

## The Amazing Son In-Law Chapter 1901-1910

### Chapter 1901

Under Marven's order, the entire Wrestvel Underground World was dispatched almost at this instant.

Orvel even took to the streets in person, looking for clues to Viola with his men.

Jay didn't know this at this time.

He just wanted to take revenge on Viola, and then send her to the black brick kiln to work for a lifetime. This will not only suppress the arrogance of Marven and Avella, but also avenge him and his mother.

Noah was also very excited.

His hatred for Viola has already reached a peak.

Of the four of Marven's family, he hates Viola the most!

The reason why he hates Viola so much is mainly that Horiyah was sent to the black coal kiln, because of Viola, and Horiyah was pregnant in the black coal kiln and infected herself with a venereal disease.

That's fine, but this Viola hung dozens of green hats on the wall to disgust him, so that he will never forget the harm Horiyah has brought to him, and he will always feel green on his head. As time continues to increase, it is no longer a common practice!

At this time, the father and son, together with their accomplices, dragged Viola and Cynthia to the abandoned warehouse in the suburbs.

Because the warehouse is large, the van can be driven directly into the warehouse.

As soon as the car stopped, Jay jumped out of the car first, and then dragged Viola out of the car.

Noah looked at Viola on the ground with a sneer, and said with disgust: "Viola, Viola, you never dreamt that you would have a f\*cking day today?"

Viola was terrified, but because her mouth was blocked, she couldn't speak and could only sob loudly.

Noah directly tore off the towel from her mouth.

Viola blurted out immediately: "Noah! You are so f\*cking tired and crooked, dare to kidnap me?! Believe it or not, my son-in-law, can blow your head anytime!"

"Huh?" Noah raised his hand and slapped Viola, angrily said, "It's all about this time, so f\*cking act with me? You think you are on your terrace now, don't you?"

Viola is a master who cannot afford to lose. Seeing that he dared to beat her, she immediately furiously said: “Noah, you wait! My son-in-law knows many people with good power in Wrestvel, and he will definitely teach you a lot!”

Noah sneered and said: “Do you still expect Marven to teach us? I tell you, today I tie you here for two main purposes. First, let a few young people have fun with you, and take some videos to post online, let you and your family be ruined; second, send you to the black brick factory to burn the kiln and move bricks for a lifetime! How did you deal with Horiyah in the first place, I will now get it back hundreds of times!”

As soon as Viola heard this, she was so frightened!

She really did not expect that Noah would have such a vicious plan!

So, she immediately persuaded him and choked: “Brother, you shouldn’t hate me so much. It was not me who wanted to harm my sister in the first place. It was my sister who wanted to harm me. Ask yourself if you didn’t want to pit me. My son-in-law’s villa, I can’t do it against you!”

Noah raised his hand and slapped her again, yelling, “Then you hung so many green hats on your terrace, how do you explain?”

Viola hurriedly said, “I was really wrong about that, the eldest brother, think I am your younger sibling, please spare me this time, I will definitely collect all the green hats after I go back. Do not keep them there!”

Noah coldly snorted: “Now you know that you confesse your mistake? I tell you, it’s too late! Even if it’s the gods of health, don’t want to save you this time!”

Jay on the side came over and asked in a low voice, “Dad, when should we let people do it?”

Noah said: “Don’t worry, when President Wu comes over, he will have to witness it with his own eyes!”

## **Chapter 1902**

Jay asked again: “What should I do there is still a woman in the car? At that time, there was no way but to tie her together, but we don’t know her either.”

Noah smacked his lips and said, “Don’t worry, let’s get rid of this one first. If it doesn’t work, send that woman to the black brick kiln!”

.....

At this moment, the Ye family had received news that Cynthia was kidnapped.

After Elder Ye heard about this, he was instantly furious!

He threw a beloved blue and white plum bottle directly in the living room, and roared angrily: “With the strength and status of my Ye family in the country, there are still people who dare to kidnap the immediate family members of the Ye family. This is too courageous!”

