

## The Amazing Son In Law Chapter 181-190

### Chapter 181

Phil was also stunned.

Tomson's villa is the most valuable property in the hands of the entire Wang family.

This house is owned by Solmon, the current owner of the Wang family and the uncle of Phil.

Solmon, Fred Wang's father, is currently the head of the Wang family, while Phil's father is only the second in command.

This villa, let alone Phil, even Phil's dad is greedy, but there is no way, their family simply can't afford such an expensive villa.

Hearing that the uncle even gave this villa to Marven, Phil was also extremely shocked and uncomfortable, and immediately said to Theresa: "Wait a moment, I will ask my uncle."

Theresa hung up the phone, gritted her teeth and looked at Marven, and questioned: "Marven, what can you do to trick this villa from Uncle?"

Marven said lightly: "Mr. Solmon chased me to give away this villa to me."

"You nonsense!" Theresa blurted out suddenly, "You have nothing to do with the Wang family. How could Uncle Wang give you such an expensive house for no reason! You must have used some shameful means!"

At this time, Phil called Theresa and said, "Theresa, my uncle seemed to be busy, so he just hung up my phone after saying a word."

Marven sneered, and directly took out the phone to turn on the speakerphone and dialed Solmon's number.

With a beep, the phone was connected instantly.

Theresa was stunned on the spot.

"Mr. Ye!" Solmon's voice was full of flattery: "Mr. Ye should have visited the villa at Tomson? I wonder if Mr. Ye is satisfied?"

Marven said directly: "I saw the villa, and it's not bad overall, It is interesting."

Solmon hurriedly said, "Mr. Ye, you like it!"

Marven said calmly: "I just called to tell you that I'm quite satisfied with the villa."

“If you have any needs, please tell me at any time, and I will try my best to solve it! Try to make Mr. Ye satisfied!”

The crowd around was silent and in shock.

Unexpectedly, this villa was actually given to Marven by Solmon. Why?

Unexpectedly, Solmon, who had to be respectful even after meeting his fiancé, would kneel and lick Marven’s rubbish like a dog! This made Theresa feel hot on her face, and she couldn’t help her face.

She finally couldn’t help but asked aloud to Marven’s cell phone: “Uncle Wang, I am Phil’s fiancée Theresa. You will never give the villa to Marven for no reason. What is the reason?”

“Huh, what are you? You deserve to ask about my personal affairs?”

Solmon said coldly.

Theresa’s face was hot.

Marven said lightly: “Solmon, you should explain to them, otherwise, they will think I lied to you.”

“Okay!” Solmon said immediately: “Since Mr. Marven has said it, let me explain to the public that I owe Mr. Marven a great favor, so I gifted this villa. I would like to thank the clowns if they do Dare to doubt Mr. Marven, I will definitely not let it go!”

Theresa was aggrieved for a while. How could she have been scolded so severely, her face flushed, and she almost cried aggrieved.

Seeing that Theresa was so aggrieved and crying, Noah Xiao’s face couldn’t get through, and he coughed to please and said: “Ms. Wang, Theresa is still a child. She is also curious and has no other meaning.”

Solmon ignored him and said respectfully: “Mr. Marven, do you need me to explain anything?”

“That’s it.” Marven nodded.

“Then I won’t bother Mr. Marven, please call me whenever you have to.”

Marven let out a “um” and hung up the phone.

## **Chapter 182**

“Marven, is this really the villa the Wang family gave you?” Dave reacted and opened his mouth in surprise.

“Dad, yes.” Marven smiled.

“This you” Dave stammered, feeling like he was dreaming.

Avella hurriedly supported him, “Dad, go sit over there and take some rest. Now that Mr. Wang explained the situation, everyone knows about the villa. Marven got it right.”

Avella emphasized the words “just gain”, specifically speaking to a group of relatives in the Xiao family.

Horiyah clutched her heart in disbelief, and muttered: “This Wang family is really a big deal. If they want to give a mansion of hundreds of millions, why not give it to us?”

