

## The Amazing Son In-law chapter 1441-1450

### Chapter 1441

Dave did not eat at home tonight.

According to him, it was dinner with a few leaders of the Calligraphy and Painting Association and a few key members of the senior university fellows.

It was just after nine o'clock that he called Marven.

When Dave called, Marven was watching TV with his wife in the living room.

Elaine, the mother-in-law, posted a caviar anti-aging mask, lying on the loveseat on all fours, leisurely swiping the short video platform, and muttering in her mouth: The Japanese girl who came to our Wrestvel to participate in the fighting game, she looks really good!"

Marven knew that she was definitely talking about Nanako, and the phone shook without even speaking.

Seeing that it was Dave calling, he put on the phone and said, "Hey, Dad."

Dave's voice sounded a little drunk, and he smiled: "Oh my son-in-law, come to Tianxiang Mansion to pick me up? I drank some wine."

Marven didn't think too much, and said, "Okay, dad, I'll come there."

As he said, he stood up and said, "Mom, Avella, I will pick up Dad. He had a drink with someone from the Calligraphy and Painting Association."

Avella stood up at this time and said, "Marven, let me pick up Dad with you."

Marven didn't think much, nodded lightly, and said, "Okay, then drive your car."

When Elaine heard Dave drinking outside, she said annoyedly: "This old b@stard is getting more and more presumptuous now. Good son-in-law, don't pick him up. Let him roll back by himself. When he rolls back, I will lock the door and won't let him in, let him sleep in the yard!"

Marven shrugged and said, "Mom, you and Dad shouldn't be so unhappy. We all live under the same roof. Even if you are separated, you should get along well."

Elaine looked like a human, and immediately realized that Marven was just talking about her.

She murmured in heart: "Although I and Dave are separated, we still live in Marven's villa. If I have trouble with Dave, Marven will definitely be unwilling. If that happens, I will tear my face with him. It's not worth the loss."

So, she could only put away her anger at Dave, pretending to be disdainful, and said: "Actually, I don't bother to be familiar with people like him. When my legs are healed, I will fill in my teeth, and I will go out to play every day. We two people won't interfere with each other anymore!"

When Marven heard this, he immediately said with a smile: "Okay, respecting each other and not interfering with each other, it couldn't be better."

Elaine looked at Marven and smiled flatteringly, and said, "Good son-in-law, you will have to give mom some pocket money at that time. I am basically penniless now. If I go out to have dinner with friends, take it if I don't pay, don't want to play with me!"

Marven still doesn't know Elaine's careful thinking? All she thinks about all day is money, making faces, playing cards, and being chic.

She has no money, and she doesn't go out to play, because her legs are really inconvenient, and her image has been seriously damaged because of the loss of two front teeth.

When her legs are healed, her teeth will be filled, and she must be thinking about going out every day. If she has no money, she will not know what moths will be treated by then.

However, for Marven, it would be a good thing to send her out if he just give her some money.

So he said lightly: "Mom, when your legs are healed, your teeth will be patched up, and I will give you 50,000 in pocket money a month."

"Really?" Elaine was immediately happy.

50,000 pocket money a month is indeed a lot. When she used to have 2 million in her hands, she was not willing to spend so much a month.

In fact, Elaine's daily expenses are nothing more than playing cards occasionally, shopping with her old plastic sisters, making faces, having dinner parties, singing K, and occasionally buying clothes, skin care products, etc. It costs 50,000 a month. That's more than enough.

#### **Chapter 1442**

She was excited and said to Marven: "Good son-in-law, why didn't mom find that you were so good before?"

Marven smiled without saying a word. He knew that a shrew like Elaine would be able to spend 50,000 a month, and he would have spent money to buy her a long time ago.

Elaine was only thinking about slapping Marven, and deliberately said to Avella earnestly: "Oh, Avella, you see that you are not too young, and you have been married to Marven for almost four years. I want to say, this time for the two of you to have children. Our family of four lives in such a big villa. It's a bit deserted. If there is a child running around, it would be so lively!"

