

## The Amazing Son In-Law Chapter 1161-1170

### Chapter 1161

Zak Chen and the three of them looked at Marven who was bathed in golden sunlight, and they were completely shocked and speechless!

Today's they, overturned all their previous impressions of Marven!

Today's Marven looks like a god in their eyes.

They didn't dare to imagine that Marven easily killed the Eight Heavenly Kings by himself. Instead of getting hurt, he also summoned the Thunder, causing an avalanche and directly burying the Eight Heavenly Kings!

Moreover, Marven was in the avalanche with such destructive power, and he was unscathed.

Seeing Marven getting closer and closer, Liang couldn't hold back and knelt in the snow with a plop. He bowed to Marven dropping his head: "Mr. Ye, please accept the next worship. In this life, I would bow down and worship Mr. Ye alone!"

Then Mr. Orvel knelt down with a plop, "Mr. Ye, I respect you in this life!"

Zak Chen knelt on the ground tremblingly, with his hands up and down on the ground: "Mr. Ye! From today, you are the only god in Zak Chen's heart!"

Marven walked to the three of them, smiled faintly, and said: "From now on, I am still the same Marven, or the live-in son-in-law Marven, no matter what you think of me and how you treat me, keep it in your heart. Tell no one what happened today."

After the three listened, they repeatedly kowtowed.

Marven looked at Zak Chen and said seriously: "Zak Chen, especially you, you must not tell anyone in the Ye family what happened just now!"

Zak Chen gave a startled expression and blurted out, "Mr. Ye don't worry, if the Ye family asks about it, I will say that these people died of an avalanche!"

Marven nodded and said, "That's good."

Having said that, he said again: "This seems to be the only way into the village. Now that the avalanche has closed the road, you can use the Ye family's power to quickly repair these roads. Before the repairs are done. The helicopter must come over to deliver some necessary supplies to the villagers. Don't let it affect their normal lives."

Zak Chen said immediately: "You can rest assured, Mr. Ye I will call to make arrangements now, and the arrangements must be made properly!"

Marven gave a hum, looked at the time, and said, "Oh, it's almost seven o'clock. My wife can't find me and should be anxious, so quickly send me back! I can't make breakfast for my wife this morning."

Everyone was stunned.

Is this still Master Ye who defeated the Eight Heavenly Kings just now?

Is this still Mr. Ye who summoned the sky thunder to cause the avalanche?

He just killed the Eight Heavenly Kings with such a domineering method, but now he's very upset because he can't cook for his wife.

Zak Chen was the first to react and hurriedly said, "Mr. Ye I will take us to the airport by helicopter, and then we will fly back to Wrestrvel. We can take you home in more than three hours!"

"Okay." Marven nodded: "Hurry up."

.....

In the morning sun, a helicopter quickly left Changbai Mountain and headed towards Airport.

At the same time, the local media have received reports on the avalanche.

While the media and the locals were following up, the Ye's disaster relief helicopter also started flying to the villages in Changbai Mountain with a large amount of supplies.

At this moment, the Wu family.

Elder Wu, lying on the sick bed, is still waiting for news from the Eight Heavenly Kings.

He didn't sleep much all night last night. On the one hand, it was because of physical discomfort, but more because he was feeling uneasy.

Before dawn, Regnar had called the Eight Heavenly Kings, and Linyuan told him that they were almost at their destination.

### **Chapter 1162**

So the Wu family thought that the next time should be the time for the Eight Heavenly Kings to snatch people, so they didn't dare to bother too much.

Seeing that almost an hour has passed, Mr. Wu calculated that the strength of the Eight Heavenly Kings is so strong that one hour should be enough for them to kill all of them, and then rescue the father and son.

So he said to Regnar: "Regnar, call Linyuan and ask how things are going on."

"Okay!" Regnar nodded immediately, took out his mobile phone and called Linyuan.

The phone rang for a long time, but no one answered.

