

## The Amazing Son In-Law Chapter 1761-1770

### Chapter 1761

Just when Nanako looked up at the sky and missed Marven in her heart.

Marven, who was hiding on the wall, finally saw the moving figure in the courtyard below.

He bypassed the security of Ito's mansion and circled the house halfway around the fence, only then saw Nanako, who was always concerned about him.

Seeing Nanako wearing a kimono with a light bun, Marven couldn't help sighing: "It is said that Nanako is a standard Yamato Nadeshiko. It is indeed no exaggeration. She is definitely the most beautiful and perfect he has ever seen a woman."

However, the wheelchair under Nanako made Marven a little bit embarrassed.

She could have not participated in the final with Aoxue, and could also admit defeat and end the game early in the competition, but she had to persist to the end, which caused great physical trauma to her body.

At this moment, Marven wanted to jump in directly from the wall and meet her next to him, but when he thought of using this kind of gentleman's way, he suddenly appears in front of her, it might be a little embarrassing.

If she is scared by him, how can he explain it?

If she asks him why, how can he explain it?

Marven, who has always had excellent psychological quality, hesitated at this moment.

At the same time, in Tokyo, hundreds of kilometers away.

Matsumoto, who is hiding in the dark, is still continuing his cruel game.

While letting the subordinates who held Zhifei and Zhiyu brothers and sisters wait for an opportunity to come and kill, he let another wave of people start a new round of planning in Tokyo.

He is like the evil clown in "Batman: The Dark Knight", intending to play with everyone, and then gradually divide them and kill them one by one.

This time, his target was Eiki.

He felt that it was just that when Zhifei and Zhiyu were kidnapped, they left a little trouble for their two families, and this was not enough to make the two families completely turned their faces.

Therefore, he wanted to add a bloody feud between these two families.

Only blood and blood will make people lose all their sanity and become extremely crazy.

So, in this evening, he stretched his claws towards Eiki Takahashi, whose arms had been dismantled.

Eiki is a young man in his prime.

His arm injury and a cast will not affect his physical needs.

And he is usually in Tokyo, and he is also well-known as a young girl seeker. Many well-known actresses in Tokyo are his lovers and playthings.

Some time ago, he had just made a huge sum of money to acquire Hua Dan, the head of a popular Japanese girl group, to make her his lover. It happened that the girl group was doing a variety show on TV Tokyo today.

Therefore, Eiki intends to sneak out tonight and spend the night with her.

The other party is eager to establish a long-term relationship with him, and naturally she readily agrees.

So, under the stimulation of hormones, Eiki scorned his father to let him stay at home and wait for the rest of the storm to pass, and quietly arranged for his subordinates to drive him out of the house and head to the most luxurious high-end club in Shibuya, Tokyo.

### **Chapter 1762**

In that high-end clubhouse, he has a fixed high-end private room all year-round. It is luxuriously decorated and concealed and private. It is the home ground of his unspoken female stars all year round.

A convoy of three Rolls-Royces took Eiki to Shibuya, and Eiki in the car was too excited, looking forward to the strong clouds of romance and rain of love tonight.

When the convoy passed through an underground passage, a normal truck suddenly braked and hit the direction, blocking the entire road horizontally.

Several black commercial vehicles drove immediately behind, blocking the three Rolls-Royces of the Takahashi family.

The bodyguards in the leading and trailing vehicles realized that something was wrong, and they pulled out their guns to protect Eiki.

However, in the black business cars behind, a large group of people in black with automatic weapons suddenly jumped out!

The firearms in these people's hands were all automatic rifles and mini-submachine guns. The firepower was much stronger than that of the Takahashi family's bodyguards. Before the Takahashi family's bodyguards could recover, all eight bodyguards were sifted.

At this time, Eiki in the Rolls Royce in the middle was already shocked.

In his car, there is only one driver and one assistant, both of whom are ordinary people, and they have no combat effectiveness at all.

And the other party, not only has a large number of people, but also has extremely strong firepower, completely crushing!

Eiki was so scared that he hurriedly called his father and said in a panic: "Dad! Save me, Dad! I'm surrounded by killers, come and save me!"

Machi Takahashi blurted out: "Aren't you at home?! Where's the killer?!"

Eiki collapsed and cried: "Dad, I'm outside... on the way to Shibuya... I am surrounded and attacked by people, and the bodyguards are dead. They have already come to me, Dad. You think of a way to save me, I don't want to die..."