Marven was shocked when he heard this!

OK!

My mother-in-law really opened her eyes when she saw money!

It seems that she has completely bowed to money now!

You know, she had repeatedly told Avella before that she could never have a relationship with him.

Marven still remembered that once, this Old Lady rushed into his and Avella's bedroom early in the morning. It turned out that she had a dream and dreamed that the two of them were married, so she had to confirm it if she was just dreaming or was it real.

On another occasion, Elsa asked his wife to go to a hot spring with her. After hearing this, the Old Lady, in order to prevent him from taking advantage of her, also asked her to not wear bikini and told her to sleep in separate rooms with her.

However, never dreamed that her attitude would have undergone a 180-degree change!

So, he immediately nodded approvingly: "Mom, you are so right! Our family is short of a child! Oh no! Two!"

Elaine laughed and said, "If you want me to tell you, you need three children! When that happens, I will give you children care with all my heart!"

Marven smiled and said, "Mom, I will work hard for you then!"

Elaine hurriedly said: "Oh my son-in-law, why are you and your mom being polite? Isn't it just right for me to see your baby?"

Marven nodded, glanced at Avella who was blushing, and he was happy.

It seems that as long as the money is in place, this Elaine will easily turn to his side!

So, he deliberately said to Elaine with a serious face: "Mom, can't let you work in vain at that time, so let me give you more than 100,000 hard work a month for every child!"

"Oh my god!" Elaine happily sat up from the sofa and exclaimed: "Really?! Give one hundred thousand a month with one child?! Two hundred thousand with two children?"

Marven nodded: "Mom, when Marven speaks, I always say one thing!"

Elaine was so excited, she blurted out: "OK, OK!"

After finishing speaking, she looked at Avella and said excitedly: "Avella, your mother knows an old doctor who has a secret recipe for twins. When the time comes, your mother will buy you a few servings. You can eat them first. Try to have both at one time!"

Elaine knew very well that her pocket money of 50,000 a month was enough for her daily expenses, but if she wanted to upgrade her consumption level, this amount of money would be stretched.

But now it's not the same as before. She lost more than 2 million things because of gambling and couldn't control the financial power of the family. Dave could not give her money, and her daughter would not be willing to give the money to her, and her own hands again are without savings, it is difficult to get extra money.

But if her daughter really gave birth to Marven twins, then her one month's pocket money could rise from 50,000 to 250,000!

Two hundred and fifty thousand!

That can really lead her life like a Queen!

### **Chapter 1443**

Avella didn't expect Marven to launch a money offensive against her mother.

Moreover, she didn't expect that the effect of this money offensive looks really good!

All of a sudden, she was so embarrassed that she wanted to sew in.

At this moment, Elaine saw that she was not talking, and she kept urging her aside: "Good girl, tomorrow I will take you to the doctor and he'll prescribe some medicine?"

Avella was really helpless, and said embarrassingly: "Mom, stop talking nonsense here!"

Elaine said solemnly: "How can this be nonsense? I also want to hug my grandson earlier."

Avella knew that if she didn't leave by herself, she would definitely talk endlessly, so she hurriedly pushed Marven: "Let's go, and pick Dad home."

Marven smiled and nodded, and said: "Then pick up Dad first, let's talk about the twins later."

Elaine echoed from the side: "Yes, yes! I'll talk about it later, I think it's tomorrow!"

Helpless, Avella pushed Marven all the way out of the house.

After going out, Avella pretended to be angry and said to Marven: "Marven, why do you want to tell my mother that..."

Marven smiled and said, "Isn't this the point of rushing here?"

Avella gave him a blank look: "Don't think don't know what bad idea you have made! I tell you, if you want to upgrade, you can honestly rise a little bit, but don't expect to persuade my mother to skip the level!"

