

## The Amazing Son In-Law Chapter 2091-2100

### Chapter 2091

When Nanako heard Marven's request for a grand team, she immediately smiled and said, "Master, isn't the team a bit grand enough? Or I would just send a few helicopters over!"

Marven smiled slightly, "Is this guy staying at the Aman Hotel in Tokyo and arranging a helicopter in the city center, isn't it inappropriate?"

Nanako smiled and said seriously: "Master, this little thing is not inappropriate for the Ito family. If you want, you can leave this to me to arrange it. I will definitely not disappoint you!"

Marven thought about it for a moment, then nodded and agreed, and said with a smile: "Then I will trouble you for help. I have only one purpose, to completely shock him."

Nanako smiled and said, "Master can rest assured, I will give him a vivid and realistic education class!"

.....

Aman Hotel.

Honor asked his beautiful assistant to put a few band-aids on his hands.

This girl is not only his assistant, but also his lover, but also his confidant.

After helping Honor to deal with the wound, she said distressedly: "Mr. Song, you should never be so impulsive in the future. You can't make fun of your body anyway!"

Honor said with a gloomy expression: "You don't understand, it's not that I'm too impulsive, it's that Marven is too tricky. It's a huge trouble for me to stay in Tokyo!"

The assistant hurriedly said: "Mr. Song, it's actually not that difficult to deal with such a person? Let Hashimoto first summon a few killers and find a chance to kill him."

Honor waved his hand and sighed: "Oh, you don't understand, you don't know what Marven is capable of. This person is quite capable, and most people are not his opponents."

"Furthermore, if you rush to trouble him, you will most likely expose yourself in advance. In that case, you will lose more than you gain."

The assistant asked, "Mr. Song, what should we do now? Is it like the old man said, you should follow his arrangements?"

Honor nodded, and said coldly: "There is no other way but to cooperate with him superficially, and hope that he will not discover me."

As he said, he sighed, and said without a word in his heart: "I just don't know if I can remain calm in front of him. This person is very shrewd, and if I am careless, he might be able to see it."

The assistant hurriedly said, "Mr. Song, you are the person with the best psychological quality I have ever seen. I believe that you will definitely not expose any flaws."

Honor nodded slightly: "I hope!"

As he was talking, Honor's cell phone rang suddenly.

On the phone, a woman's voice came: "Is this, Mr. Honor Song?"

Honor snorted and said, "Yes, it's me."

The woman said: "Hello Mr. Song, I am sent by Mr. Ye to pick you up. Are you ready to go?"

Honor said: "I'm ready, where shall we meet?"

The woman said, "You should be staying at the Aman Hotel, right?"

Honor said: "Yes, I am in the presidential suite of the Aman Hotel."

Honor deliberately said the two words presidential suite, just to find a sense of superiority in front of the other party.

He knew that Marven had some skills, but he also felt that Marven's skills should only be useful in Wrestvel. If he leaves Wrestvel and arrives in Japan, he will definitely be discounted.

Therefore, he instinctively didn't look at the friend in Marven's mouth.

In his opinion, it is impossible for Marven to make friends with high-ranking officials in Japan.

It is estimated that the other party is at most a middle class in Tokyo.

## **Chapter 2092**

The woman on the other end said calmly, "Since Mr. Song lives in the Aman Hotel, please move to the rooftop now."

"Rooftop?" Honor frowned: "What do you want me to do on the rooftop?"

The woman said, "The helicopter is waiting on the rooftop."

"Helicopter?" Honor's expression was a little surprised, but also a little despised.

He thought to himself: "This Marven and his friends are really boring. There are some helicopters to pick me up in the city. It's a little bit of money. Don't you know where to spend it? Rent a helicopter. I think I'm really awesome? This bit is really too low, right?"

Thinking of this, he smiled contemptuously, and then said very politely: "If this is the case, please wait a moment, I will come up."

"Well, I am waiting for Mr. Song on the rooftop."

