

The Amazing Son In-Law Chapter 1701-1710

Chapter 1701

Seeing that Marven was surrounded by so many bodyguards, Zhiyu had determined in her heart that he was in a disaster today.

However, she had no sympathy for Marven.

Because she didn't see the whole cause of the incident, she only saw Marven desperately chasing a man on the road, causing the man to be hit by a car, and then his arms were broken by the car.

Just so, it was already a bit bloody and cruel, and she didn't expect Marven to accept it before seeing it, and even choked with the young master of the host family. It was simply a brain problem.

At this time, Eiki saw that the time had been delayed for a long time, and his endurance had been completely exhausted. He immediately ordered his opponents: "Fight me! Only one breath left. Together with this person under my feet, you will be thrown into the Rubbish Heap!"

More than ten bodyguards gathered around Marven for a long time, waiting for these words.

With an order from Eiki, they quickly rushed to Marven, and everyone tried their best for fear of falling behind.

After all, Marven is only one person. In their eyes, this is the standard of more monks and porridge. Everyone is a top master. If anyone is a little slower, this kid may notice them.

In that case, those who lag behind will have no chance to show their strength in front of the young master!

Seeing so many people surrounding Marven, Takahashi suddenly shrank the encircling circle, and a sneer of mockery was wiped from the corner of his mouth.

"A little man, dare to confront Eiki on the streets of downtown Japan. Isn't this a death-seeking thing?"

"It's a pity that, as the eldest master of the Takahashi family, it is not convenient for me to personally shoot in front of so many people. Otherwise, I really want to destroy you by myself!"

Eiki was expecting to see Marven's dying appearance immediately, but he didn't expect that a few screams of horror and pain suddenly came from the encircling men made up of more than ten masters!

Immediately afterwards, several people on the periphery of the encirclement circle flew out one after another!

"what!"

"pain!"

“This kid, is he a human?!”

Accompanied by these few hoarse roars, several people flew out, and then fell heavily to the ground.

One of them flew to the feet of Eiki in a daze!

The subordinate was grabbed by Marven’s in the neck and threw him out directly, so he lay heavily on Eiki’s feet, and with a bang, Eiki was startled!

Immediately afterwards, the man raised his head with great difficulty, his forehead was already full of blood!

The man looked at Eiki with extremely painful eyes, and said, “Young...Young master...”

Immediately after that, there was a pop, and a large cloud of blood mist was ejected from the mouth!

This large mass of blood mist was sprayed on Eiki’s vamp and trouser legs, and the white trousers were completely stained red with blood!

Eiki hurried back half a meter in fright, and saw that his subordinate said in great pain, “Mr....that b@stard... so awesome... .”

After finishing talking, he lay down on the ground again with a loud boom, completely losing consciousness!

Eiki felt that his brain was instantly energized with high voltage!

what happened?!

These bodyguards are top masters! Even Master of Masters!

Why did he get down on the ground like a waste in front of that kid? !

Before he could understand the situation, several other people were also defeated by Marven one after another!

These so-called masters fell to the ground one after another, just like a bowling pin that was hit by a bowling ball.

Suddenly, besides Marven, only Eiki Takahashi stood alone.

Chapter 1702

Zhifei and Zhiyu in the car were also shocked!

Zhifei swallowed his saliva and exclaimed: “This kid... is too strong?!”

Zhiyu was also dumbfounded, and blurted out: “He is indeed a top expert, it seems that I underestimated him just now...”

At this moment, Marven had already put down all the bodyguards and walked towards Eiki.

While Eiki was trembling with fright and his legs were weak. He wanted to escape, only to find that his legs didn't listen at all.

And he knew very well in his heart that this guy was so powerful that he couldn't escape it...

So, he could only say in horror: "What do you want?! I tell you, I am the youngest of the Takahashi family!"

Marven went up and slapped Eiki's face severely, and said coldly: "I care what bridge master you are, now let's talk about what you owe me two arms!"

