

The Amazing Son In-Law Chapter 1691-1700

Chapter 1691

Zhiyu's words made Zynn mad enough.

He pointed to Zhiyu, and said angrily: "You will also talk about this at home, dare to speak out to see if your grandpa scolds you or not!"

Zhiyu took out her cell phone and said with a smile: "Or I am now going to give grandpa a call and tell him again in person."

"Hurry up and get it down!" Zynn hurriedly said: "It's all right, I won't talk nonsense with you, anyway, the horoscope hasn't been written yet, you two Hurry up and study the matter of going to Japan, and then set off early!"

Zhifei said quickly: "Let's do this, Dad, this matter is just as Zhiyu said. Let's meet the Takahashi family first, and then Ito family, as the departure time of it, I think, try to get earlier, I am now ready to let the crew. What about starting immediately after lunch?"

Zynn nodded and said: "OK, you guys ready to seize the time to look at , After lunch, don't leave in a hurry. Go and report to your grandfather first. Tell your grandpa about your plans and ideas. If he doesn't have any comments, you are ready to set off!"

"Okay, dad." Zhifei agreed, and then hurriedly winked at Zhiyu and said, "Zhiyu, let's go."

Zhiyu nodded and followed Zhifei out of father's study.

As soon as he came out of the study, Zhifei blamed: "You girl really owe to Sara, why do you want to tell dad about Sara?"

Zhiyu chuckled, and said in a playful tone, "Why don't you mention it? You must have been hiding in your heart. Do you really have to accept your fate and obey the family arrangements in the future?"

Zhifei sighed and said, "We are from this background, and we have everything we have on the day we were born. The only part of the feeling is that you don't have autonomy. Don't you know that? Why do you still choke those words with dad?"

"I'm happy." Zhiyu said wantonly, and then rationalized it. With short hair and a resolute expression, she said, "Anyway, Zhiyu's future will never be at the mercy of anyone!"

Zhifei shook his head helplessly: "Okay, I won't talk to you about these meaningless things. This time we are going to Japan. It may take a few days. You can quickly prepare your luggage. After dinner, let's go to Grandpa. Then, we'll be ready to leave after the report."

Zhiyu hummed, stretched, and said lazily: "Hey, it's too early in the morning. I'll get some sleep when I go back to the room. Come call me."

Zhifei looked at her back and sighed heavily: "Auntie, I really will take you with me don't worry."

Tokyo, Japan at this moment.

Marven had been lying down on the top terrace of Kobayashi's house all morning.

Today, Paul is busy resolving the remaining lengthy legal documents with the local business department in Tokyo.

Liang and Ichiro first went to the production base of the company.

Although Qin Gang's medicinal materials will not arrive until the evening, Liang still needs to find out about the production base first, and then arrange the work of transferring JX Weisan in advance.

In this way, after the medicinal materials arrive at night, he can start trial production directly overtime.

Therefore, Marven became the most idle one.

So, he sat on the deck chair on the terrace, enjoying the unique scenery and cold wind from 100 meters above Tokyo.

Zak Chen walked over at this time and said respectfully: "Master if you are idle, shall we go out in the afternoon? Ginza and Shinjuku in Tokyo are very famous."

Marven waved his hand: "I have nothing to do with shopping. You go with Mr. Orvel."

Zak Chen smiled and said: "I have something to go shopping with him, the Old Master, I guess is holding back his energy and wants to try Japanese Special Place."

"Then let him Go." Marven smiled lightly: "That thing is considered legal here, so go if you want."

Chapter 1692

Zak Chen nodded: "If there is nothing wrong in the evening, let him go over and see."

At noon, Marven didn't go anywhere.

He is not familiar with Tokyo, and he doesn't have a lot of favor with this particularly prosperous modern city.

In contrast, he prefers Orgeyon. The city not only has advanced and prosperous modern high-rise buildings, but also has historical sites with hundreds or even thousands of years of history. The cultural atmosphere is very strong, and the foundation is much stronger than in Tokyo.

However, Marven didn't want to deprive others of the right to go shopping because he was not interested, so he sent Zak Chen, Orvel and others out.

The group of people went to the bustling Ginza and Shinjuku for a whole afternoon, and when they came back, everyone had a good harvest, carrying a lot of big and small bags.