After Honor hung up the phone, he immediately laughed contemptuously: "Humph, Marven is really interesting, I said I'm going to find him, he has to let me wait for his friend to pick me up, and he has to get a helicopter. Does it make sense to come and pick me up? Have I never seen the world? With a helicopter, he wants to bluff me?"

The assistant smiled slightly: "In my opinion, Mr. Song, this Marven is nothing but the light of fireflies, so he is so embarrassed to compete with you like the sun and the moon. He doesn't know what to do!"

Honor sneered: "Oh, if you want to talk about him, he still has some ability, and nothing else, the rejuvenation pill in his hand is really a fcking good thing! I really hope to see it. I can have one when I am old..."

As he said, Honor sighed and waved his hand to the assistant: "Okay, let's not talk about it, you come to the rooftop with me."

"OK President Song!"

Honor took his confidant assistant to the rooftop of the Aman Hotel.

At this time, a heavy black helicopter was parked on a helipad on the rooftop.

When Honor saw the helicopter, he was a little surprised and said: "Oh, to pick me. Marven and his friend are really willing to pay for this. This super cougar helicopter has an ex-factory price of more than 1.5. With a little modification, the price will exceed 200 million. Such a helicopter can cost hundreds of thousands for a short flight."

The little assistant smiled and said: "To spend hundreds of thousands to pretend to be forceful in front of Mr. Song. This man is really blind!"

"Yes." Honor sneered: "Have you seen the four letters on the fuselage of this plane?"

The little assistant looked at the eye-catching white letters on the black fuselage and read them one by one: "itou? Mr. Song, what does this mean? There seems to be no such word in English."

Honor said with a smile: "This is not an English word, it is the Roman sound of Japanese. The four letters of itou, pronounced in Roman sound, should be pronounced as 'yito'."

"Yito?" The assistant frowned, "What does this mean, Mr. Song, it sounds weird."

Honor said seriously: "You, there are really few people in the world. The Japanese corresponding to these four letters means Ito, which means that this aircraft belongs to the largest family in Japan, the Ito family."

“Ah?!” The little assistant exclaimed, “Is it the plane of the Ito family?! My goodness, does Marvin know someone from the Ito family?!”

Honor curled his lips: “Just rely on him? I know people from the Ito family, is he worthy?”

The little assistant asked in surprise: “Then what’s going on with this plane?”

Honor said with a smile: “You don’t know anything about it. The industry of the Ito family covers all walks of life in Japan. The family has its own general aviation company called ‘Ito General Aviation!’”

“Ito General aviation?”

“Yes! It’s Ito General Aviation!” Honor explained: “This general aviation company is mainly engaged in short- and medium-distance navigation. It has more than 200 various aircraft under its umbrella, including more than 100 helicopters, which is very powerful!”

“I guess Marvin and his friend rented this helicopter from Ito General Aviation!”

The little assistant nodded and said with a smile: “So that’s it! You said that this plane belongs to the Ito family, which really shocked me. You thought Marvin’s friend was from the Ito family.”

Honor sneered: “I just said that he doesn’t deserve to know someone from the Ito family! The Ito family is now in Japan, which is equivalent to the Su family in our country. Marvin, a guy who relies on feng shui and dances, even he is not worthy to give shoes to the Ito family!”

### **Chapter 2093**

In Honor’s heart, the status of the Ito family is indeed very high.

After all, this is the largest family in Japan, and it has just survived the fierce battle of the three major families in Tokyo. In this regard alone, the future of the Ito family is limitless.

Therefore, Honor did not believe that Marvin could have any actual relationship with the Ito family.

It must be him or his friend who spent money to rent a helicopter owned by the Ito Family General Aviation Company.

So he took his little assistant and walked to the helipad.

Standing by the helicopter was a beautiful lady wearing a blue flight attendant uniform. Seeing the two approaching, she looked at Honor and said respectfully: “You should be Mr. Song, right?”

Honor nodded, and said arrogantly: “Yes, it’s me, are you responsible for picking me up?”

