

The Amazing Son In-Law Chapter 2021-2030

Chapter 2021

When Marven heard Avella's ridicule, his heart shook.

He was really afraid that his mother-in-law and his wife would have nothing to do with the reasoning here, pushing and pulling his true identity.

Therefore, Marven was really nervous when he heard Avella put her doubts directly on him.

At this time, Viola waved her hand, looked at Marven, and said with a flattering smile: "Avella, what you say is unlikely. Although my good son-in-law is promising now, it is also a recent thing. , When Elsa came to Wrestvel, the good son-in-law hadn't raised his head yet, did you forget that at that time, Jay's cripple gadgets dared to be like my good son-in-law?"

Avella smiled helplessly: "Then I really don't know what the big baby you are talking about is."

Viola smiled: "It doesn't really matter who it is, and it has nothing to do with our family. I say so much, but I just want to tell you that your girlfriend is not easy, and she must have kept a big secret in her heart."

Avella said: "Let her go, even if she hides a big secret, it has nothing to do with me, and I don't want to spy on her privacy."

After that, Avella asked again: "If Elsa is here for a while, mom, don't ask me, don't make it seem like we are gossiping."

Viola nodded: "Okay, I won't talk much then."

Marven was relieved.

When they got downstairs, Dave was already sitting in the dining room eating noodles.

Seeing the three of them come down, he asked: "What are you three going to see? Mother was making noise outside early in the morning?"

Viola grinned and said, "Oh, Dave, your mother is so prosperous now, and she has learned to swear publicly on the balcony. It seems to be that Horiyah stole her hard-earned money. Your mother is swearing and calling the police to arrest her Yeah!"

Dave murmured: "My mother's ability to scold the street on the balcony is far worse than you used to scold the people in the entire community on the balcony."

Viola immediately patted the table: "Dave, what are you talking about?!"

Dave hurriedly waved his hand: "I didn't say anything."

Afterwards, he quickly turned away from the subject and said: "What is Horiyah doing stealing my mother's money? Which one are they singing this?"

Seeing Dave's change in time, Viola didn't continue to question him. After glaring at him, she continued, "I don't know which one they sang in the end."

Dave sighed: "It is a good day, so I have to do it all day long. Now it's okay. The family business my dad created has been completely sent to dogs by them."

Viola curled her lips: "It doesn't matter if they clean up the family business, it has nothing to do with us, as long as they don't come to us with a calm face!"

Dave nodded with a complicated expression, and said nothing.

After the three of them had breakfast, Elsa and Delong arrived.

The two came to the door carrying large and small bags of gifts. As soon as they entered the door, Elsa warmly said to Dave and Viola: "Happy new year, uncle and aunt! I have come to pay you two New Year wishes in advance!"

After speaking, she looked at Avella and Marven: "Avella, Marven, happy new year to you too!"

Avella and Marven said in unison: "Happy new year."

Delong followed Elsa, who looked like a little chicken, and when he saw Marven, his liver trembled even more.

Elsa pointed to Delong next to her and said: "This is my cousin, Delong, cousin, you can say hello to everyone."

As soon as she finished speaking, Delong said tremblingly: "Happy new year for uncle and aunt, happy new year for Miss Xiao, happy new year for Mr. Ye."

After speaking, he bowed ninety degrees.

Viola looked silly.

Although she didn't know Delong, she had heard of him and knew that Elsa's aunt was married to the Orgeyon Kevin family, and she also knew that the Kevin family was also a powerful family.

However, she could not imagine that Delong, as the young master of the this family, was so polite, even a little overly polite, and she thought to herself: "Oh dear, is this Kevin progeny so good? The young master came out to a small family like us in a small place visited and bowed ninety degrees as soon as he came up. Isn't this too grand?"

She didn't know that Delong was originally one of the most arrogant and domineering second generation in Orgeyon. The reason why he is now honestly like a quail is entire because he was scared of Marven.

Delong came to Wrestvel by bicycle from Orgeyon. Marven stipulated that he must arrive within fifteen days, but it took him almost twenty days.

Therefore, he was afraid that Marven would settle accounts with him. If he was unhappy and allowed him to stay in Wrestvel for another year, wouldn't he be broken?

Chapter 2022

Thinking of this, he immediately said to Marven subconsciously: "Mr. Ye, I'm so sorry, I was delayed for a few days on the road, and I was late..."