In the evening, Zak Chen arranged for everyone to have dinner at a Chinese restaurant opened by one of his staff.

After eating, Marven didn't see anything important, so he said to Zak Chen and Mr. Orvel: "You can move around freely for a while, and you don't have to go around me."

Mr. Orvel asked hurriedly, "Master, do you have any arrangements for a while?"

Marven thought for a while and said, "I'll go out and walk around by myself."

Mr. Orvel smiled and asked, "Master, are you going to Fengyue Street? I heard that the girls on Fengyue Street in Japan are very punctual!"

Marven waved his hand: "Forget it, I want to go to the University of Tokyo and walk around. You should go to Fengyue Street to enjoy it yourself."

"To the University of Tokyo?" Orvel asked in surprise: "Master, what are you going to do there? It's not your alma mater."

Marven said calmly: "It's nothing, just want to go shopping, you don't have to follow me."

Zak Chen hurriedly said, "Master, do you want me to send you a car?"

"No." Marven waved his hand and said, "After spending a day at Ichiro's house, I want to take a walk."

Seeing this, everyone no longer insisted.

Marven came out and got into the subway station next to the building alone. After seeing the route map, he took the subway to the University of Tokyo.

He didn't know why he suddenly wanted to go to the University of Tokyo. Thinking about it carefully, it might be because of Nanako.

Although the girl didn't have much contact with him, she was still stubborn and distressed.

Marven knew that she was not in Tokyo, but knew that she was a student of Tokyo University, so he wanted to take a walk and take a look where she went to school.

At the same time, a luxury business jet modified by Boeing 737 took off from Orgeyon Airport.

Zhifei, Zhiyu brother and sister, and more than a dozen of the Su family members departed to Tokyo together.

The Takahashi family, who had received the news in advance, was very excited about the decision of the Su family to meet them first. The main members of the family had already been waiting at Tokyo Narita Airport in advance.

At the same time, they also booked the best rooms in Tokyo's most stylish hotel, Aman Hotel Tokyo, in accordance with Zhiyu's requirements.

And Yuhiko Ito also received the news. After learning that the representative of the Su family had to meet the Takahashi family first, he was furious.

Coupled with the fact that Marven had taken 4.5 billion USD yesterday, it has been stuck in his mind. The two things superimposed on each other, making him even more angry.

After dropping more than a dozen pieces of precious porcelain in a row, he secretly vowed that if he didn't get the chance to cooperate with the Su family this time, he would make Marven pay double the price!

Chapter 1693

Ito's anger did not come from hypocrisy or narrow-mindedness.

During this time, he has been feeling upset.

First, the beloved daughter was seriously injured, and then the future son-in-law Jiro disappeared inexplicably.

Immediately afterwards, he spent 4.5 billion USD and planned to invest in Kobayashi Pharmaceutical.

The contract was signed and the payment was made. Then, Ichiro suddenly returned and unilaterally declared the investment contract he had signed invalid.

Then, Marven strongly stated that there were no shares, and the 4.5 billion USD would not be refunded. Ito Yuihiko lived so big, he thought he had never seen such a brazen person.

If it wasn't for this kid who seemed to be really strong, plus the Su family was about to come to Japan to discuss cooperation, Ito Yuhiko would really want to kill Marven immediately.

But he did a great deal of tolerance for the Su family's arrival, but the first stop of the Su family's visit to Tokyo was not to discuss cooperation with himself, but to find his enemy, the Takahashi family.

At this moment, Ito Yuhiko's mentality collapsed.

what happened?

Why have I encountered so many problems recently?

Is it to go to the temple to burn incense, worship Buddha, and eat vegetarian food for a few days?

Seeing him fury, Tanaka did not dare to come up to persuade him for a long time.

Until Ito Yuihiko had enough vent by himself, Tanaka Koichi leaned forward and said, "Chairman, you don't have to be so angry about this matter. Even if the Su family gets in touch with the Takahashi family first, it doesn't mean anything. I have received Their message, they will visit the house in the morning the day after tomorrow. We still have a chance."

Yuhiko Ito said with a black face: "For this kind of thing, it is very important for the Su family to choose whom to meet first. It is as if you are talking about a girlfriend in Osaka, and at the same time you have work matters to go to Osaka. Your girlfriend should go to work first, which determines which is more important in your mind."