He opened his mouth and said to Old Master Wu: "Dad, no one answers, will they still be doing business?"

Mr. Wu nodded: "It is possible, then we will wait patiently."

10 minutes later, Mr. Wu said again: "Regnar, call Linyuan again!"

Regnar immediately followed suit.

But this time the call still couldn't get through.

Mr. Wu frowned, "It's not right. With their strength, how could it take so long? Some second-rate bodyguards are just a few second-rate bodyguards. To Mr. Linyuan and the others, it is not a problem. I still remember that back then. When I fought in the Quartet, Mr. Linyuan followed me into the opponent's nest, and the opponent's two dozen people were killed by him with one stick of incense. This level of strength is simply beyond the imagination of ordinary people."

Regnar counseled: "Dad, don't worry. Changbai Mountain is in a remote location, the weather is cold, and the place is isolated from the rest of the world. What kind of minor situation will not cause an unevenness."

Elder Wu nodded gently: "Then wait a little longer!"

After another ten minutes, Mr. Wu continued to urge: "Regnar, keep call!"

Regnar immediately followed suit, but there was still no change.

Mr. Wu is a little anxious now, he feels more and more that the situation seems a bit wrong.

Therefore, he urged Regnar to call Linyuan over and over again.

Linyuan couldn't get through, so he asked Regnar to call other people in the Eight Heavenly Kings.

But the phone calls of several other people still couldn't get through.

To be precise, the phone can be connected, but no one answers.

It took nearly an hour to reach the Eight Heavenly Kings, which made everyone in the Wu family feel a chill in their backs.

How can the eight heavenly kings disappear all at once? This is not realistic!

Even if the Eight Great Heavenly Kings encounter strong opponents, with their strength, it is impossible that none of them can escape.

After all, just a few hours before them, one of the sixteen people who went to Changbai Mountain escaped.

Those people are ordinary second-rate masters who use guns better than their fists, and they are not martial arts masters at all.

There is no reason, a super warrior like the Eight Heavenly Kings can't escape after going there, right?

Mr. Orvel was nervous, and even his breathing became abnormally quick.

He firmly grasped Regnar's hand, his face was pale, and he whispered to him: "Nothing is right, this time it is really not right."

Regnar could only persuade him: "Dad, don't be so anxious, and wait for a while!"

Elder Wu said earnestly: "Linyuan has been following me for so many years and has never been in such a situation, so something is really wrong this time. I even suspect that they may have encountered an accident!"

### **Chapter 1163**

When Marven had boarded the plane and returned to Wrestrvel from Changbai Mountain, Wu's family was already going crazy in a hurry.

The Eight Heavenly Kings rushed to Changbai Mountain overnight, just to rescue a father and son, but he did not expect them to go there and immediately lose contact.

Regnar made the phone calls over and over again, and the cell phone he used was almost out of power, but he still couldn't get through any cell phone.

At this moment, his mobile phone suddenly received a call.

The one who called him was the one who escaped from Changbai Mountain last night.

He was still hiding in Changbai Mountain City at this time. He was planning to wait until the Eight Great Heavenly Kings triumph and come back with the Eight Great Heavenly Kings plane.

He didn't expect that he hadn't waited for the Eight Heavenly Kings, but he had waited for an astonishing bad news!

Just now, the local TV station of Changbai Mountain was broadcasting emergency news. The news said that an avalanche occurred at the foot of Changbai Mountain. The avalanche caused tens of thousands of tons of snow to vent down, breaking down the road into the mountain, and also two cars and Eight people were buried under the snow.

Local rescuers used large-scale rescue equipment to dig out eight unsightly bodies that had been hit by the snow.

Upon hearing the news, he immediately thought of the Eight Heavenly Kings.

Because he knew that the Eight Heavenly Kings drove two off-road vehicles into the mountain early this morning.

That ghost place doesn't have many residents, and it's not a tourist attraction. The local residents are very poor and can't afford off-road vehicles at all. Tourists outside don't like to go to such remote places, so the roads there basically gets no traffic.

