

The Amazing Son In-law chapter 1301-1310

Chapter 1301

When Orvel shouted out, the Sun family suddenly realized that they clapped unwillingly.

In fact, they are also very unhappy with this wedding, because this kind of thing will make their faces faceless.

But at the moment, it's already done, so no one can change anything.

Bella, who was wearing a wedding dress with a cold expression, and Sun Dewang, who was with five people in a suit, walked onto the stage together.

Afterwards, the emcee smiled and said: "Next, let us invite a second couple, the bridegroom Carden, and the bride Isabella!"

In fact, the Sun family is not willing to applaud this pair.

Not only Xu Liqin and Sun Dewang look down on Isabella, but the rest of the Sun family also look down on this poor girl.

However, with the lessons learned earlier, everyone did not dare not to applaud, so they could only clap non-stop.

Carden took Isabella's hand and walked onto the stage together.

I can see that the two of them are really affectionate, and there is no intention to loosen their fingers.

After the two of them came on stage, the atmosphere was somewhat embarrassing.

The people in the audience have also come out to have a wedding wine more than once, but they have never encountered the absurd thing of a father and son getting married on the same stage.

Even the host of ceremonies is not sure what to do.

He can also be regarded as an old senior in the Wrestvel emcee circle.

But he had never encountered this kind of marvellous wedding before in his entire life.

When he usually hosts, he would make fun of the parents of both men and women to enliven the atmosphere, but today it is really impossible to do such things.

This made him not know where to start.

So he could only give up this part of the lively atmosphere, and after directly speaking a paragraph of opening remarks, he said to the two couples around him: "Today, our two Mr. Sun, Miss Xue and

Isabella are finally pregnant with four The hearts that love each other have embarked on this solemn and sacred wedding church!”

“My friends, let us sincerely bless these two couples, pray for these two couples, cheer for these two couples, cheer for these two couples, and celebrate the perfect combination of these two couples! Let us once again Warm applause and wish them a bright future!”

Although everyone in the audience looked at each other, they all clapped very cooperatively.

After the applause fell silent, Master of ceremonies said affectionately: “The Bible says that love is patient and kind; love is not jealous, love is not boastful, arrogant, does not do shy things, does not seek your own benefit, and is not easy. Be angry, don’t count human evil, don’t like unrighteousness, just like the truth; tolerate everything, believe everything, hope everything, endure everything; love never ceases.”

“So, in front of the many guests today, I would like to ask Mr. Sun Dewang, one of our grooms today, Mr. Sun Dewang, would you like to marry the Miss Bella next to you as your wife? Are you willing whether she is poor or rich, Do you love her forever and never give up?”

Sun Dewang nodded: “I am willing!”

The emcee asked Bella in the same words: “Then Miss Xue, are you willing?”

The emotions in Bella’s heart could no longer be controlled and collapsed and cried: “I...I...I...”

At this moment, she wanted to shout that I didn’t want to, and then immediately run from here.

But when she thought that her father had offended so many powerful people, if she did not marry Sun Dewang today, the whole family would be in great trouble, and the family might even be ruined, so she suppressed the impulse in her heart and cried. He said: “I...I would...”

After saying this, her heart was even more sad, and she immediately hid her face and wept bitterly.

Chapter 1302

The emcee smiled and said: “Oh, I didn’t expect Miss Xue to be so touched. The marriage must have been long-awaited. This is really a match made by God, consensual, and made in heaven. Let us all wish the couple a happy new marriage and love each other with applause. A bright future and a safe life!”

Bella almost collapsed when she heard this, squatting on the ground, burying her face deep in her arms, crying.

The emcee picked her up and said with emotion: “It seems that our bride is very excited. Let us interview our groom. May I ask Mr. Sun Dewang, how do you feel about being able to marry such a young and beautiful wife?”

Sun Dewang chuckled and said: “I am very excited...”

The emcee smiled and asked, “Then Mr. Sun Dewang, do you have the urge to chant a poem?”

Sun Dewang said with embarrassment: "I haven't gone to school much, I don't have much culture, so can't just chant poems."

The emcee said again: "Today the parents of our bride, Xue Jing, have also arrived at our wedding. I would like to ask the groom, Mr. Sun Dewang, do you have anything to say to your future mother-in-law and father-in-law?"

Sun Dewang looked at the audience, Xue Xinlong and his wife, whose expressions were crying without tears, waved at them with a little restraint, and said: "Please rest assured, I will definitely face the quiet."

