

## The Amazing Son In-Law Chapter 1681-1690

### Chapter 1681

Hiroshi Tanaka didn't expect that after hearing the news of Marven's arrival in Japan, the young lady's voice suddenly would become extremely excited.

He couldn't help but secretly said, "Isn't what I said just now is not clear enough? This Marven is cheating your father for four and a half billion! Why do you seem to be excited when you hear that he is coming to Japan?"

However, Koichi Tanaka naturally did not dare to ask this question.

At this time, Nanako saw that he did not respond, and hurriedly asked him: "Tanaka, answer me quickly! Master Ye really came to Japan?"

Koichi Tanaka can only honestly say: "Yes, Miss, he came to Japan, he's in Tokyo, I saw him today."

Nanako asked, "He came to Japan, did you see him in Kobayashi Pharmaceutical?"

"Yes." Hiroshi Tanaka answered truthfully: "don't know if the situation is too specific, but it should be to take Kobayashi Pharmaceutical."

Nanako felt a little regretful, and thought to herself: "If Master Ye came to Japan just to receive Kobayashi Pharmaceuticals, then he should only stay in Tokyo for a few days. After the business is finished, I am afraid he will return to China? He certainly won't come to Kyoto, then I definitely won't have the chance to see him..."

Thinking of this, Nanako suddenly had a very strong idea in his heart, she wanted to go to Tokyo, she wanted to see Marven!

So she hurriedly asked Koichi Tanaka: "Tanaka, do you know Master Ye will stay in Tokyo for a few days?"

Hiroshi Tanaka said awkwardly: "Miss, don't know this too well..."

Nanako hurriedly said, "I'll let steward prepare and take the car to Tokyo tomorrow morning."

"Back to Tokyo?" Tanaka asked, "Miss, didn't you always want to cultivate your body in Kyoto? Why do you suddenly want to come back at this time? Is it...Is it for Mr. Marven?"

"Yes!" Nanako blurted out without thinking, "I want to see Master Ye, if I don't come back, I'm afraid there will be no chance!"

Tanaka Hiroshi suddenly realized that something seemed to be wrong.

He couldn't help thinking in his heart:

“The eldest lady has always been extremely reserved, and has never been confused because of any opposite sex.”

“But now, she is very excited about the news that Marven came to Tokyo, and even plans to return to Tokyo to see him tomorrow morning. This is really abnormal...”

“Could it be...”

“Could it be that the eldest lady is already stunned by Marven?!”

When Tanaka Hiroshi thought of this, his whole person was already shocked. He secretly said: “The eldest lady has always admired superior martial arts masters, and Marven is also a master of masters. His strength is so staggering that she is really tempted by him. , It makes sense...”

“But... the president is a complete nationalist. He has made it clear that he will marry a young lady in the future to someone from Japan and she must not marry a man from any country. If the lady really likes Marven, if it is known by the president, he will definitely be angry!”

At this point, Tanaka Hiroshi hurriedly said: “Miss, I can’t do anything!”

Nanako asked in surprise, “Why Tanaka?”

Hiroshi Tanaka blurted out: “If the president knows that you have a deep love for Mr. Marven, he will definitely be very angry. Not only will he not see Mr. Marven, but you may also even be forbidden by the president, and he may make faster your marriage plan!”

## **Chapter 1682**

Although Nanako and Koichi Tanaka were separated by the phone, she blushed instantly at his words.

She vaguely explained: “Tanaka...you...you misunderstood, I...I didn’t...not to Mr. Marven. .... Heart is born...love...”

Hiroshi Tanaka sighed: “Miss, I have served the Ito family for many years and have been by your side for a long time. I still know you very well. You don’t have to hide things from me, and I don’t want to explore your privacy. The key is , If you can see your thoughts from the bottom of the page, the president will have the eyes of a torch, and it will be impossible to hide it. you will not see Mr. Marven, but will leak your thoughts in front of the president... .”

“This...” Nanako was speechless.

She knew that Koichi Tanaka was out of good intentions, so he reminded her.

She also knows that her father, Ito Yuhiko, would never allow herself to have any possibility of development with foreign men. He has made it clear to her countless times that he can only accept that she will marry a Japanese in the future, and it is purely Japanese not even someone of Japanese descent.

