

The Amazing Son In-Law Chapter 1911-1920

Chapter 1911

Regnar opened Cynthia's Hermes with fear.

Inside, in addition to the checkbook, there is indeed a badge of Cynthia's name.

People's name badges are usually not carved by ordinary people, and there is no need to use them.

But if it is an enterprise leader or senior management, almost everyone must.

A lot of money-related businesses need a corresponding name stamp, especially cash checks.

Moreover, the font of the name seal is generally unconventional, so Regnar can clearly see that the two words "Cynthia Ye" are engraved on this seal.

Seeing Cynthia's name badge, Regnar's blood pressure rose instantly and he could barely stand.

In the next moment, he even had the desire to die.

This feeling is like asking the Xiao family and his son to catch a dog, but when the other party catches the dog, he still catches a tiger in confusion.

The key is that behind this tiger, there is also an extremely powerful family.

Regnar cried angrily in his heart: "What the h*ll is this! I just want to teach Viola. How the young lady of the Ye family... Came to join in the fun! This is a good thing Noah and Jay did, but Cynthia took me as Mastermind as soon as I came..."

At this moment, Cynthia saw that Regnar's expression was very complicated, and he knew clearly that he should believe in her identity, so she hurriedly said: "Mr. Regnar, I know that you really want to tie Viola, not me, between us. But it's just a misunderstanding. As long as you let me go, I will definitely not pursue what happened today. In the future, I will promote the cooperation between the Ye family and the Wu family. What do you think?"

Hearing this, Regnar's heart was more or less moved.

Judging from today's things alone, he has nothing more than two choices.

The first one is to do nothing but to kill Cynthia directly;

The second is to quickly rein in the cliff, perhaps the Ye Family can still give him a chance.

If he chose the first one, he must have a prerequisite, that is, after he kills Cynthia, he must ensure that the Ye family cannot find him.

So he beckoned to Noah, and said coldly: "Old Xiao, come, take a step to speak."

Noah hurriedly followed up.

Noah took him to the door of the warehouse and asked in a low voice, "Did you deliberately avoid surveillance on the way you tied these two women?"

"No." Noah shook his head and said: "After we tied them up from the beauty salon, the driver navigated directly here, and the route they took was all the route planned by the navigation..."

Regnar's legs softened and he almost couldn't stand firm.

Noah hurriedly supported him and asked, "Mr. Regnar, what's wrong?"

Regnar opened his hand and asked angrily: "You didn't find a hidden place to change your car on the way you came?"

"Change the car?" Noah asked in astonishment: "Mr. Regnar, I didn't think this was necessary, right? Isn't it just two stinky ladies? Just tuck them into the car and pull it over?"

As he said, Noah reminded him: "Mr. Regnar, I always feel that the lady named Cynthia has something wrong with her, but her mouth can be fooled. I almost believed what she just said, but I am careful. After thinking about it, he still feels that something was wrong!"

Chapter 1912

After a pause, Noah continued to talk loudly: "Look, Mr. Rengar, if this Cynthia is really from the top Orgeyon family, how could she come to Wrestvel? Besides, what she said about Marven's life experience is simply d*mn it! Marven's stinky rag, before he arrived at our house, he was just a small casual worker who lived on the construction site with food and lodging, and a poor batch of hanging people! Not obedient, maybe he Back then, couldn't even use wiping paper, how could he be the young master of a wealthy family? Which wealthy family was willing to throw their children out for so many years?"

Regnar remained expressionless, and did not respond to what he said.

Although what Noah said may sound reasonable at first, there is no real evidence at all.

However, Regnar had seen Cynthia's checkbook and the name stamp just now.

The checkbook is real, and the name stamp is by no means forgery.

Coupled with her top Hermes limited edition, it is basically certain that she must be Cynthia Ye.

The question that bothers Regnar now facing is what to do with Cynthia.

He was 10,000 the person who didn't believe Cynthia's words. He couldn't understand the mentality of the upper-class people.

She said that she could not blame the past, but if he really made her free. The first thing she does is probably to kill him.