Not only she couldn’t figure it out, others also found it incredible, and even Jay was jealous.

They can’t afford such a mansion for ten lifetimes!

But why did the pie that fell from the sky hit Marven, a wasteful body!

What kind of sh!t luck is this!

Noah’s face was pale, it didn’t matter that he was ignored by Solmon, but he felt that this villa should be his daughter’s property in the future, and it was in Marven’s hands in a blink of an eye, making him totally unacceptable!

He looked at his crying daughter and then at Marven, feeling even more sullen in his heart.

He hadn’t looked down on Dave for a long time, but now he was crushed by a door-in-law, what a shame!

Noah said sternly: “Marven, tell everyone, what kind of favor does Mr. Wang owe you? You are not going to help Mr. Wang under the banner of the Xiao family?”

Marven said lightly: “This is my personal business, so please tell me!”

He turned around and said to Libo: “It’s getting late, let’s see off the guests.”

Noah Xiao claims to be an “elder”, but in his eyes, he’s not even a bullsh\*t!

Uncle Libo nodded respectfully and said to the crowd: “I’m sorry, I will send everyone to the door!”

Noah touched a gray nose, “hum” with anger, and walked out with a calm face.

Theresa stared at Marven bitterly and resentfully, and then walked out.

The family almost broke down in their hearts.

How can they not be so high, how they used to look at the live-in son-in-law, now unexpectedly he hit the big luck!

At this time, Libo closed the door and went back to the guest room without disturbing Marven’s family.

Jay's family is gone, Avella then asked: "Marven, now you should tell us the truth, Wang always owes you something."

Marven hesitated for a while, still not thinking about how to explain it.

A few days ago, the Wang family pulled Jinghai into the game and wanted to unify the Wrestvel metaphysics, but Jinghai was struck to death by his own "Thunder Order". The Wang family was afraid that he would condemn them as well, so the host sent him the gift of villa to admit defeat. They were also afraid that Marven would be angry and would kill them.

After thinking about it, Marven said, "I helped Wang's family see Feng Shui, so they gave me this villa."

"Huh?" Avella and her parents were shocked.

"Marven, are you helping people with Feng Shui?" Avella's eyes widened.

Marven nodded: "Yes."

Avella asked puzzledly: "Where did you learn Feng Shui?"

Marven smiled and said, "On TV, there are many Feng Shui programs on TV."

Avella panicked and blurted out: "You are crazy! Watching TV and dare to show people Feng Shui, and dare to accept such an expensive villa?!"

### **Chapter 183**

Seeing Avella panicked, Marven smiled and said with relief: "My wife, don't worry about the villa, the king will never come to trouble."

Dave kept shaking his head: "No, last time you helped the Qin family with Feng Shui and spent hundreds of millions to procure those shells, and now the Wang family is looking for you again. These two families are both reputable families in Wrestvel City. Just your little knowledge of Feng Shui. Sooner or later we have to wear clothes! In case they are held accountable, our family will have to follow suit!"

As he said, Dave said hurriedly: "You should return the villa to the Wang family soon, otherwise, if someone tries to settle after the fall, we are all over!"

At this moment, Marven's mother-in-law Viola blurted out: "What's the return? This big villa was given to Marven by Mr. Wang, and it was not stolen by Marven! Why pay it back? In the future, this is our Home, our villa!"

Viola had never thought in her life that she would have the opportunity to live in such a luxurious villa. Now that the villa has been acquired, Dave said that he would go back. Isn't this like killing her?

Avella shouted helplessly: "Mom! We can't collect this kind of stuff, it will be very troublesome in the future!"

“Trouble you a\*\*!” Viola snorted disdainfully, then looked at Marven and said flatly: “Oh, Marven, I didn’t expect you to have such a great ability to earn a big villa. .”

Viola smiled all over her face and said excitedly: “You are really a good son-in-law. If you go to show others Feng Shui early, wouldn’t our family be rich already!”

Dave really couldn’t stand it, and said, “Wife, this is not about the villa. Even if Marven shows them Feng Shui, he can accept a villa like this? If the Wang family regrets it in the future, won’t they hate us?”

