

## The Amazing Son In-Law Chapter 2221-2230

### Chapter 2221

Seeing Zynn Su kneeling on the ground and crying, Du Haiqing immediately stepped back subconsciously, freed his hands, and said seriously: “Zynn Su, you understand my character. When I promised to marry you, I will make a decision with you. Three gentlemen’s covenants, do you remember?”

Zynn Su red eyes and nodded gently: “Remember...I remember it all! I remember every word! Wife, I was really confused for a while, please, forgive me this time, just this time. ?”

Du Haiqing said with a serious expression, “Zynn Su, I hope you first talk about what the three gentlemen’s covenants are.”

Zynn Su’s heart suddenly hurt, and he trembled: “The first clause of the gentleman’s covenant, no matter what time or situation, as long as...as long as...”

Du Haiqing asked, “Just what?”

Zynn Su sighed, “Hey! As long as... as long as Ye Changying is willing to come back and accept you, I must divorce you unconditionally and never entangle you!”

Du Haiqing nodded and asked him, “What about the second one?”

Zynn Su said: “The second thing is that you must not prevent you from meeting Ye Changying as a normal friend after marriage.”

Du Haiqing asked again: “What about the third one?”

“The third...” Zynn Su murmured: “The third is that you marry me not for love, but to have a stable family, so either of us needs to abide by morals. The bottom line is that you should not be ambiguous with other people of the opposite sex during the marriage relationship, or even have actual relationships. If you change your mind, you must inform the other party in advance and break up peacefully...”

Du Haiqing gave a hum, and said calmly, “Since you remember it, I don’t need to repeat it. I will go back to my parents’ house today. Tomorrow morning, we will go through the divorce procedures. You will print a copy at night. The divorce agreement, both of our children have grown up, and there will be no custody issues involved. As for the family’s property, I don’t want a penny, so be it.”

After that, Du Haiqing turned and left.

Zynn Su hurriedly knelt in front of her, grabbed her suitcase, cried and said, “My wife, you don’t know the details of what happened back then...”

“He Yingxiu...He Yingxiu, she almost lost her arm back then in order to save me. I want to make up for her, but she...but she said she had a crush on me for many years and just wanted to leave without regret.....”

“At that time...I was also moved and impulsive at the time, so...so it happened with her once...”

“I swear to heaven, I, Zynn Su, only betrayed you once, the only time...”

“Please look at the face of our husband and wife for more than 20 years, please look at the face of our sons and daughters, forgive me this time! I beg you...”

Du Haiqing said seriously: “Zynn Su, there are many ways to repay a person with gratitude. Why do you have to choose the one that betrays your marriage?”

Zynn Su cried and said, “Wife...I...I’m confused for a while...”

Du Haiqing waved his hand: “It doesn’t matter whether you are confused or not, the important thing is that you have made your own choice. Now that you have made a choice, then dare to act!”

After all, Du Haiqing said very solemnly: “If the two of us can simply divorce tomorrow, even if we can’t be married, we can still be friends; but if you don’t want to break up peacefully, then I can only I filed a lawsuit for divorce in the court. You know that the lawsuit for divorce is going to be heard in court. You are also a man of good standing. There is no need to make things so ugly, right?”

Zynn Su looked at Du Haiqing, crying, and choked up and asked, “My wife, what do you want me to do so that you can forgive me? As long as you tell me, I Zynn Su will do my best! !”

Du Haiqing smiled slightly: “Zynn Su, I’m sorry, I really can’t forgive you.”

Zynn Su was trembling, and he asked her: “My wife, you and I have been married for more than 20 years, do you really want to be so unfeeling?”

## **Chapter 2222**

Du Haiqing asked him, “Zynn Su, do you know why I loved Ye Changying so much?”

Zynn Su’s whole person was suddenly startled.

He looked at Du Haiqing and asked in a hoarse voice, “Why?”

Du Haiqing laughed bitterly, and said in a painful voice, “When Chang Ying was about to get married, I also ran to confess to him like He Yingxiu confessed to you...”