Eiki was dizzy by Marven's slap!

He grew up, he has always been spoiled, pampered, and held in the palm of the hand by countless people like stars holding the moon. When has he been beaten?

Moreover, he was slapped in the street!

This is really shameful!

Eiki Takahashi clutched his swollen face, gritted his teeth and roared: "b*stard! Do you dare to hit me?! Beware that I want your life!"

Marven stretched out his hand and patted his face, and said faintly: "It's just a skin test for you. I said, you owe me two arms!"

After all, Marven didn't bother to talk nonsense with him, grabbing his right wrist directly, and shaking his hand was just a twist.

Immediately after hearing a "click", Eiki's right arm had broken from the elbow, and his pain was so great that he cried, his nose and tears flowed: "It hurts... my arm hurts so much. Up..."

Marven remained unmoved, and said: "This is just one piece, you still owe me one, come on, stretch out your left hand!"

Eiki was trembling in pain, and his face was extremely pale. He really realized that Marven hadn't joked with him this time.

Panicked, he knelt on the ground with his knees soft, crying and begging: "Brother, I'm sorry, it's me! I shouldn't be entangled with you, please forgive me, don't take my left arm it will be a waste...I beg you..."

Marven said with a grim expression: "Everyone is an adult, and you have to be brave enough to bear it, instead of kneeling down and begging for mercy!"

After speaking, Marven asked again: "Do you think that if you ask me, I will spare you?"

Eiki was almost shocked.

What is this guy going to do?

Does he really want to scrap both arms?

In that case, wouldn't he be a useless person? What if he turns around and kills him?

Thinking of this, he wailed loudly, and pleaded with trepidation: "Sir, I am willing to pay you a sum of money, how about 100 million yen? As long as you nod your head, I will give you money!"

Marven said coldly: "Don't talk about these useless things, even if you give me 100 billion, you can't keep this arm."

At this time, Zhiyu in the car couldn't stand it anymore, and said, "Brother, we can't just sit back and watch this matter, otherwise it won't be justified."

"Man?" Zhifei blurted out: "Are you crazy? Didn't you see the strong power of this kid? What if he even beats you?"

Zhiyu said earnestly: "I'm going to reason with him, or know it with affection and move it with reason, otherwise we will sit in the car and watch Eiki Takahashi being deposed, which is not in line with the justice of the world."

"Oh, no! Safety first!"

Zhifei was persuading, Zhiyu had already opened the car door and went straight out!

Chapter 1703

Seeing that Marven didn't move at all, Eiki felt that he was going to be cold today.

Because at this time, he is no longer available.

Even if he is now calling a master from the family to help, it is too late.

When Eiki Takahashi was desperate, the door of the car next to him suddenly opened.

Zhiyu stepped out of the car and said to Marven: "You gentleman, you are Chinese. You have to be forgiving. You don't understand the things?"

Marven didn't expect that someone would dare to give this Eiki a head start.

Moreover, she is still a woman.

He frowned and looked at Zhiyu, and asked in a cold voice, "You should be Chinese too when I hear you? Why Want to intercede for this little kid?"

Zhiyu said blankly, "I'm not pleading, I just advise you not to be a man in the wild, you should stay in the line of everything."

Marven smiled and asked her: "Just now, he asked those dozen or so people to gang up on me, why didn't you stop him and persuade him to stay a line in everything?"

Zhiyu was stunned by Marven's question.

Just now, a thought flashed in her mind, if Marven couldn't hold it and his life was in danger, she would definitely have to come down and stop Eiki.

However, she knew very well in her heart that he would definitely not believe what she said now.

So she opened the mouth and said: "A dozen people beat you up, haven't you been injured? Since you are not injured, why don't you leave some room for the other party?"

Marven sneered and asked, "He doesn't give me the room, why should I give it to him?"

Zhiyu blurted out: "You gentleman, let's just talk about things. What happened just now was that you made a mistake first. This is the main road, not your back garden. You chasing and fighting people on this road are inherently wrong. First, and after that person was chased by you, he was finally crushed by this car."