Viola jumped three feet high and pointed to Dave’s nose and cursed: “Don’t tell me those who have nothing, I have suffered from poverty all my life with you, and now it’s hard to live in a big villa, don’t you want it? I tell You, if you dare to let your son-in-law return back this villa, I will divorce you!”

“You, you, you are a mouse giving the cat three losses, you don’t want to make money!”

Dave was so angry that he couldn’t speak, and sat down on the sofa.

Marven smiled and said, “Dad, don’t worry, this villa will not be taken away.”

“Good son-in-law, you are really capable.”

Viola looked around, touching antiques for a while, painting and calligraphy for a while, and was overjoyed: “Let him show off Noah Xiao. Now I live in a big villa. They can only buy a flat outside. It’s really 30 years. Thirty years in that dilapidated house”

Avella couldn’t stand it anymore, so she pulled Marven to the side and whispered: “You tell me the truth, what is going on?”

Marven said: “My wife. Don’t worry, it’s definitely a legitimate income. But now I am inconvenient to say that I will tell you if I have a chance in the future.”

“Since you said that there is a reason, then I believe you.” Avella thought for a while and said, “But look at Feng Shui, you still don’t do it again, lest my dad and I be worried about it.”

Marven took the opportunity to take her hand and said, “Don’t worry, I won’t do things that worry you. Dad has been urging to have children. What should you do if I have an accident?”

“Don’t give me poor mouth.”

Avella blushed, and quickly broke free.

At this moment, Viola happily came down the stairs and shouted while walking.

“When I return from a trip next week, I will call all the people I know and come to see the big villa I bought!”

Avella said, “Mom, the villa was given to Marven.”

“He is our son-in-law, and the villa that is his, is also ours.”

### **Chapter 184**

Viola triumphantly shook the bracelet in her hand: “I have already sent a WeChat Moments, look at this bracelet, there is also the big villa, others will like me!”

Marven looked at Viola’s bracelet. Qin Gang gave it to him and he intended to give it to his wife. He didn’t want to make it cheap to his mother-in-law.

The royal mansion.

Phil stood in the hall and reported what he had learned on the phone to his father.

After speaking, he hesitated for a while, then raised his head and said: “Dad, isn’t the uncle confused? Such an expensive villa, if I haven’t lived in a day, I will give it to Marven that stupid bird! You have to persuade him!”

The Phil’s father was sitting on the grandmaster’s chair, his face solemn.

Phil returned to report, saying that his uncle had given the villa to Marven.

He didn’t believe it, so he went to ask his elder brother Solmon for verification, but he didn’t expect this to be true!

Moreover, Solmon also downplayed the reason for giving away the villa, only owing to Marven a favor.

What kind of favor, let the extremely stingy Solmon give away such an expensive mansion?

The king said with a cold face: “I have already called your uncle. He seems to have a very determined attitude. He wants to return the villa, which is unlikely.”

Phil gritted his teeth and said, “Dad, do you think Marven has any problems? We have been investigating for so long, but we can’t find any real news about him, which is strange.”

The prince pondered for a while, and then said slowly: “Your uncle has been shrewd throughout his life, and he will never indulge Marven for anything, so no matter what problem Marven has, in short, this person, you must not provoke in the near future. I will check with your uncle in the evening to see what background this person has.”

“Yes.”

At the same time, Noah Xiao and his family are suing the Old Mrs. Xiao.

Theresa snorted and cried with tears: “Grandma, Marven, I don’t know what means he used to deceive the Wang family’s villa in Tomson. It is a villa worth more than 100 million! Moreover, he got the villa. , and didn’t take the initiative to honor you, and drove our family out of the villa. Isn’t this too much?”

Old Mrs. Xiao sat on the main seat, her expression was majestic, and her expression was also very dissatisfied with a cold snort: "This kid Marven really doesn't understand the rules!"

