

The Amazing Son In Law Chapter 121-130

Chapter 121

Elsa clutched her legs and saw blood leaking from her fingers, she knew Marven hadn't lied to her.

However, asking her to take off her pants in front of a strange man, she struggled incomparably.

In the face of life and death, Elsa hesitated for a while and finally compromised.

She didn't want to die, let alone become disabled.

Elsa's face was flushed, she raised her head and glanced at Marven, her heart thumped and her whole body was strange.

Finally, she said softly: "I see, thank you."

Marven nodded, knelt down, and grabbed her trousers with both hands and tore it forcefully.

Elsa suffocated her breath, her pretty face was so hot, her heart beat faster, she didn't dare to look at Marven when she lowered her head.

Marven's eyes were calm, he saw the knife wound on her left leg, put his two fingers together, and pointed at the acupuncture points.

A hint of spiritual energy dipped into the injury from his finger.

Marven's eyes were always staring at the wound, and he didn't even glance at any other place.

He gestured like flying, and after a few fingers went down, the blood in the wound gradually stopped.

According to the medical techniques on the Nine Profound Heaven Scriptures, he was able to completely heal Elsa's injuries, regenerate her tendons, and even recover the wounds on the spot, but Marven didn't want to shock her.

He just used fingers as acupuncture to help Elsa stop the bleeding, her muscles and veins healed, and then she stopped. She only needs to bandage the remaining skin wounds in the hospital and she can be discharged from the hospital and heal herself.

Elsa's heart slammed into confusion, feeling that after Marven tapped a few fingers, the pain was relieved and the blood stopped, she was shocked.

Unexpectedly, the traditional medicine that her family considers useless is more useful than western medicine!

"Okay." Marven said lightly, stood up without squinting, "You stand up and try."

Elsa tried to stand up, her leg had stopped bleeding, she was surprised and happy.

She blushed and raised her head, and said shyly: "Since you don't want to be named, give me a chance to thank you?"

"No," Marven said coldly, he didn't want to expose his identity.

"You saved me. If I can't even thank you, I will be ashamed all my life."

Elsa said stubbornly, and then took off a necklace from her neck: "This is my coming-of-age ceremony. Grandpa gave me a gift. You save my life and I want to give it to you."

What she held in her hand was a platinum chain with a crystal clear pink diamond inlaid on the pendant.

Marven wanted to refuse, but he felt a faint aura on the pink diamond. He took it over with a turn of his mind.

He nodded, took off his jacket, tied it around her waist, and said, "Excuse me, I tore your pants. You can wrap my clothes around. I just used your phone to call I got the emergency number of the nearby hospital. The ambulance will arrive in about a few minutes. You are safe. I have something to do, will leave now."

After speaking, Marven turned around without looking back and disappeared into the dense sorghum field as soon as his figure shook.

"Hey, wait," Elsa yelled, and Marven had already been lost in front of her eyes.

Outside the park at this time, the sound of the ambulance was heard.

She looked down at the jacket surrounding her body, and then at the direction in which Marven disappeared, feeling lost.

In the next second, she suddenly felt that the back when the other party left was so familiar.

Elsa recalled for a while, and suddenly remembered that this back figure is exactly the same as the chairman!

"Is it the chairman of the Emgrand Group?" Elsa was moved.

But she didn't ask the other party's name, nor did she see the other party's appearance, and she doesn't know if the guess is true?

At this moment, Elsa suddenly discovered that a gray pebble had fallen from the place where Marven had just squatted. The words "peace and wealth" were still written on the stone.

Chapter 122

This stone, accidentally fell out, right?

Elsa immediately grasped it like a treasure.

If she never sees him again, then this stone is the only token he left to her.

After Elsa was taken to the hospital by ambulance, her injuries were not serious after diagnosis.

The doctor who treated didn't know that she had undergone Marven's initial treatment, and was extremely surprised at her injury.

Judging from the stab wound on her leg, it can be seen that the tendon is ruptured, and damaged.

But for Elsa's skin and flesh injuries, the tendons and veins inside were intact, as if they had been reconnected, the veins and tendons were stronger.