As for the others, even the immigrants from China and the Korean Peninsula one or two hundred years ago and those who have lived in Japan for three or four generations are not purely Japanese in his eyes.

Just like the chairman of the SoftBank Group that invested in Alibaba, Sun Masayoshi, although he is the richest man in Japan, in the eyes of Ito Takehiko, he is not Japanese at all.

Because Sun Masayoshi's grandfather's generation was originally from Daegu, South Korea.

Many years ago, Sun Masayoshi was born and raised in Japan when he immigrated from Daegu, South Korea to Japan to work as a miner.

In the eyes of most people, he is already a standard Japanese.

However, in the eyes of a nationalist like Takehiko Ito, Sun Masayoshi can only be regarded as a Korean Japanese at best.

This is like Americans who treat Chinese Americans like Chinese. Even if Chinese Americans have American citizenship, they are still regarded as Chinese in the eyes of some Americans.

It is precisely because Nanako knows her father very well that she is afraid of her hasty decision.

Koichi Tanaka is right. If she suddenly returns to Tokyo and insists on meeting Marven, Ito Yuhiko will definitely be very angry, and may even impose a foothold on Nanako, or even directly interfere with her freedom of marriage. Find her a marriage partner and force her to marry.

Thinking of this, Nanako was extremely disappointed, and she murmured: "Thank you Tanaka, I understand..."

Hiroshi Tanaka hurriedly asked: "Miss, will you return to Tokyo tomorrow?"

Nanako bit her lower lip lightly and remained silent for a long time. Then she said sadly: "I don't want to go back, so as to avoid accidents, it won't be good if I trouble Master Ye."

Hiroshi Tanaka breathed a sigh of relief and said: "Miss is wise, now the president is very annoyed with Mr. Marven. If it weren't for the cooperation of the Su family at the moment, the president would have thought of a way to deal with him. , If you come to Tokyo to meet Mr. Marven at this time, you will definitely add fuel to the fire..."

Nanako whispered, full of loss, "I know Tanaka, besides, can I ask you something?"

Hiroshi Tanaka said in a hurry: "Miss, if you have anything to do, please give orders!"

Nanako said: "If father's conflict with Master Ye intensifies, please Tanaka must stop my father, and don't do anything to hurt Master Ye because of his urgency..."

Hiroshi Tanaka said embarrassingly: "Miss, to be honest, Mr. Marven now has president's 4.5 billion USD. Even if you like him, you can't turn your elbow out!"

Nanako said very seriously: "I am not trying to protect Master Ye, but to protect my father. The Ito family is not Master Ye's opponent. If Master Ye is offended, there will be a disaster..."

## Chapter 1683

Nanako knew very well that Marven's strength was far beyond his own.

After being injured, Mr. Yamamoto Kazuki once said that Marven's abolition of his palm was not just Abnere force, but with the internal energy mentioned in Chinese martial arts, which really destroyed his muscles and veins. It is this kind of inner strength.

Yamamoto Kazuki has also come into contact with some ninjutsu masters. Although his actual combat ability is much worse than that of ninjutsu masters, at least he can perform a few tricks under the hands of ninjutsu masters, unlike in front of Marven. There is nothing to resist.

It can be seen that Marven's strength is even far above that of ninjutsu masters.

It was when Nanako recognized this, she knew clearly that neither her father nor the Ito family was necessarily Marven's opponent.

However, Yuhiko Ito was not aware of this level.

He just felt that Marven's strength was better than Yamamoto Kazuki, and better than his two personal bodyguards, but if you really want to compare with ninjutsu masters, Marven must be a bit inferior.

After hearing Nanako's words, Hiroshi Tanaka was embarrassed and said hurriedly: "Miss, I understand what you mean, please rest assured, if the president has a conflict with Mr. Marven, I will definitely find a way to persuade him."

Nanako gave a hum, then sighed lightly, and said, "It's Okay Tanaka, so be it. Just tell me if you have anything in time."

Hiroshi Tanaka said in a hurry: "OK eldest lady, then I won't bother you anymore!"

After hanging up the phone, Nanako held the phone in both hands and looked up at the sky, feeling sad.

During this period of time, she missed Marven every day and night, looking forward to meeting him again, and at the same time, she felt that the chance of seeing him again was very slim.