Marven smiled and said, "Then I ask you, do you know why I chased that kid just now?"

Zhiyu said coldly: "don't know, I don't want to know, don't say anything else, you chase each other on the street, this itself is very rude."

Having said that, Zhiyu said again: "You were wrong in this matter, but you did it to Mr. Takahashi for no reason, and you still attacked him for no reason. This is justified, right?"

Marven snorted: "Girl, I don't think you are like a treacherous person, why do you want to defend two idiots? And there are still two s*umbags?"

"scm?" Zhiyu asked back: "Then I ask you, why are the two scm in your mouth, one was chased by you and caused a car accident, the other was crippled by you?"

Marven said disdainfully: "The term fake pious, used on a superficial person like you, could not be more appropriate!"

Zhiyu was a little angry, but asked, "Hey, what did you say?! I'm superficial?"

Marven nodded: "Yes, and very superficial!"

After a pause, Marven said again: "The more superficial people, the more they believe what they see. Let's not talk about what evil this kid who was crushed by the car did, just say that this guy with the surname Takahashi, gets off the car. Just pretend to be non-stop with me and let so many people work

on me together. Do you think this person is innocent? If I were a little less skilled, I would have been beaten to death by those bodyguards a while ago!”

Zhiyu’s angry chest continued to rise and fall, and said angrily: “I just want you to be forgiving. You have broken one of his arms. Isn’t that enough?”

“Not enough!” Marven said blankly: “I just said, I will have two!”

“you.....”

Zhiyu was really angry.

She didn’t expect this kid to be so defiant!

Chapter 1704

In fact, she also knew that Eiki had the current fate, and he was to blame.

But she still hoped that Marven could stop here by moving with affection and reasoning, and don’t really scrap both of Eiki’s arms.

Although Zhiyu is not very old, she received elite education from a young age and stayed in the United States for many years, so she can be regarded as a standard business genius.

Therefore, she has an account in her heart for what she does.

For example, this time, as the representative of the Su family, she came to discuss cooperation with the Takahashi family. Before the cooperation was discussed, Eiki was beaten as a useless person. If she sits idly by, it would be inappropriate to not say anything about it. Not only does it seem that she is not very righteous, but it also affects the specific details and progress of the subsequent two talks about cooperation.

Therefore, she has come to stop him with emotions, reasoning, and interests.

Even if she didn’t use it to block f@rts, Eiki was still abandoned by Marven, at least she had tried hard, and she could have an explanation for her heart and the face of the Takahashi family.

Of course, the best situation is that after she comes forward, the young man in front of her can give her some respect, and when she sees it, she will take care of Eiki.

In this way, not only can she live well in his heart and face, the Takahashi family will also owe her a favor. When she discussed the specific details of the cooperation later, she can even use this to ask the Takahashi family to sell more and get multiple benefits.

However, what she did not expect was that the hostility in this kid’s temper was so heavy!

Seeing his posture, he must abolish Eiki!

So, she suppressed the anger in her heart and said: “You gentleman, I am from Orgeyon...”

Before she finished speaking, Marven interrupted her directly and said with a little dissatisfaction: "You lady, you don't need to tell me who you are, and I don't want to know, let alone try to suppress me with your identity. Because even if you are a heavenly king, I won't give you half face in this matter today, have you heard me clearly?"

Zhiyu's mood was a bit untenable!

Since childhood, no one has dared to speak to her in this tone.

She has long been accustomed to the feeling of being respected and complimented wherever she goes, but she did not expect that the guy in front of her would really not give any face!

Even, he didn't even let her finish speaking!

The urge in Zhiyu's heart was immediately ignited by Marven. She snorted and said angrily: "I'll take care of this matter today! If you dare to move him, I will definitely make you regret it!"

Marven smiled playfully: "Make me regret?"

Zhiyu said confidently: "Yes!"