Marven said cheerfully, "I don't have this idea! I just feel that our parents are getting older, and they must also want to hug their grandson earlier."

Avella said embarrassedly: "Hold what hug, hurry up and drive!"

Marven nodded, drove Avella's BMW out of the garage, and the two set off for Tianxiang Mansion together.

After the two arrived at Tianxiang Mansion, they saw a few elderly people talking and laughing standing at the door. Dave and Meiqing were standing side by side. Dave was also considered handsome among middle-aged and elderly people, and Meiqing's temperament and appearance was even the top of her peers. The existence, so standing together, it really fits well.

At this time, the two talked and laughed with others, and they looked harmonious and natural.

Meiqing also carried a gift box, which was the same caviar skin care set that Marven gave to Avella and Elaine.

Seeing this, Avella felt very uncomfortable. She asked Marven, "You said my dad won't cheat, right?"

Marven laughed dumbly: "Oh, my wife, where do you want to go? Dad and Aunt are old classmates and old friends. They are just having a party and dinner together. How can they get involved with the cheating.

Avella said nervously, "But don't forget, they are also old lovers! The two of them are each other's first love, and in this situation is the easiest to cheat."

Marven said: "Good wife, this kind of thing is not something we can manage as children. Parents have their plans, so let's not interfere."

At this moment, a Buick GL8 commercial vehicle parked in front of several elderly people. A young man walked down from the car. Marven recognized him at a glance. It was Meiqing's son, Paul.

When Paul got out of the car, he greeted several old people very politely.

At the same time, he handed a gift bag to Meiqing.

After Meiqing took the gift bag, she turned around and handed the gift bag directly to Dave.

Dave was obviously taken aback, and it seemed that he had shirk several times, but Meiqing's expression was very insistent, so he accepted with a little embarrassment.

#### **Chapter 1444**

Marven and Avella were in the car, some distance from them, so they couldn't hear what they were talking about.

However, it can be seen from this meaning that Meiqing should have asked her son Paul to help, and prepared a gift for Dave.

Seeing that the two exchanged gifts, Avella was even more depressed: "Look at Dad and Aunt, they are like ordinary friends, they are like a middle-aged and elderly couple in love!"

Marven nodded lightly.

He had long noticed that the two people still had a deep affection for each other, and Meiqing even named Paul Han Mukun in Chinese, which shows that she has never forgotten Dave in her heart.

As for Dave, let alone, after being oppressed by Elaine for so many years, they didn't know how much he missed and yearned for Meiqing.

If Elaine had been evaporated directly when she stole his bank card, then Dave might have reunited with Meiqing now.

At this time, Avella couldn't stand it, and said to Marven: "You press the horn twice to remind Dad, otherwise he can talk for another half an hour."

Marven nodded and honked the horn. Dave looked over and recognized Avella's car. He thought that Marven had come to pick him up. He waved at the car with a smile on his face, and then reluctantly said to Meiqing: "Oh, Meiqing, my son-in-law came to pick me up, so I will go back first."

Meiqing smiled and said softly: "Tell me when you get home, so I don't worry about it."

"OK." Dave smiled contentedly.

Avella took advantage of Dave's turn to talk to Meiqing, and said to Marven: "Dad probably doesn't know that I am also here. I'll go and sit in the back row."

With that, she pushed the door and got out of the car, then got into the back row.

She knows Dave's car habit, he likes to sit in the co-pilot the most, so as long as there is no one in the co-pilot, he will definitely get in without hesitation.

And the reason she wanted to hide in the back row was because she felt that Dave had a drink, and he wouldn't be able to look back later. Seeing Marven driving over, he must have opened the passenger car door and sat in.

As predicted.

Dave greeted Meiqing and the others, and ran over and came to the front of the car. Without hesitation, he opened the passenger door directly, sitting in and singing in his mouth: "I smile smugly, smile smugly..."

After singing, he smiled and said to Marven: "Good son-in-law, you have to come here to pick me up."