But she didn't expect Marven to come to Japan!

Before, Marven was separated from her by the sea, she was on this side of the sea, and Marven was on the other side of the sea.

Now, Marven and her are on the same land, only more than 400 kilometers apart. If she drives, she can get there in four or five hours; if she takes the Shinkansen, it will be more than two hours.

When she thought of Marven, who was thinking about it all night, only a few hours' drive away from him, Nanako really wanted to see him.

However, when she thinks about her inconvenience now, it will inevitably be known by her father when she sees him in Tokyo, and she can only give up this idea unwillingly.

At this time, the dense dark clouds in the sky quietly dispersed at some point, and one after another star gradually emerged from the cloud.

Nanako sighed and said to herself: "It seems that there should be no snow tonight."

After that, she put away the mobile phone, controlled the wheelchair with both hands, left the deserted yard, and returned to her room.

With the help of the maid, Nanako soaked in the hot spring for a while.

The pain in her body is still very serious, almost 24 hours, suffering from pain all the time.

Originally, the doctor advised her to wear an analgesic pump. The analgesic pump is a device that can automatically infuse fluids at a constant rate and can continuously push pain medications into her veins.

Generally speaking, people who have been severely injured or who have just had an operation should wear an analgesic pump, which can relieve pain to a great extent.

But Nanako has been reluctant to use it.

That's because the painkillers will cause certain damage to her nerves. Once the painkillers have been used for a long time, it will be more difficult for her to recover in the future, and it is very likely that she will be an invalid who can no longer practice martial arts.

Therefore, she has been clenching her teeth and insisting, relying on tenacious willpower to resist physical pain.

The natural hot spring in the mansion is taken from the underground hot spring eye. It is rich in minerals and rich in selenium, which is of great benefit to the body and can relieve body pain to a certain extent.

But because her body is still injured, she can't soak in the hot spring for a long time, no more than one hour a day, so Nanako's happiest time every day is the time in the hot spring.

Soaking her body in the hot spring, Nanako couldn't help but think of Marven again.

She remembered how she was looking for him in the villa area where Marven lived with the shyness of a girl.

#### **Chapter 1684**

At that time, she was nervous as a little quail in front of him.

When she was at a loss, he gave Marven a cup of milk tea in his hand, and lied that she was going to drink it, but he did not expect that he actually took a sip of the milk tea.

And just before Marven drank it, Nanako had just used that straw. That kind of indirect kissing behavior was the most ambiguous thing Nanako had done with a man since she grew up.

It was also the indirect kiss that Nanako has been thinking about ever since.

Thinking of Marven's appearance, she subconsciously raised her slender fingers and wrote Marven in traditional characters on the water.

There were waves of soft water ripples on the water, but she couldn't keep any of the strokes she wrote down.

It was this fleeting trace that allowed Nanako to be confident and bold, and write Marven's name on the water again and again without leaving any traces.

This night, Nanako couldn't sleep for a long time.

This night, the sky in Kyoto gradually cleared.

The heavy snow predicted by the meteorological department did not come.

The early morning weather forecast stated that due to the impact of the air currents, the heavy snow that was originally expected to fall last night was estimated to be two to three days later than originally planned.

The snow was delayed, and Nanako was somewhat regretful.

She always felt that this was an expression of God's unbeauty.

Thinking of Marven, who was only a few hundred kilometers away from herself, but couldn't rush to meet him, a melancholy thought suddenly popped into her heart:

Perhaps, I have no relationship with Marven!

The next day, Wrester.

Qin Gang rushed to Qin's warehouse for storing medicinal materials early in the morning and personally directed the staff to prepare the herbal medicines for Marven.

Workers at the scene began to pack the boxes in full swing, and he urged on the side: "All medicinal materials must be checked manually before they are packed to ensure that the medicinal materials are not loaded incorrectly, there should be no deterioration or damage, and that the amount of medicinal materials is sufficient. Do you understand?"

"Understood President Qin!"

A group of employees hurriedly responded.

Qin Gang nodded in satisfaction and continued: "Before this afternoon, be sure to prepare the first batch of medicines and then send them to the airport. I have already contacted the air cargo company and will take off at 10 o'clock tonight. The goods will be delivered to Tokyo!"

At the same time, at the Su family residence in Orgeyon.