As soon as Zhiyu finished speaking, she heard a click from the side, and then, Eiki's miserable cry came out!

She immediately looked at Eiki, and saw that his left arm had obviously been twisted by Marven, now with both arms shrugged in front of her, crying loudly in pain!

Zhiyu looked at Marven angrily, and shouted: "What the h*ll is going on with you? You must have trouble with me?"

Marven shook his head: "Don't be affectionate. don't know you at all. Why should I have trouble with you? You are air in my eyes."

After all, Marven didn't bother to look at the two of them again, took back all the money he had robbed from the singing girl from the pocket of Onizuka Longer who was lying on the ground, and then turned around and came to the singing girl.

"Take the money away and don't come out to play or sing in the future."

The girl whimpered with grateful tears and choked: "I'm sorry, I'm causing you trouble..."

Marven shook his head and said, "If you are in a foreign country, you must take care of yourself. I'm leaving now."

After that, he turned and left the scene.

Zhiyu was so angry that she clenched her fists, staring at his back and shouted: "b*stard, stop for me!"

Chapter 1705

Hearing Zhiyu's angrily shouting behind him, Marven dismissed it without turning his head.

Zhiyu grew up so big and had never been so despised, so she was naturally very angry.

There are almost no girls in the Orgeyon wealthy family who are not self-righteous, but they are just about the importance.

Zhiyu is regarded as the top existence in Orgeyon, and even among the wealthy daughters in the country. Therefore, both self-esteem and self-righteousness are slightly higher than ordinary people.

Therefore, being despised by Marven without looking back, made her whole popularity stomped straight.

However, she was also very clear in her heart that she was not Marven's opponent at all, and she was not familiar with his life in Tokyo. There was no other way except to get angry.

Just as Zhiyu was very angry, Eiki shrugged his two broken arms and came to Zhiyu and the girl who sang. His expression was extremely gloomy, staring at the girl who sang, and asked viciously: "Say! Who is that guy?! What is his name, where does he live, and what is his background?!"

The girl said with some horror: "I don't know that gentleman..."

"bulls*it!" Takahashi yelled angrily: "Do you think I'm a three-year-old kid? You don't know if you don't know me? If you don't tell me honestly, I will kill you!"

Zhiyu glared at him and said coldly, "Mr. Eiki, it's not appropriate to yell at a little girl, right?"

Eiki came back to his senses a little bit, suppressing the anger in his heart, gritted his teeth and said: "Miss Su, you saw it just now, that b@stard took my arms!"

Zhiyu said blankly: "Yes, I saw it. It was the man who abolished your arm just now. What does it have to do with this little girl? You don't know what is wronged and indebted? Let's talk about it. , The injury on your arm can be recovered after three or five months of care after a plaster cast. Is it such a lack of grace?"

"No manner?!" Eiki couldn't hide his anger: "This girl is obviously related to that man, as long as she honestly tells me the man's information, I will naturally not embarrass her!"

Zhiyu glared at him and said angrily: "This girl has said enough. If you don't know that man, don't you understand?"

Eiki said angrily, "Who knows if she is lying!"

Zhiyu said coldly: "Whether she is lying or not has nothing to do with you. If you want to ask for more details, you can ask others for advice. If others tell you, it's your duty. Don't tell you. It threatens the personal safety of others at every turn. Don't you remember what happened just now?"

Eiki Takahashi's expression was hard to look at all of a sudden. He knew that Zhiyu was reminding him not to be too arrogant. The reason why he offended the man just now was entirely because he was too arrogant. Not only did he curse, he also asked the bodyguard to deal with him and it ended up like this.

Zhiyu's words made him feel very shameless on his face.

However, on the one hand, because the Su family behind Zhiyu is much stronger than the Takahashi family, on the other hand, because he has a good impression of Zhiyu, he can only suppress the anger in his heart at this time.