When the locals want to come out, they all come out in horse-drawn carriages. There is no off-road vehicle.

So he can almost conclude that the eight people who died in the avalanche were the eight heavenly kings!

So, he immediately told Regnar the news.

After Regnar got the news, his whole body was struck by lightning!

It took him a long time to recover from the shock. Then he looked at his anxious father on the sickbed and said with a trembling, "Dad, my people just told me that there was an avalanche at the foot of Changbai Mountain. Two cars and eight people are involved in it. All eight people have died. It is very likely that they are the eight kings..."

Grandpa Wu suddenly seemed to hit his heart with a heavy hammer, coughing several times, and blurted out: "This is impossible, how could the Eight Heavenly Kings die in an avalanche?! They are all masters!"

Regnar sighed and asked, "Why don't I let my people go over and recognize a corpse, and check if it is right?"

Elder Wu was stunned for a moment, then nodded and said, "If that's the case, take a look."

.....

Avella got up in the morning and felt a little surprised when he didn't see Marven's shadow.

She called Marven and found that Marven's phone could not get through, which made her feel a little strange.

After more than three years of marriage, Marven has never disappeared unexpectedly.

She used to wake up in the morning and couldn't see him. He was either shopping for groceries or making breakfast.

But now, he suddenly couldn't get in touch.

**Chapter 1164**

Anxiously waiting until about 10 o'clock, Marven still couldn't get through, and Avella began to feel a little worried.

What she thought was that Marven had been in close contact with many big people during the recent period, and helped many big people watch Feng Shui, and also took a lot of money from the big people, even this Tomson first-class villa.

Before that, Avella had always been afraid that Marven would have a thunderstorm, just like those thunderous financial products, and suddenly his reputation would go bankrupt.

If his credibility really goes bankrupt, those big men will certainly not spare him lightly.

Just when Avella was thinking about it, Marven called.

As soon as Avella answered the phone, she blurted out and asked: "Hey, Marven, where have you been?"

Marven had just got off the plane at this time and was about to take a helicopter, so he said to Avella, "My wife, I showed a friend of Feng Shui this morning. Their Feng Shui is quite strange, so I can't use my mobile phone to radiate. Which affected the judgment of Feng Shui fortune, so I turned off the phone."

"Did you look at Feng Shui again?" Avella only felt that her head was so big, she blurted out, "Marven, didn't we say it? Try not to show Feng Shui to others in the future."

Marven hurriedly said: "My wife, this time I am not helping those big people to watch Feng Shui, but to help a friend of my former welfare institution. He has had bad luck recently, so he asked me to come and have a look. I can take money from him of course."

Avella breathed a sigh of relief when she heard him say this, and asked, "Then when will you go home?"

Marven said: "I will be there in about 20 minutes and half an hour."

Avella said in a convenient way: "That's good, I'll wait for you at home."

Zak Chen's helicopter immediately carried Marven, Orvel and Liang to the city.

When he was approaching Tomson's villa, Marven said to Liang: "Liang, I will take the lawyer to Wei's Pharmaceutical when I have time tomorrow. After we sign the contract, I will give you a good stomach medicine."

Liang blurted out: "Mr. Ye, I have vowed to bow down to you in this life. You helped me take Wei's Pharmaceuticals back. I am willing to hand all the shares of Wei's Pharmaceuticals to Mr. Ye!"

Marven waved his hand and said lightly: "I already said that I want 80% of Wei's Pharmaceuticals. No matter how much it is, I won't want it, but no matter how little, I can't promise to give you the prescription and keep it for you. 20%, I will never let you suffer, so you don't want to tell me anything, just give me things like that."

Liang's heart shuddered, and he hurriedly clasped his fists and said, "Liang would like to follow Mr. Ye's teachings!"

Marven nodded, then looked at Orvel and Zak Chen: "You two go back, remember not to tell anyone about this."

"Mr. Ye, I understand!"

