

The Amazing Son In-law chapter 1431-1440

Chapter 1431

When Nanako thought about this, her powerful thoughts supported her, holding back her pain, and bursting out a powerful explosive force in an instant!

Immediately afterwards, he saw Nanako suddenly jumped on the spot and turned around. Her body turned 270 degrees, her slender right leg was already raised high, and her foot was drawn across Michel's face!

Michelle was surprised by Nanako's abnormal performance today. She did not expect that she could suddenly attack her in an instant!

Moreover, Michelle couldn't imagine that, because of Marven's sake at this time, the whole person was stimulated with great potential!

Nanako's strength in this blow has far surpassed her usual peak state!

Michelle came back to her senses, and when she was rushing to resist, the window of time Nanako left for her has passed!

She only felt that a black shadow was carrying a strong force and struck straight towards her profile. She was shocked and was about to dodge, feeling that the strong force had hit her suddenly!

Boom!

She felt that her brain was cut off by this kick, and her mind was stunned, and her whole person instantly lost consciousness and fell straight down!

This.....

The scene was shocked!

No one thought that Nanako was in extreme passiveness just now, and she was almost beaten by Michelle. How could she suddenly explode with such a powerful lethality and knocked Michelle out with one kick?

After a moment of silence, thunderous applause broke out on the scene!

Today's game is really amazing for them!

Two arenas, two games, the winners turned out to be getting it with one move to control the enemy!

Needless to say, Aoxue kicked off her opponent's arms with a single kick, as sharp as a typhoon!

As for Nanako, even though she has been pressed and beaten by the opponent, she has never made a move. As expected, it is deadly if she does not make a move! Just seize an opportunity for the opponent to lose her mind, and immediately defeat her, simply and neatly!

Marven could not help but secretly start to see this scene in the audience!

He thought that Nanako was controlled by others everywhere, but he didn't expect that after receiving so many fists, this girl would be able to seize the opportunity, reverse all disadvantages in one fell swoop, and win with one move. This forbearance and courage is indeed admirable!

At this time, the referee stepped forward to check Michelle's situation. After finding that she was unconscious, he immediately called the doctor of the event team. After the doctor came to check, she was indeed unconscious and needed to be sent to the hospital for treatment. Several staff members directly put the unconscious Michelle on a stretcher and rushed her to the hospital.

Nanako on the ring, looking through the excited and cheering crowd, her sight fell straight on Marven's face. Seeing his face shocked, she was very excited.

"Marven! After all, I achieved the goal of winning with one move! Did I make you admire me?"

Marven met her eyes at this moment, and was a little surprised at the perseverance in the Japanese girl's eyes and the trace of persistence in her expression.

After a while, he gave her a thumbs up from a long distance away.

After a few seconds, he spread out his thumb-gesturing hand, waved at Nanako, and then turned and left.

Seeing Marven's back, Nanako was shocked.

But recalling the thumb that Marven had just gestured to her, she felt a sweet feeling in her heart.

Chapter 1432

The referee took the microphone and said: "Now I announce that the winner of this game is the Japanese player, Nanako!"

"Today's game was really exciting. No one wanted to end it. The two winners from both sides of the ring turned out to be directly qualified for the finals by winning with one move!"

"Among them, Ms. Aoxue of China, after defeating Joanna of Brazil in the last match, once again performed the shocking show of winning by one blow. The reality is breathtaking!"

"In addition, Ms. Aoxue, will also compete with Ms. Nanako in the finals the day after tomorrow!"

"The losers of the two games, Ms. Victoria of Australia and Ms. Michelle of the United States, will compete for the third place, so stay tuned!"

The audience was extremely excited!

Unexpectedly, the Chinese player was able to reach the finals all the way, and she performed impeccably in both games. She was simply the biggest dark horses in this game!

What's interesting is that the two female players who advanced to the final are both Asian players, and they are both very beautiful and exquisite beauties!

Needless to say, Aoxue's hot toned figure is simply superb in the eyes of men.

