

The Amazing Son In-Law Chapter 2211-2220

Chapter 2211

At the same time, Orgeyon Su's family.

Although Su Ruoli's disappearance made Su Chengfeng and Zynn Su and his son worried, it did not affect Su Zhiyu and Su Zhifei's mood at all.

The two of them didn't know Su Ruoli's true identity, but regarded her as a servant in the family. In addition, Su Ruoli had always been Zynn Su's bodyguard, and had little contact with their siblings, so the siblings Naturally, she didn't care much about her affairs.

Right now, the two brothers and sisters are in Su Zhiyu's study, each facing the computer, looking at the monitoring screenshots compiled by the person under his hand.

These screenshots are full of young male yellow faces.

They are all Su's staff, according to Su Zhiyu's request, taken from surveillance videos of major airports in Japan some time ago.

What the brothers and sisters have to do is to constantly look through these screenshots, trying to find Marven's figure.

It is a pity that there were too many surveillance videos at the time, and the number of passengers at several major airports in a few days exceeded several million.

It is indeed not an easy task to find Marven from these millions of people.

The two had been checking the screenshots of these surveillance videos for several days, but they still couldn't find Marven.

The glamorous Su Zhiyu stayed in front of the computer day and night for several days, his eyes were bloodshot, and his eyes were dry and unbearable, but he continued to fight while dripping eye drops.

Because Su Zhifei had promised her sister in advance that she would try her best to help her find her benefactor, so she didn't dare to slack off, and kept looking around day and night.

Seeing that the surveillance video screenshots of nearly a million people have been filtered, and Marven's figure is still not found, Su Zhifei more or less retreats, and said to Su Zhiyu with a tired face: "Zhiyu, it is really not easy to find this way. , I don't know when I am tall..."

Su Zhiyu looked through the screenshots, and said solemnly: "There are more than three million people who want to identify. It is almost one million now. It is a quarter completed. I believe that After reading all of them, you will be able to find clues to your benefactor!"

Su Zhifei sighed and said, "Zhiyu, don't try too hard. Look at your eyes, they are red like a rabbit. Take a rest and then look for it!"

Su Zhiyu said, "I'm not tired at all. If you are tired, you can rest for ten minutes."

"Ten minutes?!" Su Zhifei said embarrassedly, "Sister, don't call Su Zhiyu anymore, change your name to Su Papi! If you continue to look for it like this, I will be blind!"

Su Zhiyu said angrily in her voice, "Then you don't need to find it, I will find it myself!"

Su Zhifei hurriedly explained: "I didn't mean that, I just want to rest for a while..."

As he said, he hurriedly got up, poured two cups of tea, handed Su Zhiyu a cup, and smiled: "Come to Zhiyu, take a cup of tea and rest for a few minutes. There is also a break between classes. You can't work hard. is not it?"

Su Zhiyu took a sip from his teacup and said, "These videos are dead and people are alive. If we don't find clues to Benevolence as soon as possible, what if the trajectory of Benevolence changes again? What if we finally find a clue, and then follow the trail to find it, but the benefactor is no longer there?"

Chapter 2212

Speaking of this, Su Zhiyu continued with a bit of fatigue: "The point is, the only one who has really met the kindness is the two of us, so only the two of us can do this kind of identification work and want to find a helper. It's impossible..."

Su Zhifei nodded helplessly: "You're right, let's hurry up and try to find the clue of your benefactor as soon as possible!"

With that said, Su Zhifei remembered something, and said, "By the way, Zhiyu, I'm going to Wrestvel in two days. Do you want to be together?"

Su Zhiyu asked curiously: "What are you going to do in Wrestvel?"

Su Zhifei said embarrassedly: "I've already discussed naming cooperation with Gu Qiuyi's concert. Her first concert of the year will be held in Wrestvel on the second day of the lunar calendar. I didn't promise her before. Wrestvel Charity donated 10 million donations, so I also want to go there in advance. Not only will this 10 million be arranged in place, but also the major welfare homes, orphanages and other charities in Wrestvel City. According to the actual needs of these institutions, another 20 million donations will be given to them."

Having said this, Su Zhifei continued with a just and awe-inspiring look: "Since it is doing charity, of course we have to go deeper!"