The doctor told her: "You can recover from your injury after a few days of rest. To be honest, this is really incredible. Did you do any special treatment for the wound?"

Elsa thought about the mysterious person, but she said: "I didn't do anything special."

The doctor sighed, "That's amazing!"

Having said that, the doctor said again: "By the way, I have notified the police and they will come soon. You can tell them about the attack."

Elsa nodded gently.

The police came quickly.

It was the senior executives of the Emgrand Group who took a serious injury.

Among the police officers who came, someone knew the Xiao family and knew she was a guest of the Xiao family, so they notified the family as well.

At the Xiao family villa at this time, a large family is discussing what should be done.

Jay told them that something went wrong with Elsa, but did not say that it was because of him. The Old Mrs. Xiao still felt that this was a good opportunity for the Xiao family to perform. She must find a way to find Elsa, rescue her, and give Jay an extra Add drama to help him capture Elsa's heart.

When she heard that she was in the hospital, Lady Xiao was immediately disappointed and exclaimed: "If Jay could seize this hero's chance to save her, it would have been great!"

After speaking, she immediately said to everyone: "Come, let's go to the hospital and see!"

Jay had no bottom in his heart, but he could only bite the bullet and go to the hospital with his family.

On the way, Jay had already thought about excuses, but he didn't know if Elsa would buy it.

Upon arriving at the hospital and seeing Elsa, Jay immediately showed a strong surprise on his face, and hurriedly stepped forward: "Elsa, are you okay? I was about to call my dad and take someone to save you."

"Help me?" A hint of irony flashed across Elsa's cold face, and said lightly: "I was almost killed by you!"

Jay hurriedly explained: "Elsa, don't get me wrong. I was trying to attract their attention. After all, the person they were looking for was me, not you. I thought they wouldn't do anything to you."

Elsa snorted coldly and was too lazy to speak with Jay, because she had already seen the face of this person thoroughly, only thinking about how to go far away from him in the future.

Seeing that Elsa didn't blame him anymore, thinking she believed his statement, Jay looked up and down Elsa and saw that she was surrounded by a men's jacket. He frowned, "Elsa, where are your pants?"

Elsa was full of disgust, didn't want to talk to him at all, and said coldly: "It has nothing to do with you!"

Old Mrs. Xiao's shrewd eyes swept over Elsa's body, staring at the men's jacket on her, and stepped forward and asked: "Elsa, if you have anything, you can tell grandma, that group of people didn't do anything to you, right?"

Elsa said blankly: "They stabbed me. Fortunately, a young man who passed by saved me. Because I had a leg injury, he helped me treat it. The pants were torn and he took off his jacket. Give it to me, why, there is a problem?"

"Young man?" Old Mrs. Xiao was shocked.

A young man rescued Elsa, which is not so good! In case Elsa feels good about the young man, wouldn't her precious grandson Jay has no chance?

Jay also said jealously at this time: "Elsa, how did the other party treat you? Did he take off your pants and treat you?"

Elsa sneered and said sarcastically, "What does it have to do with you?"

Chapter 123

Jay only felt a "buzz" in his head, and a wave of jealousy hit his forehead.

He didn't even touch Elsa's hand, she was undressed by a strange man, and he was still touching and pressing on her thigh.

How the h*ll can this be accepted!

Jay didn't care at this moment that Elsa was extremely disappointed in him. He gritted his teeth and said, "I don't think this person wants to save you at all, but wants to take advantage of the fire, and try to insult!"

As soon as Jay's voice fell, all the eyes of the Xiao family were focused on Elsa.

Everyone thought the same as him.

A beautiful and attractive woman lying in front of a strange man with disheveled clothes, letting the other person rub her, the inner feelings of this make people think about it.

Elsa was swaying with anger, extremely disappointed in Jay!

Not only did he escape first, but now he is maliciously speculating about her accident, and in front of so many people, it is not only unscrupulous but shameless!

Elsa said coldly: "Jay, the person who saved me didn't do anything wrong with me. I took off my own pants! It has nothing to do with you!"

After that, Elsa gritted her teeth and cursed: "It's you, Jay, everything is caused by you tonight. When the other party brought people to seek revenge, you ran so fast and left me where I was. I was stabbed, and you still say this now? Are you not shameless?"