And Nanako is as gentle as water and extremely soft, which forms a great contrast with her strength, and is the object of all men's fascination!

These two top beauties compete for the championship, and the championship game will be very beautiful!

In the audience, Jiro was so excited!

He never dreamed that the two games would end so beautifully.

There is no doubt that this top 4 competition has pushed the heat of this game to a new peak.

Then Kobayashi's Weisan will soar into the sky with it!

When Marven walked out of the gymnasium, Aoxue also changed into plain clothes and walked out with her father and younger brother.

When she saw Marven, she was excited to come forward and talk to him, when she suddenly discovered that a large number of reporters had emerged around her, surrounding her to a point.

Aoxue is now the most concerned object in Wresvel. Of course, the reporters can't wait to interview her in depth.

Aoxue was besieged by the reporters, and suddenly became a little anxious, so she was a little absent-minded to ask the reporters' questions.

At this moment, Marven saw this scene and sent her a WeChat message and said to her: "Aoxue, please accept the interview with the TV station. This is good for you in the future. I have something to do first. So I will leave."

Aoxue saw this WeChat and looked out of the crowd with her feet in her arms. She saw that Marven had already gone far, and she couldn't help feeling a little disappointed.

But when she thought of what he had just told her on WeChat, she obediently put away her mind and patiently answered the reporter's question.

At this moment, Marven had just arrived in the parking lot and saw Zak Chen's Rolls Royce, parked in front of his old man's BMW.

Seeing Marven coming, Zak Chen hurriedly got out of the car and said respectfully to Marven: “Master I have brought the cosmetics you want. It is in the trunk. Open your trunk and I will put it directly for you.”

“Well, you can help me put it in the car.”

Marven said, took out the BMW car key and opened the trunk directly.

Zak Chen also hurriedly opened the trunk of the Rolls-Royce and took out three huge and luxurious gift boxes from it. This gift box is very valuable at first glance. Even the luxury brand Hermès, which starts at hundreds of thousands, may not be comparable in packaging with it.

Chapter 1433

The size of each gift box is comparable to a business suitcase, and the whole is in black and gold tones, which is luxurious and low-key and calm.

Marven couldn't help being curious: “Why is this box so big?”

Zak Chen hurriedly explained: “Master the gift set I chose is the most complete and most expensive one in the range. The price is 388,888. It contains all their products, and their most classic face creams and eye creams are all in the largest quantity.”

Marven nodded: “Thanks for your hard work.”

Zak Chen hurriedly said, “Master this should be all!”

Marven gave a hum and said, “By the way, Mr. Zak Chen, I am going to Orgeyon next week. Wrestrvel will be left to you and Mr. Orvel, especially my wife. You must send someone for secret protection. The Wu family is still lingering, I guess they are still unwilling to give up.”

Zak Chen exclaimed: “Master are you going to Orgeyon? Are you going back to Ye's house?”

Marven shook his head: “I have no plans to go back to family now.”

Zak Chen asked in amazement: “Master please forgive me to speak up. Why are you going to Orgeyon this time? If you don't return to Ye's house, then you must be careful of Delon from the Kevin family! I heard that after the operation, he is resting in bed at home for half a month. He hates you for getting into the bone!”

“Hate me to my bones?” Marven sneered: “A young master from the Kevin family dared to bark in front of me. I have my own serious business to do when I go to Orgeyon. If he doesn't have eyesight, he dares to come. If he messes with me, then I won't make him feel better.”

Zak Chen asked again: “Master should I inform the family so that they can receive you there, which can also provide you with some convenience.”

“No need.” Marven said, “I don't want the Ye family to know this time, so you have to keep it secret for me.”

“OK, Young Master.”

Marven nodded and said, “Old man, I want to ask you one thing.”

Zak Chen hurriedly said, “Master please do not hesitate to ask.”

Marven asked, “Do you know what happened to my parents how the death happened back then?”

