

## The Amazing Son In-law chapter 1521-1530

### Chapter 1521

Yanzheng and Yangang ran away from Philip's home in a hurry.

At this time, the maid hurried in and said, "Sir, the bodyguards in our family are all injured. Look..."

Philip immediately waved his hand and said: "Hurry up and call 120 and send them to the doctor for treatment. I will pay for all the expenses, and each person will pay another 200,000 medical expenses. I will arrange for my secretary to go there."

The servant nodded immediately, took out his mobile phone and dialed 120.

Everyone also went out to check the injuries of the bodyguards. Although all of them looked miserable, their wounds were not life-threatening.

However, these people are also very ashamed, and even ashamed to look up at Philip, and constantly curse that they are too weak and ashamed of Philip's trust.

Philip didn't care about this either, and comforted one by one: "Today's matter is an accident. The other party came prepared, and all Master Wades came. You can't match each other, and you can understand it.

With that said, he again asked: "Don't think about it so much now, go to the hospital for treatment and recovery!"

Soon, the ambulance took the bodyguards away, and Philip also arranged for his secretary to rush to the hospital to handle related matters.

When everything was arranged, he finally felt relieved.

The family of three returned to the dining room with Marven. Philip took Marven's hand and choked up and said: "Marven, for today...thanks to you!"

Lenan and Sara on the side also nodded gratefully.

Lenan said: "Marven, if it weren't for you, today I and you Uncle, I really don't know how to cross this hurdle..."

Sara also cried and said, "Marven, thank you so much for today..."

As she said that, she remembered the grievances that her parents had just received, and she couldn't control her emotions, and tears couldn't stop streaming.

Marven hurriedly comforted: "Uncle, Aunt Lenan, and Sara, to me, you are my relatives. What kind of kindness is there to me..."

Philip nodded and asked with red eyes: "Marven, how come you have such a strong strength? Even if they are not your opponents, this is too powerful? What have you experienced over the years? How can you be so tough?"

Marven said seriously: "Uncle, although I have had a hard time these years, I did encounter some opportunities that ordinary people can't meet, so I have some skills."

Philip grabbed his hand and said sincerely: "Marven, if I leave, you, Aunt Lenan and Sara, are all dependent on you, otherwise, I will not be at ease until I die, and I will never look down..."

Lenan wiped her tears, and said stubbornly: "Husband, don't say such dejected things, and don't worry about your wife. The big deal is that after you leave, I will donate all the money! Anyway, my family will pay it back. It's a little bit capable. My daughter is now a big star again. You must have no worries about the lives of mothers and daughters. We donated all the property, and we won't let them both get a cent!"

Philip sighed and nodded softly: "After I leave, everything will be in the hands of your wife. I have no other wishes. I only hope that you will live a healthy and peaceful life!"

Sara cried and said, "Dad, don't say that. Are you planning to be hospitalized and actively cooperate with treatment? There may be miracles! Don't make conclusions so early!"

Philip laughed sadly: "Good girl, your dad has lived for most of life. He has experienced all kinds of storms, and he can see through many things. As for my disease, I can't cure it everywhere. Treatment is nothing more than a question of whether to go in the first half of the year or the second half."

Now it is the twelfth lunar month of the lunar calendar, and it is also the first month of the new year in the solar calendar. Therefore, Philip felt that he would definitely not be able to live this year.

When these words came out, Lenan and Sara cried into a ball, both of them were top beauties, crying into such a pear blossom and rain, it really hurts.

Especially Sara, Marven didn't have much contact with her, but she could feel that her temper was very proud and strong, but now she was crying like this, how could she still have the slightest aura of fearlessness? She is like a little girl next door who makes people feel distressed.

## **Chapter 1522**

So, Marven took a deep breath, looked at the three of them, and said seriously: "Uncle, Aunt Lenan, and Sara, with me alive, no matter where I am, I will not let you be bullied!"