“I even thought about giving my body to him, even, I even had the same reason as He Yingxiu...”

“I said to him at the time: Chang Ying, I have loved you for so many years without any results. If you really don’t love me and don’t want to give me a result, then don’t let me leave the last regret... ..”

"I also said: Chang Ying, a woman, the most precious thing is her own chastity. The reason why this chastity is precious is because every woman wants to leave it to the man she loves the most, and I hope to I leave my chastity to you..."

At this point, Du Haiqing's voice also choked up. She looked at Zynn Su and said in a crying voice: "However, the biggest difference between Changying and you is that Changying did not hesitate to reject me at the time! Because he said he absolutely can't It ruined my future!!! For this alone, you will never compare to him!!!"

Zynn Su heard this and said nothing.

He felt his face hot for a while, so hot that he couldn't even open his eyes.

Du Haiqing sighed when he saw that he was not talking, and said, "Zynn Su, a couple, so get together and get together, okay?"

Zynn Su couldn't help crying.

He wanted to say a few more words of admitting his mistake and begging for forgiveness, and then think of a way to beg and retain Du Haiqing.

However, when Du Haiqing said just now that she had begged Ye Changying just like He Yingxiu begged to herself, but Ye Changying refused her, he really had no face to excuse himself.

And he also knows very well that it is useless to excuse. Since Du Haiqing has decided, he will definitely not look back...

When he didn't know what to do, there was a rush of knocking on the door. The butler said angrily outside the door: "Master, the master asked me to ask you to go right away, saying that there are a hundred thousand urgent and important events. !"

Zynn Su was a little horrified. He had been taking a shower, and his wife was about to divorce him after the shower. So he didn't know that the Su family had been pushed to the forefront because of the announcement of Japan's national security zone.

He actually doesn't want to go anywhere now. He just wants to do his best to keep his wife behind. However, his father's majesty is not something he can disobey, and his father has asked the housekeeper to tell him that there are a hundred thousand urgent and important events. It's the father who will definitely be angry.

Thinking of this, he could only shout to the butler through the door: "Okay, you go first, I'll get dressed and go over!"

"Ok!"

After the housekeeper left, Zynn Su looked at Du Haiqing and pleaded, "Wife, when I come back, can we have a good chat?"

Du Haiqing shook his head and said: "There is no need to talk between us anymore, you should go to the old man's place quickly!"

After all, she took advantage of Zynn Su's carelessness, pulled up the suitcase and pushed the door and walked out...

### **Chapter 2223**

Seeing Du Haiqing's resolutely and without looking back, Zynn Su was so painful that he almost suffocated.

He had known for a long time that Du Haiqing did not actually love him.

He had already known that the person Du Haiqing had always loved in his heart was actually Ye Changying.

Moreover, Du Haiqing sometimes underestimated Zynn Su's skill.

Although on the surface he never interfered with Du Haiqing's sex, but secretly, he had already grasped all Du Haiqing's behavior clearly.

Many years ago, after the mobile phone started to have WiFi networking function, Zynn Su allowed top Internet hackers to closely monitor his own WiFi network.

Du Haiqing's mobile phone, when connected to WiFi, which software and which websites he visited after connecting to WiFi, he can use the tools provided by hackers to conduct comprehensive monitoring.

Therefore, he also knew that Du Haiqing had quietly visited the website of that Internet photo album almost every day when he was not around for so many years.

In order to know what secrets she was hiding in the Internet album, he even asked his subordinates to use an external company shell to directly acquire the operating company of the Internet album.

After acquiring this company, you naturally have all the user data of this company.

Including what the user uploaded and browsed here, he can see clearly in the database.

Therefore, he had already known that Du Haiqing went to that Internet photo album every day to see some photos of her with Ye Changying, or Ye Changying's own photos.

This has always been a huge torture for Zynn Su.

He couldn't accept the beloved wife around him, he was always thinking about other men.

Even if that man is already dead!

Could it be that if I worked so hard and worked so hard, it was not as important to her as a dead person?

Because of this, he has always hated Ye Changying.