Zak Chen said embarrassingly: “Master when your parents passed away, I hadn’t worked in the Ye family. I was studying at the time. After graduation, I applied for a company under the Ye family, and then I was gradually promoted to the spokesperson in Wrestvel. The matter of your parents was absolutely forbidden to discuss in the Ye family at that time. People who were older than me were silent about it at the time, so I did not follow up on the details.”

Marven frowned and nodded lightly.

From this point of view, there must be hidden secrets about what happened to the parents back then, but this may be highly confidential in the Ye family, and as Zak Chen’s identity, it is still difficult to touch.

So he didn’t ask any more questions, just told him: “Mr. Zak Chen, just remember our conversation just now, remember not to talk to anyone, if the Ye family asks about it, absolutely you can’t disclose it.”

Zak Chen looked terrified and blurted out, “Master don’t worry! I will never reveal a half word to the outside world!”

If this matter was placed before Marven slew the Eight Heavenly Kings at the foot of Changbai Mountain, then Zak Chen would naturally prefer the Ye family in his heart. Marven was just a young master living in the Ye family, and the Ye family talent was his master.

But when he saw Marven’s powerful supernatural powers at the foot of Changbai Mountain, he made up his mind in his heart and bowed his head to worship Marven in this life!

In other words, in the eyes of Zak Chen now, he has only one master, and that is none other than Marven.

If Marven asked him to draw swords against the Ye Family, he would follow suit without hesitation.

.....

Farewell to Zak Chen, Marven drove away from Wrestvel Stadium alone.

Instead of going home immediately, he called his old father-in-law and asked him, “Dad, where are you?”

Dave grinned and said, “Good son-in-law, I am a senior at university. Our lecture was very successful. Now everyone is eagerly discussing it. You know, the atmosphere is really great!”

Chapter 1434

Marven nodded and smiled, and asked him, "Is Aunt here?"

"Of course!" Dave smiled and whispered: "Your Aunt is sitting next to me, and I'm teaching her how to feel Yan Zhenqing's writing!"

"Yes, dad!" Marven said with a smile, "have you studied Yan Zhenqing?"

"Of course." Dave said cheerfully: "I didn't only study Yan Zhenqing? I have researched many other!"

Marven smiled and said, "Okay, I have to learn more from you another day."

Then he said: "By the way, Dad, I have already got the skin care products you want, I will send them to you now and take them home. If mom finds out that there is an extra set, it will be difficult to handle."

The reason why Marven asked Zak Chen to prepare three skin care products was because he felt that in addition to rewarding Elaine, he naturally had to prepare a set for his wife Avella, and Dave also wanted to give a set to Meiqing.

However, if he took all these three sets home, in case Elaine sees that in addition to Avella's set, she would definitely find a way to take possession of the remaining two sets.

Therefore, first take out the set that the old father-in-law is going to give to Meiqing, so as not to have many dreams at night.

Just now the Old Master is with Meiqing, this opportunity couldn't be better.

When Dave heard this, he immediately said excitedly: "Oh my dear son-in-law, you are really capable! I just said this in the morning, and you can get it done so quickly. The efficiency is really amazing!"

Marven smiled indifferently: "It's just a small matter, it's nothing, you wait for a while, and I will pass."

Dave hurriedly said, "Then you will call me at the gate of the University, and I will come down."

"Ok!"

Ten minutes later, Marven came to the gate of Wrestvel University for the Aged.

Pulling the car over and parked it steadily, he called Dave.

Soon, Dave ran out, leaned to the window and asked with a smile, "Good son-in-law, where are the skin care products?"

Marven got out of the car, opened the trunk, took out a gift box from it and handed it to him: "Dad, this is it, you can take it."

Dave took the gift box and exclaimed, "Oh, so big and heavy? How many things are there?"

Marven said: "There are probably more than a dozen products, all of which are in the same series and have everything."

Dave nodded: "If the portion is so large, selling for hundreds of thousands is not too expensive."

Marven smiled and said, "This is not more than a hundred thousand, this is the most expensive suit in this brand, the price is 388,000!"