"it is good!"

Marven nodded in satisfaction. Seeing that he was almost at the Tomson villa area, he said to Zak Chen: "Let's land on the golf course. I will walk over the golf course."

"OK Master!"

After Marven hurried home, Avella couldn't imagine that her husband hurriedly set off from Wrestvel early this morning, went to Changbai Mountain more than 2,000 kilometers away, at the foot of Changbai Mountain, and killed eight villains with blood on their hands.

Since Marven's current strength is very strong, and his physical stamina is even better, so even after tossing such a big circle, she can't see any fatigue at all.

It just so happened that it was almost time for lunch, so Avella took him to the vegetable garden in the yard and happily picked a lot of the ingredients she wanted to eat at noon.

At this time, the door was pushed open, and Viola, Marven's mother-in-law, walked in sneakily from outside with crutches!

### **Chapter 1165**

Seeing Viola walked into the yard with crutches, she was carrying a huge shoulder bag, which was bulging inside.

Marven felt that her mother-in-law must have done nothing good.

Avella looked at her in surprise and asked, "Mom, where did you go early in the morning? I haven't seen you."

Viola laughed and said, "I went to the wholesale market and bought something!"

Avella blamed: "Mom, you haven't crutched your leg, why are you running around?"

"It's okay." Viola waved her hand and said indifferently: "Don't think it is not convenient for me to use crutches, but I am very used to it now, and my legs don't hurt, and crutches are a bit tiring but it's okay."

Avella asked again: "Mom, what did you buy a big bag of things? Are you tired? I'll hold it for you!"

Viola smiled and said, "I'm not tired, I'm not tired, all of them are hats, it doesn't matter."

“Hat?” Avella was even more puzzled: “Mom, why do you buy so many hats? There are no less than a dozen hats in a big bag?”

Viola smirked and opened the zipper of the backpack.

Avella and Marven both looked at them, only to find that the backpack was full of emerald green colors.

Viola reached out at this time and took out a few various hats from the inside, all of which were authentic green without exception.

Avella was dumbfounded and asked, “Mom...why do you buy so many green hats...Who would wear this kind of hat...”

Viola laughed and said, “I bought 20 various green hats, not for wearing, but for hanging on the balcony!”

“You didn’t watch the video of your grandma and the family in the hospital. That d\*mn Noah was actually put on a green hat by Horiyah. How can I let him go for such a funny thing?”

“It happens that their home can see my bedroom terrace, and I will hang all these hats on the side of the terrace facing their home. I will tell Noah to look at these twenty green hats every day, and he will be so happy!”

Avella said dumbfounded: “Mom, why are you having trouble with the uncle like this? He was already suffered bad enough.”

“Enough a\*\*!” Viola said angrily, “You don’t know how arrogant he used to be, how bad he was to our family, and now finally grabbing his handle, then I won’t laugh at him to death!”

Marven shook his head helplessly.

Among other things, Viola’s torturing ability is indeed rare in the world.

Noah was already disgusting enough. If he could see 20 green hats on the terrace next door every day, his mood must be very painful.

It is estimated that Viola could think of this kind of torture.

Avella felt that this was not appropriate, and wanted to persuade Viola, but Viola didn’t listen to her at all, and went straight into the villa.

After returning to room, the first thing she did was to go to the terrace and hung 20 various green hats next to each other, all on the side facing the Xiao family villa.

With 20 green hats waving in the wind, this picture is really different and sour.

.....

Since coming out of the hospital, Noah has separated from Horiyah.

The reason for the separation is of course that he no longer has any feelings for Horiyah in his heart.

And he felt that Horiyah was too dirty.

Had it not been for Regnar's request, he would have divorced her a long time ago, and even if she didn't go through the divorce procedures, he would kick her out of the house.

But now that Regnar had already made his mark for Horiyah, Noah naturally didn't dare to disobey him.

But you can't get a divorce. Separation is always possible, right?