Jay choked, his face flushed and he was speechless.

Elsa didn't look at him at all, she immediately got up out of the ward, stopped a car, and returned to the hotel where she was staying.

The Xiao family was also stunned. No one thought that the truth of the matter turned out to be this way!

It turned out that Jay caused the trouble and left Elsa again, which caused Elsa to be stabbed.

As soon as Elsa walked away, the Old Mrs. Xiao slapped Jay's face with anger.

Jay was beaten up and Lady Xiao scolded: "How do I usually teach you? Let you please treat Elsa, you are good! You leave Elsa to fend for herself, you have done this kind of animal behavior, how could she like it? It is all on you?"

"Grandma, I was wrong." Jay clutched his hot face and suddenly woke up, regretting it greatly.

Only then did he realize that he and Elsa would never be together!

Marven returned home and did not tell his wife what happened tonight.

And his wife knew nothing about Elsa's experience.

After all, Avella's family has always been rejected by Lady Xiao, so they are not qualified to live in Xiao's villa, and naturally, there is nowhere to learn about these things.

The next day, as soon as Avella got up, she received a call from the Lady Xiao.

The Lady Xiao said to her: "Avella, you go to Tianhao Building Materials Group today, find a way to talk with their boss, see if they can you first credit us with 10 million building materials, and wait until we settle the payment from the Emgrand Group."

Avella hurriedly said, "Grandma, Tianhao Building Materials Group has done a lot of business, and they have a high right to speak. They have never used credit."

Lady Xiao said: "There is no way. The Xiao family has some problems with the capital chain now. We can't afford to advance so many costs and expenses. It is also very difficult to obtain loans. We can only find a solution from Tianhao Building Materials Group."

Then, the Lady Xiao said again: "Avella, now that the family is suffering from internal and external troubles, your cousin doesn't give me strength. Now I only rely on you. Think of a way to have a good chat with Zhou Tianhao, the boss of Tianhao Building Materials Group. As long as he nods, we have a chance!"

Avella hesitated for a moment, but reluctantly agreed, and said, "Grandma, let me try."

"Well, good!" The Old Mrs. Xiao breathed a sigh of relief and said, "Grandma believes you can do it!"

Chapter 124

After hanging up the phone, Avella was a little melancholic.

Marven couldn't help asking: "What happened?"

Avella probably told Marven about the matter again.

Marven nodded and said, "Why don't you tell the Emgrand Group and let them prepay 20 million for the project?"

Avella hurriedly said: "Well, how can we cooperate with Emgrand Group. We have already climbed high. If we ask someone to pay for the project, we will be looked down upon."

Marven wants to say, the Emgrand Group is your husband's, what is the 20 million? Who dares to look down on you?

But Avella didn't know.

She said: "Well, let me talk to Mr. Tianhao."

Marven said: "Then I will go with you."

"Inappropriate." Avella said: "Isn't it too unprofessional to take husband to discuss business."

After that, Avella said in a convenient way: "You just stay at home. If you are really bored, go out. There is nothing wrong anyway."

Seeing her resolute attitude, Marven didn't say much.

He knew that his wife had always been independent, and wanted to work hard on her own for many things.

Then he might as well ask her to try, if it doesn't work, he will come out to help secretly

After breakfast, Avella made an appointment with Zhou Tianhao, the boss of Tianhao Building Materials Group, and drove there alone.

The Tianhao Building Materials Group is one of the largest building materials groups in Wrestvel and even in Jiangnan. It is mainly engaged in various aluminum alloy building materials and is an indispensable supplier for large-scale real estate projects.

Zhou Tianhao was born in a not so well-off family, but he was lucky enough to get a wife with a strong family, so he took the help of his wife's house and developed to the present stage.

However, Zhou Tianhao has a strict wife. Although his wife is very ugly, he never dared to mess around outside, so Zhou Tianhao has a good reputation locally, saying that he is a good man who never forgets his wife.

Tianhao Building Materials Group is located on the outskirts of the city, with a large-scale factory with thousands of acres of land alone.