There is one more sentence, Sun Dewang wanted to ask, but he was not ashamed to ask.

He wanted to ask Xue Xinlong, his future father-in-law, whether the 50 million dowry that he said before counts?

But he was afraid that after he asked this sentence, Xue Xinlong would come up to hammer him, so he could only give up.

At this time, the emcee said to Xue Xinlong and his wife: "Come on, let's invite our bride Xue Jing's parents to stage!"

The Sun family has become a blank applause machine at this time.

Xue Xinlong could only go on stage with his wife.

The master of ceremonies smiled and said, "Please ask the man's father-in-law to stand in front of our groom."

Xue Xinlong and his wife stood in front of Sun Dewang with unnatural expressions.

The emcee smiled and said: "Groom officer, I ask you, who is standing in front of you?"

Sun Dewang hurriedly said: "It's my father-in-law!"

The emcee smiled and said, "Is it still called father-in-law? Should I change my tongue?"

Sun Dewang smirked awkwardly, and said hurriedly: "Yes, it should be changed."

With that said, he hurriedly called out to Xue Xinlong and his wife: "Dad, mom!"

Xue Xinlong's face was extremely ugly. This b@stard, who is about the same age as himself, calls him Dad!

Although I don't have a son, I don't want such a cheap son.

Seeing that he did not respond, the emcee hurriedly said: "Is it a bit too excited to be a parent? You forgot to respond to the bridegroom officer so excited. This is the first time the bridegroom officer changed his words. Isn't the father-in-law showing anything?"

Xue Xinlong said with a gloomy expression: "I was in a hurry to go out today and forgot to prepare the red envelope."

Sun Dewang said hurriedly: "It's okay, it's okay, red envelopes are forgotten!"

The emcee said with a smile: "Since he has changed his mouth, the groom should knock his head and bring a cup of tea to his father-in-law and mother-in-law, and let our staff bring the tea!"

Sun Dewang asked awkwardly: "Kow my head?"

Chapter 1303

Naturally, Sun Dewang was not happy to kowtow in front of so many people.

After all, he is more than 50 years old, this face is really a bit embarrassing.

But Master of ceremonies said seriously at this time: "Groom officer, today is your big wedding day. Two families are combined into one family. Not only do you have a young and beautiful wife, but you also have a couple of parents who love you. Parents, we Chinese have been showing the most filial piety since ancient times, so we kneel and kowtow to our parents. That is a matter of tradition, of course. Why you hesitate?"

"Besides, the tradition of our Chinese marriage is to give tea to both parents."

When Xue Xinlong's wife heard this, she burst into tears.

It is true that two families form a family, but she really doesn't want her daughter to start a family with this old thing.

But now there is no retreat, she can only watch it.

Sun Dewang was told by the emcee at this time that he was somewhat unable to get off the stage, so he had to kneel on the ground, first kowtow to Xue Xinlong and called Dad, then kowtow to Xue Xinlong's wife and called her Mom.

The couple looked at each other, feeling extremely depressed.

At this time, the staff hurriedly moved two chairs and asked Xue Xinlong and his wife to sit side by side. Then Master of ceremonies said to Sun Dewang: "It was supposed to be the bride and groom who bowed their heads to offer tea to both parents, but the parents of the bridegroom officer didn't come today, so let's let the bride and groom serve only tea to the woman's parents."

The crying red-eyed bride could only come to her parents reluctantly and knelt beside Sun Dewang.

The staff immediately brought them two cups of tea and handed them to Sun Dewang. Sun Dewang took a cup and said to Xue Xinlong with a red face, "Dad, drink tea..."

Xue Xinlong couldn't wait to splash this cup of tea directly on his face, so naturally he didn't want to pick it up.

But he raised his eyes and took a look, and found that Zak Chen was in the audience, looking at him with a gloomy expression, and suddenly shrank his neck, and hurriedly reached out and took the tea from Sun Dewang.

Sun Dewang took another cup of tea, handed it to Xue Xinlong's wife, and said: "Mom, you have tea!"

Xue Xinlong's wife was even more annoyed, and 10,000 times unwilling to drink the cup of tea he respected. So before she reached out to pick it up, Sun Dewang held the cup of tea in the air. After a while, he felt a little sore in his arms and felt embarrassed in his heart.

Xue Xinlong hurriedly winked at his wife. What he fears most now is that Zak Chen has opinions on him.