Machi Takahashi only felt that the sky was spinning, and he roared hoarsely: "Tell them, I can give them no matter how much they demand! As long as they keep you forever!"

As soon as the voice fell, the group of people in black had already surrounded the Rolls Royce where Takahashi was riding.

Eiki rushed out of the car and shouted hysterically: "Please don't kill me! My father said, no matter how much money you want, he can satisfy you!"

The headed man in black grinned: "Money? We, the Ito family, don't care about money! What we want is the life of everyone in the Takahashi family! Now we will send you on the road first, and we will send your father and your family soon join you!"

Eiki was so scared that he collapsed and wailed frantically: "I beg you not to kill me, I'm still young...I don't want to die..."

Machi Takahashi also yelled as hard as he could on the phone: "Let go of my son! Something is coming at you!"

The headed man in black sneered, "Oh? You're still on the phone with President Takahashi? That's good, President Takahashi, just listen to your son's desperate scream before his death!"

After all, he smashed the Rolls-Royce glass with a gun, but the moment the gun was pointed at Eiki, seeing the tears on Eiki's face, he suddenly took the gun back.

Eiki thought he had changed his mind and blurted out excitedly: "How much do you want, if you say a number, my father will give you the money immediately!"

"Yes!" Takahashi thought that things had turned for the better, and blurted out: "I can give you 100 million. Give it up now!"

The man in black chuckled and said grimly: "The two have thought too much, I just want to change the way of playing."

After that, he turned to look at his men and said coldly: "Come over with two barrels of gasoline from the trunk, and I will put them on fire together with the people and the car!"

### **Chapter 1763**

The next five minutes are the most painful, suffering, and collapsed five minutes of Takahashi's life.

He didn't dare to hang up the phone, because he knew that the next voice he heard might be the last voice his son left in the world.

However, he was also very clear in his heart that the other party would torture his son to death and make him suffer tremendous pain when he died.

As a father, does he really want to listen to his last scream in his ears, but he can do nothing and has no choice?

Immediately afterwards, the murderer poured gasoline into the Rolls Royce where Eiki was sitting, and even Eiki's hysterical yelling in the car was completely disregarded.

After all the gasoline was poured in, the leader took out a pack of cigarettes and a box of matches, coldly lit the cigarette, took a hard sip, and then threw the still burning matchstick into the window!

The extremely luxurious Rolls-Royce turned into an incinerator in an instant, and the flames inside even spurted out frantically.

In the car, the screams of Eiki, his assistant, and the driver were like h\*ll on earth!

Machi Takahashi on the other end of the line burst into tears.

And the screams lasted for more than a minute before finally he couldn't hear them.

Takahashi knew very well that his son was dead.

It is even possible to die without a whole body!

At this moment, the anger of vengeance burned his sanity!

"Takehiko! You killed my son, I will kill your family!"

Having said that, he immediately called the temporary Patriarch of the Tenglin family, and as soon as he spoke, he said in a cold voice: "The Ito family killed my son. The four Tenglin family members, including Tenglin Zhengzhe, are also Because of him, I want you to kill Takehiko's daughter first, and then kill Takehiko, that old dog too!!!"

The other party's voice suddenly shuddered: "Mr. Takahashi, don't worry, our people are looking at the Ito family mansion in Kyoto. Takehiko's daughter has not left the place. We can kill her tonight!"

Machi Takahashi roared hoarsely: "Kill her now! I want you to kill her now!!! I want you to behead her alive, and then send me the video, Takehiko let me hear with my own ears my son's tragic death, I want him to see his daughter's head in a strange place!!!"

The other party immediately said: "Okay Mr. Takahashi, I will order them to kill Nanako!"

.....

at the same time.

Kyoto.

The snow is getting bigger and bigger.

In this heavy snow, Marven has quietly observed Nanako for nearly ten minutes.

In these ten minutes, Nanako looked at the sky in a daze, and sometimes bent down, collecting white snowflakes from the ground, playing alone seemed very happy.

At the moment when Marven decided to go down to see her, he suddenly noticed that from the darkness in the distance, several black shadows were attacking at his location at an extremely fast speed!

Judging from the posture when running and the way of breathing when running, these black shadows are quite similar to the four of Tenglin.

Marven immediately became alert.

These people should all be ninjas!

Moreover, these are the ninja of the Tenglin family!