After speaking, Marven looked at Philip again and said seriously: "Uncle, I have a way to cure your disease and restore your health!"

If Marven said such a thing during dinner, Philip would not believe it.

He knew that his disease could never be cured.

But only to see that after Marven defeated the God of War and the realm master with his own power, he suddenly had an extremely strong trust in Marven.

He felt that since Marven said so, he must be certain.

So he hurriedly asked: "Marven, do you really have a way to heal me?!"

Lenan also blushed and said: "Yes, Marven, your Uncle's condition is really too serious. We asked this directly the top expert, but they all..."

Speaking of this, Lenan did not go on.

In this case, the family of three has heard it too many times.

No matter which top expert is found, they all say that there is no cure for the disease, and he can last a few months at most.

Marven said confidently at this time: "Aunt Lenan, don't worry, if I say yes, I can definitely do it!"

With that said, he took out a rejuvenating pill from his pocket, handed it to Philip, and said earnestly: "Uncle, take this medicine, all your diseases will be cured!"

Philip looked at him dumbfounded: "This...this...is this medicine so amazing?!"

If someone else handed him such medicine and said that one pill would cure his illness, Philip would definitely not believe it!

Because this completely subverted his understanding of the world, disease, cancer, etc.

However, this was what Marven said, so he suddenly felt that Marven's words might really be a little credible!

Thinking of this, he immediately asked: "Marven, can I just take this medicine?"

Marven nodded lightly: "Swallow it directly, take it with warm water, and go and pour Uncle a glass of warm water."

"Okay Marven!" Sara immediately got up and poured a cup of warm water.

Lenan's expression on the side was a little complicated.

She was skeptical at this moment in her heart.

Half believing, and half feeling unlikely.

However, she changed her mind to think that Marven would never harm her husband. It was nothing more than a pill. Even if the disease could not be cured, it should not hurt the body too much.

So she didn't speak, and waited for her husband to take the medicine to see if it worked.

When the warm water was brought, Philip did not hesitate, put the rejuvenating pill that exuded a strong medicinal fragrance into his mouth, took another sip of water, and then raised his head and swallowed the rejuvenating pill...

### **Chapter 1523**

The efficacy of Rejuvenating Pill is beyond doubt.

This is the essence recorded in the "Nine Profound Heavenly Scriptures", which can make the dead trees come in spring, can rejuvenate the elderly, and can make the dying people gain health.

In the beginning, Mr. Orvel was seriously injured by Wu's bodyguard, and his breath was almost absent, only the last faint breath was hanging.

In that case, even the best doctor in the world could only save his life, but he could never save his brain, and he would at best be a vegetative end.

However, after taking a rejuvenation pill, Mr. Orvel not only fully recovered, his whole body was even more than ten years younger.

This shows how magical the efficacy of Rejuvenating Pill is.

Therefore, Marven firmly believes that Rejuvenating Pill will also heal Philip!

At this time, Philip took the Rejuvenation Pill in front of his wife and daughter, and immediately felt an unprecedented sense of comfort, dissolving in his belly.

The whole body is like the ground completely chapped under the perennial drought. There is no more water in the soil.

However, this medicinal power is like an endless stream of clear springs, which instantly gushes out from the cracks in the ground, not only moisturizing the entire earth, but also covering it with abundant water!

Originally, his physical stamina had been consumed more than 80% by a serious illness. He had personally experienced the feeling that his body was constantly getting worse.

It was like a hole opened at the bottom of a bucket of water, allowing it to directly feel the accelerated passing of life on his body.

However, at this moment, he suddenly realized that the feeling that death is better than life seemed to be repeated backwards!

He could clearly feel that his own passing life was quickly added back.

Soon, he felt that his body had recovered to 50% of what it was when he was healthy!

Immediately afterwards, it was 70%! It's 90%!

After that, it was 110% percent!

In just over a minute, he felt that he had returned to his healthy state.

When he was sick, he was 48 years old, and now he is 50 years old.