The beauty smiled slightly and said, “Yes, Mr. Song, Mr. Ye and our eldest lady are waiting for you at home now, please board the plane with the lady.”

Honor hummed: “Master is so polite. In the urban area, you don’t need to take a helicopter at all, can’t you just take a car?”

The beauty said indifferently: "Mr. Song, our eldest lady said, be more solemn when picking you up."

Honor shook his head and smiled, and thought to himself contemptuously: "Send a helicopter here to be grand? Do you think I'm a bunny who has never seen the world? Our Song family is also worthy of private jets and private helicopters. All have this stuff in my eyes. It's nothing great."

However, since it is the helicopter sent by Marven, he naturally did not dare to say such dismissive remarks in person, so he said very politely: "If this is the case, then let's leave now."

After that, he took his assistant and got into the heavy helicopter.

This helicopter was originally able to carry at least 20 people, but now the cabin has been completely transformed into a luxurious room, just like a top luxury RV.

Honor sat down on the sofa of the helicopter and asked the beauty: "I don't know where Master is, how far is it from here?"

The beauty smiled and said, "It's almost fifteen kilometers."

"Fifteen kilometers?" Honor said helplessly, "Isn't it just a few minutes away?"

The beauty smiled and said, "It takes a few minutes to fly, it takes about half an hour."

"What? Half an hour?!" Honor said dumbfounded: "Fifteen kilometers, even if you pedal a bicycle, you can get there by pedaling faster for half an hour. The speed of this helicopter can't be slowed to this point, right??"

The beauty smiled and said: "Mr. Song doesn't know something. In order to show the importance of you, our eldest has specially arranged a sightseeing route. You will know later."

Honor asked a little puzzled: "Could I ask who your eldest lady is?"

The beauty shook her head and said apologetically: "I'm sorry, Mr. Song, we can't tell you the identity of our eldest lady yet, but when we get to the place, you will naturally know."

Honor nodded and said, "Okay..."

Having said that, he also muttered in his heart: "I don't know what kind of medicine Marven is selling in the gourd? I'm free to get a helicopter, what's the trouble here?"

At this time, the beautiful woman said, "Mr. Song, our helicopter is about to take off. Please put on the intercom headset and buckle your seat belt."

"OK."

Honor nodded, put on the intercom headset, and buckled the seat belt.

Since loud noise is generated when the helicopter is in operation, it is impossible to hear each other in a normal conversation in the cabin.

In order to solve the problem of communication in the cabin, all the crew and passengers on the helicopter wear headphones with very good sound effects. Wearing headphones can not only isolate the sound of the engine, but also use radio to ensure each other's call.

Once the helicopter gets up, they can only communicate with each other in this way.

#### **Chapter 2094**

At this time, the helicopter engine turned slowly, then accelerated continuously, and soon began to slowly rise.

Honor thought: "I can also take this opportunity to take a look at Tokyo under the sky."

As he was thinking, he heard the beautiful woman's voice in the headset, and she said, "No.2 and No.3 take off, No.4 and No.5 start the engines, No.6 and No.7 start to prepare!"

Honor was still a little puzzled, and he thought to himself: "What is No. 2, No. 3, No. 4, No. 5? What is this girl talking about here?"

Just wondering, the assistant on the side pointed to the roofs of the other two buildings on both sides of the window, and said in surprise: "Mr. Song, there are also two helicopters flying on the roofs of those two buildings, exactly the same as the one we are sitting on!"

Honor turned his head to see, as expected!

Two identical helicopters take off at the same time and simultaneously on the left and right sides.

These two planes are not only the same as the model they are flying in, they are all Super Cougar, but also the fuselage painting is the same, both of which are painted by Ito General Aviation.

Honor asked the beauty in surprise: "These two planes are also yours?"

The beauty nodded and smiled: "They will accompany you all the way."

Honor was stunned: "What is full flight companionship?"

The beauty smiled and said: "It is to accompany you throughout the flight, just like the front and rear cars of the convoy."