He dare not make him angry anyway.

Xue Xinlong's wife found her husband glared at herself fiercely, she could only grit her teeth, reached out her hand to take the cup of tea, and drank it.

The emcee then smiled and said: "Drinking tea from the son-in-law is equivalent to approving the son-in-law. Let me interview the bride's parents. Excuse me, are you satisfied with the groom?"

Xue Xinlong sighed and said with red eyes: "Satisfied, satisfied..."

He was actually 10,000 dissatisfied in his heart, but he really didn't dare to say it at this time.

Xue Xinlong's wife can only follow her husband and say things against her will.

Marven looked amused in the audience, this is the price of being unkind, thinking that he has a bit of money and a little ability, he will look down on this and that, such a person will only eat the bitter fruit in the end.

After the farce of Sun Dewang and Xue Xinlong's family of three was over, the emcee said: "Next, we will invite our second couple to take the stage, the groom Carden and the bride Isabella!"

Chapter 1304

Carden took Isabella's hand and walked onto the stage.

The master of ceremonies followed the usual process and said some compliments, and then he went to the part of the marriage vow.

Carden and Isabella really love each other, so they are finally able to hold a wedding, naturally they are deeply moved.

Therefore, the two clasped their fingers on the stage, and both left tears of excitement.

Carden's mood is more complicated, because he has just experienced the divorce of his parents and witnessed his father's second marriage with his own eyes, and his heart is mixed.

After the bride and groom completed the exchange of rings, the emcee smiled and said: "Next, let us invite the parents of the bridegroom Carden, who is the couple who just had the wedding just now, and invite them to come on stage!"

Sun Dewang and Bella, who had just stepped down, could only bite the bullet and step on stage as the groom's father and mother.

The grandchildren at the scene had extremely ugly expressions, but Mr. Orvel brought a large number of younger brothers to applaud, and even a younger brother shouted, "Hey, this bride is about the same size as the future mother-in-law! Hey! The emcee is affected and ask, it is the bride who is older A little bit, or is the future mother-in-law of the bride a little older?"

As soon as these words came out, Mr. Orvel's brothers burst into laughter.

Bella has just returned from abroad this year and hasn't started work yet. Isabella and Avella are almost the same. They have both been working for two years. So in age, Isabella is actually a bit older than Bella.

Therefore, the scene suddenly became more embarrassing.

The secretary's appearance was also dumbfounding, so naturally he couldn't really ask such a question, otherwise he wouldn't have to do his job of emcee if he went out.

So, he hurried to the next session on the spot, greeted the staff to put on the chairs again, put the tea cups, and asked Carden and Isabella to offer tea to their parents.

When Isabella offered Bella tea and called Bella's mother, Bella cried again.

What the h*ll is this? Suddenly marrying a bad Old Master, he suddenly added a son and daughter-in-law.

The point is that this son and daughter-in-law are older than themselves.

After Carden and Isabella changed their mouths to the newlyweds Sun Dewang and Bella, the emcee finally breathed a sigh of relief and announced that this wonderful wedding was officially over.

Immediately after the wedding, the bride and groom toast the guests.

Bella wanted to give up the toast, but because she was afraid that Marven would be dissatisfied, she could only come to the table where Marven and Avella were with Sun Dewang, carrying a glass.

Sun Dewang looked at Marven tremblingly, and said nervously, "Master, thank you for coming to my wedding with Bella. We both toast you!"

Marven said lightly: "Sun Dewang, after marrying such a good wife, you must treat her well in the future, and treat the child in her stomach well, have you heard?"

Sun Dewang's face blushed, and he nodded and said, "Don't worry, I will treat Bella and the child in her stomach well."

Marven said with satisfaction: "This is just the truth. Don't have any opinions about the future young son's skin color. You must treat him as your own."

Sun Dewang could only nod his head and said, "Master can rest assured, I will definitely..."

Chapter 1305

Seeing Sun Dewang's stance, Marven said with satisfaction: "In the future, I will let President Zak Chen supervise your post-marriage behavior. If you don't correct your disagreement about the poor and love the rich after marriage, it's not good for you. New wife, daughter-in-law, and future youngest son, then I will let President Zak Chen interrupt your dog legs. Do you understand?"

Sun Dewang nodded repeatedly, and said firmly, "Master, I understand..."

Marven waved his hand: "Okay, I am driving today, so I won't drink the wine you toasted. Let's go and meet others. There are so many guests here today. Don't leave any of them. Have you heard?"