Although there is a difference of two years, 48 years old is a healthy 48 years old, 50 years old, a dying 50 years old, the gap is different every day!

And now, he has found the feeling of being healthy and strong at the age of 48!

He felt that all this was really amazing, it was like having the most beautiful dream before dying!

However, the surprise is not over yet!

After all, this is a rejuvenation pill! !

This is the rejuvenation pill that Old Master Song is willing to bow his head and kneel to Marven for!

This is Mr. Orvel's rejuvenating pill for liver and brain!

This is a rejuvenating pill that Tailai is willing to spend 2 billion to get!

How could such a miraculous and precious rejuvenation pill only bring Philip's body back to when he was forty-eight?

Rejuvenating Pill is like a magical force that can travel through time, dragging Philip's body back desperately!

Then, Philip felt that he seemed to be back when he was forty-five years old!

That year, one thing impressed him particularly deeply.

That year, his father died.

Philip, who was extremely filial, bought the best golden coffin for his father.

It takes sixteen young adults to lift the coffin.

Philip took his younger brothers Yanzheng and Yangang and joined them, hoping to carry the coffin for his dead father by himself.

However, Yanzheng and Yangang couldn't support it at all, and were panting after trying once.

In the end, it was Philip and 15 young people who lifted the coffin and took it to the cemetery.

## **Chapter 1524**

After falling ill, Philip missed himself at that time countless times.

At that time, he really refused to admit defeat! At forty-five years old, but still wanted to be like a 30-year-old young man.

In fact, his body at the time was indeed better than that of ordinary people of his age. Even though it was very difficult to lift the coffin, he still resisted it!

And now, that peak state is back!

Philip was sitting on the chair and burst into tears immediately!

He felt that all this was simply a gift from heaven! When he was dying, he just hoped to survive, and he didn't dare to hope that his life could return to this peak state!

But, now, all this miraculous thing is happening to him!

At this time, the miracle happened not only to Philip, but also to Lenan and Sara!

At a speed visible to the naked eye, they saw Philip's pale and colorless face, and they began to quickly restore ruddy.

The sunken eye sockets and dark circles that are unique to the terminally ill patient are rapidly disappearing, and his already pale hair is rapidly turning black! Even the wrinkles on his face seemed to be smoothed by an invisible iron of years!

Gosh! What did they see? They actually saw the turn of time!

Lenan covered her mouth with her hands, her eyes widened, and her beautiful eyes, after shedding too many sad tears, shedding tears of excitement for the first time.

The same was true for Sara. Her tears had already burst, but she did not dare to make any noise for fear that it would disturb the continuation of the miracle.

During the period when her father was ill, she secretly worshipped all the gods in the world that she knew, and was able to descend from the mansion and manifest spirits.

However, after every prayer, it was endless disappointment and even despair.

But who would have thought that the gods could not heal her father, and her fiancé, whom she had missed for more than ten years, and that Marven who had been chasing behind her a\*\* in childhood, brought her father the most miraculous miracle in the world!

Philip's body is still going back in time.

At this time, he already felt the state of his forty years old.

That year, he heard from others that someone met a young Chinese man in faraway Argentina. The young Chinese man, in Buenos Aires, the capital of Argentina, worked as a temporary tour guide for Chinese tourists and made a living from this. , Very much like his big brother who worshipped the handle back then.

Philip was extremely excited when he heard the news.

He immediately booked a full flight ticket to Argentina.

Argentina is the country farthest from China.

Whether you start from the east or the west, you need a straight line distance of at least 20,000 kilometers to get there.

There is no civil airliner that can fly 20,000 kilometers without stopping. Therefore, there is no direct flight from Orgeyon to Buenos Aires.

At that time, Philip's private jet had a maximum range of less than 8,000 kilometers.

However, in order to find Marven, he set out in a hurry late that night without hesitation.