However, if you kill her now, it is too unsafe.

Because Noah and Jay were far from cautious in handling this matter, they were brought here directly after they were tied up, and there was no change of cars along the way. As long as the road monitoring is strictly checked, the car could be tracked all the way.

Maybe, they will be here soon!

Thinking of this, Regnar's nervous scalp became numb.

Immediately, he thought to himself: "Since this Cynthia can't be killed, he can only do everything he can to save the situation!"

After making up his mind, he immediately said to Noah: "Come, follow me in."

Noah nodded quickly, followed him eagerly, and walked back to the warehouse.

As soon as Regnar entered the warehouse, he strode towards Cynthia. Before he came to the front, he was very ashamed and said, "Oh, Madam Ye, what happened today is really a misunderstanding, Noah and Jay, father and son, they wanted to teach Marven's mother-in-law Viola, the shrew behind you, I didn't expect that the two goddamn b@stards would arrest you. I'm so sorry!"

Upon hearing this, Cynthia was relieved immediately...

At this moment, she was so excited that she almost cried!

Jay on the side heard this and asked with surprise: "Mr. Regnar, which one are you singing?"

"Which one did you sing?!" Regnar grabbed Jay's collar directly, slapped it violently, and cursed: "You f*cking have a face to say? The whole thing is because of you and your father. Let's start together! If you two hadn't been for Viola, you wouldn't have got Ms. Ye involved!"

After the fight, Regnar cursed with lingering fears: "Fortunately, I came and took a look today. If I didn't come here today and you did something excessive with Ms. Ye, I'd kill you both with my own hands."

Jay said with a dazed expression: "Mr. Regnar, what do you mean by this? We tied Viola, but it's all for you!"

"For me?!" Regnar scolded: "f*ck your mother! What does this have to do with me!"

After speaking, he immediately angrily shouted to several bodyguards around him: "Come here, give me the two arms of this b@stard!"

Chapter 1913

Jay's whole body collapsed after hearing this!

Seeing Regnar's bodyguards stepping forward, he rushed towards him, scared back, and shouted nervously: "Mr. Regnar, what are you doing! I...we are not all for you. Isn't it... you don't need to do this, why would you abolish my arms?"

Regnar exploded in anger, and he blurted out: "If you dare to say it's for me, I'll break your legs!"

Jay was horrified. Before he could run far, he was firmly pressed to the ground by a few tall bodyguards.

Regnar's bodyguards are not good, and since the boss has ordered, they will never hesitate.

Therefore, as soon as Jay was pushed to the ground, someone picked up a brick from the ground and slammed it on his shoulder.

Jay let out a painful ouch, and before he finished screaming, a sharp pain came from the other shoulder, which made him almost fainted.

Seeing that his son was smashed into such a miserable picture, Noah hurried up to intercede, and blurted out: "Mr. Regnar...Mr. Regnar! My son is completely kind, even if he does something bad, you should not be too cruel to him..."

Regnar gritted his teeth and cursed: "Your speak really a lot of bull\$hit! Come here, give me both of his arms!"

At this moment, Regnar knew that this incident could not be completely hidden, so he could only choose to fall to Cynthia.

He just wanted to do his best to prove to her that he was innocent.

Therefore, at this time, Noah dares to say that they are out of good intentions, isn't this breaking the dirty water on himself?

In that case, don't blame him for being rude!

To abolish them is to give Cynthia a name.

If Cynthia relieved her hatred and anger in her heart, his troubles would be much smaller.

How could Noah ever think that this d*mn Regnar not only turned his face, but he abolished his son's arm, and when he was about to abolish his arms!

Seeing that his son was smashed to the ground and wailing, his first thought was to run away.

However, he is about to become a bad Old Master, which is the opponent of Regnar's several mature bodyguards.

Therefore, before running a few steps, he was immediately pressed to the ground.

After that, the same brick was smashed twice, and Noah was thrown to his son like a pig to be slaughtered. The wailing of the father and son resounded throughout the warehouse.