Hiroshi Tanaka said embarrassingly: "President, love and career are not the same things..."

Ito Yuihiko said angrily: "Then treat you as a playboy, you have two lovers in Osaka, and now you go to Osaka to see them separately, then I ask you, will you choose to see your favorite one first, or first See the one you don't like that much?"

Hiroshi Tanaka hurriedly said: "It may also be that I like both, but I can't meet at the same time, so there must always be an order. If don't know how to choose, maybe I will use lottery or guess coins. It's decided in a way, so it doesn't necessarily represent who I see first, who I like more."

Takehiko Ito raised his leg, kicked Hiroshi Tanaka distractedly, and blurted out: "Go on, I f*cking use you to comfort me here? Why should I go!"

Hiroshi Tanaka stepped back a few steps, and said, "Mr. President, I'm right outside the door. If you have anything, please call me."

.....

At the same time.

Marven has come to the campus of the University of Tokyo.

Although the styles of this city are quite different, the University of Tokyo, like Orgeyon University, is one of the top universities in Asia, naturally with a strong academic atmosphere and a sense of sacredness.

Marven is a very knowledgeable person, but it is a pity that he did not have the opportunity to receive a complete higher education. This has always been a great regret in his heart.

Back then, one of his parents graduated from Orgeyon University and the other from Tsinghua University. When he was a child, he would often follow his parents to visit these two universities, or accompany his parents to participate in some activities of their alma mater.

In the past, he always felt that he would definitely choose one of Orgeyon University and Tsinghua University in the future. After finishing his undergraduate degree, he would choose a top business school from around the world to study in business management.

The heirs of most big families basically follow this line.

Because the members of the big family are also very clear in their hearts that the more they are born in the big family, the more they have to improve their comprehensive abilities, otherwise, they are very likely to be left out or eliminated by the family.

Among the top ten families in Orgeyon, as long as they are young heirs of the right age, it is impossible for anyone to have never studied at university. Of course, Marven is the only exception.

If Marven is not included, the ratio for undergraduates is 100%, and the ratio for postgraduates is also 100%.

Even those people who immediately devote themselves to the family business as soon as they graduate from university will spend their spare time studying for a master's degree in MBA.

It is a pity that Marven is now 26 years old, and he knows very well in his heart that it is impossible for him to return to school to study for a university or for a master's degree, so this has become his eternal regret.

At the University of Tokyo, you can see young people of different skin colors everywhere, dressed in simple and plain clothes, carrying school bags or holding textbooks, and many people appear to be in a hurry.

At first he was still surprised, and seeing the Chinese New Year in more than half a month, why didn't Japanese universities have holidays.

Chapter 1694

After thinking about it, he realized that although Japanese culture was deeply influenced by China and the Japanese people also celebrated the Lunar New Year in the early years, after the Meiji Restoration, the Japanese tried to escape from Asia and enter Europe, so they changed the New Year from the lunar calendar to Gregorian calendar.

Therefore, the biggest and most solemn festival in Japan is actually New Year's Day.

And now, the University of Tokyo seems to have entered the eve of the winter vacation, and the students are actively preparing for the exam.

When Marven strolled around the campus of the University of Tokyo, he couldn't help but think of Nanako studying at this university.

If he hadn't seen it with his own eyes, it would be hard to imagine. A girl who looks so weak is not only a top student from the University of Tokyo, but also a powerful Sanda fighter.

This girl is really full of very polar contradictions.

When he approached the library, Marven was even on the street light pole and saw Nanako's support poster.

The poster has a photo of Nanako wearing a school uniform, and her smile is really eye-catching.

The content on the poster is to call on students from the University of Tokyo to support Nanako in participating in the Wrestling International College Sanda Competition.

They even labeled Nanako as “No. 1”, “Pride of Japanese Women” and “A Strong Contender for Olympic Gold Medals.”

Marven looked at it and couldn't help shaking his head.

These labels are all put on by classmates who have high hopes for Nanako.

However, these labels have also caused moral kidnapping of Nanako to a certain extent.

It's like telling Nanako all the time that you must win, or else I'm sorry for the strong expectations of us all.

Compared with this kind of utilitarian support slogan, Marven feels that it is better to simply say to her: “Just work hard, and we will support you even if you fail.”