#### **Chapter 1764**

Marven felt that they were not good at coming, so he immediately concealed his breath and observed it secretly, and saw that these people climbed over the wall at an extremely fast speed, and then rushed toward Nanako from multiple directions!

Although Nanako was seriously injured but still hadn't healed, she was still a martial arts master after all, and she had a very high acumen. She had already noticed these six people before they got close.

At this moment, Nanako wanted to shout and call the housekeeper and housekeeper from other courtyards to help, but when she was about to ask for help, she suddenly gave up this idea.

Because, she has seen from the figures of these six people that these people are all ninjas without exception!

Although there are ninjas in her family, they are all in Tokyo, not in Kyoto.

The strength of the ninja is very strong, and the actual combat ability is stronger. Even before he is injured, he can't beat an ordinary ninja, let alone there are six!

And it seems that they have at least the strength of a mid-level ninja.

Almost at this moment, Nanako understood that to gather all the people in this mansion, it was probably not the opponent of these six.

In this case, why bother calling for help and letting others die for her?

After all, this group of people came for her at first sight.

So, just when these six people were almost rushing to Nanako, she spoke neither humble nor strong: "You seniors, if you have come to kill me, then I can cooperate, but please also let the rest of the people in the house be spared. Most of the human lives are not children of the Ito family, but only servants working in the family."

The leader sneered: "I have long heard that the eldest daughter of the Ito family is extraordinary. When I see you today, indeed you are extraordinary!"

After that, he drew out his sword and said coldly: "It's true that we are here to take your life to make your father pay for it. He secretly killed four members of my Tenglin family and Takahashi's eldest master, I can only take your life to your life to make your father pay a little interest first!"

Marven was startled when he heard this, "What? Eiki is dead? It seems that after he left Tokyo, Tokyo is not at all peaceful!"

At this time, Nanako, who was surrounded by six people in the courtyard, blurted out: "Impossible! My father is definitely not such a person! This matter must be another misunderstanding!"

"Misunderstanding?" The man gritted his teeth and cursed: "He froze the four masters of the Tenglin family into human-shaped popsicles and burned the young master of the Takahashi family into coke. Tell me this is a misunderstanding?!"

Nanako said unswervingly: "I know my father. Although he is not a good person, he has at least a bottom line! Even if he is an enemy, he is upright and will never do things that would hurt people with secret arrows!"

The man sneered and said, "Knowing others, knowing the face and not knowing the heart, you may not really understand Takehiko! But you can take a step first, and after he gets on the road, you can ask him if he has done anything!"

After that, he immediately said to the person next to him: "Take out the mobile phone video, I will send the video of the beheading to Mr. Takahashi!"

"OK!"

The leader took out an extremely sharp ninja sword from his waist, flashed a cold light, and said to Nanako: "Miss Ito, time to die!"

Nanako nodded silently, and then closed her eyes confessing her fate, muttering to herself in grief: "Master, see you in the next life..."

The leader sighed slightly: "Miss Ito, I will make you die happy, and I hope you will not be born in a rich family in the next life!"

Having said that, he raised his ninja sword high, all his strength gathered in his arms, ready to chop Nanako's neck at any time.

Nanako was also heartbroken at this time, her beautiful eyes were tightly closed, waiting for the moment when fate finally arrived!

At the moment when the head of the man raised to make the sword fall, a blade of Hanmang came to him quickly through the air at an extremely fast speed!

With a scream, a poisonous shuriken has been shot from the center of his eyebrows!

And this person who was about to behead Nanako died suddenly at this moment!

Marven finally made a move!

### **Chapter 1765**

In fact, just as the man raised the ninja sword, the other five people took two steps back.

This is because they don't want the blood to splash on them when it is sprayed out.

However, their eyes have been staring at Nanako, waiting for the blood to come.

And Nanako herself is also ready to meet death.

However, the picture stopped abruptly at this moment!

The ninja sword held high, has been hovering in the air, and other people don't know why he has been so late.

When they looked over, they realized that the executioner wielding a sword was already dead!

Only a few centimeters in length was left on the center of his forehead. The wound was too close to the sword body, so only a small amount of blood penetrated from the wound and dripped on the white and thick snow. , A bright red fainted instantly!

Just when these people were dumbfounded and didn't know what happened, they found that the sword in the hand that pierced this person's eyebrows was surprisingly familiar!

The person who took the phone to shoot the video shouted in horror: “Ah! This...this is Qingtian’s shuriken!”

