

The Amazing Son In-Law Chapter 1751-1760

Chapter 1751

At this moment, Marven was walking on the streets of Osaka.

This time he went out, he still did not let Zak Chen and others follow.

The reason was that he wanted to take advantage of this time and directly eliminate the remaining three ninjas who were following him.

Because Osaka was already the last stop of the business on his trip to Japan, he wanted to quickly get rid of these three followers, and then hurry up to visit Kyoto.

He deliberately led the three of Tenglins to leave the downtown area, preparing to find a suitable place to start.

However, what he didn't expect was that the three people who had been quietly following him two or three hundred meters away suddenly began to turn their heads and walk back.

Marven couldn't help but wonder: "What's the matter? They are not following me anymore, are they aware of something?"

"But it shouldn't be. I alone did not show any intention to attack. I have even been completely ignorant of their existence. They have no reason to notice anything abnormal.

"Is it because they are in a hurry? Or is it that Takahashi gave up letting them follow me?"

Thinking of this, Marven sighed, turned around, and started following these three people in turn.

He didn't want to leave any hidden dangers for himself. After all, these ninjas have been with him for so long. If he let them go like this, the ghost knows if they will come back again?

Even, the ghosts knew that after they left Japan, they would follow him to Wrestvel to make trouble for him there?

Wrestvel has his wife, Avella, who is his weakness, needless to say, this can put her in danger!

So, today, let these three people keep their lives!

Tenglin never thought that Marven would follow them in turn. He always felt that Marven should not have noticed their existence, so now he took the two juniors and ran all the way to the hotel.

It's getting late now. It's impossible to get from Osaka to Tokyo by Shinkansen or airplanes, so the best way is to drive all the way.

If you drive fast, you can reach Tokyo in five or six hours.

Therefore, they have to go back to the hotel to pick up the car, and then set off quickly to Tokyo.

The three people walked in a hurry all the way and arrived at the hotel quickly.

At the entrance of the hotel, Tenglin said: "Second, you come to the room with me to pack things, and third, you go to the basement to pick up the car and wait at the entrance of the hotel. We will come down and meet you soon!"

"Okay!" The old third nodded, and the three men were divided into two groups. The two used the elevator to go upstairs to the room and simply packed the soft and monitoring equipment, and one took the elevator to the underground garage to pick up the car.

As soon as Tenglin entered the elevator, he hurriedly called to report to Machi Takahashi.

As soon as the phone call, he hurriedly said respectfully: "Mr. Takahashi, we will leave for Tokyo in five minutes, and we are expected to arrive in more than four hours! Please stay at home during these few hours. , Wait for everything to be said after we arrive."

Takahashi said in a panic: "Tenglin, I asked someone to inquire about it. It is said that the other party's methods are very fierce, and even the sarin gas is used. This is a f*cking lunatic! I am afraid of them now. Start with me, how many masters does your Tenglin family have in Tokyo? Quickly let them all come to my house to protect me!"

Tenglin hurriedly said: "Mr. Takahashi, we don't have much manpower available in Tokyo now, because the remaining manpower has been sent to Kyoto and is observing Nanako. Should I tell them to rush back?"

Machi Takahashi hesitated for a moment, and then said: "No need! Leave them in Kyoto! As long as they can control Nanako, I still have the capital to mediate with Takehiko! You can't put all eggs in the same cage!"

Tenglin immediately said: "Okay, then the three of us will come back first. We must protect your safety!"

At the same time, Tenglin's third junior brother also got out of the elevator on the second basement floor and rushed all the way to the front of the car.

As soon as he unlocked the door to get into the car, he felt a sudden force grabbing his neck directly from behind!

Immediately afterwards, he saw someone using a shuriken to withstand his throat!

Moreover, he knows this shuriken! It is what his little brother Tenglin Qingtian owns!

He murmured in panic in his heart: "Could it be that this person is the one who killed the younger brother?!"

He was shocked and blurted out: "Big brother for your life! Don't kill me!"

Marven said coldly: "If you want to survive, just do as I say!"

Chapter 1752

He hurriedly nodded his head like smashing garlic: "I listen to you, don't be impulsive, this shuriken is smeared with poison, even if it breaks a little, I won't be saved..."

.....

At this moment.