Avella, Dave and Viola were even more surprised.

Why did Delong apologize to Marven for? Do they know each other?

Seeing that everyone in his family was surprised, Marven had an idea, and smiled slightly: "Master Kevin is polite, since I said to invite you to dinner, whether you come early or late, I will honor my promise."

Delong was taken aback for a moment, but he didn't understand why Marven was so polite to him suddenly.

Then he realized that he might have said the wrong thing.

Marven probably didn't want his family to know about his conflict with him.

Therefore, he hurriedly followed Marven's words and continued: "If this is the case, thank you Mr. Ye in advance. Let's wait for the time in the next year."

Marven nodded and smiled and said to Avella and his father-in-law and mother-in-law: "When I went to Orgeyon to show others Feng Shui, it happened that Avella was going to celebrate Grandma Dong's birthday. I met Master Kevin at the birthday banquet and heard about him. To come to Wrestvel, I invited him to dinner after he comes."

Delong also hurriedly nodded: "Yes, I didn't expect that I was delayed for a few days on the way, and it was dragged to the root of the year."

Viola asked in surprise: "Master Kevin, how did you come from Orgeyon? How can you delay a few days on the road? It takes only ten hours to take this journey? The plane is faster."

Delong said awkwardly: "I...I came here on a bicycle..."

"Ah?!" Viola, Avella and Dave were all stunned.

The dignified young master of the Kevin family came to Wrestvel from Orgeyon on a bicycle. What is he doing in this cold winter?

Delong saw that everyone was very surprised, so he could only bite the bullet and said: "The reason for riding a bicycle is actually to cultivate the sentiment..."

Several people looked at each other.

Cultivating sentiment? Is the rich second generation so boring these days?

At this time, Elsa quickly came out to ease the embarrassment, and handed the prepared gifts to Dave and Viola, and said, "Uncles and aunts, these are some small gifts for you. Please also accept it!"

Dave said politely: "Oh, Elsa, you came to wish us, that is already a big deal. Why bother with this all. I am embarrassed to make you spend money."

Viola also echoed: "Yes, Elsa, come to aunt's house, then it's the same as coming to your own house, don't be so polite."

Although Viola said this, she stretched out her hand while talking, and took the gifts they brought from Elsa and Delong.

Seeing Viola's leg still in a cast, Elsa couldn't help asking in surprise: "Auntie, are your legs still?"

Viola sighed: "Hey, it's good, but didn't it happen in an accident two days ago, it was cut off accidentally."

Elsa hurriedly asked: "What did the doctor say? Is it serious?"

Viola waved her hand: "Hurt! It's nothing serious, just like last time, it's fine to cultivate."

Elsa nodded and said: "Then I wish Auntie a speedy recovery!"

Viola smiled and said, "Thank you Elsa!"

Avella felt in her heart that her girlfriend came home with so many gifts, but she didn't prepare anything in return for her girlfriend. She was really embarrassed and hurriedly said, "Elsa, you said you are coming to sit at home suddenly. Didn't say hello to me, you have prepared so many gifts for my house, and I don't have time to prepare gifts for you to take back to Orgeyon, how embarrassing..."

Elsa smiled and said, "Why are you so polite with me! When you have the opportunity to come to Orgeyon next time, can you not come to my house and sit?"

As she said, she glanced at Marven and said to Avella, "Avella, if you have nothing to do after the Chinese New Year, you can come to Orgeyon with Marven for two days and stay at my house! On the seventh day of the new year, we will come back together!"

Avella smiled and said, "Well, let me see. I can't determine the time yet."

At this time, the doorbell rang.

Dave hurriedly got up and went over. Through the video intercom screen, he saw that standing outside the door was a very mature and s3xy superb beauty.

Dave asked in surprise, "Hello, who are you looking for?"

The other party politely asked: "Hello, is this Ms. Avella Xiao's home? I am Lori Young from the Emgrand Group. I would like to visit the house, please forgive me!"

Chapter 2023

"Lori?!"

Hearing Lori's name, Dave recognized that the sexy beauty at the end of the video turned out to be the vice chairman of Emgrand Group who came to the scene to congratulate him when his daughter's studio opened.

This surprised Dave.

After all, Lori, as the vice chairman of the Emgrand Group and a well-known business elite in Wrestrvel, is still very well-known in the city.

Moreover, Dave also knew that the Emgrand Group gave Avella a lot of decoration business, which can be said to be Avella's career.