This is indeed Tenglin Qingtian’s Shuriken!

After Marven killed him, he kept all his shurikens, and it just came in handy at this time!

The remaining five people were suddenly shocked!

The tragic death of Tenglin Zhengzhe and Tenglin Qingtian has left them with lingering fears. Now, Tenglin Qingtian’s shuriken killed another member of their family. It can be seen that the crisis is in sight!

The person who took the video with his mobile phone, threw away the phone and blurted out to the other four people: “Arrange an array! Arrange an array!”

The other four people recovered for a while, and took out ninja knives one after another. The five people formed a small circle back to back, and each one was guarded in different directions.

This is the most commonly used pawn formation when ninjas are defending.

At this time, Nanako heard the movement and opened her eyes, and suddenly realized that the man who was about to slash her had become a standing corpse, and the other five people formed a defensive formation like a big enemy!

She hadn’t figured out what was going on. Suddenly, one of the five people suddenly fell straight forward and plunged into the thick snow!

The people around her hurriedly reached out and turned over, only to find that there was a shuriken stuck in the center of his forehead and brow!

The man pointed to the wall and said nervously, “At the wall!”

As a result, the remaining four people gave up the circular defensive formation, one after another with twelve points, staring at the direction where the shuriken shot just now.

One of them trembled and said, “What is the ability to injure people with a secret arrow! Come out if you have the ability!”

Although he said so, he didn’t expect such words to really excite the other party.

After all, this sounds too pediatric, how can the opponent be fooled by him if he has such strength.

However, no one thought that just as his voice fell, a dark figure suddenly jumped down on the wall.

Immediately, the dark shadow took a leisurely pace and strode towards them!

Every time that black shadow took a foot, the snow creaked on the ground, making the four people more and more frightened.

Nanako observed the dark shadow with wide-eyed eyes. She wanted to know who the man who saved her secretly was.

And when the dark shadow came to her to let her see the people, she was instantly struck by lightning!

She never dreamed that the person who saved her would be Marven, who she had been thinking about for a long time!

At this moment, Nanako thought that she was wrong, and she had hallucinations.

So she wiped her eyes and looked carefully.

### **Chapter 1766**

The smiling man in front of her is indeed Marven, whom she has missed, loved, and longed for a long time!

At this moment, in the depths of Nanako's heart, countless questions suddenly emerged:

“How could it be him?!”

“Why is it him?!”

“Why is he here?!”

“Am I dreaming?!”

“Could it be that I am already dead, and all this is an illusion after my death?!”

“Just now, I even felt that even if I could see Marven before I died, I would die without regrets, but who would dare to believe that Marven suddenly came to save me like a god from heaven?”

Countless thoughts in her mind gathered together, she was surprised and hesitant, nervous and excited, and her whole body was trembling to the point of speechlessness.

At this time, Marven was the first to break the silence. He looked at Nanako, smiled, and asked: “Miss Ito, how are you doing now?”

Hearing Marven's voice, Nanako finally made sure that everything in front of her was not an illusion!

She has been in love for a long time and even thought that Marven, who would never have a chance to meet again, came to save her when she was in the most critical time of her life!

At this moment, Nanako finally realized the ultimate happiness of a woman.

She feels that in this life, there will be no more moment that can surpass every minute and every second of the present.

Even if it was to let her die now, she felt that her life had been completely fulfilled, without any regrets.

As a result, she couldn't control her emotions anymore and cried out loudly: "Master! I came back from Wrevel, looking forward to reunion with you day and night, I didn't expect you to really come..."

The four ninjas were on the verge of an enemy, and one of them gritted his teeth and scolded: "Boy, did you kill Qingtian?!"

Marven smiled cruelly: "I killed him, what can you do?"

The man gritted his teeth and shouted: "b\*stard! Killed six members of the Tenglin family, I want your life!"

Marven looked at the four ninjas, and said lightly: "You are a little bit noisy, since you want my life, don't bother other people in this mansion."

After speaking, he held his thundering order with one hand, and muttered in a low voice: "Thunder!"

Suddenly, a series of dull thunders suddenly sounded in the gloomy sky!

This series of thunders immediately caused a dog to bark around, and the originally quiet snowy night suddenly became noisy.

At this moment, Marven sneered with contempt, and shouted: "Want to get paid, right? Come on! I will send you to meet them before they are far away!"