The plane first took off from Orgeyon, after a stop for refueling, first flew to San Fransisco, the United States, and then stopped for refueling again in Houston, the United States, and then flew non-stop to Buenos Aires.

The entire flight time took almost thirty hours.

During these thirty hours, Philip never closed his eyes.

He thought he would be able to find Marven's whereabouts that time, so he was so excited that he couldn't rest at all.

In addition, he had not rested for more than ten hours before taking off, so he held on for 48 hours, but he didn't even feel any fatigue at the time.

More than fifty hours have passed until he found the young man who really looked like Marven's father and asked if he was not the Marven he was looking for.

From that moment, he felt a sense of depression and fatigue.

And now, he actually feels his body, back to that time...

His decades of worldview were completely subverted in an instant.

He couldn't figure out, what kind of magical medicine Marven gave him? Could it be that the elixir of the legendary Your excellency Laojun? Otherwise, how could it be so magical?

At this moment, Philip, who was at least ten years younger, was crying and choked silently...

### **Chapter 1525**

At this moment, Lenan and Sara were crying so hard that they couldn't help themselves.

The two of them left and right, holding Philip's warm hand, so excited that they couldn't speak.

Although Philip has not undergone any medical tests, and they have not received any authoritative report on whether Philip has been cured, they believe in their own eyes, in their own judgment, and believe that he is now completely healed!

As a personal experience of the effects of rejuvenating pills, Philip knows his own situation well. He is now 10,000% sure that he is not only healed, but his body is back to the state he was in when he was forty years ago.

This made him ecstatic.

It took him a long time to recover from his uncontrollable emotions. Then, he raised his head to look at Marven, his eyes filled with gratitude.

Immediately afterwards, he gently pushed away the wife and daughter beside him, bending his legs and knelt down in front of Marven.

Marven didn't expect that Philip would kneel to him and hurriedly reached out to support him, making him unable to kneel anyway.

But Philip has been working hard to push his hand away, and said solemnly and sincerely: "Marven, you recreated Uncle, this worship, you can't stop me anyway!"

Marven blurted out: "Uncle, you are my father's brother, that is equivalent to my uncle, how can I receive such a gift from you? Isn't this broken me..."

Philip shook his head and said: "Marven, your kindness to me is as great as a mountain, even if I give most of my assets to you, it is no match for the kindness, so you will receive my worship anyway..."

Before Marven could speak, Lenan on the side had already knelt down, and Sara knelt on the ground without thinking.

Lenan choked up and said: "Marven, you have a great kindness to our family. Auntie is unforgettable in this life..."

Sara on the side also nodded again and again: "Marven, thank you so much..."

At this moment, Philip was still using his body to compete with Marven, insisting on kneeling on the ground.

Seeing this, Marven sighed, then let go of Philip, stood up straight, and said seriously: "If this is the case, I won't stop you, but after thanking me, let's stop talking about this. Now, I haven't had a mouthful of food yet, let's eat lunch first, okay?"

Philip immediately knelt on the ground, clasped his fists on top of his head, and said sincerely: "Marven, uncle is not stupid. I can see that you must be someone with great ability. Uncle thanks you for giving me such a great opportunity. Uncle will remember this life. ! If there is anything that needs uncle to do in the future, I don't dare to refuse to do it!"

Marven smiled slightly, helped him up, and said, "Uncle, thank you too, can we eat?"

Philip hurriedly smiled and said, "Come here, let's continue eating!"

After speaking, he looked at Lenan excitedly and said with a smile: "Wife! Go to our storeroom and get a bottle of my treasured top Maotai. I have a good drink with Marven today!, for more than a year! I have been greedy for a long time without a drop of wine!"

Lenan wiped away her tears, and smiled and said, "Okay! You guys sit and eat first, I'll get it now!"

#### **Chapter 1526**

After a while, Lenan came back with a bottle of Maotai in a four-jin bottle.