"Holy...!" Dave's eyes were about to fall on the ground: "Just such a gift box, nearly 400,000? This d*mn sum of money is enough to buy a BMW, and it is a 5 series BMW! Buying an Audi a6 is enough!"

Marven nodded: "It's really enough."

Dave smacked his lips and said, "Oh, such expensive cosmetics, Elaine stinky lady is not worthy of use! Hey, I say my son-in-law, why don't you take this set and give her a set of more than 100,000? It can save you two hundred thousand!"

After a pause, Dave persuaded: "These two hundred thousand, just use it for anything, not better than spending it on Elaine? Let's buy a few antique calligraphy and paintings to hang at home, which can set off our home in a compelling style of the scholarly family which I can continue to appreciate, isn't it good?"

Marven said jokingly: "Well, it's better to return this set and spend thousands to buy a set of high imitations, which can save 38,000."

As soon as Dave heard this, he slapped his thigh suddenly, and blurted out: "Good son-in-law, this is a good way! Take this set back, give her a fake, I'm sorry for her!"

Chapter 1435

Marven knew that Dave was dissatisfied with Elaine's loss of 11 million.

These dissatisfactions have been accumulated over the years in the married life.

Especially after Meiqing returned to China, the Old Master saw that Meiqing was stronger than Elaine, and his dissatisfaction became even stronger.

He even wanted to divorce his mother-in-law Elaine, but Elaine didn't give him this chance, so he naturally didn't like Elaine now.

However, he was so careful that, in Marven's view, he really couldn't make it to the stage.

It's just a set of cosmetics, and it would be too embarrassing to get a fake set of fools on Elaine.

It doesn't matter if Elaine found out. If Avella, his wife, knew that he got fake skin care products for her mother, then she would definitely feel a little bit dissatisfied.

So he said to Dave, "Dad, don't worry about this, and quickly send this product to Aunt."

Dave nodded and said, "By the way, Marven, I won't go back for dinner at night, and I happened to have dinner with the senior college."

Marven replied: "Okay, then I will go back first."

Afterwards, Marven drove back to Tomson's alone.

As soon as he drove the car into the yard, he saw his wife Avella's car had been parked at home.

It seems that she has already finished work.

Marven parked the car and walked into the house with two sets of skin care products. Elaine was sitting cross-legged on the sofa in the living room watching TV. Avella had just washed some strawberries picked from vegetable garden and brought them out of the kitchen.

Seeing Marven, Avella asked him, "My husband, where did you go? You went out early in the morning and came back so late."

Marven raised the two gift boxes in his hand, and said with a smile: "Didn't I go to get skin care products for you and mom? I also showed them Feng Shui by the way."

In fact, Marven didn't want to lie and deceive Avella.

It's just that there are too many secrets hidden in him, and he can't tell her for the time being.

Therefore, he must have a reasonable reason to explain the origin of these two sets of cosmetics.

Now that he's in front of his family, he has to set up himself as a person who can show others Feng Shui, so simply set this person to the end.

Seeing that he had come back with two sets of caviar skin care products, Avella blurted out and exclaimed: "Did you really go to show others Feng Shui for cosmetics?"

Marven smiled slightly: "I don't want to exchange two sets, prepare one for you and mom, and let you use this top skin care product."

Avella was about to speak, Elaine jumped up from the sofa with excitement, ignoring wearing slippers, ran over barefoot and limping, and said with excitement: "Oh, my good son-in-law. , Did you really get that caviar skin care product for mom?"

Marven nodded, and handed her one of the gift boxes.

Elaine took the gift box over, without saying anything, just sat on the ground, and opened it excitedly.

After opening it, seeing the huge gift box filled with all kinds of cosmetics, she became ecstatic and said, "d*mn! So many things?! This...this will be the most expensive in their company. That luxurious suit, right?"

Marven nodded and smiled: "Mom is quite eye-sighted, this is indeed their most expensive suit."