The man didn't know that the thunder was caused by Marven, and he roared in anger, "b\*stard, you must die today!"

As soon as the voice fell, he raised the ninja sword high and slashed at Marven at an extremely fast speed!

The other three are not far behind!

One of them jumped directly into the air, swiping a sword to Marven from mid-air!

The other two quickly drew away to the sides and waved the ninja sword, preparing to besiege Marven from the left and right wings!

As we all know, the katana and ninja swords are all tempered by top craftsmen with top-notch stainless steel. The blades are so sharp that they can be broken by blowing!

The four attacked together, and Marven would be chopped into several pieces if he couldn't stand it a little bit!

These four people can be described as murderous!

Nanako saw four terrifying cold lights in the night sky and shouted in horror: "Master, be careful!"

### **Chapter 1767**

The four ninjas of the Tenglin family all felt that this time they would definitely be able to give Marven a definite blow.

And Nanako also raised her heart to her throat, for fear of Marven's accident.

For her, even if she died, she would never let Marven hurt himself.

At this moment, Marven suddenly retreated several meters on the spot. The speed made the four ninjas stunned!

They themselves are preemptive, and they are faster than Marven in terms of starting time.

Moreover, they all have a ninja sword nearly one meter long in their hands, which undoubtedly further strengthens their attack range, allowing them to take advantage of the opportunity to move faster.

According to their understanding, it is almost impossible for anyone to escape at this moment.

It's like a bullet that is about to hit him that a normal person cannot escape!

However, Marven did it!

At the same time Marven retreated quickly, the Thunder Token was already in his pocket. Then, his left and right hands suddenly drew out two swords in his hand, and shot at the one in the air, and the one in front of the four people in front of him at high speed!

When the two heard the sound of shuriken breaking through the air, and seeing the cold light flying at extreme speed, they reminded each other: "Be careful!"

Immediately afterwards, the two of them were about to dodge to both sides, when they felt a sharp pain in their hearts.

The person who rose into the air fell quickly, and the person who first rushed towards Marven also knelt to the ground instantly!

The two people who doubled on the left and right wings were shocked by the situation in front of them.

Who could have imagined that this person moved so quickly, completely exceeding them by more than one grade!

It was originally a team of four full of confidence, but they didn't expect that even the fur of the other party was not even next to each other, and he would break the two again!

Under this circumstance, both of them knew that there was no chance to win at all, and they continued to attack blindly. There was no other way but to die.

As a result, the two exchanged glances, and then suddenly stopped. At the same time, they took out a ball about the size of a ping-pong ball from their pocket and slammed it to the ground.

Immediately afterwards, the ball burst out with a dazzling light, and another burst of black and thick smoke lit up. The two took advantage of the cover of these two clouds of smoke, turned around and fled.

Marven sneered, and took out the last two swords from the cowhide without hurry, and shot them at the two black veils of mist.

The two of them had actually run far away at this time, but they didn't expect that the sound of breaking through the air was still heard behind their heads, and the speed of breaking through the air was extremely fast, almost leaving them with a flash of light!

At this moment, there was only one thought in their minds: they were dead!

As predicted!

The swords in both hands pierced the backs of the two.

The poison smeared on the blade spread rapidly, and the two of them died in an instant!

At this time, the faint thunder in the sky continued.

Therefore, what happened in the courtyard of Nanako did not disturb other people in the mansion.

Seeing that these six people had completely died, Marven finally breathed a sigh of relief, and at this moment, Nanako, who was not far from him, looked at him with tears, horror, and awe in her eyes.

## **Chapter 1768**

"Master Ye..."

Nanako choked, then turned the wheel of the wheelchair with both hands and came towards Marven.

Marven took a few steps quickly, came to her, and asked, "Miss Ito, are you okay?"

"It's okay, I'm okay..." Nanako shook her head, and then she couldn't control her face and started crying.

At this moment, her biggest feeling was not the rest of her life, but the great surprise that Marven's sudden appearance brought her.

Seeing her crying as if she was emotionally out of control, Marven couldn't help but stretched out his hand and gently touched the back of her cold hand, softly comforting: "Miss Ito, stop crying, it's all right."

Nanako wiped away her tears, shook her head and said, "I am not cry for what happened just now..."

After finishing speaking, she raised her head, did not hide the deep love in her eyes, choked up and asked: "Master, why did you come to Kyoto?"