Thinking of this, Marven shook his head and sighed, took out his mobile phone, and procured this cinema poster as a souvenir.

Seeing that it was not too early, and it was completely dark, he stepped out of the University of Tokyo.

After leaving the University, on the roadside, a girl who sang with a guitar attracted his attention.

There are many people playing piano and performing arts on the streets of Japan, but this girl plays and sings a Chinese song.

This song is Pu Shu's “Ordinary Road”.

The phrase “I have crossed the mountains and the sea, and also through the sea of people, everything I once possessed, all of a sudden disappeared like smoke”, it suddenly hit Marven's heart, making him stop.

This girl looks like she is about twenty years old. She is a little thin and not long enough, but she is pretty.

The little girl can sing very well, but many Japanese people passing by, probably because they don't understand, they pass by her indifferently, without even looking at her.

And the guitar box in front of her contained only a small amount of yen. If converted into RMB, it might not add up to fifty.

Marven inferred from the little girl's pronunciation that the girl should be Chinese, so after the girl finished singing the song, he asked: “Is it Chinese?”

The little girl nodded, smiled sweetly, and said: "I am from Sichuan Province, are you also Chinese?"

Marven smiled and said, "I am from Wrestrvel."

After speaking, Marven asked her: "Are you working or living in Japan?"

"Going to school." The little girl pointed to the University of Tokyo not far away, and smiled: "I study here, occasionally come out to sing and make some money to subsidize living expenses."

Marven nodded, took out the wallet from his pocket, took out about one hundred thousand yen, and put it in the guitar case in front of her.

The girl was taken aback, and hurriedly waved her hand: "Sir, you don't need to give so much money..."

Marven smiled slightly: "It is a pleasure to meet a compatriot in another country."

With that said, afraid that the girl would return the money to him, he turned around and left.

At this moment, several young Japanese men came to the girl, one of them snatched her guitar, and yelled, "Who asked you to sing here? Tell us Bunkyo Has the runaway group said hello? Also, what song are you singing now? Are you looking for death?!"

Chapter 1695

Japan is a country where gangs are legal, and there are various gang organizations in the society of this country.

The famous movie star Jackie Chan once starred in a movie called "Shinjuku Incident". The story background in the movie is the Japanese gangster.

In Japan, the Yamaguchi Formation and Inagawa will naturally be the big bosses at the top of the food chain.

However, not all gangsters are members of the Yamaguchi group and Inagawa.

In fact, there are small-scale gang organizations in various cities and districts.

These organizations generally like to call themselves "rogues."

The favorite thing these tyrants do is to ride a roaring motorcycle with a variety of cold weapons, and fight fiercely against others in the streets and alleys.

Of course, more often it is actually bullying the soft and fearing the tough, and bullying the market.

The girl who played and sang, seeing a few rioters getting trouble with her, hurriedly begged: "Sorry, don't know this is your site, I won't come next time, please forgive me this time."

“Aren’t coming?” The gangster who snatched the girl’s guitar sternly reprimanded: “If every unruly person can get away with just one sentence if he won’t come next time, where do we put the face of Wenjing gangster!”

The girl asked nervously, “Then... Then how can you let me go?”

The mobster glanced at the cash in the guitar case in front of her. It was obvious that there were at least one hundred thousand yen here. For these idle mobsters, this was a lot of wealth, enough for them to spend a day or two.

Therefore, he sneered: “It’s easy to let us let you go, leave the guitar and the money!”

The girl bit her lip, hesitated for a moment, then said with tears: “Okay...I will give you the guitar and the money...”

Another violent clan immediately reached out and grabbed all the money, greedily put it in his pocket, then winked at the other people, and said: “Brothers, there is something tonight! Go to the bar to have a good night!”

The girl choked up and asked, “Then can I go?”

The mobster with the guitar looked at the girl up and down, and said with a wry face, “Don’t go! I think you look good, so let’s take your guitar and sing a song to the brothers, and then Go to the bar with your brothers for a night!”

“No!” The girl took a few steps back subconsciously, turned around and wanted to escape.

Unexpectedly, the man suddenly rushed over, grabbed the girl by the wrist, and sneered: “Want to run? Don’t ask me who Onizuka Ryuji is!”