So he drove Horiyah to a bedroom on the first floor.

### **Chapter 1166**

Horiyah didn't care about it. Although she was a little angry at Noah's unfeeling in her heart, she was still a little guilty deep down.

After all, he wore such a big green hat for her, and now with the child in her stomach she hasn't gone to the hospital for an operation, he must see himself very upset.

At this moment, Noah just opened his eyes.

Since coming out of the hospital, he has been suffering from sequelae, the main manifestation of which is weakness and lethargy.

He hasn't really slept enough until now, but in his sleep he always felt a sharp itching in his crotch, so he woke up while scratching it.

The itching sensation is very peculiar. At first, it was rather itchy, and then he couldn't control it, and it became very itchy when he scratched it. If he scratch it twice, it would become extremely itchy.

So he scratched himself to the extreme.

He couldn't help wondering, what happened to him?

He's always paid attention to personal hygiene, so there shouldn't be any lesions!

He was thinking about it, and he had jumped out of the bed.

Feeling dizzy, he walked onto the terrace while scratching it, wanting to breathe fresh air.

This is good for living in a villa. The privacy can be well protected. The neighbors are far away and there are no high-rise buildings. Even if you only wear a pair of underwear and walk on the terrace, you don't worry about being seen by others.

He came to the terrace, stretched his waist, and then felt the unbearable itchiness even worse.

He grabbed a few hard and didn't see any improvement. He couldn't help but feel upset. He was about to go to the bathroom to take a closer look at what was going on. When he turned around, he felt that it was something on the opposite side of the terrace of Marven's house. There was a bunch of green things floating in the wind.

So he hurriedly looked intently, almost half dead in his sight.

Although it is a little far away, it is still clear that the 20 windward things hanging on the terrace of Marven's house are green hats of different styles and shapes!

20 green hats, what the h\*ll does this mean? !

And it's facing the direction of his own, isn't it the d\*mn thing to make it clear for him?

Isn't this just a mockery of being Horiyah wearing a green hat?

d\*mn, it's outrageous!

Noah was out of breath, his fists were already clenched, and his nails were almost embedded in the flesh.

He doesn't need to think about it, the person who can do this kind of devil's thing must be Viola, there is no second person.

At this moment, he really wanted to grab Viola's hair and slap her ugly face dozens of times back and forth!

Thinking of this, he immediately turned back to the house, put on his pants and jacket, and rushed out of the building.

Mrs. Xiao was sitting in the grand master's chair in the courtyard basking in the sun.

While basking in the sun, he sighed with emotion about the life of a local tyrant living in Tomson's villa.

Except that the family living next to him is more disheartening, everything else is perfect to the extreme.

This makes the Lady Xiao feel very comfortable inside.

Seeing that it was almost time to cook, the Lady even wanted to go to Marven's vegetable garden to steal an order.

But when she thought about it carefully, Marven's family is so bad, it's better not to eat their dishes, otherwise they don't know what methods they used in it, and they may even use pesticides.

The last time she used daffodils as leeks, a family was admitted to the hospital. The feeling of a family of five jumping in the house and being pulled away by an ambulance is truly unforgettable.

Just as comfortable, she saw her elder son Noah going out in a hurry, and hurriedly asked him: "Where are you going in a hurry Noah?"

Noah said with a black face, "I'm going to find Viola, the b\*tch shrew!"

### **Chapter 1167**

Old Mrs. Xiao was a little unclear, so she didn't understand why after her son woke up, the first thing he did was to go to Viola to settle the account.

So she hurriedly followed up and asked, "Noah, what are you going to do with Viola?"

Noah said angrily: "Viola, a shameless shrew, hung dozens of various green hats on the terrace of her villa. Isn't this just showing me disgusting?"

Old Mrs. Xiao looked surprised, and blurted out and asked, "Is there anything like this?"

Noah gritted his teeth and said, "Don't you know if you follow me to have a look."

So the mother and son went out together.