The three brothers Andrew, Changyun, and Changjun looked at him one by one, but none of them spoke.

Cynthia was kidnapped suddenly, and for them, it was not something worth worrying about.

On the contrary, it is something worthy of the expectations and excitement for the three of them.

None of the three brothers liked her.

The reason is nothing more than the word interest.

If Cynthia, like Changxiu, the youngest daughter of the Ye family, would live steadily with her husband when she married, they would naturally not be dissatisfied with Cynthia.

But it was because she had already married out, but she couldn't keep herself in the husband's family and teach her sons. After separating from her husband, she ran back to the Ye family in an attempt to share a share of the family property. This made the three Ye family brothers treat her very much with disgust.

Moreover, Cynthia was already very serious.

She never cared about the feelings of the three brothers, only the feelings of the father alone.

Therefore, she would often deliberately target the three brothers in order to win the affection of the father, and make them annoying.

Now she has been kidnapped. Isn't this the gift God gave to the three of them?

Although the three of them haven't had any communication with each other, they all have the same wish in their hearts.

That is, they hope the kidnapers will kill Cynthia directly and never let her back again.

The Old Master Zhongquan was very annoyed. During this period of time, he increasingly felt that his eldest daughter Cynthia was not only capable, but also very obedient to his words. Compared with the three sons, Cynthia made herself more compliant.

Now, his daughter, by his own order, went to Wresvel to find Marven, and was kidnapped there. This not only threatened his daughter's life, but also slapped him in the face, so he could not do anything.

So he immediately called Zak Chen and asked about the details of the matter.

Zak Chen could only reply truthfully, and told how she was kidnapped with Viola, and told Elder Ye in detail.

After listening to the Old Master Ye, he blurted out and asked: "Zak Chen, do you think the other party is targeting Cynthia or Viola?"

Zak Chen said: "Master I really can't analyze the specific situation now. The eldest has a high status. Maybe there are desperate desperados who want to kidnap her and blackmail a huge fortune. But Marven's mother-in-law has a pungent personality. Very often, she offends people, maybe the other party may come to her to seek revenge. All of this will be known after the party is found."

Elder Ye immediately said in a cold voice: "Zak Chen, I have two requirements! First, you must rescue Cynthia anyway, otherwise you will be asked; second, immediately grab Cynthia's bodyguard, interrupt his hands and feet, and then send him back to Ye's house to accept punishment!"

### **Chapter 1903**

Zak Chen also knew very well that he had to take responsibility for something wrong with Cynthia.

If Cynthia finally turned away from danger, everything would be fine, but if she really had some shortcomings, then her good life would have come to an end.

What's more, there was Marven's mother-in-law who disappeared with her this time.

Therefore, he further increased his search power, and even transferred the entire Shangri-La security guard out, just to search for the whereabouts of Cynthia and Viola as soon as possible.

However, the clues need to start from the beauty salon and a little bit of searching, so it is impossible to find them immediately.

Marven had also left home at this time and went to the beauty salon to meet Zak Chen.

He was worried about two things at this time. One thing was that Cynthia exposed his identity to Viola, and the other was that Viola was Abnerally murdered by the kidnapers.

In fact, until now, he has no family feelings towards Viola.

After all, Viola has been bullying and humiliating him for more than three years, but only recently has she changed.

If there is a choice, Marven hopes that Viola will evaporate.

However, Marven felt a little unbearable when he thought of his wife Avella.

Avella is very kind after all, and she can be considered very filial to Viola. If Viola disappears for no reason, her blow will be extraordinary.

The last time Viola entered the detention center, she was missing for just a few days. Avella was going crazy. If something happens this time to her, she would definitely be more worried than the last time.

Moreover, it seems that the New Year will be around in two days. If Viola has any accident at this time, the family would not have a good year.

Therefore, Marven still hopes to find and rescue her as much as possible.

.....

At this moment, abandoned warehouses in the suburbs.

Viola and Cynthia were tied together. The reason why the Xiao family and his son hadn't let Viola go to sleep was mainly that they wanted Regnar to come over and inspect their work.