Elaine's eyes flashed with excitement, and even a little trembling said: "Oh God! this is really the top platinum suit?! God! This set costs nearly four hundred thousand, right?"

Avella on the side was dumbfounded and asked, "Four hundred thousand?! Why is this thing so expensive?!"

Elaine immediately said: "You don't understand! The most basic suit of this brand costs more than 100,000, and the most expensive is this platinum suit! No, I have to take a picture for the circle of friends to show off!"

After speaking, she immediately jumped back to the sofa with one foot and took out her mobile phone.

Chapter 1436

Avella pulled Marven aside and said with some complaints: "Mom just said casually in the morning, why did you really buy her such expensive skin care products...a set of 400,000, which is too scary. Now, why are we such a family..."

Marven smiled and said, "Isn't there a special channel, you don't need to care too much."

Avella whispered: "I'm afraid that mother will look for this in the future. If she keeps asking you to buy her such expensive skin care products, what can you do?"

Marven smiled slightly: "No, haven't you noticed that your mother has converged too much now? Just consider it as a reward for her converging during this period of time, so that she can converge even more in the future."

Just as he was talking, Elaine had already used her mobile phone to take a small video of Moments, and said excitedly: "Look at the two sets of caviar skin care products my good son-in-law bought me. They are all platinum suits, the two sets add up to at least more than 700,000!"

When Marven heard this, he immediately said, "Mom, these two sets are not for you, you and Avella have the same!"

"Ah?" Elaine said distressedly: "How young is she at first, she is naturally beautiful, and I can't find a wrinkle on her face. Why does she need to use this anti-aging skin care product now! Moisturizing is actually enough!"

Marven immediately resolutely said: "No, it is originally the two of you each with one set, you can't take the Avella set as well."

Elaine still feels 10,000 times reluctant, but now she dare not yell at Marven.

Stop clamoring, even if she talks back, she dare not.

So she can only nod angrily: "Well, mom listens to you, and Avella and I have one set of these two sets of skin care products!"

Avella said: "I can't bear to use such expensive things..."

Elaine's eyes lit up, and she was about to say you are reluctant to use it. Marven took the words and said, "My wife, if you are reluctant to use it, then I will withdraw both sets."

"Hey, don't!" Elaine panicked, and said hurriedly: "Avella, this is Marven's intention. You are not allowed to be a donkey liver and lungs!"

Avella wanted to say something, Marven picked up a set, handed it to her, and said seriously: "If your husband gave you something, you can use it with confidence! When it's used up, your husband will buy it for you again!"

Avella felt Marven's deep love for her, and she felt sweet in her heart, and finally nodded and agreed.

Seeing this, Elaine said excitedly: "I have to go back to the room to wash my face, and then use it first, I can't wait to feel it!"

After speaking, she took the cosmetics and took the elevator to the third floor.

Avella looked at her back and sighed helplessly.

It seems that my mother's vanity-loving character cannot be changed in this life.

However, the current mother is not without improvement, at least she treats Marven better than before, and at home is not as aggressive and taunting as before, and the home environment is therefore much more stable.

At this moment, her mobile phone suddenly received a call, and it turned out to be her mother Elaine.

"Hey mom, what's the matter?"

Elaine said anxiously, "Avella, come to my room! Come by yourself, don't let Marven follow!"

"What's the matter, mom?"

"Say it when you come!"

Avella had no choice but to say to Marven, "Mom is asking me over."

Marven didn't think too much, and nodded gently.

She took the elevator to the third floor and came to Elaine's room. As soon as she reached the door, she was pulled in by Elaine. Then she immediately locked the door and said nervously, "Good girl! I doubt it. Marven cheated!"

"Ah? Derailed?" Avella frowned, "Why?"

“Why?” Elaine immediately took out a shopping receipt and blurted out: “Look at this! This receipt shows that Marven bought three copies of the same platinum suit, so why did he only get two back?! more What about the one that came out? It must be given to a v!xen outside!”

