

The Amazing Son In-Law Chapter 2031-2040

Chapter 2031

Looking at the photo, Marven couldn't help but return to the snowy night in Kyoto many days ago.

It was under that heavy snow that he saved Nanako, and also saved Zhifei and Zhiyu with a hand.

Thinking of this, he sighed in his heart and replied to Nanako: "Thank you, and wish you a happy Chinese New Year too!"

Marven didn't respond to what Nanako said about snow in Kyoto.

He knew that he shouldn't have too much emotional communication with Nanako.

In the beginning, he felt that she shouldn't have been trapped by the injuries Aoxue brought to her for all of her life, so he wanted to cure her.

Now, she has recovered and he saved her life. It stands to reason that he has completely cleared her.

If it involves too much, I am afraid it will be out of the question.

Marven himself knew that those women who liked him might not be able to explain to them, and Nanako was the same.

Therefore, keeping some distance appropriately is considered responsible to her.

Nanako is indeed a talented girl. From Marven's reply, she can see his inner thoughts.

Therefore, she replied to Marven: "Master must be spending the festive season with his family now, and I won't bother you! I wish you a happy holiday again!"

After replying to this sentence, her heart was very sad.

She knew that today is a traditional Chinese holiday and the most important holiday of the year, so she sent a WeChat blessing to Marven.

At the same time, it happened that she happened to accompany her father to Kyoto for training in the past two days. It happened that there was a heavy snowfall in Kyoto tonight, and she immediately thought of the night when Marven was the god of war.

Thinking of that night, she missed him more and more.

Therefore, she also took advantage of the opportunity of New Year's blessing to share the heavy snow in Kyoto with him.

Unexpectedly, he didn't even respond with half a word.

Although she was very disappointed in her heart, Nanako could still understand. She knew that Marven had a wife, and even if she liked him again, he still had to keep a certain distance from her.

So, she put her phone away and sat alone on the wooden steps at the edge of the yard, staring at the falling snow.

Takehiko Ito, who had his legs amputated, was now manipulating the electric wheelchair, slowly approaching.

The voice of the wheelchair didn't even disturb Nanako.

It's just because, at this moment, all the attention in her mind is not on her eyes and everything around her, but on the distant Marven.

Seeing his daughter staring at snow in a daze, Ito sighed.

My daughter, how can I not understand?

Takehiko has long seen that his daughter has a loyalty to Marven and has always been thinking about him. Seeing her like this, he can't help feeling a little distressed.

So, he coughed and called out: "Nanako."

Only then did Nanako recover, and said embarrassedly, "Father, why are you out?"

Takehiko Ito smiled slightly and said, "You didn't come in for a long time, so I came out to see you."

Nanako said hurriedly: "Then let's go back, it's quite cold outside."

"It doesn't matter." Ito said with a smile: "Nanako, there are some things that you can't force, let alone urgently, ask for it."

Nanako hurriedly concealed: "Dad, what are you talking about, why can't I understand..."

Takehiko smiled and said: "Marven is a good man, and what is rare is that he is also very capable. Such a man is worth waiting for a few more years."

Nanako blushed immediately.

Chapter 2032

However, she did not immediately deny it, nor did she run away on the spot. Instead, she put her hands in front of her and bowed deeply: "My father, I understand!"

Ito Takehiko smiled comfortedly and said: "I am old, and I can't bear the cold wind. I will go back to rest first, and you should go to bed earlier."

Nanako hurriedly said, "My father, let me see you off!"

Ito Yuhiko waved his hand: “No, you like to meditate, just meditate for a while.”

After all, he controlled the electric wheelchair, turned half a circle on the spot, and returned to his room slowly.

Nanako watched her father’s back disappear at the end of the corridor, feeling that her face was still hot, so she gently covered the thick snow with her hands, and then she covered her face with her hands.

The cold hands made the temperature of her cheeks drop a lot, and Nanako’s heart gradually calmed down.

After a while, she stretched out her hand again and wrote a beautiful word on the snow with her fingers. This word is Marven’s name.