Marven smiled slightly: "I came to Japan to do something. I just arrived in Osaka. I thought that Osaka is quite close to you, so I came to see you."

When Nanako heard this, the sweetness in her heart seemed to melt away instantly.

She asked excitedly: "Master, you...you came to see me because you missed me?"

"Uh..." Marven was asked by her.

He wanted to find an excuse to conceal it, but suddenly he felt that he came here so far. This action is the most honest answer. At this time, what else can he lie?

So, he nodded lightly, and said somewhat unnaturally: "Forget it..."

Nanako was so happy to hear this!

Although there were still tears in the corners of her eyes, she smiled and said with great joy: "I didn't expect Master to still think of me...this is...this really surprises me... .."

Then she hurriedly asked Marven: "Master, how do you know that I am in Kyoto?"

Marven said: "I met Tanaka at Orgeyon Airport a few days ago and he told me."

"That's it!" Nanako said shyly: "Master, thank you for remembering me, and thank you for saving my life today..."

Marven smiled slightly and said, "You don't need to be so polite, just raise your hand."

After speaking, Marven asked her again: "I think you have been sitting in a wheelchair, hasn't your body recovered yet?"

"Yes." Nanako nodded gently: "Since the last time I finished the game with Aoxue, I was seriously injured. I was treated in Tokyo for a period of time. I am out of danger, but my body still failed to recover. The injury, may be possible, it will take a long period of recuperation to get better."

Marven nodded and said seriously: "Actually, I came to see you this time mainly to help you heal your injury. I didn't expect to encounter such a thing..."

Nanako smiled gratefully, and said softly, "Master, my injury has been seen by the best doctors in Japan. What they mean is that it is very rare to save my face. With existing medical methods, it is very difficult. Let me recover again. If I can get rid of the wheelchair in a few years, it will be considered a medical miracle."

After that, Nanako raised her head again, staring at Marven with fiery eyes, and said seriously: "Master, you came to see me, I am already very moved, this is more important than getting me to stand up again or to recover. ...."

"You don't know how much I miss you during this period of time, even I can't believe it, my biggest wish for such a long time is not to be able to recover, but to see Master Ye again..."

At this point, Nanako mustered up the courage, took Marven's hand, and said affectionately: "Thank you, Master Ye! You are here, it is Nanako's blessing, if I can hold hands with Master Ye in this place. Walking in the snow for a while, I will have no regrets in this life..."

Seeing her gentle eyes, Marven felt a little distressed in his heart. He looked at her and said very seriously: "Nanako, I have a way for you to heal you and restore you to the state before the fight!"

### **Chapter 1769**

Hearing Marven's unwavering words, Nanako was a little dumbfounded.

She couldn't believe that her injury still had the possibility of recovering as before, but when Marven said this, she suddenly felt very trusting.

So, she asked Marven in surprise: "Master, do you really have a way to heal my injury?"

Marven nodded and said, "But before I treat you, I'd better treat these corpses."

Nanako hurriedly said, "I'll call the butler!"

"No need." Marven stopped her and said: "I had a little conflict with your father in Tokyo. If you tell the housekeeper about such a big matter, he will definitely notify your father immediately. It may not look good at that time."

Nanako asked in surprise: "Master, did you see my father in Tokyo?! Why are you conflicting?"

Marven shrugged his shoulders and said, "This matter is a long story. I will tell you later when I will treat you."

Nanako stuck out her tongue and said with a smile: "It seems that my father must have suffered a lot with Master Ye..."

Marven chuckled, "He didn't take the pain, he just lost a little money."

Nanako smiled and said, "It doesn't matter, he is not short of money anyway, and it doesn't matter at all to lose."

Marven coughed and said, "He lost 4.5 billion USD."

"Huh?" Nanako was shocked by Marven's words and asked in shock: "4.5 billion USD? Master is not kidding, right?"

Marven smiled and said, "I'm not kidding, it's true, but I haven't considered whether it really cost him so much."

Nanako said without hesitation: "Master you don't have to think about it. This money will be regarded as a token from my father for me. After all, you just saved my life. My life is in his eyes. More than four and a half-billion dollars."

Marven laughed and said, "You are generous, so you are not afraid that your father will know that he is angry with you?"

Nanako shook her head and said seriously: "If he dares to be angry, then I will run away from home and go to China to join Master Ye, and then never come back!"

"Uh....."

Marven was speechless at once.