Even if Ye Changying had passed away for many years, he still hated him to the extreme, and he hasn't weakened in the slightest for so many years.

However, Zynn Su has always used the five words "Vested Interests" to hypnotize me.

He thought, what if Du Haiqing loves Ye Changying deeply? Isn't she married to herself? Didn't you give birth to two children?

So, in the final analysis, he is Du Haiqing's man and her only man, which is already an absolute victory.

However, now Du Haiqing resolutely left him, and instantly destroyed his "vested interests" mentality, and there is no scum left.

Although the hatred in his heart was overwhelming at this time, but when he thought that the old man still had important things waiting for him to pass, he could only temporarily calm his mind, wiped his tears, pounced his face with cold water, and wrapped his pajamas. Hurry to the old man's study.

Su Chengfeng's study room is larger than the living room of an ordinary villa.

To put it bluntly, this is Su Chengfeng's chamber.

Just like the imperial library of the ancient emperor, Su Chengfeng not only reads books here, cultivates his body, but also regards it as the core brain of the entire Su family.

He often discusses important matters of the Su family with his sons and core members in the study. Many decisions that affect the Su family and even the business community all over the country originate from this.

Right now, Grandpa Su had summoned all the second-generation descendants of the entire Su family.

In addition to Zynn Su, there are Su Shoude, Su Shouren, Su Shouyi, Su Shouli, Su Shouzhi and Su Shouxin.

Su Chengfeng has five sons and two daughters, which are the seven people of Taoism, Virtue, Ren, Righteousness, Courtesy, Wisdom, and Belief.

Because of entanglement with Du Haiqing, Zynn Su came last.

#### **Chapter 2224**

As soon as he came in, he found that in the entire study, his father and six younger siblings were all flustered.

This made him feel a little bit in his heart.

In his impression, his father has been calm and composed for many years, and it has always been the case that Taishan collapsed before him. How can he panic like this today?

Moreover, he also found that the eyes of the younger brothers and sisters around him looked very strange at this time.

Their eyes are nervous, fearful, sympathetic, and even compassionate.

So he asked nervously, "Dad, what happened?"

Su Chengfeng raised his head to look at him, and asked with some guilty conscience: "Did you see the news feed?"

Zynn Su looked down at his pajamas, and said embarrassingly, "What push? I was taking a bath just now. After washing, the butler said that you were looking for me, so I hurried over and didn't even get my phone... "

Su Chengfeng sighed with a complicated expression, and said, "Shou Dao, there are some things, you have to understand me more. I sit in this position and I really want to take the overall situation into consideration, and I can't care too much about the love of my children!"

Zynn Su was a little surprised.

He didn't quite understand why the old man suddenly said such a thing.

Moreover, the old man's tone seemed a bit like admitting his mistake and begging for forgiveness.

You know, the old man has always treated his children and grandchildren extremely harshly!

At the family meeting, Su Zhiyuan, Su Shouxin's son, was satisfied with dozens of slaps and almost fainted by his father because he talked nonsense in front of the old man and made him unhappy.

This shows that it is impossible for the old man to admit his mistakes to his children and grandchildren.

But today, why did he say this? !

Su Chengfeng, the elder of the Su family, did not admit his mistakes to his children and grandchildren in his life.

He has always been extremely strong and has the style of an ancient emperor.

In the eyes of ancient emperors, Jiangshan Sheji and his own power were the most important, and his children would never be the first.

It was the same in his eyes.

The foundation of the Su family, and his unshakable position as the head of the Patriarch, are the most important things in his eyes.

In front of these, what do children and grandchildren count?

However, this time, he never dreamed that Japan's national security zone had discovered his activities with the top Japanese Self-Defense Forces!

They even found out the true identity of Su Ruoli, who was Zynn Su's illegitimate daughter and his own granddaughter!

Now, people all over the country know that Su Chengfeng is a tortoise bastard who can sacrifice the lives of his grandchildren at any time for his own benefit!

These children in front of me don't know how to think of themselves.

After all, if any father or grandfather does such a thing, his children and grandchildren will be very disappointed, and even stay away from him.