Zhiyu asked the singing girl: "Girl, you just said you don't know that man, then why did he help you out? I think he took some money from the person who was hit by the car just now. about you?"

The girl said seriously: "I can tell you clearly, that gentleman is a good person!"

"I was playing guitar and singing on the side of the road, and no one cared about it. The gentleman gave me 100,000 yen, and then the mob went around with a few violent elements, grabbed my money and guitar, and asked me to accompany them. They wanted to take me to drink, the gentleman saved me!"

Zhiyu frowned, "Is the man who was hit by the car a runaway?"

Chapter 1706

"Yes!" The girl nodded and continued: "They are all members of the runaway group. The gentleman saw the uneven road and injured several other violent elements. Then the runaway clan who was hit by the car took a knife to my neck. Because of me, the gentleman knocked down his knife and I was spared."

"Then the violent race was about to run away, and the gentleman chased him out, causing him to be hit by a car. You know the rest."

After hearing this, Zhiyu was stunned.

She did not expect that the plot would be reversed so quickly!

The rebellious and Abneral young man just now was actually trying to save an innocent girl from the hands of the members of the runaway group.

Moreover, that little girl is a Chinese compatriot!

She could even imagine that if it weren't for the man to rescue her today, this Chinese girl in a foreign country would definitely be harmed by the mobsters, and might even be abused by them!

No wonder, that man shot so hard!

If it were herself, she would want to abolish these people!

Eiki was still yelling at the other party in anger, and even let a dozen bodyguards go up and besiege the other party. From this point of view, it is not too much to have two arms scrapped!

At this moment, Zhiyu's anger at Marven disappeared instantly.

So, she looked at the girl and asked, "Do you know where the other party is from? Which runaway group is from?"

The girl hurriedly replied: "It's the Bunkyo Group, the biggest violent group in Bunkyo District!"

"Bunkyo Runaway Group?" Zhiyu looked at Eiki, and asked coldly, "Bunkyo Runaway Group should be an external force of your Takahashi family, right? They grabbed money from a little girl in the street and forced her to accompany them. This is too much, right?"

Eiki's expression was shocked, and then he couldn't hide his embarrassment and said: "Miss Su, where did you hear the rumor? Our Takahashi family has nothing to do with the runaway group..."

Zhiyu snorted and said: "Mr. Takahashi, I have investigated it clearly before I came here. Your Takahashi family started from the gray world in the early years, but later you didn't go to the black, and then washed the white in time. The transformation is very successful!"

After that, Zhiyu said again: "I know that more than half of the runaway groups in Tokyo and the surrounding areas are under your family's control, but you are very smart and did not let the Takahashi family directly control these runaways. The regiment, instead of using some distant relatives with foreign surnames, right?"

Eiki said embarrassingly: "That...Miss Su...These runaway groups are indeed managed by our foreign relatives, but our Takahashi family has long since ignored this business."

Zhiyu snorted coldly: "Mr. Takahashi, everyone is an adult. Don't think of me as a fool! The reason why this happened today and the reason your arm was scrapped is entirely because of your family. Tolerate the fate caused by the rampant group's nonsense!"

Eiki Takahashi was speechless and wanted to refute, but he couldn't find a reason.

Zhiyu pointed to the girl and said to Eiki: "Mr. Takahashi, this lady has nothing to do with this matter. I hope you will not trouble her in the future. Can you make that sure?"

Eiki Takahashi knew that he was wrong, and did not dare to offend Zhiyu, so he nodded sadly: "Miss Su, please rest assured, I will never embarrass her in the future..."

Chapter 1707

At this time, Eiki was already angry inside.

He wanted to find a clue about the man from this girl, but he didn't expect that the girl didn't even know him!

Eiki knew in his heart that what the girl said was definitely not a lie, so he was afraid that it would not be so easy to find that man to settle accounts.

However, what is more important right now is to send someone from the family to the hotel, and to the hospital with Zhiyu and Zhifei.