Passers-by cast their curious and lively gazes, but Onizuka Ryuji immediately shouted: “What are you looking at? The Bunkyo runaway group does things, and who is not afraid of death, just stand still!”

As soon as these words came out, the passers-by who were onlookers suddenly became scattered.

This society seems to be highly polite, but in fact everyone is indifferent.

This kind of indifference is polite on the surface, but shunned by the heart.

No one wants to cause trouble to others, let alone trouble themselves.

Therefore, naturally no one is willing to do what is right at this time.

Just when Onizuka Ryuji was proud of everyone’s avoidance, a gloomy voice rang in his ear: “Let her go!”

Onizuka Ryuji turned around and followed the reputation. Seeing that it was the man who had just given the girl one hundred thousand yen, he sneered: "B*stard! Do you still want to be a hero to save the beauty?! Do you know that I am from the Bunkyo gang!"

Marven said indifferently: "I don't bother to care which group you belong to. If you don't let her go, you will do it at your own risk!"

Chapter 1696

Onitsuka Ryuji laughed presumptuously, and gritted his teeth: "You don't even look at Bunkyo's runaway group, boy, you are dead today!"

The girl was shocked and hurriedly shouted: "Sir, go away! They are all members of the runaway group! The Bunkyo runaway group is the largest violent organization in the entire Bunkyo district, and you can't afford them!"

Marven touched his nose, looked at Onizuka Ryuji and said with a smile: "I heard that there are 23 districts in Tokyo. Doesn't that mean that there are at least 23 groups in Tokyo like your Bunkyo Bandit One?"

Onizuka Ryuji asked angrily: "So what? Our Bunkyo runaway group ranks in the top five in Tokyo! Can you afford it?"

Marven snorted: "You can't provoke it or not, I will know after you provoke it!"

"b*stard!" another mobster shouted angrily: "Boy, you are too arrogant!"

Onizuka Ryuji winked at those people and shouted sharply, "Kill him to death!"

When the other people heard this, they immediately pulled out the forearm iron rods from their waists, swarmed up, and rushed towards Marven.

These people, without exception, are all ordinary gangsters, and their strength is almost equal to zero in Marven's eyes.

Therefore, he was not afraid of so many people rushing to him at once.

At this time, the girl who was caught tightly by Onizuka Ryuji shouted: "Sir, be careful! Run!"

"Run?" Marven smiled, "Dignified boy, how can you run?"

After that, his eyes suddenly became cold.

Immediately afterwards, the four people who rushed towards him suddenly felt a flower in front of them, only that Marven's right leg seemed to move very fast, kicking four feet in an instant.

Before they could see Marven's figure clearly, their abdomen was hit by a huge force. All four of them were kicked in the abdomen by him. The whole person immediately flew out uncontrollably, all in a parabolic posture. Fell into the green belt on the side of the road.

Although Marven deliberately reduced most of his strength so as not to be directly fatal, the four of them were still severely injured. They fell into the green belt one by one, and couldn't get up at all, as if they were kicked. Half-life.

Onitsuka Ryuji and the girl who was caught by him looked dumbfounded.

Especially Onizuka Ryuji.

He never dreamed that Marven had such a strong strength, and the four men were kicked when they went up. Isn't this kicking on the iron board?

Thinking of this, he hurriedly took out a small dagger from his pocket, pointed it at the girl's neck, and threatened nervously: "You, you...Don't come here! Or I will kill her!"

Marven said coldly: "If you let her go now, I will neither beat you nor scold you."

Onitsuka Ryuji heard this, and his eyes revealed a kind of joy after the disaster.

He was about to ask Marven if his words counted.

Then Marven continued: "I only need one of your right arms as punishment, so you can use at least one arm in the future."

"What?!" Onizuka Ryuji almost collapsed.

Don't hit me or scold me, "just" want me to have a right arm!

Are you a f*cking devil?

At this time, Marven continued to say without expression: "I'll give you the opportunity, but if you still resist, then I will abolish your two arms and let you even use the toilet and wipe your a** in the future. No! I'll count three seconds, consider it yourself!"

Chapter 1697

Onitsuka Ryuji felt a deep chill, and hit the sky from the soles of his feet!