Therefore, Father Su is very clear in his heart: "This incident must have caused me to be cast aside by the world, and the Su family has suffered heavy losses in all aspects. If I don't deal with the internal influence of the family properly, my Patriarch will probably be immediately lose all prestige! Even the Su family may be overwhelmed!"

"Now, it is the most critical moment for the Su family! Therefore, I must try my best to calm Zynn Su's mentality first, otherwise in case he knows that I betrayed his biological daughter, and he can't be on any level. If he understands and tolerates me a little bit more, then he is likely to take the lead against me in anger. In that case, the family trouble will be too great!"

"As long as I can stabilize him, everyone else will be able to stabilize it!"

### **Chapter 2225**

At this time, Zynn Su hadn't figured out what major incident had happened.

So he looked at Old Man Su and asked, "Dad, what's the matter?"

Elder Su sighed softly and said grimly: "Hey...It's Ruoli..."

Zynn Su hurriedly asked, "I found Ruoli's whereabouts?!"

Elder Su shook his head: "Not yet... keep your way, Dad has to apologize to you about Ruoli...I hope you can forgive Dad..."

Zynn Su didn't expect the old man to apologize to himself, and hurriedly said, "Dad, what are you doing... Just tell me if you leave this thing, even if it fails in the end, I won't blame it. you....."

Zynn Su also felt that the old man did not spare any effort to save Su Ruoli.

However, this matter itself is indeed very difficult, and the incident occurred in Japan, and the Su family is beyond reach. If there is an accident in the rescue process that causes the rescue to fail, or even Su Ruoli's unfortunate death, it is indeed possible. Understandable.

At this time, Old Man Su sighed: “Hey...I am always confused about this matter! If Li has committed a felony in Japan, this is not the case at all. The problem that money can solve...”

As he said, his eyes were a little red, and he choked with shame: “Shou Dao, I know it is difficult to save Ruoli, so he reached a secret agreement with the top of the Japanese Self-Defense Force...”

Zynn Su was startled, and blurted out, “Agreement?! What agreement?! How did you reach an agreement with the Self-Defense Forces? Ruoli and the other fifty-plus masters were all caught by the Japanese Self-Defense Force!”

Mr. Su lamented, “Hey, I am also based on the principle of maximizing profits, so I want to play a play with the Self-Defense Force. Well, on the other hand, it can also stabilize the He family. After all, everything is for the benefit of the Su family...”

Zynn Su was stunned and stunned: “Dad, what do you mean by this? Did you say you wanted to save Ruoli and just did a scene?!”

Elder Su said with great pain, “I also have difficulties!”

Zynn Su tried his best to control his emotions and said, “You have been talking about news feeds before, what kind of news feeds are they?!”

Elder Su gave his second child Su Shoude a wink. Su Shoude immediately handed the phone to Zynn Su and said, “Brother, you read this article first.”

Zynn Su took the phone and read carefully every word.

After he finished reading this article, Zynn Su almost went away!

“This old guy used my biological daughter as a bargaining chip to please the Japanese Self-Defense Forces! Is this man still half-human?”

“No wonder, Du Haiqing knew about Su Ruoli! No wonder she suddenly wanted to divorce me! It turns out that all this was dug out by the Japanese national security zone!”

Thinking of the fact that his wife Du Haiqing resolutely ran away from home and divorced herself because of Su Ruoli’s matter, combined with this thunderbolt message, Zynn Su’s whole person was a little untenable.

He glared at Old Man Su and angrily rebuked: “If Li is your granddaughter! How can you do this?! Do you know it, because of what you did, if life and death are unknown before now, Haiqing will also follow me Divorced! Why are you doing this? Why?”

Elder Su said seriously: “Shou Dao! Even if I don’t do this, we can’t save Ruoli!”

Zynn Su gritted his teeth and asked, “It is impossible to save Ruoli, so must I use Ruoli to act? Do I have to use Ruoli to please the Japanese Self-Defense Forces?!”