"I heard it! I will toast one by one!"

Sun Dewang was sent away, and Carden and Isabella came over with wine glasses. Isabella respectfully said to him and Avella: "Mr. Marven, Avella, thank you both very much today, and Carden and I will offer you a drink!"

Marven smiled faintly: "Then we two will use tea instead of wine. I wish you a happy and happy newlywed couple!"

The two nodded repeatedly and thanked them vigorously.

Although Avella was a little bit dumbfounded at today's farce, but at this time, seeing a good classmate finally got her wish to marry her own sweetheart, Avella was also happy for her.

Marven looked at Isabella and exhorted: "Isabella, after you marry Carden, you must remember not to give up your little family and go to your parents and your brother's house. What they did today, you should know it in heart, so live with your husband, keep a distance from your mother's family, and don't have any financial contacts."

After finishing speaking, he looked at Carden again and said seriously: "Carden must also be carefully supervised on this matter. Your young couple should be on the same front. Don't be separated from each other because of this matter."

Marven's implication was that Isabella must never give her parents and brother a penny.

Marven looked down upon the families who wanted to sell their daughter at a high price and then drink their daughter's blood.

He also worried that once Isabella and Carden got married smoothly, Sun Dewang would not dare to do anything to her in the future. In that case, Isabella would have the right to speak in this family, and it would be possible to recruit her wonderful parents. With her little brother who is so lazy.

So remind her in advance, let her know a little bit, don't be used by that family again.

Isabella and Carden also nodded again and again.

In fact, even Isabella herself was very disappointed with her parents and younger brother, and wished to completely draw a line with them, so she was unwilling to make money in the future or be taken away by her parents and younger brother.

Marven and Avella picked up their tea cups and had a drink with the newlyweds. Then Marven said, "Okay, you two quickly go to the bar with the other people, don't worry about us."

Carden respectfully said: "Mr. Marven, then we will go to other tables first."

When the banquet was about to end, Marven got up and went to the bathroom.

Seeing this, Zak Chen hurriedly followed. When there was no one around, he respectfully said to Marven: "Master the last time Delon has undergone surgery in Orgeyon."

"Oh?" Marven asked with a funny face: "This buddy still didn't pull out the necklace?"

Chapter 1306

"No." Zak Chen smiled: "It is said that the necklace made a bend in his intestines and got stuck, so the operation was urgently performed. It is said that Delon was still in the ward before the operation and was preparing to come with the nurse. It turned out that he was bumped into by his grandparents and mom and dad, and the Old Lady was terribly scared."

Marven smiled and said: "I really don't understand, how can the Kevin family say that it is also a first-class family in Orgeyon, how can they cultivate such a watery offspring."

Zak Chen nodded and sighed: "To be honest, the descendants of the current big family are really weaker than older generations. If they are as outstanding as you, there is no second one in the country."

Marven smiled faintly: "You don't slap my a** here."

Zak Chen hurriedly said, "Master everything I'm talking about is from the bottom of my heart!"

Having said that, he said again: "By the way, Master I am worried that after Delon's surgery recovers, 80% chance is that he will find you to get revenge. The strength of the Kevin family is not on the same level as the Wu family, and their family also has many first-class masters. At that time they will be against you. I am afraid it will be a tricky thing. Would you like to tell Master Ye and let him say hello to the Kevin family?"

“As long as the Old Master says hello to the Kevin family, the Kevin family will definitely not dare to do it again.”

Marven smiled and waved his hand: “I haven’t figured out whether I will return to Ye’s house in the future. Therefore, if I can use the Ye Family’s help and the identity of Ye Family I should use it as little as possible.

Zak Chen persuaded, “Master you don’t need to divide it so clearly from your family. Before the steward Darren found you, Master Ye was always talking about you. If you have time, you should definitely go back. Don’t say anything else. , At least look at the Old Master.”

Marven shook his head lightly, and said, “It’s not impossible to go back, but not now.”

In Marven’s heart, he not only had a certain hatred against the Ye family, but also a certain amount of caution.

The family has a big business. When his father was still there, it was very fiercely fighting secretly. Now that the family has added a generation, the internal situation must be more complicated.

Although he now has a certain amount of personal strength, in front of the Ye Family, the disparity is still too great.

Therefore, he even hoped that he would return to the Ye family to see things after he had achieved certain results and had a strength that could not be underestimated.