After Tenglin and the second younger brother quickly packed some important items, they took the elevator to the hotel lobby.

They didn't even have time to check out, just thinking about getting in the car and returning to Tokyo.

However, when they went out, they found that their car was not waiting there.

Tenglin cursed: "d*mn, the third b@stard, what are you doing! Give him a call!"

The second brother immediately took out his mobile phone, called, and cursed: "Idiot, what are you doing? Why haven't you come out!"

At the request of Marven, the third said: "Second brother, one of the tires is flat. I guess it's punctured. I'm jogging. I'm about to change spare tire. Why don't you come down and help me!"

"d*mn!" The second junior brother said to Tenglin: "Brother, one of the tires may be punctured. I'll change it for him."

Tenglin nodded and exhorted: "You two move faster!"

underground garage.

The third who was held by Marven's shuriken against his neck, pleaded: "Brother, I have called according to your instructions, can you spare my life..."

Marven smiled slightly: "You did a good job, I will let you suffer less!"

After speaking, before he recovered, Marven slammed his hand!

Hearing a click, the person's neck was broken in an instant, and the whole person lost all consciousness at this moment and turned into a corpse.

After that, Marven did not hesitate, and immediately moved his body to the side of the car, with his back facing the front of the car, as if he was checking backstage.

And Marven himself, behind the car next door, hid his breath, waiting for the next fish to be caught.

At this time, the second child ran over violently.

Due to the irritability, the whole person's vigilance was reduced a lot. Seeing that the third was still squatting on the tires of the car, he was suddenly out of breath.

He ran over quickly, slapped the back of the youngest's head, and cursed: "b*stard! You are here to watch? Don't you know how to get the spare tire and jack out first?!"

After finishing speaking, he saw the youngest body, swayed by a slap, and fell to the ground.

The second child saw his eyes suddenly open and staring at him, and he was immediately frightened!

At this moment, he realized that he had been targeted!

Moreover, it is very likely that the gang who killed the fourth Tenglin Qingtian was eyeing them!

Thinking of this, he flees with fright.

But when he turned around, a man suddenly appeared in front of him! This black shadow stretched out a hand at a very fast speed and pinched his neck tightly!

The second younger brother of Tenglin couldn't breathe instantly.

But at this time, he also saw the man in front of him clearly.

Isn't this person the same Chinese who followed his four brothers all the way from Tokyo? !

At this moment, the second child's mind was almost exploded!

He exclaimed in astonishment in his heart: "Could it be that...is it the Chinese who killed the fourth and third son?! Could it be that...has he been teasing us all the time?!"

When he was extremely frightened, Marven wiped a sneer at the corner of his mouth, and said playfully, "My buddy, what are you running for?"

Chapter 1753

"I...I...cough cough cough..."

The second child who was pinched around his neck immediately turned blue.

He wanted to talk, but he couldn't say anything except one word for me.

He looked at Marven with frightened and pleading eyes, hoping that Marven could leave him a way out.

But Marven said calmly: "People don't offend me, and I don't offend people. You guys started in Tokyo and followed and eavesdropped all the way, with the intention of killing me before I left Japan. Do you think I might let you go?"

The face of Tenglin's second junior brother was already full of despair.

Marven said calmly: "Okay, let's have a good time."

After speaking, with a gentle force on his hand, he heard a crisp sound from the opponent's neck, and the person completely lost his vitality.

Later, Marven stuffed the bodies of the second and third into the trunk, as if these two people had never appeared here.

After doing all this, Marven took out his mobile phone and called Zak Chen: "Let your men drive the frozen car to the door of the hotel."

Tenglin, who was at the entrance of the hotel, waited for nearly ten minutes, and he was anxious before the two of them drove out.

Although it is a little troublesome to change tires, it is impossible for two people to get better together for so long, right? He took out his cell phone and called the third.

No one answered the phone.

Immediately afterwards, he called second again, but the call was still unanswered.

No one answered the phone calls of the two of them, which is really abnormal and excessive!

There was a strong sense of crisis in Tenglin's heart.

Thinking of the death of the fourth oldest Tenglin Qingtian, he felt a chill in his back!

"Could it be that we have been targeted by people now?!"

"Have the second and third suffered an accident?!"

Thinking of this, he subconsciously wanted to turn around and go to the basement to see what happened.