The wailing was so loud that the helicopter roared from a distance, and the people inside could not hear it.

The bloody father and son, their shoulders were full of blood at this time, they looked terrible.

Seeing that both father and son had their arms destroyed, Ragnar came to Cynthia flatly and said: "Ms. Ye, I have already taught these two beasts. I hope you don't get angry..."

Cynthia breathed a sigh of relief, but couldn't help complaining: "You have to untie me!"

"Oh, yes, yes!" Ragnar hurriedly started and untied Cynthia's rope.

Cynthia just regained her freedom and immediately jumped up from the ground, completely ignoring that she was full of urine. The first thought was to turn around, grab Viola by the hair, and hit her face with a violent blow!

Chapter 1914

"bstard, you beat me! You beat me! You fcking country shrew, even you dare to beat me, it's really all because of you!"

Viola was still tied up, so she didn't have any resistance at all, so she could only let Cynthia output wildly on her face and head.

At this time, Viola was yelling and begging for mercy: "Oh, elder sister, please don't beat me. Can I know if I did wrong?"

"Knowing that you are wrong?" Cynthia was even more furious when she heard this. She blasted the hammer at Viola and shouted angrily: "You have killed me like this. Just tell you that you know you are wrong?! The Old Lady not only wants it all today? I have to kill you for that!"

Viola frightened her a** and blurted out: "Sister, forgive me! Don't forget, you are Marven's aunt, I am Marven's mother-in-law, we are relatives! Between relatives, how can we fight like this?! If my son-in-law turns against you in the future because of this, you won't be able to hold on to it!"

Cynthia snorted coldly: "I'm going to your mother! How could I be relatives to a poor ghost like you! If Marven dares to bring your family back to Ye's house, I will not let him!"

When Ragnar on the side heard this, he suddenly became energetic and said excitedly: "Ms. Ye, as long as you have a word, I will let people kill this stinky woman!"

When Viola heard this, she looked at Cynthia in horror, and begged: "Sister, if you don't look at the face of the monk and the face of the Buddha, you will spare this dog! At most you will label me like Noah and Jay, but let me live..."

Cynthia also hoped that Viola would go to h*ll.

However, she suddenly thought of the father's entrustment to herself, and suddenly she felt a little daunted.

She knew that if she really let Regnar kill Viola, she was afraid that Marven would not forgive her.

At that time, if Marven resisted the Ye Family, the Old Master would definitely complain that she didn't get things done properly.

Thinking of this, she gave up the idea of killing Viola, looked at her, gritted her teeth and said: "Should you f*cking talk nonsense with me, the Old Lady can't kill you because of Marven's face today, but you are doing a capital offense." It can be avoided, living sins you cannot escape!"

After finishing speaking, she looked at Regnar and sternly shouted: "Interrupt her hands and feet!"

When Regnar heard this, he immediately said, "Ms. Ye, don't worry, leave it to me!"

After finishing speaking, the opponent hurriedly shouted: "Come here, give me her hands and feet!"

As soon as the voice fell, several subordinates rushed over.

Viola was so frightened that she broke down and cried, but the other party directly held on to her, without saying anything, directly picked up the brick and slammed it on Viola's right knee.

At this moment, Viola fainted almost instantly in pain.

When she was in the detention center her right knee was broken once by Mrs. Xiao. After so long, she had just removed the plaster and recovered within a last few days. This time, she was smashed again. The pain of the heart was so painful. She is desperate!

Viola immediately cried out heartbreakingly: "Please forgive me, my leg has been broken once, and now it happened to be broken again. You want my life... .."

Regnar sternly reprimanded: "Stop the f*cking nonsense, Miss Ye will break your hands and legs. You have just finished a quarter!"

Viola screamed out like crazy: "Then you kill me! You kill me, I no longer have to suffer this crime!"

Regnar scolded in disgust: "What a f*cking shrew! You guys, quickly get rid of her for me!"