Afterwards, she supported her chin with her hands and watched the snowflakes fall on the word one by one until it became more and more blurred and eventually disappeared.

At this moment, she slowly stood up and returned to her room.

At the same time.

Osaka, Japan is only tens of kilometers away from Kyoto.

A one-armed woman, led by several Japanese Self-Defense Force soldiers, came to the Self-Defense Force station in Osaka.

This one-armed woman surnamed He, the daughter of the He family of the four major ancient martial arts families in China.

She is Ruoli’s biological mother, Roma.

Since the time difference in Japan is one hour earlier than in China, it is already ten o’clock in the night in Osaka at this moment.

Under the leadership of the soldiers, Roma finally entered the self-defense force station after passing through strict security checks.

Afterwards, the soldiers led her from a building on a high-speed elevator all the way down.

The high-speed elevator stopped at a depth of fifty meters underground.

Here is the three defense underground base of the Osaka Self-Defense Force.

The three protections for civilian use are waterproof, dustproof and drop-proof.

The three defenses in the military refer to the prevention of nuclear, biological, and chemical weapons.

Therefore, this three defense base is the most closely guarded area of the Self-Defense Force in Osaka.

Now, this three-defense base is used for other purposes. All the more than fifty masters of the Su family, including Ruoli, are detained here. The strong defense here can effectively prevent them from escape.

After Roma was brought in, she was directly arranged into a closed room.

The iron door of this room is 20 centimeters thick, much stronger than the bank vault.

After she sat down in the room, a Japanese soldier reminded her in a low voice: "People will be here soon, you only have five minutes."

Roma nodded hurriedly and said seriously: "Thank you!"

The soldier said nothing, turned and left the room. A minute later, a young woman with metal shackles on her hands and feet walked in under the leadership of the two soldiers.

This young woman had a gloomy expression, and her eyes were full of coldness.

However, after she entered the room, those cold eyes immediately stared in surprise, and then two lines of tears rolled down.

She looked at Roma, who was also crying silently in front of her, and cried out in a choked voice: "Mom..."

Roma walked two steps quickly, hugged her in her arms with one hand, while gently stroking the back of her head, while lovingly said: "Ruoli, you have suffered..."

Chapter 2033

Ruoli hugged Roma's waist tightly and asked excitedly: "Mom, why are you here?! How did you come in?!"

Roma saw that the Japanese soldiers had retreated, and said: "Ruoli, your father asked me to come."

"Dad?" Ruoli asked hurriedly: "How is dad now? Has he returned to China? There is no danger, right?"

Roma shook her head and said softly, "Don't worry, your father is fine. He has returned to Orgeyon safely."

Ruoli just breathed a sigh of relief and muttered, "Dad is fine..."

Roma said: "If Ruoli, your dad originally wanted to come to Japan to rescue you personally, but he is now the subject of strict monitoring by the Japanese national security department, so it is not convenient to come to Japan again in a short time, so he let me meet you."

Ruoli was very puzzled and asked, "Mom, the Self-Defense Forces kept me so tight, how did you get in? Why did they let you in?"

Roma said: "The Japanese authorities have indeed reached the highest level of control over you, and your dad has inquired about it. They hope to sentence you and several principal offenders to death. In order to save you, your dad spent a lot of money on the Self-Defense Forces. The high-level officers have a good relationship and are ready to rescue you!"

"Help me out?!" Ruoli exclaimed, and asked: "This...how is this possible? The Japanese Self-Defense Forces guard me very closely now, and there are tens of thousands of Self-Defense Forces on the ground. Soldier, how could you rescue me from here..."

Roma explained: "Although you are currently being detained by the Japanese Self-Defense Forces, the Self-Defense Forces cannot represent the Japanese judiciary after all, so you still have to be tried by a Japanese court, and according to Japanese law, you are to be escorted back to the place where the case was committed. The court accepts trial."

Ruoli asked hurriedly: "Then we are going to be escorted to Tokyo for trial?"