After Avella drove to Tianhao Building Materials Group, she came to the office building.

After stopping the car, Zhou Tianhao had been waiting in the lobby of the office building for a long time.

Seeing her coming, Zhou Tianhao immediately put on an enthusiastic smile, walked to Avella, proactively stretched out his hand, and said, "Oh, Mr. Xiao, welcome!"

Avella stretched out her hand, shook it politely, and said with a smile: "Mr. Tianhao, you are too polite."

After speaking, she wanted to withdraw her hand.

But she found that Zhou Tianhao grabbed her hand and didn't let go, and he even tightened his grip.

Avella pulled out her hand hard, and said with a wary expression: "Mr. Tianhao, what are you doing?"

Zhou Tianhao hurriedly scratched his head and smiled: "Oh, I'm so sorry. I always heard of you all around and saw you today. I could not hold back. Please forgive me!"

Seeing him, Avella was also frank and was able to apologize directly, a little relieved.

At this time, Zhou Tianhao hurriedly made a gesture of inviting and said with a smile: "Ms. Xiao, please come to my office for a chat!"

Chapter 125

Zhou Tianhao took Avella to his office, and the moment the door closed, there was a burst of heat in his eyes.

He quietly locked the door and then invited Avella to sit down on the sofa.

Avella looked cramped and sat opposite him with her hands folded.

Zhou Tianhao smiled and asked, "Ms. Xiao, I don't know if you came to me this time, what cooperation do you want to talk to me about?"

Avella was a little embarrassed and said: "I'm telling you that Mr. Tianhao, our Xiao Group's cash flow is a bit tight recently, so I want to ask you, can you first let us credit a batch of building materials?"

"Account on credit?" Zhou Tianhao said with a look of embarrassment: "As for the situation of our Tianhao Building Materials Group, Ms. Xiao, you must be aware of it. We never pay for credit or send out materials first. Get Materials but first release the funds.

"I know." Avella said apologetically, "I really can't help it, but you can rest assured that the company we cooperate with is Emgrand Group, which is the largest company in Wrester. They will definitely not default on our projects. As long as the payment is paid back then, we will fill in the material payment for you immediately!"

Zhou Tianhao chuckled and said, "That's what I said, but Ms. Xiao, I'm not targeting you. Do you know why I set the rule that no credit is allowed?"

Avella shook her head: "Why?"

Zhou Tianhao said: "I was also very good at talking before. Customers have to get the goods first, and then settle the settlement later. I also agreed to expand the business and maintain the relationship. All customers said that as long as Party A settles it for them, they will settle the settlement immediately. But what happened? I lost more than 300 million in payment and they haven't returned it yet!"

"so much?"

Avella was also stunned by this number.

All the assets of the entire Xiao Group add up to just over one billion.

Unexpectedly, Zhou Tianhao couldn't collect more than 300 million in payment for goods alone!

Zhou Tianhao sighed and said: "There is no way. These partners who are reluctant to settle the account using the same rhetoric. They all say that they will give me soon and immediately, but they just don't in reality."

Speaking of this, Zhou Tianhao shook his head and said with emotion: "In the end, there is really no way. I cannot stop all credit cooperation channels. You can get the goods. I have more goods here, but you must pay first."

Avella's expression was particularly disappointed. It seemed that this matter could not be settled the way she wants.

However, she also knows that since others have this principle, it is not good to tell them to give up the principle, so she stood up and said, "I'm really sorry, Mr. Tianhao. I will go back and talk to my grandmother. I should raise funds as soon as possible. Come to work with you then."

When Zhou Tianhao saw her getting up to leave, he immediately said: "Oh, oh! Don't worry, Ms. Xiao!"

With that said, Zhou Tianhao hurriedly stood up and continued: "What I said just now was for ordinary partners, but with Ms. Xiao, naturally I have to count it separately!"

Avella asked with some puzzlement: "Mr. Tianhao, what do you mean?"

Zhou Tianhao squinted his eyes and looked at Avella greedily.

To be honest, Avella is so beautiful!

The beautiful ones make Zhou Tianhao out of breath!