"Yeah, Mom! he is so shameless!" Noah said with a calm face, "He, as the son-in-law of the Xiao family, naturally should know that any good things in the Xiao family must be enjoyed by you first. The location of your villa is remote and the decoration is old. It should have been replaced a long time ago. If he really has you in his heart, he must first give you the Tomson first-class villa! Let you enjoy it first!"

As soon as these words were spoken, Mrs. Xiao's eyes suddenly lit up!

Xiao's villa has been her living for more than ten years. Although it looks impressive, it is already an old property. Coupled with the relatively poor location, it can sell for 10 to 20 million.

Tomson's villa is a hundred times better than here. The Lady Xiao herself is very greedy, but she can't afford it because she has no money.

But when she heard that Marven had the largest villa of Tomson First-Class, and Noah's fanfare, she also felt that this villa should really be enjoyed by her, the head of the family!

### **Chapter 185**

When the Old Mrs. Xiao was dreaming of living in the Tomson Villa, Noah Xiao rubbed her hands and said with a long sigh: "Mom, I plan to send someone to Orgeyon in the near future, and invite Elsa's family to come as a guest. Then tell them cryptically, hoping that they will engage Elsa to Jay, what do you think?"

"Dong's family" Mrs. Xiao sighed and said, "Last time Jay left Elsa and ran away by himself, I guess Elsa has a big opinion of him now!"

Noah said: "I think this little thing is harmless. This family and that family are themselves a complement to each other. What everyone values is the future development prospects. Although our Xiao family is not comparable to the Dong family, we have got the Emgrand Group. The cooperation between the two parties is still promising in the future. Maybe the Dong family will agree to this marriage.

Old Mrs. Xiao thought for a while, nodded and said: "In this case, you try to invite them to see if the Dong family are interested in coming to Wrestvel as a guest."

"Okay!" Noah hurriedly said again: "Mom, the Dong family is a big family. If we don't have a decent villa and we lose face in front of the Dong family, it won't work."

After speaking, he said again: "If you can get the Tomson first-class villa from Marven's hands, then the Dong family will be a guest. Seeing the Tomson first-class villa, you will also take a high look at our Xiao family. You said What?"

Old Mrs. Xiao nodded.

People rely on clothing, exuberance of gold, and living standards in a villa of more than 100 million worth. It will naturally greatly improve the family's face.

In addition, she was coveting Marven's first-class Tomson villa in her heart. This was just a chance to start.

So she said majestically: "Bring your brother's family to the old house tomorrow! I will tell them personally!"

Brother Jay glanced at each other, and was delighted.

Now Dave's family relies on the company for food, and Dave's family is under the family. As long as the Lady Xiao speaks, how can Dave's family stand?

The Lady Xiao asked them to surrender the villa, dare they say a word?

With the Lady Xiao's preference for her own home, as long as this villa comes from Marven's hands, it will be her own in the future!

Early the next morning, Dave led his daughter and son-in-law and hurried to the old house of the Xiao family.

Avella opened the car door and asked, "Dad, grandma specifically called you to go there. Didn't she say anything important?"

"I'll talk about it if I go." Dave said: "And your uncle Noah will also come along."

Marven's brows frowned, and seeing the battle, it seemed that there was nothing good.

Avella said angrily: "What else can happen, I guess it must be the villa."

"About the villa, Marven will explain it to your grandma in a while."

Dave didn't think too much, got into the car and urged Marven to drive.

At 9:30, the car drove to the door of Xiao's old house.

The family walked into the hall, Marven glanced around, frowning slightly.

He saw the Old Mrs. Xiao sitting in the middle chair, with Noah standing next to her, and Jay brother and sister standing on the other side.

In addition to them, there are several relatives of the elders of the Xiao family sitting on both sides of the main room, and several younger generations of the Xiao family standing on both sides, staring at them.

Isn't it just the trivial matter of traveling that has a three-counseling framework?

Dave is as his name suggests, he is very honest at ordinary times, and he can't beat a bullsh\*t with three sticks.

## Chapter 186

Now when he saw this pose, he shrank half of his head, called "Mom" tremblingly, and then called "Big Brother" with a smile.