Su Zhiyu smiled unkindly and said, "Ho ho, it turned out to be to pursue Gu Qiuyi! No wonder you are so active!"

Su Zhifei hurriedly denied: "Don't talk nonsense. I'm doing charity. Besides, Gu Qiuyi won't go there. I will go by myself. How can I say that I am pursuing Gu Qiuyi!"

Su Zhiyu curled his lips and said, "Oh, you're still being serious with me, I don't know you yet? You just want to make this thing more beautiful in advance, and then let Gu Qiuyi look at it with admiration? Promise to donate 10 million. As a result of donating 30 million, Gu Qiuyi will definitely think that you are a person with a strong sense of social responsibility, and then have a good impression of you, I guess right?"

Su Zhifei said embarrassingly: "You are the smartest, you can't hide anything from your insight, okay?"

Su Zhiyu nodded and smiled: "Just admit it."

Su Zhifei sighed, and said, "Zhiyu, the ancestors have something to say, have you heard of it?"

Su Zhiyu blurted out, "Sell less, speak straight!"

Su Zhifei said earnestly: "The ancestors said that if you see it through, you can't tell it. This is the highest state of a smart person."

Su Zhiyu said disdainfully: "You don't need to reach the highest state to talk to you, the general state is enough."

"You girl!" Su Zhifei sneered angrily, and immediately changed the subject and asked: "Hey, I'll ask you if you want to go? If you want to go, let's go together. It just happens that I am not born in Wrestrvel. Cooked."

Su Zhiyu shook his head: "No, I will not go anywhere until I find my benefactor!"

Su Zhifei hurriedly persuaded: "Oh, Zhiyu, you can go with me. The thing to find En Gong is just to identify one by one with the computer. Then we will bring the laptop on the road and the hotel. You can continue to look for your benefactor here, without delay!"

Su Zhiyu said uninterestedly: "Then I don't want to go either. You are going to lay the foundation for the pursuit of Gu Qiuyi. What am I going to do?"

Su Zhifei asked her back: "You don't want to go out to get some air? How dignified the atmosphere is at home these past two days. Dad and grandpa have been black all day long, and you still can't feel it? Take this opportunity to go out quietly for a few days. Is it okay?"

Su Zhiyu hesitated for a moment, and nodded gently: "That's what I said, then you can arrange it, just to go out and relax."

Chapter 2213

In fact, even if Su Zhifei didn't say anything, Su Zhiyu, who was extremely intelligent, had already discovered the recent abnormality in the family atmosphere.

In addition to the news from Japan, Su Zhiyu has been airing about Su Ruoli, and Su Zhiyu knew that the Su family had stabbed a big man in Japan for saving Su Ruoli.

However, what she didn't quite understand was why Dad had to put so much effort on Su Ruoli.

It stands to reason that Su Ruoli is nothing but a subordinate of the Su family.

If something goes wrong, the Su family only needs to give her family a generous pension according to the agreement, and then pay monthly settlement allowances.

There is no need at all. For the sake of a servant, she was taken out of the hands of the Japanese Metropolitan Police Department.

How high the cost behind this is, you can figure it out with a little brainstorming, at least hundreds of times more than the pension and settlement allowance, which is not worthwhile at all.

But Su Zhifei took the initiative to speak: "Zhiyu, Dad and Grandpa made such a big disturbance in order to save Su Ruoli, what do you think they are doing?"

Su Zhiyu shook his head: "I don't know this, but Dad and Grandpa must have their considerations."

Su Zhifei said: "But I think about it, I always feel that this matter is very cost-effective. Su Ruoli can't help the Su family make money. It is totally meaningless to invest such a large price to save her!"

Su Zhiyu shrugged and said with a smile: "I can't figure it out, so I just don't think about it anymore."

Su Zhifei thought for a while and said, "Do they want to use this to increase people's loyalty to the Su family?"

Su Zhiyu shook his head and said, "More than fifty people were arrested together. Only one Su Ruoli was saved. The people must feel unbalanced in their hearts, and they don't know what to think!"

"Yes." Su Zhifei sighed and said: "I can't figure it out, I can't figure it out..."