Honor's expression was a bit stunned and said, "Uh... is this really necessary? Master won't be too expensive, right?"

The beauty said calmly: "Don't worry, Mr. Ye doesn't have to pay a penny."

Honor nodded, and thought to himself: "Needless to say, Marven should have found another bully in Tokyo..."

As they were talking, the two helicopters had risen to the same height as them. After that, the two planes followed the plane Honor was riding in, and the three planes moved forward at the same speed.

Just one kilometer after flying out, Honor's assistant pointed to the two buildings on both sides and said, "Mr. Song! Two more planes on both sides!"

Honor took a closer look and was shocked!

This is five! Is this necessary?

Just after speaking, the assistant pointed far away and blurted out: "Mr. Song, there seem to be black helicopters on the roofs of the two buildings in front!"

Honor looked in the direction of her fingers, and indeed there were two black things the size of ants at a distance of one kilometer away.

Honor carefully identified the two black objects parked on the top of the building. They really looked like the same helicopter he was riding in!

I was surprised that the two helicopters that took off just now have arrived.

The fleet has changed from three to five.

Soon, the black things that were like two ants became bigger and bigger in Honor's vision, and it was easy to recognize them. They were indeed two helicopters.

Subsequently, the two helicopters also began to take off.

The fleet has changed from five to seven.

At this time, Honor had a numb scalp.

He doesn't understand, what exactly is Marven doing? Just pick him up, is it necessary to make it so grand?

As he was thinking, he heard the beauty say on the walkie-talkie: "The efficiency of taking off in twos is too low. Let's start four at a time!"

## **Chapter 2095**

Seeing that four helicopters really took off, and the fleet quickly expanded to nearly twenty all the way, Honor felt like a fight!

He didn't understand, so he thought to himself: "What the hell is doing? Sending 20 helicopters for more than ten kilometers of roads, this is too incredible, right?"

"Also, where does Marven's friend from Tokyo come from?! Renting twenty helicopters also cost a lot of money. Is it a waste of money to burn?!"

At this time, the citizens of Tokyo were all startled by the echelon of helicopters whizzing by in the sky, one by one stopped and looked up, thinking that something big had happened, or something extraordinary was coming.

The more Honor couldn't guess Marven's motive, the more he felt guilty.

Although he and Marven are not familiar, nor can they talk about friends, at least they are acquaintances. If you meet between acquaintances, shouldn't it be an appointment and then go separately? Marven suddenly made this appearance, what does it mean?

At this time, on the top floors of the high-rise buildings on both sides, new helicopters are constantly taking off and joining them.

Soon, the total number of helicopter echelons exceeded thirty.

Honor has never experienced such a battle in his entire life, and his heart is a little hairy!

Moreover, he did not have the initial contempt in his heart.

Subconsciously told him that Marven seemed to be much better than he thought, including his Japanese friend whom he had never met. First URL [m. kanshu8.net](http://m.kanshu8.net)

Maybe, the other party is still a big local in Tokyo!

More than 30 helicopters circulated idling over downtown Tokyo, and finally hovered over a private estate.

At this time, Honor discovered that the thirty or so helicopters around him had become a circular layout, enclosing his own plane in the middle.

As for his own plane, it was slowly descending at this time.

Honor looked down at the huge estate below, and asked the beauty in surprise: "Excuse me, where is this?"

The beauty said: "Back to Mr. Song, this is where our eldest lady lives."

Honor doesn't know where the Ito family's mansion is, so he can't recognize who owns the mansion directly below.

However, looking at the location, area, and architectural style, you know that this is definitely not an ordinary home.

As the helicopter slowly descended, Honor's heartbeat became faster and faster.

He hurriedly thought in his heart: “Marven’s friends in Tokyo have such a strong family background, and their energy must not be underestimated. If Marven asks them to help investigate Warnia’s affairs, then maybe he is really going to explode!”