Noah Xiao didn't seem to hear him and ignored him.

Old Mrs. Xiao nodded lightly.

Dave asked tentatively, "Mom, you called me today?"

"Let me ask you, what's the matter with Tomson's villa?" Old Mrs. Xiao asked coldly.

Dave said quickly: "That villa was given to Marven by President Wang. Marven helped him see Feng Shui before."

"Telling the Feng Shui?" Jay sneered, and said in a weird manner: "If you look at Feng Shui, you can see a luxurious mansion. All of us in the Xiao family should stop working, and we will all deceive to cheat money!"

There was a low laughter in the hall.

Listening to the ridicule of the relatives, Dave was embarrassed and could only laugh.

On the contrary, Noah laughed twice, and made a rounding up: "Mom, no matter what Marven is, President Wang has also explained it. It is indeed a gift for him. This matter is also considered to be clear, young brother There is no need to explain."

Dave gave his eldest brother a grateful look, somewhat flattered.

The eldest brother usually dismissed himself at all, but it was unprecedented to help him speak today!

Noah smiled slightly and turned to Mrs. Xiao and said, "Mom, you don't need to ask how the villa came. Anyway, Mr. Wang himself said that it was given to Marven, so we have nothing to worry about."

"Yeah." Mrs. Xiao nodded and said to Dave, "Jac, your eldest brother wants to marry hi boy into Dong family it's Jay marrying Elsa from the Dong family. What do you think of this matter?"

"This is a good thing." Dave said with a smile: "The Dong family is a well-known family in the capital. If we can get married with the Dong family, it will also help our Xiao family."

"A good thing is a good thing," Mrs. Xiao sighed with a long sigh, "But, our family, compared with Dong's family, that's really a far cry. Even if your eldest brother has this heart, he doesn't have the face to talk to Dong's family. ."

Dave nodded seriously and said the truth: "Mom, to tell the truth, I also think Elsa should not look towards this favorably."

Jay's expression was extremely ugly, and he blurted out, "Uncle, what do you mean by this?"

Only then did Dave realize that he had said something wrong, and hurriedly changed his words: "Oh, I didn't mean that. I meant to say that compared with the Dong family, our Xiao family is indeed far behind."

Old Mrs. Xiao said indifferently: "People depend on clothes, and Buddha depends on gold. If we live in the best villa in Wrestrvel, after the Dong family comes, we can leave a good impression!"

Dave asked in surprise: "Mom, are you going to change houses?"

Old Mrs. Xiao said lightly: "I want to change to a better one, but unfortunately I don't have that much money."

When Dave heard this, he hurriedly said: "If Mom needs money, I still have a million."

Old Mrs. Xiao coldly snorted: "A villa can be tens of millions or hundreds of millions at every turn. Is a million enough?"

With that, she deliberately changed her conversation and said, "Jac, doesn't your family have a ready-made villa in Tomson?"

"Yes." Dave didn't know, so he said blankly: "What's wrong?"

"What's the matter?" The Old Mrs. Xiao looked upset, and said, "I am your mother. You can bear to see me living in this old house for so many years? Now that you have a Tomson first-class villa, shouldn't you bring it here? Honor and honor me as a mother, let me live in that villa first?"

### **Chapter 187**

Dave was taken aback for a moment, and hurriedly said, "Mom, the villa was given to Marven by the Wang family, not for me."

The Old Mrs. Xiao became impatient, and she was too lazy to conceal it, and said directly: "Marven is the son-in-law of the Xiao family, and the villa the Wang family gave him must also belong to the Xiao family! As the head of the Xiao family, don't I have the right yet? Do you live in Xiao's villa?"

Marven next to him sneered slightly. He didn't say a word just now, just knowing that there must be nothing good about this family gathering today.

It turned out that the Lady Xiao just wanted his villa.

Dave understood now, sweating even more anxiously, stammering speechless, looking back at Marven, eyes full of embarrassment.

Noah Xiao said triumphantly: "Jac, you are Marven's father-in-law. If he dares not listen to what you say, isn't he too arrogant at home? What status do you have?"