Philip took over the bottle and opened the lid while saying to Marven: "Marven, since the year of her birth, every year on her birthday, I will spend a lot of money to save a batch of the best Moutai I can buy. So far, there is already a storage room in the basement. They are all auction-level top Maotais. They were originally prepared to wait for the wedding day of Sara to entertain relatives and friends. Today, let's try it first!"

Lenan smiled and said: "Marven, this batch of wine, for your Uncle is very precious. The storage room is like a grave, you can only get in. It has been stored for more than 20 years, and he hasn't taken a bottle out to drink it. This is the first time today!"

Philip smiled and said, "This wine was originally prepared for the wedding of Marven and Sara, so now it should be preheated!"

Sara on the side blushed immediately.

Marven was inevitably embarrassed.

marry?

I am a married person now, how can I marry Sara again?

Philip also saw the embarrassment in Marven's expression, and said seriously: "Marven, I know your current situation, you don't have to have any psychological burden. Since your uncle is now healed, I must live another 20 or 30 years. No problem, uncle is Master, our family has been waiting for you for many years!"

Speaking of this, Philip said while pouring his wine, "In the next three years, you can solve the current problems in a few minutes, and then make a plan for your own future, whether you want to return to Orgeyon or Ye's home. Think about all these things, but it doesn't matter if you return to the Ye family. In my eyes, you are the son-in-law of the Gu family. Everything in the Gu family belongs to you. It doesn't matter if you don't have the Ye family!"

"Yeah Marven!" Lenan also said to the side: "You were born in Orgeyon and grew up in Orgeyon before you were eight years old. This is your root. After you marry Sara, the best choice is to return to Orgeyon life!"

"If you feel tired of these cumbersome things in Orgeyon's wealthy family, I also support you and my daughter to settle overseas together, and you don't need to worry about money. The assets of your Uncle are enough for the two of you in this world. In any country, you can live a lifetime without worries!"

Sara had a blushing face, and she didn't say a word shyly, but she looked at Marven from time to time, and she could see that the expression in her eyes was full of tenderness.

Marven knew that his marriage contract with Sara was the order of his parents.

And it has existed for more than 20 years, and he did not keep the promise of his parents. At this time, if he refuted it immediately, he would have no face to face dead parents.

So he nodded lightly and said seriously: "Uncle and Aunt Lenan, I will consider these issues carefully."

In his opinion, the best solution is to delay the matter first, and then slowly ease the matter.

Philip naturally agreed, and then handed Marven a glass of wine. He also picked up a glass and said boldly, "Come on, Marven! Finish this glass!"

Marven nodded, and the two of them clinked their glasses, and drank all the Moutai in the glass.

Philip sipped his stomach with a glass of wine. The familiar and unfamiliar feeling made him smack his lips. He said excitedly: "Oh, now I understand that being rich and powerful is not as good as being healthy! Health is fundamental!"

As he said, he couldn't help asking Marven: "By the way, Marven, it is not convenient for you to tell uncle, what kind of magical medicine you gave me, how can it have such a magical effect? It's like an elixir!"

## **Chapter 1527**

Marven heard Philip's question about the rejuvenating pill and said with a smile: "Uncle, this medicine is called the rejuvenating pill. I dare not say that it is a real elixir, but I can say that it is at least half a fairy elixir. Medicine was refined by ancient Chinese geniuses, and I also obtained it by chance."

Philip did not doubt that he had him, and said seriously: "This medicine is really amazing. It really doesn't look like a mortal thing in the world. The feeling when I took the medicine just now is almost

dreamlike! It seems that there are indeed many ancestors of whom we cannot understand their Supernatural powers!”

Marven nodded in agreement.

Although he doesn't know who wrote the “Nine Profound Sky Classics”, according to the age of the bottle, it should have been made in the Wang Dynasty.

And the bottle did not have any traces of later cutting, that is to say, the wooden box where the “Nine Profound Sky Classics” was originally stored should be put in in advance when making the mud before the Wang Dynasty craftsman made the jade pot spring bottle.