"Yes!" Roma nodded and said, "The Japanese Self-Defense Forces will use their military transport aircraft to send you back to Tokyo. After arriving in Tokyo, the special operations team of the TMPD will be responsible for escorting. At that time, your father will arrange a stand-in in Tokyo, and with the help of a senior from the TMPD, you will be replaced."

Ruoli was dumbfounded, and only after a long while she asked, "Mom, can you change me out so grandiosely?"

Roma took her hand and said seriously: "Don't worry about this, your father has already arranged it. Before the double is found out, he can buy you twelve hours. At that time, your father will arrange for you to travel from Tokyo Port. Leave Japan by boat."

With that, Roma squeezed Ruoli's hand and said with emotion: "Ruoli, to save you this time, your father spent nearly 1 billion yuan to clear the relationship between the Self-Defense Force and the TMPD. If you can return home safely, and you must repay your father well in the future!"

Ruoli's eyes were red, and she nodded while crying, and choked up: "Mom, don't worry, I will repay my father well!"

Roma nodded and said, "Also, after you return to China this time, the Japanese side will definitely do everything possible to catch you back. If they know that you have returned, they will definitely apply to our country and extradite you. Go back to Japan for trial, so after you go back, you have to live under a different name. You will no longer be able to use this name in the future."

Ruoli hurriedly asked: "Mom, if I can no longer be called Ruoli in the future, what should I call?"

Chapter 2034

Roma said: "Your dad said, you can pick up the name as you like, and he will help you get the relevant household registration information."

Ruoli flashed a flash of joy. Just as she was about to speak, Roma added: "Ruoli, your father said, you cannot continue to have the last name Su, or you can call any name other than Ruoli, but you can't use the character of the Su family."

Ruoli's expression of joy just now became extremely bitter. She looked at Roma and asked, "Mom, Dad still doesn't want others to know who I am?"

Roma said with an ashamed expression: "Ruoli, you are your father's illegitimate daughter after all, and few people know about this. Apart from your father, only your grandfather knows about the relationship between your father and me. Liona, if she knows that your father still has an illegitimate daughter like you, she will definitely break with your father..."

Ruoli choked up and said, "Mom, can't I tell others that Zynn Su is my father all my life? Do I have to be a girl who has no father since childhood?"

Roma's eyes were red, and she sighed, "Ruoli, the reason why your father had that past with me back then was entirely my own request. He didn't even know your existence for many years, so you can't blame him. Unwilling to disclose your identity!"

"What's more, your dad paid a very high price to save you this time. Even if he can't publicly claim that you are his daughter, deep down in his heart, he also loves you very much! Can't blame him, do you understand?"

Ruoli sighed when she heard this, nodded slightly, and said seriously: "Mom, I know, don't worry, I will never mention this matter again in the future, let alone blame Dad in my heart!"

Roma squeezed Ruoli's hand hard, and said seriously: "In a few days, you will be escorted to Tokyo. Then someone will contact you, replace you, and send you to the dock. Mom will be waiting for you at home!"

Ruoli hurriedly asked: "Mom, won't you wait for me in Tokyo?"

Roma shook her head and said, "Your dad said, once you successfully escape, Japan will definitely check everyone who has recently entered the country. At that time, if it is found that I am from China and I have been to Osaka, the incident will happen again. I went to Tokyo before, which meant that I gave the Homeland Security Department a complete clue for nothing. So after he told me to meet you, I immediately returned from Osaka to avoid leaving clues. As for Tokyo, he will arrange for others to meet you."

Ruoli nodded and said, "Okay mom, I know! You wait for me to go back in peace in China!"

At this time, someone opened the door and said: "Time is almost up!"

Roma looked at Ruoli reluctantly, and said, "Ruoli, take care of yourself these few days, mom will go!"

Ruoli nodded gently with tears: "Mom, take care, and also help me to say thanks to Dad..."

Roma patted her arm and whispered: "There is no 100% success rate in everything, but you must promise mom and come back alive!"

Chapter 2035

Ruoli looked at Roma, nodded heavily, and said with tears in her eyes: "Mom, don't worry, I will come back to see you alive!"