After all, cannibalism is soft and short.

The Xiao family got so many benefits from Regnar, but they never let Marven family jump in accordance with Regnar's explanation, so Regnar felt very insecure.

This is mainly because the Tomson Villa they live in is not their own, but Regnar lent them to live in.

Moreover, Regnar's investment in the Xiao Group's money is also conditional. Regnar can withdraw all the money at any time, and then the Xiao family will still have nothing.

Therefore, they wholeheartedly hope that they can please Regnar and satisfy him.

In this way, they can also get more benefits from the Wu family.

Regnar was sitting in the car rushing to the warehouse, and he was very excited.

During this period of time, although he has been busy making the Wu family rise again and can't worry about fighting with Marven, the hatred of Marven in his heart has never been lessened.

#### **Chapter 1904**

This time he heard that Noah wanted to attack Marven's mother-in-law first. Regnar was naturally very happy. For fear of missing the show, he asked his men to drive and drive over to watch the live broadcast.

As soon as he arrived, Jay ran to open the door of the warehouse himself, and let the Rolls Royce with Regnar drive in.

Noah walked to the car door excitedly and took the initiative to open the rear seat door for Regnar.

As soon as the door opened, Noah bowed very humbly and said, "Mr. Regnar, you are here!"

Regnar nodded and saw Viola tied back to back with Cynthia on the ground. He sneered and said, "This is Marven's mother-in-law, right?"

"Yes!" Noah said with a bit of bitterness: "This girl, the number one v!xen in the universe, is as cheap as a bone! I'll get her to be done later, and I'll help Mr. Regnar!"

When Viola heard this, she hurriedly begged in fright: "I beg you to let me go, I have no grievances with you, why do you treat me like this..."

Regnar shouted coldly: "I have no grievances or hatreds? Do you know that your son-in-law Marven deserves my unshakable vengeance?! Today you fell into my hands, don't blame my cruel heart, blame it You found yourself a good son-in-law!"

Viola was about to collapse and cried out, "I was wronged! Marven is not the son-in-law I found for myself, but the live-in son-in-law arranged by Noah's father for the Xiao family. I strongly opposed it at the beginning, but the Old Master didn't listen to me. Yeah!"

Regnar said contemptuously: "Don't f\*cking talk to me about this nonsense, as long as it is the people around Marven, they will be a thorn in my eye and a thorn in my flesh!"

As he said, his expression was a little excited, but he said with some regret: "It's a pity, you are only Marven's mother-in-law, not Marven's immediate family member. If I can find Marven's immediate family member first, then I in front of Marven will just kill her with one knife!"

As soon as Regnar said this, Viola felt that the woman tied to her behind her trembled violently.

Cynthia almost freaked out at this moment.

She originally thought that she was unlucky enough to meet Viola, a b\*tch woman's enemy.

But now she realized that what she had encountered was not Viola's enemy, but Marven's enemy!

Moreover, the other party is still regretting that he has no chance to kill Marven's immediate family...

Isn't she an immediate family member of Marven? Marven's aunt!

At this time, Regnar looked at Noah and said, "Old Xiao, when can you tie Marven's wife?"

When Noah heard this, he said with some embarrassment: "Mr. Regnar, Avella is also my niece, I can't make this hand..."

Regnar waved his hand: "I didn't want to kill his wife! His wife is going to stay in the second to last. Before killing Marven, kill her in front of Marven!"

As he said, Regnar paused slightly, and then said: "I mean, first kill an immediate family member who is related to Marven and get addicted. He has no parents, so there is no such thing as Seven Aunts and Eight Aunts. Kind of?"

Noah thought about it for a while and said, "Marven has always been an orphan. I have never heard of his immediate family members. They should have died long ago!"

Regnar sighed: "That's really a shame!"

At this moment, Viola suddenly had an idea, and blurted out: "I know I know! Marven has an immediate family member! The stinky woman who is tied to me is Marven's aunt! If you hate Marven, just Kill her, kill her, it's definitely more useful than killing me!"