Su Zhiyu said: "Okay, this is not something we should worry about. Let's hurry up and find your benefactor! The family is now in short supply of top masters. If we can find the benefactor and let the benefactor help the Su family, it will certainly alleviate the family's immediate urgency to a great extent."

Su Zhifei nodded: "You are right! Benefactor's strength, I am afraid that ten or eight Su Ruoli will not be able to catch up. If he can stay in the Su family to work, it will definitely be a great achievement!"

.....

Tokyo, Japan.

Within one noon, the Metropolitan Police Department and the Homeland Security Department jointly captured all the Japanese Maritime Self-Defense members who were patrolling near Tokyo Bay on the night of Su Ruoli's disappearance, and separated them for separate surprise interrogations.

Within a country, the department with the highest authority and priority is the homeland security department.

Because for a country, nothing is more important than homeland security.

So when Homeland Security comes out to do something, everyone must stand aside.

Just like America.

The well-known functions of the United States are the FBI and SA.

The FBI is the Federal Bureau of Investigation, under the jurisdiction of the judiciary. Generally speaking, it is responsible for major domestic cases and cases that span multiple places, especially multiple states and counties;

CIA is the Central Intelligence Agency, which is responsible for collecting various intelligence on foreign governments, companies and terrorists;

FBI and CIA are very common in film and television dramas, so they can basically be familiar to the world, but not many people know about NSA.

NSA is the national security domain of the United States. It is the largest intelligence agency of the U.S. government. It is also the organization that employs the most computer doctors, mathematics doctors, and linguists in the world. Although they do not often appear in the public eye, their priority order of doing things, No one can match in the United States.

Chapter 2214

The same goes for the Japanese Homeland Security Department.

If the Homeland Security Department arrests members of the Self-Defense Force for interrogation on the grounds of threatening national security, even the top commander of the Self-Defense Force has no right to stop or interrogate.

And all the members of the Self-Defense Forces are also very clear that once they get involved with the Homeland Security Department, there is no good thing to do, and they will have to be skinned if they die.

Therefore, people in the Self-Defense Force have a natural fear of the Homeland Security Department.

It is precisely because of the reputation of the Department of Homeland Security that among these self-defense team members who were arrested for surprise trials, a few people with insufficient psychological quality soon began to show their feet.

Moreover, the people in the homeland security department are almost all the most elite people in a country.

This group of people is not only extremely capable, but also has been performing various secret tasks. Even in peaceful times, the people in the homeland security department are all battle-tested and battle-tested fighters.

These Self-Defense Force soldiers with little actual combat experience were as innocent and weak as elementary school students in front of them.

Therefore, the Homeland Security Department seized the few self-defense team members who were not good enough to make a fierce attack and quickly opened a breakthrough.

A few hours later, the context of the entire incident has been sorted out by the Department of Homeland Security.

What made Suzuki Tomohisa very excited was that Nanako Ito was right. The Self-Defense Forces did collude with the Su family from China. During the transfer of Su Ruoli, Su Ruoli was offended.

Not only that, their cheapest operation was to deliberately calculate the Tokyo Metropolitan Police Department. They dropped Su Ruoli on the way to the Tokyo Metropolitan Police Department to escort her. They dumped all the responsibilities to the Tokyo Metropolitan Police Department, and the Tokyo Metropolitan Police Department suffered. A huge grievance.

And their motives for uniting with foreign forces and substituting domestic key criminals turned out to be to arrest them again, to seek credit for themselves and social attention!

This irritated Suzuki Tomohisa!

In his opinion, this act of the Self-Defense Force is simply a joint thief who burned his house, and then put out the bear children who sought praise from their parents!

After clarifying this matter, the Department of Homeland Security immediately convened the cabinet and held an emergency meeting with the cabinet to discuss countermeasures.

The Cabinet was also shocked by this incident!

I never dreamed that there should be such a stupid high-level in the Self-Defense Force, who did nothing for a little merit and recklessness, causing great losses to the country!

Therefore, the Cabinet immediately worked with the Department of Homeland Security to formulate a set of solutions urgently.

First, secretly arrest all SDF executives involved in this matter, and immediately make the case public immediately after the arrest, expounding all the causes and consequences of the Su family's conspiracy with the SDF, and the fact that the Su family saved people is fake, and the act is a real show operation!