Roma touched her face with one arm, and said lovingly: "After you come back this time, don't go back to Su's house. You will stay with your mother at grandma's house for a while, and wait for the limelight to fade before going back."

Ruoli gave a hum and said, "Mom, take care."

Roma said in a low voice: "Don't disclose the matter of saving you to anyone who are arrested with you, because this time only you can leave. If you let them know, in case of unrest, I am afraid it will cause trouble."

Ruoli sighed softly: "Okay mom, I see..."

Roma nodded, and then reluctantly left.

And Ruoli was also taken back to her cell by soldiers.

However, Ruoli at this time was full of gratitude to Zynn in her heart.

Although she is only an illegitimate daughter, and her father Zynn cannot admit her identity, Zynn is willing to pay such a high price to rescue her. This is indeed far beyond Ruoli's expectations of Zynn, and it also makes her heart move deeply.

Originally, she was ready to be sentenced to death, but after seeing her mother Roma, she rekindled hope for the future life.

.....

Orgeyon time, ten o'clock in the evening.

The Marven family in front of the TV are watching the Spring Festival Gala on TV.

Avella's emotions seemed a bit agitated, and said to Marven: "The program published on the Internet says that Sara's solo singing will be in prime time at 10:10 and should be coming soon!"

Marven nodded, he couldn't help but look forward to it.

Although he knows that Sara is a big star, he hasn't watched Sara's film and television dramas, nor has he heard her singing songs.

This is mainly related to Marven's personality. He has no need for entertainment, so naturally he doesn't care about the entertainment industry.

However, he naturally cared a little more about Sara. After all, this was his childhood friend who grew up with him, and she was also the fiancée that his parents made for him.

So he and Avella looked forward to the TV together, looking forward to Sara's appearance.

The timing of the Spring Festival Gala is almost exactly the same. At 10:10, the host smiled and said: "It is said that the taste of first love is the most beautiful feeling in life. Next, the film and television song superstar Miss Sara will bring her to us. The new single "First Love"."

Afterward, Sara, wearing an elegant evening dress, stepped onto the gorgeous stage.

Avella said excitedly: "Wow! Sara's dress is really beautiful!"

Marven couldn't help but nod in agreement.

Sara on TV deliberately put her long hair lightly behind her head, which is a little more dignified and a little more charming than before.

Viola looked at Sara and couldn't help sighing: "Oh, this girl is really beautiful! Much more beautiful than those female stars!"

After finishing speaking, he said with some regret: "In fact, with the appearance of Avella, she can also enter the entertainment circle and become a star. Even if it is compared with Sara, Avella is not inferior.

Avella smiled and said, "Mom, you are too praising me. How can I be a star? I like actors but not acting, and I want to hear a voice without mine going out to others.

Chapter 2036

Viola said seriously: "What's the matter? Now, being a celebrity doesn't need acting or a voice at all, it's enough to be beautiful! Look at those popular stars who can produce albums even if the tone is not perfect. The movie, why? Aren't you good-looking!"

Avella shook her head helplessly: "Mom, don't talk about it, let me watch the show well..."

Viola did not forget to add another sentence: "Avella, what mom said is true, and mom thinks you are really fine..."

At this time, Sara was already singing.

When she opened her mouth, Viola couldn't help but exclaimed: "Oh! This girl's voice is really good!"

Avella hurriedly waved her hand: "Mom, stop talking!"

Marven was also a little surprised by Sara's voice. Although she seemed to be just an idol star, when she opened her mouth, she showed very good singing skills, absolutely professional.

The tune of this song is melodious and fresh and refined. It is similar to the song "Legend" sung by the Queen.

Marven couldn't help being immersed in it.

After Sara sang for five minutes later, Marven was still immersed in the wonderful atmosphere created by her singing just now.

Clair's eyes flushed even more, and she clapped unconsciously, and said with emotion: "Sara sings really well! This song is particularly moving!"