Otherwise, his current net worth is more than 20 billion in cash plus Emgrand Group, of which the Emgrand Group and 10 billion in cash are all given by the Ye family, and he has not made much money. The two biggest pennies are Keng Kobayashi Pharmaceutical. The 11 billion that came.

11 billion, placed in front of the Ye family, is a drop in the bucket.

Now Marven already owns 80% of the shares of Wei’s Pharmaceuticals, and Wei’s Pharmaceuticals has also officially changed its name to JX Pharmaceuticals. Now Liang is presiding over the production of his own Weisan prescriptions by JX Pharmaceuticals. Once the drug is produced and successfully listed , Presumably it will become the world’s best-selling gastric medicine with the best efficacy. This medicine alone may bring tens of billions or more of profits to JX Pharmaceutical.

He will then take out some other medicines from the Nine Profound Heaven Scriptures, and JX Pharmaceutical’s income will surely skyrocket.

Then through Ichiro, he also got Kobayashi Pharmaceutical, and merged Kobayashi Pharmaceutical into JX Pharmaceutical.

By then, JX Pharmaceutical will soon become the largest pharmaceutical company in Asia, and even the largest pharmaceutical company in the world!

After he has achieved the results of JX Pharmaceutical, he can have full confidence before facing the Ye family!

Chapter 1307

Early in the morning after Isabella's wedding, Marven received a call from Liang while he was watering the crops in his vegetable garden.

On the phone, Liang told him that the stomach powder he produced according to the prescription given by Marven had passed the relevant license of the drug regulatory department and was ready to go on sale.

This prescription derived from the Nine Profound Heaven Classics has a strong relieving effect on common people's stomach upset symptoms.

If you have chronic stomach problems, you can get a good improvement and conditioning by taking this stomach powder.

Stomach acid, bloating and stomach pain, or stomach discomfort caused by drinking, cold, fatigue, etc., taking Weisan can get immediate results.

Weisan was first invented by a famous doctor in ancient China, but the development of traditional medicine has been relatively slow in recent decades. Medicines like Weisan are instead mainly products produced by Japanese and Korean pharmaceutical companies.

For example, Japan has the famous Ota Weisan and Kobayashi Weisan.

Both types of stomach powder are in powder form and are packed in sachets. If you encounter stomach upset, you can take a packet with warm water immediately for good results.

Kobayashi Pharmaceutical's Kobayashi's Weisan has been rated as a daily medicine by ordinary people in Japan and many countries.

This shows how big the sales and profit margins are behind it.

The stomach powder produced according to the prescriptions in the "Nine Profound Scriptures" is about eight to ten times as effective as Kobayashi's stomach powder. The effect is very significant, and it has a good advantage that there are basically no side effects. , And the stomach powder produced by the prescription has a strong and fresh medicinal fragrance, which gives people very good senses.

This Weisan, named JX Weisan by Marven, will be the first brand new medicine produced since JX Pharmaceutical changed its name.

Liang said on the phone: "Master, the effect of this stomach powder is really amazing. We have found many volunteers with stomach problems and tried this medicine. They all gave very, very high evaluations. It is stronger than the stomach powder in Japan and South Korea, many times less. Now these volunteers very much hope that this medicine can be launched as soon as possible!"

Marven gave a satisfied hum, and asked him, "Then when will it be officially listed and sold in bulk?"

Liang said: "We have now produced more than 50 tons, and now that the approval has been down, we can directly package and sell."

Marven asked curiously: "If more than 50 tons of the original medicine, how many copies can be packaged?"

Liang said: "We plan to use the same specifications as those in Japan. We use 1.3 grams per pack and 48 packets per box. In this case, the net content of the original drug in each box is 62.4 grams, which can be packaged in total. 800,000 boxes."

Marven asked again: "What about the selling price, what is the selling price for the Japanese?"

Liang said: "Oita's Weisan and Kobayashi's Weisan, about 150 a box, our JX Weisan, the efficacy is several times theirs, I think we have to sell at least four to five hundred a box."

Marven asked him: "How much is our cost for a box?"

Liang said: "Most of them are some proprietary Chinese medicinal materials. The cost is actually very low. We are very conscientious. The cost is about 20 per box, so I guess. The cost of Ota's Weisan and Kobayashi's Weisan is also about in tens."

Chapter 1308

Marven heard this and said: "Then we also sell 150 a box, with the same price, several times the efficacy of the medicine, directly squeezing the same type of competing products in Japan and South Korea!"