But he really did not expect that Lori would take the initiative to visit his home, so he hurriedly said to Avella: "Come on, come on, Lori, the vice-chairman of the Emgrand Group is here!"

"Ah?" Avella was surprised, and then a little nervous, and said: "Why is Lori here... I'll open the door for her!"

Elsa was also surprised.

Although Lori's worth is far less than Elsa's, she is after all the vice chairman of the Emgrand Group, the second in command of the Emgrand Group, and Elsa's immediate boss.

Elsa did not expect that her immediate boss would come to visit her girlfriend's house.

Therefore, she was somewhat embarrassed in her heart, but now she couldn't leave, she could only bite the bullet and wait for Lori to come in.

Avella hurriedly invited Lori in. Lori said a little apologetically: "I'm sorry, Ms. Xiao, I took the liberty to interrupt."

Avella hurriedly said: "Lori, you are too polite. I should have visited you, but I haven't spared time for these two days. I haven't just started the holiday until today."

Lori nodded, handed over the gift in her hand, and said, "These are some New Year gifts for uncle and aunt. Be careful, please accept it."

Avella was very embarrassed and said, "Ms. Lori...this...this is really inappropriate..."

Lori smiled slightly: "We have been working together for a long time. You and I don't need to be so polite. Compared with our cooperation, this little care is nothing."

At this time, Dave and Viola also walked over. Dave was amazed by the young and capable temperament of Lori, while Viola focused her attention on the gift box in her hand.

Avella said to Lori enthusiastically: "Lori sits in the living room for a while!"

Lori didn't see Marven in the hall, and felt a little disappointed. If she had left like this, she would be a little bit regretful. Hearing Avella inviting herself to sit in, she smiled and said, "Excuse me, then. Up!"

Dave smiled and said, "Don't bother, don't disturb, Lori, please come in and sit down, I will let my son-in-law make a pot of good tea for you!"

When Lori heard that Marven was asked to make tea for her, she couldn't bear it, she waved her hand and said, "Uncle Xiao, you are too polite, don't have to be so troublesome."

"Oh, it's not troublesome! It just so happened that there are guests at home, so let's sit together for a while." Dave responded with a smile, then walked two steps quickly to the living room and greeted Marven: "Good son-in-law, quickly make a pot of tea and entertain the three guests."

Marven nodded, stretched out his hand and opened the kettle on the set of tea.

At this time, Lori also walked into the living room. As soon as she entered the living room, her eyes were focused on Marven.

Marven also looked at her, his eyes met, and there was a hint of joy in Lori's eyes.

And Marven was also a little surprised at Lori in front of him.

Today's Lori does not wear the clothes of a strong woman in the workplace, but wears a light coffee-colored windbreaker, with long wavy hair draped over her shoulders, sexy and charming.

Marven nodded slightly at her, and said politely: "Hello, Lori."

Chapter 2024

Lori quickly replied: "Hello, Mr. Ye..."

At this moment, Elsa stood up and said a little embarrassingly: "Hello Lori..."

Lori only saw Elsa and said in surprise: "Oh, Elsa are you here too? Didn't you go home?"

Elsa said unnaturally: "Um...I'll go to the airport in a while."

The moment Delong on the side saw Lori, his eyes burst into flames!

Although he has seen a lot of beautiful women, he has never seen such a beautiful and charming workplace beauty, so he immediately felt a kind of heartbeat.

He stood up subconsciously and asked Elsa: "Elsa, you haven't introduced this beauty yet?"

Elsa hurriedly introduced: "Oh, by the way, Lori, let me introduce to you, this is my cousin, Delong."

After speaking, she looked at Delong: "Cousin, this is the vice chairman of our Emgrand Group, Lori Young."

Delong immediately stretched out his hand and said flatly: "Oh, I have heard of the name of Lori a long time ago. When I saw her today, it seems she really deserves this reputation! I am Delong, a descendant of the Orgeyon Kevin family."

Lori nodded lightly, and said politely: "Fortunate to meet you."

However, Lori was not surprised by Delong's identity.

Although she is not from a big family, she has worked in the Emgrand Group for a long time, has been in contact with many big families, and also knows many things about big families, and naturally she has some understanding of the Orgeyon Kevin family.

Even Marven, the young master of the Ye family, has known her for so long, and she naturally didn't feel superfluous when seeing the young master Delong of the Kevin family.