When the man with the slab was about to attack Viola's other leg, the door of the warehouse was suddenly kicked open. A dozen men in black with live ammunition quickly filed in and pointed their guns at the people inside.

The headed man in black was holding a gun and said coldly: "No one is allowed to move. If anyone dares to move in my sight, be careful that my bullets do not have eyes!"

Chapter 1915

Seeing a group of men in black with live ammunition rushing in, everyone was stunned.

Regnar asked nervously: "Who are you?!"

Among them, the man in black wearing a black mask said coldly: "We are Interpol! We are ordered to investigate a huge transnational fraud case!"

It was not someone else who spoke, but Marven's most loyal subordinate, Orvel.

At this time, Marven was on the helicopter outside, but he didn't get off.

He didn't plan to come forward directly on this matter today, otherwise, there would be no way to explain to his mother-in-law Viola.

At this moment, Regnar's expression is extremely surprised, Interpol? Check transnational fraud? What does it have to do with him?

He just kidnapped Viola and Cynthia!

Viola felt as if her nerves were hit by high-voltage electricity all at once, and her whole body trembled. She immediately thought of her tragic experience when she was sent to the cell for stealing Marven's bank card.

However, after a while, she immediately came back to her senses and cried out for help: "Comrade Interpol, help! I am kidnapped by these people, they are going to kill me!"

The headed man in black walked up to her, checked her injuries, and said coldly to those around him: "Protect the injured first!"

"Yes!" Several people in black moved at the same time, and then hurriedly stepped forward and dragged Viola, who has a broken leg now.

Viola saw that she was being protected by a few men in black with guns, and she was completely relieved, and she cried loudly.

Seeing that Viola was protected, Regnar immediately became anxious!

Viola gave Cynthia a name. If she were protected by Interpol, how could he satisfy Cynthia? !

So he immediately questioned: "Hey! Did you make a mistake? There is no suspect of transnational fraud! Quickly let the woman go!"

Orvel walked directly in front of him, kicked him on his abdomen, kicked him all the way, with the muzzle against his forehead, and said coldly: "What? Are you teaching me to do things here?!"

Feeling the cold muzzle, Regnar was so frightened that he immediately waved his hand and said, "I dare not, I just want to confirm..."

Orvel said disdainfully: “No more nonsense, we will take you back to the Vienna headquarters for trial!”

Cynthia walked over in embarrassment at this time and said to Orvel, who was dressed in black, “Is this Interpol? I know the person in charge of your Vienna headquarters. I don’t care what you are going to do here. I now ask you to send me first. I want to go to the hospital and you will protect me all the way until someone in my family takes over!”

Orvel looked at Cynthia and sneered for a moment. Without a word, he slapped her loudly!

Cynthia sighed. Before she had time to question the reason, Orvel sternly shouted: “Roxa, we have been investigating you for a long time! In the beginning, you specially made counterfeit Citibank black gold cards and searched for victims all over the country. The reason why people like Viola were arrested on suspicion of defrauding the bank because she used the card you made. We have already investigated the fact that you used the alias Cynthia to slander and deceive all over the world. We have already investigated it! Do you dare to argue here?!”

Cynthia was stunned by this remark.

Chapter 1916

She subconsciously questioned: “Who do you say is the Roxa?! How could I be called such a thing! I am Ye’s daughter! I am Cynthia Ye who has been replaced by a fake!”

Orvel shouted coldly: “You still pretend to me? You have killed so many people and caused so many companies and individuals bankrupted for so many years, don’t you have the slightest knowledge of yourself?”

Viola was also dumbfounded...

Ten thousand voices in her heart kept lingering in her mind: “What the h*ll is going on? Who is this woman? Is she Marven’s aunt or a transnational scammer?!”

“If she is Marven’s aunt, what’s the matter with these Interpol people? They also accurately stated what she was arrested and was in prison, which seems to be really well-founded.”

“If she is a transnational scammer, why did she find her and want her daughter to divorce Marven? And even a big man like Regnar believes she is really Ye’s daughter?!”

“These two things seem to have their own reasons. If you take out any of them, you can stand up...”