Then, she said to Marven: "Husband, Sara will come to Wrester for a concert in a while, will you accompany me to watch it?"

Marven couldn't help feeling a little embarrassed when he heard this.

Sara did invite him to her concert, but if he goes with Avella, this thing feels a bit wrong.

He sighed in his heart: "Although I have never thought of divorcing Avella and honoring the marriage contract my parents made for me and Sara, I can't bear to take Avella to watch her concert. This is a little bit unfair for her."

Just when Marven hesitated, Avella couldn't help but coquettishly said: "Husband, you should accompany me to see it once, is it okay? I beg you..."

After finishing speaking, she added: "I will go grab the ticket then, if I can't get it, I'll go to the scalper to buy it. You don't have to worry about anything, and you just have to pay someone else!"

Marven heard this and knew that Avella must be determined to go to Sara's concert. Even if he didn't agree, she would go.

Moreover, he has promised Sara to go to her concert, and he will definitely not break his promise by then.

In this way, he can only agree to it.

So he said to Avella: "My wife, don't worry, I will accompany you when that happens."

Then he said, "Oh, right, you don't have to worry about getting tickets anymore. Last time I went to Ms. Gu's house to see Feng Shui. Ms. Gu should be more or less able to save face, and I will find her then. It shouldn't be a problem to ask for two tickets for the front row."

Avella asked in surprise: "Husband, are you telling the truth?! Can I really find Miss Gu for the front row tickets? The front row tickets for Miss Gu's concert are very popular, and they are generally not released at all. When they were sold, the price was increased several times or even dozens of times. Once at a concert in Yenching, the first row of tickets was sold to 100,000, which was an order of magnitude higher than anyone!"

Marven smiled and said: "Miss Gu is still very angry, I believe she will definitely give this face."

Avella excitedly said, "That's great! Thank you husband for supporting my star-chasing career!"

Marven couldn't help sighing. At this moment, the phone received a WeChat message and Sara sent a text message: "Marven, have you watched my performance in front of the TV?"

Chapter 2037

The Spring Festival Gala was broadcast live to 1.4 billion viewers across the country, so the Marven family had just watched Sara's show in front of the TV, and Sara had just finished the show and came backstage.

At this moment, she didn't care about changing clothes, so she quickly sent Marven a WeChat first.

What she cares most about is Marven's views on her performance.

Originally, the Spring Festival Gala director team hoped that she could sing her other famous song, a song about friendship.

Sara had already promised the director team to sing that song, but after meeting Marven again, she had the idea of changing the song.

So, she negotiated with the director team and expressed her wish to change the song.

In the beginning, the Spring Festival Gala director group was very reluctant.

This is mainly because the Spring Festival Gala performance has always been very meticulous and cautious, and such things as temporary song changes have almost never happened.

However, Sara has been working hard, and finally the program team saw that she really wanted to sing today's song, so she had to compromise.

Sara chose to sing the song "First Love" today because she wanted to sing for Marven.

There is a lyric in this song, which she wrote specially for Marven. The lyric is: From the first time I saw you, you have been deeply burned in my heart, and I cross the sea of people, I found you all the way, just to tell you that in this life, I will never leave you again.

Marven couldn't feel the affection in Sara's song.

But he can only pretend not to know, and reply to Sara: "I watched your performance and it was great! You sang very well!"

Sara happily sent a message: "This song...is written for you..."

Marven asked in surprise: "You wrote this song yourself?"

"Yes." Sara said: "I am the songwriter, okay?"

Marven replied with a thumbs-up expression, and exclaimed: "I didn't expect that not only would you sing well, but you would also write your own songs. It's amazing!"

Sara sent a playful expression with a tongue out, saying: "I learned the piano from my mother when I was a child, and then I was fine while playing the piano and hummed. I slowly tried to write a few songs. After I published it, I felt that the response was pretty good. So I wrote more, one after another."

Marven praised sincerely: "It's really great! Unparalleled!"

Sara was satisfied and said, "Marven, I wrote this song specifically for you a few years ago. I didn't find you at that time, so the lyrics are another version. After I found you, I made some more lyrics. Adjusted, that's why there is this version."