Delong thought that he moved out of the role of the young master of the Kevin family, which would definitely make Lori admire him.

Unexpectedly, Lori didn't seem to care about the fact that he was the young master of the Kevin family at all, and there was no wave in his expression.

This made Delong's heart a little depressed, and he thought to himself: "I want to treat Lori as a key target. If Lori can be taken down, then my next year in Wrestvel will not last forever. Too boring..."

"But, this Lori doesn't seem to be very cold to me... She is just a professional manager, and the salary is tens of millions for a year, so why would she ignore me, the young master of the Kevin family? No? Isn't it too high-sighted?"

Therefore, he continued to persevere and said to Lori: "Lori, I have long heard that you have extraordinary ability and are a business elite. If you are interested in developing in Orgeyon in the future, you can consider coming to our Kevin Group as a vice chairman. It's definitely much higher than the Emgrand Group."

He thought that he could use a high salary to seduce Lori, but he didn't expect that Lori shook her head without hesitation: "Thank you, Mr. Kevin, for your kindness, but no need. I'm pretty good at the Emgrand Group and I don't plan to change jobs."

Delong couldn't help feeling a little lost, but he was still unwilling to admit defeat, so he continued: "Lori, Wrestvel is too small and it will restrict your development. It is better to go to Orgeyon. , The sky is high, let the birds fly!"

At this time, Delong only cared about picking up girls, but forgot that there was Marven who he could not afford to offend.

In fact, he didn't think that there was any problem in hooking up Lori in front of Marven.

After all, even though he was triggered by him and came to Wrestvel to live a hard life for a year, Marven did not say that he would not let himself pick up girls during this year!

Marven saw Delong's tricks deep in his heart and thought to himself: "This Delong, really can't change the dog's ability to eat sh!t, and he has to pretend to be the young master of the Kevin family wherever he goes. In that case, then Just give him another year and let him stay in Wrestvel for two years before leaving!"

Thinking of this, he immediately sent a WeChat message to Sara: "Sara, tell your cousin Weiliang, let him convey to the Kevin family, that Delong's punishment period in Wrestvel will be extended by one year, and let them send WeChat notification to Delong now."

Sara immediately replied: "Marven, did that Delong make you angry again in Wrestvel?"

Marven replied: "He didn't mess with me, he just pretends to be coerced in front of me, which made me a little unhappy!"

Chapter 2025

Delong was thinking about how to find a topic and get closer to Lori, when he suddenly received a WeChat message from his mother Xiuhua.

The content on WeChat made him struck by lightning in an instant.

"How did you b@stard provoke Marven?! Weiliang from the Gu family just called and scolded me, saying that you were in trouble again. Marven wants to extend your punishment in Wrestvel to two years!"

Delong collapsed almost instantly!

"Two years?! Isn't this killing me?"

"I have only lived in the city village of Wrestvel for two days, and I can't stand it anymore. I don't know how to fight it in the next year. Why did Marven suddenly add another year in prison? How did I offend him?"

Thinking of this, Delong looked at Marven and asked subconsciously: "Mr. Ye, I..."

Marven didn't wait for him to speak, he passed a cup of tea, smiled faintly, and said, "Come on, Mr. Kevin, please have tea. This tea is good. I brought it back from outside. I drank it once, than never stopped. Drinking it is about to change to three, and it may even change to four or five."

Delong's face immediately became extremely ugly.

He heard the threat in Marven's words clearly.

"Marven's point is definitely to tell me not to talk nonsense. If I drink tea honestly and don't talk nonsense, then let me stay in Wrestvel for two years. If I don't follow what he said, two years will be possible. Become three, four, or even five years..."

Thinking of this, DeLong's heart completely collapsed!

"This Marven is simply a devil among the devil! Why on earth did I provoke him? Why does he want to treat me like this?!"

"Is it...Is it because of that Lori?! Did I just want to get Lori and offend him?!"

"Lori is not his woman either! Isn't she the vice chairman of the Emgrand Group? What does it have to do with your Marven? You are too broad, right..."

Just when DeLong was so depressed that he wanted to die, others also looked at Marven in surprise, completely ignorant of what Marven meant by changing two to three or four.

Avella asked in surprise: "Marven, what are you talking about, why two changes to three, two changes to four, why don't I understand..."