As soon as they left, Mrs. Xiao saw the 20 green hats fluttering in the wind on Viola's terrace.

At this glance, her nose was almost crooked.

The Lady Xiao said furiously: "This d\*mn Viola! She must have watched the video from hospital. This is deliberately disgusting us!"

Noah nodded, gritted his teeth and said: "Yeah, mom, I can't want her for anything! d\*mn, deceive people too much!"

The mother and son came to the door of Marven's villa aggressively, and then the Lady Xiao slammed the door and cursed: "Viola, you b@stard, quickly open the door for me!"

After shouting, Viola stood directly on the terrace on the third floor and cursed: "Oh, dead old woman, you are not at home to serve your pregnant eldest daughter-in-law and ran to my door yelling?"

The mother and son did not expect that Viola would tell Horiyah about being pregnant as soon as she spoke.

This made the expressions of both of them suddenly become very ugly.

After all, it is said that family ugliness cannot be publicized, and no one wants others to mention their own pain points as soon as they speak.

The most depressing of these is Noah.

As soon as he heard Viola mentioned Horiyah's pregnancy, he blurted out angrily: "You btch, if you fcking talk nonsense to me, believe it or not, I cut your tongue!"

Viola curled her lips and said: "Oh, brother, I really didn't expect that you have such a great ability, you will cut my tongue?"

As she said, she deliberately laughed and said: "Since you have this ability, why not cut the man who gave you a cuckold and made your wife pregnant? What's the point of screaming and fighting with me here? ?"

"You..." Noah's face suddenly became extremely ugly.

Although he is not a good thing, but in terms of cursing the street, he is a thousand miles worse than Viola.

With Viola's combat effectiveness, it is not a problem for one person to scold him ten.

So seeing Noah being so angry that he couldn't speak, Viola pursued the victory and said with a smile: "Oh, brother, I really sympathize with you. The worst thing about a man is to be green hated by others, and you will be led by others. After so much, I didn't expect my sister-in-law to give you a green hat and get pregnant. Didn't this make you like being a father? If I were you, I would have divorced her a long time ago!"

This time she even touched on Noah's inner pain!

She want to drive Horiyah out of the house in her dreams, and never see this dmn btch again in her life.

### **Chapter 1168**

But Horiyah was backed by Regnar. He didn't dare to provoke Regnar, let alone disobey Regnar's meaning, so even if he was put on a green hat by Horiyah, he could not divorce her.

A man wearing this kind of green hat can't divorce his wife yet. What a painful thing, it's a tragedy on earth. Unexpectedly, she would run into him.

Now that Viola slapped with her piercing words, Noah's face was so painful that he was slapped 10,000 times.

Old Mrs. Xiao was naturally also very angry. She was arrogant for a lifetime. What she didn't want to see was the reputation of the Xiao family get hit.

At the time Theresa accompanied Fredmen, although it also caused a lot of criticism, but at that time, the Lady Xiao was helpless. Besides, young girls and rich men are not uncommon in society. Although everyone laughs, they are actually two jokes. But it passed.

But this time, the trouble Horiyah caused was different. Horiyah really completely lost the face of the Xiao family.

What's even more hateful is that someone took a video and posted it on the Internet. This time it's finished. The entire Xiao family has become the laughing stock of Wrester.

But in any case, the Lady Xiao could not accept Viola, a shameless b\*tch, and dared to laugh at her!

So the Lady Xiao pointed at Viola angrily, and cursed: "Viola, you quickly rip off all those green hats to me, otherwise don't blame the Lady Xiao for being rude to you!"

"Yo!" Viola curled her lips: "I bought these green hats with money. In my house, I can hang them wherever I want. Why do you think you are the old Xiao? Lady Xiao? Let me tell you, in my house, you can't even point fingers at me!"

After that, Viola hurriedly changed her words: "You are impossible and unqualified to enter my house! If you continue to swear at my door, then I will call the police and let the police arrest you again!"