Marven was moved in his heart and replied: "Thank you, thank you for always remembering me, and thank you for doing so much for me for so many years."

Sara sent a shy expression and said, "These are all things that should be done. Who made me your child bride since I was young..."

Marven was speechless at once.

It is not an exaggeration to say that she is a child bride for marriage since she was a child.

At this time, Sara sent another message: "Marven, I won't talk to you for now. My parents are still at home waiting for me to go back to eat New Year's Eve dinner, and then stay together. I have to go now."

Marven knows that it's not easy for every actor to participate in the Spring Festival Gala. They all participate in the performance on New Year's Eve. If they are local actors from Orgeyon, they are relatively better. After the performance is over, they will immediately change their clothes when they step down. Hurry home to spend the holiday with my family.

Some foreign actors are more sentimental. In order to go to the Spring Festival Gala, they can only spend the festive season in a different place alone.

Chapter 2038

Fortunately, Sara's house is in Orgeyon, and her performance time is very good. Now she rushed back. Before New Year's Eve, she can stay with her family until 12 o'clock.

So Marven replied: "Then you go back and accompany your uncles and aunts, and help me bring a good one to your uncles and aunts. I wish they still have you, and Happy New Year!"

Sara also replied: "Thank you, Marven, and wish you a happy new year!"

Afterwards, Marven put away the phone, and concentrated on watching the Spring Festival Gala with his wife Avella.

When it was almost twelve o'clock, Dave said with emotion, "Hey, although firecrackers are banned now, although it is environmentally unfriendly, the Chinese New Year is indeed a bit less flavorful. What a pity..."

"Yes." Avella on the side could not help but sigh: "When I was young, I especially liked the smell of fireworks exploded by firecrackers, and now I rarely see them."

Marven said: "Although firecrackers are not allowed to be set off in the urban area, in the suburbs it is still possible. Do you want to celebrate with firecrackers in the suburbs?"

Avella's eyes brightened, then dimmed again, and shook her head and said, "Forget it, everyone is spending the Spring Festival at home at this point. Where can I find firecrackers..."

Marven thought for a while and sent a message to Zak Chen and asked him: "Mr. Zak Chen, do you have some fireworks in stock in Shangri-La?"

Zak Chen replied immediately: "Some young masters, do you need?"

"Right." Marven said: "My wife wants to go to the suburbs to shoot some."

Zak Chen hurriedly said, "Then I will send it to you."

"No need." Marven said: "Have a good time at your festival, don't delay reunion with your family because of me."

After that, Marven asked him again: "Shangri-La is open, right?"

"Some staff." Zak Chen said: "Shangri-La is open 24 hours a day, and there are always people on duty."

Marven said: "Okay, then you say hello to the person on duty, I'll drive over to pick it up."

Zak Chen was very moved by Marven's actions, and said quickly, "Master, or I will let the person on duty send it to you, anyway, they also get three times the salary on duty."

Marven replied: "Forget it, for the New Year, I don't want to toss others, it's not appropriate, I drive by myself, this time will definitely not be a traffic jam, I will be there in ten minutes."

Zak Chen had no choice but to say, "Okay, master, I'll say hello to the people below, you can go and get it anytime."

After confirming with Zak Chen, Marven said to Avella: "My wife, I will go out and come back soon."

Avella hurriedly took his hand and said seriously: "Husband, don't go out to toss, just watch TV at home. It doesn't matter whether you set off fireworks or not."

Marven smiled slightly and said lovingly: "It's okay, you wait at home, and your husband will be back soon."

After speaking, he got up and took Avella's car keys and stepped out of the house.

Avella still wanted to stop him, but seeing that he was walking very fast, he had already left the door in the blink of an eye, so she sighed helplessly and told him: "You drive slowly, don't worry!"

Marven's voice came from outside the door: "Good wife, I know!"

Seeing Marven left, Viola couldn't help sighing: "Avella, Mom say to you, Marven is really good for you..."