Marven said, "Dad, why are you polite to me?"

“That’s right!” Dave patted Marven’s arm, and said gratefully: “Thank you for the set of skin care products you prepared for Dad today. You Aunt likes it very much! Oh! This may be my gift for her in my life. The most expensive gift.”

After that, Dave couldn’t help but sighed: “Hey...I really owe you too much...”

Marven heard him talk about Meiqing directly, and was still sighing with emotion, but he didn’t know that his daughter Avella was sitting in the back row!

Thinking of this, he hurriedly winked at Dave to remind him that there was someone behind him.

Dave was dizzy when he was drinking. How could he have this sensitivity. While urging Marven to drive, he put the gift bag in his hand on his lap, and said with joy: “Your Aunt secretly asked Paul to buy me a gift. Here you see, this is it, I can open it firmly, I will open it and see what it is.”

Marven had no choice but to say, “Okay,dad, I will try my best to be more stable, but you must be careful too!”

When he said this, Marven didn’t forget to remind him to be careful behind him with his eyes.

Dave didn’t know what Marven meant, and while unpacking it, he said seriously: “This is a gift from your Aunt. Of course I will be careful. I can break myself, but I can’t touch this thing broken!”

#### **Chapter 1445**

Dave thought that he and Marven were the only two in the car, and Marven was not only his son-in-law, but also his most trustworthy person.

Therefore, he was almost unguarded against him, and he was not afraid that would mind about those things with Meiqing.

At this time, while unpacking the package, he sighed: “Oh, my dear son-in-law, don’t you know how popular your Aunt is now in senior colleges? Those who like her are from 30 to 40 years old. From young to 60 or 70 years old, the number of suitors can’t be counted! If your dad, I don’t pay close attention to it, I’m afraid the situation will be bad.”

Marven hushed awkwardly, and switched the subject away and said, “Dad, don’t you drink less at night, or stop talking, close your eyes and rest for a while.”

“How do you do that.” Dave said immediately: “I haven’t seen what your Auntie gave me.”

With that said, the outer packaging has been opened by him.

Seeing the box inside, he couldn’t help exclaiming: “I’m going dizzy! It turned out to be a Rolex!”

Marven listened and glanced subconsciously, and found that there was a Rolex watch in the box.

Dave picked up the watch carefully, looked at it, and exclaimed, “This is the very popular green water ghost, isn’t it? It shouldn’t be a one hundred and eighty thousand?”

Marven glanced at it and said with a smile: "Dad, you are too ignorant... this is not a green water ghost, this is a gold watch."

"Gold Watch?" Dave frowned and said, "don't know anything about watches. I heard people say that Rolex Water Ghost is very valuable. You said it is Gold? How much is it worth?"

Marven said: "The price of Rolex has risen sharply recently. This piece is probably between 350,000 and 380,000!"

"Mom, it's so expensive?!" Dave's tone changed a little, and he blurted out: "A watch worth nearly 400,000, this is too scary."

Marven said indifferently: "Dad, the set of skin care products you gave Aunt is about 390,000. It will be gone after a period of time. If this watch is well maintained, it will not be a problem to use it for decades. It will increase in value in the future, for example, the green water ghost, which used to be able to buy 50,000, now has 100,000 price tag."

Dave nodded repeatedly, touching the watch and couldn't put it down!

This was given to him by Meiqing, and it was of great significance to him.

He put the watch on his wrist, carefully examined it, and said happily: "Oh, this watch is so beautiful that the more you look, just say you Aunt loves me more. For someone else, who is willing to give me such an expensive watch? My mother is reluctant, Marven, don't you think?"

Marven said embarrassingly, "Haha...Dad, if you drink too much, better take a rest first."

"What are you asking me to rest for?" Dave said, "I have to take a few pictures with my phone and send it to Aunt to show her how good her vision is."

As he said, he immediately took out his cell phone.