Seeing that Zynn Su's attitude was very bad, Old Man Su couldn't help but frowned slightly, and said in a cold tone, "I said, I do this for the benefit of the Su family!"

Zynn Su couldn't control his anger, and sternly shouted: "The interests of the Su family?! Is it possible to sacrifice my daughter's life for the interests of the Su family?!"

#### **Chapter 2226**

Elder Su said coldly, "Don't forget, she's just an illegitimate daughter with a shameless identity!"

Zynn Su angrily said, "What about the illegitimate daughter? The illegitimate daughter is also my daughter, Zynn Su!"

Father Su was equally angry and asked him, "What? Are you questioning my decision?! Are you going to settle accounts with me?!"

Zynn Su gritted his teeth and said, "Because of what you did, my biological daughter is missing, and my wife is going to divorce me too!"

Elder Su said coldly: "Don't think it was me who harmed Ruoli, you are the one who really harmed her!"

"If you didn't let her destroy the Matsumoto family, how could the Japanese government hate her to the bone?"

"Your biological daughter has become the number one felon in Japan because of your orders!"

"With all the crimes you made her commit, according to Japanese law, she must not escape her death!"

"So you have to remember, you are the cause! You are the cause! Not me!"

Zynn Su heard this, his whole expression was like lightning strikes, and in an instant, he became extremely ashamed.

Mr. Su was right.

If he hadn't had to destroy the Matsumoto family at that time, Su Ruoli would never end up like that!

Therefore, when he heard this, the anger in his heart instantly faded away because of shame and self-blame.

Seeing the prospect of a comeback, Mr. Su immediately pursued the victory and said sharply, "So, even if I don't do this, Su Ruoli will never survive! How can you say that I killed her? Even if she didn't survive in the end, mainly The person responsible is also you, not me!"

"On the contrary, it is precisely because I made such a show that Su Ruoli has a chance to survive!"

"You know, her whereabouts are unknown now! This proves that she is neither in the hands of the Japanese Metropolitan Police Department, nor the Japanese Self-Defense Forces. Maybe she can really find a chance to survive!"

Zynn Su's whole person was extremely depressed.

He also knew that for Su Ruoli's crimes, in the Japanese judicial system, there is bound to be the only possibility of death penalty. The father is right. If Su Ruoli really died, most of the responsibility lies with him.

At this time, Mr. Su continued coldly: "As for Du Haiqing, if she wants to divorce you, let's get a divorce!"

"Unlike us, the Du family is in a high position and pays great attention to face. The fact that you have an illegitimate daughter is exposed. Even if Du Haiqing does not divorce you, the Du family will definitely force her to save face. I left with you."

"Anyway, the Du family's historical mission to the Su family has been completed, and we will not have any needs for them in the future, and divorce is not a bad thing."

Zynn Su said dejectedly, "But my feelings for Haiqing come from the bottom of my heart..."

"I know." Elder Su snorted coldly, and said, "Do you know, where is my most dissatisfied with you?"

Zynn Su shook his head blankly.

Old Su sternly scolded: "The thing I am most dissatisfied with is that you are so humble when you face Du Haiqing! How can you be so humble to a woman from the dignified Su family!"

### **Chapter 2227**

Faced with his father's reprimand, Zynn Su said with an expression of pain, "Dad, isn't that the way things are like feelings? One party is always more engaged than the other. Moreover, Haiqing has been steadfast in the years he has been with me. In comparison, I have let her down..."

Su Chengfeng waved his hand with a somewhat impatient expression, and said, "The Haiqing thing, don't talk about it anymore. Now is not the time to discuss the love of your children. The most important thing now is how to deal with our future. trouble!"

"Yes, big brother!" The second child Su Shoude said with a sad face: "We are really stabbing the hornet's nest now. The whole Japan is now excited about the Su family, and the domestic people also think that we are ruthless and unjust, and the Internet is all against us. Say, as soon as the stock market opens tomorrow, the stock prices of our listed companies will definitely plummet, and then our losses will be incalculable!"