Zhiyu ignored Eiki who had abandoned his arms. Instead, he helped the Chinese girl put the guitar away, then gave the other party a business card, and said seriously: "Girl, if anyone from now on, dare to do what happened today If you are in trouble, call me immediately. In addition, give my phone number to the person you trust most. If you are in trouble and can't call me in time, let the person you trust most call me."

Zhiyu's words are more for Eiki.

She knew that she would not stay in Japan for a long time at most. What if Eiki waited for her to retaliate with this girl after she left Japan?

Therefore, she must make Eiki hesitate.

With what she said just now, Eiki would never provoke this girl again, because the energy of the Su family was definitely not something they could contend.

What's more, the Takahashi family is bent on reaching a cooperation with the Su family, and he has said it all. If he dares to trouble this girl, it can only show that Eiki is mentally retarded.

Takahashi Eiki naturally knew what Zhiyu meant in his heart, and he was very uncomfortable because he couldn't come up with a depressed breath.

However, no matter how uncomfortable, you have to endure it.

As a result, he could only find a subordinate who could still make a call, and asked him to call home quickly.

Ten minutes later, the Takahashi family brought dozens of cars.

Headed by the head of the Takahashi family, Eiki's father, Machi Takahashi.

Before Machi Takahashi got out of the car, he was shocked by the tragic sight in front of him and could not speak.

More than a dozen bodyguards were staggering everywhere, and traffic was even blocked because of them.

His own son's face was swollen and half of his face was drawn. What's worse, his two arms had completely lost control, and he was shrugging pitifully.

With a dark face, he apologized to Zhiyu and Zhifei first, and sent someone to send them and their entourage to the hotel.

Arranged for the Su family, he then ordered people to take his son and other people into the car and go to the hospital.

On the way, Machi Takahashi asked Eiki carefully about the whole process. After listening, he was even more speechless.

After a while, he slapped the central armrest of the car fiercely, and shouted angrily: "What a jerk! A foreigner dares to hurt my son and a dozen bodyguards in Tokyo. This is a trampling on the dignity of my family!"

Eiki was also furious and choked and said, "Father, you must find that man and kill him to avenge me!"

Takahashi nodded and said coldly: "Don't worry, I will let the wind go and let people find out his whereabouts!"

Eiki couldn't wait to say: "Father, find him, I will kill him myself!"

"Personally?" Takahashi asked with a frown, "Can you still kill with your hand?"

"Uh..." When Eiki heard this, he cried and said, "Then I will let someone tie a knife to the sole of my shoe! Anyway, I must kill him myself!"

Chapter 1708

Machi Takahashi nodded and said, "But we can't be too fanciful about this matter. After all, we still have to discuss cooperation with the Su family. If we want to find him in Tokyo and kill him, the Su family will definitely have minor words in heart!"

Eiki suddenly panicked: "Dad! Are you going to let the bastard off?!"

Takahashi said coldly: "Don't worry, I will never let him go. I will let people find him first, and then let the top ninja of the family watch him secretly. No matter where he goes, he will follow him all the way. After the dust settles on our cooperation with the Su family, we will catch that guy and quietly bring him back to Tokyo, let you execute him yourself!"

Hearing this, Takahashi Eiki really felt relieved.

He can endure for a while for the cooperation between the clan and the Su clan, but he must not let him go.

He was relieved to hear what his father said.

As long as you can kill Marven personally, you can wait a few more days!

Moreover, he believed that to his top ninja, Marven could never be an opponent!

.....

After Marven left near the University of Tokyo, he went directly to Ichiro's home.

He didn't know that at this moment, he was completely popular on short video app in Japan.

Just now, someone who had something good taught him to the Mozou clan, and the video of him disposing of Eiki was filmed and then uploaded to the short video app.

This time, the whole of Japan was shocked!

No one thought that a Chinese person could have such a strong strength, one person defeated almost 20 people in a row, it was incredible!

What's more, what makes people even more unbelievable is that this person dared to do something on Eiki on the streets of Tokyo!