However, as soon as he took two steps, he stopped immediately.

"If the second and third really encounter unexpected events, then the opponent's strength is definitely not something I can handle..."

"It seems that at the moment it can only be a thirty-six plan!"

Thinking of this, the flustered turned and prepared to leave the scene quickly.

He wanted to leave this place of right and wrong first, and after making sure that no one was following him, he would find a way to leave Osaka.

but.....

At the moment he suddenly turned around to leave, he ran into a man full of arms.

At this moment, he was in a panic, and he didn't have the usual calm and alertness. He didn't even look at the person he had hit. He bowed his head and said I'm sorry, and wanted to leave quickly.

But at this moment, he suddenly felt his arm being pulled by the other party, and then he heard a familiar voice asking: "Mr. Tenglin, where are you going in such a hurry?"

The moment Tenglin heard Marven's voice, his whole body trembled violently!

He listened to Marven in a hotel in Nagoya, so he recognized this voice all at once!

When he looked up subconsciously, he saw Marven looking at him with a smile on his face.

Tenglin asked in horror: "You...you...how do you..."

Chapter 1754

Marven smiled and asked, "You want to ask, how can I know your identity?"

Tenglin observed Marven with wide eyes: "You...you always know?!"

Marven nodded and said with a smile: "Of course I know!"

"This is impossible!"

"What's impossible? Blame it on your ninja's strength, it's really a bit powerful."

Tenglin was struck by lightning. He blurted out and asked, "Is my junior brother killed by you?!"

Marven nodded generously and said, "Yes, it's me."

After speaking, Marven added: "Your second and third junior brothers were also killed by me. Their bodies are now lying in your trunk."

"b*stard!" Tenglin roared, and immediately, from the cuff of his left hand, a dagger suddenly fell out of his left hand.

Immediately afterward, he concentrated all his power on his left hand, and suddenly stab Marven with all his strength.

Seeing his movements, Marven smiled slightly, still holding his right arm with one hand, and holding his left wrist with the other hand in a calm manner.

Tenglin didn't expect that Marven's strength was surprisingly great, and his left hand was so grasped by him that he couldn't move at all.

Marven saw his face full of shock and smiled and said, "Mr. Tenglin, don't be so nervous. If you give up resistance, you can suffer a lot less pain when you are on the road to death later!"

Tenglin's whole body seemed to be thunderous, and he said in horror: "Sir! I am under orders from Takahashi, he let me follow you, please forgive me..."

Marven smiled and said: "You always have to pay back when you come out. You have to tie your head to your waistband. Who can you blame if you drop it?"

Tenglin blurted out: "As long as you don't kill me, I am willing to help you kill Machi Takahashi and avenge you!"

"No need." Marven said coldly: "The thing I don't like most in my life is you, a domestic slave of the three surnames who sells for glory. You are dead anyway. If you die with a little heart and backbone, I will count you as a man."

Tenglin choked and said, "Sir, don't you have an old Chinese saying that it is better to live than to die? Even if you are a dog, it is worse than death..."

Marven smiled lightly: "Being a dog even, you are not worthy."

Having said that, Marven squeezed the meridian of his wrist and used a burst of vigor, and followed his meridians to destroy his all meridians!

Tenglin only felt that his legs suddenly softened, and then his whole body had lost support, as if all the strength of his body had been vacuumed at this moment.

He was horrified and didn't know what was the reason or what was good, when a refrigerated container truck stopped by the roadside.

Zak Chen's men ran off the car and said respectfully to Marven: "Master what do you want?"

Marven smiled slightly, and supported the weakened Tenglin, and said to Zak Chen's subordinate: "My friend is drinking too much. You can get him into your car. He still has two friends have someone drive it out."

The man nodded immediately, taking over Tenglin and preparing to carry him into the passenger compartment of the refrigerated car.

Tenglin was shocked, and blurted out: "Where are you taking me?!"

Marven smiled and said, "Look, your whole body is already soft and muddy now. This does not fit the characteristics of ninjas. Are you ninjas with forbearance and hard as iron? I will put you in the container later. Frozen in the car for a few hours, so you can get back the hardness of the ninja!"

"What?! Freezing?!" Tenglin begged desperately: "You gentleman, I beg you, I really don't want to die, I don't want to die..."