At this moment, Orvel continued to scold, “We have already investigated what you did. We also know the purpose of your visit to Viola this time. Don’t you just want to give that? Do the three women who have been sentenced to life imprisonment take revenge? You want Viola’s family to ruin, right?”

As soon as Viola heard this, she suddenly thought of the three women who made trouble for her and wanted to kill her when she was in prison!

One of them was a middle-aged woman with a scar on her face. The woman said at the time that they were arrested because of Viola...

Thinking of this, Viola's balance has already tilted!

She began to feel that Cynthia should be a liar more likely!

At this moment, Cynthia was already stunned: "What are you talking about! I am not Roxa at all! I am Cynthia!"

Orvel sneered: "Still pretending? It seems that you scammers are very involved in the drama. Sometimes you forget who you are and brainwash others? Well, if this is the case, then I don't Leave room for you. We have already understood your plan ahead of time! You want to use a short promise to induce Viola to persuade her daughter to divorce Marven, right?!"

Cynthia blurted out: "What the h*ll are you talking about?! The check I wrote to her is real!!! It's a real check not like a fake replacement!!!"

A smile was wiped at the corner of Orvel's mouth, but Cynthia couldn't see it under the cover of the black mask.

Marven had long guessed that his aunt would definitely use the money to smash Viola, so he deliberately let Orvel pour dirty water on Cynthia.

Viola has been in jail. Fake checks and bank cards will definitely make her extremely sensitive.

Marven's guess of Viola was really thorough!

As soon as Viola heard this, she immediately blurted out: "Comrade Interpol, she gave me a fake check for 100 million!"

Mr. Orvel nodded and said coldly: "Her intention is to induce you to disturb your daughter's marriage first, and then ask you to go to the bank with a fake check to exchange it. Then the bank will definitely call the police. You will definitely be sent back to prison for fraud."

After that, Orvel paused and said, "It's just that you were let out by chance last time. If you go in again this time, you will not be so lucky. It is very likely that you will be the same as her three men. Sentenced to life imprisonment!"

When Viola heard this, she felt a chill in her back! She screamed in her heart: "My god! Fortunately, I have learned the skills. When I saw Roxa, this stinky woman giving me a check, I guessed that she must be a liar. Sure enough! Mom is really stupid. I'm afraid I'll be imprisoned in a blink of an eye!"

Chapter 1917

The many key points mentioned by Orvel quickly convinced Viola of his words.

Now thinking of the three wicked women she met in the prison, she still had lingering fears, as if it had become a psychological shadow of her.

Orvel looked at her at this time and said seriously: “Ms. Viola, this time you did not believe in the tricks of this scammer and did not get deceived. This is indeed a very big improvement. Otherwise, once you are sentenced to life, you would have become human sandbags of Roxa’s three subordinates...”

When Viola heard this, she couldn’t help but be shocked!

“Mom! This is too d*mn dangerous! Fortunately, I am strong and vigilant, otherwise, if I was actually trapped in prison, wouldn’t it be the three stinky ladies who would blast me for decades? ?!”

Mr. Orvel turned his face, looked at Cynthia again, and said coldly: “Roxa, now there are Interpol from more than 20 countries applying for extradition for your return from China for investigation. You can be said to be the biggest fraudster in human history! You will stay overnight! Send you back to the Interpol headquarters in Vienna for trial. Which country will extradite you back to your country for trial will depend on which country you committed the highest amount of crime in!”

Cynthia’s entire will and spirit at this time have almost completely collapsed!

She felt as if she had suddenly fallen into a magical world, in this world, nobody believed anything she said...

Moreover, in this magical world, she was confused by the name Roxa.

Moreover, she became a transnational scammer!

Still the biggest scammer in human history!

This is just nonsense!

Cynthia suddenly felt that there seemed to be a huge conspiracy behind the incident, so she shouted: “I now doubt your identity, whether you are from Interpol! Show me your relevant documents!”