Marven smiled slightly and said, "My wife, I'm just playing puzzles with Mr. Kevin. When we met last time, I found that we both like puzzles, so I asked Mr. Kevin a temporary question."

Avella nodded lightly, and asked with a smile, "What is the answer?"

Marven smiled and said, "I can't say the answer to the puzzle, it's boring to say it."

As he said, he pushed the teacup in front of DeLong again, and asked with a smile: "Mr. Kevin, do you know this cup of tea, do you want to drink it?"

DeLong knew that if he didn't pick up this cup of tea, he might be inseparable from Wrestvel in the next three or four years.

If you want to stop the loss in time, drink this cup of tea quickly, so as not to continue to expand the loss.

Thinking of this, his eyes reddened and he almost cried on the spot.

"Two years! Let me live for two years in this kind of city, in that kind of shabby urban village, what's the difference between being in jail!"

"Maybe it's fucking better than going to jail!"

“What kind of sin I have done, that I will meet Marven, a beast that is not as good as a beast! Before I met him, I should not live a too chic life. Since I met him on Warnia’s birthday last time, I haven’t met him in life. What a good thing!”

At this point, Delong’s heart suddenly exclaimed: “Damn! That time I offended Marven because I wanted to get in Warnia! Marven is too brutal, right?! He’s married, and his wife is so beautiful, why does he stop me? Let me pick up girls?! Are these all his women?!”

Delong’s desire to die is gone. He accidentally hit Marven’s muzzle so many times. From now on, he just wants to stay away from Marven. He never wants to see him again in his life...

Apart from resentment, he could only be forced to compromise to Marven helplessly, and respectfully took the teacup pushed by Marven, brought it to his mouth with a trembling hand, and said with great pain: “Mr. Ye, thank you for making it. Tea, I will drink it!”

Chapter 2026

After that, he gritted his teeth and stomped his feet, picked up the teacup, and drank up.

Drinking this cup of tea is equivalent to acquiescing to Marven’s new arrangement.

The one-year sentence suddenly doubled to two years.

Delong wanted to cry without tears, and his whole body instantly lost his soul, completely devoid of energy.

Elsa was also a little surprised at this time.

Others didn’t know the contradiction between Marven and Delong, but she knew it perfectly.

It was Marven who asked Delong to ride a bicycle from Orgeyon to Wrestvel, and suffer hardships in Wrestvel. Now Marven suddenly started to use numbers to play dumb puzzles, and she immediately had a bad feeling.

So she asked Delong in a low voice: “Brother, what is going on?”

Delong handed the mobile phone to Elsa in despair. On the screen of the mobile phone, it was the WeChat sent to him by his mother Xiuhua.

After Elsa finished reading, she was immediately stunned!

She also didn’t expect Marven to be so cruel, and he just directly doubled the cousin’s one-year hardship period.

However, she couldn’t care about the distressed Delong.

She was looking back, looking back at how Delong had offended Marven from the moment he entered the door to the present.

“Did cousin offend Marven?”

“It doesn’t seem to be... he has always been very polite to Marven, so he almost bowed and called him Big Brother.”

“Did cousin offend Avella?”

“It doesn’t seem to be! The cousin is afraid of Marven to death, knowing that Avella is Marven’s wife, even if he gives him ten courage, he does not dare to have any bad ideas about her.”

“Does the form offend Avella’s parents?”

“Still not! The cousin has been very humble from the time he entered the door to the present, and he doesn’t look like the second generation dude at all.”

“Then where did he offend Marven?”

Elsa suddenly fell into thought.

After that, her eyes suddenly caught Lori who was secretly looking at Marven.

At this moment, she suddenly shook her heart!

“Could it...could it be that my cousin offended Marven after expressing his affection for Lori just now?!”

“But, what does Marven have to do with Lori?! Lori is the vice chairman of the Emgrand Group. She has some contact with Avella. It is impossible to have too much contact with Marven!”

“Furthermore, even if Marven knew Lori, why did he turn his anger on her cousin because of her cousin’s provocation of Lori?”

“Moreover, Lori looked at Marven’s eyes, as if something was not quite right! This...Is there anything hidden in it?!”

When Elsa thought of this, her mind was already in a mess.

Reason told her that Marven and Lori should have nothing to do with each other.

However, her instinct told her that the relationship between the two people seemed far less simple than what she had seen!

Chapter 2027

Elsa wanted to explore the relationship between Marven and Lori.