Second, the Su family must be required to deliver Su Ruoli to the Tokyo Metropolitan Police Department within 24 hours, otherwise, all businesses of the Su family in Japan will be permanently blocked, and the Su family's immediate family members will always be restricted from entering!

That night.

The three SDF executives involved in the case were arrested in their respective homes.

These three people were awarded by the Japanese Self-Defense Forces and the Japanese government for successfully arresting Su Ruoli and others at Osaka Airport.

But now, these three people have all been reduced to prisoners endangering homeland security.

At the same time, the Tokyo Metropolitan Police Department and the national security department officially issued an announcement to the world.

A tsunami directed at the Su family screamed at this moment!

Chapter 2215

late at night.

Yenching.

Zynn Su returned to his home unconcealedly.

At this moment, his mood is very complicated.

Just this evening, Su Ruoli's biological mother, He Yingxiu, came to the Su Group to meet him.

As soon as the two met, He Yingxiu anxiously asked him the whereabouts of Su Ruoli.

However, Zynn Su didn't know how to answer.

Because he didn't know where Su Ruoli went.

She was as if the world had evaporated, leaving no clues.

He Yingxiu, who was missing an arm, knelt down to Zynn Su crying, hoping that he could recite that Su Ruoli was his biological daughter, and did everything possible to find her whereabouts.

Zynn Su agreed.

Su Ruoli is his biological daughter. This is supported by the DNA results. Moreover, He Yingxiu had a life-saving grace for him back then. The reason why He Yingxiu lost an arm is entirely to save him.

Therefore, whether it is for the face of his own daughter or the face of the savior, Zynn Su cannot but agree.

However, his heart was blocked.

Because he encountered such a thing for the first time.

For the first time, there is no clue to a person's whereabouts.

After all, the Su Family's hands and eyes were open to the sky. In the past, as long as they wanted to check, there was no clue that they couldn't find.

But this time, the Su family couldn't find any clues.

Therefore, Zynn Su was also very worried about Su Ruoli's current situation.

What he was afraid of was not that he could not find Su Ruoli, he was afraid that Su Ruoli was probably no longer alive.

Therefore, when he returned home, he always felt very heavy.

Yes. The moment Zynn Su opened the bedroom door, a glamorous middle-aged woman walked out of the bathroom.

This woman had just removed her makeup and took a shower. Her long hair was wrapped in a hair-drying cap. Although she had removed her makeup, the panel was still very smooth and clean. At first glance, she was a lady who was naturally beautiful and well-maintained.

This woman is Zynn Su's lifelong love, his wife, Du Haiqing.

The Du family is very strong in Yenching. Although it may be a bit worse than the Su family in terms of assets, it is actually not much worse than the Su family in terms of background, status, contacts and overall strength.

On a special level, it was even stronger than the Su Family.

After all, money is not the only measure of strength in any place in the world.

Du Haiqing was one of the most respected celebrities in Orgeyon.

Her family background made her almost the dream lover of all the rich second generations of Orgeyon.

Zynn Su is one of them.

Although Du Haiqing is over half a hundred years old and has had two more children, she still maintains the same charm as a young woman in her thirties.

Seeing Zynn Su coming back, Du Haiqing said distressedly: "Why come back so late today? Are you tired?"

Zynn Su grinned reluctantly and said, "It's okay, I'm not tired. There have been a lot of things in the past two days."

Chapter 2216

Du Hai counted and nodded. Since she married Zynn Su, she has not cared about Zynn Su's work.

Because she felt that she didn't need to interfere with men's affairs.

Therefore, she never asked Zynn Su about the details of her work.

Seeing that Zynn Su looked very tired, she said, "You go change your clothes first, I'll put some water for you, take a good bath, turn your hands off when you sleep at night, and you won't be allowed to wake up naturally if you don't sleep tomorrow. get up."

Zynn Su was moved in his heart and hurriedly said, "My wife, you don't have to worry about me, I can just let the water out by myself."

Du Haiqing said, "The water in the bathtub is what I just used. It will take a long time to change the water. You should change your clothes and rest for a while."