Chapter 1437

Avella instinctively didn't believe what her mother said.

She felt that Marven was sincere to her, how could he be derailed?

So she seriously said to Elaine: “Mom, you think too much! Marven can't be cheating!”

“Impossible?” Elaine raised her eyebrows, and asked, “Then tell me why Marven bought three sets of skin care products? And only one set was brought back. Where did it go?”

Avella said: “Maybe it was bought for a friend.”

“Friends?” Elaine said with a look of hatred as strong as iron and steel, “It's just that a brainless person like you will believe it! This kind of thing is obviously bought for a woman. You said he is an orphan and doesn't have a mother. No relatives, except for the v!xen, who else would he buy it for?”

Avella's expression was also a little unnatural.

She knew that what her mother said was not without reason.

Marven really has no relatives and no female friends in the local area, so who did he buy the extra set of skin care products for?

Could it be Warnia, the daughter of the Song family?

In the impression, that woman seemed to be a little different to her husband.

However, Avella couldn't believe that Warnia was the eldest of the Song family after all, and she had just become the head of the Song family not long ago. Her status is extremely honorable. In Wrestvel, or even in the whole province, I'm afraid she can't find any stronger woman than her.

And her husband is a married man, so from a common sense, a woman like Warnia will most likely not have a special relationship with her husband.

However, the receipt in her mother's hand clearly shows that this order does include three sets of skin care products, and who is the other set for?

Just when Avella was lost in thought, Elaine hurriedly asked her in a low voice: “Girl, tell your mom, where are you now with Marven?”

Avella subconsciously asked, “Where?”

Elaine hurriedly said: “It's those things between men and women! Mom won't go around with you, did you give Marven your b0dy?”

Avella's face turned red in an instant, and she said falteringly: "Not yet."

Elaine suddenly exploded: "Ah?! Not yet?! Are you stupid! Until now, you are still holding on to him. What are you waiting for?"

Avella lowered her head and said embarrassedly: "don't know, I just think the situation between us is very delicate. At the beginning, we got married at the request of grandpa, so I never went there."

Elaine immediately said seriously: "Girl! You are stupid! A man has needs, you can't always satisfy him, then what if he turns his head to find someone else? Marven is also worth over 100 million. Man, don't know how many coquettish b*tches are lining up to come next to him!"

Speaking of this, Elaine said hurriedly: "Listen to your mother's advice, hurry up and find a chance to take Marven down. It is best to conceive a child as soon as possible, otherwise one day Marven lets the fox go away. At that point our family is over!"

"Also, don't forget, this villa belongs to Marven! If he changes his mind and wants to divorce you, wouldn't he want to drive us out? I tell you, I don't want to go back to death. The old house in the past, this Tomson first-class villa, I will never leave!"

Avella is even more embarrassed

Chapter 1438

It is not that she has not considered this issue, but because of her personality, she has always been a little scared and shy, so she has never taken the initiative.

However, now listening to what Mom said, she couldn't help but feel a little nervous.

Elaine sighed and sighed: "Hey, I used to look down on Marven in various ways. I always thought he was a Rubbish. But now, if you look at it, this guy is still a little capable. Look at how many big people he make fool of. This is an ability! Look at this large villa of more than 100 million. It is refreshing and awesome to live in. If he increases his ability in the future, he may be able to fool a Maldivian island!"

"This" Avella said awkwardly: "Mom, don't you daydream all day long."

Elaine said solemnly: "Dreams still have to be there! Because it might happen suddenly one day!"

As she said, she hurriedly said in a low voice: "You, hurry up and tell Marven the truth about the husband and wife, and also have to find a chance to ask, who is the person the skin care product he bought for? You must not take it lightly. If Marven really has the idea of cheating, it must be killed in advance! If he has cheated, he must be brought back first!"

Although Avella was a little nervous in her heart, she still said very seriously: "Mom, don't make any guesses here. I believe Marven's personality will not be what you think."

"Hey, kid, it's always good to be cautious!"