However, today’s time is obviously not allowed.

She had to rush back to Orgeyon to spend the New Year with her family, so she could only say to Avella and Marven after sitting for ten minutes, “Avella, Marven, I have to go, I have to I will have to go to the

airport to catch the plane. Today, all the flights to Orgeyon are full. If this flight is missed, I can only spend the New Year in Wrestvel.”

Avella asked, “Elsa, do you want us to see you off at the airport?”

Elsa hurriedly said: “No, you can stay at home.”

After speaking, she greeted Lori again: “Lori, I’m leaving now.”

Lori nodded slightly and said, “A good journey, and I wish you a happy new year in advance!”

“Thank you!” Elsa nodded, and after leaving Avella’s parents again, she left with Delong who was crying.

As soon as he left the door, Delong couldn’t hold back his depressed mood anymore, and cried out all of a sudden, saying: “Elsa, Marven is too much! You have seen it too, I haven’t offended him since I entered the door. I didn’t provoke him, and didn’t dare to confront him with a word. Unexpectedly, he asked Weiliang to give me a one-year deadline! He also said that I made him feel uncomfortable. You give him a comment!”

Elsa sighed and said, “Brother, I suspect that the reason why Marven looks unpleasant to you is because your attitude towards Lori is a bit too ambiguous!”

Delong nodded, and said with emotion: “I guess you can tell, I guessed it. I guess there are two possibilities for this. Either Marven is very upset about my behavior of picking up girls in front of him, or he is very upset with my behavior of making ways towards Lori, and there must be one of these two.”

Elsa nodded: “I have the same opinion as you, and it probably has something to do with Lori, but I don’t understand it. It stands to reason that Marven and Lori should have no friendship.”

Delong said angrily: “I suspect they might have a leg!”

Elsa naturally couldn’t accept such a fact in her heart, so she said, “It should be impossible for them. Marven is still very sincere to his wife.”

Delong said: “Knowing people, knowing the face and not knowing the heart, you don’t know what kind of face Marven is like when he is not in front of you...”

As he said, he sighed depressedly: “I had known that I would not come with you! I said I would not come, you have to let me come, now it’s okay, I have to stay in this shabby place of Wrestvel for two years. Isn’t this killing me?”

Elsa said helplessly and ashamed: “I’m sorry, brother, I’m all to blame for this, I shouldn’t have brought you here...”

Delong wiped a tear and said, “Instead of saying sorry to me, you should think of a way to persuade Marven to spare me as soon as possible...”

Elsa hurriedly nodded and said, "Brother, don't worry about that. When I come back from Orgeyon, I will definitely find a chance to help you intercede with him."

After speaking, she said firmly: "After I come back, I must check Marven and Lori's affairs, and see if they have any secrets."

.....

With strong suspicion, Elsa flew back to Orgeyon by plane.

Delong had no money in his pocket, and didn't dare to make trouble in Wrestvel, so he could only return to the village in the city slumped.

At the same time, the arrogant and defiant aunt of Marven, Cynthia, was under residential surveillance in the village in the city.

This New Year's Eve will be the worst New Year's Eve that the two of them have ever had in their lives.

Just as tragic, there is Xiao family.

Chapter 2028

Mrs. Xiao originally agreed to go to work in the supermarket today.

The supermarket also agreed to double her salary today.

However, because her hard-earned money was stolen, and Viola sneered fiercely, Mrs. Xiao's blood pressure suddenly rose, and she sat down on a chair and could not stand up again.

Although there was nothing serious about her body, she had no choice but to give up the idea of going to the supermarket to work because of her anger and blood pressure.

Seeing that the hard-earned money is gone and there is no chance to earn today's salary, she is desperate in her heart.

She originally wanted Theresa to work in the supermarket and earn her double salary.

But when she thought that her son and grandson were both seriously injured in the bed, and her blood pressure surged, she couldn't take care of herself and couldn't take care of them, so she didn't dare to let Theresa leave.

A family of four can only stare at each other in a luxurious villa.

The four of them are now penniless, the only thing they have is the leftovers that were not finished yesterday.

It was originally leftovers, but after another night, it was completely broken into vegetable soup.

Theresa suggested to eat these leftovers at noon, but the old lady did not agree.

She said to Theresa: "The leftovers are the only food we have now. If we eat them now, we will be hungry at night."