In all these years, Zhou Tianhao faced the yellow-faced woman at home, and that ugly and shriveled woman was a thousand miles worse than Avella.

Avella looks impeccable, and her figure is even more irritating. Such a woman is simply the best!

Why can't he have such a blessing?

Why should such a superb woman marry a famous waste in the city?

Is her rubbish husband stronger?

Thinking of this, Zhou Tianhao seemed to have countless ants crawling around some parts of his body.

Chapter 126

He felt that he hadn't had a chance to cheat for so many years, let alone touch the best beauties, seeing that half of his life had passed, he had been paying tribute to the disgusting yellow-faced woman.

Today is the best opportunity to break the shackles of fate!

Correct!

He wants to try this girl in front of him!

Try this super beauty that all men in the city are crazy about!

Thinking of this, he smiled and said: "Oh, Ms. Xiao, since you have this need, then we can have a good chat. I am Tianhao, not as bad as you think."

Avella thought there was a play, and hurriedly sat down and asked with joy, "Mr. Tianhao, would you like to give us building materials on credit?"

Tianhao deliberately didn't say everything thoroughly, but rather vaguely said: "If it's someone else, I will definitely reject it directly, but if it's Ms. Xiao, then I can consider it."

Avella hurriedly said: "In fact, our cooperation with Emgrand Group is really close. If you give us the building materials on credit, we will be able to give you the money immediately after the first batch of settlement from Emgrand."

Tianhao nodded and said, "Wait for me, I will make a pot of tea and we will talk over it."

With that, he got up and went to take out a teapot from the cupboard.

With his back facing Avella, he put the tea in the pot while taking out a box of sleeping pills from his pocket.

He usually took this box of pills by himself. He had some insomnia recently. The doctor prescribed some powerful sleeping pills for him. One pill will basically give him a good night's sleep.

Tianhao wanted to take the opportunity to handle Avella in the office, so he put six sleeping pills in the water.

In this way, as long as Avella drinks a cup of tea, it is basically equivalent to taking medicine.

When the action of medicine comes up, isn't she at the mercy of him?

You can put her to sleep first, then use your mobile phone to take some exposed videos and photos, and then use this to blackmail her for good!

As long as Avella called the police or told others what she was thinking, he would threaten her and publish these photos and videos, so that she would not be able to lift her head for the rest of her life and be pointed out for the rest of her life!

He believes Avella will never call the police or make public announcements.

At that time, he will have all the initiative!

He can fix her to have a relationship at any time, as long as she disagrees, he will threaten her with videos and photos and force her to submit!

In this way, wouldn't she be equivalent to having a best friend? Hahaha, is that still unhappy ending for him?

The more he thought about it, the more excited he became. After making the tea, his complexion returned to normal, and he returned to the sofa to sit down.

While pouring Avella a cup of tea, he said: “Ms. Xiao, don’t worry, let’s talk slowly with a cup of tea.”

Avella didn’t think much about it. After speaking so much, she felt a little dry and dry, so he picked up the teacup and took a big sip.

Tianhao is so excited now!

He stared at Avella with fiery eyes, watching her slender and straight legs, slender waist, perfect figure, and pretty face.

This woman really exudes a charming aura everywhere, which makes his heart beat more and more.

Today is a godsend gift day for him!

When he thinks that he can enjoy this perfect woman in a while, Tianhao feels like he will burn all over!

Chapter 127

Seeing Avella drank his tea, Tianhao was very excited.

Now, just wait for the effect of the drug to take place!

After Avella drank the cup of tea, she soon realized that something was wrong!

It seems that her head is a little dizzy and heavy!

What is going on?

She was shocked.

Did Tianhao mixed medicine in the tea this time?

Thinking of this, Avella trembled in shock!

She wanted to get up, but she felt that her legs were a little weaker.

Looking at it this way, she is afraid it is difficult to escape on her own!

Taking advantage of her own consciousness, she quietly turned on the phone, found Marven’s number on WeChat, and pressed the button to speak.

The voice was sent here, and at the same time, she said to Tianhao: “Mr. Tianhao, I feel a little dizzy. There is nothing wrong with this tea, right?”