Avella faltered and said, "Oh, I won't tell you anymore, I will go down first."

Elaine hurriedly grabbed her, stuffed the shopping receipt into her hand, and said, "Hold the evidence, and you must ask Marven when there is an opportunity!"

Holding the small ticket, Avella turned and ran out.

Marven was sitting on the sofa on the first floor, watching TV.

On TV, there are overwhelming reports of Sanda matches.

The dark horse Aoxue naturally attracted countless attention and made Chinese audiences feel extremely proud.

But the performance of Japanese player Nanako also won the audience's admiration and applause.

At this time, the TV announcer said: "It is reported that Nanako is not only an outstanding young fighter in Japan, but also a top student of the University of Tokyo. Her family, the Ito family, is one of the top four families in Japan. One, it can be said to be a super charming, rich and beautiful born with a golden key, but who can think of such a super charming, rich and beautiful, not living a luxurious life, but becoming a strong and hard-working fighter!"

Marven couldn't help but sigh secretly when he heard this.

He really did not expect that Nanako would still be the eldest lady of Japan's top family!

At this time, through the high-definition close-up shot taken by the camera, Marven saw the scene of Nanako being repeatedly attacked by American player Michelle, and saw her delicate and cold face being injured by Michelle, but her eyes were extremely firm. He couldn't help but feel a touch in his heart.

I have to say that Nanako's character is really appreciated by him.

Strong, but not awkward, with a tough personality, and knows how to forbear and dormant.

At a certain moment, he even felt that Nanako was somewhat similar to himself!

This made him sigh from the bottom of his heart that if such a good girl is not of a foreign nationality, he was really willing to accept her as a disciple and let her go further in the martial arts.

It's a pity that the nationality and blood of Nanako are here. Marven firmly believes in the words of the ancestors: If you are not of my race, your heart must be different!

Chapter 1439

When Marven was watching TV, Avella stepped up to him.

Seeing him watching TV, she sat down beside him.

Afterwards, she hesitated for a moment, and asked him in a low voice: “Marven, I ask you one thing, you must answer me truthfully and don’t lie to me.”

Marven nodded: “My wife, please ask.”

Avella passed the shopping receipt in her hand to Marven and asked, “Why are there three sets of skin care products written on it? It’s not that I don’t trust you, but I just hope you can explain the situation to me.”

Marven was stunned when he saw the shopping receipt, but quickly realized that it must have been placed directly in the gift box after Zak Chen bought the products.

So he looked around and saw that Elaine hadn’t come, he whispered, “I’ll tell you the truth, my wife, that set of cosmetics is actually what Dad wanted.”

“My dad?” Avella asked dumbfounded: “My dad is an Old man, why does he want this top-notch skin care product?”

Marven smiled awkwardly, and said, “I shouldn’t have told you, but after all, you are my wife, and I certainly can’t lie to you, but you have to promise me that if I tell you, you must never go to dad to confront him.”

Avella gave him a white look: “If you don’t let me go to confront my dad, what if you want to lie to me? What if you let dad be your backer?”

Marven said hurriedly: “Do you think that your husband is that kind of person? I have always done things with the courage to do things, how can I let Dad take care of me?”

Avella nodded: “Okay, then I promise you, you can tell, what is going on?”

Marven explained: “In the morning, Mom said she wanted this brand of skin care products, and I agreed at the time. Then when I drove away with dad, he asked me if I could do more. Saying that he want to give it to Aunt Meiqing.”

“Aunt Meiqing?!” Avella exclaimed: “That his first love, Meiqing?”

“Right.” Marven smiled: “Apart from that, who else is Aunt Meiqing?”

Avella said angrily, “Is my dad still in touch with her?! Mom was missing at the time. I didn’t say anything when he met Aunt for dinner. Mom is back. How can they both? Where is the lotus root broken?”

Marven said: “For this kind of thing, the best thing for us to be children is to leave it alone, after all, parents are separated now.”