Liang hurriedly said, "No problem, Master, then I will supply the dealer for 150 a box."

"Okay!" Marven said: "You try to produce at full capacity, and don't worry about the sales of this drug. We are now not only covering domestic users, but also covering countries such as Japan, South Korea and Southeast Asia. To compete with them in their homeland, and to compete with them in their homeland, since we want to grab their market, we must prepare enough ammunition."

"I understand Master!"

Liang was so excited, he blurted out: "Japanese and Korean Chinese herbal medicines have suppressed us for so many years, and now we can finally fight back!"

After speaking, Liang asked again: "By the way, Master, for our JX Weisan, should we make some TV commercials? It's best to ask a celebrity to endorse or something. Now everyone in this society is engaged in publicity, and the fragrance of wine is also afraid of alleys."

Marven smiled and said: "Yes, then you find the most popular celebrity, and it must be the kind of decent star who is out of silt but not stained, because the entertainment industry is too messy, those with dark history, Gossip, don't work with them!"

Liang said: "OK, Master, I have a very suitable candidate in my heart. I wonder what you think of it?"

Marven asked: "Oh? Come and listen."

Liang hurriedly said: "Now there is a female star named Qiuyi Gu , more famously known as Sara who is very popular in film and television songs. She just picked up a Hollywood movie some time ago. Now she is very popular, and this person seems to be from a famous family, so there is nothing at all. Gossip is the object of worship by countless boys and girls."

Marven nodded and said: "don't know about the entertainment industry, and I don't follow stars, so it's up to you to decide. If you think this person is suitable, then you can contact this person's agency to discuss the price. If it's appropriate, just sign a contract with her and let her start advertising."

"OK, Master!"

After hanging up Liang's phone, Marven picked some fresh vegetables and prepared to go home to make breakfast for his wife Avella.

It just so happened that Avella had also gotten up and walked downstairs.

Marven thought of the phone call just now and asked her curiously: "My wife, have you heard of Sara?"

Avella immediately said excitedly: "Sara? Don't you even know Sara? She is now the most popular female star."

Marven shook his head: "I don't chase stars, so I don't understand this."

Avella hurriedly said: "I'm telling you, Sara is my idol, not only my idol, but also a national idol. She plays very well in movies and TV series, and she sings very well! I heard that she will come to us some time later. When Wrester is holding a concert, I have been paying attention to the ticketing website, just waiting to get the tickets when they are issued."

Marven smiled and said, "I'm your husband, I don't even know that this person is your idol!"

Avella said: "You never asked me. Besides, I don't like to talk about many things. To like someone is to like it in heart. I don't want to talk about it every day like other people."

Marven nodded lightly, thinking, if JX Pharmaceutical really reached a cooperation with this Sara, it might be able to satisfy his wife's desire to chase this star.

Chapter 1309

Marven wrapped an apron and went to the kitchen to prepare.

But at this moment, his cell phone rang again.

Unexpectedly, the caller ID, the caller turned out to be the little pepper Aoxue of the Qin family.

Seeing this, Marven couldn't help but feel a little surprised: "This little chili doesn't usually call him often. Will she be in trouble again today?"

Thinking of this, he hurriedly connected to the phone and asked, "Aoxue, are you looking for me?"

Aoxue said shyly: "Master, do you remember what I told you about my participation in the International College Sanda Competition?"

Marven smiled and said: "Of course I remember, didn't I promise you that I want to come to the scene to cheer you on? By the way, you haven't told me the specific day."

Aoxue smiled happily and said, "So you still remember Master, I am so happy!"

After that, Aoxue's voice was very shy and said: "Master, I will play the last preliminaries this morning. don't know if you have time to take a look..."

Marven asked curiously: "Playing preliminaries? How is your competition system arranged?"

Aoxue said: "Because this is an international college competition, there are more participants. There are dozens of contestants in my heavyweight class, so I have to play a few rounds of preliminaries first, but then the quarter-finals will be selected. Play the quarterfinals again."

Marven asked in surprise: "Has this all reached the final round of the knockout? How many games have been played in total? Why didn't I hear you before?"

Aoxue hurriedly said: "There are 4 knockout matches. This morning is the last one. If I win, I will be able to enter the top 8! The reason why I have not told you is because you will not have time to come over. You also told me that your time is more precious, so let me not always disturb you."

Marven smiled and said, "What are you doing so politely with me?"