After speaking, he couldn't help looking into the distance, watching the pedestrians on the side of the road shouting: "Help...Help..."

However, in the next second, he realized that not only did he lose strength all over his body, but his voice became extremely weak.

Although it was hoarse, this sound, people two meters away will not hear any movement...

At this moment, Zak Chen also ran over. He came to Marven and hurriedly asked: "Master what is your business?"

Marven handed him a car key and said: "There is a commercial car in parking lot 094 in the basement, and there are two ninjas in the trunk. You drive the car out, and go to a safe place with the freezer car. Put the people in the trunk, and the guy in the co-pilot, into the freezer, and then send the four ice sculptures to the gate of Machi Takahashi's house in Tokyo for him to sign for it!"

Chapter 1755

Five hours later.

The sky is getting brighter.

In the sky of Tokyo, there was a touch of white fish.

A new day has begun. Many people wake up from a deep sleep, but many people never sleep.

The night that just passed, the entire Tokyo was almost turned upside down.

The TMPD dispatched all, and even seconded a large number of people from several nearby small cities. Not only did they find an earth-shaking situation in Tokyo, they also closed all the roads leading from Tokyo to the outside and set up cards for every vehicle leaving the city. Strictly searched, just to find the whereabouts of the Su brother and sister.

Overnight, the entire Tokyo was under total martial law!

The keen media has already received news that the eldest grandson and eldest granddaughter of China's first family were kidnapped in Tokyo, and dozens of entourages were killed.

The explosion of this kind of news is unprecedented!

In the past, Tokyo has also encountered terrorist attacks and major criminal cases, but there has never been such a bad nature!

You know, the Su family is the richest and most powerful family in China.

They encountered such a serious criminal case in Japan, the nature of which even surpassed Bill Gates' kidnapping in Tokyo.

The Su family also spent half the night in Tokyo.

This time, not only did the Su family have hundreds of hidden masters, but Zynn also came personally.

The TMPD attached great importance to the arrival of Zynn, and the director personally invited him to the TMPD to inform him of the investigation process of this case.

The so-called detection process of the TMPD is actually to bring Machi Takahashi and Takehiko Ito to the TMPD for interrogation.

Because in their opinion, both of them are suspects.

Moreover, the two people feel that it must be the other party's so-called, and they are harming each other at the same time.

Takehiko felt that Takahashi must have deliberately wanted to use this incident to pour dirty water on the Ito family, so that the Su family can completely eradicate the Ito family;

Machi Takahashi felt that Takehiko Ito must have felt that he couldn't get the cooperation of the Su family and deliberately wanted to frame him, so they left a ninja dart of the Tenglin family on the scene. This clearly shows that it is planting and setting the blame!

The TMPD is also at a loss.

In their view, although the two men seemed to have certain motives, the TMPD could not find any substantive evidence.

The only evidence is the ninja dart left on the scene.

This ninja dart really belongs to the Tenglin family, and the Tenglin family is attached to the Takahashi family. This is something everyone in Tokyo's upper class knows, and the TMPD naturally knows it.

However, this evidence is somewhat abrupt.

Because, no one was injured by the ninja dart at the scene where the ninja dart was found. The murderer was so professional that he killed more than a dozen people without leaving a living mouth. Why did he leave a ninja dart that was useless at all?

This is likely to be a blindfold left by the other party.

Therefore, the Chief of the TMPD said to Zynn: "Mr. Su, we have to continue to investigate this matter. After all, it is difficult to explain the problem with a ninja dart alone, and it is very likely that the other party left it behind only to confuse us, just like smoke bombs!"

Zynn said with a black face to the director of the TMPD: "I don't care if it is a smoke bomb! If the TMPD can find my son and daughter within 24 hours, and ensure their safety, I can no longer pursue the matter to the TMPD, but if it exceeds 24 hours, or if there is any accident to my son or daughter, I will definitely announce the matter to the world! Let the TMPD completely discredit you!"

The head of the TMPD is as big as a fight.

Chapter 1756

After 7 o'clock in the morning, the media will definitely report this matter.

At that time, it will definitely spread throughout Japan.

If within 24 hours, he can't save people, this news will surely spread all over the world.

At that time, this will not only be the scandal of the TMPD, but also the scandal of entire Japan!