“Hey” Avella sighed: “Even if you are separated, you still haven’t got a divorce. If you don’t have a divorce, you must be loyal in your relationship!”

Marven shrugged: "You don't know the situation of Mom and Dad. The relationship between them is different from that of ordinary couples, so..."

Avella believed that Marven was not deceiving her, and she felt helpless, and said, "If Dad asks you for something and gives it to Aunt, you must not agree to it, and we will treat him or not. We definitely cannot help the abuser."

Marven immediately agreed: "OK wife, I know! Don't worry!"

Chapter 1440

At this moment, Wrestvel People's Hospital.

When Nanako was visiting Mr. Kazuki Yamamoto, he heard the news that in today's match, Australian athlete Victoria, who was defeated by Aoxue, was also receiving treatment at Wrestvel People's Hospital.

Koichi Tanaka specifically went to inquire about it and told her a result that shocked her.

It turned out that in the game, Victoria was kicked by Aoxue and broke the arms of both hands. Now she is put in a plaster and officially announced that she will withdraw from the third place competition the day after tomorrow. She handed over the third place title of this game to Nanako's team. Michelle defeated.

Moreover, Victoria not only withdrew from this competition. And there is a great probability of complete retirement.

Because for a Sanda athlete, the arms are very important. After the arms are broken, it is difficult to recover even if they recover.

For a professional athlete, the impact may be lifelong.

It is very likely that she will ruin her career.

Nanako was stunned by the news.

She knew about Victoria, injured both arms in the game, but she didn't know that Victoria was injured so badly.

Victoria is also a top-level Sanda player, but Aoxue kicked her arms off, which proves that Aoxue's physical strength and stamina are far beyond what normal people can match.

Although Nanako is stronger than Victoria, she is strong in skills and experience, but her physical fitness is even slightly worse than that of the tall Victoria.

Even Victoria couldn't resist Aoxue's blow, so when she faced her the day after tomorrow, she is afraid it would be very dangerous.

After listening to this, Yamamoto Kazuki couldn't help but sighed and said, "Nanako, according to my opinion, you should abstain from the game the day after tomorrow."

Nanako asked in surprise: "Master what do you mean? Why do you want me to abstain at this time? Didn't you say that the real strong will never surrender without a fight?"

Yamamoto Kazuki sighed: "That's just a normal situation! But now you have also seen that Aoxue is extremely strong. If you fight against her, you are most likely to be seriously injured. Then, you won't just lose a game. In the game, you lose your entire career!"

Nanako pursed her mouth and murmured, "But if I retreat without a fight this time, what face will I have to continue practicing martial arts in the future? Isn't there an old saying that I know that there are tigers in the mountains, and so I go to the mountains?"

Yamamoto Kazuki eagerly said: "There is an old saying! It is called staying in the green mountains, I am not afraid that there is no firewood! If you are really seriously injured, your future career may be abandoned!"

Nanako resolutely said: "Master I finally made Marven look at me with great difficulty today. If I give up the game, he will despise me, so I will not escape, on the contrary, I must try my best in the finals. If I go forward, even if I must lose, I will lose with dignity!"

Yamamoto Kazuki sighed heavily: "Hey! If Marven is willing to accept you as a disciple, everything is easy to say, but his current attitude is that he is unwilling to accept you. Even if you show up in front of him, Okay, so what, in his eyes, you are a foreigner, an alien!"

"It doesn't matter." Nanako smiled slightly and said softly: "It doesn't matter whether he accepts me as a disciple, I just don't want to be looked down upon by him!"

Yamamoto Kazuki understands Nanako and knows that her current attitude is very determined, and she can't change her decision.

So he looked at Koichi Tanaka next to her and said, "Tanaka, on the court at that time, if Miss Ito is injured, you must throw a towel to the referee in time, understand?"

Hiroshi Tanaka was about to nod, and Nanako scolded with a cold face: "Tanaka! You must not lose your towel at that time! In this game, I can accept any defeat, but I just don't accept the initiative to give up!"