He had never seen someone like Marven, such a cruel person, not only was a bit perverted with strong strength, but even spoke with a cruel strength that was countless higher than that of the Bozou clan.

The rioters threaten others, it will always be you who are looking for death, and I will kill you and other unnutritious words.

It is possible that the throat is screaming dumb, but in the end there is no fight at all.

But isn't it like this in the arena? Three points rely on momentum, three points rely on face, and the remaining four points rely on the means of fighting for power.

But this guy, when he opened his mouth, he said lightly that he wanted his right arm? Is his arm like a motorcycle tire? Say you can remove one without blinking? !

Seeing that this kid was stubborn, Marven lost his patience and said coldly: "I originally wanted to leave you an arm, but you just didn't want to be on the road. If that's the case, don't blame me for being impolite."

Onitsuka Ryuji was guilty, but yelled hoarsely: "b*stard! You Chinese had better keep a low profile! This is Japan! It's Tokyo! Are you afraid that my brothers will hack you to death?!"

Marven smiled indifferently: "Your brothers? Are they all lying in the green belt."

Onizuka Ryuji said loudly, "We have five hundred people in the Bunkyo Runaway Group! One person can beat you into flesh with one punch! No matter how you dare to take care of your nostalgia, just wait for our Bunkyo Runaway Team to kill you!"

Marven snorted coldly: "Noisy! Don't talk about the runaway group, even if your Heavenly King Yamaguchi team comes, I won't take it seriously."

Onitsuka Ryuji's legs were frightened by Marven's words!

What's the source of this guy? ! He dares to talk about the Yamaguchi group with contempt? ! Is he really not afraid of death? !

He almost collapsed. He just wanted the evil star to leave quickly, so the tip of the knife pressed against the Chinese girl's neck and shouted nervously: "If you don't go away again, I will kill this woman!"

Marven said with a gloomy expression: "If you dare to hurt her today, I want everyone in the Wenjing gang to be buried together!"

Onizuka Ryuji is really going to collapse.

Why doesn't this person eat soft and hard? Moreover, looking at his posture when he speaks, it seems that if he really hurts this girl, he will really kill all the members of the Bunkyo gangsters...

What kind of perversion is this? !

At this time, Marven had exhausted his patience. He grasped the zipper of the jacket with his fingers, twisted his fingertips lightly, and he directly took off the metal slider of the zipper.

However, Onizuka Ryuji didn't see the movements of his hands, thinking that Marven was just finishing his clothes.

Immediately afterwards, Marven shook his hand. Before Onizuka Ryuji recovered, he felt a sharp pain in his right hand. The pain immediately dissipated the power of his palm, and the dagger involuntary fell to the ground!

He was shocked in his heart and looked at his right hand, only to find that a piece of metal zipper pull was inserted into the back of his right hand!

At this time, the girl seized the opportunity in time, her arms suddenly broke free of his restraints, and ran to Marven quickly.

At this time, Onizuka Longer didn't dare to come forward and chase him. He looked at Marven in amazement. After hesitating for a second, he immediately held his right hand, turned his head and ran!

Because the girl was singing on the side of the road, facing the sidewalk, now Onizuka Ryuji ran in the opposite direction and rushed directly onto the road.

Chapter 1698

Seeing that he was about to escape, Marven immediately took a step and chased him. The girl said nervously, "Sir, stop chasing, it's dangerous!"

Marven said coldly: "I have said that should have two arms, and can't break his words, so as not to let international friends not laugh at me!"

Onitsuka Ryuji heard Marven's remarks, his fear in his heart increased sharply, and he ran a little faster under his feet, almost trying his best to escape.

Just as he rushed to the middle of the road, a car suddenly couldn't get away, hit his lap and knocked him out at an angle.

After Onizuka Ryuji was hit, his whole person lost his balance completely, and he slumped to the side lane.

At this time, on the side lane, a convoy composed of Rolls-Royce was passing quickly.

Onitsuka Ryuji suddenly became uncontrollable and rushed in front of one of the Rolls-Royces. The Rolls-Royce was too late to dodge, and then rolled over his arms!

Hearing only two clear cracking sounds, the three-ton Rolls Royce directly broke Onitsuka Ryuji's arms!

Rolls-Royce braked, and then the entire Rolls-Royce team stopped.