After speaking, Viola said with emotion: "Before, Mom always felt that Marven was not good enough to be worthy of you. You should find a rich young master to marry to be considered a good marriage... But Mom didn't understand until now that the most important thing about marriage is the relationship foundation. Money is not so important. What's important is that he has to treat you as a treasure so that you can live happily..."

Chapter 2039

Marven drove straight to Shangri-La, and Zak Chen's subordinates had already pushed a trolley and waited at the gate.

Seeing Marven's arrival, he hurriedly pushed the car forward and said respectfully: "Master Ye, Mr. Zak Chen asked me to prepare some fireworks for you. Would you like me to help you get in the car?"

Marven nodded, opened the trunk, and said, "Thanks for your hard work."

The other party hurriedly waved his hand and said, "Master, you are polite, this is what I should do."

After that, he put several large boxes of fireworks into the trunk of the BMW car.

Marven said thank you, then drove back and dared, and at the same time called Avella to ask her and her father-in-law to prepare, and then get in the car directly to find a place where they can set off fireworks and firecrackers to find the New Year atmosphere.

Avella was very happy, put on thick down jackets with her parents, and waited outside the gate of Tomson early.

As soon as Marven's car arrived, the family of three got in.

Avella asked Marven: "Husband, where are we going to set off firecrackers?"

Marven smiled and said, "As long as you are not within the city limits, you can think about where to go."

Dave suggested at this time: "Or go to the riverside! The riverside scenery is good. After the fireworks rise, the reflection on the river surface can be reflected, and it will be more artistic!"

Avella smiled and said, "Dad, this is a good idea! Then go to the riverside!"

Dave hurriedly said, "I know there is a nice place with a large river embankment!"

Marven listened to his wife and father-in-law talking about the riverside, and suddenly thought of Warnia from the Song family.

Before, Warnia was passing by the Yangtze River when sending him home, and she suggested that he should accompany him on a stroll along the river.

Without thinking about it, he readily agreed.

What he didn't expect was that after walking on the riverside and returning, Warnia sent him to the gate of Tomson Villa, and then kissed him in the car.

That scene still stays deep in Marven's memory. Sometimes when he thinks about it, he feels a little different kind of warmth.

Marven, while thinking wildly, drove the car all the way to the Yangtze River under the command of Dave.

What he didn't expect was that the tidal flat led by Dave turned out to be the place where Warnia brought him.

Since it was New Year's Eve at this time, there was no one around.

After Marven parked the car. Carrying a few boxes of fireworks with Dave, they came under the river embankment.

On a concrete-poured river embankment, Marven placed the fireworks at certain intervals.

On the other side, Dave could not restrain his impulse and set off two firecrackers.

The festive sound of firecrackers echoed along the river, and people immediately felt the feeling of the New Year.

When the firecrackers burned out, Marven said to Avella, "Avella, I am going to set off the fireworks!"

Avella immediately took out her mobile phone and said excitedly: "Husband, wait a while, I'll turn on the video first!"

"it is good!"

After she took the mobile phone and turning on the camera function, Marven lit the fuze of the fireworks.

Colorful fireworks rose into the sky and exploded on the surface of the river. The wide river surface reflected the wonderful colors of the fireworks bursting in the sky.

Avella was already dancing with joy on the side.

After one group of fireworks burned out, Marven immediately ignited the second group, followed by the third and fourth groups.

Until all the fireworks were burned out, Avella's cheeks flushed with excitement!

She hasn't had this feeling for a long time, setting off fireworks and firecrackers on New Year's Eve, so she is excited like a child at this time.

Dave and Viola are also very happy. This Lunar New Year is of great significance to this family of four.

And this New Year's Eve, having lived so perfectly, made them feel an unprecedented sense of happiness.

Twenty-four o'clock on New Year's Eve.

It is also the zero point on the first day of the new year.

Marven set off the last set of fireworks, and Dave also lit the last set of firecrackers.

Avella put her hands on her mouth and shouted: "Husband, parents, happy new year!"