With that, Mrs. Xiao sighed and said, "Tonight is the New Year's Eve, what are we talking about? You can't be hungry for the New Year's Eve dinner, so let's save the leftovers for the evening."

Theresa cried and said, "Grandma, the rest of the food, none of the four of us can eat half full, what's the point of keeping it..."

The old lady said seriously: "You don't understand! You must eat the New Year's Eve dinner. If you can't eat the New Year's Eve dinner, the next year will be the life of a pauper and you can't turn it back!"

When Jay heard this, he immediately cried: "Grandma, didn't you say that you would wrap meat dumplings for me tonight? Why did you let me eat these leftovers?"

Old lady Xiao was extremely helpless: "Jay, grandma can't do anything about it. After all, we don't have a penny now. What can we buy noodles and meat with?"

Jay cried particularly sadly: "Grandma, today is New Year's Eve, and I can't eat big fish and meat. Anyway, I have a mouthful of dumplings. I really don't want to eat the leftover vegetable soup from yesterday. The smell of water, mixed with the smell of rusty kitchen knives, is really unpalatable..."

Dave on the side choked dryly and said, "After you have done Jay, you can eat some, it's not bad...It's better than having a hungry stomach on New Year's Eve..."

After all, he gritted his teeth and said: "This thing, blame your mother, that b!tch took all of your grandma's hard-earned money, otherwise, we would be able to eat hot dumplings... .."

Theresa also cried, sobbing and said, "Mom is too much. When she stole grandma's money, didn't she think about our family?"

The lady Xiao was even more angry, and blurted out: "She wants a f@rt! If she really had our family in her heart, she wouldn't betray her body in the black coal pit! This kind of unruly b!tch, if it is true. If I have eyes, I will take her as soon as possible!"

After that, the old lady Xiao sat down in a chair, patted her thighs, and cried out: "God, you open your eyes and look at our house, what life are we having!"

The old lady hid her face and wept bitterly.

Others kept whimpering, and the family of four cried together...

Chapter 2029

And the Marven family next door began to prepare New Year's Eve dinner after noon.

All kinds of ingredients piled up the entire kitchen workbench.

Marven is the one with the best cooking skills in the family, so he did his part and became the chef of this New Year's Eve dinner.

Viola had poor legs and feet, so she sat on the ground picking vegetables. Avella helped Marven wash and cut vegetables and prepare other ingredients. As for Dave, he chopped up dumpling fillings by hand with a kitchen knife.

The family of four help out in the kitchen, and the atmosphere is rare and warm.

As the sky gradually darkened, each dish was served on the table.

In villa a04, Gina and the others have also begun to get busy in the kitchen.

The three women lived in a more pragmatic way. In addition to preparing the noodles and meat for making dumplings, they bought a chicken, a fish and two catties of ribs, and made a few home-cooked dishes with meat and vegetables.

Gina felt that the opportunity to live in such a good villa was the result of three people, so she bought an incense burner, a handful of incense, and a cheap portrait of Guanyin.

Before eating, Gina took Tabia and Lexi, kneeling before the portrait of Guanyin Bodhisattva.

Gina offered three sticks of incense with both hands, and said very piously: "Avalokitesvara who saves the suffering, thank you for blessing our three struggling sisters, so that we can live in such a great villa in this life, and dare not dream of it before. You can rest assured that the three of us will work hard to make money in the future. It is not easy to be lazy, please let me know! In addition, your disciple Gina also asks you to bless our lives as better as possible!"

On the two sides behind her are Tabia and Lexi.

The two of them also learned everything at this time, holding three sticks of incense, and said: "Avalokitesvara Bodhisattva, please bless us!"

Afterwards, the three of them knocked their heads three times to Guanyin Bodhisattva.

After the kowtow, Gina stood up and took the lead in inserting the three sticks of incense into the incense burner. After the other two sisters had also inserted the incense, she said contentedly: "Come sisters, it's time for New Year's Eve dinner!"

The two said in unison: "Let's go Sister Gina!"

When the three of them went to eat, Theresa and Mrs. Xiao had been hiding at the corner of the stairs and watching.

They smelled the scent of rice, so they couldn't help but take a look.

Although the old lady always wanted to save the leftovers that she brought back yesterday as New Year's Eve dinner, when it was just dark, the four of them were so hungry that they couldn't hold back their hunger, so they divided up the leftovers.

There was not much leftover, and everyone was not even half full, so the four people were still hungry.