"That's right!" Mrs. Xiao nodded in satisfaction, her eyes full of greed, she couldn't help feeling the excitement deep in her heart when she thought of living in the big villa of Tomson community.

Avella couldn't help it, and said coldly: "Grandma, the villa is not owned by our Xiao family. If you want to take the villa, you have to ask Marven's opinion. If Marven is unwilling to give it, no one is qualified to ask for it!"

Old Mrs. Xiao frowned and looked at Avella, feeling very unhappy in her heart.

"Talking!"

The Old Mrs. Xiao looked at Marven coldly, and said unceremoniously: "This villa was given by the Wang family. You are just a live-in son-in-law, and you are not qualified to enjoy it. Tomorrow you go to the company's finance department to receive one hundred thousand, your reward for dedicating the villa!"

The Lady Xiao's command-like tone gave no room for discussion.

Noah said: "Marven, 100,000 is a lot, you are a waste of money, I guess you have never seen so much money."

Marven slowly raised his head and sneered from his nostrils: "For one hundred thousand, you want to forcefully buy a villa worth more than 130 million in Tomson? Old Mrs. Xiao, you are too shameless!"

His voice rang loudly and clearly reached the ears of everyone present.

The crowd was shocked, and the entire hall was suddenly silent.

All eyes were fixed on Marven.

Surprised

Shock

Incredible

Avella was also shocked.

She didn't expect Marven to be so tough!

Old Mrs. Xiao turned blue with anger, she patted the table again, and shouted sharply: "b\*stard! Even you dared to stand up! Come here, get this Rubbish Marven out!!"

"No respect! It is extremely arrogant!" Jay coldly scolded: "Grandma, I think he should respect the family law! He is a live-in son-in-law, dare to be arrogant like this, it is the opposite!"

Dave looked at Marven, but did not dare to speak at all.

"Respect and humble?" Marven sneered from his nostrils, and said coldly: "The distinction between respect and inferiority is to treat people who are worthy of respect! Among you present, except for my father-in-law Dave, who is worthy of my respect?"

This group of people is extremely greedy, he has long wanted to endure it!

Old Mrs. Xiao, as Dave's mother, screamed at her second son, without paying attention!

Noah Xiao, as the eldest brother of Dave, has never looked down upon him, not only that, but also wants to take everything from his brother.

### **Chapter 188**

As for him, the "live-in son-in-law" of the Xiao family, this group of people has never seen it directly!

Even Marven didn't pay attention to him at all!

It was only Dave who cared about his family and couldn't bear to give up!

And Avella has always been bullied, and the identity of the cooperator with the Emgrand Group has always been missed by everyone in the Xiao family!

The entire Xiao family was firmly crushed on their heads!

Any bullying!

Marven looked at his wife and put it down for the time being, but he didn't expect this group of people to be so shameless that they wanted to take their villa!

"Marven, how dare you talk to grandma like this!" Jay shouted angrily, "I have to teach you today!"

"Only you?" Marven sneered and said contemptuously: "Jay, to me Marven, you are just a poor worm, humble like an ant!"

"Presumptuous." The Old Mrs. Xiao stood up suddenly and sternly shouted: "Marven, you kneel down and apologized, and then give up the villa, I will forgive you this time! Otherwise, I will let Avella and you now Divorce. I will drive you out of Xiao's house and leave you on the streets. You can't survive!"

Avella, who kept her head down, raised her head abruptly, stood in front of Marven, and said, "I don't agree! Are you my grandmother? Or are you the Patriarch of the Xiao family?! You oppress me so much. Dad, bullying Marven, do you still treat my family as your own family!"

"I will never divorce Marven!"

"You" the Old Mrs. Xiao almost turned her back in anger, pointed her finger at Avella's nose, and shouted at Dave sharply: "Look at your good daughter, who turned her elbow out! Let her kneel down together!"

Dave slowly raised his head, staring directly at the Old Mrs. Xiao.

After changing his previous cringe, Dave's expression was also very dissatisfied.