If the law and order in Japan are so bad, the murderer is so cruel, and so tough, who will dare to come to Tokyo in the future?

It is not only the rich and entrepreneurs who dare not come, but the politicians of various countries will be afraid to come.

But Tokyo is the capital of Japan! If this scandal spreads all over the world, it will surely plunge the entire Japan into a diplomatic dilemma!

So he immediately asked his subordinates: "Are there any detailed autopsy results?"

The chief forensic doctor in charge of the autopsy immediately rushed to report to the TMPD Commissioner and Zynn: "After our autopsy, it was found that more than a dozen Su's entourage who died of poisoning, without exception, were all sarin poisoning, and it is discovered that they all died of liquid sarin poisoning."

Zynn frowned, "Liquid sarin gas, what do you mean?"

The forensic doctor hurriedly explained: "Sarin gas is a colorless oily liquid at room temperature, much like glycerin. When used in war, it is exploded to form a large area of aerosol, whether it is breathing or skin contact, it will cause poisoning."

"But the murderer this time must not want to make a big explosion, so he used a carrier similar to a syringe needle to inject about 30 milligrams of liquid sarin gas, and projected it on the victim at a certain distance to make the victim suffer. People died of poison."

The chief of the TMPD hurriedly asked: "That is to say, that ninja dart really has not been actually used?"

"Correct!"

The chief of the Metropolitan Police could not help asking Zynn, "Mr. Su, you said that the person behind this incident is the enemy of the Su family?"

Zynn said with a green face: "I don't care whose enemy I am, I only know that my son and daughter are kidnapped in Tokyo! You must get them back to me unscathed!"

The chief of the TMPD was extremely helpless, and hurriedly arranged: "First, continue to enhance the search, and do not let go of any suspicious locations, vehicles, and people! Second, release both Takehiko and Takahashi, and then closely monitor them. What they do, see if you can find any clues!"

Machi Takahashi in the interrogation room, when he heard that they let him go home, hurriedly asked: "It's not very peaceful these days, can you let me stay in the TMPD?"

The police officer handling the case said angrily: "You use the TMPD as a hotel? Get out quickly, otherwise we'll be hard!"

Takahashi was really helpless, so he returned home from the TMPD under the escort of a few bodyguards.

Along the way, Machi Takahashi has been worried.

He was afraid that someone would harm him, and Tenglin and the three of them were not around yet. If something happened, he was afraid that he would not even have the ability to resist.

So, he immediately called Tenglin.

However, no one answered a few calls he made, which made him even more nervous.

"What the h*ll is going on? After a few hours, it's time to go back to Tokyo from Osaka? Why can't I get through the phone?"

Thinking of this, he couldn't help getting irritated, and made several more calls to Tenglin's two junior brothers, but none of them could get through.

At this time, he was already faintly aware of something bad in his heart. Could it be that Tenglin and the three of them, like their fourth junior brother, are all killed by those mysterious ninjas?

At this moment, the housekeeper called, and as soon as he came up he said hurriedly: "President, there was a mysterious person just now. He said he sent you a great gift!"

Takahashi asked in horror, "Great gift?! What kind of gift?!"

"A truck!"

Chapter 1757

"Truck?! What the h*ll is going on?!"

The butler hurriedly said: "The other party drove the truck to the door of the villa, saying that it is a gift for you in the car."

"What about others?!"

"I heard it through the intercom on the doorbell at the door. When I came out, the people had disappeared, but the car is still..."

Takahashi shivered when he heard this!

Who would use a truck to give gifts? Leave the truck at your door? !

Moreover, it is still in such a sensitive time period!

Thinking of this, he asked nervously: "Have you opened it to see what's inside?"

The butler said: "No, I want to wait until you come back before opening it."

Takahashi blurted out: "Call the police! Call the police! Maybe there is a bomb in the car!"

The housekeeper hurriedly said: "My lord, we have done explosives and toxic substances tests and no abnormalities have been found."

"Nothing abnormal?" Machi Takahashi breathed a sigh of relief when he heard this.

Under normal circumstances, if you want to use something to harm people, it is nothing more than bombs and poisons. Since there is nothing abnormal after detection, there should be no problem.

The equipment used at home to detect explosives and toxic substances are the same as that used by the airport and customs. The accuracy rate is extremely high. If there are such substances, it is absolutely impossible to hide them.