He didn't know if Nanako was joking or was serious. If she was serious, he would naturally be willing deep in his heart, but he couldn't explain to Avella...

At this time, Nanako saw Marven hesitating, and hurriedly smiled: "Master, I am making a joke with you, you don't have to be serious, and even if I really want to go to China, I must buy a house in Wrester and settle down by myself. Will not cause trouble to Master Ye!"

Marven sighed and said, "I'll talk about this later. I'll deal with these six corpses first. You have a lot of rooms in your yard. Which one is not commonly used?"

Nanako pointed to the west wing and said, "That room is a storage room, but since I haven't come back for a long time, it has been empty."

Marven nodded and said, "It's cold, I will send you back to the room, and then deal with these corpses. When this is over, I will treat your wounds first. After the wounds are healed, you will inform the housekeeper at home, let them dispose of the body properly."

Nanako hurriedly asked, "Master, are you going to leave after healing me?"

"Yes." Marven nodded and said, "I have to go back to Osaka. I will return to China after I finish my work there."

Nanako looked a little lost, and murmured: "Then I hope...my injury will never be cured..."

Marven blurted out: "Don't talk nonsense, it's bad luck."

Nanako said earnestly: "In that case, Master Ye can stay here forever? Because you said, you can only leave if the injury is cured, and you can't leave if the injury is not cured."

Marven looked at her with a helpless smile, and said, "Don't worry, I will definitely cure you."

## Chapter 1770

Nanako asked Marven, "Master, do I have a chance to see you again in the future?"

Marven nodded: "Yes, I now put part of my business in Japan, and I might come here often in the future."

"That's great!" Nanako said with joy, "Master, can you promise me one thing?"

Marven said, "Say it."

Nanako hurriedly said, "I hope you can tell me every time you come to Japan. If it is convenient for you, I hope you allow me to see you!"

"In addition, if I come to China, if Master is also convenient, please allow me to meet you, okay?"

Marven smiled slightly: "No problem, I promise you."

Nanako cheered like a little girl and said, "Then I will see Master Ye often in the future!"

Marven was touched by her sweet smile, and her voice became gentle. He smiled and said, "Okay, I will send you back to the room first, and I will come to help you heal later."

Soon, under Nanako's guidance, Marven pushed her wheelchair and sent her back to her room.

Nanako's room has a typical Japanese classical layout. The whole house is made of natural wood flooring, which is clean and tidy and simple and elegant.

There is a tea table on the floor in the room, as well as a Japanese-style book case and flower arrangement table. On the wall of the room, there are many calligraphy works, which seem to be written by Nanako.

Marven sent her back to the room and helped her into the room.

In order to prevent Nanako from falling, Marven held her hand with one hand, and supported her waist with one hand. Such intimate contact made his heart beat faster, and at the same time made Nanako two red clouds float on her face.

Marven just so supported Nanako, and at her request, he helped her sit down on the futon at the tea table.

On the tea table, there is a set of exquisite Japanese tea sets and a small incense burner.

After Nanako sat down, Marven said: "Wait for me, I will deal with the bodies outside."

Nanako looked at Marven shyly, and said, "Master, I am in a bad health and can't help you, so I'll make a cup of tea and wait for you to drink."

Marven nodded, then turned and left the room.

At this time, the six corpses lying in the snow were half buried by the snow.

Marven carefully moved the corpses to the storage room, and then stepped back to Nanako's room.

When he returned, the room was already ignited with a delicate and quiet sandalwood incense, and Nanako was carefully brushing the matcha powder with a Japanese-style tea bowl and brush.

Seeing Marven coming in, she hurriedly said to him: "Master, please sit down!"

Marven nodded and sat cross-legged on the futon in front of her.

While brushing the matcha powder, Nanako said to him: "The Japanese tea ceremony may not be the same as the Chinese tea ceremony. The tea here is brewed with matcha powder. don't know if Master Ye is used to drinking it."

Marven smiled and said, "I tasted Japanese tea ceremony with my parents when I was young, and I felt pretty good personally."

Nanako nodded, smiled and said, "That's good!"

With that said, Nanako was about to make Marven tea, Marven frowned suddenly, lowered his voice and said to her: "Someone has come in over the wall!"

"Ah?!" Nanako's eyes widened in surprise: "Are you with the few people just now?"

Marven shook his head: "don't know yet, but there is only one person on the other side. It may not be here to hurt you. Don't talk nonsense later, we will do what we do!"