Cynthia was so scared that she had a cardiac arrest!

She cried desperately in her heart: "When I came out, my father told to me. That I should not let Viola know that I have the identity of the Ye family. What's afraid is that Viola knows that she is the Ye family, so the lion speaks loudly.. .... So, how did Viola know that she is Aunt of Marven?!"

### **Chapter 1905**

Viola actually didn't know who Cynthia was.

She didn't even know what Cynthia's last name was, and where she came from.

And the reason why Viola said that Cynthia was Marven's aunt was complete nonsense.

The reason for saying this is complete because she is completely scared by Regnar's words just now.

Viola was afraid that Regnar would kill her, so she thought to herself: "Since Mr. Regnar wants to kill an immediate family member of Marven to relieve his hatred, then I might as well cheat the b\*tch behind me! This will not only make me safer, and I can avenge this woman for humiliating me and fighting me!"

"This d\*mn woman, came and pretended to me inexplicably! She lied to me with a fake cheque and asked me to persuade my daughter to divorce Marven. This is the point. I framed her as Marven's aunt. This is completely justified!"

Therefore, Viola didn't expect that she would actually be on the right side!

Regnar didn't even expect that the woman behind Viola was Marven's aunt. He asked in surprise, "Viola, you said she is Marven's aunt, aren't you kidding me?"

"Of course not!" Viola blurted out immediately: "This woman is indeed Marven's aunt. Just now she ran to the beauty salon to find me and said that she would give me a check for 100 million and let my daughter leave Marven!"

After Regnar heard this, he strode to Cynthia's face and looked her up and down.

Although he could see that Cynthia was well dressed and didn't look like an ordinary person, he didn't have any impression of her face.

This is not to blame for his ignorance. The main reason is that although the Ye family is famous, the direct members of the Ye family rarely show up in the public eye for personal safety.

Except for Orgeyon's upper class, ordinary people have no chance to meet the Ye family.

The media from all walks of life are absolutely afraid to report any personal information about the Ye family.

Therefore, although Regnar was familiar with the Ye Family of Orgeyon, he even knew it well, but he really didn't know anyone in the Ye Family.

Naturally, he couldn't recognize Cynthia in front of him.

So he tore off the towel from Cynthia's mouth and asked coldly, "Are you Marven's aunt?"

Cynthia shuddered in shock, and shook her head desperately to deny: "No! I am not Marven's aunt! I have nothing to do with Marven!"

Viola yelled: "f\*ck your mother! You have nothing to do with Marven, why should my daughter divorce Marven?!"

Cynthia was nervous and didn't know how to answer.

She heard Regnar say with her own ears that Marven's immediate family would be slaughtered. If he knew that she is Marven's aunt, he would definitely kill her without saying a word.

Therefore, she knew that she would never admit this relationship.

She even didn't dare to expose the identity of the Ye family, because once the other party knew that she was the Ye family, she was afraid that he would do nothing but kill her forever.

Regnar saw that she hadn't spoken for a long time. He slapped Cynthia's face with a slap in the face and gritted his teeth furiously: "Don't say yes?! Okay! I'll kill you! Anyway, you are going to get killed today!"

Cynthia's face was extremely pale, and she cried and said, "Actually, I am not Marven's relative at all. I just think that Marven is a good-looking kid and capable, so I want him to be my son-in-law..."

### **Chapter 1906**

"bullshit!" Before Viola spoke this time, Regnar cursed Cynthia first, then slapped her again, and cursed: "You the fcking treat me as a three-year-old child? Marven is married you do not know?"

"I know..." Cynthia cried and said, "Because I know, I can only make this move. I want to separate Marven and Avella first, and then my daughter will have a chance!"

Regnar sneered: "You woman, you are very dishonest at first glance. I can tell from your eyes that you didn't tell me the truth!"

Cynthia was nervous to death.

In fact, she does not have very good psychological qualities. She has been arrogant before. It is not because of how strong her psychological quality is, but because of the reputation of the Ye family, so she can be free and unreasonable, not afraid that anyone dares to treat her badly.