And the material of the wooden box and the “Nine Profound Sky Sutra” is also very magical, there is no problem with the fire, and it disappears instantly after opening it, and Marven can't see through the mystery.

Therefore, he empathized with Philip's words.

After three rounds of wine, Philip became more and more interested and drank the wine very refreshingly. Soon, the two of them each dropped a kilogram of white wine.

Lenan suddenly remembered something at this moment and said: “Be careful, when you show up at the board of directors tomorrow, I'm afraid it will scare many people, especially the second and third.”

Philip sneered: “That's right! Tomorrow, I will not only stun the entire board of directors, but also reorganize the entire board! I used to take care of my second and third wife, and I never dreamed that they would fall into trouble when I was seriously ill, but From tomorrow on, their days in the Gu Group will not be so comfortable!”

Lenan hurriedly said: “From now on, you must pay attention to the issue of personal safety. Whether it is a group or a family, you must have more bodyguards to prevent the elders and thirds from jumping over the wall.”

Philip nodded: “Don't worry, I will communicate with the best security company tomorrow, and spend 200 million to hire the best security team to protect our family's safety 24 hours. From now on, except for this one Apart from the people in the house, I don't trust anyone anymore!”

The people in this room Philip said were his wife and daughter and Marven.

Now, besides these three people, he really can't believe anyone.

Even his own younger brother can betray him, and even think of robbing his property, which is even more extreme. They even threatened him with the lives of his wife and children. This not only made him angry, but also made him feel disappointed and see through the nature of human nature.

What about brothers? In the face of interests, don't you also draw swords to each other?

Thinking of this, Philip looked at Marven and said seriously: "Marven, if you don't have any plans tomorrow, why not go with me? With you, uncle will be more confident."

Marven naturally nodded and agreed without hesitation.

This time he came to Orgeyon to help Philip solve the problem.

The physical problem is solved, and the asset problem must be helped as much as possible.

Otherwise, the current Philip has recovered from a serious illness and his control of the group is at the weakest stage, and he may not be able to beat his two younger brothers.

In case his two younger brothers join other shareholders to squeeze him out, this is also a problem.

Moreover, Marven was even more worried that his two younger brothers would want to kill him.

After all, they have been greedy by these hundreds of billions of property for so long, and they cannot give up easily.

#### **Chapter 1528**

Therefore, he must help Philip solve all the problems before leaving Orgeyon and returning to Wrestvel.

Seeing Marven's agreement, Philip sighed, took his wine glass, and said, "Come on, Marven, uncle toasts to you!"

Marven nodded and clinked glasses with him again.

Lenan saw the two drunk happily, and whispered to Sara beside her: "Your dad hasn't been so happy in a long time."

Sara also nodded repeatedly, and said in her mother's ear: "It seems that from the time Uncle Ye's accident until now, I haven't seen him so happy."

Lenan was under the table, gently holding her daughter's hand, and whispered: "Marven is a good man, you must hold him!"

Sara was a little embarrassed and said, "Mom... you know... Marven is already married and he is not divorced..."

Lenan said earnestly: "Stupid girl, he is your fiancé since you were a child. This is his wife who robbed you, not your husband!"

After a slight pause, Lenan said: "Besides, in Wrestvel, I don't believe that a daughter with a family can be worthy of Marven, and the local richest man is far from qualified. Looking at the entire Orgeyon city, those who can be worthy of Marven, except you, Only the girl from the Su family."

"And you have a marriage contract with him. The two families are still friends for many years. It is justified and created by nature when you marry Marven."

“Moreover, by then, you and him will have more sons! Your dad will definitely be happy all day long!”

Sara’s pretty face flushed with shame: “Mom, then you say, how should I hold it...I don’t have any experience in this area...”

Lenan said: “I will teach you slowly when I turn back!”