Tianhao laughed and said, “No problem! This tea is top-notch. It costs more than 10,000 a catty. It is delicious. Would you have another cup?”

Avella said: “No thank you, Mr. Tianhao, I’m a little uncomfortable. Could you please send me out?”

Tianhao laughed a few times. He was sitting on Avella's side, but at this time, he got up and walked to the side of Avella and sat down next to her.

Looking at the restless Avella, Tianhao smiled and said: "Mr. Xiao, everyone says you are the top beauty in Wrestvel. I saw you today. It really is a well-deserved reputation. I really admire it!"

Seeing that he posted it, Avella moved to the other side, shook her head, and said, "Mr. Tianhao, can you please stay away from me?"

Tianhao smiled and said, "What's wrong with Ms. Xiao? We are partners. It doesn't hurt to get close, right?"

With that said, Tianhao's body once again stuck to Avella's side.

Avella wanted to hide again, but he had reached the edge of the sofa and could only shrink her body vigorously to prevent Tianhao from touching it.

Tianhao has been leaning towards her, his eyes are constantly looking at her.

Avella's brain became heavier and heavier, and when her hands were loosened, his voice was sent to Marven.

Marven was doing housework at home at this time, and suddenly received a voice from his wife, subconsciously opened it, and suddenly the whole body was violent!

Oh sh!t!

This d*mn Tianhao even dared to think loosely about his wife.

He immediately took out his mobile phone and called Zak Chen directly, and said with a black face: "All the hands you can mobilize must go to the Tianhao Building Materials Group. I will raze it to the ground today!"

Zak Chen asked in surprise: "Mr., what's the matter? This Tianhao's wife still has some strength in the family. It is a small family attached to ours. If we rashly level the Tianhao Building Materials Group, we will not be able to compete with other younger brothers."

Marven asked in a cold voice, "That Tianhao, who wants to assault my wife, tell me, is it rash to level him?! Huh?!"

Zak Chen suddenly shuddered!

He thought Tianhao got the young master by accident, but he didn't expect that he turned his mind on the young lady!

If you dare to have this kind of rebellious idea, the crime cannot be blamed!

So he immediately said: "Mr. Ye, I will immediately mobilize the staff and rush over!"

“Okay! I’m going there now too!”

Zak Chen immediately said, “Where are you, Mr. Ye? I will let the helicopter pick you up, so it will be faster!”

Chapter 128

“It is good!”

After a while, a top-heavy civilian helicopter roared up.

In the helicopter, sitting Zak Chen and ten masters in black.

His expression is extremely ugly. d*mn, there are still people who dare to do something to the young lady in this one-third of an acre in Wrestvel. He is really looking for death!

The helicopter was extremely fast, and it was upstairs to Avella’s house in a flash.

Marven rushed to the rooftop, climbed directly into the helicopter, and immediately said to Zak Chen: “Hurry up at the fastest speed!”

At this time, in Tianhao Building Materials Group.

Seeing that Avella was already unable to struggle, Tianhao laughed excitedly, and immediately stretched out his hands, wanting to take off Avella’s clothes!

At this moment, the door was suddenly kicked open by a few people!

An ugly, but aggressive woman rushed in with a few men who looked like bodyguards!

Seeing that Tianhao was about to take off Avella’s clothes, the woman was extremely angry and blurted out, “Tianhao! You dare to eat without me!”

Tianhao was frightened suddenly!

Why did you find this yellowface woman?

Tianhao didn’t know that almost all the people around him were bought by his wife. Every day he went and who came to him, his wife knew exactly where he went what he did, whom he met.

Hearing that Avella came to Tianhao, his wife immediately became vigilant.

Avella was a famous beauty in Wrestvel. Because his wife was so ugly, she hated the beauty most. Hearing that Avella was here, she immediately set out to the office.

really!

As soon as she arrived, she found out that her husband was going to get together with Avella!

Tianhao was shocked at this time, and hurriedly said: "Wife! Wife, listen to me. Let me explain! It was she who seduced me!"

Avella's face was flushed with redness and her clothes were a little untidy, she was immediately angry and cursed: "d*mn! You dog men and women! None of you can escape today!"