Seeing these three women cook a table of home-cooked dishes, the old lady Xiao and Theresa drooled.

Seeing that the three of them were eating, Theresa asked the old lady in a low voice: "Grandma, do you think they will leave a little leftovers or something?"

Old lady shook her head, and swallowed her saliva at the same time: "I don't know, I hope..."

Theresa said aggrievedly: "If only two spare ribs and a bowl of rice can be left, I am afraid they will have nothing left..."

After speaking, tears have already rolled down.

The old lady stared at the incense burner in front of Guanshiyin Bodhisattva, and said seriously: "Theresa, don't worry, do you see that incense burner? It is filled with rice! When they return to the room to rest in the evening, we will use the rice in it to cook.!"

Chapter 2030

At this time, Marven's family was in the living room, eating New Year's Eve dinner while watching the Spring Festival Gala, and the family was enjoying it.

Dave and Viola, two old people who disliked each other, were rare to not pinch each other.

Dave drank some white wine with Marven, and he was very happy to drink.

Avella originally wanted to drink some red wine with Viola, but Viola snatched the red wine from her and poured it to herself, and said to Avella very seriously: "Avella, women can't get pregnant drinking, it's not good for children!"

After finishing speaking, she smiled and said to Marven: "Good son-in-law, you also drink less, too much alcohol will affect the quality of the male tadpoles! And then affect the quality of the children!"

Avella was suddenly embarrassed, and said with shame and anger, "Mom...how do you talk... look at your words!"

Viola said seriously: "I am teaching you health care experience. This is what the parenting experts and genetics experts on TV say!"

Avella helplessly said, "Then don't be so blunt! At least say it tactfully!"

Viola was a little aggrieved: "Didn't I use tadpoles to call it? Isn't this tactful enough?"

Dave's drinking volume was average, and a few cups and his stomach will be a little overwhelming. He looked at Marven. Although he was a little drunk, he said very seriously: "Good son-in-law, don't listen to your mother's nonsense. She is too drunk. Avella can only be found when the whole person is unconscious. What is the difference in the quality of Avella? Just my girl, placed in the country, that is also the handful of top-quality words! Completely inherited my Excellent gene!"

Viola immediately sipped, and said: "You have to nod! In the beginning, this is inheriting your fine genes? What fine genes do you have? She can grow so beautiful in the first place, it is all my natural beauty that depends on my old lady!"

"Fat you!" Dave curled his lips: "Just your gene, no one will pick it up after throwing it into the sewer. Is it good? Good f@rt!"

Viola smashed her chopsticks and shouted angrily: "Dave, what are you going to do? I don't want to fight with you during the Chinese New Year, so don't be too frustrated!"

Dave shrank his neck and said nervously, "Oh, I'm not teaching experience to my son-in-law, this is a topic between men, so don't mix it up."

After speaking, he patted Marven on the shoulder, and said: "Marven, you, listen to Dad, you don't need to think about anything, you don't need to prepare anything, it's okay to drink some wine and have fun, and then this matter Maybe it will happen!"

Avella's face blushed when she heard this, and immediately put down her chopsticks and said, "If you talk about this untimely topic again, then I will go back to my room and watch TV."

"Oh, don't don't!" Dave hurriedly beckoned, "Isn't it okay if Dad doesn't talk? Tonight is the first time for our family of four to celebrate the Chinese New Year alone, and we live in such a great villa without having to suffer from your grandma. I have to make the New Year's Eve more successful if anything I say!"

Viola rarely agreed with Dave's point of view, and said cheerfully: "Yeah! We must keep the year old until twelve o'clock in everything we say this year!"

Avella said: "It's okay to keep the year old, but you don't stop talking nonsense..."

"Good, good!" Viola said with a smile: "I know you are thin-skinned, it won't work if I don't say it!"

Dave also hurriedly changed the subject and said to Marven: "Come on, good son-in-law, drink!"

Marven nodded and touched Dave with his wine glass.

Just after drinking, the phone received two WeChat messages.

When he opened it, it was Nanako from Japan who sent the message.

She first posted a photo of the courtyard of her old house in Kyoto. In the photo, the courtyard was covered with snow again.

Later, she also sent a text: "Master, today is your country's traditional New Year's Eve, Nanako wishes you a happy Chinese New Year! In addition, I want to share a good news with you: It's snowing again in Kyoto tonight."