In the Rolls-Royce car that broke Onitsuka Ryuji's arm, a young man with an angry expression came down. He was about twenty-six or twenty-seven years old. When he got out of the car, he angrily kicked between Onitsuka Ryuji's ribs. He screamed: "b@stard thing! Did you know there is a distinguished guest in my car?! It doesn't matter if you are dead, it shocked the distinguished guest in my car, and I threw you down!"

Onitsuka Ryuji's arms were crushed, and he wanted to die in pain, but being kicked over with this foot made him cough violently.

However, he raised his head weakly and saw the man kicking him. He was so frightened that he cried and said, "Taka...Mr. Takahashi, I didn't deliberately hit you. I was caught by the man behind. Chasing and rushing to escape, only then fell under your wheels, please forgive me..."

The young man who walked down from the Rolls-Royce is the eldest master of the Takahashi family, Eiki!

He had just picked up Zhifei and Zhiyu from Narita Airport and was about to escort them to the Aman Hotel where they were staying, but he didn't expect something like this to happen on the road!

Moreover, Zhifei and Zhiyu were in the same car with him. He was sitting in the co-pilot and proudly introduced to the two siblings that there would never be a pedestrian running a red light in Tokyo when the Onitsuka Ryuji suddenly ran into a red light!

This incident simply slapped Eiki in the face with lightning speed, and also shocked him, Zhifei and Zhiyu.

Fortunately, there is nothing wrong with the two of them. Otherwise, if it affects the cooperation and negotiation of the next two, wouldn't it be a mistake?

Therefore, he slammed on Onizuka's body in anger and looked at Marven who was chasing him.

He pointed at Onizuka Ryuji at his feet, and asked Marven coldly, "Did you chase this person to the middle of the road?"

Marven frowned: "It's me, do you have an opinion?"

Eiki angrily roared: "Enough to live, right? Do you know who I am?"

Marven squinted his eyes and snorted coldly: "Don't know who you are, and I don't bother to know who you are. I only know that the two arms of the person under your feet are reserved in advance by me. Now you broke his two arms, so you must give me a satisfactory explanation!"

Eiki was stunned, and asked dumbfounded: "What did you just say?!"

Marven looked at him and asked contemptuously: "What? Didn't you hear what I just said? Seeing that you dress up like a dog, do you still suffer from intermittent deafness?"

Chapter 1699

At this moment, Eiki almost exploded in anger.

He is the eldest son of the Takahashi family and the rising star of the family. Not only does he have an extraordinary position in Tokyo, he can be regarded as widely known even in Japan.

To some extent, his status in Japan is very similar to that of the national man who was very popular in the past few years.

Because of this, Eiki's character has always been rebellious. In his dictionary, there are no words for tolerance and bullying.

Seeing that this young man who was about his age ignored his Carden and identity, he choked with himself, and even questioned whether he had intermittent deafness. In his opinion, it was a crime worthy of death!

So, he immediately waved at the front and rear vehicles, and a dozen strong men in black suits immediately descended from a few Rolls-Royces.

These people, without exception, are all bodyguards of the Takahashi family, and they are top masters.

The bodyguards got out of the car and surrounded Marvin. Everyone looked at Marvin and at the same time looked at Eiki. As long as Eiki said a word, they would attack Marvin.

At this time, Zhifei and Zhiyu in the car exchanged glances, and Zhifei said: "There is no fraud in this matter, right?"

Zhiyu shook her head: "It shouldn't be. If someone really wants to do something, they will never do it on the streets of downtown Tokyo, Japan. Isn't the viaduct from the airport to the city more suitable than here?"

Zhifei relaxed, smiled, and said, "He must have a hard time hanging on his face. Just after he said that no one ran the red light, he bumped into one."

After that, Zhifei raised his eyebrows at Zhiyu again: "I feel that Eiki seems to be a little bit interesting to you. This kid is also very handsome. There are five people. Would you like to consider it?"

Zhiyu said firmly: "I would never consider Japanese men."

"Why?" Zhifei said: "Japanese men are at least similar to Chinese men, with less body hair and no body odor. If you change to men from Europe, America, Latin America, and Africa, that would be indescribable."

Zhiyu curled her lips: "Don't say I haven't thought about falling in love now. Even if I fall in love, I must find a pure Chinese."

Zhifei asked again: "Why?"