Noah froze for a moment. His second brother is usually very useless and is led by a strict wife at home. He didn't dare to talk back in front of Mrs. Xiao, but now he dares to look directly at Mrs. Xiao with contempt?

He shouted sharply: "Second brother, don't you hurry up to tell your daughter-in-law to kneel down and let mother calm down?!"

And Dave, who is usually the timidest, turned blue at this time, and said, "Brother, someone gave Marven the villa. What he wants to do with it is his business. Who my daughter married? You can't control things! This villa is worth more than one billion, almost more than the assets of the entire Xiao family. Why do you want to occupy it?"

"You shameless son!!" Old Mrs. Xiao was trembling with anger, grabbed the teacup on the mahogany table and threw it at Dave.

Dave didn't dodge or hide, and was hit by a "bang" on his head with a teacup, leaving a big bruise.

The tea dripped down his face, and the tea dregs splashed all over his body.

He remained motionless.

"Dad!" Avella yelled heartbreakingly, her eyes suddenly red.

She can be humiliated, but she cannot tolerate others to humiliate her father!

Dave let the tea flow on his face, raised his head coldly, and said, "Mom, if there is nothing else, we will leave now."

After speaking, he said "Let's go" to Marven and Avella next to him, then turned around and walked outside the door without looking back.

Avella wiped away tears, glanced bitterly at the people in the hall, and turned away without hesitation.

Marven didn't even look at everyone, and turned around to leave.

Noah Xiao was so mad, he was about to run away!

## **Chapter 189**

Noah Xiao discussed with Mrs. Xiao last night and carefully planned all this.

Today, he also specially invited the respected members of the Xiao family, and put on a three-council trial.

Half of it was a temptation and half a threat. He wanted Dave to voluntarily hand over the villa.

If he doesn't take the initiative to hand in, force him to do it!

According to his thoughts, Dave was usually the most timid, and his mother would shiver all over his body when she uttered a rebuke. When the time came, he would definitely offer the villa's hands honestly.

As for Avella, he didn't care at all. What right does a married woman have?

What's more, still married to a Rubbish!

As for the waste Marven, let alone!

The live-in son-in-law has no status in the Xiao family, and he doesn't even have the qualifications to speak!

If asked to let him hand over the villa, he must hand it over honestly!

However, Noah did not expect that Dave was so anxious that he even dared to talk back to the Lady Xiao!

Avella, a granddaughter, didn't even listen to the Lady Xiao!

Even the Rubbish Marven dared to point to the Lady Xiao's nose and call her shameless!

"Your family is really the opposite!"

Noah Xiao gritted his teeth and turned around and said, "Mom, you can't let them go like this! If you let it go today, in the future, our Xiao family will not be riding on their heads? What majesty will you have in the Xiao family in the future?!"

Mrs. Xiao's face is extremely ugly!

She has a strong desire to control their life!

After the father's death, she kept the entire Xiao family in her own hands and did not allow anyone to challenge her authority.

However, she did not expect that today she would suffer the disobedience of Avella's family of three, which made her resent!

She roared hysterically: "The Xiao family is unfortunately out of this family! You are all from my Xiao family! As long as I don't die for a day, you have to listen to me!"

Having said that, the Old Mrs. Xiao shouted sharply: "Close the door, family law will take care of you!"

She has absolute authority in the Xiao family, and Dave, who is usually the most submissive to her, dares to disobey her today!

Among them were granddaughter and daughter-in-law, who didn't even look at her!

I don't know how Dave taught his children to be so unfilial!

If not severely punished today, what is the majesty of the head of the family?

Besides, if they were to leave like this today, how could the Tomson first-class villa be taken over!

She lived half of her life and never expected to live in such a villa. Now this villa is in the hands of her son's family, and she has to grab anything and enjoy it!

Therefore, in any case, they must be asked to surrender the villa!

Even if they want to leave the Xiao family, they must leave the villa!

As a result, a group of bodyguards and subordinates immediately surrounded the three people.