However, this is not Orgeyon after all.

She also underestimated Regnar's hatred for Marven.

At this time, Regnar just wanted to teach Marven a lesson first, and then find a chance to kill him as well.

Therefore, it is impossible for Regnar to reason with Cynthia.

If Cynthia can't prove very clearly that she is not Marven's aunt, then Regnar would rather kill the wrong person than let it go!

Therefore, Cynthia could only choked and said, "You gentleman, since you hate Marven so much, you must know that Marven was an orphan since childhood and grew up in an orphanage. How could I be his aunt? If I really am his aunt, How could I let my nephew live in the orphanage for so many years, don't you think?"

Regnar snorted coldly, gritted his teeth and said: "What's impossible? When my b@stard brother-in-law died, there was a little girl left behind. That little girl was my wife's niece, and she was also called my wife her aunt. She has always wanted to bring her to my side to raise, but I did not agree, so the little girl is still living in the orphanage. Isn't this the same as your situation?"

Cynthia was stunned for a moment, and she had no idea what to do.

At this moment, Jay on the side rummaged in Cynthia's bag for a while, pulled out a document from her bag, and handed it to Regnar with a flat face, and said, "Mr. Regnar, look, this woman is called Cynthia Ye. From Orgeyon!"

Regnar frowned immediately.

Although the surname of Ye is not too much, it is not too few, so he did not think of Cynthia and Ye's family together.

On the contrary, he discovered that this woman was also named Ye, and almost instantly concluded that this woman must be Marven's aunt!

Thinking of this, he gritted his teeth and grabbed Cynthia's hair, and his big mouth drew several times. Cynthia's mouth was full of blood, and she said coldly: "You are brave enough, and dare you f\*ck me. Do you really think Regnar is vegetative?!"

Cynthia was beaten up and down, and her whole body almost collapsed. She cried and said, "Mr. Orvel, I beg you to let me go. I have no grievances with you. Why should you embarrass me again and again..... If Marven has offended you, then you can kill him. Don't make me, a woman, so miserable please..."

Cynthia didn't dare to reveal her true identity as the last resort, because once her true identity was revealed, it might be an even stronger motivation for Regnar to kill her.

Therefore, she wants to carry it to the end!

If there is really no other way, then use the identity to make the last fight.

At this time, Regnar grinned: "You said you have no grievances and no enemies with me?! I tell you, all Marven's relatives and friends are enemies of Regnar! You two, one is Marven's aunt, One is Marven's mother-in-law, so don't both of you want to run!"

After that, he immediately shouted to a bodyguard next to him: "Amao! First, drag Marven's aunt to me, and shot her!"

### **Chapter 1907**

Regnar's violent shout made Cynthia's whole person instantly shaken into chaff.

Because of the high tension of her body, Cynthia didn't control it, so she urinated her pants on the spot.

Since she and Viola were tied back to back, after urinary incontinence, the urine flowed down into a big pool.

Viola suddenly felt that the place where she was sitting became damp in an instant, and there was still a bit of stinky smell in the air, immediately like an electric shock, while struggling to move her body, she cursed: "What about you girl? It's so disgusting! When is it good to pee in pants, not pee now, f\*ck you bltch!"

Cynthia has completely collapsed, and all the decentness that she has cultivated for decades as a wealthy daughter has disappeared in this lesson.

She looked at Regnar and cried and said, "Mr. Orvel, please don't kill me. I am the eldest lady of the Ye family of Orgeyon. My name is Cynthia Ye. As long as you spare me this time, I can give you a lot of money. My father Zhongquan Ye will also give you a lot of money!"

Suddenly, Regnar was taken aback, looked at Cynthia, and asked incredulously: "You said you are the eldest lady of the Ye family?!"

Cynthia cried and said, "Yes, I am! I really am!"

Regnar asked again: "You said your father is Zhongquan Ye?!"

Cynthia nodded repeatedly, choked up and said, "Yes! Zhongquan is my father!"

Regnar had never heard of Cynthia.