Thinking of this, he said: "I will be back in a few minutes, wait for me."

After hanging up the phone, Takahashi couldn't help rubbing his temples, and his whole body was a bit exhausted.

From yesterday to today, Tokyo has been so chaotic that he is already a little nervous.

Ten minutes later, Machi Takahashi returned to his villa.

The biggest difference between Japan and China is that many houses are not built by developers, but are built by homeowners. This is very similar to China a few decades ago. Whether rich or poor, they buy land and build their own houses.

Therefore, in Japan, there are very few concepts of community and apartment.

The mansion of Machi Takahashi, not far from the Japanese Imperial Palace, has an excellent location and a huge area.

When he came to the door of his house, he saw a frozen truck parked on the side of the road.

The butler ran over to open the door for him at this time, and said respectfully: "Mr. President, this is the car. The door is locked and the engine is not turned off. The freezer at the back is still cooling."

Takahashi touched his chin and couldn't help but slapped his lips: "Who the h*ll delivered this? Would you give me ice cream for the big winter?"

Eiki, with his hands in plaster, was also supported by the servant. He walked out of the luxurious gate with sleepy eyes. He saw Machi Takahashi and the frozen car still in operation, and asked in surprise: "Dad, what is going on?"

Machi Takahashi shook his head and said, "don't know which b@stard it is. He drove such a car and said it was a gift for me."

Eiki frowned and asked, "Is it not a seafood delivery car? Yesterday, I ordered a top-quality bluefin tuna. They said it would be delivered in two days."

The housekeeper hurriedly said, "Master the person who delivered it just now said it was a gift for Master, not for you."

Eiki said, "Maybe it's a mistake. What about the delivery person?"

"Ran....."

"Strange..." Eiki blurted out: "Why did he leave the car behind when giving something?"

Takahashi's brows furrowed: "It always feels a little weird..."

The housekeeper said at this time: "My lord, we have checked with the equipment. There should be no danger. Would you like to open the freezer?"

Chapter 1758

Machi Takahashi pondered for a moment, then nodded gently: "Open it and see what kind of medicine is sold in the gourd!"

The butler immediately ordered the two servants: "You two, go and open the door of the freezer!"

The two immediately stepped forward and opened the lock of the freezer door one by one.

When it was about to open, Machi Takahashi took a few steps back subconsciously.

His nerves are a bit sensitive today, and he always feels that this world is full of weirdness.

The door opened to the left and right, and a burst of white mist sprayed out from inside.

The weather in Tokyo these days is humid and the temperature is slightly warmer. The temperature at this time is about three or four degrees above zero, but the temperature in the refrigerated car is lower than twenty degrees below zero, so this kind of water vapor will be cold. The mist produced.

Everyone observed the fog gradually dissipating. After the fog slowly dissipated, the things in the carriage finally appeared in front of everyone.

But when everyone looked up, everyone was immediately frightened and screamed in unison!

In the carriage, there are four human-shaped ice sculptures standing neatly!

Moreover, these four ice sculptures are exactly Tenglin frozen into popsicles, and his three juniors!

And the shapes of these four people are also strange!

Someone swallowed his own feet backwards, and the whole person stood in the carriage, the whole being the independent shape of a golden rooster. This was the first Tenglin Qingtian who was counter-killed by Marven.

There are also two people standing with their arms around each other, and they are the second and third.

As for Tenglin, he has one hand on his hips, and his other hand is pointing his middle finger outside the car...

The shapes of these four people, except that Tenglin Qingtian was in the form at the time of death, the other three were made by Zak Chen's men as plastic models after being frozen.

In order to stabilize the shape, he poured some water on the people. After the water froze into ice, they completely strengthened their shapes.

Then there was this weird scene in front of everyone.

Eiki got close, and when he glanced over, he let out a scared cry: "Ah! This...this...is this a real person or a wax figure?!"

Takahashi's nerves were already devastated, and suddenly saw his four confidants frozen into popsicles, their legs collapsed on the ground, and he shouted in fear, "Call the police! Call the police!"

Just as the housekeeper was about to take out his cell phone to make a call, a few police cars suddenly appeared and blocked the door.

Originally, they followed Machi Takahashi secretly, wanting to see if he and the Su family's siblings' disappearance has anything common, but they never dreamed that they just followed Machi Takahashi to his door, and Machi Takahashi received four personal ice lolly...