As soon as he took out my phone, the phone rang. Dave couldn't help but muttered: "Oh, it is from Avella, Marven, don't talk nonsense. If she asks later, you can't let her know that I am talking to you about Aunt and we ate together."

#### **Chapter 1446**

Marven stretched out his right hand to cover half of his face, he really didn't know how to respond to this stupid Old man.

At this time, Dave pressed the answer button, and said in a casual way: "Hey, Avella, I have come back with Marven."

Just listen to Avella's angry voice from the back seat: "Dad! You really disappointed me!"

Dave let out a terrified cry. The phone fell off his hand and fell into a gap.

He didn't care about picking up the phone, and looked back at Avella in horror: "Cla...Avella????  
You...Why are you in the car?"

Avella asked angrily: "Why can't I be in the car? If I'm not in the car, would I know that you have derailed!"

Dave suddenly seemed to be stepped on his tail, and blurted out, "Oh, don't talk nonsense, when did I cheat?"

Avella said: "You and that Aunt are already at the point where you can send such expensive gifts to each other, and you are carrying your mother on your back, dating and having dinner in private. What is this if not cheating?"

Dave hurriedly said, "This is not a derailment! Aunt and I are very respectful, and have never crossed line for half a step. Besides, your mother and I are separated and have no feelings. Divorce is a matter of time, even if I do is really cheating, that can't be called cheating, that's the beginning of a new relationship!"

"You...you..." Avella's angry little face flushed, and her eyes were tearful and said, "How can you do this! I always thought you are a good father and husband. But I did not expect that you have become so excessive now. You have been with mom for more than 20 years. For more than 20 years of ups and downs, even if there is no love, family affection is always there, right? You must at least give mom at least Your respect!"

Dave explained: "I didn't disrespect her. If I disrespect her, I would have reconciled with you Aunt. It is because I respect her that I have to divorce her formally, and then just follow your Aunt and be together!"

Avella cried and asked, "Why do you have to divorce my mother and be with that Aunt? Do you know that this practice is immoral? Does that Aunt know that being a third party, that it is immoral to get involved in someone else's marriage?!"

Dave was also anxious, and blurted out: "Your Aunt is not the third party! Your mother is the third party!"

Avella was stunned: "Dad, what are you talking about?!"

Dave said coldly: "I'm not talking nonsense! I should have been with your Aunt! Back then, if your mother was not involved in as the third party and took me to the guest house to open a room after I was drunk, how could your Aunt leave me?"

After that, Dave was very excited and continued: "Avella, do you know how shamelessly your mother was doing things back then? She and your Aunt were roommates and best friends! And me? I was her best friend's male partner. Friend! But she actually had s3x with me while I was drunk, and even ran to show off with your Aunt, forcing your Aunt to leave the country back then, and then forced me to marry her by getting pregn@nt with you, she is the third party who has no morals!"

When Avella heard this, she was completely stunned!

She heard from her mother that Dad had a first love back then, but when Mom talked about that first love, she always said that he was a virgin, but she never explained what happened between them.

Therefore, she has always thought that her parents are in love together normally, but there was a short wave in the middle.

However, after hearing what dad said today, she realized that it turned out that it was the third mother who got involved in the relationship between dad and other women...

This completely overturned her understanding of the feelings and love between her parents over the past two decades...

### **Chapter 1447**

Just when Avella was dumbfounded and didn't know how to respond for a while.

Dave, who was in the co-pilot, was so aggrieved that he burst into tears and choked up: "Back then, your mother and I could say that we had no emotional foundation. To speak a conscience, I even talked to her before getting drunk that night. I haven't said a few words. You should be able to see that your Aunt is much better than your mother in all aspects. It is impossible for a normal man to give up your Meiqing and choose your mother. I was totally forced to be helpless!"