Marven stood in the courtyard of the old mansion, with a vigorous aura. He looked at the bodyguards coldly and shouted angrily: "Who dares to take a step forward, don't blame me for being impolite!"

"You are a Rubbish thing, dare to show off here!"

One of the bodyguards shouted angrily and hit Marven with a stick.

Marven's eyes were cold, he directly grabbed the eyebrow stick in his hand and hit the opponent's leg easily.

The bodyguard felt a strong attack from the bend of his leg, and he knelt in front of Marven uncontrollably, his leg was broken!

Marven didn't even look at him, and with a harder hand, he broke the eyebrow stick into two with a "pop".

"Dang!"

Marven directly threw the broken stick to the ground.

## **Chapter 190**

The people in the yard were shocked.

This eyebrow stick is made of the hardest yellow elmwood, which is extremely hard. Even two sturdy men can hardly break with all their strength.

But in Marven's hands, it turned out to be like crispy noodles, so weak!

After practicing the Nine Profound Heaven Scriptures, Marven's strength has become stronger and stronger, and these bodyguards are simply not opponents!

Seeing Marven's move, Dave let out a sigh of relief.

He didn't expect that his son-in-law should be so capable! It seems that today he and his daughter can leave the Xiao family safely!

The bodyguards in the old house of the Xiao family were all arranged by Noah Xiao. They were all his confidants. At this moment, seeing that he was very strong, everyone was a little flustered.

Noah Xiao gritted his teeth and said: "Marven, I didn't expect you to have learned some three-legged cat kung fu, but I see you alone, how to deal with so many hands! Give it to me together!"

"Yes! Let's go together and kill him!" Jay also gritted his teeth, showing his face.

He had suffered a loss in Marven's hands long ago, so he planned to take revenge today!

A group of bodyguards got the order and immediately rushed towards Marven.

Marven ignored them, and when several bodyguards rushed over, he suddenly volleyed with a roundabout kick and kicked the two bodyguards out.

Immediately afterwards, he "brushed" a few punches, and instantly knocked down the bodyguard who rushed in front!

Avella, who was standing behind him, was stunned. She had no idea that Marven, who gets along with her day and night, would be so good.

Seeing his daughter's shocked expression, Dave quickly explained: "Avella, when you usually go to work, Marven is at home following the TV to practice martial arts."

"He still practices martial arts?"

Avella was even more incredible.

Dave said: "He knows a lot! Qin Gang asked him to do things last time!"

With that said, Dave felt a little guilty when he saw Marven fought against several bodyguards.

The Xiao family had always underestimated Marven, and let him stay at home to buy vegetables and cook, but Marven was also a man, and he also had his own dignity.

Which man is willing to wash and cook at home all his life?

It seems that the family is ashamed of Marven!

At this moment, Marven defeated several bodyguards in succession, without fear.

There is also a mess in the courtyard!

Theresa and the Lady Xiao ran into the house long ago to take shelter, and all men left in the courtyard.

Jay next to him looked extremely annoyed. He didn't expect Marven to be so good. Seeing Marven gradually gain the upper hand, Jay gritted his teeth, bent over and picked up an axe, walked quietly over, while Marven was kicking one of the bodyguards. When he saw the bodyguard, he slammed on head.

"Marven, be careful!"

Avella screamed when she saw the sharp light of the ax.

"d\*mn, Rubbish the silk, I hack you to death!"

Jay's new hatred and old hatred rushed into his heart together and slashed fiercely.

Dave was so frightened that his legs became weak and he almost collapsed to the ground.

They want Marven's life!

Axe flashes!

When it was said that it was too late, Marven suddenly raised his hand, and his two fingers accurately clamped the axe blade, turning his head coldly to look at Jay.

Jay was shocked, trying hard to get the axe back.

But Marven's two fingers are like a vise, even if he uses the strength of sh!t, the steel axe pinched between the fingers will not move.

Jay sweated coldly on his forehead and roared, "Rubbish, let me go."

Marven stared at him and sneered: "Jay, you stupid, you can't cut anyone, I think you are a waste!"
