about Horiyah's affairs, the Wu family's willingness to invest in the Xiao family to allow the Xiao-style group to be established again, and even willing to hand over the decoration of the new project to the Xiao family, still made him feel inexplicably excited.

### **Chapter 1130**

Not only him, but the entire Xiao family was very excited.

Because everyone knows that the Xiao family will finally look up this time!

Jay smiled and said to Mrs. Xiao: "Grandma, now our Xiao family is going to develop, and Wu family will give money and projects again, making it clear that we are going to start praising us!"

While speaking, Jay secretly made plans in his heart.

Once upon a time, Jay was also a well-known rich second generation. He lived every day with rich clothes and food, surrounded by countless people.

But during this time, his life was like h\*ll, and everyone who knew him in Wrestvel knew that he had now become a bereaved dog.

Now it was finally time for his turn over.

Theresa also looked forward to saying, "When our family develops, won't it be possible to make more money and live more extravagantly than before?!"

For such a long time, Theresa's life has been extremely miserable. Not only has her reputation been ruined, but her money has also been lost, and her life has been particularly poor.

But now she can resume the extravagant and wasteful life of the past, which makes her extremely excited.

Old Mrs. Xiao was even more excited.

She knew that after the money arrived, it would not only solve all the debt crisis of the Xiao Group, but also allow the bank to return all the houses and antiques that were sealed up.

.....

The news of the resurgence of the Xiao Group's investment from the Wu family once again caused quite a stir in Wrestvel.

Originally, based on the size of the Xiao-style group, it simply couldn't attract so much attention.

But this time, it was the Wu family supporting the Xiao Group, so the Xiao Group received high attention all of a sudden.

Although the Wu family is now deeply condemned by public opinion and suffered heavy losses, it is after all a large family of 100 billion. They support the Xiao Group. In the eyes of others, the Xiao Group has already become a phoenix. .

So for a time, the Xiao Group became a hot company in Wrosvell. Many people specially came to send gifts to the Old Mrs. Xiao, making the Tomson Villa of the Xiao family so lively.

In one day, Mrs. Xiao received countless guests in the Tomson Villa, and received a large number of congratulatory gifts from the guests. She was so happy from ear to ear.

She knew that this was the benefit of leaning on the tree.

Leaning against the big tree, not only can the big tree let yourself be cool, but there will also be a lot of fruit from the big tree falling down and smashing into your arms.

At this time, the Xiao family card was immersed in the joy of receiving a large number of gifts. Jay, Theresa, and Horiyah unwrapped the gifts, and they were almost soft.

Marven guessed that the Xiao family was in the mood, so he asked YouTube to release the video of the Xiao family in the hospital and put it on the front of the screen.

And the title of this video is: "The reason behind Ragnar Wu Family's investment in Xiao Group is the noble morals of Wu family moved by Xiao family!"