Before, Honor still felt that even if Marven came to Japan, it was meaningless. He was unfamiliar with the place in Japan. He didn’t know what he did. He didn’t have enough contacts and human help. He wanted to find Warnia’s whereabouts or investigate The cause of Warnia’s death is as difficult as reaching the sky.

This is true for most people.

Everyone’s abilities have obvious geographical restrictions.

For example, Orvel, is an underground emperor in Wrestvel, no one dares to provoke him, but as long as he leaves Wrestvel, even if he is in Suzhou, his influence will be greatly reduced.

If he were to come to Tokyo, with his little influence in Wrestvel, any rich would dare to slap him in the face.

This is because most of Orvel’s abilities can only be brought into play when he is in Wrestvel. The farther away from Wrestvel, the smaller his abilities.

Honor originally thought that Marven must be the same.

Marven was screaming in Wrestvel because there were a lot of local bigwigs who had good looks in Wrestvel.

But once he leaves Wrestvel, his influence is bound to decline drastically.

If he really came to Japan to investigate Warnia’s affairs, he might not even be able to find a three or five assistant.

But now, Honor finally realized how ignorant he was.

## **Chapter 2096**

Because he discovered that Marven seems to have an extraordinary relationship in Japan!

The helicopter landed on the lawn in the back garden of the Ito family.

As soon as the helicopter landed, twenty men in black suits ran over neatly.

Then, twenty people stood on both sides of the hatch, very mighty.

At this time, the beautiful lady in the helicopter opened the hatch, jumped down first, and then said to Honor: “Mr. Song, please!”

Honor swallowed with some difficulty, while drumming in his heart, he stepped out of the helicopter nervously.

The beauty said: "Mr. Song, please come with me. Mr. Ye and our eldest lady are already waiting in the living room."

Honor hurriedly asked humbly: "Beauty, can I dare to ask, who is the eldest lady in your family?"

The beauty smiled and said: "Our eldest lady's identity, when you see her later, she will definitely tell you in person."

Honor pretended to smile indifferently, but in fact he became a dog in panic.

He could see that such a mansion, in such a good location in Tokyo, is worth at least tens or even tens of billions of yuan. The family that can have such a mansion should be much stronger than the Song family!

At this time, the beauty gestured at him with a gesture of invitation, and said with a smile: "Mr. Song, please here."

Uneasy Honor could only nod his head, biting his head to follow.

He followed the beauty through the back garden of the entire Ito family mansion, and then through the long corridor to the door of a Japanese-style room.

The beauty said to him and his assistant: "Two, please wait a moment, I'll go in and report."

Honor nodded hurriedly: "Please... let's wait at the door first..."

The beauty entered the door and said to Marven and Nanako who were drinking tea cross-legged in front of the tea table: "Mr. Ye, Madam, the guests are here."

Nanako nodded and said lightly, "Please let them in."

The beauty immediately said: "OK, lady!"

After that, she came to the door and said to Honor: "Mr. Song, please come in."

On the side, Honor's assistant asked Honor in a low voice: "Mr. Song, am I going in too? I'm a little nervous, so I'm not going..."

Honor saw her look very flustered, knowing that she might have been frightened by the unbelievable large formation of the other party, so she dared not go in.

He sighed inwardly: "Are you a little nervous? Did you know that I am also panicked now!"

However, he also knew that the assistant could still retreat, but he could not do it, so he had no choice but to say: "Then you wait for me outside."

The assistant heaved a sigh of relief, and nodded hurriedly, as if she was granted a pardon.

Honor mustered up the courage at this time and stepped into the door.

As soon as he entered the door, he saw Marven tasting tea at the tea table.

At this moment, Marven was still the same as before, with a calm face, seeing Honor coming in, waved his hand slightly at him.

Opposite Marven, there was also a young-looking Japanese woman who was wearing a Japanese-style kimono. She looked not only extremely beautiful, but also gentle and elegant.

Honor recognized this woman at a glance!

At this time, the stormy sea had already turned up in his heart, and he muttered to himself: "This...this woman...this woman is not the eldest lady of the Ito family, Nanako, known as Yamato Nadeshiko. Is it... Is it that the local friend Marven said is her?!"