Zynn Su smiled and said, "It's okay, I'll just use your washed water to soak for a while."

Du Haiqing said with some embarrassment: "How can it be done! The soaked water is not clean, you wait, I will refill a jar of water."

"No need." Zynn Su smiled, and went into the bathroom as he was busy. While undressing, he said, "How come my wife's bath water is not clean! Leave it alone, I will go in for a while! "

Seeing that he took off his clothes, Du Haiqing shook his head helplessly, and said, "That's fine, soak for a while. If the water gets cold, let it warm up. I'll go to bed and read a book."

Zynn Su hurriedly smiled and said, "Okay! Go ahead!"

Du Haiqing left the bathroom, closed the door easily, and then lay on the comfortable and luxurious bed. Then she took a book called Anna Karenina from the bedside.

This is a great literary work by the Russian writer Leo Tolstoy, which is about a tragedy of Anna Karenina's pursuit of love.

Du Haiqing has read this book countless times, and she can memorize many passages verbatim, but she still picks it up and reads it every few times.

Sometimes, she felt that she was a bit like the heroine of this book to some extent. Although she was born a noble, although she was an elegant and charming eldest lady in the eyes of others, she never got the love she really wanted.

Her husband, like Anna's husband, is fascinated by his career. Although he loves himself deeply, he feels a kind of boring frustration because of his excessive rigidity.

I can only find comfort in life from my children.

The subtle thing is that Anna met her true love in a lifeless married life.

But he is quite the opposite.

It was after encountering true love, but unable to get true love, that I joined Zynn Su and entered into the married life.

Anna finally died by suicide. Although Du Haiqing did not have any thoughts of suicide, since the day she married Zynn Su, she knew that the love in her life was dead.

After flipping a few pages casually, Du Haiqing couldn't help but the figure of the man appeared in his mind.

For more than twenty years, the figure of that man has never left her thoughts.

Almost every night, she fell asleep thinking of the man's figure.

And that man is the love of her life, Ye Changying.

Thinking of Ye Changying, she involuntarily reached out and picked up her mobile phone.

After the phone was unlocked, she opened the browser on the phone and entered a very complicated web address in the address field.

This URL is actually a web album.

After logging in to the account and password, she clicked Confirm and entered her private photo album.

This private album was registered by Du Haiqing herself more than ten years ago. She converted all the photos of herself and Ye Changying, as well as all the photos of Ye Changying that she could find, into an electronic version and transferred them to this album.

Only she knows the account number and password. As long as she has the opportunity, she will open this photo album every day for a while, and then silently exit and delete all access records.

At this moment, she opened the album, and when the handsome face of Ye Changying appeared on the screen of the phone, tears of Du Haiqing's two lines burst into his eyes.

She looked at the photo of Ye Changying, rubbed his face with her fingertips, and whispered:
"Changying, you have been away for so many years, why can't I forget you..."

Chapter 2217

Du Haiqing really loves Ye Changying.

Unlike Marven's mother, Ye Changying and Marven's mother met when they were studying abroad, and Du Haiqing really grew up with Ye Changying's childhood sweethearts.

Both are children of a large family in Orgeyon Sijiucheng, and have been studying in the same school since childhood.

They all go to the best kindergarten, the best elementary school, the best junior high school and the best high school in Orgeyon.

Therefore, the faces of Du Haiqing and Ye Changying from different periods can be found in several graduation photos.

Ye Changying has excelled since he was a child, and Du Haiqing felt that he especially liked playing with him when he was in elementary school.

When he arrived in junior high school, Du Haiqing realized that he fell in love with Ye Changying.

Since then, her thoughts on Ye Changying have not changed, and she has never concealed her love for Ye Changying.

When Ye Changying runs on the court, she will definitely cheer beside her;

When Ye Changying played the guitar and sang on the stage, she would definitely applaud from below;

So, soon, the children of the big family in Sijiucheng, everyone knew that Du Haiqing liked Ye Changying.

Coincidentally, the Du family and the Ye family have been very close.

The old man of the Du family and the old man of the Ye family are friends of eight worshippers!

Back then, the two elderly people discovered that Du Haiqing liked Ye Changying, almost overjoyed!