When the Old Mrs. Xiao heard that Viola wanted to call the police to get her arrested, she trembled with anger!

Although the two were angry, they were completely helpless.

If they don't open the door to themselves, they can't rush in and beat her, right?

If you rush in, you would break the law. If you call the police, you will definitely get caught.

Just when the mother and son didn't know what to do, Viola took a huge green hat from the side of the terrace and put it on her head, smiling and saying, "Oh, brother, look at this green hat, how festive. Look, this green one is greener than the leeks you ate two days ago?"

While talking, Viola wore a hat on the terrace exaggeratedly.

Although her legs are still not good, doing a few square dance poses is not a problem.

Her twist made Noah even more angry!

At this moment, Noah was almost on the verge of collapse. He couldn't wait to take a rocket launcher and directly blow up Viola on the third floor terrace.

"Viola, you fcking btch, do you play this hand with me? Do you know what's going to happen to you?"

Viola smiled and said: "Your wife was made pregnant by someone sleeping, isn't the person sleeping with your wife doing well? What will happen to him? I just say a few words, and there will be no end! Hahahaha!"

Noah was furious: "Viola! I'll kill you sooner or later!"

Just when Noah's dry blue veins beated violently, Viola directly flicked the green hat, and the green hat fluttered directly on top of Noah's head. Noah took a step back and the green hat fell on the ground.

Viola clapped happily and laughed loudly: "Oh, brother, look at this green hat and it knows you, so it will fly directly over your head. If you don't hide, it will stay on your head!"

### **Chapter 1169**

Noah was really angry.

He jumped and scolded angrily: "Viola, you b\*tch, are you looking for death?"

When Viola heard this, she smiled and said, "Big brother, don't you be angry. I spent hundreds on this pile of green hats, but they are all for you."

After that, Viola didn't know where she took out a green Teenage Mutant Ninja Turtles doll, and said loudly, "Brother, look at this Teenage Mutant Ninja Turtle, he doesn't look like you, not only has his head green, but he is also very bearable. It's the best portrayal of you, big brother, hahaha..."

Noah was almost mad, trembling all over, and even his voice became trembling: "You btch, why don't you die? You are so wicked that you are going to hll."

Viola chuckled: "Big brother, I kindly gave you so many hats. You even cursed me to go to h\*ll. You are too kind to avenge me? But I have always been adults not remembering villains. These are more than twenty. All the green hats are given to you so that you can wear them for 20 consecutive days without repetition."

Noah was really helpless, so he gritted his teeth and said, "Okay you Viola, wait for me, I will call the property right now to report you!"

After finishing talking, he immediately called the property of Tomson Villa and blurted out: "I am the owner of a04. I now complain that the owner of a05 hangs uncivilized things on the terrace of the house. You can take care of it!"

After a short while, an electric bike from the property drove over quickly.

Afterwards, four property managers got out of the electric bike and asked: "Did you call the complaint?"

Noah blurted out: "Yes, it's me, complaining about the woman upstairs, look at what she has hung up on the terrace!"

Viola said coldly: "How come my own hat is hung on the terrace, can you still manage it?"

The four property managers also said helplessly after reading it: "Gentleman, the owner's terrace is the owner's private domain. In theory, no matter what hangs on there, we can't interfere with it unless it's illegal. But others. It's not illegal to put on a hat, it's people's freedom."

"Because of your mother!" Noah whirled around dryly!

If these 20 green hats were hung here all day long, wouldn't he be mad at Viola?

Several property managers were scolded by him, naturally they were very dissatisfied, but they still said politely: "Excuse me, gentleman, this matter is not in the management of our property."

After that, they got into the battery car and drove away.

Viola laughed more wildly on the terrace: "Hahaha, Noah, now you can't help it, let me tell you, my green hats will always be hanging here, and I will buy another twenty of them tomorrow. Here, I let you open your eyes every day and you can see a lot of green hats fluttering in the wind, fluttering with the wind!"