With that said, Dave looked out the window with a sad look, and said with a bit of pain: "At the beginning, I had planned the life after graduation with your Aunt. We were going to study in the United States together after graduation. You should know that it was very popular to go abroad those years, everyone sharpened their heads and drilled out. What we both thought at the time was that if the development in the United States is more appropriate, then we will get married and settle in the United States, and then we will have a high-end talent immigrant life. The plan was very clear, it can be said to be bright..."

"But, what's the result? As a result, because I drank too much wine at the party, your mother took advantage of it and forced your Aunt away, ruined my life's happiness, and ruined all my life plans!"

"Why haven't I been motivated and confused for so many years? I stay at home all day long, and I can't see the appearance of a famous university graduate? Isn't it because your mother ruined my life trajectory at the beginning, I lost the direction and motivation to work hard!"

Having said this, Dave's emotions could no longer be stretched, and he cried loudly: "This is only in my life. If it is ruined, it can no longer be remedied. What about you? All you see is that your mother seems to be wronged. But have you ever thought about how I have lived over the past twenty years? What's my mood?"

Avella also choked silently.

She really did not expect that her father had been so wronged over the years.

Even the life trajectory that was originally set has undergone earth-shaking changes because of the intervention of the mother as a third party.

Originally, her father and Aunt might go to the United States for further studies, get married, and become social leaders.

But later, after father and mother got married, they became a waste in the eyes of grandma, and an Adou who couldn't help.

Later, Dad also gave up resistance altogether and led a leisurely life every day. Of course, this was due to his own failure to make progress, but on the whole it was caused by the intervention of a third party in the form of her mother.

To be fair, Mom ruined Dad for a lifetime.

She turned him from a vigorous college student into a greasy decadent middle-aged man.

In the past two decades, her father must have been very wronged, but he had never mentioned these words to her before.

Moreover, her mother's character is so aggressive, and she is the initiator of the whole thing. Dad must not be able to talk to her, so in this family, dad has no one to complain. Then these grievances, they should be alive in his stomach for the twenty years!

Thinking of this, she couldn't help but feel wronged for her father.

So, she sobbed and comforted: "Dad, don't cry, it's my fault. I didn't figure out what was going on, so I blamed you indiscriminately, sorry..."

Dave rubbed his eyes and sighed deeply, "Hey... Dad didn't want you to apologize to me, Dad just wanted your understanding."

Avella nodded lightly, and sighed: "I won't go too much about your business in the future. I just hope you can handle these relationships well."

For Avella now, she knows the story and can no longer prevent her father from contacting Meiqing. However, she is Elaine's biological daughter after all. Out of respect for her mother and the family of three, she will never clearly support his father to pursue Meiqing.

Therefore, she feels that the only thing she can do now is to stop worrying about things between her parents.

Whether it was their grievances back then or the entanglement they are now, they never bothered.

Dave did not expect his daughter to be able to support him with a clear-cut stand and not to interfere. It was already the best result he could think of. So he was excited and said, "Oh, Avella, you can do this. Dad is really too thankful to you!"

Avella sighed softly and said, "Dad, the watch that Aunt gave you, you shouldn't wear it when you are at home, lest Mom sees it and asks what's going on."

## Chapter 1448

"I understand!" Dave nodded excitedly, and continued: "I will never wear this watch at home in the future!"

Although Marven on the side had not spoken, but when he heard this, he was a little relieved for Dave.

It's really not easy for him to be an old man. In fact, the reason why he has tolerated Elaine for so many years was mainly because of Avella.

If it weren't for his daughter, he couldn't always bear it, so it can be seen from here that his old man is not useless, at least his paternal love for Avella is still very great.

Moreover, even when he was questioned by Avella, he never said that the grievances over the past two decades were due to Avella's existence, and he was worthy of the two words of father's love.

.....

Back to Tomson, Marven was about to drive into the community, and suddenly saw Nanako standing at the gate of the community wearing a mask.

Although the mask covered her face, Marven could still determine that this woman was Nanako based on her body shape, hairstyle and feeling.