The parents of the two families are all trying their best to bring the two together.

Du Haiqing couldn't wait to marry Ye Changying and become his wife.

But Ye Changying alone did not agree.

He said that he has always regarded Du Haiqing as his own sister, so how can he have children with her.

Elder Ye couldn't persuade him life and death, and slapped him on the face, calling him a bastard, which delayed Du Haiqing for so many years.

Ye Changying's face hadn't been swollen before he had gone abroad.

Du Haiqing did not say a word, packed up his bags and ran after the United States.

Unexpectedly, Ye Changying met Marven's mother in the United States and gained his true love.

However, Du Haiqing still did not give up.

She persisted until the night before Ye Changying's wedding.

That night, she was still expecting a miracle to happen.

Looking forward to Ye Changying being able to bring his good brothers to his home early the next morning.

However, Ye Changying did not appear in the end.

Later, Ye Changying got married.

He and his wife led the Ye family to sing a song, and Quan Orgeyon praised them for being a couple of gods and immortals, but Du Haiqing washed away with tears every night.

She always felt that she was the woman who loved Ye Changying the most in this world.

Unfortunately, Ye Changying didn't choose to be with her in the end.

Back then, Ye Changying chose his later wife without hesitation, Du Haiqing almost cried out all the tears.

However, she wiped away her tears and continued to love Ye Changying deeply, like Wang Fu Shi, looking through the autumn water, waiting for him to change his mind.

Unfortunately, Ye Changying did not look back in the end.

When Ye Changying got married, she calmly accepted all this, and then equally calmly accepted Zynn Su's crazy pursuit for several years.

When Ye Changying passed away, she cried again. That time, she was sent to the hospital overnight because of excessive sadness.

It's just that the Su family didn't tell anyone about it, not even Du Haiqing's family.

Zynn Su didn't say it because he was afraid of shame.

He couldn't let people know that his wife, the wife he loved so much, was crying so badly that he almost went with him because of the death of another man.

For a long time after that, Zynn Su had been taking care of him with all his heart. He didn't complain about Du Haiqing, because he knew it was unnecessary.

Since Ye Changying was dead, Ye Changying would no longer threaten the relationship between the two after his wife cried, so why bother to blame Du Haiqing for this?

However, what Ye Changying did not expect was that a few years ago, a satellite TV station in a southern province put up a program called "I Am a Singer". Du Haiqing, who has always liked music, kept in front of the TV every week, so he watched several issues with Du Haiqing.

Chapter 2218

In each episode, he will discuss with Du Haiqing who sings better and who adapts it well. The two watched them with gusto and enjoyed it well.

Until one day, a female singer named Huang Qishan sang a cover of "I Can't Do Without You".

When Du Haiqing heard the song, her emotions collapsed again, and she covered her face alone, crying to death in front of the TV.

The lyrics of that song are still fresh in Zynn Su's memory.

The lyrics are sung like this:

"You melted me by opening your arms,

You rubbed me with your fingertips,

You instigated the situation to take me away,

You made waves and abandoned me...

We are too unfair,

Love and hate are all controlled by you.

But today, I cannot do without you.

Whether you love me or not..."

Huang Qishan's voice is in excellent condition, and when the song reaches the most emotional part, it is simply heartbreaking.

At that time, Zynn Su saw Du Haiqing cry out of control and stretched out his hand to embrace her, but he never dreamed that Du Haiqing would not let him hold him. He cried and listened to the entire song by himself, and then locked himself in the bedroom to cry. For more than an hour.

Zynn Su was in an extremely bad mood at the time.

Because he knew very well that the reason why Du Haiqing cried like that because of this song was entirely because of Ye Changying who had been dead for more than ten years!

The lyrics of this song fit Du Haiqing's feelings for Ye Changying too much.

Du Haiqing's heart was melted by Ye Changying, crushed by Ye Changying, swept away by Ye Changying, and abandoned by Ye Changying!

Du Haiqing's love is completely controlled by Ye Changying alone!

Whether Ye Changying loves her or not, Du Haiqing can't do without him, even if he physically or spatially leaves him? He, but he never left him in his heart!

At that moment, Zynn Su couldn't help but burst into tears.