However, he had heard of Zhongquan's name.

After all, Zhongquan is the head of the Ye family, and he is very well-known throughout the country.

Cynthia said that she was Zhongquan's daughter. Regnar's first thought was: "Impossible!"

He observed at Cynthia, and sneered coldly: "Didn't you just urinate? Take a good picture of yourself and see if you look like the Ye family member?"

Cynthia collapsed and pleaded from the bottom of her heart: "Brother, I really am from the Ye family!"

Regnar said disdainfully, "Well, even if you are really from the Ye family, then I will ask you, what do you do to come to Wrestvel if you are a dignified Miss from the Ye family?"

Cynthia choked up and said, “I...I’m looking for Marven...”

Regnar was even more disdainful: “Marven is just a live-in son-in-law who knows Feng Shui metaphysics, don’t you f\*cking tell me that he is also from the Ye family of Orgeyon!”

Cynthia cried and said, “It’s true! Marven is really a member of our Ye family. He is the son of my second brother and the grandson of my father...”

Viola was stunned, and forgot that all of her body was soaked with Cynthia’s urine, and blurted out, “What did you say?! You said Marven is the grandson of Ye family?!”

“Yes...” Cynthia said sincerely: “Marven had been living in Orgeyon when he was a child. Later, due to some special reasons, he followed his parents to Wrestvel, and then his parents died. He was sent to Wrestvel Welfare Institute...”

“Impossible!” Viola blurted out: “If Marven is really the young master of the Ye family, how could he have been growing up in the orphanage? And when he became an adult, he was picked up by my father-in-law from the construction site when he worked as a construction worker. Yes, you tell me now that he is the eldest of the Ye family? I f\*cking said that I am the queen mother who came down to earth!”

Regnar also said in a cold voice: “What you said is not in line with common sense. If Marven really has such a powerful identity, how can he be included in such a poor family?”

Noah touched his nose, and said awkwardly, “Mr. Regnar, what you are saying is not appropriate...”

### **Chapter 1908**

“That’s it, Mr. Regnar...” Jay on the side was also a little unconvinced, and said: “Our Xiao family in Wrestvel can be regarded as a middle-class family anyway, and that’s also a good one!”

Regnar glared at him and cursed: “Your family has a head and a face? Your sister has a head and a face, and even went to kneel and lick the bad Old Master Fredmen? With a head and a face, your mother sl3pt with the overseer in the black coal mine?”

As soon as Noah heard this, his face flushed with shame, and he wanted to slash the ground and get in on the spot.

Jay beside him also wanted to die in embarrassment.

Regnar seemed to be puzzled. He gritted his teeth and cursed: “dmn, the TV in my villa has been sold by your family secretly, and you have the face to tell me that your family has a head and a face? Your grandma runs away with a head and face. From Marven’s house steals foreign daffodils to make dumplings to eat? How much does it cost you to buy two kilograms of leeks at the dmn vegetable market?! The fcking family is stupid, saying that you’re all fcking fcking fcks!”

Noah and Jay were speechless immediately.

What Regnar said is the truth. After the Xiao family fell, they did a lot of things that were not ethical, indiscriminate, and bull\$hit. If they were to say one by one, they would really bring the Xiao family back. The ancestor's face is lost.

Cynthia's desire to die is gone.

Obviously, she was confessing her identity and Marven's background to Regnar, how to say it, became Regnar and cursed the other two people bloody?

So, she looked at Regnar with a very pious expression: "Big brother, every word I say is true. I can swear to the heavens. Please look at the face of the Ye family and let me go. Right!"

.....

At this moment.

Marven was sitting on Zak Chen's helicopter, flying to the suburbs at high speed.

Noah and Jay's methods of committing crimes are not smart, and it is not difficult for Zak Chen and his men to find out their trajectory.

Soon, they locked the van based on surveillance video, and then used traffic monitoring to get out their crime route along the way.

After learning that the other party was currently in an abandoned warehouse in the suburbs, Zak Chen immediately organized a large number of men to prepare for rescue.