### **Chapter 2097**

Honor felt at this moment that his outlook on life, values and world outlook were completely subverted in an instant.

He didn't expect Marven to have a relationship with Miss Ito.

What's more terrifying is that the eldest lady of the Ito family is wearing a kimono, kneeling across from Marven, and pouring tea to him respectfully like a waiter.

This is simply incredible!

Honor wailed desperately in his heart: "What the hell is this? Do the Japanese also believe in the feng shui metaphysics? Otherwise, how did Marven flick Nanako?"

Just when his mind was full of shock and surprise, Marven saw him come in, as if he had seen a friend's son, smiled and waved at him and said, "Oh, honor, come on, please sit down."

Seeing Marven's calm face, Honor was even more puzzled, and wondered: "Marven has such a good relationship with Warnia, why did Warnia have been missing for so long? Marven came to Tokyo, but instead of looking for someone So calm, drinking tea in the Ito family mansion?"

Although Honor was puzzled in his heart, he bit his head and came to Marven's front and said respectfully: "Hello, Master!"

After speaking, he looked at Nanako and said politely: "Hello, Miss Ito. Please take care of me for the first time.

Nanako smiled slightly and said, "Mr. Song knows me?"

Honor nodded: "You are so well-known, how could I not know you."

Nanako smiled generously and stretched out her hand to signal: "Mr. Song, please sit down, just have a taste of the Japanese tea ceremony and see if it suits your appetite."

Honor hurriedly waved his hand and said, "Miss Ito is really too polite. This time, I came to listen to Master's instructions, so I just want to stand here."

Marven faintly waved his hand: "It's honor, I've known your grandfather, you don't need to be so cautious in front of me, since Miss Ito let you sit, then you sit."

The tone of Marven's words made Honor very disgusted.

He could hear the feeling of being elevated in Marven's mouth.

This made his heart very upset.

But at this moment, he didn't dare to disobey Marven halfway.

After all, Marven is a guest of the Ito family, and this amount of gold is too great.

So he hurriedly said respectfully: "Since Master said so, it's better to be respectful."

After all, he just sat down beside Marven.

After sitting cross-legged, Honor was in a state of anxiety, always wondering what kind of medicine Marven sold in the gourd.

At this moment, Marven asked, "Honor, what do you know about Warnia? Tell me."

Honor felt a little bit in his heart, but on the surface, he tried to control it as natural as possible, and said, "Master is like this. Some time ago Warnia wanted to cooperate with Nippon Steel in Japan, so she brought people to Japan to start a follow-up. Nippon Steel was negotiating, but something happened suddenly last night. The commercial vehicle she was riding in crashed into a cliff in the mountains of Nishitama County. The other three people in the car died on the spot. Warnia is currently missing.... .."

Marven nodded, looked at him and asked, "What did the Tokyo Metropolitan Police say?"

### **Chapter 2098**

Honor was a little guilty when Marven saw that, he hurriedly lowered his head and pretended to respectfully say: "Master, the TMPD has sent a lot of people to search in Nishitama County, but yet to find Warnia's whereabouts."

As he said, Honor hurriedly added: "However, they are increasing the police force to expand the search range, hoping they can find valuable clues as soon as possible. Of course, it is best to find Warnia's whereabouts as soon as possible.

Marven waved his hand and said faintly: "I am not asking this. I am asking the TMPD. Is there any definition of this matter? Is this fall from the cliff an accident or not? Or was someone deliberately murdered?"

Hearing the four words of deliberate murder, Honor immediately became nervous.

He felt that cold sweat had begun to ooze from his back, and he was wearing his jacket, so it was not easy to be seen.

In fact, the TMPD already has a clear definition. They think this incident is a deliberate murder, because the scene of the accident was obviously handled by humans.

However, they have not found any valuable clues.

Now that Marven asked so bluntly, Honor's heart became more and more panicked.