At this time, Marven also responded to Philip with a glass of wine, and immediately said: “Uncle, I am here this time. In addition to seeing you and Aunt Lenan and helping you treat your illness, I also want to go to my parents’ tomb. Where are the parents buried now?”

Philip gave a melancholy sigh, and said, “Your parents are now buried in Waderest Mountain in the western suburbs.”

“Waderest Mountain?” Because Marven listened to Philip uttering these two words, he didn’t know which tomb belongs to his parents.

Therefore, he asked in surprise: “Uncle, why haven’t I heard of this place you are talking about?”

Philip said: “Waderest Mountain is actually a mountain with excellent Fengshui in the western suburbs. Originally, your parents were buried in the tomb of Ye’s in the northern suburbs, but something happened to the Ye family four years ago. They bought this mountain and renamed it Waderest Mountain. Ye is the leaf of your family, and the mausoleum is the resting place.”

After speaking, Philip said again: “After the Ye family bought Waderest Mountain, they invested hundreds of millions to refurbish and develop the mountain. This development took three years. It was not completed until last spring. After the completion, Ye So the family moved the entire ancestral tomb. When the ancestral tomb was moved, there was a lot of movement and great momentum, and everyone in Orgeyon knew it.”

Marven frowned: “The Ye family has been in Orgeyon for hundreds of years. Over a hundred ancestors were buried in the ancestral tomb. On such a large scale, the Ye family said that the accommodating whole moved?”

Philip nodded and said, “I heard the rumors about this incident that your grandfather fell ill unexpectedly four years ago, but no problem could be found. It did not help to seek medical advice anywhere.”

“Later, the Ye family also traveled across the famous Sichuan and Dashan Mountains across the country and visited many experts. After seeing the experts, they all left without saying a word, turning around, and asking why they didn’t mention a word... ....”

“Your grandfather was in madness, he went to the United States in person, and he invited back a hundred-year-old Chinese feng shui master after three visits to the thatched cottage. After the feng shui master came, he visited the tomb of Ye’s and said what the feng shui bureau of the Ye family is dark, And it’s not easy to resolve, so he instructed the family to move the ancestral grave to Waderest Mountains...”

## Chapter 1529

Marven didn't care too much about Ye Family Fengshui and moving the ancestral grave.

He has no interest in the people and affairs of the Ye Family.

For the family, he actually only cared about two things.

First, where the parents are buried, and whether he can worship them;

Secondly, who were the people who hurt his parents and whether they were the Ye family members.

As for the other things of the Ye Family, he didn't want to take it into his mind.

Therefore, after listening to Philip's introduction of Waderest Mountain, Marven asked: "Uncle, can I go to Waderest Mountain to worship?"

Philip said: "Waderest Mountain is the ancestral tomb of your Ye family and a place of feng shui. Usually the Ye family controls it very strictly. Outsiders can't enter at all. Even if I go, I have to greet the Ye family in advance and make an appointment. But you are Ye family's son, just say hello and you should be able to go directly."

Marven shook his head and said, "Uncle, I don't want to tell them anything. I don't want the Ye family to know that I have come to Orgeyon, so I don't want to have too much contact with them for the time being."

Philip thought for a while, and then said: "Well, let me call your uncle later and say I want to pay homage to your parents and ask him to say hello to the people below. Then you disguise and we can go there together. After all, you look so much like your father. If you are in your generation, Parents Ye, they will definitely recognize you."

Marven hurriedly got up and bowed deeply to Philip: "Uncle, thank you for your help!"

Philip hurriedly got up to help, and said with a trembling voice, "Marven, what are you...what are you doing? You are the great benefactor of our family, why bother to salute me for this little thing..."

Marven said solemnly: "Uncle, it's not a trivial matter to me that my deceased parents mattered. My parents passed away eighteen years ago and I never went to the grave to pay homage. It's really unfaithful and unfilial. It is of great significance to me that you can fulfill me and give me this opportunity to fulfill my filial piety. How can I not salute you!"