Having said that, she immediately said to the bodyguards around her: "Get me the dog and the b!tch!"

Several bodyguards rushed up immediately, grasped Tianhao firmly, and held Avella with their hands behind their back.

Lianpo first rushed to Tianhao, slapped in the face, and yelled: "You b@stard! Our Feng family treats you very well. Without our family, you still don't know which public toilet to use. Yeah, you still dare to betray me!"

As Lianpo said, she beat him hard, shaking angrily.

Tianhao was screaming and cried, "My wife, don't blame me, you really can't blame me! blame this vixen, she seduced me!"

Lianpo asked coldly: "You tell me clearly what is going on!"

Tianhao hurriedly explained: "This Avella, there is a problem with the cash outflow at home, so she wants to come to me on credit for 10 million building materials. Our factory never credits, you know, and I never give anyone credit opportunity"

Speaking of this, Tianhao pointed at Avella angrily and cursed: "This shameless vixen, seeing that I refused her, she said that he would accompany me to sleep, hoping that I could give her building materials on credit."

Lianpo asked coldly: "Then you go up and get ready to sleep with her?"

"I didn't!" Tianhao said bitterly, "I was just confused for a while, but nothing really happened between me and her!"

Lianpo was so annoyed that she stepped forward to Avella and looked at her, who was already a little confused. She raised her hand and slapped her severely: "Smelly b!tch! Do you dare to seduce my husband and see me today? I won't kill you? I will not only kill you! I will destroy your sorrowful face!"

Chapter 129

Lianpo slapped Avella's face and immediately made Avella a little more sober.

She covered her face, looked at the fierce woman in front of her, and subconsciously asked: "Who are you and what are you going to do?"

Lianpo gritted her teeth and said: "What am I going to do? I'm going to kill you, you stinky frame!"

After all, she shouted to the bodyguard next to her: "Where's the knife? Give it to me! I'm going to cut off the face of this stinky frame!"

"Yes, Miss!"

The bodyguard immediately took out a sharp knife and said respectfully: "Miss, with this kind of person, don't dirty your hands, let me do it!"

Lianpo raised her hand and gave him a slap, grabbed the knife from his hand, and cursed: "Bast@rd, dare to talk to me at this time?"

The bodyguard immediately knelt on the ground and said in horror: "Miss, I was wrong, please forgive me!"

Lianpo kicked him away and said angrily: "Get out of here!"

After that, with a knife, she would come over and scratch Avella's face.

Avella was trembling in fright, trying to break free, but her body was controlled by the bodyguard, and she couldn't move at all, and her body was so soft that she couldn't get her strength.

At this critical moment, someone suddenly shouted: "Give me the knife!"

Lianpo turned her head, and a young man rushed in with ten men in black!

"Who are you, drafting, dare to take care of my business? Do you know who I am?"

Marven gritted his teeth and said: "I don't f*cking care who you are!"

After speaking, he rushed over and kicked the woman out.

Seeing Marven, Avella broke down and cried, yelling: "Husband, save me"

With luck, Marven gathered all the spiritual energy in his body on his fist, and suddenly punched the two bodyguards who were holding his wife.

boom!

The two of them were blasted out in an instant and hit the wall directly, and fell unconscious!

Avella was no longer under control, but when her legs became weak, she immediately fell to the ground.

Marven immediately rushed up and hugged her in his arms, seeing a slap print on her face, the blood was dripping with distress!

"Avella, don't worry! Husband will give you revenge!"

Avella cried bitterly, hugged Marven, crying, and said, "Husband, husband, take me home."

Marven patted her on the back and calmly said: "Don't worry, your husband will take you home, no one can hurt you!"

As he said, a wave came out of his hand, making Avella fall asleep deeply.

Marven put Avella on the sofa next to him and said to Zak Chen, "Protect my wife for me!"

Zak Chen nodded and said sternly, "Mr. Ye, don't worry, she is in safe hands, I will raise my head to see you!"

Marven turned to look at the yellow-faced woman who was kicked by him, grabbed her from the ground, and punched her in the face: "You beat my wife?"

Lianpo was full of blood and shouted hoarsely: "Do you dare to beat me! Do you know who I am? I will kill you!"