Marven naturally went with him.

When the helicopter was flying, Marven, who was sitting in the cabin, looking sad.

Seeing this, Zak Chen on the side hurriedly comforted: "Master we can rush over in a few minutes. Your mother-in-law and Miss Cynthia should not be in danger of life."

Marven rubbed the bridge of his nose and sighed: "Noah and Jay are likely to be working for Regnar. I can probably guess how they would treat Viola. It is likely that they will find something similar to a black coal mine after torturing Viola. The place imprisoned her for suffering, so I am not worried that they will kill Viola."

Zak Chen nodded and said, "Miss Cynthia is the eldest daughter of the Ye family. If it is Regnar who is in charge behind her and Miss Cynthia reveals her identity, he should not dare to make trouble, so Miss Cynthia will probably not encounter a threat to her life."

Marven smacked his lips and said: "What I worry about is that my aunt reveals her identity! If she reveals her identity, she will definitely reveal my identity. I don't want others to know that I have anything to do with the Ye family!"

Zak Chen hurriedly asked, "What if Miss Cynthia has already said it?"

Marven said coldly: "If she has already said it, then she must be a little wronged by the time!"

### **Chapter 1909**

At this moment, an abandoned warehouse on the outskirts of the city.

Cynthia, who had not dared to reveal his identity, couldn't take care of that much now.

Seeing that Regnar had never believed in her, she hurriedly blurted out, "Mr. Regnar, I really am the eldest daughter of the Ye family of Orgeyon. As for you just mentioned that Marven grew up in the orphanage, I don't deny that. This is mainly because Marven's situation is very special. His father was Changying, the famous Orgeyon hero from back then. You should have heard of this, right?"

Regnar felt a little in his heart.

He secretly thought: "Changying?! This was my idol when I was young! The Changying back then, with his own power, made the Ye family stand on top of the country, even straight away, and even suppressed the old European and American family Rose. The arrogance of the family, that man, in the domestic business world, was a godlike existence! It is a pity that Changying died young, otherwise the future was boundless..."

Thinking of this, he frowned and looked at Cynthia, and asked, "You said Marven is Changying's son?! What evidence is there?!"

Cynthia blurted out: "Don't you think that the two of them look very alike? The two are simply carved out of the same mold. What kind of evidence is needed..."

Regnar said coldly: "What you said is just nonsense! I don't even know what Changying looks like!"

Changying passed away eighteen years ago. At that time, the Internet in China had just started. He usually relied on TV and newspapers to obtain information.

However, families like the Ye family generally do not report directly on TV and newspapers, so things about these big families are basically passed on by word of mouth from the upper class.

At that time, Regnar was in Suzhou, so he never had a chance to see him. He just heard about Changying's many deeds.

So, how did he know that Marven and Changying looked that same or not?

Cynthia had no choice but to say: "You also read my ID card just now. My name is Cynthia, a native of Orgeyon. The word 'Ye' is my surname. I have two elder brothers, the two younger brothers, the eldest brother Andrew, the second brother Changying, the third brother Changyitian, the fourth brother Ye Changjun, and the younger sister named Changxiu, these are all true! I am really the Ye family member!"

Regnar frowned.

Changying has long been like a thunderbolt, and Cynthia has also heard about it.

He couldn't help muttering in his heart: "Is what this woman said is true?! If so, didn't I cause a catastrophe? If the Ye family is investigated by that time, then I am afraid that the family will be ruined!"

Seeing Ragnar's expression of uncertainties, and the nervousness that could not be concealed, Jay on the side was a little startled.

He asked Noah in a low voice, "Dad, you said Marven's rag, isn't it he really a member of the Ye family?"

Noah frowned and said seriously: "This...don't know. It sounds impossible at first, but when I think about it, it doesn't seem to be fake, otherwise, where did this woman emerge from? Why is she here? Even if she is not Marven's aunt, at least she has a certain connection with him!"

Jay nodded repeatedly: "It makes sense!"

Viola was also in a cloud at this time.