Upon hearing this, Philip hurriedly said: "Oh, you said the wrong thing. This is really not a trivial matter. Don't worry, uncle will take you there tomorrow!"

Lenan on the side said: "I will go with you and Sara will join too. If you and your father go, the Ye family will easily become suspicious. After all, the Ye family knows what is going on in our family."

Philip said: "It doesn't matter, we can let Marven pretend to be my driver."

Lenan nodded, but insisted, "Then I mothers should be with you, too. I haven't visited Big Brother Ye and Miss Ye for half a year."

"Yes!" Sara hurriedly said, "Dad, you can let me and mom go together too!"

Philip nodded and said, "Okay, then we will go together tomorrow!"

After speaking, he thought about the time, and said: "In this way, in the morning, Marven and I will go to the group to open the board of directors. You two will wait at home. After the meeting, we will come over and pick you up."

Lenan immediately agreed and said: "Okay!"

.....

Between pushing the cup and changing the cup, Marven and Philip killed the four-jin bottle of Moutai.

They were full of food and drink, and the two of them were in high spirits, so Philip took him and looked through many old photos in the study.

These old photos all have Marven's parents. The earliest photos were when Marven's parents were just married and before he was born.

### **Chapter 1530**

Marven's parents, from the looks of them, are also absolutely stunning human beings.

Marven's father is handsome and tall, and his mother is glamorous and generous, especially the beauty of Marven's mother, Lenan can't be compared with it, no matter what era, they are outstanding.

It's a pity that the pair of golden boys and girls who were famous in Orgeyon back then are now gone, leaving only mottled images and remaining memories.

At that time, Philip was not married, so at the wedding, he stood alone beside Marven's father and took a photo with Marven's parents.

Then there are photos of Philip and Lenan's wedding.

Marven's parents were there at his wedding.

So, the four of them took a group photo.

Then, it was Marven who was born, and the four people in the photo became five people. He was wrapped in a baby towel and hugged by his mother.

Then Sara was born.

As a result, the photo became six people.

These six people, from two children in their infancy, became Marven standing beside parents, and then Sara also standing beside her parents.

Then, there was a group photo of the two children.

Marven is half a head taller than Sara, so he looks like a big brother, while Sara is like a little sister, closely following Marven's side.

What's interesting is that in the group photo of the two people, Sara grasped Marven's arm tightly, with a very happy expression.

Marven, who was on the side, always had a pretentious taste, deliberately trying to keep a distance from Sara.

Philip sighed while looking at these old photos for him: "I didn't expect that time flies so fast. In a blink of an eye, you are already so old."

Marven saw so many old photos of his parents, his eyes were red, and he almost shed tears several times, but he abruptly endured it.

Seeing this, Philip patted his shoulder lightly and said, "Marven, your parents know well. If they know the news of your safety, they will definitely be very happy."

Marven nodded and said with emotion: "It's just that I feel a little shameless to face them. I haven't worshipped them for so many years, and I am ashamed. Moreover, for so many years, I haven't made any proud achievements, I feel sorry for the cultivation of my parents."

"Don't say that." Philip said earnestly: "Your parents were open-minded throughout their lives, and they had never hoped that their sons will become a dragon. They are the dragons and phoenixes among people, so the expectation of you has always been that you can grow up healthy and happy for a lifetime. Don't have any sorrows and troubles."

Marven smiled knowingly, thinking of his parents, there was a warm current in his heart.

Indeed his parents never hoped that he would become a dragon or a phoenix. He told himself from an early age that a person needs to be happy when he is alive. It is enough to be a kind and upright person. Achievement and status are not important.

After chatting with Philip for an afternoon, when Lenan came in to deliver the fruits, she said to Marven: "Marven, the guest room has been prepared for you. On the second floor next to the girl's room, you drank so much wine at noon. Go back to your room and rest for a while. If there is anything, you can just find Sara directly."

"Okay." Marven nodded: "Thank you Auntie."