The third child Su Shouren blurted out: "Also, now even our own people will be chilled by Su Ruoli's affairs. The children don't know if they have heard of this. If they do, I'm afraid I will think more in my heart..."

Su Chengfeng said with a black face: "Go back and make it clear with your children! The reason why I want to use Su Ruoli to cooperate with the Japanese Self-Defense Forces is that, on the one hand, Su Ruoli is not a dignified married girl, but a shameless private. Giving birth to a daughter, on the other hand, is also because Su Ruoli himself is bound to die, so let your children not think about it too much!"

Don't discuss this matter within the family. Offenders will be sent directly to South America for three years!"

When everyone heard this, their expressions were stunned.

The old man must feel that this incident is very embarrassing. As the trader behind him, once the incident is exposed, he must feel unable to look up.

As a result, everyone tacitly remained silent, no one spoke or even nodded.

This is where the Su family's sons are smart.

They all know that the old man pays great attention to his own face and majesty, so once he feels that this incident is a scandal and does not want others to mention it again, then they simply don't even answer the right answer and treat it as nothing.

Seeing that everyone was silent, Mr. Su's face eased a little, and he said, "I'm planning a few things now, you guys will listen to me!"

Everyone stepped forward and respectfully said, "Dad, say it!"

Elder Su said coldly, "First, from now on, contact all the media that we can contact and pay a big price for them to delete the report!"

"Secondly, contact all social media, platforms, and apps, and ask them to delete the Su's incident from all the hot search lists and delete negative content!"

"Thirdly, let the navy dispatch to refute the rumors, claiming that this incident was all a competitor's fiction, and Su Ruoli is not a descendant of the Su family at all! Anyone who dares to spread rumors on the Internet or other media platforms must bear the corresponding legal responsibility. !"

Everyone nodded.

Elder Su sighed: "With the current situation, our Su family can only conduct crisis public relations."

"As long as crisis public relations are done well, it is not impossible to turn back against the wind."

"Of course, the headwind can only come back from the domestic public opinion. The Japanese people and the government hate the Su family now. No matter how the Su family is washed, it is impossible to wash it in Japan. You will definitely not want to make Japanese money in the future. And in the future, Japan will definitely report to the revivalists in all aspects..."

## **Chapter 2228**

Zynn Su forced himself to temporarily put Du Haiqing and Su Ruoli's affairs behind him, and asked, "Dad, do you have an estimate of how much loss this incident will bring us?"

Su Chengfeng sighed: "It's not good to say for the time being. Japan is the largest market in all of Asia besides our China mainland. This alone will cause incalculable losses to our Su family now and in the future!"

"Furthermore, Japanese companies have been overseas for many years, and they have had a great influence. Whether it is the US or European markets, they are deeply involved. If they really want to attack Su's home overseas, all our future overseas expansion will be greatly affected!"

The second child, Su Shoude, asked: "Dad, can't we remedy the relationship with the Japanese government?"

"Remedy?" Su Chengfeng smiled bitterly, "How to remedy it? If we can find Su Ruoli and return it to the Japanese judicial department, we can more or less recover, but now Su Ruoli's whereabouts are unknown, what do we have? Method?"

Su Shoude hurriedly said, "Then find a way to find Su Ruoli! At that time, hand Su Ruoli to the Japanese judicial department, and attach a sincere and open letter of apology, and if possible, pay a sum of money. This should be done. It can be alleviated!"

Su Chengfeng waved his hand: "Even if we lose money, we have no choice but to pay. The Matsumoto family has been wiped out. Even if we want to compensate their relatives a sum of money, we must be able to find relatives! Then it will be even more touching. It hurts the nerves of the Japanese people!"

When everyone heard this, they all agreed.

This matter is indeed different from ordinary criminal cases.

In ordinary criminal cases, as long as the family of the deceased is actively compensated and the family of the deceased is allowed to voluntarily issue a letter of understanding, a certain degree of lenient treatment can be obtained from the law and public opinion.

However, Su Ruo left the entire family of the Matsumoto family, and even the son of Matsumoto Ryoto who had changed his surname with his ex-wife did not let him go. The Matsumoto family was dead, so how could any relatives come?