She had sneered at all that Cynthia said, but the more Cynthia said, the more truth she felt.

She couldn't help but wonder in her heart: "Mom! is my son-in-law really the young master of the top big family?! If this is true, won't I have to become so prosperous in the future?!"

Viola suddenly became excited.

However, after a while, the excitement in her heart was immediately replaced by despair.

She looked at the menacing people around her, and wailed in her heart: "Oh, why is my life so bitter? Finally, my son-in-law has great ability, but I am tied up by these b@stards, in case they really give me away. What can I do after entering the black brick kiln? Will Marven come and save me?!"

## **Chapter 1910**

Thinking of this, Viola suddenly realized that she had treated Marven too badly before.

She thought of the past that she had been arrogant, screaming, and even bullying and insulting him before, and she regretted it very much.

She couldn't help thinking, "What if Marven still hates me in his heart? I'm missing this time. Maybe it's just as his wish. If he doesn't want me to go back at all, then he won't come to the rescue at all. Me, do I have to burn and move bricks in the black brick kiln for the rest of my life?!"

At this point, Viola burst into tears immediately.

At this time, Ragnar looked at Cynthia and said, "Since you said you are from the Ye family, then I ask you, what evidence do you have to prove it?"

Cynthia hurriedly said, "I have my checkbook and my personal signature stamp in my bag. You can take a look!"

Regnar looked at Jay and blurted out, “Where is her bag?”

Jay immediately returned to the van and took out Cynthia’s top runway Hermes.

As soon as he saw this bag, Regnar shook his heart.

Viola didn’t know the goods and couldn’t recognize how much the bag was worth, but he did.

Back then, his wife Yaqina also participated in the Hermès spring show. In that show, this bag was the finale.

Moreover, according to the official introduction of Hermès at the time, this bag is a collection of Hermès’ top artisans, handmade, and there is only one, which is extremely valuable.

At that time, Yaqina matched this bag at a glance, and he had to buy it for her. It’s a pity that Hermes officially stated that this bag had already been ordered by a celebrity in Orgeyon, so no one else would buy it.

Yaqina didn’t give up, and even asked Regnar to act like a baby, hoping that Regnar could find a way to help her buy this bag.

Regnar tried several times, but the other party did not let go.

Later, a senior Hermès official told Regnar that this bag had been ordered by a member of the top family of Orgeyon and persuaded him to give up.

Regnar heard that it was ordered by a member of Orgeyon’s top big family, and immediately understood that the other party was definitely not an object of competition.

Therefore, he spent a lot of money and bought a lot of other Hermes for his wife, which made his wife give up thinking about this bag.

Now, when he saw this bag again, he almost immediately determined Cynthia’s identity deep down in his heart!

At this moment, Regnar had all the desire to die deep in his heart!

“Isn’t this a f\*cking beeping dog? Isn’t it! Today it was just the Xiao family father and son asking him, flattering him, saying that they wanted to engage in Viola, and he hated Marven, so came to watch the excitement... .”

“But who the h\*ll would have imagined that the Xiao family’s father and son, the eldest daughter of the Ye family, were tied together!”

“This is a member of the Ye family! Let’s not talk about the courage of the Rubbish father and son, the key is, how can such a big person make the father and son tied up? Is there not even a bodyguard with Cynthia?!”

As he was thinking, Jay had already handed Cynthia's bag over. He handed it over to Regnar with respectful hands, and said flatly, "Mr. Regnar, I don't think you should believe this stinky woman who is slanderous here. , When we went to catch Viola, this stinky woman was ganging up with the v!xen, and she was still riding the hammer on her face by Viola, but as long as she is a person with status, not even a bodyguard was around, right?"

Cynthia blurted out: "I brought him! I brought two bodyguards and an assistant, but at the time I wanted to go to the beauty salon to talk to Viola about Marven, and I didn't want Viola to know my identity and be followed by her. Mistake our Ye family, so I let the bodyguard wait at the door..."

Speaking of this, Cynthia said angrily: "But I never expected that the owner of that beauty salon would be in the same group as you!"