He didn't understand, what magic power does Ye Changying have? When he is alive, he will let his wife die with love. After more than ten years of death, he can still let his wife die with love? !

It was also at that moment that Zynn Su hated Ye Changying more, hated him even more than when Ye Changying was alive!

He even wanted to scrape Ye Changying's tomb and thwart him!

For Du Haiqing, she had only loved one person in her life, and that person was Ye Changying.

As for Zynn Su, it was just a step she found for herself after Ye Changying got married.

At that time, Quan Yan Jingjing was amazed by Ye Changying's wedding of the century, and at the same time expressed pity for Du Haiqing.

The strong Du Haiqing did not want to be looked down upon, so he agreed to Zynn Su's pursuit.

However, she didn't love Zynn Su from beginning to end.

Although after she got married, she has always been a husband and a son, abiding by women's morals, and has never done anything to go beyond the thunder pond with any man.

But she still doesn't love Zynn Su.

She didn't love it on the wedding day.

Today, more than 20 years have been married, and she still doesn't love.

It's not that Du Haiqing is cold and ruthless, but that if you don't love, you don't love.

At this time, looking at Ye Changying's photos and thinking about that year, Du Haiqing unconsciously shed two more tears.

She put on the Bluetooth headset and played the song "Can't Leave You" again.

Thinking of the song, she murmured in her heart: "Changying, the two of us are really unfair. I have loved you for nearly forty years. Why are you reluctant to give me a chance from beginning to end? "

"Back then, if you gave me a chance, I wouldn't be worse than anyone else..."

"Back then, if you gave me a chance, you wouldn't have died so young..."

The song just sang to the point of emotion at this time, Du Haiqing thought of this, tears have already burst...

And at this moment, her mobile phone suddenly received multiple notifications in succession. The most striking one was: "Japan's National Security Regional Announcement, which broke the Su family's shocking scandal!"

Chapter 2219

As the eldest daughter-in-law of the Su family, Du Haiqing's first reaction after seeing this post was to quickly click to see what happened.

Although she rarely talks about her husband and the Su family, she is also a member of the Su family after all, and has heard many things about the Su family.

Her son and daughter were kidnapped and almost killed in Japan. This incident left her with lingering fears, but also made her a little more concerned about the situation in Japan.

She also knew about Su Ruoli's extermination of the Matsumoto family. Although she also felt that this matter was a bit too much, Zynn Su was very angry at the time. When giving this order, she was extremely determined and there was no room for negotiation.

Afterwards, Su Ruoli and a large group of Su family masters were all captured by the Japanese Self-Defense Forces. Du Haiqing also knew that this incident had a great impact on the Su family, and even greatly weakened the overall strength of the Su family. Shou Dao is unable to do anything every day, these Du Haiqing are in sight.

However, she did not know Zynn Su's plan to rescue Su Ruoli.

So, when she saw this post, she was also very curious.

After clicking on it, she discovered that the announcement issued by Japan's national security area stated that after the Su family instructed and murdered dozens of the Matsumoto family's family, all of the Su family's men were captured by the Japanese Self-Defense Forces in Osaka. The first offender, Su Ruoli, also fell into the French Open, but what he did not expect was that the Su family unexpectedly united with the high level of the Self-Defense Forces and dropped Su Ruoli from the Metropolitan Police Department, which eventually made Su Ruoli's whereabouts unknown.

In this regard, Japan's homeland security has made a solemn protest against the Su family, demanding that the Su family must return Su Ruoli to the Tokyo Metropolitan Police Department as soon as possible, otherwise the Su family will be blocked throughout Japan and will never be unblocked, leaving it to the Su family. The time at home is only a short 24 hours.

Seeing this, Du Haiqing was shocked, but she couldn't help being surprised. She said to herself: "Why do you invest so much cost and energy for Su Ruoli? And at the risk of offending the entire Japanese government and all Japanese citizens? This is not in line with her husband's style of doing things. Not only her husband, but father-in-law Su Chengfeng is not the one who can make such a decision!"

After being surprised, she continued to look down.

The announcement also stated: "Actually, the Su family didn't really want to rescue Su Ruoli. They just regarded Su Ruoli as a bargaining chip for acting and the exchange of rights.