For twenty years, the Old Master of the Su family held a morning meeting in the main hall of the mansion every day.

This morning meeting was just like the early dynasty of the ancient emperor, and the children of the Su family had to report to the Old Master the progress of various businesses in the daily morning meeting.

If the father has any orders, he will also announce them at the morning meeting.

The Su family is thriving, and there are more than 30 children and relatives participating in the morning meeting.

The rules at the meeting are very strict. The Old Master sat down on a half-meter-high step, facing everyone, very Carden.

Children, grandchildren, and relatives sit in several rows according to their status and generation.

At this time, Mr. Su was sitting on a chair like a dragon, looking at the children below the stage, and said in a Carden manner: "The recent international crude oil situation continues to be turbulent and the global economic downturn has caused international import and export trade to be affected. Now many ocean shipping companies are struggling. It is a good time for our Su family to buy bottoms and buck the trend. The cooperation with the Japanese must be accelerated!"

## **Chapter 1685**

The Su family is a big family that was born in Huizhou, but has been standing in Orgeyon for a century.

During the Qing Dynasty, when the Taiping Heavenly Kingdom movement swept across China, the Su family followed the red-top businessman Hu Xueyan and risked his life to transport arms and grains for the Qing army, which was appreciated by the Qing government.

After that, the Su family moved to Orgeyon from Huizhou with rich accumulation and wealth. Since then, the family has been in business for generations and its strength has been at the forefront of the country.

In the past few decades, the Su family and the Ye family were fighting against each other. Under the attack of Marven's father, Changying, they were already slightly tired, but after Changying's death at young age, the Su family immediately stepped on the Ye family. Became the first in the country.

The Old Master of the Su family, named Chengfeng Su, was named after Su Shi's famous "Inscription on the Forest Wall".

As the saying goes:

Viewed horizontally as ridges and peaks on the sides, the distances are different.

Don't know the true face of Mount Lu, only because I am on this mountain.

Chengfeng is named after this.

Chengfeng is sixty in his seventies this year. Although he is not very old, he is no longer a man in his prime age.

It stands to reason that his life has been considered a success, but he is still not satisfied.

He hopes to lay a solid foundation for the Su family before he retires. At the very least, to realize the long-cherished wish of "1 is greater than 2+3".

Since ancient times, no one in the business field can truly dominate.

The true meaning of the so-called 1 is greater than 2+3 refers to the sum of the family ranked first, the overall strength is greater than the family ranked second, and the family ranked third.

To be more specific, it is equivalent that the Su Family's comprehensive strength is greater than the combined strength of the Ye Family and the Gu Family.

In this way, even if the second-ranked and third-ranked join forces to fight against them, they don't have to worry at all.

Only in this way, the Su family can truly sit back and relax.

Now, the gap between the Su family and the Ye family is indeed getting wider, but if you want to truly achieve 1 greater than 2+3, there is still a gap of at least a few hundred billion in assets.

Therefore, the Su family is now actively seeking breakthroughs overseas, hoping to realize this ambition in one fell swoop.

As long as this goal is achieved, Orgeyon will no longer have the concept of three big families. Instead, it is the new pattern of the Su family that despises the heroes.

Therefore, Chengfeng attaches great importance to this shipping business.

Hearing that the Old Master attaches great importance to ocean transportation, one of the heirs of the Su family couldn't help but show off in front of him: "Grandpa, grandson feel that the development of the world economy has encountered considerable resistance now, and all countries have import and export trades. Great contraction. don't know when foreign trade will fully recover. In this case, if you bet on ocean shipping, the risk is still very high. It is very likely that you will copy the bottom half of the mountain. So grandson advises you to think twice. Then go!"

"Think twice?" Chengfeng snorted coldly and ignored him. Instead, he looked at the middle-aged man next to him and sternly reprimanded: "Fifth, how did you discipline your son? He hasn't grown well, so he dares to question here. My decision, is it true that I am useless, old, and still able to eat?"

The fifth son is Holden Su, the fifth son of Mr. Su.

The Su family has five sons and two daughters.

Holden is the fifth son of Father Su and the last of the seven children.

The young man who just spoke was Normen Su, the youngest son of Holden.

Normen is just eighteen years old this year, and is considered an academic genius. Last year, he was admitted to Harvard University on his own strength.