Seeing that he was driving closer, Nanako first took a few steps to her side subconsciously, but she probably saw Dave and Avella in the car, so she stopped again.

Marven knew that his wife and old man were in the car, and couldn't stop to greet her or ask her what she was doing here, so he could only drive in the car first, thinking about making an excuse later, and come out to have a look.

The car returned to Tomson's villa. Before Marven's car stopped, Dave had already put away the watch given by Meiqing.

After the car stopped, he hurriedly pushed the door and got out of the car to hide the watch in his BMW.

Seeing this, Avella couldn't help but sighed softly, and said to Marven in a low voice: "Suddenly I feel that my father is so pitiful...He must have been wronged for so many years, right?"

Marven nodded and said, "Dad, he has been suppressed for twenty-six or seven years, and he might have collapsed long ago when he changed to someone else."

Avella asked him: "Did you know these things a long time ago? You don't seem surprised at all to me?"

Marven said: "The last time I accompanied him to his alma mater to attend a class reunion, I heard others talk about it."

Avella nodded suddenly, and asked him: "Then why didn't you tell me..."

Marven said helplessly: "Just after this incident, mom disappeared in an accident. At that time, you seemed to have lost your soul, and you just wanted to find your mother. How could I add trouble to you?"

Avella nodded slightly, and sighed again.

Marven thought of Nanako at the door, and said, "You and Dad will go in first, and I will go out."

Avella asked curiously, "Why are you going out so late?"

Marven said, "I'm going to buy some liver-protecting tablets for Dad. Didn't he drink alcohol!"

Avella said, "Let me go."

Marven waved his hand: "You go in with dad. If Mom nags him again, you can help reconcile a little bit!"

#### **Chapter 1449**

When Marven came out of the villa, there was no shadow of Nanako at the door.

He looked around for a few times, but Nanako was not found.

This made Marven couldn't help wondering, his own feeling just now was not wrong. Although the girl was wearing a mask, he was sure that she was Nanako.

Since she came to Tomson, she must have come to find him, why did she suddenly disappear?

Thinking of this, Marven couldn't help sighing, but he really couldn't figure out the brain circuit of this girl.

At this time, Nanako was hiding in a milk tea shop, looking at Marven from a distance.

Seeing that Marven seemed a little stunned, she also felt a strange feeling somewhere in her heart.

She did come to Marven tonight, and the final was about to come. She also knew that it would be difficult for her to win Aoxue, and she might even be injured in the game.

Her master and her family didn't want her to continue participating in the finals.

However, she felt that a qualified martial artist could not be as strong as others, but her willpower would never be able to defeat the opponent, so she decided to continue participating in the competition and at the same time be prepared to be injured.

For this reason, her father sent a special plane and a top medical team in the country. This team will be on the spot in the finals. If Nanako is injured in the game, they will immediately rescue her and ride at the same time. The special plane will take her to Tokyo for treatment within three hours.

So, in that case, after she is on the field, she probably wouldn't have the chance to meet Marven, so Nanako thought, and come over to see him again tonight.

However, she did not expect that she was waiting at the door of Tomson just now. Seeing Marven driving back, she discovered that there was still a very beautiful woman sitting in the back seat of the car. This made her suddenly realize that that woman must be Marven's wife.

At that moment, she felt a little lost in her heart, and felt that she shouldn't bother a married man, so she prepared to go back to the hotel.

But even though she was about to leave, she still wanted to know if Marven had seen her or would come out to see her, so she ordered a cup of milk tea at this milk tea shop and sat down.

In Nanako's heart, the feeling about Marven was very complicated.

Because he abolished her mentor, she blamed him a bit and felt that he was too cruel;

Because she is extremely powerful, and she admire him a little bit, she thinks he is the real martial arts master;

Because he scolded her badly last time, she felt a bit ashamed in front of him, and even her aura and inner strength would be affected by him, so that when she thought of him, her heart would always be soft.