"You...you...you..." Noah was so angry that he almost vomited blood.

At this time, Marven and Avella also went to the terrace on the second floor and took a look. After they figured out what was going on, they both looked at each other helplessly and sighed.

Avella couldn't help sighing: "Marven, you said it's not good for mom to do this."

Marven smiled indifferently, and said, "In fact, there is nothing good or bad. Didn't they treat us too much before?"

"When they knew what problem we encountered, they also desperately mocked us."

"You forgot that at the Tomson sales office, how did the family laugh at us?"

"And when your studio opened, didn't they come to mock us too?"

## **Chapter 1170**

"Now that Mom wants to ridicule and go back, I think it's just to use her own way to treat her body, in the final analysis, it is their own responsibility."

Noah and Mrs. Xiao almost collapsed because of Viola's anger, but they couldn't do anything about her behavior. They turned their heads away in anger.

Noah cursed as he walked: "d\*mn Viola, let me find a chance in the future, I must kill her!"

The Old Mrs. Xiao angrily said, "Don't talk about her for now. Tomorrow we will quickly take the b\*tch Horiyah to get rid of the b@stard in her stomach. This is really a great shame that we have never seen in the Xiao family in a century!"

Noah also had a look of hatred, gritted his teeth and said, "Mom, don't worry, I will go with her tomorrow!"

Back home, both Jay and Theresa had just gotten up. They were in the living room, waiting for Horiyah to cook, hungry.

Horiyah had some money left from selling coffee machines last time. Today, she intends to ease the family relationship, so she bought a lot of fresh abalone and prepared an abalone feast for her family.

This pile of abalone cost thousands just for the ingredients, and to Horiyah, it was indeed bleeding.

When the Old Mrs. Xiao saw Horiyah buying back abalone, her first thought was that she was very happy. After all, she had good food to eat at noon.

But then the Lady Xiao thought of a detail and asked Horiyah: "Where did you get the money to buy these abalones?"

Horiyah lied and said, "I borrowed a little money from a friend while playing cards and never paid it back. Isn't this tight on hand? I asked her to come over."

Old Mrs. Xiao nodded gently, and said coldly: "Transfer all the remaining money to WeChat to my account. From now on, all the money in this family will be managed by me, including the money that Mr. Wu invested in our Xiao Group. , I also have the sole discretion to decide. If anyone dares to hide private money behind my back, sorry, they can leave this house!"

Horiyah immediately laughed and said, "Mom, don't worry, I will transfer all the remaining money to you, and I won't keep a single cent!"

The Old Mrs. Xiao looked at Noah and said coldly: "Noah, you hid more than 10 million private money before, but you didn't want to give me life or death. In the end, all the money was lost, so from now on, if you dare to hide it again Private money, don't blame me for being an impolite mother, have you heard?"

Noah nodded his head and said respectfully: "I know Mom, don't worry, I won't dare to hide private money anymore!"

The Old Mrs. Xiao nodded in satisfaction. It seems that the crisis of the Xiao family has helped to consolidate her position as the ruler of the family.

Soon, Horiyah brought up a lot of various abalones.

Abalone feast, naturally every dish is abalone.

Steamed abalone vermicelli, as well as braised abalone, abalone sashimi, abalone soup, etc.

Because the ingredients are good, every dish tastes very good.

However, at the dinner table, Horiyah herself had an ordinary bowl of Yangchun egg noodles, and she did not eat any abalone.

Theresa was a little surprised, and asked her, "Mom, why don't you eat abalone? Why don't you eat a bite after doing so hard?"

Horiyah is ashamed to tell the truth, how can she tell her daughter that she cannot eat seafood because of various venereal diseases.

So she can only say: "My stomach is not very good these past two days, and I can't eat seafood."

Noah had just received a huge stimulus at Viola's place. He was so angry that he glared at her and said coldly, "As long as you want to eat seafood, you fcking serve it too! What the hll do you do with this seafood? Is that for the wild species?"