He originally thought that Marven was alone in Japan and couldn't get over the storm in Tokyo, but now it is different. The relationship between Marven and the Ito family is so good. As long as he has a word, the family will do everything they want in 1000 ways to help him investigate this matter.

The Ito family is very strong in Japan. Once they intervene, it is very likely that they will go slant and find out the truth faster than the police.

Honor was nervous and didn't know how to respond to Marven's question.

And Marven also asked at this time: "Honor, why don't you speak?"

Honor recovered and hurriedly said, "Oh, I'm really sorry Master, I just thought about Warnia, and also worried about her safety, so I was a little distracted..."

After speaking, he sat up straight and said truthfully: "Master, the TMPD defines this matter as the possibility of deliberate murder, but because no valuable clues have been found. So the specifics are to be determined based on further investigation, as for the murder, it is just a guess."

Marven nodded, and said coldly: "TMPD is a notorious waste. Some time ago, Tokyo's public security was so poor and there were so many major and important cases. The TMPD has not solved all those cases. So if Warnia counts on them, I don't know if I have to wait until the year of the monkey."

Afterwards, Marven pointed to Nanako and said to Honor: "Honor, Miss Nanako has a deep friendship with me, and I have some connections with the Ito family. I believe you have heard of their strength in Japan. With the help of Miss Nanako, I believe that our search for Warnia should be faster than the TMPD."

Nanako immediately said respectfully: "Master, please don't worry, as long as you say a word, the entire Ito family will be dispatched for you!"

Nanako's words made Honor panic.

He knew very well that judging by the strength of the entire Ito family, even if they could not find the living Warnia, they would definitely be able to find out the truth of the matter.

Moreover, just now the Ito family had so many helicopters to pick him up with great momentum, which is enough to show that the Ito family is very attentive to any instructions of Marven.

It can also be imagined that once Marven speaks, the Ito family will definitely go all out to find Warnia's whereabouts and the whole thing.

By then, everything will be over...

Honor's heart was desperate at this time.

A thin layer of sweat has even poured out of his forehead.

Marven saw all his reactions in his eyes and became more and more certain in his heart that Honor definitely had a big problem!

### **Chapter 2099**

At the moment Nanako expressed his attitude to Marven, Honor had already begun to plan to leave Japan as soon as possible.

He knew that as long as the Ito family intervened, he would be exposed soon.

If at the moment of exposure, if you are still in Japan, you basically don't have to want to go back alive.

Because he knew that Marven would definitely not let him go!

The only way at the moment is to leave Japan and get rid of the old man before he is exposed, and take over the entire Song family completely.

As long as he can take over all the assets of the Song family, he can break away from Marven.

After all, the Song family's assets of one or two hundred billion can not be resisted by Marven, a so-called Master!

Seeing Honor next to him, Marven looked a little restless, and deliberately asked: "Honor, how come you look absent? Is there any physical discomfort?"

Honor hurriedly waved his hand and said, "No, Master, I'm just a little worried about Warnia. She has been missing all night. I am afraid that the more delay, the less chance of her survival..."

Marven looked at him and said seriously: "Don't worry, as long as I am here, Warnia will never die."

Honor pretended to be pleased and said: "That's great! Master, it's all up to you if you can find Warnia!"

When he said this, Honor's heart was viciously cursed: "Even if Warnia is really alive, I will definitely kill her, even if you Marven stand in front of me, it's useless! As long as I Song The honor is, Warnia is not allowed to live, she must die!"

At this time, Marven said: "If you are honored, go back to the hotel first, and look for Warnia's affairs. You don't have to intervene. Stay in the hotel and wait for my good news."

Honor was a little surprised at once, and thought to himself: "What do you mean? He sent dozens of helicopters to pick me up, and just said a few words, let me go? A phone call or even a WeChat can solve it, so why bother?!"

However, although Honor was puzzled, he didn't dare to have any disobedience. He hurriedly stood up and said seriously: "Master, since this is the case, then I will leave first..."