### **Chapter 1686**

Because of his young age and the reason he has been favored at home, Normen has a strong desire to express himself.

However, he used to behave in front of his parents, and he had no chance to behave in front of his grandfather. Today, he finally seized the opportunity, thinking about the Old Master's ideas, and debating with him, so as to show his extraordinary talents. And wisdom, but did not expect, just a word, annoyed the Old Master soon.

He was about to open his mouth to explain, but he didn't think about it. His father Holden stood up and opened his bow left and right. He drew several big blows on his face, and the corners of his mouth were full of blood. Then he roared with extreme anger: "You read, go inside you dog? Dare to question your grandfather's decision here?!"

"I" Normen covered his face, the whole person aggrieved and wished to die here.

He hadn't been beaten when he grew up so old, and he didn't understand why his father, who had always been doting on him, wanted to suck him into death after one sentence angered his grandfather.

Moreover, it is still in front of the entire family.

At this time, Holden hates this son who is not growing.

He was very aware of the coercion of the Old Master, even his elder brother Zynn, he did not dare to stand up to the Old Master, let alone his ineffective little son?

It's not so popular!

It is very possible that his words will be completely beaten by the Old Master in the future, and after graduation from university, he will not even have the opportunity to return to Su's home to work!

The reason why the Old Master Chengfeng is so hegemonic and authoritarian is greatly related to his growth experience.

When he was young, he had many brothers.

At that time, it was still in the Qing Dynasty. His father not only had many children from seven wives. He gave birth to more than 30 children, including 23 sons alone!

And Chengfeng was just one of these 23 sons.

Just like the ancient prince seizing the first-in-law, Chengfeng had been fighting openly and secretly with 22 brothers since he was a child. After fighting for fifty years, he finally inherited the position of Su Family Patriarch.

Therefore, fifty years of constant fighting made his temperament extremely domineering and cruel.

If someone threatens his Carden, even if it is his son or grandson, he will never tolerate it.

Normen was young and ignorant, and with the aura of genius, he dared to confront Old Su to find a sense of existence. In everyone's eyes, this action was no different from looking for death!

Holden even slapped Normen dozens of slaps, and he almost couldn't stand to faint. Grandpa Su snorted and said: "Okay, don't beat him, let someone take him out, we Continue the meeting!"

Holden's heart was bleeding a long time ago, but the Old Master didn't speak, he didn't dare to stop.

Seeing that the Old Master finally spoke, he put his hands away and suppressed the distress in his heart, and yelled at the servant standing next to him: "Hurry up and get this unfilial son out of my face!"

Several people immediately stepped forward and dragged out Normen, who was vomiting blood, dizzy and tinnitus.

The Old Master Su cleared his throat and continued: "This cooperation with the Japanese will not only win at least 20% of the operating rights of Tokyo Port, Yokohama Port and Osaka Port, but also let them provide at least no less than For all kinds of cargo ships and oil tankers with a displacement of 3 million tons, whoever has the most resources will have the opportunity to become one of us. Therefore, when going to Japan this time, we must take a good look at the true strengths of Ito and Takahashi. In addition, we must force the two of them to use the most resources!"

The eldest son Zynn blurted out: "Father, don't know who you plan to let these two Japanese families cooperate with this time?"

Elder Su was silent for a moment, and then said: "Zynn, you are the eldest son and grandson, and it is time for you to take the lead. This time, you will take the lead!"

Zhifei, the eldest grandson of Su, and the eldest son of Zynn, is 28 years old this year and is the most outstanding male heir of the Su family.

Upon hearing that he was selected, Zhifei immediately stood up and said firmly: "Please rest assured, I will go all out!"

Elder Su nodded lightly, and his eyes fell on the beautiful and glamorous girl beside Zhifei.

It was also at this moment that the Old Master's eyes were finally not so hard. Instead, he was replaced by a somewhat pampering look. He smiled and said, "Zhiyu, you will graduate from Yale soon. It's also time to go out and exercise. This time you will follow your brother, learn more, watch more, and accumulate some experience!"

The beautiful and glamorous girl stood up, bowed slightly, her expression was not lukewarm, her eyes were lukewarm, her tone was neither salty nor free of salt, and said, "Ok, Grandpa, I will."