Chapter 2040

Viola leaned on crutches and shouted excitedly: "Happy New Year!"

Dave raised his head to look at the fireworks, the brilliant brilliance reflected on his face, and that face was already wrinkled, and it was full of happiness.

At this moment, Dave inevitably thought of Meiqing in his heart.

This was also the first Spring Festival that Meiqing had after returning home after more than 20 years.

Dave quietly took out his mobile phone and sent a WeChat to Meiqing. The WeChat only had four words: "Meiqing, Happy New Year!"

Marven's mobile phone has been bombarded by WeChat notifications.

Many people sent him New Year greetings at this moment. He didn't have the energy to reply one by one, so he posted a text in the circle of friends: Happy New Year to all family and friends!"

This night, thousands of houses in Wrester were lit up.

Marven's family of four even played on the riverside until one o'clock in the morning before driving back.

Most people are immersed in the unique sense of happiness in the New Year. Only the old Mrs. Xiao's family are still struggling with starvation.

During the day today, Gina didn't know where to buy an old 21-inch color TV. This kind of broken TV, even if it is intact, can sell for dozens of dollars at most. Normal people almost don't even bother to take a look.

However, for the three Gina and the others, this shabby old TV allowed them to watch the entire Spring Festival Gala intact and brought them great satisfaction and happiness.

While watching TV, they ate all the New Year's Eve dinner they had prepared, and in the end they didn't even leave a bite of vegetable soup.

After eating in the living room, the three of them did not forget to carry the TV back to Gina's room.

In order to prevent Mrs. Xiao's family from taking any advantage of them.

Mrs. Xiao and Theresa had been thinking about the little rice in the incense burner, so they had been hungry and boiled until a little bit more before finally putting Gina and the others to sleep.

After making sure that Gina and the others were sleeping, they began to prepare porridge.

The rice in the incense burner did not look very good because it had a lot of incense ash, but the old lady and Theresa, who were so hungry that their chests stuck to their backs, could no longer take care of them.

They didn't say a word, they brought the incense burner into the kitchen very neatly, then poured out the rice and washed it clean, and immediately afterwards they used the rice to cook the porridge.

The rice in the incense burner is almost over a jin, and it's all boiled into a big pot of porridge.

Mrs. Xiao and Theresa each drank a bowl when the rice porridge was just cooked.

Later, feeling that it was not enough to relieve hunger, so they drank another bowl.

Feeling that the taste was a bit weak, the two secretly put the salt and soy sauce bought by Gina and the others into the rice porridge and stirred and drank.

Gina tried every means to leave no obvious opportunity for Mrs. Xiao, but she did not expect Mrs. Xiao to think about the rice in her incense burner, as well as her own salt and soy sauce.

Early the next morning.

New Year's Day.

Avella was a little bit tired because she went out to play around last night, and she still hadn't gotten up.

Marven has already woken up and made himself a cup of tea in the living room downstairs.

In his spare time, he checked the circle of friends. In addition to the circle of friends wishing new year, he also saw a circle of friends posted by Warnia.

“Leaving for Japan today, the cycle is estimated to be one week. During this period, please contact Mr. Honor for the relevant affairs of Wrestvel.”

Marven couldn't help being a little surprised. He didn't expect Warnia to go to Japan on the first day of the Chinese New Year.

At the same time, next door a04.

Gina and the three woke up early. Although today is the first day of the new year, they still have to go to the supermarket to work and make money.

The first thing Gina did when she got up early was to put a stick of incense on the portrait of Guanyin Bodhisattva, so that Guanyin would bless her in the new year with peace and prosperity.

She lit the three sticks of incense, made a wish, kowtow, and when she stood up to insert the three sticks of incense into the incense burner, she suddenly realized that it felt a bit wrong.

Originally, when the incense is inserted into the rice in the incense burner, there will be an obvious sense of damping.

But now, she couldn't find any feeling.

When she took a closer look, she was immediately angry!

She screamed: “This dead old woman Xiao! Even dare to steal the rice from my incense burner!?”