As Japan's top rich second-generation and, who doesn't know Eiki?

He was beaten up as a ghost on the streets of Tokyo. This is simply the most explosive news in Japan in recent times!

In this video, Marven and Eiki, because it was late and the mobile phone video was not very clear, they could only take 50% of their looks clearly, and the quality was comparable to those videos released by paparazzi night celebrities. The photos are similar.

However, the picture is enough for the Japanese people to recognize Eiki.

As for Marven, because the Japanese people didn't have any idea about him, so when the video was released, the Japanese couldn't recognize him.

However, if you are a little familiar with Marven, you can still recognize Marven's identity from this video.

Ito Takehiko was sitting in his study at this time, bored with a Cuban cigar and a glass of Scotch in his hand.

He was still annoyed at the first meeting of the Su family with the Takahashi family, and even more worried about Marven, his mood was naturally bad.

At this time, Tanaka Hiroshi rushed in without knocking on the door suddenly, and said anxiously: "President, something has happened!"

Ito Takehiko scolded annoyedly: "What big thing can make you mess like this?! What kind of style is this?!"

Hiroshi Tanaka didn't have time to explain, he hurriedly handed the phone to him, clicked play, and said, "Let's take a look, it's the big news of the Takahashi from the family!"

Chapter 1709

"Big news from the Takahashi family?!"

As soon as Ito heard this, he immediately glared: “d*mn! What big news? Did the Su family announce their cooperation with them so soon? Shouldn’t it, the Su family should have just landed in Tokyo, how could it be? Are they making a decision so quickly? Don’t these beasts plan to meet us?”

Hiroshi Tanaka hurriedly said: “It’s not this news, it’s Eiki Takahashi who was scrapped on the street!”

“Eiki was abolished?!” Ito Takehiko blurted out like a lightning strike, “Who did it?”

In his impression, there are only a handful of people in Tokyo who dare to act on Eiki.

If you want to do it yourself, you will be frustrated. After all, the gap between the Ito family and the Takahashi family is not too big. If you really do it on Takahashi, it is almost equivalent to declaring war on that family.

Therefore, except for his father, Ito Takehiko can’t think of anyone else who would dare to attack him.

So, he quickly looked at Tanaka’s cell phone, wanting to see who was so kind.

It didn’t matter at this look, Ito was trembling with fright. He couldn’t hold his fingers firmly, and the cigar fell out of his hand and fell on his pants. It immediately burned a hole in his expensive hand-sewn suit pants.

Ito Takehiko didn’t care about feeling distressed, grabbed the cigar and threw it aside, pointed at the evil-looking man on the phone, and blurted out: “This...this...isn’t this Marven?!”

Although he only met Marven at that time, Ito Takehiko remembered his appearance clearly.

This may be the power of hatred.

After all, Marven’s face not only means humiliation to Ito Takehiko, but also represents a huge sum of US\$4.5 billion!

He can recognize it really turned into ashes!

Seeing Marven in the video, continuously flipping Eiki’s more than a dozen bodyguards, and then abolished Eiki’s arms, Ito Takehiko couldn’t help but feel his back chills.

Only then did he realize how strong Marven is!

Last time, he just abolished his two bodyguards.

This time, he simply scrapped a dozen of Eiki’s bodyguards in one go!

With this strength, the average ninjutsu master is not an opponent either!

While surprised, deep in his heart he couldn’t help but fear.

Fortunately, he didn't make Marven anxious that day.

Otherwise, just like Marven's violent temper, wouldn't he just get hammered half to death?

Eiki is a young man. He has a some physical resistance. He is too old, and he is really guilty of him. he will go directly to see Amaterasu in one or two rounds!

After a while of fear, Ito Takehiko was also a little gloating.

He watched Eiki's screaming again and again, a smile appeared at the corner of his mouth, and then reached out to drag the progress bar, and replayed Eiki's unlucky process again, and the smile on the corners of his mouth became even stronger.