### **Chapter 1687**

When the Old Master announced that Zhifei and Zhiyu would go to Japan together, their father Zynn's expression became a little proud.

In his opinion, the father gave such an important matter to his sons and daughters, which is evidence that he is the eldest son and is most trusted by the father.

The other heirs are full of envy and jealousy.

The Old Master wants to train Zhifei, and everyone has no opinion on this. After all, Zhifei is the eldest son and grandson. If placed in ancient times, this is the standard crown prince. No matter how strong other princes are, they must bow their heads when they see the eldest son and grandson.

However, let Zhifei go for exercise, and also take Zhiyu along with him. This is really a bit too eccentric!

Under normal circumstances, if you encounter such a thing, you should let the eldest son and grandson take the lead, and then from the second, third, fourth and even fifth family, choose one or two younger generations who are agile and capable of training and let them follow the eldest son. The eldest grandson went out to meet the world together.

However, he never expected that in addition to the eldest grandson in the eyes of the Old Master, there is only the eldest granddaughter he spoils the most!

In other words, this is tantamount to the Old Master showing his position. Except for the eldest grandson, all the other grandsons, in his eyes, are not as good as Zhiyu's female stream!

This can make other families feel extremely uncomfortable.

Everyone in Orgeyon knows that the Su family is thriving.

The Old Master had 22 brothers and a dozen sisters back then. In his line, he still has 13 grandsons and two granddaughters.

But who could have expected that in his eyes, the eldest granddaughter Zhiyu was the most favored.

The reason is that the Old Master has always been strict in his requirements and management of the male heirs of the family, so he and his sons and grandsons have always had a black face.

But the Old Master is also a mortal, and there is softness in his heart. He can't show the soft side to his son and grandson, so he gives the soft side to his granddaughter.

In addition, Zhiyu has been smart since she was a child, and she has been loved by her grandfather. In front of others, the grandfather is a demon with decisiveness, an extraordinary spirit, and an arrogant personality, but in front of his granddaughter, he is an ordinary, kind and doting younger generation lover.

In fact, the degree of doting the Old Master has for Zhiyu can be seen from the name of Zhiyu.

The juniors of the Su family are known for their generation.

Zhifei's name is meant to know right and wrong and not to make detours;

The name of each grandchild can be said to be full of the admonition and vigilance of Grandpa Su to his grandchildren.

Only Zhiyu.

The Old Master gave her this name, which means the joy of knowing fish.

In "Zhuangzi·Autumn Water", a conversation between Huizi and Zhuangzi is recorded. Huizi said that Zi is not a fish, and he knows the joy of fish.

The Old Master named her Zhiyu, hoping that she can be happy, happy, simple and happy. Since she can know "the joy of fish", she can naturally know "the joy of man".

### **Chapter 1688**

It can be said that Father Su's incomparable love for Zhiyu is everywhere.

It is precisely because of this that the entire young talents of Orgeyon are full of desire for Zhiyu.

Solving Zhiyu is not just a glamorous super beauty, a super schoolmaster who has stayed in the United States all year round and received the world's top high-end education, it is also equivalent to the entire Su family.

Someone joked that whoever marries Zhiyu may obtain a huge wealth of up to trillions.

After the Old Master Chengfeng announced his decision, he said to his eldest son Zynn: "Zynn, you and Zhifei and Zhiyu should hurry up to discuss a general plan, and then hurry up to prepare for the journey. The sooner the better."

Zynn immediately stood up and said respectfully: "Father rest assured, I will discuss a plan with the two of them as soon as possible, and strive to leave for Japan tonight!"

Chengfeng nodded and exhorted: "As long as this kind of choice is made, it is particularly important who we contact first. Although the Ito family and the Takahashi family have fallen a bit due to the overall recession of the Japanese economy over the years, their overall strength is still very strong in Japan. Stay at the forefront, and you must carefully decide which one to contact first."

Zynn said immediately: "Good father, we will start the discussion right away and report the results to you as soon as possible."

Chengfeng smiled with satisfaction and said: "Zynn, eighteen years ago, you won Changying and became the most dazzling one among the younger generation of Orgeyon, but in the past eighteen years, you have not been able to achieve greater glory. Of course, you are not to blame. It is our family who has never encountered any decent opponents in China over the years."