After speaking, Marven smiled heartily and said: "Okay, give me a time and address, I will go over and cheer you in the morning!"

"Really?!" Aoxue said with joy when he heard this, "That's really great Master! My game is at ten o'clock this morning, at the Wrestvel Gymnasium! There are several groups of people competing in the stadium at the same time. , I'm afraid you won't find it. If you arrive, tell me, I will let my dad pick you up!"

Marven smiled and said: "No problem, it's settled, I will be there on time in the morning."

Having said this, Marven suddenly remembered a question, and asked Aoxue curiously: "By the way, Aoxue, how many kilograms would you participate in the competition?"

Aoxue said hurriedly, "Master, mine is in the 52 kg class!"

Marven heard this and said jokingly: "52 kg, then 104 kg?"

"Okay!"

Marven teased her deliberately and said with a smile: "I've never heard of a good woman but a hundred? You have to work hard to lose weight."

Aoxue hurriedly said: "No, Master! The kilogram class of Sanda competitions is not divided according to the actual weight. For example, as long as the weight is less than 48 kilograms, it belongs to the 48 kilogram class. The kilograms belong to the 52 kilogram class. I am 49.5 kilograms, which is equivalent to 99. It happens to be no more than a hundred, but it is classified into the 52 kilogram class! If you don't believe me, when you meet. I'll show you the weight!"

Marven said with a smile: "I'm just joking with you, don't be so angry."

Aoxue said diligently, "I am not angry, you will misunderstand that he is a little fat man! My height of 1.7 meters, controlled within 100 kilograms, is already very powerful! My classmates say I am a devil figure!"

Marven smiled and said, "Well, little pepper Aoxue has a devil figure, I will find out later."

Chapter 1310

Aoxue said embarrassedly: "I am not a little pepper..."

Marven smiled and asked: "Then what are you?"

Aoxue: "I...I...I...I am a little beautiful woman, a little cute!"

After finishing speaking, before Marven responded, she hung up the phone shyly.

Marven listened to the phone and suddenly turned into a beep, couldn't help but shook his head and laughed secretly. This little pepper is really cute.

.....

After Avella had eaten, she went to her studio.

Recently, the scale of her studio has been expanded a lot compared with before, and some employees have been recruited. At the same time, several renovation projects are underway, which can be said to be booming.

Dave is also very busy every day in the Association of Painting and Calligraphy.

After breakfast today, he was anxious to go to the Calligraphy and Painting Association, which made Marven a little curious.

So he couldn't help asking him: "Dad, why are you going so early today?"

Dave smiled and said: "The Calligraphy and Painting Association happened to have some activities today. The calligraphy and calligraphy hobby class of the University for the Elderly is coming over to visit us today."

Marven understood it instantly when he mentioned college for the elderly. The University for the Elderly is where Meiqing works and studies every day.

A good friend of Aunt invited her to be a visiting professor of French education at a university for the elderly. At the same time, she herself was studying calligraphy and Chinese painting at the same university.

It seems that Aunt is going to meet with Dave today.

No wonder father-in-law is so happy early this morning.

However, because the mother-in-law Viola was right in front of him, Marven didn't click through either.

He himself will go to Wrestvel Gymnasium later, so he asked his father-in-law: "Dad, would you please drive me for a while, I just want to go to the gym to watch the game."

"Okay!" Dave said with a smile: "It just happened to be on the way, you can come with me!"

Viola said dissatisfied: "I said you, this is out of my mind. Am I?"

Dave asked with a cold face, "What are you talking about, who is mad at you?"

Viola said angrily: "After you have eaten, you all run out one by one, going out to play, go out, how boring I am at home alone?"

Dave curled his lips and deliberately said in a sarcastic tone: "Who stopped you from going out? If you want to go out, go out, go find your old friends to play mahjong, or ask your old sisters to make faces!"

Viola scolded annoyedly: "Dave, did you f*cking deliberately damage your Old Lady? I broke a leg. How can I get out? Besides, my two front teeth have to be rectified, going find the Old friends, how embarrassed would I be?"

Dave opened his palms and said innocently, "Then I can't help you. Anyway, your legs are on your body. You can go out anytime you want to go out. If you don't want to go out, stay at home, but you can't stop us from going out. Ah, we are not obligated to stay with you at home!"

After speaking, he waved to Marven, shook the car key in his hand, and said casually: "Good son-in-law, let's go!"