Therefore, even if the Su family wanted compensation, no one could compensate.

Su Shoude said with a grimace: "In this case, let's prepare with both hands. On the one hand, we should quickly do crisis public relations, on the other hand, we should quickly find Su Ruoli's whereabouts!"

After all, he looked at Zynn Su with regret and said seriously: "Big brother! Don't blame the younger brother for calling you. You said this whole thing was done by you. If you didn't mess with He Xiuying, there will be no such a tricky illegitimate girl like Su Ruoli..."

Zynn Su saw that his second child suddenly attacked himself, frowned and said coldly: "Shoude, it happened 20 years ago. You still take it out and do it in front of your father and other younger siblings. The article, what is it?"

Su Shoude didn't expect that his eldest brother was so sharp, he could see his thoughts all at once, and in the presence of his father and younger siblings, he first gave himself a moral kidnapping.

He himself wanted to make use of the topic in front of the old man, and transfer the responsibility for this matter to Zynn Su. In this way, it is equivalent to helping Dad transfer the responsibility, and he also splashed the eldest brother in front of Dad. A pot of dirty water.

However, Zynn Su's mind was really fast, and he poured the dirty water back all at once.

So he immediately said again: "Big brother is right. Su Ruoli is in his early twenties. It doesn't make much sense to talk about it, but let's just talk about the present! Just a few days ago, Zhifei and Zhiyu were kidnapped. As long as you calm down a little bit at that time, don't get angry and let Su Ruo leave the Matsumoto family full of people, this matter will not be where it is today! In the final analysis, it is still your trouble!"

### **Chapter 2229**

Su Shoude had prepared a set of combo punches.

His plan was to first attack Zynn Su with the first punch, unable to control his lower body, mess around, and cause subsequent troubles;

Following the second punch, he attacked Zynn Su for being too cruel. He had to destroy the crowd, and it led to such a disaster.

This first punch hit the air, but this second punch hit Zynn Su's face firmly.

Several other children of the Su family, upon hearing this, immediately showed their approval.

After all, these things in Japan have nothing to do with them, and now they are also implicated, and they are all caused by Zynn Su alone.

Zynn Su's expression suddenly became very ugly.

The order to destroy the Matsumoto family was indeed given to Ruoli.

However, there is one thing he dare not say.

At that time, the old man had instructed himself, and his intention at the time was to punish the murderer severely.

Had it not been for the old man to set the tone, he might not have dared to give Su Ruoli the order to kill the door.

But Zynn Su couldn't say this, nor did he dare to say it.

He also knew that as far as the matter of destroying the Matsumoto family was concerned, on the one hand it was indeed an order from him, on the other hand, he was indeed a little impulsive at the time.

At the time of the incident, Zynn Su learned that the kidnapping of his children turned out to be Mrs. Matsumoto, and Mrs. Matsumoto almost killed Su Zhiyu and Su Zhifei. Zynn Su felt angry and unbearable.

Matsumoto wanted to kill his sons and daughters, which in his opinion was an act of rebellion.

If you just killed Mr. Matsumoto, you wouldn't be able to express the bad breath in your heart!

Moreover, Matsumoto's methods at the time were indeed very sinister and vicious!

If he only killed him, the other members of the Matsumoto clan would definitely avenge him, and would definitely use more sinister tricks against him.

Therefore, he decided to let Su Ruoli lead the Su family master to destroy the Matsumoto family!

However, who knew that after Su Ruoli killed the Matsumoto family, he could not escape!

If she had escaped, there would be no evidence for this matter. Even if the whole Japan thinks that the Matsumoto family is the one who killed the family, it doesn't matter. There is no evidence. What the hell are they talking about?

However, the bad dishes are there. Su Ruoli and other Su family masters were directly made dumplings by the Japanese Self-Defense Force when they fled from Japan...

This immediately pushed the whole thing into an abyss that Zynn Su could not control.

Now, Su Shoude attacked him with this incident, and he didn't know how to respond.