The inspector of the TMPD who led the team came forward with a black face and personally stepped into the freezer for inspection. Then he mumbled in a little panic: "It's a living person... dmn... ..Really big living people! Four big living people! Is this the dmn Tokyo where I lived for more than 30 years? Everything in front of me is too d*mn magical!"

The following police officer asked in surprise: "Inspector, are these four people still alive?"

The inspector scolded: "Living like your mother! Are they not frozen into popsicles if you can see it?"

The police officer was full of grievances: “You just said that there are four big living people...”

The inspector wiped his cold sweat and said: “It’s an ice sculpture made of four big living people...Hurry up, call the forensic doctor to come over for an autopsy!”

After speaking, he walked to the pale face of Machi Takahashi sitting on the ground, squatted down, and asked very seriously: “Mr. Takahashi, are these four people your subordinates?”

Takahashi nodded and murmured, “They are all members of the Tenglin family...”

“Tenglin family?!” The inspector exclaimed and blurted out: “Tenglin family, one of the four top ninjutsu families?!”

“Yes...” Takahashi swallowed his saliva and said nervously, “The first is the eldest son of the Tenglin family, the current head of the family, Tenglin Zhengzhe...”

The detective’s liver trembled in fright: “Tenglin can be regarded as one of our top ninjas in Japan. Even he died so miserably, who is it that you offend?”

Machi Takahashi watched Tenglin gesturing with his middle finger, crying desperately, “How the h*ll do I know!”

Chapter 1759

The inspector saw Takahashi’s flustered look, and hurriedly said: “Recall carefully, did you offend anyone? Generally speaking, unless there is a deep hatred, who would target you like this?”

After that, the inspector reminded: “Think about it, does anyone want to kill you, or do you want to kill anyone?!”

The first thing Takahashi thought of was Marven.

But soon he denied this idea in his heart.

After Tenglin Qingtian disappeared for no reason, Tenglin Zhengzhe once eavesdropped on Marven and got a message that it was not Marven who killed Tenglin Qingtian, but another group of ninjas.

At that time, Tenglin speculated that it should be a Koka ninja loyal to the Ito family.

However, he did not tell the TMPD about this matter.

Because, he felt that what he said to the TMPD is meaningless, because there was no direct evidence for this incident, and everything was just a guess by Tenglin during his lifetime.

In my opinion, 80% of it is the Ito family behind the scenes, but in the eyes of the police, the opponent may be the Koga Ninja, but it may also be the Iga Ninja, Saga Ninja, or other low-key ninja families.

After all, Japanese ninjas have a long history and many schools.

Just like Chinese martial arts, Chinese martial arts have a wide variety of martial arts since ancient times, and there are many martial arts that can be named.

Shaolin, Wudang, Kunlun, Emei, Huashan, Kongtong, the following unknown small and medium schools are countless.

The same is true in Japan. In addition to the four well-known ninja families, there are countless small families and sects.

Therefore, he decided not to let the TMPD intervene, and take revenge on Takehiko himself!

Soon, the forensic doctor arrived at the scene.

They transported the four hard corpses back to the forensic department of the TMPD. Such corpses must at least be completely thawed before being dissected.

At the same time, the news of Tenglin's four strange deaths was also reported to the top of the TMPD, making the entire TMPD shocked.

The director of the TMPD has almost collapsed!

Zhifei and Zhiyu were kidnapped without a clue, and such a big incident happened in an instant.

Four superb ninjas are also killed, this is simply a wave of unrest!

Tokyo has also suddenly changed from a fashionable international city to a strange and sinful city.

However, it was just when the TMPD was in desperation and digging three feet in Tokyo.

Brother and sister Zhifei and Zhiyu have been secretly sent to Kyoto, hundreds of kilometers away.

According to Matsumoto's plan, he wanted the Su family's children to die in Ito's residence.

When the time comes, the Ito family will have no answer.

However, Takehiko is not a counselor, but also has a strong strength.

By then, he knew that he was being blamed, and he would definitely regard the man behind the scenes as Machi Takahashi.

In this way, Takehiko Ito will definitely fight to the death with Machi Takahashi!

It won't take long for Japan's top two families to suffer severely and even disappear completely.