Zhiyu said indifferently: "When two people get along, they have the same culture, the same tradition, the same habits, and the same cognition. It will save a lot of worry. If I tell my boyfriend, I want to go to Dunhuang to have a look. At Mogao Grottoes, he replied to me, "Where is Dunhuang? What is Mogao Grottoes?" I can slap him to death!"

Zhifei laughed: "My dear sister, don't have such a strong character. Is it okay to beat your boyfriend at every turn in the future?"

Zhiyu said: "I'm just making an analogy with you to let you know that Chinese men and Chinese women are the best combination, so you should never blindly pursue any foreign love in the future."

Zhifei sighed and didn't want to continue talking about this topic. Instead, he looked out the window and saw that Marven was surrounded by so many bodyguards, and his expression was not scared at all. He couldn't help but smile: "This Japanese guy he is kind of kind, surrounded by so many bodyguards, I'm not afraid at all."

Zhiyu nodded and hummed: "Maybe your brain is not so good?"

Zhifei smiled and said, "Don't say it, this Japanese guy is pretty handsome."

Zhiyu smacked his lips: "Pray that he won't be beaten and disfigured by Eiki Takahashi later."

Zhifei helplessly: "Why is your mouth so poisonous?"

Chapter 1700

Zhiyu asked back: "Do you know me from the first day?"

.....

At this moment, Eiki was looking at Marven coldly.

He wanted to give an order to let people beat Marven to death.

However, after all, this place is near the University of Tokyo and a downtown area. So many people watched it. If it is done publicly, all kinds of public relations will be inevitable in the follow-up.

In addition, there are two distinguished guests in the car, especially Zhiyu, who is quite appetizing of him, and he has to maintain sufficient demeanor in front of her. If he shows the overbearing and violent side, it will definitely affect her impression of himself.

So, he looked at Marven, snorted, and said high up: "Boy, today is your lucky day, I don't want to be familiar with you, you kneel and knock me three heads, this matter is over!"

Marven seemed to hear a joke: "You seem to be a little confused about the situation. The crux of the problem now is that you still owe me two arms!"

"You..." Eiki was really convinced, and he thought to himself: "It's kind to give this kid a way to survive, but he ran into the road to death. If I take advantage of the situation to beat him, no one will blame me?"

Thinking of this, he gritted his teeth and said: "Good boy! I give you face, not to make you cheek! Since you don't want your face, then don't blame me for being impolite!"

After speaking, he immediately shouted at the bodyguards: "Hit him for me!"

As soon as the voice fell, a thin girl suddenly rushed into the crowd, it was the girl who was playing and singing on the street.

The girl rushed in and stood in front of Marven, blurting out: "I'm sorry, this gentleman clashed with the mobster to protect me, and I hope you don't embarrass him!"

As she said, she bowed to everyone.

At this time, Marven directly stopped the girl and said lightly: "These people are not worth your bow to them, go and wait."

"He is Eiki Takah..." The girl shed tears anxiously: "He is one of the most powerful second-generation rich in Tokyo. If you mess with him, you will have a lot of trouble!"

Marven said lightly: "I don't care if he is a high bridge, a low bridge, or a dangerous bridge. He owes me two arms today, and he must return it."

Having said that, Marven gently pushed her, and said: "Hurry and hide, otherwise if I am distracted and injured because of protecting you, you must be upset, right?"

The girl was pushed out by Marven and subconsciously wanted to break in again, but when she thought of Marven's words, she suddenly hesitated again.

She saw Marven's skill just now, knowing that Marven is not an ordinary person, maybe he has the ability to compete with these people, but if he is injured because of being distracted by her, then she is really to be blamed!

Thinking of this, she had to stand aside nervously, the phone in her hand had already entered the emergency number, and planned to call the police as soon as the situation was wrong.

At this time, Zhiyu in the car looked at Marven and couldn't help raising her eyebrows, and said to Zhifei, "Hey, the Japanese guy in your mouth is actually a Chinese!"

Zhifei sighed: "Since I am a Chinese, I should know the reason why a strong dragon does not suppress a snake. Why is he still against Eiki? This kid has a bit of a tiger character..."

Zhiyu shook his head and said regretfully: "This guy looks pretty good, but I didn't expect his brain to not work well..."