Chapter 1710

Immediately afterwards, he played it again, and the smile at the corner of his mouth became more intense.

After watching it a dozen times in a row, Ito Takehiko smiled: "Okay, the Takahashi family also has it today! After this video has become popular throughout Japan, don't want the faces of their Takahashi family hide on the roads!"

Hiroshi Tanaka nodded and said: "Now this video has become a hit on all major online and video platforms in Japan, and the reputation of the Takahashi family will definitely suffer a severe setback!"

"Very good!" Takehiko Ito exhaled happily and said: "Oh, seeing this video makes me feel much better!"

After that, he remembered something, and said: "The Takahashi family and I have never dealt with each other, but this time we finally have a common enemy!"

Hiroshi Tanaka said in a hurry: "President, are you trying to deal with Marven together with the Takahashi family?"

"Of course not!" Ito said with lingering fear: "I am different from the Takahashi family. Eiki was beaten up in the street by Marven. It is known throughout the country. In contrast, I am much better. I was at Kobayashi Pharmaceutical that day. Although I suffered a big loss, at any rate, I closed the door and suffered a loss without letting the people across the country know..."

Tanaka was stunned for a while.

Unexpectedly, the guild leader, who has always been a staunch personality, would be so self-comforting...

At this time, Takehiko Ito said enthusiastically: "This incident is bound to affect the impression and attitude of the Su family towards the Takahashi family. This is a great thing for us!"

"That's true." Hiroshi Tanaka nodded again and again, and said: "This time the Takahashi family has not only suffered damage to their reputation, but also their ability. After all, they can be beaten like this at

their own door. The Su family must be honest They are cooperating in ocean transportation and they will definitely worry that the Takahashi family will not be able to protect this business.”

Ito Takehiko smiled and said, “Hahaha, this is really the one thing that makes me most happy in recent times!”

When Hiroshi Tanaka saw that Ito Takehiko was in a better mood, he was relieved and said with a smile: “President, I have received news that the Takahashi family is now inquiring about Marven’s identity. I guess they still want to find him out and take revenge.”

Ito Takehiko asked, “What do you think about this? Do you think the Takahashi family can beat Marven?”

When Tanaka thought of the tremendous shock and horror that Marven had brought, he said: “I really can’t say this. I always have a feeling for Marven... It feels like what we see about him it is just the tip of the iceberg!”

Ito Takehiko frowned: “What? Do you think that even if the Takahashi family gives it all, it is impossible to beat Marven?”

Tanaka nodded and said truthfully: “President, Master Wades make tricks. Whoever is stronger will have the last laugh. Marven’s strength lies here. A dozen top masters can’t match him. How does that family fight him?”

Ito Takehiko sneered and said: “Don’t forget, the Takahashi family also enshrines several top ninjas. The Ninjutsu is so powerful, Marven can’t be their opponent!”

Tanaka reminded: “President, even the top ninja we worship, may not be able to defeat Eiki’s dozen personal bodyguards so easily, right? Even if it can be played, I am afraid it will be a terrible victory, but for Marven , It’s just one-sided crushing...”

With that, Tanaka pulled the video progress bar back to the scene where Marven singled out a dozen bodyguards of Eiki. He pointed to the video and said to Takehiko Ito: “Sir, look, these dozen people are in the hands of Marven. In front of him, even chickens, ducks and geese can’t compare with them. He almost knocked down one with a punch, kicked one with one kick!”

“Even when the chickens, ducks and geese are beaten by someone, they can still jump up and peck twice, but these so-called masters are absolutely waste in front of him!”

“Uh...” Ito Takehiko’s expression gradually became more serious.

In the video, Marven’s strength is really terrifying.

It seems that these dozen masters, who are not human at all, were directly ravaged by his cruel and inhuman madness...

Thinking of this, he looked at Tanaka sadly, and asked helplessly: “Tanaka, you say, our 4.5 billion USD, can we still ask it back?!”