After that, she shouted to the bodyguard next to her: "Kill him for me! Kill him! Whoever killed him, I will give him one million!"

When several bodyguards got excited, they rushed up immediately.

Marven said blankly to Zak Chen's men: "Kill me! Kill me!"

Several people in black immediately took out the pitch-black pistols from their pockets and pulled the trigger at the bodyguards!

These bodyguards never dreamed that the group of people in black who came here would have guns!

Moreover, their marksmanship is excellent!

Every shot directly hit the skull of these bodyguards!

In an instant, all the bodyguards of Lianpo died tragically!

Everyone's skull was lifted by bullets!

Lianpo was frightened by this sudden scene: "Who are you?"

Marven sneered: "I am Avella's husband!"

Tianhao, who was standing silly next to him, trembled with scared legs: "You, you are the live-in son-in-law of Xiao family?"

Marven smiled and asked him: "What? Are you curious, how can a son-in-law have such a strong background?"

Tianhao nodded repeatedly.

Chapter 130

Lianpo beside him calmed down and blurted out: "Tell you! My name is Lianpo! I am the daughter of the Feng family in Haicheng! Have you heard of the Feng family? Our master is the Ye family of Orgeyon! If you provoke me, no matter how strong your background is, our Feng family will never spare you! The Ye family will never spare you!"

"Oh?" Marven smiled coldly, and said to the yellow-faced woman: "Listen well, I am the son of the Ye family of Orgeyon! I am your master! My name is! Ye! Zak Chen!!!"

"boom!!!"

When these words came out, Lianpo was struck by lightning!

She looked at Marven with wide eyes like a ghost.

"You, you, you are Ye Family Mr. Ye? How could it be possible! How could Ye Family Mr. Ye be in a small place like Wrestvel!"

At this time, Zak Chen suddenly came over and yelled: "Lianpo! Do you dare to be tough when you are about to die? This is our young master Marven!"

Lianpo only saw Zak Chen!

Zak Chen!

This

This is the spokesperson of the Ye Family in Wrestvel!

He is also the person who her father has been trying his best to curry favor!

Why is he here?

Is it

Is it

Is this young man really the young master of the Ye family? ! ? !

Lianpo suddenly collapsed, kneeling on the ground and kowtow desperately: "Mr.Ye, I was wrong, Mr.Ye! Mr. Ye, please forgive me, Mr. Ye! I really know that Mr. Ye. I am wrong! If I knew it was your wife I would never Dare to touch her with a finger, Mr. Ye!"

Tianhao also peed his pants in fright. He knelt on the ground with a plop and said with tears: "Mr.Ye, please forgive me."

Marven's expression was sullen: "If you are plotting against my wife, do you still expect me to spare you?"

After all, Marven shouted to men in black, "Shoot this bast@rd thing in his crotch!"

"boom!"

A man in black raised his hand and fired without hesitation.

In an instant, there was a burst of blood in the crotch of Tianhao

His roots are broken!

Marven said again: "Break his spine, I want him to be paraplegic in a high position, and he can only move above his neck for a lifetime!"

The two black-clothed men from behind immediately stepped forward and punched Tianhao at the lumbar spine.

Click!

Tianhao felt a sharp pain!

But the pain only lasted for a second!

Next second!

Tianhao felt that he had completely lost consciousness from below his neck!

High paraplegia?

Wouldn't he have to lie down and live in this life? ! He doesn't even have the ability to stand up! He doesn't even have the ability to control his bowels anymore!

Life is better than death, isn't it a living dead? !

Tianhao was extremely desperate, and he wished to kill this man, but at this time he didn't even have the ability to kill himself!

The man in black looked at Marven and asked, "Mr.Ye, what should I do with this yellow-faced woman?"

Marven said with a cold face: "Same! Let them be a couple of the living dead!"

Lianpo went crazy, grabbing her hair and screaming, yelling for mercy.

But Marven would not give her a chance.

There is only a dead-end if you dare to ruffle his feathers!

Do not!

It's so cheap to kill them with one shot!

Life is better than death for a lifetime, it is the best end!