At that time, the Matsumoto family can reap all the benefits, and then as the only optional collaborator of the Su family, they can cooperate with the Su family to further strengthen their own strength.

.....

Marven got up very early today.

The weather forecast app pops up a reminder that starting this afternoon, until night, there will be a blizzard in Kyoto and Osaka.

He first went to the production line of Kobayashi Pharmaceutical with Liang. In the afternoon, he asked Zak Chen for a car and planned to drive to Kyoto by himself.

Zak Chen didn't know where he was going. Seeing that the snow had fallen, and the snow was getting bigger and bigger, he hurriedly reminded him: "Master there is a blizzard today. Driving in this kind of weather is too dangerous. If you have nothing important, Don't go out anymore."

Chapter 1760

Marven waved his hand: "It's okay, you don't have to worry, I have something personal to do, and I'll be back when it's done."

Zak Chen asked: "Is it in Osaka? Do you want me to arrange someone to escort you?"

"No need." Marven didn't say where he was going, and he didn't want to say.

He didn't know why, he kept thinking about Nanako in his mind, perhaps out of sympathy for that girl, or out of admiration, or out of some other emotion, Marven couldn't figure it out, and he didn't want to keep missing her.

Now he just wants to go to Kyoto to see Nanako in person, and take a look at her injuries by the way.

In any case, if her injury is cured, he can go back with peace of mind.

Zak Chen saw that Marven was unwilling to reveal his whereabouts, so he did not insist, but told him to drive carefully. If the snow is too great, wait until the snow stops before driving.

Marven accepted, and then drove off alone.

Osaka is very close to Kyoto, and it takes about an hour to drive.

When he arrived in Kyoto, the sky was already dark.

The snow is getting bigger and bigger, almost like goose feathers.

Marven didn't know where the Ito family's mansion was, so he went to a Chinese restaurant to eat a bowl of Chinese ramen. When checking out, he asked the boss: "Boss, do you know where the Ito family's mansion is?"

The other party smiled and said: "The Ito family residence is next to Nijo Castle. It covers a large area and is easy to find. There is a plaque at the front entrance, which is the Ito."

Marven nodded, thanked him, and then went out of the restaurant.

Nijo Castle is a well-known scenic spot in Kyoto, so you can search it directly on the map, and it is only two kilometers away from Marven.

After looking at it for a few minutes, Marven who was sitting in the car hesitated for a while.

He hasn't figured out how to meet Nanako.

When he arrives at the Ito family mansion, should he just knock on the door to see her?

Inappropriate.

After all, Takehiko's 4.5 billion is still in his own hands. If his subordinates report Takehiko, he will definitely not let himself meet Nanako.

Then what should he do?

Do you want to sneak in by yourself?

Perhaps, there is only one suitable way.

Thinking of this, Marven started the car, followed the navigation, and came to the vicinity of Nijo Castle. Sure enough, he saw the Ito family mansion not far from Nijo Castle.

The Ito family's mansion covers a large area. From the outside, half of the area is planted with towering old trees. The buildings are also Japanese-style ancient wooden buildings that incorporate strong Chinese architectural elements. You can know the age at a glance. So it has been a long time.

Since there is an ancient moat around the Ito family's residence, and the two bridges entering and exiting belong to private territories, Marven parked his car on the side of the road not far away, and then braved the heavy snow and sneaked in in the dark into the residence of the Ito family.

At this moment.

Nanako just finished soaking in the hot spring.

Because today was finally looking forward to the long-awaited snowfall, and it was a heavy snowfall, Nanako swept away the haze in her heart, and she was in a particularly good mood.

She asked her servant to help put her in an indescribably beautiful kimono, and then gracefully coiled up her long hair and inserted her favorite hairpin.

After that, pushing the wheelchair, she came to the small courtyard to enjoy the snow with great joy.

The Ito family's residence covers a large area, and there are several large and small courtyards. The courtyard where Nanako is located in the most remote and quietest.

The snow fell heavily, and soon a layer of white snow fell on top of her head, and Nanako looked at the snow flying in the sky, jumping for joy like a child.

After a while, she looked up at the sky and said in her heart piously: "Don't know what Master Ye is doing at this time? don't know if it's snowing in Wrosvell now? don't know if he will think of me..."