Marven nodded and said, "Don't run around in Tokyo these days, just stay in the hotel and wait for my news."

Honor quickly said: "Okay Master, I will be waiting for your news at the hotel these few days!"

Nanako spoke at this time: "Since Mr. Song is going back to the hotel, I will let the helicopter take you back."

Honor said flatteredly: "Ms. Ito is really too polite. It's not far from the hotel. I can just go out and take a taxi. I won't bother you to arrange a helicopter."

Nanako said earnestly: "Mr. Song is Master's guest, and that is the distinguished guest of my Ito family. The Ito family has never allowed the distinguished guests to take a taxi and leave by themselves, so I should ask Mr. Song to return by helicopter."

Honor nodded, and said with a little embarrassment: "Miss Ito, it's okay to go back by helicopter, but you really don't need to send so many helicopters. It's too wasteful, one is enough... .."

Nanako smiled slightly: "Mr. Song doesn't have to be so polite. The reason why so many helicopters are sent to pick you up together is also because the Ito family attaches great importance to distinguished guests."

Honor had no choice but to say: "Then I will follow Miss Ito's arrangement."

Nanako nodded, looked at her assistant and asked her to send Honor.

## **Chapter 2100**

As soon as Honor left, Nanako hurriedly said to Marven: "Master, your intuition is really accurate. After meeting, I also think there is a problem with Honor!"

Marven said coldly: "As long as people with a guilty conscience, no matter how strong their psychological quality is, they will definitely expose some flaws. Honor will obviously become nervous after seeing you. This must be because he is afraid of the Ito family. Strength, knowing that once the Ito family intervenes, this matter will surely be revealed, so he must be frightened in his heart."

After speaking, Marven said again: "I think Honor will most likely run away soon after this incident. You must let your ninja watch him closely, and never let him run away!"

Nanako nodded and said, "Although Master can rest assured, I have already arranged everything. When Honor comes, my ninja has already rushed to the hotel, and they will monitor Honor in all aspects!"

Marven smiled with satisfaction and said, "If he has other accomplices, the first thing he does after he returns to the hotel must be to get in touch with his accomplices. Then you must eavesdrop on all his calls to find clues!"

.....

During the flight back to the hotel, Honor was always a little restless.

After such a major change, he himself has lost his backbone, and all hopes are pinned on his father Tianming.

He can't wait to contact Tianming and tell him what happened here.

However, since he was still sitting on the helicopter of the Ito family, he could only resist this impulse and wait until the hotel.

On the way back, dozens of helicopters were still roaring and escorting him.

Outsiders seem to be very aggressive, but they put a lot of pressure on Honor.

The strength of the Ito family was undoubtedly revealed in this short flight.

According to Nanako's assistant, the Ito General Aviation Company, owned by the Ito family, has taken over 80% of Tokyo's high-rise aprons.

Usually, their helicopters do not stop at the airport, but on the top aprons of Tokyo's high-rise buildings.

The advantage of this is that once there is any demand, the helicopter closest to the demand location can take off quickly.

That's why, when he came here, Ito family helicopters took off from the top of each building.

The more the Ito family showed their muscles in front of him like this, the more frightened Honor became.

Back at the Aman Hotel, the first thing he did when he entered the room was to immediately take out his mobile phone and call Tianming.

At this time, Tianming had just landed in Wroclaw after more than ten hours of flying.

After the call was connected, Honor's first sentence was: "Dad! I will soon be exposed. Neither in Tokyo nor in Japan can I stay for long. I plan to return home quietly tonight. You will also get rid of the old stuff as soon as possible!"

Tianming was shocked and blurted out and asked, "What's the matter?! What happened?!"

Honor said in a crying voice: "It's Marven! That guy is too D@mn strong! Dad, you can't imagine that Japan's largest Ito family completely treats him as their father! Marven said to look for Warnia. , The Ito family immediately stated that everyone in the family can be dispatched by him! I don't know what the hell does Marven has, do these people have brain problems or what, it's beyond my comprehension?!"