Orvel sneered: “Why? You found that you couldn’t escape with your wings, so you want to take a bite back? I tell you Roxa, this time you can’t have any chance to escape!”

Having said that, he immediately ordered several people around him: “Handcuff her for me and get her on the helicopter!”

“Yes!”

Several people in black immediately rushed forward, handcuffed Cynthia’s hands behind her back with handcuffs, and walked outside holding her.

Orvel said coldly: “Roxa is a serious offender, wear a black hood over her!”

“OK, Sir!”

One of the people in black immediately used a black cloth cover to directly cover Cynthia’s head.

Viola, who was paralyzed on the ground because of a broken leg, blurted out and shouted: “Comrade Interpol, you must sentence her to death! Don’t let this stinky woman come out to harm others!”

Mr. Orvel said lightly: “Don’t worry, she will definitely get a fair trial!”

After finishing speaking, he shouted to the other subordinates: “Take this guy with the surname Wu away. We highly suspect that he is involved in cross-border money laundering. We wanted to arrest him a long time ago, but we didn’t expect to meet him here!

Regnar said in a panic: “When did I become a suspect of cross-border money laundering?! I have been doing business fairly, and I have never committed any illegal or criminal activities!”

Orvel slapped him directly, “Don’t you know how many nasty things your brother-in-law has done over the years?”

Regnar blurted out, “My brother-in-law did that. What does it have to do with me?”

Chapter 1918

Orvel slapped him on the face again, and cursed: “If you didn’t support him behind his back, how could he have done so many detrimental things? Do you think you can be exempted without doing it directly? Don’t forget. The commanders of those invaders are all Class A war criminals!”

Regnar blurted out: “But then I didn’t launder money across borders either!”

Orvel sneered: “Whether it is washed or not, you know it yourself, and we know it too! When the time comes, all the evidence will be in front of you, depending on how hard your mouth is!”

After finishing speaking, he waved to the people around him: “Take this guy away for me!”

The person Orvel hates most in his life is Regnar.

He observed at Regnar and cursed in his heart: “Regnar, the old dog, sent people to Tianxiang Mansion and almost killed me! Had Master not arrived in time and rewarded me with a rejuvenation pill, I might have already reported to the angel of death, this time you fell into my hands, see if I f*cking not kill you!”

Seeing that Regnar was also taken out, Viola hurriedly pointed at Noah and Jay who were like dead dogs on the ground, and asked Mr. Orvel: “Comrade Interpol, the two of them intend to kidnap me, what should I do?”

Mr. Orvel said indifferently: “This... we are the Interpol after all. We are affiliated with the Interpol headquarters in Vienna. We mainly catch transnational crimes. Local criminals like them should be handed over directly to the local officers!”

Viola nodded repeatedly and echoed: “That’s OK! Send them to life imprisonment!”

Orvel nodded and said, "Don't worry about this. In this way, I will arrange someone to take you to the hospital, and then you will inform your family members. We will notify the local officers of these two people, so you don't have to worry about it."

Viola burst into tears and cried, "Comrade Interpol, please send me to the hospital. My leg broke again in just a few days. Hey... God, why am I facing this? My fate is hard for me..."

Orvel greeted the people around him and said, "You, drive Ms. Viola to the hospital."

"OK Captain!"

Later, Viola was helped out of the warehouse by two people.

As soon as she left the warehouse, she was stunned by the sight in front of her!

In the open space at the entrance of the warehouse, three helicopters and a dozen black cars were parked.

She couldn't help sighing in her heart: "My boy! This Interpol is amazing! There are several helicopters! Fortunately there is Interpol today. Otherwise, wouldn't she be killed by Roxa and Regnar?!"

Thinking of this, she cursed in her heart: "That Regnar is a d*mn idiot! What a billionaire boss, you can't even see the identity of a fraudster like Roxa, and a mouthful of Ms. Ye shouted. That's him lyign flatly before her! So stupid!"

Afterwards, Viola was taken into a Rolls-Royce car, and the driver drove away quickly from the scene to Wrestvel People's Hospital.