Seeing that his elder brother Li lost no more words, Su Shoude immediately realized that he had hit the seven inches of his eldest brother, so he hurriedly pursued the victory and said:

"Brother! We also expect you to lead us and lead the entire Su family to create new brilliance in the future, but if you can't control your own temperament and character, the Su family is afraid that you will suffer a big loss in your hands in the future!"

"Don't blame me as a brother for speaking straight, I also want our Su family to be better in the future! As the future leader of the Su family, you must be able to hear different voices, so that our younger brothers and sisters, also Can better assist you, right?"

When Su Shoude's words came out, Zynn Su's face turned green!

### **Chapter 2230**

He is a wise man, so he knows exactly how much murderous intent is contained in these seemingly heart-warming remarks.

He gritted his teeth in his heart and said, "Su Shoude, Su Shoude! You fucking find the right opportunity to fall into trouble!"

“The whole thing, although I am also responsible, but it is not me who has brought the Su family to this passive situation now, it is the old man! But, Su Shoude, this bastard, in front of everyone, throws all the pots to me, this It forced me to carry this pot!”

“If I recite, then I will become the sinner of all this;”

“But if I don’t want to recite, the old man still doesn’t know what to think, he will definitely hate me very much!”

“Furthermore, the bastard Su Shoude, in front of the old man, repeatedly mentioned that I was the future helm of the Su family, and said that he could better assist me. Isn’t this damn murder?!”

“The old man is still alive! And the old man is still firmly in control of the entire Su family! Su Shoude repeatedly said in front of him that I am the future helm. He wants the old man to hate me!”

“Since ancient times, the emperor with longevity has been the prince the most wary of! Because in his opinion, the prince is always coveting his throne and his power, so the prince must always be looking forward to his death!”

“Deep down in my old man’s heart, he must have the same precaution for me!”

“Now being mentioned by Su Shoude, the old man’s guard against me will definitely become stronger!”

“Not only that! Su Shoude’s doing this is tantamount to helping the old man in secret!

“Originally, the old man was the bastard who used his granddaughter’s life in exchange for benefits regardless of blood relationship!”

“But, being bitten by Su Shoude so violently, the responsibility came to me! The old man must be very satisfied with Su Shoude’s operation! This is damned!”

Sure enough, as Zynn Su expected.

After Su Shoude said this, Old Su’s face immediately looked much better.

He thought to himself: “Such a big pot always has to be carried by someone. As the saying goes, a dead fellow is not dead. Since Shoude has simply thrown the pot to Shoudao, I am happy too!”

So he said coldly, “Shou Dao! What do you think of what Shou De said?”

Zynn Su’s desire to die is gone.

“What do I think? What the fuck can I say? My actual opinion is that Su Shoude is totally bullshit! But can I say that? Can I fucking say it?”

“If I fucking say that Su Shoude is farting, doesn’t it mean that I still want to throw the pot on your old man again? With your old man’s temperament, can I have a good life in the future?”

Thinking of this, Zynn Su sighed in his heart: "Hey! Say a thousand things and ten thousand, and in the end I have to smash my teeth and swallow in my stomach!"

So he said with a look of ashamedness: "Dad, I accept what Shoude said. This is indeed my fault. I did not do it right. Don't worry, I will take warning and actively correct it in the future. !"

Su Chengfeng suddenly felt that the breath blocked in his chest disappeared in an instant.

Sure enough, people don't want to go back to their backs. People who are close to each other will shake the pot. It's like a child is sick. The husband complains that his wife didn't take good care of him. The wife complained about the time wasted by putting on make-up and changing clothes, and the wife complained that the old public car was too slow to grind.

Anyway, as long as you can give it to others, even if it is to your son, it is a great thing to celebrate.

So, he nodded lightly, and said in a serious tone: "As the son of Su's family, you are too impulsive to do things. You should really polish the edges and corners of your body."

As he said, he cleared his throat and continued: "Ahem, let's go! From now on, until this matter is completely resolved, you should stop appearing in front of the public and go quietly to Australia for a while. , Wait until the limelight has passed!"