Speaking of this, Chengfeng sneered, stood up, and fervently said: "The domestic market has no room for incremental growth. If we want to continue to grow, we must go abroad, go to sea, and develop into the ocean!"

"Otherwise, the veteran families in the West, including Rothschilds, will still pop out and disgust us at odds and ends!"

"Therefore, this ocean-going strategy is a good opportunity for the Su family to create new brilliance, and it is also a good stage for you to lay a higher achievement!"

"If this battle is fought beautifully, I can be considered to be consummated, and I can retreat with peace of mind to enjoy the family happiness. By then, you will be the Patriarch of the Su Family!"

When Zynn heard this, he bowed deeply and shouted loudly, "Father rest assured, Zynn will do his best! Create new glory for the Su family!"

After the meeting, Zynn returned to his mansion with a pair of children with excitement.

As soon as he got home, he called his son and daughter to the study, and said with a high spirit: "My children, this time is a good opportunity for our family to make new achievements in the Su family. You two are going to Japan this time. , We must get the best terms of cooperation. Whether we choose the Ito family or the Takahashi family in the end, we must compress their interests to the extreme and strive for the greatest benefit for our Su family!"

Zhifei immediately said: "Dad, when we go to Japan this time, should we first contact the Ito family or the Takahashi family?"

Zynn asked, "What do you think?"

Zhifei said: "I think it's best to contact the Ito family first, because the Ito family is strong in Tokyo and Kyoto. Tokyo has the Port of Tokyo, and there are Osaka Port and Nagoya Port near Kyoto. In theory, the Ito family is in Ports and shipping have greater potential."

"Yeah" Zynn nodded slightly, and said approvingly: "Your point of view is very reasonable, and I also tend to contact the Ito family first."

Zhiyu frowned and said in a lukewarm tone: "Dad, brother, I think we should first contact the Takahashi family."

"Oh?" The two looked at Zhiyu, and Zynn asked, "Zhiyu, why do you think so?"

## Chapter 1689

Faced with the questions of father and brother, Zhiyu answered calmly: "First of all, although the Ito family has strong resources in Tokyo, and also has good strength in Osaka and Nagoya, Japan's real super seaport is actually next to Tokyo. The port of Yokohama."

"Although the Takahashi family is slightly inferior to the Ito family in Tokyo, they are very tough in Yokohama. It can be said that Yokohama is the base camp of the Takahashi family."

"Secondly, the Ito family is somewhat troubled now, Ito Yuhiko's daughter was seriously injured while participating in an international Sanda competition in Wroclaw some time ago and is currently recuperating. Ito himself loves this daughter very much. The physical condition of the daughter will more or less distract him. Once this person's energy is not full Focusing on our work 100% will have an impact on our cooperation. Even if the impact is only 1%, it is a real impact."

Zynn frowned, "Ito Yuhiko's daughter was injured? I have never heard of this."

Zhiyu said lightly: "I asked someone to investigate the situation of these two companies, including their family's children." The

eldest brother Zhifei couldn't help but give a thumbs up: "Zhiyu, you still think about the problem most. All-round!"

Zhiyu said without a wave: "Brother, don't slap me here anymore. You will be the one who will be alone in the future. I will just help you think about it temporarily."

Zhifei said with a smile: "Having such a good sister, I will really worry about it in the future!"

Zhiyu gave him a blank look and said, "One more thing, I have heard that the Ito family had previously wanted to invest in a Japanese pharmaceutical company named Kobayashi. Pharmaceuticals, this matter will also distract his energy to a certain extent."

Zhifei nodded: "I know that company, Kobayashi Weisan, I have used it before, and the effect is really good, very powerful."

"That's before. "Zhiyu said lightly: "Now, there is a JX Weisan in China, which has surpassed them in product strength."

"Oh," Zhifei said with a smile: "I have a hunch that JX Pharmaceutical will soon emerge. It will catch up with Kobayashi Pharmaceuticals first, and eventually catch up."

At this point, Zhifei seriously suggested: "If possible, I think it's a good opportunity to invest in JX Pharmaceutical now. It's possible that there will be more than ten times the return on investment in a few years."

Zynn waved his hand and said, "No matter how big the pharmaceutical company is, it will be worth 100 billion. It's very big, we still focus on the bigger market and opportunities. This ocean-going project is the key to the internationalization of the Su family."