At this moment, Cynthia was sitting on the helicopter nervously.

With a black cloth bag on her head, she couldn't see the surrounding environment at all, so she was extremely nervous.

At this time, she felt that her headgear was suddenly taken off, and she was terrified.

But when she took a closer look, she realized that the person sitting in front of her was her nephew, Marven!

At this moment, Cynthia finally knew that these Interpol were fakes at all, and they must all belong to Marven!

Roxa and transnational scammers are nothing but his playbook!

Realizing that Marven had been playing tricks on her, she suddenly sternly scolded: "Marven! Are you f*cking crazy?! I'm Cynthia Ye, you even dare to play with me?!"

Chapter 1919

Facing the furious Cynthia, Marven just smiled indifferently, and asked her: "Big New Year, don't you stay in Orgeyon to prepare for the New Year, came to Wrestvel to find trouble for me, persuade Mother-in-law, and ask my wife to divorce me. , You can do all kinds of mischievous things, can't I play you around yet?"

Cynthia's expression flashed a bit awkward, and then she gritted her teeth and said: "I'm doing all for your own good! Look at your wife. How can she be worthy of you?"

Marven said in a cold tone: "Can my wife be worthy of me? I don't need you to point fingers here. Today's matter is just a small lesson for you. If you know me, please go back to Orgeyon as soon as possible. Otherwise, I will not let you stay in Wrestvel for the New Year."

Cynthia was immediately furious!

She struggled to get up, but was pushed back by the man in black next to her, she could only grit her teeth and shouted: "Marven! Do you dare to threaten me?!"

Marven nodded and said blankly, "Now it's just threatening you. If you really annoy me, I might be going to hit you."

"Dare you!" Cynthia gritted her teeth and said, "If you dare to move me, I will fight you!"

Marven snorted and said, "Even my subordinates can slap you. Why don't I dare? The reason why I don't want to hit you is because I don't want to dirty my hands."

Cynthia yelled like a ghost: "The man who moved me, I will kill him sooner or later! And your mother-in-law! That shrew dared to beat me too! I will definitely want her to be broken into pieces!"

Marven frowned slightly, and raised his eyebrows and said, "What? You're still so arrogant, right? Okay, then you don't want to go back. Let's celebrate the New Year in Wrestvel!"

Cynthia asked: "Do you want to detain me?!"

"Yes." Marven nodded: "You use the word very well, just to detain you!"

Cynthia was mad and shouted: "I'll give you the courage!"

Marven said calmly: "I don't need you to give it, I have already decided, are you not convinced? Okay, when will you be convinced, and when will you leave!"

Cynthia yelled hysterically: "Marven! I'm your elder anyway! It's Cynthia Ye! You can't be so presumptuous to me!"

"Elder?" Marven asked coldly: "You keep saying that it's my elders and my aunts. Then I ask you, where were you when I was in the orphanage?"

Cynthia was speechless.

Marven asked again: "Let me ask you again, when I was an adult, where were you when I was working on a construction site?"

Cynthia was still speechless.

Marven asked again: "Also, when I got married, where was Miss Cynthia Ye?"

Cynthia's expression was dark, and she wanted to refute him, but she didn't know where to start.

Marven said at this time: "You, aunt, never cared about me or helped me. After all, life is like this. People have to learn to rely on themselves, but you Not only didn't help me, but also came to provoke the relationship between me and my wife. What is your intention?!"

"I...I..." Cynthia quibbled, "I asked that Avella divorce you for your own good! That kind of woman doesn't deserve you!"

Marven nodded and said, "Then I will leave you in Wrestvel to sharpen your temper, and the same is for your good. After all, if your personality is not restrained, I don't know what catastrophe you will make in the future. Maybe your own life will be in danger!"

Cynthia gritted her teeth and said: "Dare you! Give me a cell phone, I want to call your grandpa!"

Marven handed her the phone indifferently, and said, "Come on, use my phone, call now!"

After finishing speaking, he said to the black-clothed person beside her: "Unlock her handcuffs."