It's just that she doesn't know that this soft feeling is more like a crush and admiration.

She received a rigorous aristocratic education since she was a child, and she has excellent psychological quality.

But recently, whenever she thinks of Marven, her heartbeat speeds up hard for her to sustain herself. Even if Marven is not in front of her, she still feels nervous, and her heart is like a small deer.

At this moment, even looking at Marven from a distance, she still felt her heartbeat speed up.

Moreover, when she saw Marven's expression somewhat regrettable, she felt a burst of joy in her heart.

Just as when she was in the ring, seeing Marven's eyes with a bit of distress, made her very satisfied.

#### **Chapter 1450**

So she hurriedly said to the boss: "Boss, add another cup of milk tea."

The boss said: "Miss, we are about to close, and the clerk is off work. I can't make milk tea now, sorry."

"Okay." Nanako nodded helplessly.

At this moment, she suddenly saw Marven walking towards the right side of the gate of Tomson's villa, so she hurriedly held her milk tea and ran out.

Marven thought that Nanako was gone, so he planned to go to the drugstore to buy a box of liver-protecting tablets for the old man to go back for business.

When he came to the door of the pharmacy, he discovered that a huge poster was hung at the door of the pharmacy. Sara, who was beautiful and charming, was holding JX Weisan. There was also a slogan written by her hand: "New traditional medicine, New Domestic Products," I trust JX Weisan!"

Below, there is her personal signature.

Marven stepped into the drugstore and found that several people were consulting the salesperson: "Hey, girl, I want the JX Weisan endorsed by Sara, give me a box!"

"Give me a box too!"

"I also want!"

The salesperson smiled and asked, "You all buy them for collection, right?"

"How do you know?" one of the men asked in surprise: "Are you also a fan of Sara?"

"That's right!" The salesperson smiled: "I am a fan of Sara. I bought JX Weisan today. Almost all of them are her fans. After all, this is the first time she endorses an actual product, which is quite collectible."

After speaking, the salesperson said again: "I heard that this medicine is quite effective, and it has a good effect on various discomforts of the spleen and stomach. You can buy it as a stock medicine."

A young man who got a whole box said: "I am going to store this box as a whole, but I am not willing to open it and eat it. I will buy it later when I need it. Here to just collect the copy first!"

When Marven saw this, he couldn't help being surprised. He really didn't expect that Sara's influence could be so strong that fans would flock to buy the products she endorsed and go back to collect them.

Just when he was surprised, a few more people came to buy JX Weisan, at least one box, and even ten boxes in excess.

After finally waiting for the people who bought JX Weisan to leave, Marven stepped to the counter and said, "hello, please bring me a box of liver protection tablets."

The salesperson nodded, took a box of liver-protecting tablets and handed it to him, and said, "39.8, thank you."

Marven gave a hum, scanned the code to pay, and then came out of the drugstore with the tablets.

When he went out, he was looking down at the ingredients in this tablet, and he thought to himself that many men nowadays have a drink at the bar, and alcohol hurts the liver. No matter how less you drink, it will damage your liver. Therefore, liver-protecting drugs should have a large market space in the world.

There are many classic prescriptions that have been lost in the “Nine Profound Heavenly Secrets”, including not only the prescriptions for the stomach powder, but also the prescriptions for protecting the liver. After the JX weisan powder becomes popular, he can launch the JX liver protection tablets.

As he was thinking about it, he suddenly realized that there was a figure rushing in front of him. He subconsciously mobilized his whole body and prepared himself for a defensive counterattack. But he fixed his eyes and saw that who was standing in front of him wearing a mask. Nanako with eyes like a bright moon.

He was a little surprised at once, thinking that the girl was gone, but he didn't expect her to be here.

At this time, Nanako was ashamed and nervous. She looked at Marven's face up close, and suddenly she didn't know what to say, so her brain became hot, and she passed the milk tea in her hand to him, and said with a smile: “Mr. Ye, please drink milk tea!”