Zhiyu wanted to say something, but she swallowed it to her lips and ordered Nodded and said, "Get back to the subject, dad, which one do you think we should contact first? I still think that Ito Yuihiko has internal and external troubles, and other things involve energy, or the Takahashi family as a whole is more appropriate."

Zynn looked towards Zhifei asked: "Zhifei, what do you think?"

Zhifei immediately said: "If you listen to people persuading you to eat a full meal, I think you should listen to Zhiyu. After all, those who investigate have the right to speak!"

Zynn Nodded with satisfaction, and said with a smile: "You two brothers and sisters are the most outstanding among your peers. If you two work together, you must be famous throughout the country, and even the world!"

Zhifei said with a smile "I don't dare to compare with Zhiyu. This girl is a pervert. At the age of 22, she is mentally mature and like forty-four. I really don't know what kind of person I have to find in the future to be cured."

Zhiyu glared at him and said angrily: "I want you to worry about my business? Think about yourself first. You have been in love with that Sara for so long, when are you going to confess to her?"

Zhifei with a big embarrassment, he blurted out: "Don't talk nonsense! Sara and I are acquaintances, not even friends."

"Of course." Zhiyu snorted, and said contemptuously: "You meet someone. Even if you can't speak well, of course even friends can't do it!"

## **Chapter 1690**

Zynn on the side of them frowned and asked him, "Zhifei, do you have ideas about that girl from the Gu family?"

"No, Dad" Zhifei hurriedly waved his hand: "I just admire her, simple as that."

Zynn nodded, paused for a while, and then said: "Gu's girl is really good. If you really like her, I don't have any objection. I'm just afraid that your grandpa won't look down on Gu's family, then it will be difficult."

Zhifei Upon hearing this, was overjoyed, and blurted out, "Dad, are you really okay?"

Zhiyu blurted out: "Brother, are you stupid? Can't you hear that Dad is deliberately deceiving you?"

"Ah?!" Zhifei panicked, and hurriedly looked at Zynn: "Dad, what do you mean?"

Zynn sighed and said seriously: "Zhifei, you are not as smart as your sister!"

Zhifei suddenly became embarrassed.

Zynn had a face at this time, saying: "You are the son of the Su family and the third-generation heir of the future Su family, and the strength of the Gu family is really not enough in front of the our family. Your grandfather will definitely not agree to it, nor do I. You will agree, don't forget, the girl from the Gu family has been engaged to Changying's son since childhood, and I and Changying are at odds, and I will never let you marry the girl from the Gu family in future!"

Zhifei sighed: "Dad , When did that happen, the millet is old and rotten, besides, hasn't Changying's son have been missing for many years?"

Zynn looked at him and said solemnly, "Leave aside this matter. Your grandfather once discussed with me about your marriage. He even hopes that after completing the internationalization of the Su family, you can marry the eldest daughter of the top American family. This will be more beneficial to our overseas expansion. Domestically, it is no one who can deserve your."

Zhifei was a little anxious and blurted out: "Dad, I don't like American women."

Zynn said solemnly: "This kind of thing has never been related to liking the word. It's nothing more than a pair, understand?"

Zhifei was a little depressed at once.

Zhiyu on the side reminded him at this moment: "Dad, let me declare first, I don't care how you arrange my brother, but no one is allowed to influence my marriage in the future!"

Zhifei exclaimed, "Hey, Zhiyu ! You just sold your brother like that?"

"No." Zhiyu said calmly, "We are in different situations. If I find a man who can make my heart beat, I will marry him, from the Su family. Nothing has anything to do with me anymore. In the future, I will give birth to children without the surname Su, but you are different. You are going to inherit the Su family."

Zhifei was speechless. The expression is very depressed.

Zynn looked at Zhiyu helplessly, and reminded: "The premise for you to find the object is that he has to be the right one!"

Zhiyu waved his hand: "What is the right one, does not exist, who is this lady fancy? Who, whether he is the king of heaven, or the trafficker."

"Bull\$hit!" Zynn said annoyedly: "In case he is really a pauper, what can you guarantee for your life's happiness?"

Zhiyu curled her lips: "I don't believe it. My dignified Su family, can't afford a pauper?"