The man in black immediately followed suit.

After Cynthia regained her freedom with both hands, she immediately grabbed the phone from Marven, put a number, and pressed the dial.

After a few prompts on the phone, an old but very thick voice came: "Hello, who?"

Cynthia heard the Old Master's voice and cried and said, "Dad, it's me, dad!"

Chapter 1920

"Cynthia?!" Zhongquan, on the other end of the phone, blurted out: "How are you?! Have you encountered any danger?!"

Cynthia cried and said, "I am detained by Marven, and he said he wouldn't let me go back to Orgeyon for the New Year! Dad, this lad has no respect, and is arrogant. You have to help me out!"

Zhongquan said in surprise: "What's the matter?! Why did you have a conflict with Marven?"

Marven took the phone directly at this time, and said coldly: "She carried me, found Mother-in-law, and asked Mother-in-law to persuade my wife to divorce me. Is this the Ye family's style of doing things?"

Zhongquan was startled, hesitated for a moment before sighing: “Marven, she is Cynthia Ye, your aunt after all.”

Marven asked back: “What’s the matter? What right does she have to interfere with my freedom of marriage? Don’t say she doesn’t have this right, even you don’t have this right!”

Zhongquan said with emotion: “Hey...you are right, she really shouldn’t do this, I apologize to you for her, you can let her come back...”

Marven said coldly: “I said, leave her in Wrestvel for the New Year, and I will let her go back after the New Year, but before the New Year, no one can let her leave Wrestvel! Not even the king of heaven!”

Zhongquan on the other end of the phone hesitated for a moment, and said helplessly: “All right, it’s up to you!”

When these words came out, Cynthia looked desperate, and blurted out and pleaded: “Dad! I want to go back to Orgeyon to accompany you to celebrate the New Year, Dad!”

Zhongquan said earnestly: “Cynthia, your character is really too hot, take advantage of this lesson, take advantage of your temper, don’t be 50 years old, and make trouble like young people all day long!”

“I...” Cynthia suddenly blocked up and didn’t know what to say.

Zhongquan said again: “Marven, come home if you have time, grandpa is very...”

Before Zhongquan finished saying the three words ‘I miss you very much’, Marven directly hung up the phone.

He has no relationship with Zhongquan, not to mention that he is more or less responsible for the death of his parents, so Marven is even more impatient with him.

As soon as the phone hung up, Cynthia choked up and asked: “Marven! Let me celebrate the New Year in Wrestvel. I want to spend the New Year alone in the Presidential Suite in Shangri-La!”

Marven smiled and said, “Shangri-La’s presidential suite? I think you want to be blinded. I will rent you a house in the village in the city and let you live there for a long time.”

“What?!” Cynthia collapsed and said: “You...you ask me to live in the village in the city?! You are so cruel!”

Marven sneered, and suddenly remembered that it was the Chinese New Year. Delon who came to Wrestvel on a bicycle didn’t know where he went?

So he directly called Elsa.

As soon as the phone call, Elsa asked happily, “Marven, why did you think of calling me?”

Marven asked her: “Elsa, where is your cousin Delon?”

Elsa said: "He told me this morning that he was about to cross the Yangtze River, and he might be able to reach Wrestvel tonight."

Marven frowned: "Why is he so slow?"

Elsa said helplessly: "He had a small accident on the bike and injured his arm, so he slowed down."

Marven asked again: "Have you found a house for him in the village in the city?"

Elsa said: "I've found it, according to your request, 500 a month rent."

Marven gave a hum, and said, "Okay, I will check it out tomorrow."

Hanging up the phone, at this moment, Orvel came over with Regnar, who was wearing a black cloth cover.

Marven said to him immediately: "Arrange for someone to go to the village in the city, rent the worst single room, arrange it for Ms. Ye to stay there for seven nights, and she will not be allowed to go out for these seven days. She buys food, whether it is ingredients or daily necessities, only the most common ones are allowed, understand?"

Orvel nodded immediately and said, "OK Master, I will arrange this!"
